80 Soldiers Join In Search For Missing Alberta Plane

Corner Brook Has Million Dollar Fire In Business Area

CORNER BROOK, Nfld. (CP)—A large part of West Corner Brook's business section lay in ruins today, swept by fire which struck while work on the town's water system left firemen without sufficient pressure to control the flames. Apparently starting from a furnace in the basement of a radio and electrical store in this west-coast paper-making town of 20,000, the flames Sunday destroyed at least 15 shops. Store owners said they cannot estimate damage until they make a complete survey. Thousands of dollars worth of stock, much of it just arriving for the Christmas rush, was lost.

Some unofficial estimates said the loss would be about $1,000,000.

It was the worst day of the year for fire to strike. Normally when fire strikes, the huge Bowater Pulp and Paper Mills here applies its pumps to the town's water mains to boost the pressure.

CONVERSION JOB

But the company was carrying out a conversion job Sunday and its pumps could not be put into immediate action.

The normal domestic pressure was not sufficient for fire fighting purposes. Company workers rushed through the job and four mains were supplying water to the fire scene when it was brought under control shortly after 8 p.m. NST (6:30 p.m. EST).

Besides the businesses, ranging from a hardware store to a candy shop, several small homes to the rear of the narrow street and apartments above the stores were lost.

All electrical service and many telephones in West Corner Brook and Curling were cut off by the fire.

Eight Convicts Halt Guards, Make Escape

PITTSBURGH (AP)—Eight convicts, described as "armed and dangerous," used razor-sharp knives to overpower four guards and a deputy warden at Western State penitentiary and escaped by sliding down a 70-foot wall on a long rope made of sheets and towels.

A ninth convict also got "outside" in Sunday's break but his freedom was only 30 minutes long. He surrendered meekly in front of the prison gates. A 10th was caught on the roof before he could flee.

Police of all nearby states were put on the alert in the manhunt for the eight convicts who apparently executed a carefully-planned escape.

2 GUARDS WOUNDED

In the brief fracas before they went over the wall two prison guards were wounded slightly.

It was the second major jailbreak from a Pennsylvania prison in two months involving men described as "dangerous."

Three young bankrobbers broke out of the federal penitentiary at Lewisburg Sept. 10. They left a trail of car thefts, bank robberies, kidnapping and store holdups before police trapped them nearly two weeks later in New York City. Two of the convicts were killed in a gun battle. A detective also died.

Six of the Western State penitentiary prisoners made their getaway in an automobile they stole from a steel company employee standing guard near a coal pile.

The other two just ran away.

As the men marched back to a cellblock after breakfast, they seized the four guards and the deputy warden, locking them in the cells.

Piling boxes on a table, the convicts cut a hole through a corrugated iron ceiling, using an electric cutter from the prison machine shop.

Tobin Urges Quick Merger

ATLANTIC CITY, N. J. (AP) — Labor Secretary Maurice Tobin today urged the CIO to negotiate a quick merger with the AFL to present the incoming Republican national administration with a solid union front.

Tobin sounded the call in a speech prepared for opening sessions of the CIO convention as the 700 delegates remained badly split over selecting a successor to the late CIO president, Philip Murray.

Walter P. Reuther, 45-year-old president of the 1,000,000-member Auto Workers Union (CIO), was regarded as having the inside track for the CIO presidency but forces backing the CIO executive vice-president, Allan S. Haywood, 64, were not conceding defeat.

Tobin said organized labor is in danger of its gains under the 20-year Democratic regime being undermined by the new Republican administration.

Churchill Has 78th Birthday

LONDON (AP)—Winston Churchill was 78 years old Sunday and he celebrated at a quiet family party with cakes and ale.

The prime minister spent most of the day in his slippers and lounging robe at 10 Downing Street.

For the old man—as he's affectionately called—it was a day of complete relaxation and a far cry from some other birthdays in his turbulent career.

But he must fleetingly have reminisced to himself of some of those other birthdays—his 21st in Cuba watching a rebellion, his 25th as a war prisoner of the Boers, his 41st in the trenches in France, his 65th at an Admiralty desk directing the sea war against the Germans in the Second World War, his 69th at Tehran being toasted by Marshal Stalin as "my fighting friend."

A crowd that grew to more than 100 waited for hours in bitter cold outside 10 Downing Street. They got a chance to serenade Churchill when he left with his wife for a private luncheon with friends. He acknowledged the cheers with his V-for-victory symbol.

The Churchills returned to Downing Street for tea and a dinner party and traditional surprise cake. This year the cake was shaped like the prime minister's well-known square black hat. It was plain fruit cake with cherries.

BULLETIN

ROME (Reuters) — Vittorio Emanuele Orlando, 92, Italian premier in the First World War and last surviving negotiator of the Versailles peace treaty, died today.

Wind Like Atomic Blast

21 Killed, 318 Injured As Tornado Strikes City

ALBERTYNESVILLE, South Africa (CP) — A tornado that flattened a flimsy mud and brick squatters' settlement at the edge of Johannesburg killed 21 Negroes and injured 318 others, officials said today.

Witnesses said the howling wind hit the mile-square suburb of 5,000 persons like an atomic blast. Houses collapsed and buried people before they could escape. Residents in the streets were bowled over and struck by flying debris.

Mayor Hymie Miller of Johannesburg, one of the first at the scene, dispatched half the city's buses to carry refugees to police barracks and started arranging accommodations for nearly 4,000 homeless. Private cars were used as ambulances.

TRAFFIC JAM

A radio appeal brought 100 doctors and some 200 volunteer nurses to the suburb. Trucks of blankets and food sped from downtown. A radio appeal for blood donations resulted in a mile-long traffic jam at the donation centre.

Doctors toiled through the night at nearby Baragwanath hospital, where scores of victims were carried. Officials at the big non-white hospital said the injured included 210 women and children.

The tornado, approaching with a great roar, could be heard 15 miles away. When it struck Albertynesville, the squatter shacks were levelled in a matter of minutes. The storm skimmed directly over the heart of Johannesburg but caused damage to no other section.

One rescue worker said last night: "We're not worrying about the dead; we are trying to save the injured."

The tornado flattened two square miles of the town, about 20 miles from Johannesburg, shortly before dark. Rescue workers, nurses and doctors worked all night with the help of car headlights and searchlights.

TOTAL WRECK

The native quarter, once a crowded jumble of flimsy shanties, lay in total wreckage today as the rescue crews moved in. Debris was heaped high. Scarcely a wall remained upright in the wake of the sudden gale.

Hospitals here and in Johannesburg were packed with injured Africans, mostly women and children. Frantic relatives crowded hospital corridors, seeking loved ones.

White South Africans lined up to donate blood for the injured.

A relief fund was opened, with the first donation being made by the city of Johannesburg.

The tornado, accompanied by sharp electric storms and high winds, hit several small towns west of Johannesburg, but did little damage except at Albertynesville.

Rail Unions In Accord With Minority

Will Be Available For Further Meetings Gregg Told

OTTAWA —(CP)—Railway unions which rejected the majority report of a federal conciliation board have advised Labor Minister Gregg they are "substantially in accord" with minority recommendations, the minister announced today.

Chief recommendation of the majority report was for an average wage increase of 16 cents an hour. The minority proposal of David Lewis, union nominee on the board was for an average 26 cents.

The minister said the unions, in a letter received Saturday, expressed dissatisfaction with the majority proposal to apply the majority proposal to apply recommended wage increase partly on a percentage basis. Mr. Lewis' recommendation on wages also used the percentage principle in part.

The majority findings have been accepted by the railways, which filed an application Friday with the board of transport commissioners for a nine-per-cent freight rate increase to meet the cost.

WILL BE AVAILABLE

Mr. Gregg's letter from Frank H. Hall of Montreal, chairman of the general conference committee of the 17 unions, said the unions would hold themselves available for further negotiations if the minister could arrange them.

Mr. Gregg said in his statement that the disputants are being advised that his department's conciliation services are available "if and when required."

The minister did not make public the text of Mr. Hall's letter but summarized the unions' objections to the report as follows:

1. The recommended wage increase of seven per cent plus seven cents an hour (averaging 16 cents an hour) was totally inadequate in view of the steady deterioration in the economic position of the employees.

RAIL UNIONS (Continued on Page 2)

Sues Officials After Amputation

CHICAGO (AP) — A 65-year-old janitor charged that when he went to a hospital to have a gangrenous leg amputated doctors cut off the wrong leg.

Gust Tews filed two suits Saturday seeking a total of $1,150,000. Tews charges the Evangelical Hospital Association and 67 of its officials and employees with malpractice in one suit which asks for $500,000. The second suit asks another $500,000 damages; alleging the hospital imprisoned him while an ambulance waited to remove him to another hospital. His wife, Olga, 58, also seeks $150,000 damages in this suit.

Tews' complaint stated that his left foot was crushed by a furnace grate Dec. 23, 1951. On June 19, his left great toe was amputated. The infection in his left leg spread. He returned to the hospital, where, he alleged, his good right leg was amputated at mid-thigh July 15.

Later, Tews' left leg was amputated at Mt. Sinai hospital.

U.S. Jets Outscore MiG's 23-24 In Nov.

SEOUL (AP) — U.S. Sabre jets ran up a score of at least 23-4 over Russian-type MiG-15s in November air battles, the Fifth Air Force announced today.

During the same period, other Allied planes roamed over North Korean roads and knocked out 3,035 Communist trucks laden with supplies for the front, the air force said.

Clouds and rain over most of North Korea sharply curtailed Allied air blows today.

Chinese Reds stabbed at UN lines on rainswept Sniper Ridge. Determined South Korean infantry hurled them back in brief but savage close-quarter battles. Elsewhere along the 155-mile battle front only sporadic patrol clashes were reported.

The air force said the sleek Sabre jets destroyed 23 MiGs in November, probably destroyed four and damaged 15. Three American airmen shot down their fifth MiG and brought the number of U.S. aces in the Korean war to 23.

NO RINK'S TOO SMALL now that winter is here and today is Election Day school holiday. The above photo was taken during a thrilling period between the "Taggers" and "Panthers" on a small brook between Rogers St. and Armour Rd. A couple of inches of cat ice had two inches of water running under it. There were no children attempting to skate on the canal. It will take many nights colder than last before it is safe.—(Examiner Staff Photo)

U.S. Air Patrols Operating In Ontario

TORONTO (CP) — A Toronto newspaper say today that operators of private aircraft in Canada are learning that the United States airforce is maintaining a tight border patrol.

The newspaper says in a dispatch from North Bay that in at least two cases American jet fighters have crossed into Canada to investigate planes.

The story says lands and forest officials report that when Eddie Thomas, pilot of a department photographic plane was photographing Manitoulin Island recently, two U.S. jets swept in from Lake Huron.

"Apparently the forestry craft had registered on a US radar screen. The American planes came down on two sides of Thomas' plane. . . After taking a look at the department plane they flew back across the lake."

The newspaper said that recently a Leavens Brothers aircraft, chartered for photographic work over Niagara peninsula by the forestry department, was ordered into Buffalo by two U.S. jet fighters.

"The Canadian pilot refused to obey and landed at St. Catharines. From there he phoned U.S authorities at Buffalo to state he was doing legitimate work inside Canada."

Arrest Football Star For Ticket Scalping

TORONTO (CP)—Police arrested a Michigan University football and basketball star Saturday for ticket scalping.

Orlando Mazza, 26, of Niagara Falls, N. Y., was arrested by morality officers who said they found 15 Grey cup tickets in his possession. They said he was selling a The seats went empty for the $4.50 ticket for $10.

game.

Cheaper Insurance Given Safe Drivers

MONTREAL (CP)—The dominion board of insurance underwriters annnounces a plan to offer a 20-per-cent "no accident discount" on 1953 rates on public liability and property damage insurance to pleasure drivers accident-free for the last three years. Drivers must be in the "A-1" insurance classification which covers pleasure automobiles driven by persons over 25 years of age. The board, made up of more than 100 companies writing automobile insurance in Canada, said Sunday its members had agreed in principle to the plan.

The board estimated that 60 per cent of all Canadian motorists—more than 700,000 drivers—are in the classification and would be eligible for the discount if their driving record was accident-free. To qualify, such drivers would have to declare they had not been involved in an accident for three years.

EFFECTIVE IN 1953

The plan would become effective when 1953 automobile rates are announced and would be based on those rates. The announcement said the plan is being introduced "as a means of promoting safer driving and in an attempt to keep insurance costs down for careful drivers in the face of sharp increases in the accident record and in the average costs of accidents."

For the present, the plan was confined to public liability and property damage coverage and did not extend to other coverage such as collision, fire and theft.

"The fact that automobile insurance companies lost more than $6,000,000 last year is an indication that the present rate structure is inadequate to meet the sharp increase in claims cost now facing companies," the announcement said.

The DBIU said that in view of the new plan and the great amount of statistical work involved before the new rates could be established, member companies of the board would not be ready to announce their new rates at the usual time in mid-December. The rate will probably be announced April 1, 1953, so the discount plan and new rates could become effective simultaneously. Drivers renewing their insurance before that date will pay the 1952 rates.

Examiner's Election Night Service: Radio, Telephone And Window Bulletins

A radio, telephone and window bulletin service will be used by the Examiner this evening to give out election results. Bulletins will be broadcast over CHEX between 8.30 to 9.00 and 9.30 to 10.30 and should the final results be known prior to 10.30, it is hoped to be able to have the candidates speak.

If not, they are being invited to speak over CHEX at 11.15.

The Examiner will have an experienced staff of tabulators at work at the City Hall where the results are received. In the Examiner office will be a staff of girls answering the various 4641 lines which come in through the Examiner's switchboard. As the polls do not close until 7.00 o'clock, it is expected that no results will be available much before eight o'clock as there is a much larger ballot to count this year.

An added feature will be the window bulletin service. Oscar Schlinger, noted artist and art teacher, has been engaged to do a series of drawings to be used along with the bulletins.

2 RCAF Pilots Found Uninjured

BAGOTVILLE, QUE. (CP)—Two RCAF pilots who parachuted from their planes while on exercise in this rugged northeastern Quebec area have been found uninjured, the RCAF announced.

The pilot of one of the planes was identified as Wing Cmdr. Hull of Ottawa who has been brought back to the RCAF station here.

The other pilot, FO. R. J. Barnett of Sault Ste. Marie, Ont., was located 10 miles north of St. Fulgence, about 25 miles north of Chicoutimi.

They parachuted Friday

FO. Marion MacDonald, a para-rescue nurse, and two para-rescue corporals were parachuted to the scene where FO. Barnett landed.

A ground rescue party also has reached the scene and made camp for the night.

The RCAF announcement Sunday night said "the nature of the terrain is so rugged that the party will not attempt to come out in darkness but will wait until tomorrow."

30-Foot Drifts Maroon Passengers

MERTHYR TYDFIL, Wales (AP) —Worker dug through snowdrifts and rescued 24 passengers marooned for nearly a full day in a train in the desolate South Wales mountains.

Men with shovels and snowplow operators reached the train Sunday after four rescue trains failed to get through the 30-foot-high drifts.

Snowdrifts also covered many other parts of Britain which had its stormiest November week-end in 27 years.

Georgian Bay Area Being Scoured For Sign Of Clue

WASAGA BEACH (CP)—Eighty soldiers with walkie-talkie radio sets today joined police and district residents searching for a single-engined Alberta plane which disappeared Friday on a flight to Toronto for the Grey Cup football game. Four Alberta men were aboard the plane when it took off from Houghton in northern Michigan shortly after noon Friday on the last lap of its flight.

The search is being pressed in Ontario's Georgian Bay area and in Michigan.

The Ontario searchers spread out in this bush area 80 miles north of Toronto in a hunt for Garth K. Edgar, 35, Edmonton lawyer; Don Eggenberger, 23, of Rainer; Don Sutherland, about 28, of Calgary, and pilot Frank Jake, 30, of Edmonton.

The search yesterday concented in the bog and bushland around Jack's Lake southwest of here, after a farmer reported seeing a "ball of fire" dropping to earth, and hearing a loud explosion.

Other reports from citizens of this area told of hearing the sound of a sputtering airplane engine to the sound of a swath being cut through trees. A number of the reports said an explosion had been heard several miles out in Georgian Bay.

Meanwhile police were investigating reports of planes in trouble from other sections of the province. At Gros Cap, 20 miles north of Sault Ste. Marie, a lighthouse keeper reported seeing black smoke about 3 p.m. Friday. The United States Coast Guard began a search of the area yesterday.

Still another search was being conducted in bush country near Caledon, 35 miles northwest of Toronto. There two farm workers reported hearing a single-engine plane flying low over farm land about five p.m. Friday, at the height of a snowstorm.

A brother of two of the missing men, RCAF Warrant Officer E. R. Buck Eggenberger of Trenton, resumed searching today after a day-long hunt by aircraft in the Wasaga Beach area yesterday. Garth Edgar, Edmonton lawyer who is one of the four missing, is a brother, as is Don Eggenberger.

Woman Recaptured

PHOENIX, Ariz. (CP)—Winnie Ruth Judd, red-headed killer who broke out of Arizona State Hospital last Thursday night, was captured here after 46 hours of freedom.

Police picked her up Saturday after receiving a tip that she might be at the home of her prison guardian, Mrs. Fay Harvey.

It was the sixth break for freedom by Winnie, 49, who was committed to the hospital in 1933 after killing two girl friends and dismembering their bodies.

Prime Ministers Divided On Two Issues

LONDON (AP) — Commonwealth statesmen today entered a vital week of negotiation divided on two basic issues of their program to give the pound more punch.

The first issue in the current prime ministers' conference concerns conflicting priority claims on the group's strained resources of money for machines wanted for development projects. Such undeveloped countries as India, Pakistan and Ceylon are insisting that they must go on building up their industries as fast as possible.

Others, including Britain and Canada, which are highly industrialized, think the group as a whole will be better off if more attention is paid to food production and less to industrial output.

The second issue concerns how

PRIME MINISTERS (Continued on Page 2)

Say Climbers On Way Home

KATMANDU, Nepal (AP)—A message from Bhojpur, the radio station nearest to Mt. Everest said Swiss climbers who set out nearly two months ago to scale the world's highest peak have reached Namche Bazaar "on the way home." The message gave no hint whether the expedition had succeeded or failed.

Namche Bazaar is six days' march from Bhojpur, a military station 110 miles southeast of here. Swiss sources here were unable to confirm the Sunday night radio report, saying they have been without word for 22 days and are growing increasingly concerned.

The Bhojpur message was the first purporting to give the whereabouts of the Swiss climbers since Nov. 17, when sources in contact with them said the final assault team had reached a point 50 yards from the summit, which is more than 29,000 feet high.

Sees Higher Incomes

Predict 1953 Will Be Prosperous Year For Canada

OTTAWA (CP) — Canada will likely have another prosperous year in 1953, C. V. Parker said today in an economic forecast at the annual Federal-Provincial Agricultural Conference.

The Bureau of Statistics agriculture director forecast more jobs, slightly higher incomes and strong world demand for most of Canada's exports.

Defence production next year will continue to stimulate the economy, he said, but more spectacular will be a heavier concentration on development of Canada's strategic natural resources.

Though prices generally have slipped a little from last year's high levels, total capital investment in Canada's economy next year is expected at least to reach the 1952 peak of $5,200,000,000.

And the value of Canada's total national production in 1953 may match the 1952 peak of $22,500,000,000.

STRONG MARKET

While all this indicated a strong market for Canada's foodstuffs, farm incomes next year may not reach the high levels of 1952. There may be difficulty duplicating this year's record wheat crop. Lower farm production is expected to offset a moderate climb in non-agricultural output.

Mr. Parker's forecast was among a number delivered at the two-day conference which opened today. Agriculture ministers, or their deputies, are attending from all provinces.

Turning to the world front, Mr. Parker forecast strong demand for Canadian wheat, newsprint, base metals and other raw and processed materials.

This high demand would be sustained mainly by a strong market in the United States. But some overseas customers might cut purchases because of exchange difficulties.

Market prospects for lumber are less certain and a "sizable" reduction in logging operations is expected for the coming season, Mr. Parker said.

Dr. J. F. Booth, the Agriculture Department's chief economist, said one of the buoyant factors in the Western world's economy is the "stretch-out" delay in western rearmament.

IMPORTANT INFLUENCE

"There can be little doubt," he said, "that rearmament production will continue to have an important influence on economic conditions and that world income and employment will remain buoyant for some time to come."

Dr. Booth noted some "heartening" changes on the international scene. One was the recovery from the "slump" in civilian production that developed among Western countries in 1952.

Another was the improvement in Britain's dollar reserves. A third was the dismissal by the U. S. Tariff Commission of a number of applications by special groups for higher tariff protection and President Truman's decision to dismiss all but unanimous recommendations of the Commission for Higher Tariffs.

American farm prices, he noted, are down about three per cent this year and may fall still farther with high farm production and a slackening in foreign demand expected in 1953.

This may have some impact on Canadian farm prices.

Whitby Youth, 16 Killed On Way To Party

WHITBY. — Roderick Ormond Williams, 16, was instantly killed Saturday in a level crossing accident here a few hours before he was to play his guitar at a wedding party in Oshawa. The guitar was found in the wreckage of the car. The party was cancelled.

Police said the driver of the car was Walter Hatton, 22, also of Whitby. He was seriously injured and admitted to the Oshawa General Hospital with severe head and internal injuries.

Mrs. Olive Williams was informed by police of her son's death while attending a wedding reception in an Oshawa church.

She had planned to play her violin at the wedding party later in the evening. Her son was to accompany her on his guitar.

STRUCK BY TRAIN

Whitby Police Chief Charles Fletcher said the two men were riding north on gravel-covered Garden St. in an old model car when it collided with a westbound CPR freight train. He said the car was nearly across the rails when the train hit the rear of it and hurled it about 75 feet down the tracks and into a fence.

The railway sign at the crossing was snapped in two by the car. There is no wigwag at the crossing.

Friends of Williams said he and Hatton were riding around killing time, Williams had picked up his guitar earlier in the afternoon. Both were thrown from the wreckage.

The train crew consisted of conductor Stanley Garbutt, engineer Thomas Gallagher and fireman Herb Simms.

Chief Fletcher said an inquest would be held.

TOP-LEVEL HUDDLE — CIO union chiefs shake hands with President-elect Dwight Eisenhower in New York's Commodore Hotel. The union executives made it quite clear they offered no suggestion in the naming of a Secretary of Labor. Left to right are CIO vice-president Allan Haywood; UAW's Walter Reuther; Gen. Eisenhower; Daniel J. McDonald of United Steel Workers; and James P. Carey, secretary-treasurer of the CIO.

Voters Return Saar Government

SAARBRUECKEN, Saar (AP)— This disputed border State's French-backed government was returned to office today with a clear majority in Parliamentary elections and with only one-fourth of the voters casting blank or invalid ballots to show a desire to rejoin Germany.

Complete official returns from Sunday's balloting gave the Christian People's party of Prime Minister Johannes Hoffman 55 per cent of the valid vote, compared with 51.4 per cent at the last election in 1947. The party probably will hold 29 of the 50 seats in parliament.

The Social Democrats held second place with 33 per cent of the legal votes and likely will get 17 seats. Communists, with a nine-per-cent vote, rate four seats. Three per cent of the votes went to a new faction, the Democratic People's party.

Hoffman predicted in a victory statement that France and Germany soon will resume previous talks seeking a peaceful settlement of the Saar issue. The talks broke down during the campaign preceding the elections, the holding of which the Germans bitterly opposed.

Parties favoring a return of the small coal-rich Saar to Germany were barred from the ballot. But 141,903—24 per cent—of the 579,231 votes cast were invalid or unmarked. This was a clear response to West German demands that Saarlanders protest against their close ties with France but not the massive boycott which the Germans had sought.

Both Candidates Qualify For Reeveship

Norris Whitney, present reeve of Belmont-Methuen township, and W. E. Griffith, a veteran of municipal politics since 1906, are locked in a two-way electoral battle for the 1953 reeveship.

The election will be December 8, a week from today.

Biggest surprise following the nomination meeting Friday was the decision of William Longmuir, of Havelock, not to run for the deputy reeveship. This coming year Belmont-Methuen will have a deputy reeve for the first time since 1898.

ACCLAMATION

Indications were that Mr. Longmuir would contest the office with George Newton but he did not qualify Saturday night. So Mr. Newton, a veteran of 13 years in the township council, moves up to the deputy reeveship by acclamation.

Now that the township has a deputy reeve the council is reduced from four to three. Five were nominated for council — including Messrs. Newton and Longmuir—but neither of them qualified so three 1952 councillors are in by acclamation. They are Robert Wrightley, councillor for six years, Gardner Gawley, two years, and Burrell Keating for one year.

There will be an election for two vacancies in School Area No. 1. Charles McConnell, a trustee for more than 40 years, dropped out of the race, so it will be a four-way contest among Frank Wrightley, Randal Anderson, Alex Buchanan and Fred Taylor.

The two nominees in School Area No. 2 were returned by acclamation: Harold Russell and Stewart Barrons.

The election will be December 8, the polls open from 9.30 a.m. to 6.30 p.m. Voters will cast their ballots at eight polls: Old Havelock (just outside the south end of Havelock), Preneveau, Ellis' house, Rush Point School, Oak Lake School, Cordova Mines, Carl's School, and South Lake School.

Stewart Returned As Otonabee Reeve

All elective posts in Otonabee township were filled by acclamation Saturday night. Reeve Dick Stewart, warden of the county this year, returns for his third year as reeve, and his deputy, David McIntyre, is deputy-reeve for his third year. Both have four years of council experience behind them. One new man was acclaimed to council. He is Joseph Slattery of Downer's Corners, and takes his place with two experienced members, William Chambers and Gavin Shearer. Mr. Chambers will be starting his third year on council, and Mr. Shearer his second: Mr. Shearer led the polls in 1951.

SCHOOL BOARD

Two veteran members were returned for two-year terms on the township school board: Wellington Sutton and Frank Savigny. Mr. Sutton is starting his third two-year term, Mr. Savigny his second.

Those who failed to quality for reeve were Mr. McIntyre, ex-reeve Harry Reid and Norman W. McConkey. Mr. McIntyre's was the only nomination accepted for deputy.

WILL NOT STAND

For council, these refused to stand: Earle Huston (at the nomination meeting), and Peter Mather. Mr. Mather also declined nominations for reeve and deputy at Friday's nomination meeting.

Edward Johnston, who was nominated for school board, failed to qualify.

The reeve and deputy served together on council for four years (1947-1950), then stepped up to their present positions in the 1951 elections.

Man Fined $15 On Liquor Count

Pleading guilty to a charge of having liquor in a place other than his residence, Gordon Runnett, 49 Edgewater St., was fined $15 and $2.50 costs today in magistrate court.

Two other charges, one of driving while his ability was impaired, was withdrawn, while the other, of careless driving, was also dismissed when no evidence was offered.

All the charges arose during an incident at the fire which swept through the city barn on Townsend St. on November 22-23.

Charge Reduced Man Fined $75

A charge of drunk driving was reduced to driving while his ability was impaired by alcohol against Harry McDougall, 315 Reid St., today in police court.

Magistrate W. R. Philp changed the charge after defence lawyer, Trevor Clarke, argued that McDougall, although he had been drinking, was not drunk enough to warrant a drunk driving charge. McDougall was fined $75 with costs amounting to $8.

The charge arose out of an accident on Monaghan Rd. at Albert St. on November 23. McDougall's car had sideswiped a car driven by John W. Holmes.

Golds Push Ahead In Mixed Market

TORONTO (CP) — Golds pushed ahead in a mixed market in early afternoon stock market trading today.

Volume for the first three hours totalled 914,000 shares.

Two issues showed heavy losses. Central Explorers, a western oil, dropped more than $2 in a turnover of 61,000 shares while Dominion Asbestos, a base metal, lost almost $1 in a 72,000-share turnover.

Senior golds advanced on a broad front although Hollinger fell and junior producers made a large majority of gains, led by Campbell Red Lake. Prospects balanced gains and losses while holding companies gained.

Utilities recovered from a weak opening to lead industrials upward as most issues gained in spite of losses in leaders. Papers, steels and retail stores showed strength as most other groups mixed.

Western oils losses outnumbered gains about two to one as Canadian Atlantic and Western Leaseholds slipped. Punch added pennies in active trading.

Higher-priced base metals gained but most others slipped although East Rim and Eureka added pennies in active trading.

Hearing Of Appeals Adjourned To January

PARRY SOUND (CP) — Hearing of appeals in a case in which violation of fishing rules is charged was adjourned today until January.

Four southern Ontario men are appealing their convictions on charges of having more than the legal limit of lake trout and their fines of $200 each. They are George Laver, Cooksville; Dr. William Stubbs and Dr. James Thomas, Caledon; and Lockwood Stubbs, Alton.

The crown is appealing dismissal of charges that the four, along with G. J. Bredin and William Ferguson of Orangeville and John Kidd of Inglewood caught lake trout with a gill net. In addition, the crown is appealing dismissed charges that Bredin, Ferguson and funeral director Otto Caven of Orangeville destroyed lake trout by burying them.

Coin Club Holds Anniversary Meeting

Men of the city and district who make numismatics, or the study of coins, their hobby, turned out in good numbers Saturday night at the Public Library for the first anniversary meeting of the Peterborough Coin Club.

Some 1,200 coins and 200 bills of many varieties and ages were displayed in six display cases. Club president V. W. O'Connor welcomed the visitors and spoke on "Numismatics as a Hobby."

Fred Brown spoke about 1936 Dot Coinage, the coins which were actually issued in 1937 before 1937 dies were ready. These coins carried the year 1936 with a small dot under the figures to show they had been minted the following year.

Garnet Dainard told of the origin of money from its earliest beginnings to the 19th century.

After the formal meeting old members and visitors interested in joining discussed their favorite topic informally.

Election of officers will take place at the December meting.

Judge Rejects Injunction Move

AMOS, Que. (CP) — A motion for a second interlocutory injunction to prevent Barvue Mines from open-pit blasting was turned down Saturday.

Mr. Justice Alfred Dion of Quebec Superior Court concluded a two day hearing with costs against four settlers and an Amos dentist who own properties near the open pit in Barraute township 30 miles from htis northwestern Quebec mining centre.

The same group obtained a temporary injunction against the company early in November. It was suspended Nov. 13 by Mr. Justice Henri Drouin pending a hearing, expected to come up at the next term opening Dec. 9.

In the first application, the petitioners claimed property damage. This time, the application was based on the claim that flying rock from the pit endangered life.

Meanwhile, the mine has filed notice for permission to expropriate properties bordering on the pit, from which zinc silver ore is being taken.

Elect Gordon Ball President Of Bank

MONTREAL (CP) — Gordon R. Ball was elected president of the Bank of Montreal today at the bank's annual meeting, succeeding B. C. Gardner, who becomes chairman of the board.

Mr. Ball, a native of Toronto who began his banking career as a junior at Perth, Ont., has been general manager for the last five years. Before that, he was head of the bank's agency in New York.

He is succeeded as general manager by Arthur C. Jensen, a Newfoundlander by birth, who has served as assistant general manager for the last five years. Mr Jensen, who has worked with the bank both in London and New York, served with the war finance committee in Ottawa during the war.

Coldsprings News

Mr. and Mrs. C. Willis, Jean, Elva and Ivan West visited Mr. and Mrs. Leslie Nesbitt, Fruitland, on Sunday.

Mr. and Mrs. Ove Simonsen, of Peterborough, were Sunday guests of the latter's parents, Mr. and Mrs. W. J. Dines.

Mr. and Mrs. Clifford Minifie were guests at the Sheppard-Campbell wedding in the Presbyterian Church, Cobourg, on Friday night.

Miss Helen Cowper and Helen Ritchie, Peterborough, spent the weekend with their parents.

The Weather

Peterborough Temperatures:

Today:
Night low.... 6 Noon.....24
Noon barometer.....29.8

Yesterday:
Highest.....26 Lowest...11

One Year Ago:
Highest.....46 Lowest...28

Official forecasts issued by the Dominion public weather office at 9:30 a.m.:

Synopsis:
With clear skies and light winds temperatures Sunday night dropped below zero in some parts of southern Ontario. Milder air however began edging into northern regions and will gradually spread across the province today and Tuesday.

A band of rain and snow over Oklahoma and Kansas appears to be spreading northeastward and again threatens southern Ontario. Tuesday will see increasing cloudiness, with light snow expected to reach the Windsor area by Tuesday evening.

Regional forecasts valid until midnight Tuesday:

Lake Ontario, Niagara, Haliburton regions, Toronto, Hamilton cities:
Sunny with a few cloudy intervals today and Tuesday, clouding over Tuesday afternoon. Milder. Winds light today, southerly 15 Tuesday. Low tonight and high Tuesday at Toronto, Hamilton and St. Catharines 25 and 35, Trenton 20 and 32, Killaloe 15 and 30. Summary for Tuesday—Increasing cloudiness.

U.S. Dollar At Discount

MONTREAL (CP) — The American dollar was at a discount of 2⅝ per cent in terms of Canadian funds, the Bank of Canada reported at noon today. Friday's noon rate was 97 9-32. The pound sterling was $2.73 1-16, against $2.72¾ on Friday.

"... I shall not want"

Today through the light shed upon the twenty-third Psalm by the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, its promise brightens into practical fulfillment.

Supply, health — whatever is legitimately needful—is available to man without fail, and comes through the spiritual *understanding* of God, divine Love, which Christian Science brings.

Anyone who thoughtfully studies Science and Health and puts its teachings to the test in his daily life will find the "still waters" of the Bible promise.

Science and Health may be bought, borrowed or read at all Christian Science Reading Rooms. The coupon is also for your use.

CHRISTIAN SCIENCE READING ROOM
305 Water Street

Prime Ministers

MORE ABOUT—

Continued from Page 1

and when the pound itself should be given a limited measure of convertibility — permission to buy with it money of any country in the world. Right now the pound is convertible only within the British-led sterling area, which includes the Commonwealth with the exception of hard-currency Canada, and about six foreign states.

WANT QUICK DASH

Canada, Australia and South Africa want a quick, brave dash towards convertibility. Britain and the others want to go slow and to make sure that the pound can walk before it can run in the money markets of the world.

The nations taking part in the two-week prime ministerial parley, the first since January 1951, are Canada, Britain, Australia, New Zealand, India, Pakistan, Ceylon, South Africa and Southern Rhodesia. Twelve British colonies also are represented.

The group's common task:

1. With American and European support, the pounds and all other moneys should be given limited convertibility within a giant new international payments or banking system.

2. Development in Britain's 12 colonies and the Commonwealth countries should be spurred as much as possible to earn more money — buying power — and to raise the living standards of their 575,000,000 people. To do this, new capital must be found to supplement Britain's meagre resources, possibly from the United States.

Dies In Collision On Way From Tweed

NEW LISKEARD (CP) — Fitz Williams, 54, was killed and two other persons severely injured in a head - on collision between an automobile and a truck near here last night.

Williams, a master mechanic at the Bonetal gold mine in the Timmins area, was a passenger in the car. He was returning from Twdee, where he had visited one of his three married daughters.

Also injured were Mrs. Myrtle Williams and Clifford Smith. Mrs. Williams' 12-year-old son, Garfield, escaped injury but later was reported suffering from shock.

The accident occurred on Highway 11 about 100 miles north of North Bay.

Peterborough Hogs, Grain And Produce

MONDAY, DECEMBER 1

No hogs or sows offered today.

Delivered prices for ungraded eggs: A large 37c; medium 32c; pullets 28c; B 30c; C 26c.

Quaker Oats Company of Canada quotes Ontario winter wheat No. 1, $1.75; No. 2, $1.75; No. 3 $1.72; feed oats, 75c; buckwheat, $1.20; feed barley, $1.40; Ontario yellow corn, basis 15% moisture, $1.40.

The company is not in a position to accept any wheat for storage.

Produce, Livestock Markets

CHICAGO GRAIN

CHICAGO (AP) — Wheat opened a little lower but other grains generally were steady on the board of trade today.

Wheat started to one cent corn was ⅛ lower to ⅛ higher, December $1.65½-⅝, and oats were ⅝ lower to ¼ higher, January $3.08-$3.08½.

TORONTO FRUIT

TORONTO (CP)—Wholesale fruit and vegetable prices quoted here today were: cauliflower $1.50-2.25; cabbage 75-$1.00; lettuce, imp., five dozen $7.50-8.00; mushrooms 2.50-2.75; spinach $1.00-1.25; squash 75; turnips $1.00; waxed $1.25;.

Potato prices: Ont., New local off truck $2.35-2.40; to trade $2.85-

TORONTO PRODUCE

TORONTO (CP) — Churning cream and butter print prices quoted here today were: churning cream 62-65; butter prints 62½-63.

Grade A large were scarce at the egg market and prices were up slightly. Quotations for graded eggs in fibre cases were: A large 46-47; A medium 38; A small 34; grade B 36; grade C 33. Wholesale to retail: A large 49-51; A medium 43-46; A small 38-39; grade B 40-41; grade C 35-37.

Butter solids: first grade 61¾; no price established on second grade or western butter; third grade 54.

MONTREAL LIVESTOCK

MONTREAL (CP) — Prices were steady to unsettled today on Montreal livestock markets.

Receipts were 1,084 cattle, 1,133 calves, 845 sheep and lambs, and 712 hogs.

Lighter cattle offerings moved slowly at the opening, there were not enough sales to establish a trend.

Early sales on calves brought steady prices with vealers of good quality at 28. Grassers were 13-14.

A few lots of lambs were sold from 23-24. Sheep ranged from 8-12.

Hogs remained steady at 26 for grade A with sows at 18.

BUFFALO LIVESTOCK

BUFFALO, N. Y. (AP) — Cattle 550; early steer and heifer market not established. Demand active for a light supply of dairy-type cows and bulls, market strong. Medium to good cows, 14.00-15.00; top 15.50; canners and cutters, 11.00-14.50; fat yellow cows, 11.00-14.00. Good dairy-type slaughter heifers, 16.00-17.00; common, 13.00-15.50. Heavy sausage bulls 19.50-20.00; mediums 16.00-18.00; Common, 14.00-16.00.

Calves 350; demand moderate; choice calves, 36.00-38.00; good, 30.00-35.00; mediums, 22.00-29.00; heavy bobs, 15.00-21.00; boners and light bobs, 11.00-14.00 and a few below.

Hogs 1450; market not fully established. Few early sales of state hogs 50 cents lower at 17.50-18.00.

Sheep and lambs 500; demand active, market stronger and mostly 1.00 to 2.00 higher. Choice ewe and wether rail lambs, 25.00; bucks out at 24.00; choice state ewe and wether lambs, 23.00-24.50; medium lambs, 18.00-20.00; good to choice handyweight ewes, 7.00-8.00; cull and canners 3.00-4.00.

WINNIPEG GRAIN

WINNIPEG (CP) — Prices moved narrowly— under light demand in early dull trade today on the Winnipeg grain exchange.

A few domestic orders appeared in oats, while American shippers picked up the deferred months of barley. Flax uncovered some processor support. Rye trade was local.

11 a.m. grain prices:

Oats: Dec. ¼ higher 85; May ¼-⅜ higher 83¾A; July not open.

Barley: Dec. ⅞ higher 1.33¾; May ¼ higher 1.28⅞; July ⅜ higher 1.21¾B.

Rye: Dec. ½ higher 1.80½; May ⅜ higher 1.87⅝A; July ½ higher 1.86⅝.

Flax: Dec. ½ lower 3.41B; May ¾ lower 3.49¼B; July, not open.

TORONTO LIVESTOCK

TORONTO (CP) — Cattle trade was active today at the Ontario stockyards and prices were 50 cents to $1 higher on heifers, cows and bulls and $1-2 higher on better steers. Lambs were also 50 cents higher. Receipts: cattle 3,340; calves 1,080; hogs 540; sheep and lambs 480. The holdover from last week was 800 cattle.

Choice weighty steers sold at $25.50-26.50 with good at $24-$25 and mediums at $23-$24. Common to medium light steers and heifers were at $12-$22 and good heifers at $23. Medium to good fed yearlings brought $22-26 and medium to good stockers 22-24. Good cows made 14-15 with a few at 16.50 and canners and cutters at $10-$12. Good heavy bulls brought $15-$16.50.

Choice veal calves were steady at $26-29 with common to medium at 14-15 and grassers at 12-13.25.

Grade A hogs sold at 26 and dressed sows at 17.

Good lambs were 50 cents higher at 24.50 with bucks and heavies at 22.50 and medium to good sheep at 6-10.

Find British Coins Heavy

LONDON (CP) — British coins, particularly two-shilling pieces and half-crowns, are heavier than those of Canada and the United States. As a result Canadian and American servicemen in Britain are said to be finding that money literally makes holes in their pockets.

Rail Unions

MORE ABOUT—

Continued from Page 1

2. There was dissatisfaction with the proposal to apply a wage increase partly on a percentage basis. (The unions asked 45 cents an hours and insisted it be on a cents-an-hour basis to give all employees an equal increase Mr. Lewis recommended 10 per cent and 13 cents an hour.)

DATE OBSCURE

3. The majority recommendation as to the effective date of the wage increase was obscure. (The majority report appeared to suggest it start with the signing of a new contract. Mr. Lewis, recommended it be retroactive to last Sept. 1, when the old contract expires.)

4. Rejection by the majority of an "escalator clause" on wages ignored the fact that during the last contract term of two years the previous wage increase had been "immediately and continuously subject to the erosion of higher living costs."

One-Time Maid Wins Top Literary Award

PARIS (AP) — Beatrix Beck, 38-year-old one-time maid, model and farm girl, today won France's 1952 top literary award for her novel, "Leon Morin, Pretre."

Her book about worker priests was awarded the Prix Goncourt. The prize is worth only 5,000 francs ($14) but usually assures book sales of 120,000 copies, and profit to the author of about 8,000,000 francs ($23,000).

Havelock Lady First Child Oak Lake Area

HAVELOCK (ENS—Mrs. Etta Nicholson, a life-long resident of Havelock and district, quietly celebrated her 86th birthday at her home on Concession Street today, when relatives and friends called to offer congratulations and best wishes.

Mrs. Nicholson was the first baby girl to be born at Oak Lake, 16 miles north of here, and was the oldest of 11 children of James and Selina Wood. In 1857 she married Albert Nicholson, and to this union there were born two sons, Morley and Wallie, both of whom died in October, 1918, during the flu epidemic. Her husband died in 1928 after a long illness from a heart condition. Mrs. Nicholson moved to her present home in Havelock in the fall of 1925. She is active for her years and enjoys fairly good health. Her pleasant personality and cheery smile have won her a host of friends in this community.

Minister Tears Page From Bible

ROCKY MOUNT, N. C (AP)—A Baptist minister ripped a page out of the revised standard edition of the Bible and burned it while his congregation looked on

Rev. Martin Luther Hux Sunday night tore out the page that bore the inscription in which the words "young woman" had been substituted for "virgin."

Hux described the revised Bible as "the master stroke of Satan." He added the Bible "is a scheme of the modernists to make the Lord Jesus Christ the son of a bad woman."

Several times during his sermon Hux made reference to the passage in Isaiah in which "virgin" was removed.

He contends the new Bible translation attempts to eliminate the deity of Jesus Christ and his immaculate conception.

Cobourg Mayor Given Acclamation

COBOURG (ENS)—Mayor Jack Burnet was re-elected by acclamation on Saturday night at the close of the qualification period. Although nominated for mayor, Gordon Dunlop did not allow his name to stand. There will be a contest for reeve, the candidates being Jack Erskine, sr., and William Wenn.

In the ring for deputy-reeve are Charles Johnson and R. E. Bowen.

Ten are running for council, Mrs. Lilliain Richards, Jeff Rolph, Alex McKinnon, Pierre Sauve, A. H. Richardson, Otto Curtis, Dr. Orval Crabbe, James Miskelly and Douglas Glenn.

Elected by acclamation to the public utilities commission were: Charles Jackson and P. G. Thompson. Acclamations for the public school board were: Reg. Gardiner for east ward and Dr. Wm. Brett for centre ward. Contesting the west ward are Clare Wakelin and Catherine Gaiger.

DISTINGUISHED VISITOR—On hand to greet Air Chief Marshal Sir William F. Dickson, centre, newly designated British Chief of the Air Staff, on his arrival at Rockcliffe airport from Washington, was Air Marshal W. A. Curtis, Chief of the Air Staff, left, and Air Commodore A. P. Kevington, senior U.K. Liaison Officer, right. In Ottawa for a few days, during which he will have conversations with Defence Minister Brooke Claxton and members of the Joint Chiefs of Staff, Air Chief Marshal Dickson is on a world girdling tour to confer with Commonwealth and U.S. Air Force chiefs.—(National Defence Photo).

Find Penitentiary Population Down For First In Nine Years

OTTAWA (CP) — The upward trend of Canada's penitentiary population has been reversed for the first time in nine years and more ex - convicts are re-establishing themselves without reverting to crime.

Maj.-Gen. R. B. Gibson, penitentiaries Commissioner, reported this today in a 225-page annual report tabled in the Commons by Justice Minister Garson. The commissioner told of the effects of Canada's new penal policy stressing rehabilitation and said, 1951-52 has been an "outstanding year in the history of Canadian penitentiaries."

Penitentiary staffs are better paid than ever before. A penitentiary staff college has been opened at Kingston, Ont., and a federal training centre has been opened at St. Vincent de Paul, Que., for segregation and training of reformable young prisoners.

A graded scale of prisoner remuneration — 10, 15 and 20 cents a day — has been introduced to provide incentive for improved workmanship in prison shops.

Prisoners in all seven penitentiaries now can subscribe to newspapers and magazines and can receive Christmas parcels from outside. Self-shaving by prisoners has been approved and canteens and commissaries have been opened to supply candy, toilet supplies and the like.

In all institutions, Gen. Gibson said, there are developments in recreational and hobby programs, in prisoners' publications — all penitentiaries now have a publication — and in prisoner participation and responsibility through committees.

Results of these changes, said Gen. Gibson, are shown in improved conduct, in a better re-establishment record and in reduction of the number of penitentiary repeaters.

The penitentiary population, which had climbed steadily since 1943 when it was 2,968, totalled 4,687 this year against 4,817 in 1951. Of the total 40.05 per cent were repeaters, up slightly from 39.01 per cent in 1951 but down from the 45.45 per cent who were repeaters in 1948 when Canada's penal "new deal" began as a re-royal commission.

NO PREVIOUS RECORD

A total of 1,073 or 22.89 per cent had no previous record compared to 23.70 per cent with no previous record in 1951.

The privileges allowed prisoners during the last three years have had a "remarkable effect on their behavior," said the commissioner. The number of offence reports was 5,063 in 1950 and 4,570 in 1951. This year offences totalled 4,006 or less than one per prisoner.

At the end of the fiscal year March 31 last the penitentiary population included 485 inmates under 21 years of age compared with 520 the previous year.

Lost 3 Teeth Now Out Of Job

TOPEKA, Kas. (AP) — Iron-jawed Jesus Cordona, a circus aerialist, lost three front teeth a week ago. Now he's unemployed.

Cordona, 20, earned his living by hanging from a trapeze by his teeth. He does an act with his sister, Ramona, and his brother, Francisco.

In Pratt, Kas., a week ago, three of his uppers snapped at the gum line while he was suspended above the auditorium floor. As Cordona fell, he caught his sister's legs in his arms and her teeth bore their combined weight long enough to get them down safely.

Cordona's toothless plight came to light here Saturday night. He was scheduled to appear in a circus. Instead, he spent the day looking for a dentist who could make false teeth to match his iron jaw.

Obituary

THOMAS HOLLYMAN.

Thomas Holyman, 85, 745 Locke Street, who wove the first Wilton carpet in Canada, died suddenly Sunday at his residence.

Mr. Holyman was born in Kidderminster, Worcestershire, England and has lived in Peterborough for the past 42 years. Formerly he lived in Guelph, Ont., and Philadelphia, Pa.

It was while he was living in Guelph that Mr. Holyman wove the first Wilton carpet in this country. He was a weaver at the Brinton- Peterborough Carpet Co. for 35 years and was a member of the Quarter Century Club of that company.

He was a member of Knox United Church.

Surviving besides his wife, the former Edith Laura Sheward, are two daughter, Mrs. J. H. Young (Edith), Ottawa; Mrs. R. B. Bowen (Ethel), Peterborough; two sons, Thomas H. Peterborough; Ralph A., Sudbury; six grandsons and one great grandson.

The funeral will be held on Tuesday at 2 p.m. from the Comstock funeral home. The Rev. H. G. Douglas of Knox United church will conduct the service. Burial will be in Little Lake cemetery.

Playing In Rafters Boy Falls, Breaks Arm

CAMPBELLFORD (ENS)—Eleven-year-old Lyle Nelson, son of Mr. and Mrs. Merle Nelson of Warkworth suffered a broken arm and bruised face on Sunday afternoon, when he fell from the rafters to the floor of a barn at the home of his parents.

Lyle was playing in the barn with some other children, and attempted to walk across a board between two rafters. The board slipped, tossing the lad to the floor below.

He was taken to Campbellford hospital where he was attended by Dr. Britnell of Warkworth. After X-rays showed the break, a cast was applied and the boy was allowed to go home.

Few Anglican Clerics Are Roman Catholics

LONDON, Ont., (CP)— Canon Alford Abraham, rector of the Anglican Church of St. Andrew Memorial, today charged that some high churchmen are Roman Catholic at heart, and he said it is futile for Anglicans to talk of organic union with any other Christian body until they gain a greater measure of union among themselves.

There is "a tiny but vociferous minority of extreme high churchmen," Canon Abraham said, "whose spiritual home is Rome, and the sooner they go there the better."

Greater understanding is needed between high and low Anglicans, Canon Abraham said. There are "too many Anglicans, including clergy—some of them bishops—who apparently are not sure of the tradition and teaching of their own church, at least so one would gather from their utterances."

They act on "vague sentimentalism combined with romantic medievalism," he submitted, and "this will never evoke clear decisions."

Having Troubles

PULLOXHILL, England (AP)—Rev. Frederick Arthur Johnson held a 45-minute Sunday service yesterday and wished all church members—especially a "faithfull few" who came to hear him—a happy year. There had been a larger attendance the Sunday before, when the vicar described his 550 villagers as "crafty and lustful." They petitioned the bishop at St. Albans to remove him. Yesterday three showed up for the morning service, 19 in the evening.

Dog Sets Fire

ST. Joseph, Mo. (AP)—Brownie, a seven-months-old springer saniel, sounded an alarm after he apparently set fire to his master's house here Sunday.

Dr. Thomas B. McGill, a dentist, said Brownie, tied to a chair on a back porch, apparently scratched some padding from the over-stuffed chair into a gas heater.

The dog's barking awakened the dentist and his wife. They found the back porch ablaze but were able to release the dog.

Have Nightingales

LONDON (AP)—Berkeley Square will have those nightingales for the Coronation June 2 — they will be pretty, even beautiful, but they won't sing.

It is all a part of the Mayfair Association's plans to brighten up the famous square for the big event.

But because they can't cage a real nightingale, it was decided to put up life-size, life-like artificial nightingales among pink and white rose garlands.

Student Killed

TOKYO (AP) — A college student was killed before the eyes of Emperor Hirohito and Empress Nagako Sunday when his horse failed to clear a hurdle in a riding event. Junji Morimura, 22, was fatally crushed under his mount.

Rest Centre Burned

ABOYNE, Scotland (Reuters)—Alastrean House, RAF rest centre near here where thousands of Commonwealth airmen spent their leaves during the Second World War, was destroyed by fire Sunday.

Man Takes Bump Saves Passenger

CAMPBELLFORD (ENS) Losing control of his car on the county road a few miles north of Campbellford on Sunday evening, Glen McMaster, of Campbellford, suffered a broken nose and possible fractures of facial bones when his car stuck a hydro pole.

McMaster threw himself in front of his passenger, Leila Pollock, Havelock, when he saw the car was going to strike the pole.

The hydro pole was broken off at the base, and leaned at an angle over the road, allowing high tension wires to dangle dangerously close to the roadway. Campbellford and Provincial Police kept passersby away from the fallen wires until line crews of the H.E.P.C. from Campbellford arrived to supervise removal of the car, which was wedged against the post.

After power through the line, which carried power to the Deloro area from No. 11 power house near Campbellford, was cut off, the car was removed without incident.

Miss Pollock suffered a bruised right leg.

Dies Beside Husband

BARKINGSIDE, England (AP)—Mrs. Anne Bowring, 66, often went to the cemetery to sit beside the grave of her husband, who died two years ago. She was missing four days. Then her daughter found her dead — in an open grave near her husband. She apparently had pushed a plank aside, climbed in and pulled the plank back over her as she waited for the end.

Car Strikes Truck

COBOURG (ENS)—John Partridge and his wife, Hampton residents, were shaken up when their car ran into the back of a parked truck on King St., Saturday night. The accident occurred on main street and the parked truck was near a street light. Constables C. Cunningham and T. Shaw investigated.

Urges Clergy Take More Interest In Pens

OTTAWA (CP) — Penitentiaries commissioner Maj.-Gen. R. B. Gibson said today "it is a little discouraging" that more clergymen do not take an interest in the welfare of Canada's penitentiary inmates and visit them personally.

"The great religious denominations still display too little interest in the prison population both while in prison and after discharge," he said.

"Surely it is still true that the most important concern for the true Christian is the welfare of 'the lost sheep.'

NEED ENCOURAGEMENT

"A greater measure of interest on the part of church bodies generally and of individual members of the clergy would be a tremendous encouragement to our prison chaplains in their difficult task."

The commissioner made the comment in his annual report on Canadian penitentiaries, tabled in the Commons today by Justice Minister Garson.

In the section of the report dealing with religious activities, the commissioner told of the regular weekly services held in each of the penitentiaries and noted that each prison chapel now has its own choir. Some of the Sunday prison services are broadcast and some prisoner study groups have been formed under the guidance of chaplains.

Albert Nicholls

The funeral for Albert Nicholls, 56, of Hamilton and formerly of Peterborough, who died Thursday was held Saturday in Hamilton.

The military service was conducted by the padre of the Army and Navy Club, Hamilton, and the pallbearers were all veterans and members of the club.

Mr. Nicholls was born in England, son of the late Mr. and Mrs. Albert Nicholls and has lived in Hamilton for the past 18 years. Formerly he lived in Peterborough for 15 years. He was a salesman and a member of the Baptist church.

He leaves his wife, the former Winifred Arthurs; one daughter, Mrs. Alvin Howard (Dorothy), Hamilton, and Jack, Canadian Army Medical Corps, Newfoundland; five sisters, Nellie, Florence, Leah, Jeanne, Gwen; and two broth, Charles, Peterborough, and George, Campbellford.

Mr. Nicholls was a veteran of the First World War and served with the 21st Battalion for four years. He was wounded four times. He was vice-president of the Army and Navy Club, Hamilton.

Burial was in Hamilton cemetery.

Fort Hope Players Capture One-Act Play Festival

COBOURG (ENS)—A one-act play written by Robertson Davies, entitled "Overlaid" and played by the Community Theatre of Port Hope, won the one-act play elimination festival of the Eastern Ontario Drama League held here on Saturday afternoon and evening. The winner will enter the Dominion festival next month at Ottawa. Second place was won by the Knox Theatre Group, of Peterborough, and third by The Blue Triangle Players, also of Peterborough. The other entries, all of Peterborough, were the Normal School Players, Little Theatre and All Saints' Dramatic Club.

Adjudicator William Needles, well-known actor, complimented the Cobourg Opera and Drama Guild for its excellent work in the restoration of the opera house to its original Victorian age splendour. "There are no little theatre groups in Toronto fortunate enough to have so grand a place as the opera house in Cobourg," Mr. Needles said. The adjudicator also observed the accoustics were perfect.

The three players comprising the Port Hope cast of the winning play were warmly praised by Mr. Needles. The role of "Pop" was very well done by John Black but he suggested that the director should perhaps have had Mr. Black be a little less lively in his actions in order to portray the role of the old man in a manner more in keeping with his age.

Mr. Needles paid tribute to the diction and acting ability of Harry and Vera Tasker in their roles in the play presented by the second award winners, Knox Theatre Group.

The players in the winning play were John Black, Dorothy Dodd and Gordon Brown. The cast of the second prize winners was Harry Tasker, Dorothy Granger, Vera Tasker and Peter McCombe; and in the third award winners, George Booth, Sonya Donaldson, Irene Campbell, Sylvia Cherney, Ruth Swartz, Don Endicott, Lynne Littlefield and Gordon Drew

Hastings Man Fined $50 In Assault Case

COBOURG (ENS) — Convictions in an assault case which was heard at Hastings, were registered by Magistrate R. B. Baxter in police court here Friday. Joe Kelly, Hastings, found guilty of assaulting Percy Greenley at Hastings was fined $50 and costs. The magistrate said he was taking into consideration that Kelly had a large family to support (wife and 10 children) and was going to have him put on the interdicted list in regard to the purchase of liquor. He recalled that it was the second time Kelly had been charged with assault.

"You provoked this fight with Greenley. What you need is someone to knock the stuffing out of you," said the magistrate.

Greenley was remanded out of custody to appear when called upon, on the assault charge against him

This, too, is infidelity

Sometimes infidelity demonstrates itself in adultery—more often it is *non*adulterous faithlessness that undermines marriage, says Rev. Margaret Johnstone.

In December Reader's Digest, she shows how husbands and wives can be unfaithful without realizing it. (Is a wife who nags her husband about his salary faithful to her vow "for richer for poorer"? Doesn't a husband who puts his mother's feelings above his wife's break his promise to "forsake all others"?) Learn the danger signs to watch for in *your* marriage.

Get your December Reader's Digest today: 36 articles of lasting interest, condensed from leading magazines, current books.

FRIENDLY LOANS
NEED MONEY NOW?
NIAGARA Friendly Loans are made quickly!

IF your need is ready cash, your Niagara man will help you to secure quickly the best type of loan for you. There's no delay or red-tape at Niagara Finance . . . many loans being made in 20 minutes. Four loan plans have been designed for your convenience and repayments can be spread over many months. Rates are reasonable and loans up to $1,000 are life-insured at no extra cost. A private interview is waiting for you whenever you call . . . and the friendly quick service will surprise you.

Ban Lifted

When foot-and-mouth disease affected some western Canadian herds and the infection was diagnosed last February for what it was, the United States immediately closed its borders to all imports of Canadian meat: cattle, sheep, swine and all cud-chewing animals, and fresh, chilled and frozen meat from these animals. Even motorists crossing into the States with a ham sandwich lunch were denied access until the sandwiches were dropped on the Canadian side of the border. The embargo had, and still has, costly consequences to Canada, taxpayers as well as farmers. Agricultural authorities are sure that the disease has been wiped out; no new cases have been reported since last Spring. Now Washington has announced that it will lift the embargo on March 1st, a little more than a year after it was imposed. This is welcome news to Canadian farmers and all Canadian taxpayers.

* * *

The ban is estimated to have cost Canada, so far, more than thirty-two million dollars—thirty millions of it in subsidies on beef and pork, which have been paid to support floor prices which Ottawa set following the American ban and to prevent a disastrous price slump. Even so, the price of pork and beef has dropped considerably; there has been a surplus of meat since none could be exported to the States. Will pork and beef rise again next March? There will undoubtedly be the usual seasonal increase, but we may expect, if economic conditions generally do not change, that meat will not go to the heights of a year ago. Meat prices even in the States have declined, as they have in Canada.

* * *

One important result of the American embargo has usually been overlooked by people interested primarily in the price of meat; the severe effect on the live cattle market and breeders. A significant part of Canada's export of meats to the United States has been cattle on the hoof. Last year, for instance, Canada shipped to the U.S. 400,000 head. The embargo crippled this trade in cattle, and lost Canadian dealers their markets and customers. An important part of this trade was in breeding cattle. Americans prize Canadian strains, and their buyers have in the past combed Canadian prize herds, and bought animals for breeding purposes at very fancy prices. After next February it is hoped that this lucrative trade will be re-established and old markets and contacts found again. However, after a year's break-down the trade cannot be re-established over night.

* * *

Some foresighted American dealers and cattle men have not been restrained utterly by the ban. In the past months they have continued to watch Canadian herd sales, and to buy fine animals, for delivery after the embargo is removed. They have reasoned (correctly) that the ban would be lifted some time, and meanwhile, they have bought on the condition that the animals be housed in Canada until they can again be legally sent to the States. This speculative buying is a tribute to the quality of Canadian herds.

Should Ex-Presidents Be Kept In Congress?

As President Truman prepares to retire, a suggestion made several times in the past three or four decades is being discussed again in the United States. It is that the Constitution of that country be so amended that a President, on leaving office, becomes a member of the Senate. As a rule, the suggestion has been that he be given the right of debate, but not the right to vote. Withholding the right to vote is probably designed to forestall protest from any state whose feeling of "sovereignty" would be wounded by the fact of another state or states having three votes instead of the constitutional two, however improbable such protest may seem.

It does seem a waste of experience, to say the least, when an ex-President returns to private life. Even the most outspoken critics of President Truman are now declaring, without reserve, that he has gained an intimate knowledge of domestic and foreign affairs that is denied to most men, and that it would be good to have him in the Senate for that reason. It might also be added that Mr. Truman's record as a Senator was one of fine service, and that the leadership he gave the war expenditures committee was outstanding.

Propronents of the amendment cite the case of Herbert Hoover, who would have occupied a Senate seat for the last twenty years had there been such an amendment. It is true that Mr. Hoover, even in retirement, has exerted vigorous leadership in certain phases of United States affairs, but it is contended he would have been more valuable to the nation if he could have participated in the day-by-day debates of the Senate. And the unique career of John Quincy Adams is also cited. After leaving the White House he served as Congressman for seventeen years, and served brilliantly. In answer to a question, John Quincy Adams declared that no man who had been President was degraded by election to Congress or election as a selectman of his home town.

To an outside observer, there appears to be much to be said for the proposal. The U.S. electoral system bars the leader of the defeated party from office, for a time at least; some of the loss so sustained might be offset by the amendment suggested.

Justice Requires The Facts In Public

The dismissal of former Provincial Police Inspector Price Morris is shocking. The sparsely stated reason for his dismissal is incredible.

Mr. Price Morris has been in the Provincial Police for 25 years. During some of those years he served in Bancroft and Peterborough, where he was highly esteemed as a man of honour, a conscientious police officer scrupulous in his duties and a person not to be swayed from the letter and principle of the laws he was called on to enfore. Now, by sentence of the Commissioner of the Provincial Police and following an inquiry carried out in Sudbury by a Deputy Commissioner, Price Morris is in disgrace and his entire 25 years' service set at naught.

This is not a routine case of internal discipline of and by the Provincial Police. One blow has shattered 25 years of service so good that Price Morris was steadily promoted in the service until he became Inspector at Sudbury. One sentence has destroyed a reputation so high that people who knew and know the officer cannot credit his guilt. The charge—now the conviction—is too grave and the punishment too severe to rest on this solitary public statement by Inspector Stringer: that Morris attempted "to coerce fellow officers to refrain from performing their duties."

The reputation of the Provincial Police (who valued the dismissed officer for 25 years), the dismay of the public (whose faith has now been shattered) and even the integrity of Commissioner Stringer (who now seems to refute, by his sentence, his capacity for sound judgement of men; he appointed Morris inspector) require that the proceedings at the investigation and the reasons for dismissal be given publicly and in detail.

It is reported that as Inspector at Sudbury Price Morris had neither enforced the liquor laws nor done his duty in wiping out bawdy houses. It is said that he had been sent to Sudbury, and promoted Inspector at the same time, to clean up a mess. Did the Provincial Police commissioner err grievously in sending to this job a new Inspector, learning the ropes as inspector? What are headquarters anti-gambling and liquor squads for? What reason lies behind Commissioner Stringer's statement Thursday that the condition of law enforcement during Morris' tenure should be no reflection on his predecessors?

The hearings were held in private. The charges, the evidence and the names of witnesses have not been made public. Inspector Price Morris was denied counsel—by regulation of the Provincial Police Act.

The public is entitled to have, the credit of the Provincial Police requires and the reputation of the condemned officer warrants a full public explanation of the circumstances and exposition of the case. Star Chamber methods should not be tolerated in a matter affecting his whole career and his good name. When he enters the police service he does not relinquish his basic rights as a citizen.

NOTES AND COMMENT

"Gasoline Racket Investigated" says a headline on a Montreal story. Caused, it seems, by a theft ring, not a piston ring.

Now that the American presidential elections, the civic elections and the Grey cup are all won and done with, we can get on with our Christmas shopping.

With respect to the adage, "What a person doesn't know doesn't hurt him," quite a few people are markedly free of pain.

Another thing that greatly retards the progress in man is that the peculiar design followed in his physical structure so aptly fits him for sitting down.

A youthful figure is something you get when you ask a woman her age, says a Calgary *Herald* columnist. And of course if you don't see a youthful figure, you don't ask her age anyway.

A Winnipeg magistrate removed the name of a prominent Winnipeg lawyer from a list of found-ins following a police raid. His peccadillo has been discovered. Better a lawyer be found in than a magistrate be found out.

Musical Notes

By PETER PIPER

SIR GEORGE DYSON, in an article in the Musical Times (London), points out the remarkable place of organists in musical history. He purposely omits the names of men known only or mainly as organists when he mentions the names of such men as Sir Arthur Sullivan, Sir Henry Wood, Vaughan Williams, Mackenzie, Parry, Stanford, Ireland, Howells and Malcolm Sargent. That is the English contribution alone: the continent of Europe includes such giants as Bach and Handel, Mendelssohn and Franck. In Canada we have Dr. Willan and Sir Ernest MacMillan, our two most distinguished musicians, both of them organists to the core, while South of the Border it is often forgotten that Leopold Stokowski is an organist turned conductor. The average organist, by the nature of his appointment, has to be versatile, a sort of "general practitioner" of music. Far from being secluded from human intercourse in the dim recesses of the organ loft, as some fondly suppose, his work brings him into contact with a variety of circumstances. He must be able to train a choir, a task that involves a knowledge of "How to Win Friends and Influence People" as much as the more purely musical qualities. In most cases he must be able to teach. He should be able to turn his hand to simple arrangements of music, and he may be called upon to lecture or adjudicate, to perform in public and possibly conduct a choral and orchestral society. All this scarcely fits in with the popular idea of the cloistered seclusion of an organist's life. It certainly goes a good way towards explaining why so many organists (whether still active in that branch or not) are to be found at the top of the musical profession. One might even include the name of Sir George Dyson himself.

✧ ✧ ✧

ANOTHER REASON for the important place held by organists is the thorough and arduous training that an organist receives in all branches of music. Score-reading, transposition at sight, orchestration, the history of music, harmony and counterpoint are some of subjects that have to be mastered in addition to actually playing set pieces. This gives the organist a wide and panoramic view that is missing from the training of most other musicians, restricted as it is in most cases to their chosen specialty and closely allied subjects. Even when subjects such as harmony are prescribed in a course for, let us say, pianists, there is too often the feeling not only of pupil but also to some extent even of teacher that this is a subject that has to be "mugged up" for examination purposes but is of little practical use to a pianist. There is of course a fallacy in this, inasmuch as a knowledge of harmony is indispensable to the musician: a pianist who is not a musician is not worth ten cents. Neverthless a knowledge of harmony is infinitely more important to an organist, and any shortcomings in this connection will handicap him at every turn.

✧ ✧ ✧

GEORGE GERSHWIN'S opera, Porgy and Bess, was recently performed in London for the first time, and has caused a certain revaluation in an upward direction of critical opinion in Britain concerning Gershwin's music. The extravagant claims of the majority of American critics on behalf of George find little echo outside this continent. Nobody denies his entertainment value and the undoubted freshness of his invention in his popular songs, which are classics of their kind and are more truly "Gebrauchsmusik" than anything that Hindemith ever wrote. But—and this is a big but—in his longer and more ambitious works several glaring faults show up; his insufficient powers of development, the somewhat meretricious display of emotion, the tawdry glitter, the grandiose endings that are suddenly imposed on the ear without motivation. Gershwin failed to create "symphonic jazz" because he was incapable of thinking symphonically. European critics are fully aware of these flaws, perhaps too aware; they do not give enough weight to his good qualities. Porgy and Bess has been something of an eye-opener to many; amongst its many excellencies the felicity of Gershwin's choral writing has been noted by more than one critic.

✧ ✧ ✧

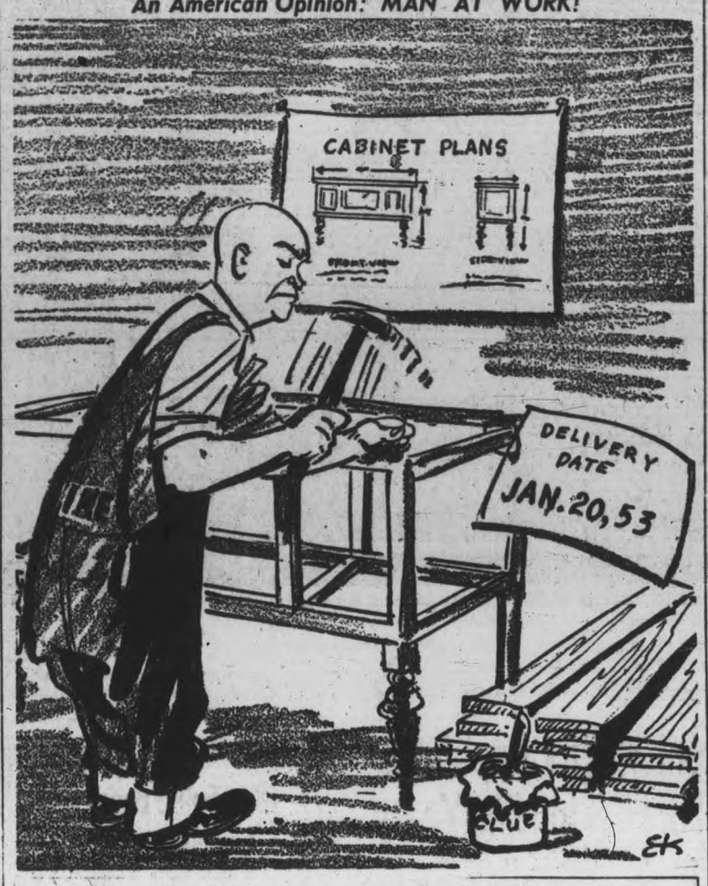
TALKING OF GERSHWIN, there is one story about him that I like particularly. When he was already well-known and making a good deal of money he felt the need of improving his technique. For this purpose he journeyed to Paris to take a course of private study with that consummate craftsman Ravel. At their first meeting Gershwin mentioned how much he was earning at the time, naming some fantastic amount. This prompted Ravel to reply that he should be taking lessons from Gershwin rather than the other way around! In this connection it is interesting to note that Gershwin was not the only established composer to seek guidance from Ravel. Vaughan Williams, as dissimilar in outlook and temperament from Ravel as from Gershwin, spent some time in 1909 studying under him in Paris, and the string quartet that he wrote shortly afterwards, though unmistakeably by V. W. betrays the influence of the Frenchman; not a very happy mixture on the whole, as Ravel's style had not by then become properly assimilated by V. W.

✧ ✧ ✧

A NUMBER OF smaller churches have recently been forced to scrap their present organ in favour of a new instrument. The present instrument in most cases was built over fifty years ago, before pneumatic and electric action had come into general use. Many of them have some very pleasing pipework, but the old tracker action is worn out and the console (where the organist sits) is antiquated and cumbersome. At the best of times the touch of tracker action is heavy, but when it is worn out it becomes a constant source of trouble.

Unfortunately a new organ costs a good deal of money. In view of this some churches have decided in favour of an electronic organ, as these are a good deal less expensive. I may be a hidebound old fogey, but I feel that an electronic organ is a vastly inferior substitute for a pipe organ and is justifiable only when there is no hope whatsoever of raising enough money for a pipe organ. I prefer a pipe organ to an electronic organ in the same way as I prefer butter to margarine; one is an Ersatz, the other the genuine article. I realize, however, that one cannot have butter tastes on a margarine income, and an electronic organ is preferable to nothing at all. Incidentally I have yet to hear that the pipe organ builders are agitating for electronic organs to have keyboards and consoles of different designs and colours in order to distinguish them from the "genuine article"; the difference in tone is obvious enough!

An American Opinion: MAN AT WORK!



Letters To The Editor

RIBBON FOR BABIES

Sir: I would like to say a few things concerning the "Baby Show" which took place in Peterborough recently.

Now first of all, I would like to tell everyone reading your column, that my baby was a winner. Yes, he was a winner of a blue ribbon which will probably be faded and rotten, by the time he is old enough to tell him what he won it for.

I very much agree with everything L. I. N. and L. E. W. had to say about it.

We also sold tickets at 40c a ticket. When we asked our friends and relations, if they would like to buy a ticket on a fifty dollar Savings Bond, they would ask how much it was. When we said 40c, they would repeat 40c and say you can buy a ticket on a new car for 25c, but if it will help your baby to win, we will take one.

I also made several trips to the "Baby Show" office, turning in money, one to the doctor, one to the Knights of Columbus Hall and one to the Collegiate.

According to the last bulletin sent out, my baby and my partner's baby should have been Prince and Princess. They were the second highest, after the score was added up. They also received a Health certificate of 100 per cent. with a Blue ribbon diploma. When we made our last trip to the office, they told us they were Lord and Countess. I wonder how they account for that?

When we went into this business, it wasn't supposed to cost us anything; in the end we had to buy material to make capes for the children. I am sure we more than paid for the ribbon which the children received.

On our first visit, to enter the children, and our last visit to the "Baby Show" office, we were given to understand all Beauty and Royalty winners would receive a trophy.

Also on the card, which we received asking us if we would like to register our babies, it said, "All members of the Coronation Pageant will be awarded trophies and other awards!"

I am sure all the mothers with children winning in the show, expected them to receive trophies, and feel the same way I do, when they were handed a ribbon.

The ribbon, which they received, is just exactly what they pin on prize cattle at an exhibition. I am sure everyone will agree with me.

Another thing, the screen test which some of the children won, was probably something to make it look good. Not likely anything will become of them. They will likely end up in the waste basket.

The girls that did all the talking to the mothers are from California and I'll bet they didn't leave here broke. I would also like to know where the money went, because they sure hauled in plenty.

I certainly can't understand the Moose club sponsoring a phony thing like the "Baby Show". I guess they didn't know what they were getting into either.

A DISGUSTED MOTHER

WANTS JOB IN CANADA

Sir: I have your paper at hand which is forwarded to me each month.

I wish to emigrate Canada but want a job if possible before arriving. Employer must pay my fare which he will deduct from my salary each week or month. My trade is mainly Demolition, you call is wrecking. I have 7 years experience.

I have served part-time in Electrical Trade and am willing to tackle anything as long as it is a permanent job. So I wish to ask if it is possible for you to put an advertisement in your editorial for me. I cannot send any money as I don't know what the cost is. Hoping you can put some kind of advertisement in for me.

I can also do clerical work. My age is 27.

G. H. FINNING

372 Wellsby St.
Grimsby, Lincs.

(Ed Note: British people wishing to come to Canada and to find jobs here before they sail, should get in touch with Canada House, Trafalgar Square, which can be very helpful with advice and information.)

NEW FARM DAY

Sir: One does not need to be an economist, nor for that matter much of a businessman, down on the farm to realize that while the price-tag on a good deal of agriculture's products has been on the down trend in recent months, the cost of the stuff we buy has been either 'holding the line' or moving upward? This is not a matter of intuition or psychology, but in the response of common sense to the messages coming from the pocket-book G.H.Q.

Now that we have, according to your news from Ottawa, "two yardsticks for measuring living costs" supplied by the Bureau of Statistics, "the new consumer price index, measuring price changes since 1949, and the old cost-of-living index, showing the changes since 1935-39"; possibly we may be able to get a better-focussed picture?

As to that, I suppose we will have to wait and see. On the other hand, I really doubt if these costly figures will lighten the pressure, unless (which may be possible) they can be studied by the right people at the right time, and get reflected in national policy?

However, you may write me down as being pleased to get away from the grim period of 1935-39—for statistical comparisons—and forward to the more realistic idea of "measuring price changes since 1949". Apart entirely from the fact of having come through that former tragic period, at any rate "sound in wind and limb", I see a few words in my clipping-book credited to one of the farm leaders, in the course of an address a dozen years ago (Sept. 15, 1940) in Toronto, and which I carefully recorded at the time. It seems to me that they will deliver their own message to the average reader: "But the important point is that for the last ten years (1930-1940) the average income per farm has been only $400 per year."

Thanks for the opportunity to bring this latter (Believe it or Not) fact to the 1952 news-beam.

VETERAN ('16)

Bible Message

(From the Authorized Version)

Now there is at Jerusalem by the sheep market a pool, which is called in the Hebrew tongue Bethesda, having five porches. In these lay a great multitude of impotent folk, of blind, halt, withered, waiting for the moving of the water. For an angel went down at a certain season into the pool, and troubled the water; whosoever then first after the troubling of the water stepped in was made whole of whatsoever disease he had.

And a certain man was there, which had an infirmity thirty and eight years. When Jesus saw him lie, and knew that he had been now a long time in that case, he saith unto him, Wilt thou be made whole? The impotent man answered him, Sir, I have no man, when the water is troubled, to put me into the pool: but while I am coming, another steppeth down before me.

Jesus saith unto him, Rise, take up thy bed, and walk. And immediately the man was made whole, and took up his bed, and walked: and on the same day was the sabbath. . .

Afterward Jesus findeth him in the temple, and said unto him, Behold, thou art made whole: sin no more, lest a worst thing come unto thee. (John 5:2-9, 14.)

Unconsidered Trifles

"This crime," said the judge, summing up "was carreid out in a most adroit and skilful manner."

"Blushing, the prisoner interrupted, "Now my lord, no flattery, please."

✧ ✧ ✧

"Did you see how pleased Mrs. Smith looked when I told her that she didn't look a day older than her daughter?"

"I didn't notice. I was too busy watching the expression on her daughter's face."

✧ ✧ ✧

His proposal of marriage had been perfect—just the right combination of youthful ardour and tender hesitancy.

"Did you ever say anything like that to a girl before?" his sweetheart wanted to know—after she had accepted him.

"What!" he retorted. "You don't suppose it could be done like that the first time, do you?"

Unmarried Women

(Brandon Sun)

One of the speakers over the B.B.C. recently spoke of the attitudes of married people to spinsters, rather succinctly saying: "The attitude of society toward the unmarried woman has certainly changed a good deal for the better of late years, but it is still less civilized than it might be. The unmarried woman does not want to be pitied, but she would be glad if people would remember her disabilities; in fact, she would appreciate better manners. People who would not talk of investment before a poor man or picture galleries before a blind one, will compare their views as spouses and parents endlessly, apparently forgetting that she is present. They will tacitly assume that life has but one design and that she, as it were, has less claim to her place in the universe than they."

"Daddy won't love little boys who play motors outside his bedroom the morning after four days' driving in the rally."

Comic Strip Reaction Character Key

By ADELAIDE KERR

NEW YORK (AP)—Did you ever wonder what makes you laugh at a cartoon or comic strip while somebody else looks blank?

Kenneth Bird will tell you it's partly the kind of character you are—and Bird should know. He is editor of one of the world's most famous humor magazines: Britain's Punch. He is also known to its readers for the drawings signed Fougasse.

"If you laugh at a good timely or humorous drawing or strip, you are one of those who have an intense interest in your fellow man and an affection for him," he said on a recent visit here.

"One can learn more about a person and about the people of any country by studying what they laugh at than by studying their politics."

But your character is not the only thing that determines what you laugh at. The times and the place you live in have a lot to do with it too.

TREMENDOUS EFFECT

'Radio and the talkies had a tremendous effect on humor," Bird said. "Twenty-five years ago people got all their amusement from the printed word. Illustrations were detailed and captions were long.

"With the radio and talkies, everything became streamlined. You soak up impressions quickly. Humor must make its point on the wing. In time this had a terrific effect on humorous drawings. Contrast those of 25 years ago with James Thurber's barking seal and you will see what I mean."

Bird, a gray-haired, gray-eyed Briton who says he is 64 but doesn't look it, explained further:

"After every war comes a period of more definite harshness due to the war, and the theatre and humorous drawings reflect it. The Second World War brought another change. Today much of the drawing and many of the jokes look as though they had been done with the wrong end of the pen."

YOUR COLD Symptoms STOPPED In 24 Hours OR WE PAY YOU $1.00

No sniffles, no cough, no cold, no chills, no loss of time or illness—that's what Dr. Chase Brand Tablets must do for you IN JUST 24 HOURS!

At the very first sign of cold symptoms take 1 tablet. Take another every 4 hours up to a maximum of 4 in one day. If Dr. Chase Brand Tablets do not stop your cold symptoms in just 24 hours return the envelope of the small size or the direction sheet from the economy size to The Dr. A. W. Chase Medicine Co. Ltd., Oakville, Ont. Back comes $1.00 to you. Keep your family free of cold infections all winter with Dr. Chase Brand Tablets.

LOTS OF SUGAR — Canada's 12,000 sugar beet growers have completed a bumper harvest of 1,024,000 tons in 1952. This huge mound of beets is awaiting processing at one of three plants at Raymond, Alta., where the sugar run is estimated at more than 125,000,000 pounds. Alberta, Manitoba, Ontario and Quebec are the beet-growing provinces. Although prices are down this year from last, the crop is valued at $14,203,000.

Bumper Sugar Beet Crop Lower Prices This Season

By THE CANADIAN PRESS

Canada's 12,000 sugar beet growers have completed a bumper harvest, but lower prices pushed the crop's value well below that of last year.

The four beet-producing provinces—Alberta, Manitoba, Ontario and Quebec—grew 1,024,000 tons of beets this season. Although this is 82,360 tons more than in 1951, prices dropped an average of nearly $2 a ton to lower the crop's value from $14,978,000 to $14,203,000, a decrease of $775,000.

The juices extracted from the beets will be refined into 143,500 tons of sugar, about one-quarter of Canada's annual consumption. Most of it will be sold in markets close to the factories.

CUBAN IMPORTS HEAVY

The industry blames heavy imports of cuban cane sugar for the price decrease. They said wholesale prices of refined sugar have dropped $1.98 a hundredweight in the last 15 months.

Canada has an agreement with Cuba to import 75,000 tons annually but this year took 123,000 tons between Jan. 1 and Sept. 15 because the quota was not filled last year. Canadian producers said this amounted to "unlimited dumping."

Production and acreage declined sharply in Manitoba and Quebec, while Ontario remained about the same. But Alberta's record crop more than made up the difference.

Alberta growers, centred near Lethbridge, harvested 478,000 tons of beets from 36,778 acres, compared with 325,360 tons and 32,600 acres last year.

Ontario farmers planted 31,500 acres and reaped 340,000 tons of beets, compared with 31,400 acres and 340,690 tons in the previous season, but the estimated value dropped from $5,281,000 to $4,750,000.

BIGGEST REDUCTION

Manitoba showed the biggest reduction, 125,000 tons compared with 178,320 in 1951. Acreage decrease from 19,076 to 16,411.

Quebec growers sowed 8,300 acres to beets and harvested 85,000 tons, a drop of 12,000 tons and 1,400 acres from last year.

The price paid to farmers depen Alberta growers stand to profit most, with a high 17 per cent content. Average content is about 15 per cent.

Lack of water or proximity to coastal ports where imported sugar is available at low prices so far has acted as a deterrent to beet growing in other parts of the country. Alberta uses extensive irrigation to supplement its low rainfall.

Pesky Squirrels

GUELPH, Ont. (CP) — Black squirrels now are so numerous in the city and are causing so much damage to flowers and shrubs that many citizens are trapping them alive. The squirrels then are released in the woods a few miles away. One citizen using peanuts in a cage has transported five of the busy creatures to new homes.

Automobile TV

DUDLEY, England (CP)—Arthur Parkes fitted a television set with a nine-inch screen into the back of his automobile, operated by a 12-volt battery. Parkes claims any standard television set can be adapted by his method.

MacDonald Says Same Tenders Not Combine

By THE CANADIAN PRESS

Manufacturers who submit identical tenders in bidding for a construction or equipment contract are not necessarily combining to fix prices, says Canadian combines investigation director T. D. MacDonald.

In fact, uniform tenders may be an indication of very real and active competition, Mr. MacDonald adds in his 1952 report on combines investigations recently tabled in Parliament.

The question of the propriety of identical bids was brought to his attention by a number of public bodies, including municipalities.

Generally, says Mr. MacDonald, identical tenders can fall into two classifications. They may be a reflection of an actual illegal combine, or they may be nothing more than a reflection of common price lists.

"The ordinary published list prices of the tenderers may themselves be identical and the firms, by reason of a very active demand or otherwise, may be unwilling to better such prices and may simply quote them in making tenders.

NOT SIGNIFICANT

"In such cases identical tenders are no more significant than identical price lists and while they may result from some arrangement among the parties, they may, on the other hand, be due to real competitive forces.

To be on the safe side, he suggests to the municipalities that where there are identical tenders, they don't let all the bidders share in the business. Give the business to only one firm, he recommends.

"Over-all, a practice of awarding contracts to one individual firm is likely to have the effect of either breaking up the arrangement (if it exists) or of driving it into more formal lines which will be the more easily detected."

Make 9,000 Planes

WASHINGTON (AP) — The Aircraft Industries Association estimated today that U. S. manufacturers will produce about 9,000 military planes this year. This would bring total production of bombers, fighters and other planes since the mid-1950 outbreak of the Korean war to about 15,000. U. S. production during the Second World War hit a peak of 96,318 planes in 1944.

International Panel Says Lie Can Fire Staff Refusing To Answer Questions

UNITED NATIONS, N. Y. (AP) The United Nations had high legal opinion today to back up firings by Secretary-General Trygve Lie to weed out of the UN American Communists and those who won't say whether they have been Reds.

Lie's panel of three international jurists said in a 50-page opinion that under staff regulations and U. S. laws the secretary-general can and should:

1. Fire any UN staff employee who is an active member of the American Communist party.

2. Fire any employee accused of espionage, subversion or membership in an organization declared subversive who refuses to answer questions by a U. S. grand jury or Senate sub-committee on the grounds that his answer might incriminate him.

Either situation, the jurists said, is incompatible with being an international civil servant in the employ of the UN.

JURISTS SERVING

The jurists are William De Witt Mitchell, New York lawyer and U. S. attorney-general under President Hoover; Sir Edwin Herbert, leading London lawyer, and Paul Veldekens, professor of law at the Catholic University of Louvain, Belgium.

Their opinion was made public Sunday night as the Senate sub-committee on internal security prepared to resume its ... New York on communism ... A specialized agency ... organization, the international monetary fund, ... scrutiny.

The trio's findings are not binding on Lie but are expected to have a strong bearing on future UN policy toward Communists on the staff.

These were some of the other findings of the three lawyers:

No government can order the UN secretary-general around. He does not have to appear before any group to answer questions. He must keep the records of the UN confidential.

The secretary-general is responsible for his staff and its makeup. Any government that has charges against any employee should give the secretary-general full information. The secretary-general must act on whatever information he gets, with the aid of a confidential loyalty review board.

The secretary-general can fire anybody he can prove has been engaged in activities disloyal to the host country ... in this area ... U. S. — or thinks might be disloyal. And he should use that standard in hiring any new employees, the jurists found.

SPORTS SHOW WINDOW

By CEC. PERDUE, Sports Editor

Argos won the Grey Cup and are worthy senior football champions of Canada. Thus endeth another grid season, climaxed by that great sports spectacle in Toronto. Even Prime Minister St. Laurent took time beforehand to speak of it in a broadcast, emphasizing the value of the game in drawing closer together widely-separated parts of our vast country. Like many others, we would have liked seeing Edmonton take it—even Lionel Conacher, MP from Toronto, picking the Eskies in advance. The westerners made it a real battle before bowing 21-11, but they couldn't quite cope with Argos' passing attack. Carl Voyles, the Ti-Cats' coach, predicted their pass defence would fail them against the Argo aerial attack.

* * * * * *

Well, only one team can win, and Argos proved better. The game reminded us a lot of the Orfuns' final in Winnipeg a week earlier. Like Eskimos, the Orfuns drove hard in the last half to outplay the home club. But Orfuns' threatening march in the 4th quarter was suddenly halted by an interception, too, one which resulted in another major score for the poposition. Such a break is mighty tough for the club fighting to come from behind and really threatening to overhaul the team which has the advantage of home grounds and no travel fatigue. However, a winning club makes its own breaks in sports, and full credit must go to the champions. Our own gift to Argos, inside Les Ascott, came up with a first-rate performance again on Saturday. He usually does.

Strong Senior Hockey

Jim Ellis and the Petes' executive are still building for the tough OHA senior "B" schedule, most of which lies ahead. There isn't a soft touch in the loop this season, even Belleville knocking off the best of 'em at times. Kingston Goodyears are definitely strong, as local fans will see when the K's play here tonight, but the Petes are coming along and they'll be in the thick of it well ere playoff time. If Jim can get Bob Thorpe, Monty and one or two more out (and chances are good that he will shortly) the Petes will really roll, and meantime they're giving them all a scrap and winning a fair share of early-season tilts. Fans should flock out to see this hockey which is nearly up to senior "A" calibre. After all, Wade and Dugan stepped up to "A" this year without any trouble.

* * * * * *

It was no fluke for the Petes in the Limestone City on Saturday night. They snapped back to form on the big sheet to outplay Goodyears and outscore them 5-2 in a fine fray. Speedy and clean throughout, the Ellis men racked up a 3-0 lead in the first frame on goals by Mason, Fryia and West. An assist each went to Floyd, Greenlaw and Bob Wyatt, who turned in an effective chore in local livery. It was pretty even the rest of the way, Floyd and Wasson tallying next heat for the visitors as Collins and Spiker earned an assist apiece, while Partis and Stewart were Kingston snipers. No score in the third with the K's ganging up continually, Ray Harding being unbeatable and getting some fine backchecking from his mates. Yes, the Petes are doing okay for this time of year.

Team wrestling returns to the Brock on Wednesday eve in the main pro bout. Chief Big Heart has acquired another partner, Ken Ackles, to take on the tough Texan pair of Lou Plummer and Dick Raines, since the latter team trimmed the Chief and large Bill Stack in their last clash. Ackles proved most popular in a previous mat appearance here, so it shapes up like speed vs. villainy in this scrap. Wee Willie Davis (a mountainous matador) goes against Bull Montana in the semi-final of the card, while the prelim features Jim Coffield vs. Jack Wentworth.

* * * * * *

Down Sports' Rialto

Movies of the Argo-Edmonton game will be shown here this week and Art Cauley invited our grid Orfuns to see the film tonight or tomorrow....He hopes to have local high school players view it gratis later in the week....Local badmintoneers beat Belleville players 21-19 here Saturday night. Oshawa scribe says Belleville Glens' new goale has a blind spot on shots around his waist; that was after Oshawa beat 'em 7-2, but before Glens edged Kingston 3-2 Friday....Ted Nicholson has been granted his amateur card to play for Kingston....Petes' game here tonight is their last home appearance of the week, as they go to Orillia on Wednesday, and the junior IOOF-ers have Vics here Friday....Oddfellows trek to Oshawa this e'en....Cobourg intermediates won 6-4 o'er Bowmanville... Havelock and Norwood settle their TVL preseason series playoff at Civic on Wednesday p.m.....No less than 11 Winnipeg-born puckists perform this semester in the NHL, the Manitoba capital regularly supplying most of the top talent in that loop....It's time to winterize.

Men's Hoop League Opening On Tuesday

The Peterborough Men's City Basketball League opens this Tuesday night in the YMCA gym with a game at seven o'clock. It will feature the Merchants vs. MacPherson's Oilmen. The third team in so far is Outboard Marines and a fourth entry is expected shortly.

Al Northcott coaches Merchants, Hugh Dibben has the Oilmen and Bill Edger handles Marines. This strong hoop look will send a winner into provincial playdowns. The schedule for the circuit will be published this week.

ADAPTABLE OTTER

The otter, most adaptable member of the weasel tribe, can climb, swim and run for a short distance as fast as a fox.

Tough Texans To Battle Clever Mat Pair

Two of the most colorful wrestlers to appear in local mat circles will headline Wednesday's card at the Brock.

They are the Texas State tag team champions, Dick Raines and Lou Plummer and they will take on Chief Big Heart and Kenny Ackles.

The Chief is plenty burned up at losing last week's match to the champs, as Stack lost both falls while the Chief scored the only decision for his side.

Big Heart sought a stronger and more experienced partner and picked Ackles as the man for the job of taming the Texans. He says with Ackles as a running mate they will reverse the verdict. Raines laughed that one off saying: "We'll beat any pair they put up; how do they think we got this title?" It will be a battle royal.

Wee Willie Davis, Hollywood bad man, tangles with Bull Montana in the semi-final. Both men are rugged grapplers and a rough go can be looked for.

Jim Coffield and Jack Wentworth battle in the opener.

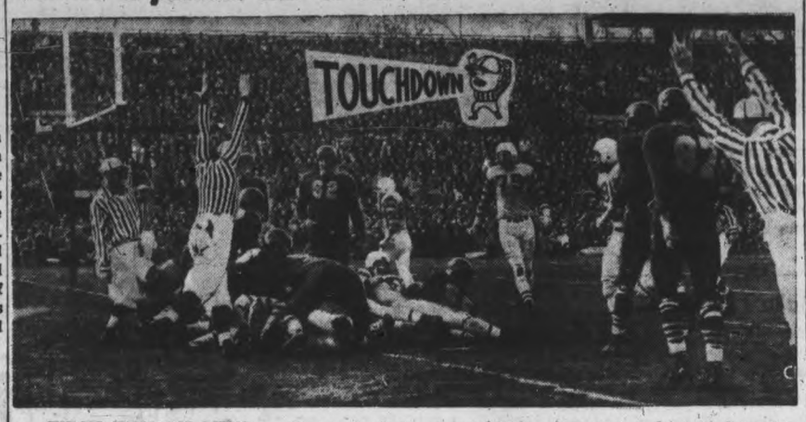
MAKES KICK-OFF — Trade Minister Howe kicks off for the start of the Grey Cup football classic at Toronto. Mayor William Hawrelak, of Edmonton, holds the ball while Toronto's Mayor Allan A. 'Lamport stands behind. Toronto Argonauts defeated Edmonton Eskimos 21-11 before 27,500 fans.



FIRST TOUCHDOWN — Quarterback Knobby Wirkowski sneaks across from Edmonton's one-yard line with Toronto Argonauts' first touchdown. Red Ettinger converted for Argos to make it 6-5 in the second quarter. Argos went on to win 21-11 over the Eskimos for the Dominion football title.

Scintillating Argos Take Grey Cup With 21-11 Win

By W. R. WHEATLEY

TORONTO (CP)—Toronto Argonauts, perhaps the greatest opportunist team in Canadian football, kept intact an unbeaten record for the Dominion championship with a 21-11 victory over Edmonton Eskimos. When Argos emerged on top Saturday, it was the 10th time they have captured the historic Grey Cup in as many tries. It was the third time in 31 years the Eskies have come east in search of the title and lost. It is doubtful if the big double-blue Toronto team has ever come up with a more brilliantly-executed game. Argos set up a pass defence that not only thwarted the pass-conscious Eskies time and again but, in the final analysis, led to the Westerners finally passing themselves out of beckoning victory with an inglorious attempt that was grounded.

There were "turning points" that swung the game first one way and then another before the colorful, record crowd of 27,395 jammed into Varsity Stadium.

The Eskies broke into a 5-0 lead in the first quarter. The Argos caught up and led 15-5 at the half. Late in the third quarter Edmonton struck again, with quarterback Claude Arnold tossing passes right and left.

Trailing 15-11, the Green and Gold team from the West went on the march again in the fourth quarter against a desperate, fighting Argo team. Then came the play that in reality decided the game.

With the ball on the Argo 17-yard line, Arnold took a direct snap far back and faded slightly to the right for a second-down pass. But the Argos had every eligible receiver blanketed.

As the Toronto front line crashed through on him, Arnold elected to throw deliberately into the ground instead of taking a yardage loss. But his short pass didn't reach the scrimmage line and the ball, free to the defensive team, was pounced on by Art Scullion. Edmonton's big chance was gone.

The Eskies regained possession later and this time Ed Soergel's interception stopped them. Soergel snatched a pass practically out of the hands of Rod Pantages.

Then quarterback Nobby Wirkowski dropped back for a long-considered play by Coach Frank Clair who latched onto his second title in three years. This was it, with the ball on the Edmonton 37. Instead of passing to Al Bruno, Wirkowski's target through much of the game who was surrounded by Eskies on this play, Nobby picked out Zeke O'Connor on the left and let fly.

NO ONE NEAR

With no one near him, Zeke gathered in the ball eight yards out and galloped on over for the touchdown that made Edmonton's cause practically hopeless.

It was the third and last touchdown for Argos. All were converted by centre Red Ettinger whose second-quarter placement gave the Toronto team a four-point working margin.

Little Normie Kwong, Edmonton's swift-footed China Clipper, scored both the Western touchdowns, Each time, with the ball about five yards out, Kwong was called from the Eskie bench by coach Frankie Filchock as the key man for the running play through the Argo line.

Arnold's passing paved the way for Edmonton's 5-0 lead in the opening quarter. Pantages took a short toss and streaked down the sideline for a 63-yard gain. He was brought down on the 10 and Kwong went over from the five-yard stripe on second down. Wilbur Snyder missed the convert.

DUPLICATED PLAY

Argos practically duplicated the pass play in the second quarter. With play on the Toronto 32, Wirkowski sent a long pass to Doug Pyzer that was good for 77 yards. Then from a yard out, Wirkowski smacked through on a quarterback sneak.

When Ettinger kicked the convert, Argos were in the lead to stay. Before the second quarter ended Ettinger had kicked a field goal from 17 yards out and Billy Bass had scurried over for a touchdown. The major came after Scullion had intercepted a screen pass on the Edmonton 30. Wirkowski's pass to Bruno was good for 18 yards, and on second dow nBass slipped through the left side of the Edmonton line for the touchdown.

Edmonton's third-quarter march started from almost on the Eskies' goal line. A fake kick play sent Jimbo Chambers off on a 33-yard run. The Westerners were halted momentarily but after a kicking exchan, Arnold nailed Pantages, Rollie Miles and Rollin Prather with passes. Eight yards from the Argo goal line, Kwong was again called in and again he made good. Snyder converted, and the Argos once more held only a four-point margin. At the height of the Edmonton drive came Arnold's grounded-pass fizzle and the westerners never threatened again.

BLAME THEMSELVES

The Eskies blamed only themselves for the loss. "We made mistakes and gave the game away," they said. Their three-week layoff since winning the Western title may have taken its toll. Argos were surfeited with football, playing an extra game against Hamilton Ti-Cats to win the Big Four title in three games before taking in stride the game with Sarnia Imperials, champions of the Ontario Rugby Football Union.

The western fan delegation took the defeat philosophically. Before the game they put on a mile-long parade—bands, floats and marchers—a colorful spectacle that has long been part of the Grey cup game. About 300 of the Westerners headed for home on a special train early Sunday—prepared to stage a home-coming welcome to their defeated but gallant team and to hope for another crack at the Canadian championship next year.

Argos Had Real Holler Gang Cheering Them On To Victory

By W. R. WHEATLEY

TORONTO (CP)—If ever a team had a real holler gang urging each other on to the Dominion football championship, it was Toronto Argos' swiftly-changing bench crew.

Offensive and defensive platoons trotted on and off the field Saturday and the chatter never let up. Coach Frank Clair paced up and down, chain-smoking, suffering agony on each set-back, wringing his hands but never lifting his voice when talking to his players.

He singled them out on this and that play, he dashed to the telephone to talk with his spotter, Argo Nick Volpe, sitting high up in the press box, but most of his bench talk was directed at quarterback Nobby Wirkowski, whose pass-tossing played a big part in Argos 21-11 victory over Edmonton Eskimos.

"WE DID IT"

When it was all over, Clair was the calmest man of the howling Argo contingent. With the final gun he said quietly: "We did it."

Then he trotted on the field to congratulate his players, but before he had picked up five yards Frankie Filchock, Edmonton playing coach and his old buddie 11 years ago with Washington Redskins, overtook him, shook his hand and said: "Nice going, Frank." And the argo Frank said: "You've got a hell of a good ball team, Frank."

Then came the usual whoop-de-doo in the Argo dressing room. Players pranced in yelling, shook hands with each other, back-slapped, with a few extra slaps to Wirkowski and big Al Bruno and Zeke O'Connor, who grabbed a touchdown pass for the points that just about decided the game.

"I think our pass defence was a big factor," said Clair. "And when O'Connor pulled in that pass and scored I felt we were safe. I knew our boys could play good, smart football, and that's just what happened. It was the all-out effort that won for us. We had been trying to shake O'Connor loose on a play and we did it."

BIG HOLLER GUY

Big Joe Krol, who did the hoofing for Argos, was the big holler guy on the bench.

"That's the way to cover him Cope," yelled Krol when Royal Copeland knocked down a pass.

With Clair peering at the play, running to the telephone to talk to his spotter, talking to his players as they entered or left the game, here's the way the chatter went:

Bob Marshall: "I can get in there and drive the right half in."

Clair to spotter: "Who was our man off-side on that play?"

Ulysses Curtis when Claude Arnold grounded a pass: "He threw it away, he threw it away."

Clair to spotter: "Check to see if the right half (Pyzer) was open on the last couple of plays."

Clair, whipping around when the ball changed hands: "Let's go, offence."

Vic Seixas Whips Candy Of Australia

MELBOURNE (AP)—Vic Seixas, U. S. Davis cup captain, whipped Don Candy of Australia 6-2, 6-4, 3-6, 6-0, today in the second round of the Victoria tennis championships.

Seixas will meet Ken Rosewall in a quarter-final match Tuesday.

Hamilton Richardson of the U.S. defeated hard-hitting Geoff Brown of Australia, 6-3, 5-7, 6-3, 13-11, in another second-round match.

HONOR BASEBALL STARS

PHOENIX, Ariz. (AP) — Allie Reynolds, veteran pitcher for New York Yankees, and Darryl Spencer, infielder for Minneapolis in the American Association, were awarded honors Sunday by the National Baseball Congress. Congress directors announced Reynolds won the organization's 1952 "achievement plaque." Spencer was voted the NBC graduate to make the best showing in the minor leagues last season.

Petes Trounce Kingston By A Count Of 5 To 2 In Neat Senior "B" Fray

KINGSTON (Special)—Peterborough Petes tightened the OHA senior "B" race here on Saturday night when they defeated the Kingston Goodyears 5-2 before 2,577 fans. The win moved the Petes to within two points of the third-place Goodyears and ties them with the Belleville Glen Roys' six points. Belleville had beaten Kingston 3-2 on Friday night. With Peterborough playing a terrific defensive game the last two periods and Kingston unable to control the puck, the game was exciting if not the best game the Goodyears had been in. Goodyears were fighting to overcome a first-period 3-0 lead erected by the Petes. Goals by Mason, Fryia and West put the visitors ahead.

A CLEAN GAME

Only eight penalties were called in the game, three in each of the second and third and two in the opening 20 minutes. Each club got four of the sentences, Floyd and Wasson scored the other two Peterborough goals with Ken Partis and Stan Stewart notching the locals' markers.

Mason took a pass out from the corner from Floyd to open the scoring at 5:52 of the first period. Then with Deans off for high sticking Fryia, Greenlaw and Wyatt combined to put Peterborough two up. The Petes held off the Goodyears when Wyatt as banished for high sticking and with the teams at full strength West scored the third for Peterborough late in the period.

HARDING GOOD

Kingston attacked strongly at the start of the second but Harding, in the Peterborough nets, was unbeatable. Johnson saved on a Peterborough attack with Kingston roaring back, Partis scoring from White and MceKown. Gerow and Myke missed in a play, then Fryia missed the net with Johnson on the ice. Fryia and Myke were sent off for high sticking with Floyd giving the Petes a 4-1 lead on a deflected shot. Both clubs were off until the 16:25 mark when Wasson and Spiker combined for the visitors' last goal. Stewart scored Kingston's second goal when he pushed the puck in the net from the crease. White and McKeown were given assists. The final action of the middle session came with White penalized for high sticking.

The three games in three nights began to tell on the Goodyears as they were unable to set up an attack or control the puck. Johnson stood out in the third period, turning back several Petes' attacks. Myke was given his second penalty of the game for charging and was followed by Wasson for hooking. In the last two minutes, Kingston used four and five forwards but they couldn't dent the Petes' defence or Harding's home. With only one second to go, Mason was given two minutes for slashing.

Peterborough: Goal, Harding; defence, G. Leonard, Wasson; centre, Greenlaw; wings, Wyatt, Fryia; alternates, Fennell, Hopkins, Spiker, Mason, Floyd, Collins, West.

Kingston: Goal, Johnson, defence, Stewart, Deans; centre, Partis; wings, McKeown, White, alternates, Watts, Londry, Gerow, Myke, Murray, Tinkess, Markle.

Officials—Jim Crombi; Bill Reason.

Summary:

First Period
Peterborough—Mason (Floyd) .. 5:52
Peterborough—Fryia (Greenlaw, Wyatt) 9:17
Peterborough—West 17:14
Penalties—Deans, Wyatt.

Second Period
Kingston—Partis (White, McKeown) 5:09
Peterborough—Floyd (Collins) .. 8:34
Peterborough—Wasson (Spiker) 16:25
Kingston—Stewart (White, McKeown) 18:40
Penalties—Fryia, Myke, White.

Third Period
No scoring.
Penalties—Myke, Wasson, Nason.

Long Passes Proved Downfall For Edmonton Eskimo Team

By ED SIMON

TORONTO (CP)—Edmonton Eskimos were a forward-passing club, but long passes killed them.

A glance at the statistics of Saturday's Grey cup final shows that the Eskimos threw more passes than Toronto Argonauts, completed more, had a better percentage of completions and gained more yardage through the air. But the long, payoff passes were tossed by Argo quarterback Nobby Wirkowski.

Wirkowski completed only eight passes in 19 tries while Eskimo quarter Claude Arnold was successful on 16 of his 34 heaves. Edmonton gained 261 yards through the air to Toronto's 235.

But Wirkowski set a Grey cup record by averaging 29.4 yards on his completed passes while Arnold's average pass play travelled only 14.3.

Wirkowski's 37-yard heave to Zeke O'Connor—the only direct touchdown pass of the game—was only the fourth-best of the day in terms of distance. The juiciest passing play was the Argo quarterback's heave to Doug Pyzer which netted 76 yards early in the second quarter and led to the first Toronto major two plays later.

Edmonton's best also led to a touchdown. It was from Arnold to Rod Pantages for 63 yards in the first quarter and enabled Normie Kwong to cross the line in another two plays.

Passes set up Edmonton's second touchdown, but the Eskimos did it the hard way. Rollin Prather, Pantages and Rollie Miles grabbed short passes for a total of 46 yards, interspersed by three ground plays, to enable Kwong to score again.

Wirkowski's passing performance eclipsed that of Tom O'Malley in the 1951 final. The Ottawa Rough Rider quarter set the previous Grey cup mark by averaging 28 yards in five completions to 23 yards on six heaves for Glenn Dobbs of the losing Saskatchewan Roughriders. Like Wirkowski, O'Malley had the poorer percentage of completions on the number of passes thrown.

The brilliant two-way game played by Miles showed up in the statistics as the Eskimos' Negro speedster led all players of both clubs in yardage gained. Miles' total was 155 yards, made up of 37 on ground plays, 62 on passes and 56 on runbacks.

Grey Cup Highlights

By WILFRED GRUSON

TORONTO (CP)—How much planning went into that touchdown pass Nobby Wirkowski threw to Zeke O'Connor?

Many of the strategists in the stands at the Grey Cup final Saturday noted that the tall outside wing hadn't been Wirkowski's target all day until he caught the 37-yard heave late in the final quarter. They swore Argonaut coach Frank Clair had planned it from the opening whistle.

Clair denied it after the game. He said the Eskimos had watched Zeke closely until the late stages.

"We saw they were leaving O'Connor uncovered, so Nobby threw to him," Clair said. Wirkowski's version was a bit different:

"Every time I came back to the bench I'd say, 'Now, coach?' Finally the coach said, 'Now,' so I threw to Zeeke."

The Royal York Hotel, headquarters for the thousands of football fans who converged on Toronto Saturday, was a madhouse after the game. With all the furniture removed from the lobby, fans milled about constanly. Lobby and corridors echoed to the shouts of the Edmonton and Argonaut fans long in the night.

The City of Toronto tendered a buffet dinner for the teams, Canadian Rugby Union officials and others who have made the East-West game into an annual classic. Around 500 persons attended and winning coach Frank Clair was kept busy receiving congratulations and explaining key plays. Frank Filchock, the Eskimos' coach, didn't attend.

The only untoward incident during the game occurred after Red Ettinger booted the convert on Argonauts' final touchdown. The ball was grabbed by fans in the end zone and the game held up for about five minutes while one of the officials and police argued with the group. The ball was finally handed over as more policemen walked over to send fans back to their seats.

Art Scullion, a defensive star for the Argos, announced his engagement to Anne Yevchak, of Toronto, after the game and he couldn't have picked a better time. He was one of the team's heroes and his alert playing had a major part in the Toronto win.

TV Has Trouble During Game

TORONTO (CP)—Televising of the Grey cup football game was marred only by a breakdown in the microwave relay equipment which caused a 29-minute cutoff in picture transmission.

A commentator Saturday carried on with a description of the third-quarter play until a repair man climbed 300 feet up the 500-foot steel tower of Toronto TV station CBLT and fixed the trouble. The picture resumed at the start of the fourth quarter.

Apart from this interruption, viewer reported reception excellent in the area within a 90-mile radius of the Toronto station.

Watchers in Niagara Falls, 40 miles southeast of Toronto, reported that at times the Toronto station's picture was clearer than one from a higher-powered station at Buffalo, some 20 miles from Niagara Falls.

The CBC retelevised highlights of the game Saturday night over its Toronto TV station.

The Toronto station reaches an estimated 106,000 sets in an area including Hamilton, Cobourg, Kitchener, Brantford, Welland, Niagara Falls and Buffalo.

Wings Begin To Hit Stride Clip Leafs Twice To Latch On To 2nd Place

By CRAIG ARMSTRONG, Canadian Press Staff Writer

Detroit Red Wings, defending champions of the National Hockey League, are beginning to act more like defending champions. The Wings vaulted from fourth to second place in the league standings as a result of two weekend victories over the slumping Toronto Maple Leafs. Saturday night the Wings downed the Leafs 3-1. Sunday night they won by a 4-1 margin. In the other Saturday contest, Chicago and Montreal played to a 1-1 tie. Sunday night Boston defeated Montreal 3-1 and New York and Chicago played to a 1-1 deadlock.

Chicago still leads the league with 28 points. Detroit is three points off the pace. Montreal is third with 23 points with Toronto and Boston tied for fourth spot one point behind the Canadiens. New York is deep in the cellar with only 12 points.

FIRST WIN

Saturday's Detroit victory was the first win for the Red Wings against the Leafs in five starts this season. Previously the Leafs had won two and there had been two ties.

Detroit scored two goals in the first period on shots by Johnny Wilson and Reggie Sinclair. Sinclair's tally came while the Leafs were two men short. Toronto's captain, Ted Kennedy, gave the Leafs their only marker in the second period. Gordie Howe got Detroit's third tally just after getting out of the penalty box.

Sunday Howe — tied with Wally Hergesheimer of New York in the league's scoring race — ran his string to 13 as he paced the Red Wing attack with a pair of goals. Wilson started the scoring for Detroit again in the second period with Howe notching his first before the end of the session. Tod Sloan tallied the Leafs' tally in that period. Early in the third stanza Lindsay made it 3-1 and Howe tallied from 10 feet out during a scramble in front of the Toronto nets.

BRUINS CLICK

At Boston, Johnny Peirson's first goal in his last 14 games gave the Bruins their first victory against Montreal this season. Maurice Richard had sent the Canadiens into an early first-period lead. Joe Klukay tied it before the session was over while Montreal was a man short. Then at 7:56 of the second period, Peirson put Boston ahead on a combination play with Jack McIntyre and Bill Quackenbush. Milt Schmidt scored the other Bruin tally.

Chicago's deadlock with New York was the third straight tie game for the Black Hawks In the second period Hy Buller and Ed Kraftcheck of the Rangers and Fred Glover and Cal Gardner of the Hawks staged a near free-for-all. Referee Red Storey dealt out 16 minutes on five penalties to the four, majors for fighting to Gardner and Buller; a minor for roughing to Kraftcheck and minors for high sticking and roughing to Glover.

Jim McFadden scored Chicago's tally in the first period. The Rangers quickly tied it when Kraftcheck scored on Neil Strain's rebound.

At Montreal Saturday, both goals came in the third stanza. Defenceman Bud Macpherson scored for Montreal on a passing attack with Richard and Billy Reay. Macpherson replaced the injured Elmer Lach on Montreal's top line Chicago deadlocked the game when right winger Gerry Couture scored on his own rebound.

Marlies Trip Galt 5-2; Irish Victorious

By THE CANADIAN PRESS

A family feud developed during an Ontario Hockey Association Junior A doubleheader in Toronto.

The battle Sunday involved the James and Chapman clans. Toronto Marlboros' lusty Gerry James drew the wrath of the Chapmans when he boarded youthful Philip of Oshawa Generals, then high-sticked him for seven stitches. Philip Chapman, Sr. was so incensed that he tried to throttle young James and had to be restrained and ejected.

The injury was ruled deliberate and James received a match misconduct and an automatic suspension.

It was a good day for Toronto teams as Marlies won 5-2 and St. Michael's downed the skidding Guelph Biltmores 4-2.

WIN FOURTH GAME

Windsor Spitfires seem to have the number of at least one team in the league. They won their fourth of the season and their second straight from Galt Black Hawks Sunday 3-2 in overtime. Saturday night the Marlboros made it a blank week-end for Galt by dropping the Hawks 5-2.

St. Catharines Teepees struck five times in the first period in their Saturday night win in Oshawa where they downed the Generals 7-3.

Kitchener - Waterloo Greenshirts started an interlocking schedule tour of Quebec with a 4-3 loss to Three Rivers Reds Saturday night and a 3-3 tie Sunday with Montreal Royals. Quebec Citadelles edged first-place Montreal Canadiens 4-3 in Quebec Sunday.

Wally Maxwell and Louis Bendo each scored two in the Marlie win with Parker MacDonald getting the other. Don McIntosh scored both Oshawa goals.

SCORES TWICE

Mike Ratchford scored twice for St. Mike's against Biltmores and Ed Plata and Murray Costello rammed in others. Ron Murphy and Danny Blair notched Guelph counters.

Marlin McAlendin scored two goals in the Windsor overtime victory with Ted Reid getting the other. Jim McBurney and John Sleaver scored for Hawks.

Marlboros' Saturday win in Galt saw scoring divided among Parker MacDonald, Eric Nesterenko, Dave Reid, Wally Maxwell and Gerry James. Kenny Wharram and Long John Sleaver scored Galt goals.

The Teepees rolled to an easy win over the Generals as Willard Haas scored two, Charlie Marshall three and Wimpy Roberts and Don Nash singles. Jack Armstrong, Fred Etcher and Roger Maisonneuve fired th Generals' markers.

Jean Leclerc scored in overtime Saturday to defeat Kitchener. Herve Lalonde, Leclerc and Yvan Houle brought the total to four. Orv Tessier notched two for the Greenshirts and Real Mongeon hit for a single.

GOAL-GETTERS

Greig Hicks, Harry Collins and Buddy Horne were Greenshirt goal-getters Sunday. Brian McCann, Kenny Naylor and Morrison tied it up for Montreal.

In the battle between Quebec and Canadiens Camille Henri scored two for Quebec. Gabby Alain and Raymond Cyr accounted for other Quebec goals. Guy Rousseau, Brian MacKay and Dennis Boucher notched Canadien goals.

Remember When —

By THE CANADIAN PRESS

Toronto Argonauts smothered Winnipeg Blue Bombers in the Grey Cup final seven years ago today, starting a run of three consecutive Canadian football championships for the Argos. A crowd of 19,000 shivering fans at Toronto's Varsity stadium saw the 1945 classic.

"Could I keep working?"

A Serious Question for One Suffering from Arthritic Pain

"I suffered a great deal from such pain in my legs, knees and other joints, that it was hard to do my work," writes Miss Thelma Johnson, Picton, Ont. "I was having so much trouble, I wondered if I would be able to continue at my job. Then I learned about T-R-C's. What a fortunate day that was, for I have had the very best sort of relief. I wouldn't want to be without T-R-C's in the house."

Don't suffer needlessly from relentless arthritic pain. Get quick relief from dull, wearisome aches caused by Arthritis, Rheumatic, Neuritic, Sciatic pain, Lumbago or Neuralgia. Start taking Templeton's T-R-C's today. 65c, $1.35 at drug counters. T-639

Mackell Has Narrow Escape

BOSTON (AP)—Fleming Mackell, Boston Bruins' leading scorer, had a narrow escape from serious injury when he suffered a cut on the left external jugular vein during Boston's 3-1 triumph over Montreal.

Mackell, who has 10 goals already in the campaign, was carrying the puck toward the Canadiens' net at Boston Garden Sunday night when he was dumped by Doug Harvey, rugged Montreal defenceman.

Harvey drew a penalty for interference but the neck cut was unintentional.

The Montreal-born Mackell was able to skate to the Boston dressing room following the mishap, late in the opening period. Five stitches were required to close the wound.

Sullivan Paces Bears To 3-2 Win

By THE CANADIAN PRESS

Hershey Bears, in a strong drive to take over leadership of the American Hockey League, now are within two points of the league-leading Cleveland Barons.

The Bears nipped Buffalo Bisons 3-2 Sunday. Pittsburgh Hornets scored a 6-2 victory over Providence Reds and St. Louis Flyers defeated Syracuse Warriors 3-2.

Saturday Syracuse defeated Providence 2-0, Buffalo and Pittsburgh played to a 3-3 deadlock, and Cleveland routed Hershey 10-2.

The Bears came back strong after Saturday's humiliating defeat. Two fights enlivened the action. George Sullivan paced Hershey with two goals and the other was by Dunc Fisher. Hartley McLeod and Ross Lowe scored for the losers.

Motto McLean scored two goals and assisted in the third to give St. Louis Flyers their win.

Pittsburgh Hornets scored five times in the second period in their win over Providence. It was the fifth straight loss for the crippled Reds, with Ray Laplante and Johnny Michaluk out with injuries.

Red Soldiers Have Dull Life In Winter Camp

By VINCENT BUIST

BERLIN (Reuters) — A quarter of a million Soviet troops in East Germany have moved into winter quarters after spending seven months in the open — and they aren't happy about it.

Germans and Western Allied personnel here who have made any contact with these troops unanimously agree that they are the most homesick army in the world. They march on their memories of home.

There are plenty of other reasons why Ivan, sitting in his guarded compound, feels isolated and unwanted. Compared with the Canadian, American, British and French troops in Germany, he does not get much fun out of life.

He works hard for about 20 cents a day. Rations, by western standards, are meagre. Discipline is harsh. Above all, the political side of army life is so well organized that the ordinary soldier feels that he is always being watched.

To the ordinary Soviet soldier, his one big break of the year comes in summer when manouevres take place and he can enjoy comparative freedom of life in a foxhole.

Fraternization with Germans is punishable either by reduction in rank or by up to 10 years' corrective labor. In Berlin, the Soviet troops are kept off the streets. Most of their time is spent inside their compound at Karlshorst, on the fringe of an East Berlin workers' district.

Local people call it the "ghetto" because the Soviets have stationed themselves inside a metal fence, five feet high, which runs round the 1½ perimeter of the compound.

In West Berlin, the Allied occupation authorities have chosen the pick of residential areas in which to house their army and administration staffs.

Not so the Soviet occupation people at Karlshorst. They live in a block of brown-grey houses, which have had no new coat of paint for years. The rooms are curtainless and lit by low-powered yellow lamps. Armed Soviet soldiers guard all exits.

Find Eskimo's Body

HAMILTON (CP)—The body of a lonely Eskimo who walked out of the Mountain Sanatorium two months ago to find a way to return to his northern Quebec home was found Saturday half a mile west of the institution. David Mikeyook, 60, had been dead a few days, Coroner Dr. A. Jichalski said. The coroner believed the cause of death was starvation and exposure. No inquest will be held.

Plane Turns In Alarm

TORONTO (CP)—A fire alarm was turned in by a Trans-Canada Air Lines plane flying over Toronto township Sunday night en route from Buffalo to Malton airport. The pilot noticed a barn on the farm of E. W. Reeves of Hornby on fire and notified Malton airport by radio. Firemen prevented the blaze from spreading to other buildings.

Fails To Gain Land

BRANTFORD (CP)—Brantford's hopes of acquiring the 90-acre Glebe lands on the eastern outskirts of the city did not materialize Saturday. The Six Nations Indians voted 112 to 40 in favor of selling the land. But there is now hope a second plebiscite will be held. But the Indian Act requires at least a 50-per-cent turnout of eligible voters and the total possible vote was about 3,500.

Public School Gutted

ELMWOOD (CP)—Fire Saturday gutted the two-storey Elmwood public school in this village 35 miles southwest of Owen Sound. Cause of the fire was not determined, nor was there any immediate indication of the extent of the damage. Fire brigades from Hanover and Chesley fought the blaze for more than three hours but were unable to save the building.

Movie Column

Makes 1st Movie In Egypt In English

By BOB THOMAS

HOLLYWOOD (AP) — An American citizen who was born in Russia and educated in France has returned from making the first English language movie in Egypt.

The international character who claims this distinction is Victor Stoloff, a producer-director and man of many talents.

Stoloff spent his early years in Egypt and then was shipped off to school in Paris. He returned to Egypt and went into the movie business. He made about two dozen films, among them some distinguished documentaries. When the Second World War broke out he went to the U.S. and became a Hollywood movie-maker.

He is one of those energetic men who can put together what Hollywood calls a package. That is, he collects a script, a source of money, some talent and makes a movie. This is how films were created in the old days, but it's no small feat now.

Stoloff devised a package called "Tales of Cairo." It was an episodic feature about three phases of life in Cairo. Somehow the package managed to stay tied, and Stoloff gained permission from the Egyptian government to shoot the film. He used American actors, plus some Egyptian stars.

"After I had the picture finished, I came close to losing everything," he related. "I was ready to fly out of the country with the film just 17 hours before Farouk was deposed.

"The officials at the airport wouldn't let me leave with the film. I was afraid that some whim of the government would confiscate the whole picture. I frantically phoned all the top officials I knew. Finally after five hours' delay, I convinced them the picture was good for Egypt."

Stoloff said that his film is the first English-speaking film made in Egypt. But pictures in the Arabic tongue are a thriving industry, he reported. Cairo has 10 studios which produce 35 pictures a year.

Raid Gambling Casino

DETROIT (CP)—Fifty men were arrested Sunday following a predawn police raid on River Rouge Anglers and Social Club at suburban River Rouge where, police said, a gambling casino was operated. Police chopped their way through two doors to gain entrance. Justice of the Peace Roy Hall imposed fines ranging from $35 to $50 each on some 43 men charged with frequenting a gaming establishment. Seven others were held for investigation of maintaining and operating a gambling establishment.

Restrict Fath's Stay

NEW YORK (AP)—Fashion designer Jacques Fath, arriving here from France, was taken into custody by immigration officials Saturday, but later it was announced he would be released conditionally. Edward J. Shaughnessy, head of the immigration service, said Fath must not stay in the US more than 10 days. He said the action was taken "for security reasons."

Explosion Kills 7

NEDERLAND, Tex. (CP)—Seven men were killed in an explosion and fire Saturday night that shook this coastal town of 7,500 and was felt 12 miles away. A huge petroleum cracking unit at the Pure Oil Company refinery exploded. Twelve men were working inside the 200-foot-high tower using both heat and catalyst chemicals in the cracking of petroleum to make high-octane gasoline. Three were hurt and two escaped injury.

Plane Toll Up To 37

TACOMA, Wash. (AP) — The death toll in Friday's pre-dawn crash of a military transport from Alaska rose to 37 Saturday. Airman Bobby R. Wilson of Fort Worth, Tex., died of fractures and burns he suffered in the crash near McChord Air Force Base.

15 PRIZES WEEKLY

RULES OF CONTEST

In the RADIO AD-O-GRAMS heading there are six phrases or slogans which have been taken from advertisements of this feature. In making up your solution number from left to right and write names of advertisers where you find each phrase or slogan. To make your solution eligible for entry, attach it to a slip or label showing that goods or services have been purchased from any one of these contest advertisers.

From all correct and eligible solutions 15 will be drawn and prizes awarded in the order in which they are drawn: 1st $5.00 Merchandise Order; 2nd Photo by Parks' Studio, nicely mounted in a folder; 3rd $3.00 Merchandise Order; 4th $1.00 Merchandise Order; 5th $1.00 Merchandise Order. The next 10 will each receive an Odeon Theatre Ticket.

Mention the "Radio Ad-O-Grams" advertiser on whom you wish your prize order. Address replies to the "Radio Ad-O-Grams" editor and make sure they reach the Peterborough Examiner by Friday.

Be sure to attach a receipt with each entry as proof of purchase made this week from any firm co-operating in this feature.

RADIO Every Monday the Radio Ad-O-Grams will be announced over CHEX and attention directed to the page in that day's Peterborough Examiner.

VOL. CV. No. 128 — MONDAY, DECEMBER 1, 1952

MAIN STREET TOPICS

CUSTOMS RECEIPTS

Customs receipts for November totalled $919,696.78, up more than $350,000 from the November, 1951, total of $661,756.61.

ATTENDED MEETING

William Graff, librarian, attended the executive meeting of the Ontario Association of Film Councils held in Toronto Saturday.

$100 FIRE

A cigarette butt is believed to have been the cause of a fire in a wooden garbarge chute at the Charlbond Apartments, Charlotte St., late Saturday night. Firemen used a booster line on the blaze and damage is estimated at about $100.

KNOTT REMANDED

Gale E. Knott, charged with the murder of Wesley Taylor on November 23 on the Curve Lake Indian reserve, was remanded in custody today in magistrate's court until December 8. Both the Crown and the defence implied that they will proceed with the preliminary hearings probably on December 17.

UPWA PRESENTATIONS

At a social evening Saturday night by Local 293 of the UPWA two union members were presented with going-away gifts. W. J. (Bill) Beggs, president of Local 293, received a brief case from the executive board and steward's council of the local. And Watson Butcher, financial secretary, received a billfold. Mr. Beggs, a candidate for alderman in today's election, is joining the permanent staff of the Packinghouse Workers and Mr. Butcher is leaving Quaker Oats. The wives of both men also received gifts. Chairman for the night was Herbert Hennessey, chief steward.

Ex-Princess Mother

LOS ANGELES (AP) — The former Princess Fathia of Egypt, stripped of her title and fortune by the now-exiled King Farouk, is the mother of a new son.

The ex-princess — Mrs. Riad Ghali, 21 — gave birth to a seven-pound five-ounce baby Saturday night. Her husband is Riad Ghali, a former member of the Egyptian diplomatic service.

King Farouk became displeased when his sister married the commoner in 1950.

MRS. JANE THOMPSON

Car Veers, Hits Pole, Wife Of Driver Hurt

Mrs. Barbara Chapman, 18, of 334 Rogers St., is in St. Joseph's Hospital with a cut nose and possible chest injuries, the result of a car accident early Sunday morning on the northern outskirts of Peterborough.

Mrs. Chapman was in the front passenger's seat of a car being driven south by her 20-year-old husband, Edward Chapman. The car went out of control as they were driving up a hill, veered to the east side of the River Road and smashed into a hydro pole.

The impact threw her forward against the dashboard of the car and she suffered a cut below the eye, a mashed nose and a chest injury. Mr. Chapman injured a leg but he did not require hospital treatment.

The front end—grill, bumper and radiator—were damaged to the extent of about $250.

Mr. and Mrs. Chapman had taken some friends home and were returning to Peterborough when the accident occurred about 1 a.m. Sunday, just north of the city limits.

OPP Constable Tom Armitage and Jack Ricard investigated.

Take More Immigrants

NEW YORK (AP) — Labor Secretary Maurice J Tobin said Sunday the United States can absorb several hundred thousand immigrants every year without burdening the nation's economy.

Tobin, in a speech prepared for the closing session of the convention of the national committee for labor Israel, opposed immigration restrictions in the present law.

Detailed Record Of District Kept By Westwood Woman

When Mrs. Adelaide Hoodless of Stoney Creek, Ont., started a movement 50 years ago "to improve conditions of home and community and keep alive the spirit of patriotism" for the rural women of Canada, her dreams spread farther than she had planned.

Today, the Women's Institute is Empire-wide. Her aims were advanced another step by Lady Susan Tweedsmuir when she was chatelaine of Government House in Ottawa. She campaigned for the keeping of community records by responsible women and now, 20 years later, some splendid scrapbooks are to be found in any number of rural centres.

One of the finest books of this type is being kept by the Westwood Branch of the Institute by honorary president Mrs. Jane Thompson.

Their first branch president, she has lived in the community for the past 83 years. She is extremely alert to the value of the rural record. Her enthusiasm and fine selection of material would lead one to believe that it is a ruling passion with her.

FRIENDLY GROUP

The heavy leather-bound ledger has as its hand-drawn title page, "Cleich, Cleich, Clumpti," translated as the "Friendly, Friendly Group," or the Westwood Branch. With a fine touch of the historical, colored pictures of all British monarchs from George IV follow next. This fits in with the founding of the village, 1820, when the land was purchased from Oliver Church of Lot 4, Concession 4, Burleigh Township. (Church descendants still live in the Mount Julian-Haultain district.)

The village and its Post Office was known as "Asphodel" until 1861 when it was changed to "Westwood". This information is shown in a list of Postmasters and their respective terms from 1836 to date. A random selection of interesting records follow:

Old maps of the township and village and an original pencil sketch of the former John Powell home by the Rev. M. A. Farrar.

Story and picture of the district's oldest resident, Mrs. Robert Harris, who died at the age of 103 years.

A faded photo of Mr. and Mrs. Matthews, immigrant settlers from Kent, England, who first started to grow hops at Westwood. Many farmers followed suit and hop growing for breweries in Peterborough was an important part of farm economy.

GIANT TREES

Several photos showing saw and grist mills told of the importance of those industries, especially of the woods. Giant trees existed as late as 1904 when a massive elm was felled on the farm of Patrick Fallen. Its eight-foot butt took teams of choppers two days to cut their way through it and the huge chunk was transported by four-horse teams to the railway at Norwood. It was shipped to the St. Louis World Fair where it was viewed by thousands of people.

The story of the widow Margaret Walker Cardwell of County Antrim, Ireland, and her experiences as district mid-wife was elaborated on by Mrs. Thompson, one of "her" children.

The purchase of 20 cords of wood by the School Board for $17 . . . The obituary notice of township assessor, Modest Elmhirst . . . the Westwood Cricket Club that beat Peterborough in 1879 . . . Pictures and stories of district men who fought in the Rebellion of 1837, the Fenian Raids, the North-West Rebellion, the Boer War and the two World Wars, and of those who didn't return.

The entries are too numerous to mention but are vital information to Westwood's history, nevertheless. The last additions that are now being sorted and pasted into the scrapbook are this year's newspaper stories of the ancient Indian village sites at Cameron's Point on Rice Lake.

"That will certainly give the Township of Asphodel an ancient background," said Mrs. Thompson as she wielded her paste brush. "I hope I can get hold of the complete archaeological report for my files."

Parked Car Hit

A parked car was involved in a hit-and-run accident Saturday about midnight and received about $65 damages. Owned by J. W. Richmond, 431 Gordon Ave., the car was parked on Aylmer St. when sideswiped by a southbound car. Constable William G. Scott investigated.

Farmer Dies, Crushed Under Truck

Half-Blind Man, 71, Slips, Falls Beneath Rear Wheels

COBOURG (ENS)—An elderly farmer, Edwin Baker, 71, of R.R. 6, Cobourg, was crushed under the rear wheels of a gravel truck when he lost his footing and fell in the driveway of his farm Sunday evening.

The rear wheels of the truck passed over the lower part of his body and he died in a few minutes.

Police said today there would be no inquest.

Mr. Baker had ordered a load of gravel for his driveway which has low banks on either side. Ernest Davie, R.R. 1, Cobourg, had brought the load of gravel to the farm and had started to spread it along by tilting the box of his dump truck and letting the gravel slide out the back as he drove slowly along.

This is how he related the accident to police.

His truck was facing west as he started to drive up the driveway with his box tilted about half way. Baker's son, Allan, 32, who was running the farm, was standing about 15 or 20 feet in front of the truck.

WAS BESIDE TRUCK

After going a short distance, he stopped and saw Baker's flashlight beside the truck which indicated the elderly man, who was partly blind, was standing up on the bank about half way down the truck.

He tilted the box up all the way and started forward again. He heard a scream and he and the son, Allan, ran to the rear of the truck. Together they pulled the elderly man from under the wheels but he died before long.

OPP Constable William Warner, who investigated, said there were loose stones and gravel on the bank and thought Baker may have slipped on these and skidded down the bank under the wheels.

Baker's wife died last June.

Coroner Dr. R. McDerment was called and pronounced the man dead.

Safecrackers Try Again At Oil Depot

COBOURG — (ENS) — Safecrackers paid a return visit to the oil depot area on the lakefront Sunday morning around 4 o'clock when they tried to get into the safe at the Sunoco depot office.

Constable Homer Seale on night patrol found that entrance had been forced into the office via a door. The small safe had been tipped on its side and had been tampered with but unopened.

Two railroad rail lifting bars and an axe were left behind. Apparently the safecrackers had been scared off by the approach of the constable. Two weeks ago the office of the Imperial Oil depot was broken into. Frightened off on that occasion by the constables on patrol, the safecrackers abandoned a coil of wire, detonators and a bottle of explosive.

Suicides In Jail

INDEPENDENCE, Kas. (AP)—A young aircraft worker who was freed of blame a year ago in the wreck of a loaded bus on San Francisco bay bridge in which seven persons were killed, hanged himself in city jail Saturday night.

Police said C. C. Russell Jr., 22, hanged himself shortly after his arrest on charges of intoxication and using profanity in a public place. Russell was driving a car that knocked a big chunk of concrete into the bus path last year. He was acquitted of liability.

Ald. John A. Dewart Wins Pat On Back After Election

A personal sketch of Ald. John A. Dewart with particular reference to his business, military and civic interests is published in the Financial Post of Saturday, November 29. It was inspired by his recent election to the presidency of the Canadian Seed Trade Association.

"This organization," the Post mentions, "draws its membership from all parts of Canada, and includes a score of leading firms in the United States and a few from Britain."

The facts and progress of the career of Ald. Dewart are generally known in this community and district, and are related in an interesting style in the Post's editorial page feature under the caption "Post Scripts." The text follows:

"A lot of his fellow citizens must envy Jack Dewart, of Peterborough, Ontario. He's his own boss. His business takes him out of doors. He's been active in community and trade association circles. He's soldiered in two world wars. On top of all this, if he wants to hunt, and that's his favorite sport, he doesn't have to travel hundreds of miles. Within twenty minutes' drive of his office he can find deer, partridge, rabbits or ducks, or if he prefers, a golf course. No wonder fair and stocky Jack Dewart would pass for a man 10 years younger than his actual age, which is 60.

"John Alexander Dewart has been a school teacher, a soldier and a country storekeeper. He also worked for a time with Imperial Oil. Since 1922, however, aside from service in the Second World War, he has concentrated on grain, milling and seed business, under the name of the Dewart Milling Co. of which he is the president.

BORN ON FARM

"Dewart was born on a farm near Warsaw . . . went to school there and in Norwood, then to Normal School in Peterborough. He taught school for three years then enlisted with the infantry in the First World War. When that was over, Dewart was a captain with an MC and a wound from the Battle of Cambrai. In between wars he was active in local military circles, was moved up to major and ultimately to full colonel. In the Second World War he commanded the Prince of Wales' Rangers. Today he's chairman of the local Civil Defence Committee.

"It was shortly after the end of the First World War that Dewart decided to be his own boss. He purchased a general store and grain business at Indian River and gradually acquired several country grain elevators, in the Peterborough district. In 1930 he purchased a grain and seed business in Peterborough and added a flour milling firm in 1939.

"While building up his own business, Jack Dewart has found time for trade association and community work too. He has been active in both the Canadian Seed Trade Association and the Ontario Flour Millers' Association, is a member on the Peterborough City Council.

"In 1923, Dewart married Emily Ballard, of Madoc, and they have one son and one daughter. In religion, Dewart is United Church, in politics a Liberal.

Public School Children Learn About Elections By Marking Ballots For Municipal Candidates

Municipal election day, its purpose and procedure, was reported to have been reflected in senior grades of Public Schools this morning.

A secret ballot was provided for the older scholars as a means of introducing them to the fundamental form and process of choosing representatives in the several elective departments of the city's administration.

City Clerk Outram remarked that this was an objective development of the idea of essential education in civics which was adopted in the city schools when the council moved in on their class rooms to set up polling booths some years ago.

It was an economy in election costs, and school teachers were asked to devote the first hour from 9 to 10 a.m. to an explanation of the significance of local elections. Classes were then dismissed for the day, and the deputy returning officers took possession of rooms and set up booths. Since then, it appears, principals and teachers have expanded the idea into the practical details of selecting candidates and marking ballots on the basis of the secret [illegible]

"I think this is an excellent development," Mr. Outram said. "I heard about it for some of the young folks who telephoned to the City Hall wondering whom they should vote for. Of course, we could simply tell them that decision was entirely up to themselves both as a right and a duty, now and in future when they have grown up into the years of full citizenship."

Rambling Reporter

SUNDAY'S DARKEST MOMENT

Children are unpredictable, just when you expect them to do what you wish, they do the opposite. At least that's what one Peterborough minister found out during his Sunday morning sermon. The minister was telling the children a story about a young boy who made a hero of his father. He paused a moment to ask: "How many of you would like to be like your father?" Not one hand was raised. The congregation chuckled and the minister hurried to the story's end.

County Endorses Resolution On Parents' Aid

A municipality should have the authority to make grown children financially support their parents. That is the view of the Peterborough County Council and they have endorsed a resolution from the city of Chatham that the provincial government be petitioned to pass the necessary legislation.

The children should also pay the cost of burying their parents, the councillors claim.

At present under the Parents Maintenance Act, parents can take legal action to have their children contribute to their support. Few parents do this, however, so the county council would like to see the municipality given authority to step in and make the children contribute.

The cost of looking after indigent patients in hospitals is becoming an increasing burden to municipalities, said the Chatham resolution. Many children who are earning a living do not face up to their filial obligations and the result is that the municipality must pay for the old folks.

COLLUSION USED

In some cases, the Chatham resolution observes, there has been collusion between parents and children so the latter can escape their financial obligation. Thus the municipality has to foot the bill.

The motion to endorse the Chatham resolution was by Reeves Ernest Leeson and James Humphries.

Old people and indigents were the subjects of two other resolutions.

County Council endorsed a resolution from Brant County that the Old Age Security Division of the Department of National Health and Welfare should send the pension cheques of residents in homes for the aged and infirm direct to the municipality. Councillors felt that sometimes friends or relatives get part of the indigents' cheques.

The motion was by Reeves Ernest Leeson and Clive Hoard.

A somewhat similar resolution, from Hastings County, was endorsed on a motion by Reeves Roland Tedford and Gordon Fitzgerald.

WOULD USE PENSION

It requested that hospitals, if they believe an old age pensioner to be an indigent, can apply to the regional office so part of the old-age pension cheque can be applied to the indigent's account.

Another resolution from Waterloo county was endorsed on a motion by Reeve Ernest Leeson and Deputy Reeve Robert McAdam. It requested the "residence" clause to be changed so that children, old people and indigents should be the responsibility of a municipality annexing an area. At present they remain a charge on the municipality, a part of which is being annexed.

It was reasoned that this was unfair to the municipality being annexed.

The federal government is to be petitioned asking that the floor price on beef be applicable to 500 pound carcasses. At present the standard is 700 pounds.

This resolution from Perth county was concurred in after a motion by Reeve Norris Whitney and Deputy Reeve McAdam.

The Ontario Minister of Agriculture and the Livestock Commissioner are to be asked to permit township councils to decide the dates for warble fly spraying. Other resolutions: By Reeve Willard Waterman and Reeve Gordon Fitzgerald that Grade 13 students trying nine subjects of their honor matriculations should be allowed to write supplemental examinations if they fail on one or two subjects.

No action was taken on a resolution that the province increase its per capita grant on social services by $5; nor on one from Huron county that Nov. 11 be made a province-wide holiday.

Further consideration is being given to a resolution that the Department of Highways increase its grant on roads where the traffic serves the province as a whole, not just the local municipality.

City Firemen Ask 48-Hour Week, Salary Revision

Peterborough's firemen are asking for the 48-hour week, instead of the present 56 hours, in the proposed working agreement for 1953 which they have deposited at the City Hall.

The Department would continue on the two-platoon basis. Some revision of the scale of salaries is also sought. While looking over the books of 1953, the firemen are still patiently waiting for the settlement of the salary and wage terms for 1952, as proposed by them in the draft agreement presented to the council prior to December 1, 1951.

Council and the Fire Fighters' Association failed of agreement in their negotiations on the salary clause in the proposals for this year. Their claims were finally referred to a board of arbitration. A hearing was held here, and it is expected that the board's report will be announced before the end of the year.

The firemen are still receiving pay cheques on the basis of 1951. Everybody agreed that last year's salaries would remain in effect through 1952 until arbitration decided what the 1952 scale should be.

BONUS TANGLE

It may be remembered that city council's main objection was to the firemen's request that the cost of living bonus, at the time, be incorporated in the salaries.

Arbitration was held up through the holiday season, but finally heard the evidence of the two parties, retiring into silence after adjournment, until a recent intimation that a report might be expected "any day now."

Meanwhile, the firemen's outline of a working agreement for next year has been delivered at the City Hall, and is probably on the file of the council for its first meeting this month.

Ear Chewed Off

OSHAWA (CP) — Gordon Richardson recently lost his ear. Police say it was chewed off during a sidewalk scuffle and described his assailant as "a fly-by night."

Woman Dies As Car Skids Into Truck

Elderly Passenger On Way To Bethany Dies In Hospital

Mrs. Harry Hannah, 72, of Carnarvon, died in Lindsay hospital Sunday morning from the effects of a broken pelvis and severe shock sustained Saturday morning in a car accident north of Fenelon Falls.

The elderly woman was fatally injured while riding in the front passenger's seat of a car driven by her 73-year-old husband.

HIGHWAY SLIPPERY

The couple were driving from their home at Carnarvon Saturday morning to visit friends in Bethany, when they noticed a milk truck pulling out of a farmer's lane onto the highway. Hannah applied the brakes and the car skidded on the slippery highway. The right side of the car was in collision with the front of the truck.

Both vehicles were jarred into the ditch by the impact and the Hannah car overturned trapping Mrs. Hannah inside temporarily. She was attended by Dr. William Graham of Fenelon Falls and later was taken by ambulance to Ross Memorial Hospital, Lindsay.

Damage to the vehicles: $300 to the car and $100 to the truck. OPP Constable John Williams of Fenelon Falls investigated.

Mrs. Hannah was the former Claressa Fallis, a one-time resident of Bethany. She was born in Manvers township, near Bethany, daughter of the late Mr. and Mrs. Robert Fallis. Before moving to Carnarvon she lived in Bethany and Gelert.

She leaves her husband, Harry Hannah; a son, Frank of Clarksburg; a daughter, Mrs. Ronald Barkwell (Margaret) of Brampton; two sisters, Mrs. Harry Fallis (Mabel) of Millbrook, and Mrs. Stanley Fallis (Nettie) of Bailieboro; and two grandchildren, Robert Barkwell and Warren Hannah.

The funeral will be held Tuesday at 3 p.m. from her late residence in Carnarvon to St. Mary's Anglican Church, Bethany. The Rev. T. S. Gault of St. Mary's Anglican Church will conduct the service. Burial will be in St. Mary's cemetery, Bethany.

Develop Improved Operation To Help Kill Incessant Pain

By ALTON L. BLAKESLEE

ST. LOUIS (AP)—New discoveries about how nerves telegraph pain have led to a surer operation to kill incessant pain from cancer or other causes

The operation cuts into the spinal cord at a point just below the brain. This surgery, chordotomy, is not new But the new findings show how to do it more efficiently, how far to cut into the spinal cord, safely, to end pain originating in the arms, legs, trunk, or face.

The operation is done under local anesthetic. The patient remains conscious. The patient tells the surgeon whether he can feel pin-pricks when a pin is jabbed lightly into the skin of his body. When the patient no longer can feel the pricks applied to one area, it also means that he will no longer feel pain from cancer in that area.

The nerve studies were made by Dr. Henry G. Schwartz, professor of neurosurgery, and Dr. James L. O'Leary, professor of neurology, of Washington University school of medicine.

TWO KINDS OF PAIRS

There are two main kinds of pain. One is prickling pain, which is telegraphed along the nerves at a speed of 30 yards a second. The other is slow-moving, burning pain, telegraphed at only two yards a second. Cancer causes the slow-moving type.

The nerve telegraph lines for both kinds of pain coincide in the spinal cord, Schwartz and O'Leary found, at a point just below the thalamus in the base of the forebrain. The thalamus is the last important relay point for all feelings of sensation that register in the brain.

The surgery cuts into the cord to sever the pain lines, but without cutting the cord completely. That would be fatal

The pin-prick tests tell the surgeon how deeply to nick the spinal cord. The pain pathways for different parts of the body lie at different depths within the spinal cord.

The nerves for the area at the base of the trunk lie nearest the outside of the cord. Those for the leg lie a bit deeper, those for the trunk still deeper, those for the arms and the face closest of all pain lines to the centre of the cord.

Only the pain message lines are cut. The patient still can move and control the leg or other part of his body.

MORE WAR FOR JET ACE — Maj. James Jabara, the world's first jet ace, demonstrates combat tactics to his family at O'Fallon, Ill., as he prepares to return to Korea, and combat duty. At his own request, the 29-year-old ace will return to active duty, and will report to Camp Stoneman, Calif., on January 6, for assignment with the Far East Air Force. Credited with 9½ planes in World War II, and six MIG-15's in Korea, Jabara at present is attached to the pilot training command at Scott Air Force Base, Ill. From left: Mrs. James Jabara, Kathy Lynn, four months old, Jimmy, 4, and Carol Anne, 2.

Aussies Push Pacific Trade

By GRAEME BROOKS

MELBOURNE (Reuters)—Australia, faced with falling demand from the longer-established European markets, is pushing trade with the Pacific islands and countries of the Pacific and Indian Ocean seaboards.

Latest official figures show that, rather than compete against the lower production costs and shorter freight hauls of more favorably situated producers, Australian industry is gearing itself to supplying manufactured and processed goods to markets nearer home

After the greatest era of industrial expansion known in the south Pacific, Australia now can supply this area with textiles and steel, coal and tires, chemicals and machinery at strongly competitive prices and quality. Heavy American and British investment in recent years means that she can now supply dollar-type goods for sterling and British-type goods in strategic proximity to southern markets.

500% INCREASE

Official figures show that Australian production of manufactured goods is at present more than $112,500,000 a year—a 500 per-cent increase on the 1938-39 figure. The commerce department believes that 1953 will be even better as new marketing channels are opened and local demand, already easing, makes greater outside trade possible.

Of more than 900 development projects reporting "major development" recently, 58 were British and 20 American. They handle industrial metals and metal manufactures, machinery, clothing, timber and chemicals.

In recent discussions through official trade channels, Canada wanted suitings and canned stuff, Ceylon sought automotive spare parts. Japan wanted electronic equipment and coal. Indonesia wanted builders' supplies, photographic equipment, woollen goods, industrial yarns, glassware and clocks.

India wanted pharmaceutical drugs and chemicals, machinery and electrical and refrigeration equipment, diesel locomotives and foodstuffs.

Hong Kong sought cattle and canned and bottled goods.

Singapore asked for canned foods, breakfast cereals, stationery, milk products and plastics.

Other requests included mining and agricultural machinery for Rhodesia, and crockery, haberdashery, patent medicines and radios for Nigeria.

DOING BETTER

This year, trade with the Pacific islands rose 40 per-cent to around $18,000,000, most of it in foodstuffs, minerals, chemicals and machinery. Trade promotion plans are being launched to foster Australian products in Fiji, the New Hebrides, the Gilbert and Ellice islands, the Solomons, Tonga, Hawaii and Guam.

Under current contracts, Pakistan is buying 30,000 tons of Queensland callide low grade coal. One Australian firm is supplying $2,250,000 worth of diesel locomotives and another Australian firm is providing Pakistan with $450,000 worth of electrical metres.

Foodstuffs for the Orient are selling well. Agricultural experts believe that experiments now under way can make Australia the "rice bowl of the Pacific."

BACKACHE May be Warning

Backache is often caused by lazy kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backache, disturbed rest or that tired-out and heavy-headed feeling may soon follow. That's the time to take Dodd's Kidney Pills. Dodd's stimulate the kidneys to normal action. Then you feel better—sleep better—work better. Get Dodd's Kidney Pills now. 58

ENGINEERS

THERE ARE A NUMBER OF SPECIAL CAREER OPENINGS FOR MEN WITH ENGINEERING DEGREES TO QUALIFY AS PERMANENT OFFICERS IN IMPORTANT TECHNICAL BRANCHES OF THE

RCAF

Accepted applicants will receive advanced, top-level courses and training in specialized fields, such as aeronautical, electronic, armament, mechanical and construction engineering . . . have access to Industrial as well as Service developments . . . be granted permanent commissioned rank . . . have excellent opportunities for promotion in an expanding organization.

If you think you can qualify, you are advised to make inquiries immediately—to take advantage of advanced RCAF engineering courses.

Saws Off Coffin Must Pay $300

CORNWALL (CP) — Freo Lefebvre of Cornwall has been ordered to rebury the body of Damien Jodoin in a new rough-box and casket and to pay the children of the dead man $300 costs.

Two Montreal contractors, Joseph Duhamel and Aldea Lussier, were ordered to pay $650 each in costs.

The three were accused in non-jury sittings of the Supreme Court of Ontario by Ernest Jodoin and seven other children of the deceased with encroachment on the burial plot.

Jodoin testified the end of his father's rough box was sawed off and part of the top broken by workmen putting a concrete wall around the Lefebvre plot in May 1950.

Canadian Chess Champ Leads Oxford Victory

LONDON (CP)—Paced by team-captain Abe Yanofsky, former Canadian title-holder from Winnipeg, Oxford University won the National Chess Club championship here by a 4-2 decision over Lud Eagle, the defenders.

Yanofsky, studying for a law degree at the famous seat of learning, gave Oxford a good send-off in the final with a 19-move defeat of H. Israel, one of Lud Eagle's leading players.

In another feature match, T. H. Taylor, a fellow of Balliol College, upset the Scottish champion, Dr. J. M. Aitken, in a brilliant end-game duel. L. W. Barden, Britain's representative in the recent Helsinki tournament, also went down to defeat before the aggressive strategy of A. Phillips of London.

Canadian Director Of UNESCO Arabs Plan

LONDON (CP)—Dr. Robert Westwater, 60-year-old Canadian educationist, has arrived in Beirut, Lebanon, to direct an educational-aid program for 850,000 Arab refugees from Palestine.

Dr. Westwater, a graduate of Queen's University in Kingston, Ont., and with a doctorate in pedagogy from the University of Toronto, went to his present post from his job as chief inspector of public schools at Ottawa.

In Beirut, he will direct a combined program of two United Nations agencies—the educational, scientific and cultural organization and the relief and works agency. One of his main tasks will be to expand vocational and technical education to enable refugees to become self-supporting.

The Canadian leads a six-man team sent to the Middle East by UNESCO.

Hatchet Attack Injures Three

HAMILTON (CP)—William Ropcean, 31, of Hamilton was charged with attempted murder following a hatchet attack in which three persons were injured.

Police said a broken romance was the cause of the attack Saturday night. They said Ropcean used to go out with Sylvia Rymsza, 30, who is in serious condition in a Toronto hospital with the lower part of her body paralyzed as a result of a blow on the head.

Miss Rymsza stopped going out with Ropcean some time ago, police said.

Others injured were Mrs Violet Rymsza, 49, who struggled with the attacker and succeeded in disarming him, and Fletcher Brown, 34, Miss Rymsza's employer The mother suffered cuts on the forehead and back. Mr. Brown is reported to be in fairly good condition following a head injury

Ottawa Has Approved Plan To Attach Korean Soldiers

By BILL BOSS
Canadian Press Staff Writer

IN KOREA (CP)—The Canadian government has approved a plan to attach individual Republic of Korea soldiers to the 25th Canadian brigade, The Canadian Press has learned.

The move is part of a plan to integrate attached RoK troops into United Nations formations. They would be attached as individuals down to the sectional level.

Commonwealth authorities in the Korean theatre are understood to have approved attachment of 1,000 Koreans to the Commonwealth's three brigades. That would give the 25th brigade more than 300 Koreans.

Some United States army divisions already are receiving their first drafts of Koreans which would be attached in numbers varying from 1,800 to 2,500.

The equivalent of almost two divisions would be added to UN forces by the addition of an estimated 18,000 to 20,000 men under the plan. The RoK soldiers would continue to be paid by their own government.

The South Korean government is said to have met with mixed feelings the authorization of Gen. James Van Fleet, Eighth Army commander, to make active two more RoK army divisions and five regiments. Gen. Van Fleet has announced receipt of this authority since the United States presidential election.

Korean leaders are said to have expressed preference for attaching men to UN formations as small units with a view to their ultimate grouping into battalions, regiments and divisions.

Qualified sources say the plan for attaching RoK soldiers is intended to enable the UN command to make maximum use of weapons, ammunition, equipment and transport without committing the theatre to making active still more Korean divisions.

NO COMMENT

At Ottawa, Defence Minister Claxton was not available for comment but a defence department official said no decision has been reached and that discussion of the matter still is going on among the Commonwealth governments.

Last week it was reported that Canada was likely to agree to the RoK soldiers being attached to the Canadian brigade.

Broadway Season Features New International Touch

By MARK BARRON

NEW YORK (AP)—As the halfway mark of the 1952-53 Broadway theatrical season approaches, a close look reveals that it hasn't been as voluminous as first expected.

But for those planning a holiday visit to New York, it has turned up some exciting evenings and has attained a definite international quality with the premieres of various acting companies from England, France and Greece. Several others are expected from overseas before the season is finished.

Some of the imported shows that blossomed in the first half of the season have resulted in successes, unexpected even by their Broadway sponsors.

ENGAGEMENT EXTENDED

Playing in French, the company of Jean-Louis Barrault and his wife, Madeleine Renaud opened at the Ziegfeld Theatre on Nov. 12, after a Canadian tour, with eight plays in a limited engagement scheduled to close Dec. 6.

So enthusiastic has been the reception to their performances of the French "Hamlet," Jacques Prevert's noted pantomine ballet, "Baptiste", Moliere's comedy, "Amphitryon" and others that their engagement is being extended indefinitely.

The new season has opened the door for the return of several established stars who have been absent either in domesticity, Hollywood, or journeys abroad.

One of these is Margaret Sullavan, who came back to Broadway after eight years to star in the Terence Rattigan drama, "The Deep Blue Sea."

Another hit in this first stretch is "Bernardine" in which adroit author Mary Chase, whose "Harvey" in 1944 established her as a guaranteed hit playwright, dwells upon the problems of adolescence.

HILARIOUS FAVORITE

Beatrice Lillie has been a hilarious favorite in her almost-solo revue called "An Evening with Beatrice Lillie" in which she does her lampoon of a theatre "star's first night."

Katherine Hepburn in an almost forgotten play of Bernar Shaw's, "The Millionairess," is a hit, but this is largely due to Miss Hepburn's ability to leap fences, and seat herself delicately in a drawing room chair after sprinting over the 220-yard hurdles.

Maurice Evans quietly came in with a neat melodrama called "Dial M For Murder."

The musical "My Darlin' Aida," which moved the opera from Egypt to a Tennessee setting, has been getting bravos; "The Seven Year Itch," a whimsical comedy about a middle aged man seeking romance among the teen-agers and Uta Hagen and Nita Naldi in "In Any Language" and "Mr. Pickwick", as "freely adapted" from Dickens' "The Pickwick Papers" are other presentations which found favorable audiences.

Last October 15, Broadway tipped its hat in "Bon Voyage" to the historic Empire Theatre which began its exciting career in 1893.

The Empire had a farewell worthy of its name. Its last show still a hit, has Shirley Booth starring in "The Time of the Cuckoo."

New Vegetable

STELLENBOSCH, South Africa (CP)—The sweet lupin is being cultivated as a vegetable at the agricultural college here. The flower is said to be rich in protein and the seeds, growing in pods like peas, have a sweet flavor. The plant which grows in sandy soil was used as a food in Germany during the last war.

Name Finlayson Succeed Anscomb

VANCOUVER (CP)—The British Columbia Progressive Conservative party has chosen Deane Finlayson, 33-year-old Nanaimo real estate and insurance man, to succeed Herbert Anscomb, finance minister in B.C.'s former Liberal-Progressive Conservative coalition government.

The action was taken at a party convention Saturday.

Mr. Anscomb was beaten in Oak Bay riding in last summer's B.C. election.

Canadians Lag In Winning Grain Prizes

CHICAGO (CP)—Canadian farmers were running behind their United States competitors today as the hay and grain phase of the Internat... Livestoke Exposition neared its windup.

The judging gave U.S. growers four firsts to two for the Canadians while each country had three reserve champions.

The prized title of wheat "king" went to an American for the second successive year. In a field where Canadians have ruled for more than 20 years, Spencer Dunham of Caro, Mich., won the championship with a sample of soft, white winter wheat of the Yorkwin variety.

The reserve championship went to R. P. Robbins of Shanuavon, Sask., who topped the hard red spring wheat class.

OTHER RESULTS

Here is how the judging in othe main event fithyne osadnra riag main events of the hay and grain phase went:

Barley: George S. Snow, Milk River, Alta., first; George Gwylit, Kelvington, Sask., second.

Alfalfa: Murray W. Coverdale, Cayuga, Ont., first; Sam H. Hober, Newell, S. D. second.

Grain sorghum heads: Henry Kuntz, Cyril, Okla., first; Neils Hanse, Las Animas, Col., second.

Threshed grain sorghum: A. G. Siegrist, Hutchinson, Kas., first; H. V. Laudick and son, Hoisington, Kas., second.

Field beans: Betty Lou King, Caro, Mich., first; Albert Robbins, Laura, Sask., second.

After the hay and grain show, judging of livestock will begin but Canada has no entries in this section. A U. S embargo against importation of Canadian livestock has been in effect since last February.

John Mickie of Wallaceburg, Ont. was first in yellow corn's region 1, followed by Frank Dolsen of Chatham, Ont., and M. E. Mickie of Wallaceburg.

In region 2, Harold Holden of Oldcastle, Ont., was second and Howard Holden, also of Oldcastle, third. William R. Beattie of Staples, Ont., was 11th and Allen McLean of Harrow, Ont. 27th.

In soft white winter wheat W.E. Breckon of Burlington, Ont., placed second and Murray W. Cloverdale of Cayuga, fourth.

Other Ontario competitors who placed:

Yellow corn region 1: 4 Hercule Frahan, Rain Court; 5. M Mannike, Chatham; 6. Doug Pole Northwood; 7. Allen Warwick, Blenheim; 8. D. H. Lare, Blenheim; 9. Oscar Elford, Ridgetown; 10. M. Mannicke, Chatham 12; Guard Bosse, Port Lambton; 13. Howard Richmond, Wallaceburg; 19. Harry Laird, Blenheim.

In two-rowed barley, Thomas J. placed fifth.

OTHER WINNERS

William R. Beattie of Staples was first in region one and two, white corn.

In field beans (any variety other than good northern), M. E. Hooper and Son, St. Mary's Ont., was second and H. Ray Galbraith, Thamesville, Ont., fourth.

John Hagerty and Son of Alma, Ont., topped the red clover field and Rosario Bernard of Bourget, Ont., was first in timothy seed.

In the alsike clover competition Mark Saffen and Son, Alma, Ont., was fourth.

The Hagerty win in red clover topped these other Ontarians: 2. Campbell Bros., Admaston; e Gibson Bros., Renfrew; 4. M. E. Hooper and Son, St. Mary's; Joseph Wright, Matheson.

In timothy seed, J. M. Arkinstall of Dunvegan, Ont., was second; Hooper and Son of St. Mary's third and William M. Lansdell of Brampton, Ont., fifth.

A WHITE MINK WAS TRAPPED last week by rural carrier Melvin J. Bertrand, of 138 Rubidge St., at Indian River. He has already caught three others this season and in 1944 took as many as 18. The above animal has him guessing. Mr. Bertrand thought it was a ranch mink because it was so tame and easily caught. He is contemplating selling it to a mink rancher. — (Examiner Staff Photo).

Pneumonia Threat To Livestock Forces Wholesale Cattle Destruction Down Under

SYDNEY, Australia (Reuters)—Quarantines and compulsory slaughter of cattle, reminiscent of foot-and-mouth disease outbreaks in Canada and Europe earlier this year, have been clamped down in Australia's rich south eastern livestock areas.

The restrictions have been imposed as a result of the worst outbreak of the pleuro-pneumonia among cattle since the war. The diseases, a combination of pleurisy and pneumonia, causes inflammation of lungs and is often fatal to infected animals.

The toll over hundreds of thousands of acres is only a few hundred dead animals so far, but the states of New South Wales and Victoria between them have 6,000,000 cattle—more than a third of the Australian total.

In New South Wales, the authorities by early October had supervised slaughter of nearly 300 head. Many more had died from the disease itself. In Victoria, some 200 cattle were slaughtered under state direction.

R. M. Watts, senior veterinary officer of the New South Wales agriculture department, told Reuters the quarantine regulations now sealing off a thousand square miles of the lush Riverina and central west for 90 days at a time, probably would have to be extended.

"We are vaccinating herds as fast as we can get men into the field," he said, "but we cannot chart progress of the pleuro because it takes so long to show up."

The disease takes about six weeks to reveal itself. In beef cattle the incubation period may be a little longer, in dairy cattle a little less. By that time, infected stock can be 1,000 miles from the place where they caught the infection.

All present outbreaks have been traced to the sale of Queensland cattle into the two southern states. New South Wales and Victoria authorities demand health certificates with cattle from Queensland —where the disease is endemic— but there is a loophole in that the "carrier" is usually an animal which has recovered from a pleuro attack but still carries the germ. Months later, lesions in the lung break down, freeing the germs which mingle with the breath and spread rapidly.

Infected cattle become steadily more vicious, their breathing is hesitant, they stretch out their necks and try to use abdominal muscles to breathe—and to ease the agony in their lungs.

Those symptoms are their death warrant but it is rarely that owners get the full value in compensation. New South Wales has been paying compensation only since September and the amount is limited to seven-eighths of the assessed value.

Cattle in quarantine areas, provided they have no symptoms of the disease, are granted permits for short drives to slaughter houses in the early stages of pleuro. Much of the meat can be salvaged.

Archbishop Attacks Trips To Red Lands

SHERBROOKE, Que. (CP) — Msgr. Georges Cabana, archbishop of Sherbrooke, said Saturday "certain French-Canadians are playing the Communists" game by agreeingto travel behind the Iron Curtain at the Soviet's expense."

Addressing members of the Catholic Circle of Commercial Travellers, he added that the Communists seemed eager to divide French-Canadian Catholics by paying to travel behind the Iron Curtain French-speaking Canadians drawn from different sections of society.

"Let's not fall into that trap," he suggested.

Corrective Labor

MOSCOW (AP) — A Moscow court has sentenced an apartment-house builder to one year's corrective labor in his own organization for criminal carelessness in his work. P. Loginov, the builder, failed to complete the insulation and finishing of both the exterior and interior of an apartment house.

3 Children Burned

WEST SPRINGFIELD, Mass. (AP) — Three children perished Sunday in a fire which destroyed a four-family apartment house.

Dead are Virginia Guild, 5, her sister Janet, 18 months, and Mary Jane Balukonis, 3.

Police said the three children were playing in a room when an oil burner flared up.

First Fall Of Snow Results In Accidents

LINDSAY (ENS)—Lindsay and provincial police investigated a rash of weekend accidents, result of icy roads, brought on by a fast snow fall and lack of sanding and salting. Provincial officers reported that several minor accidents had been reported in the district but none had resulted in injuries or serious damage and no charges were pending.

Lindsay police had their hands full over Friday night, Saturday and Sunday but only two accidents resulted in charges being laid. George Golloher, of Lindsay, was remanded in police court on a charge of drunken driving, resulting from an accident on Lindsay St. South, Saturday evening. Golloher's car was in collision with one driven by Joe Lamantia of Lindsay.

Later Saturday Harley Copland of Lindsay was driving north on Lindsay St., when his car was struck by one driven by Edgar Sabourin of Lindsay at the intersection of Peel and William Sts. Sabourin was charged with failing to stop at a stop street.

Unit Back Home

SOUTHAMPTON, England (AP) The 1st battalion of the Middlesex regiment, first British unit to serve in Korea under the United Nations flag, returned home today after 3½ years' overseas duty. It fought in Korea from August, 1950, until May, 1951.

Alex Gilbert Heads C of C In Millbrook

MILLBROOK—(ENS) — Following the first annual banquet of the Millbrook and District Chamber of Commerce held in St. Andrew's United church hall, the eleven newly elected directors brought in the following slate for 1953: President, Alex Gilbert; vice president, Robert Cathcart; treasurer, E. R. Penny.

Heads of committees were also named: agriculture, Debert Olan; civic improvement, Douglas Sheppard; transportation, G. A. Spicer; programme, Robert Cathcart; publicity and commercial, James McMaster; education and citizenship, Arthur Jeffries; industrial, the president, vice-president and secretary; membership, W. C. Moore, Frank North, and Eric Fallis. The past president is Ivan Gray and the secretary is yet to be appointed.

Alex Gilbert reported on what the Chamber had accomplished in its first year. It had secured a picture of a Canadian scene, "Autumn in the Laurentians" by Rafal Malczewski for the local school. Highway signs marking out the way to Millbrook had been obtained from the Motor League.

A committee had been sent to the federal member for Durham, John James, to ask that the Armouries might be used for town purposes. A committee had waited on the town council to secure improvement in the water supply.

Douglas Sheppard in charge of the civic improvement committee reported that after purchasing three new strings of colored lights to be used to decorate the streets, the original three strings in use before the war had been found. By using all six sets of lights and by placin ga tree in front of the Armouries it was hoped to have the streets gay and attractive for the holiday season.

A letter from J. W. Pickup thanking the Chamber for its congratulations on his appointment as Chief Justice of Ontario was read. Mr. Pickup was born in Millbrook and attended school here.

Broken Thumb Puts Lach Out Of Action

BOSTON (AP) — A broken left thumb suffered in Saturday night's game against Chicago in Montreal has cost the Canadiens the services of veteran centre Elmer Lach for at least two months.

Coach Dick Irvin of the Canadiens—who dropped a 3-1 game to Boston's Bruins here last night—made the estimate on the duration of Lach's loss. The clever Canadiens' centre was hurt in a jam with player-coach Sid Abel of the Black Hawks.

CURLING NOTES

By HERB MARTIN

LOUIE'S LAMENT

I Wandered lonely as a cloud
That floats on high o'er hill and dale;
The club was filled with ladies fair,
And nowhere could I find a mate (unattached).
The good old days were gone and past,
The ladies had the club at last;
Gone were the quiet Saturday nights
When we old-timers had our rights.
As I stamped around I could plainly see
That the old club was no place for me;
Then, just as I was about to go
Away from the club in the rain and snow:
A sweet-faced damsel whispered to me,
"Please show me the way you draw the tee."
The next thing I knew I was down on the ice
With my fair companion — boy, was she nice!
I showed her the way to deliver a stone;
And gee, was I glad that I didn't go home;
A week from today I'll be back for some more—
The old nights were good, but to this 'twas a bore.
So now I'm convinced that the new days are fine,
I'm all for the girls and their curling club shrine;
And on Saturday nights as I get in my rig,
I can truthfully say, "Boys, she's certainly big!"

The winning skips in Saturday's bonspiel were Bert Grant first, G Gobel second, M. Metheral third.

In the mixed bonspiel, at night Dr. McCartney and T. Doughty were the winning skips.

Admits Shooting Son

NEWARK, N. J. (AP) — Mrs Ella Farley, 46, was jailed Sunday night after police said she admitted shooting her 26-year-old son to death because he didn't have a job.

Police quoted her as saying she shot in self-defence after her son Henry Morgan, slashed at her with a pocket knife during an argument about why he hadn't found a job

EAT ANYTHING WITH FALSE TEETH

If you have trouble with plates that slip, rock and cause sore gums—try Brimms Plasti-Liner. One application makes plates fit *snugly without powder or paste*, because Brimms Plasti-Liner hardens permanently to your plate. It relines and resits loose plates in a way no powder or paste can do. Even on old rubber plates you get good results six months to a year or longer. YOU CAN EAT ANYTHING! Simply lay soft strip of Plasti-Liner on troublesome upper or lower. Bite and it molds perfectly. *Easy to use*, tasteless, odorless, harmless to you and your plates. Removable as directed. Plate cleaner included. Money back if not completely satisfied. If not available at your drug store, send $1.50 for reliner for 1 plate.

New Toni WITH PRICELESS PINK LOTION

Holds the set longer than any other permanent!

New Toni Refill $1.75

"My First Home Permanent... and I'm thrilled with it! I chose New Toni because my friends told me it was best. It's given me a beautifully soft, natural-looking wave, and the curl stays for ages without re-setting."

"I've Always used Toni ... and I've always liked it. But this last wave, with Priceless Pink Lotion, is the most wonderful yet! It took less time to give, yet the wave stays set longer than any permanent I've ever had."

"I've Switched to Toni... after trying all the other home permanents. I find New Toni gives me just the right amount of curl, and the wave is so lively it stays from one shampoo to the next with no re-setting at all."

REGARDLESS OF YOUR HAIR STYLE . . . NO MATTER HOW YOU GOT YOUR PERMANENT BEFORE . . . NEW TONI HOLDS THE SET LONGER!

You'll forget all other ideas about permanents the first time you use New Toni with Priceless Pink Lotion. For the new Toni process is faster, gives a wave with the vibrant spring and silky-softness of a natural wave. Yes, and it holds the set longer than any other permanent you've ever had!

Never a lotion so wonderful! You've never used anything like Toni's new Priceless Pink Lotion! It curls more *completely*—yet is *kinder* to your hair! And that means a lovelier, livelier wave for you. Less re-setting. New freedom from the nightly chore of pin curls.

Never a neutralizer so fast! You save 20 minutes with the new Permafix method of neutralizing. And because Permafix neutralizes more thoroughly, it "locks in" your Toni wave so it can't come out. New Toni means *all day*—every day beauty for you month after month.

Never a guarantee so complete! If you don't say your new Toni looks lovelier and holds the set longer than *any* other permanent you've ever had, the Toni Company will cheerfully refund your money. So try New Toni—and you be the judge.

A NEW PERMANENT FOR CHILDREN UNDER 14
Every little girl's hair "takes" and *holds* a lovely wave! Children love it. $1.75

Look your Loveliest this Christmas

Forget nightly pin curls during busy, busy days ahead
Always acceptable as a Christmas Gift.

"Make the Right Decision Now!"

Year after year you're faced with the same big decision. And only *you* can make it. So much depends on it, too—better family health, greater fuel economy, more constant warmth the winter through.

This year, before you make your decision, get the facts you should know. Learn how you can enjoy steadier winter comfort, lower fuel costs, healthier heat, with 'blue coal'—the coal that's colored "blue" for your protection.

Make the *right* decision—Phone us today and let 'blue coal' take the worry out of winter.

Personals and Social

Mr. and Mrs. Bruce Barnhardt, of Hamilton, spent the weekend with her parents, Mr. and Mrs. A. E. Johnston, of 22 Gordon St.

✧ ✧ ✧

Mr. and Mrs. Ira Ivey, of Oshawa, were here to spend the weekend with Mr. and Mrs. Frank Ivey, of 5 Wolsley St.

✧ ✧ ✧

Miss Marion Foster, program director of the YWCA, went to Hamilton early Sunday for a visit with her brother-in-law and sister, Dr. and Mrs. H. H. Lee.

✧ ✧ ✧

Guests of Mr. and Mrs. Donald K. Frise, Charlotte St., for the weekend were Mrs. Hugh Nichols, Reg. N., of Toronto, and Mr. Jack Hodder, of Hamilton.

✧ ✧ ✧

Miss Linda Johnston, daughter of Mr. and Mrs. Keith Johnston, 66 Lee St., returned home after spending three weeks in Hamilton with her uncle and aunt, Mr. and Mrs. Bruce Barnhardt.

✧ ✧ ✧

Mr. and Mrs. J. L. Thompson, of Walkerfield Ave., plan to leave for Florida early in January. Prior to their leaving they will visit at Wellington, Cornwall, Oakville, St. Thomas, Niagara Falls and Cobourg and will spend Christmas with Mr. and Mrs. Morley Atton, of R.R. 3, Cobourg.

✧ ✧ ✧

The Misses Isabel Bullock, Betty Bullock and Doris Savigny were attendants at the Grey Cup football classic between Toronto and Edmonton at Varsity Stadium on Saturday afternoon. Mrs. Frank Savigny, of Otonabee, also spent the weekend with friends in Toronto.

✧ ✧ ✧

Mrs. William Rupert, the former Miss Yvonne Moore, was honored with a prenuptial shower given by her sister, Miss Marilyn Moore, at the home of Mrs. Ken Hopcroft, Rosa St. Another shower was given her by girls of the Westclox and held in the cafeteria there. Wedding gift from her fellow workers was a wall mirror.

✧ ✧ ✧

YWCA Little Women's Club had a busy session Saturday afternoon making Christmas cards. Barbara Bogle was elected the new treasurer of the club. Plans were made for the Christmas party to be held on December 13. Christmas decorations will be made at this week's meeting. Miss Ruth Simpson is a volunteer leader now with the club.

✧ ✧ ✧

Prior to her marriage on Saturday, Mrs. H. C. Hendy, formerly Edna Armour, was guest at miscellaneous showers given by Elim Tabernacle Young People at the home of the Rev. and Mrs. B. G. Evans and by her sister-in-law, Mrs. Roy Armour. The employees of Outboard Marine and Manufacturing Co. presented the bride with a chair and matching ottoman.

✧ ✧ ✧

Friday Night Supper Club girls had a very gay evening at the YWCA Friday, entertaining 14 guests from the Key Club and Boys' Hi-Y. A pot luck supper was served by girls of the social committee, the courses interspersed with singing led by Dave Fanning. Then, discussion groups were formed, and afterward an open forum chaired by Miss Shirley Peryer brought out the results. The boys and girls then attended the PCVS play.

✧ ✧ ✧

Mrs. Allan Portsmith, the former Miss Clarabel James, was feted by many friends before her marriage Saturday. A shower of cups and saucers was given when her sister, Mrs. Reg. Davis, entertained. A miscellaneous shower was given by the groom's sister, Mrs. Fred Lang of Omemee, and another miscellaneous shower by the girls on the staff of Fannings' Laundry. Presentation from the laundry workers was a table lamp. The senior choir of St. Andrew's United Church presented the bride with a set of bed lamps and the junior and intermediate choirs gave her a cake plate.

✧ ✧ ✧

80 Attend S.H. Dance at YW

There were 80 attendants at the 20 Plus Club's Sadie Hawkins' dance at the YW Saturday night. Al Plunkett was a capable emcee and Gord Bradfield did an excellent job of calling for four square-dances. An orchestra was engaged to provide music on this occasion. The prize winners of the evening, Miss Celia Batty and Gord Clifford and Miss Joan Plunkett and Jim Kennedy, also served the supper. Miss Mary Woodside and Charlie Bain won a string dance and Miss Mary Walton and Gord Bradfield won a spot dance. Winners of prizes on the bowling Friday evening were Art Dixon for high score and Miss Ruby Leach for a low score and lucky ticket. In future the club's bowling will be at the YMCA at eight-thirty Friday evenings. The executive has made arrangements to hold the Christmas dance on December 20. They have appointed as committee chairman for next season Miss Isobel McCamus, publicity; Mrs. June Walters, food; Bob Clarke, music; Miss Jean McIntyre, mistress of ceremonies.

✧ ✧ ✧

Pre-Nuptial Events

Prior to her marriage Saturday to Mr. Joseph Lewis Gaskell, Miss Patricia Eleanor Nixon was entertained at several showers. Miscellaneous showers were held by Mrs. D. Simmons, Mrs. W. Bannon, Mrs. W. Pakenham and Mrs. A. Howarth, Mrs. I. Tollerton and Mrs. S. Hendron. Mrs. A. W. Millard held a cup and saucer shower. Her bridesmaids and Miss Donna Balmer held a personal shower at the latter's home. The Cappa Gamma Club presented the bride with a set of balerina dishes at the home of Mrs. H. Greenlaw.

✧ ✧ ✧

Entertain Knox Group

Mr. I. V. Frederick, CLU, manager of the London Life Insurance Co., was guest speaker to the St. James' Mr. and Mrs. Club on Friday evening. President Mrs. J. A. Mc Govarin introduced him and he was thanked by Mr. E Church.

The Rev. H. D. McCormack opened the meeting with a prayer and Mr. McGovarin expressed the club's welcome to the visiting Knox Church group who were in large attendance.

Mr. J. Donaldson, of Knox Church, led a sing-song. Mrs. L. McLaren rendered two pleasing solos, being accompanied at the piano by Mr. A. Fife. Mr. M. Drysdale gave a reading entitled "Cats" that was well received. Messrs. G. Seabrooke, S. White and L. Bristow were appointed as the nominating committee and were asked to present the 1953 slate of officers at the January meeting. Games were played and an enjoyable lunch was served by the two groups in charge.

✧ ✧ ✧

All Saints' Choir Election

The choir of All Saints' Church held their annual meeting in the chapel after a short practice Thursday evening. Mr. T. H. Boddy opened with prayer. The nominating committee's report was given by Mr. Jim Howard. Mr. George Chandler was appointed chairman for the election of officers, and the following were elected for the coming year: Honorary president, the Rev. M. P. Poole; president, Miss Christine Crabb; vice-president, Miss Doris Raybould; treasurer, Miss Jessie Maconomy; secretary, Miss Faye Blackwell; recording sec., Mrs. Cecil Armstrong; librarian, Mr. G. Gabel; assistant librarian, Miss Marlene Dyer; robes mistress, Mrs. L. Foster; assistant robes mistress, Mrs. W. A. Beard; robes master, Mr. James Raybould; social convener, Mrs. Armstrong; entertainment committee, Misses Ruby and Alma Leach; visiting committee, Mrs. J. Morley, Miss Agnes Moore, Mr. J. Howard and Mr. T. Boddy; representative to church council, Miss Crabb. After a short business discussion, refreshments were served.

✧ ✧ ✧

Bible Class Elects Slate

Mrs. R Reynolds and Mrs. R. Morrison, of 544 Aylmer St., were joint hostesses for the annual business meeting of the Co-Workers' Bible Class of George St. United Church on Friday evening. Devotional period was taken by Mrs. F. Burnham, Mrs. E. Cox and Mrs. V. Boorman. Mrs. E. H. Brown presided for the election of officers and the new slate will be: president, Mrs. F. Burnham; vive-president, Mrs. R. Reynolds; treasurer, Mrs. J. Fanning; recording secretary, Miss E. Manning; assistant, Mrs. R. McKee; flower convener, Mrs. G. Fallis; assistant, Mrs. R. Hamlin; devotional, Mrs. J. Batten and Mrs. M. Copp; social committee, Mrs. R. Hamlin and Mrs. G. Marshall; visiting committee, Mrs. E. Cox and Mrs. E. Dormer; telephone committee, Mrs. A. Rosborough, Mrs. S. Wood, Mrs. Douglas and Mrs. J. Batten.

✧ ✧ ✧

Election Follows Bowling Party

The Mr. and Mrs. Club of Mark St. United Church enjoyed a bowling party Saturday evening at the Duffus alleys. Afterward they were the guests of the Rev. and Mrs. B. S. Morwood at the parsonage for refreshments and a business meeting including the election of new officers. Retiring presidents Mr. and Mrs. Stuart Laing presided as the following were installed: presidents, Mr. and Mrs. Hamilton Humphreys; vice-presidents, Mr. and Mrs. Al Coones; secretary-treasurers, Mr. and Mrs. Alton Madill; telephone conveners, Mr. and Mrs. Wesley Sargent. Prizes on the bowling scores were then awarded, Mrs. Jack Murray and Wally Parnell having the high scores and Mrs. G. Hopcroft and Mr. Morwood winning on lucky numbers. The evening was planned by Mr. and Mrs. Morwood and Mr. and Mrs. Lloyd Pepper.

Hendy-Armour Wedding Pair Go To Florida

The marriage of Alice Frances Edna, daughter of Mr. and Mrs. John Armour of Peterborough, and Herbert Charles Hendy, son of Mr. and Mrs. Fred Hendy of Campbellford, was solemnized Saturday at 12 o'clock noon by the Rev. B. G. Evans of Elim Tabernacle.

The bride, given in marriage by her father, wore a lovely suit of queen's blue velvet with gold feathered hat and matching accessories. Her corsage was of yellow roses.

Miss June Richardson of Toronto, attractive in a dress of flamingo taffeta, was her cousin's maid of honor. She wore matching accessories with a corsage of Johanna Hill roses. Mr. William Warren of Lakefield was groomsman.

The reception following was in the Kawartha Room, Empress Hotel. Mrs. Armour received her guests in a dress of navy ticatina crepe with matching accessories and corsage of pink carnations. The groom's mother was also dressed in navy ticatina crepe with matching accessories and corsage of pink carnations. During the reception Miss Doreen Keliele sang "The Wedding Prayer," accompanied by Mrs. Willard B. Day at the piano.

Mr. and Mrs. Hendy left afterward on a weding trip to Florida.

Out-of-town guests were from Hastings, Campbellford, Woodstock, Toronto, Burleigh Falls and Lakefield.

Home and School Association News

MOUNT PLEASANT SCHOOL

The parents of S. S. No. 2 Cavan met at the school to organize a Home and Teacher Association on Friday afternoon. Under the direction of Mrs. McAdam the teacher.

The Association was organized with a slate of officers as follows:

President, Mrs. D. Lawson; Vice Pres., Mrs. H. Lowes; Secretary, Mrs. E. Whitmore; Assistant, Mrs. M. Handley; Treasurer, Mrs. A. Bland; Program, Mrs. Wright, Mrs. Ruth, Mrs. Tully.

The ladies are helping to make costumes and are putting the knitted blacks to-gether to complete the Agfhan which the children are selling tickets on.

The meetings are to be held in the school-room on the last Friday of each month.

The next meeting will be on Friday Jan. 30.

Marmora News

Miss Mary Meiklejohn spent the week-end in Campbellford.

Mrs. T. L. Nickle of Bancroft is visiting her daughter, Mrs. Ray Smith and Mr. Smith.

Stanley Kerr, Earl Leonard, Leonard Begley and Robert Maynes attended the Argonauts-Eskimos Grey Cup game in Toronto on Saturday afternoon.

Week-end guests included Miss Eleanor Serson of Welland, with Mr. and Mrs. W. D. Lavender; Miss Eleanor Regan of Peterborough Civic Hospital, with her parents, Mr. and Mrs. W. M. Regan; Ivan Lavender, who is attending Queen's University, at his home here.

Cavan News

Mr. Robert McInnis has returned home after spending three months at Leduc, Alberta, and other places in the Prairie Provinces.

Mr. and Mrs. W. Sutton, Peterborough, were recent guests of their aunt and uncle, Mrs. P. Vance, and Mr. L. J. Hutchinson.

MR. AND MRS. JOSEPH LEWES GASKELL whose marriage vows were taken Saturday in a lovely ceremony at St. George's Anglican Church. Mr. Gaskell is the former Miss Patricia Eleanor Nixon.—(Roy Studio Photo)

Gaskell-Nixon Nuptials

Nuptials for Patricia Eleanor Nixon daughter of Mrs. Nixon and the late Mr. C. A. Nixon to Joseph Lewes Gaskell, youngest son of Mr. and Mrs. Joseph Gaskell, all of Peterborough took place in St. George's Anglican Church on Saturday morning at 11 o'clock. The Reverend H. J. Scuse officiated. The setting was of pink carnations and Mrs. A. Watkins played traditional wedding music. During the signing of the register the congregation sang "O Perfect Love."

Given in marriage by her uncle, Mr. Charles Nixon of Port Hope, the bride wore a gown of panama white nylon net with a redingote of faille taffetta. The Queen Anne collar of the redingote came to a vee and buttoned to the waistline. Lily points finished off the long, sheath sleeves. A bouffant skirt was accented with appliques of Guipure lace, centered with rhinestones and it fell away to a slight sweep. Her fingertip veil of French illusion was held by a matching taffetta bonnet. The bride carried a white prayer book which had ribbon streamers caught with forget-me-nots and feathered white carnations.

Miss Yvonne Millard, cousin of the bride, Miss Margaret Clarke and Miss Flinda Simmons were the bridel attendants.

They were gowned alike in moss green taffetta with overskirts of net. Their matching fitted jackets were of velveteen, fashioned with stand-up collars and deep V necklines, buttoning to the waist. They wore moss green velveteen headbands and carried yellow, feathered, carnations.

Mr. Jack Gaskell attended his brother and the ushers were Jim Galoska and Jack Chambers.

The reception was held in the church hall. To receive her guests Mrs. Nixon wore a suit of blue gray wool, matching accessories and a corsage of Talisman roses. The groom's mother, who also received, chose a gown of black silk crepe, with white accessories and wore a corsage of white gardenias.

Leaving later on a wedding trip to the United States, the bride was attired in a coca brown coat dress of corded taffetta with a matching fur jacket and brown accessories. Her corsage was of Talisman roses. On return Mr. and Mrs. Gaskell will live at 472 Cameron St.

MORE BEEF FOR YOUR FOOD DOLLARS

Ground Beef Cookery Trick

BY GAYNOR MADDOX

There are tricks in ground beef cookery which produce the succulent patty, meat loaf or meat ball everyone loves.

In buying ground beef, you will find that the ready-ground product usually has been put through the grinder twice. This is ideal for most purposes. However, the more the grinding, the more compact the patty. For this reason, you may want to have beef ground three times for Swedish meat balls or similar dishes.

For thick patties and tender meat loaves, however, a single grind produces the most juicy, palatable product.

A percentage of fat is necessary in ground beef to give extra flavor to the meat. For this reason, boneless chuck will produce a more flavorful ground beef patty than the lean flank or round steak which needs a small amount of suet ground with each pound of beef for most desirable flavor.

Ground beef does not keep well and should be used within 24 hours. It should be kept loosely wrapped in the coldest part of the refrigerator.

In making patties or meat balls, handle the meat as lightly and as little as possible. The more handling given the meat, the more compact the product. Take care in cooking, also. Slow cooking and careful turning (don't squeeze out the juices by pressing down with a spatula on the patties) will produce really good hamburger patties. By all means, do not overcook.

In seasoning hamburger, one teaspoon of salt and a bit of pepper is the standard amount for one pound of ground beef. One-quarter cup of chopped onion and a tablespoon of Worcestershire sauce are good seasoning touches also. Whatever seasoning used, keep the hamburgers on the tart, piquant and zesty side rather than the sweet.

Onions and tomatoes are natural flavorings with beef. On your kitchen shelves to add variety to ground beef also are chili powder, curry powder, marjoram, celery seed, mustard, Worcestershire sauce, pepper sauce, hot meat sauces and soy sauce, to name a few.

Hamburger patties may be broiled on pan-broiled. Larger hamburger portions may be roasted or baked with a sauce, or hamburger may be browned and cooked in a sauce, using the braising method. Hamburgers may be cooked by every method of meat preparation and each method produces a welcome dish.

Liberal Women Hold Euchre Party

COLDSPRINGS (ENS) — The Women's Liberal Association held a progressive euchre party on Friday night in Coldsprings hall, with 75 present.

Seventeen tables were played and the high prizes were won by Mrs. H. Goheen and Edgar Brisbin. Mrs. S. Herriot and Paul McIntosh won the second high prizes. Mrs. A. Jamieson won the prize for most lone hands.

Mrs. Eisenhower Looks At Future White House Home

By RUTH COWAN

WASHINGTON (AP) — Mrs. Dwight D. Eisenhower, like any woman intending to move into a new home, plans today to look over the place where she and her husband will live after Jan. 20.

The President-elect and Mrs. Eisenhower have a four-year lease on the 54-room mansion at 1600 Pennsylvania Avenue known as the White House. The lease was given them last Nov. 4 by American year term renewal.

The White House is a multi-million dollar residence. Twenty-five years ago the District of Columbia tax assessor appraised the house and grounds at $22,000,000. Just last March repairs and redecorating cost $5,700,000.

OCCUPIED BY TRUMAN'S

The house now is occupied by a couple from Independence, Mo., the President and Mrs. Harry Truman. Their daughter, Margaret, who is a professional singer and has her own apartment in New York, frequently comes down for the week-end. Mrs. Truman's 90-year-old mother, Mrs. David W. Wallace, lives with them.

Although Mamie Eisenhower was a guest at several official functions at the White House when the general was stationed in Washington, Mrs. Truman thought the new tenant might like to see the family quarters on the second floor.

Arrangements were made for the present first lady to take the future first lady through them today.

Thus between now and mid-January Mamie can think about how she might want to move the furniture about. Custom gives the presidential family leeway in arranging their own living quarters.

New Cookies To Try Out

By MARY MOORE

If you are in a cookie baking mood I have some top notch ideas for you.

You smart bakers will recognize the Lemon Crumbles as fare for the fussy and fastidious food fanciers that often cross your thresholds.

LEMON CRUMBLES

One-quarter teaspoon salt, 1 teaspoon baking powder, ¾ cup sifted floor, ¾ cup shortening, 1¾ cups soda cracker crumbs—about 20 crackers, ½ cup sugar, 1 cup dessicated cocoanut. Sift flour and measure it, then sift it with the baking powder and salt. Cut in the shortening with pastry blender until mixture is crumbly. Add remaining ingredients. Mix very well. Spread half of the mix in buttered 8-inch square pan Spread filing over it. Sprinkle top with remaining part of crumb mix. Pat down. Bake at 375 deg. Fahr. for about 30 minutes or until golden brown.

Filling (for Lemon Crumbles): One cup sugar, 2 tablespoons flour, ⅛ teaspoon salt, 1 well-beaten egg, 1 cup water, 2 tablespoons lemon juice, 1 teaspoon grated lemon rind. Mix sugar, flour, salt. Add egg and water. Mix well. Cook over boiling water, stirring, until thick. Remove from heat and stir in lemon juice and rind and mix very well.

Cut cookies into squares with sharp knife when baked.

COCOANUT DREAM SLICES

One cup very soft butter, 1 whole egg, about 2½ cups sifted bread flour, ½ teaspoon baking soda, 1 cup sugar, about 3 cups dessicated cocoanut, large whole pecans for decorating tops of cookies. Cream the butter very well, and add the sugar while beating. Add the egg and beat, then add the cocoanut and beat. Then add the flour and soda. Knead until dough holds together. Separate into about 8 portions and roll these into oblong rolls about 1 inch in diameter, and roll these up in wax paper carefully to keep them round. Chill in refrigerator.

With your sharpest knife cut into ½-inch slices. Brush top of each slice with 1 egg yolk mixed with 1 tablespoon milk. Place a whole pecan on each. Bake at 325 deg. Fahr. on greased cookie sheet for about 30 minutes or until golden.

For an added attraction these may be brushed with warm corn syrup after baking, and allowed to stand until this glaze sets before storing. This recipe makes about 70. Your guests will want this recipe.

SOFT GINGER-NUT COOKIES

Three - quarters cup brown (light) sugar, ½ cup molasses, ¾ cup melted shortening or margarine, 1 teaspoon salt, 1 tablespoon ginger, 2 teaspoons soda, 1 cup sour cream or buttermilk, 1 cup black walnuts is perfect (but may be left out or substituted with English walnuts or pecans or hickory nuts).

Mix above ingredients in order given and add 3 cups flour or just enough more to make them roll out about ¼ inch thick. When rolled out sprinkle dough with sugar and cut out in any desired shape. A raisin in centre of each cookie adds to appearance. Bake at 375 deg. Fahr., watching them closely, as if these are too close to bottom of oven, they will burn if left in oven one or two minutes too long. If desired you may leave off the raisins and frost the cookies with plain frosting when cold—this is especially popular with children.

Royal Carpet 187 Feet Long

GLASGOW (CP)—Skilled craftsmen at the James Templeton mills here are working on the delicate task of weaving a one-piece carpet 187 feet long and 17 feet wide, to be used in Westminster Abbey at the Coronation of Queen Elizabeth next June.

This carpet will stretch from the west door of the abbey, along the nave and past the choir. It is being made of chenille Axminster, designed by the company's founder in 1839. It will be in two shades of blue.

Another, golden-colored carpet, measuring 68 by 32 feet, for the main ceremony in the abbey, will be woven by five specially-trained girls on the world's largest power-loom.

Rupert-Moore

The wedding took place quietly Friday evening in Mark St. United Church of Yvonne Ellen Hope Moore, daughter of the late Mr. and Mrs. Fred J. Moore of Bowmanville, and niece of Mr. and Mrs. Frank J. Moore of Peterborough, to Mr. William Gardiner Rupert, son of Mr. and Mrs. Carmen Rupert of L'Amable, Ontario. The Rev. B. S. Morwood officiated.

The bride was attired in a suit in copper brown shade and wore a brown velvet hat and brown accessories and a corsage of bronze 'mums. She was attended by her sister, Miss Marilyn Moore, who wore a navy blue suit and navy accessories and had a corsage of red carnations.

The groom was attended by his brother, Mr. Jack Rupert.

Following a wedding trip to Cornwall and Ottawa, the couple will live in Peterborough.

Portsmith-James Wedding

Golden and yellow 'mums banked with ferns made a lovely setting in St. Andrew's United church Saturday afternoon for the wedding of Edith Clarabel, daughter of Mr. and Mrs. Roy S. James of Peterdborough to Mr. Allan Ralph Portsmouth, son of Mr. and Mrs. Ralph Portsmouth of Omemee.

The Rev. Henry Cotton, minister performed the ceremony, and organist Mr. Harry Northrop played the wedding music. Mr. William Peltz was the soloist. Before the service he sang, "The Lord's Prayer" and during the signing of the register, "O Lord Most Holy."

The bride was given in marriage by her brother Mr. Clarence James. Her gown was fashioned with bodice of lace and skirt of white nylon netting over taffeta. Her veil of white lace was caught into a heart-shaped headdress and she was carrying a bouquet of white baby 'mums and white carnations.

Maid of honor was the bride's sister, Miss Rolene James and bridesmaid was the groom's sister Miss June Portsmith. The bride's little niece, Beverley Hannah from Lindsay ,was the flower girl.

Miss James wore a frock of nylon over taffeta, Miss Portsmouth was in blue taffeta and lace, and the flower girl was dressed in pink taffeta. Each wore a small headdress of the taffeta matching her frock and they carried bouquets of baby 'mums in contrasting colours.

Mr. Gilbert Portsmouth of Oshawa attended his brother and ushers were: Jack James and Gordon Portsmouth, brothers of the bride and groom.

The wedding reception has held in the Orange Hall, Brock St. Mrs. James received, attired in a blue crepe dress and blue velvet hat. Mrs. Portsmouth also wore blue with a matching plumed hat and each had a corsage of pink carnations. Guests were present from Lakefield, Warsaw, Omemee, Young's Point and Oshawa.

The bridal couple left on a honeymoon to Niagara Falls and will visit in St. Catharines and other points in western Ontario. The bride travelled in a grey gabardine suit and wore grey accessories and a wine topcoat.

They will live in Omemee.

YOUR CHRISTMAS PRESENT for the family will prove a unanimous success if you choose an urban-suburban serving cart. It features a locked compartment for storing and drop-leaves for extra space.

Havelock News

Mrs. John Beatty and son Bruce were the guests of her aunt, Mrs. H. B. Simpson in Montreal, last week.

Mrs. Ralph Cook is a patient in Peterborough Civic Hospital.

DOROTHY DIX

Sacrifices Children For No-Good Mate

DEAR MISS DIX: I am in a deep rut and desperately need help. I have talked to a lawyer, but he says only I can solve my problem.

Six years ago I was divorced and given custody of my two children. Two years later I remarried. My husband has a terrible temper, sometimes getting up and leaving the house for half-an-hour, an evening, or even a day or more. When I married him, I felt he was superior to me in so many ways that I would improve my own lot with him, but I was sadly mistaken. We have a small business and are quite successful in that line.

Our only trouble is my husband's temper. He beats the children, and a few weeks ago my son left home to live with my mother. He is 16. He has changed towards me, and slams the receiver when I telephone him. He says as long as I stay with my husband I'm not his mother.

There seems to be something wrong with my husband but, unless he is willing to undergo treatment voluntarily, I am told nothing can be done for him. This, of course, he refuses to do, saying he is sane and everyone else is crazy. I'd leave him if I only had somewhere else to go. My mother is very down on me for preferring him to the children. One part of me says leave him, the other part says stick it out. My children will leave me anyway when they get older.

MRS. T. L.

✧ ✧ ✧

ANSWER: Your letter made me slightly ill; for the sake of my readers' sensibilities, I deleted some of the more unsavory details, but what I am able to print is shocking enough. Why are you seeking advice? You know you won't take it; you've already quite definitely made up your mind that nothing will pry you away from the side of this inhuman creature you have acquired as a husband. Not until irreparable harm has been done to your children (if it has not already happened) will you come to your senses. Thank God they have a grandmother to look after them.

WON'T RESPECT YOU

Certainly, you can't expect your youngsters to grow up with any love or respect for you. Day by day they are exposed to brutal treatment while you meekly stand by without raising a hand to help them. Your boy has more spunk than you—at least he had the fortitude to leave the sorry excuse of a home you are providing for them.

That you are confronted with a heartbreaking situation is evident, but why complicate it by forcing the misery on your children? You say you have no place to go! Wouldn't your mother give you shelter and, as a woman who is running a good business now, couldn't you get a job elsewhere? No, you are making that a mere excuse for maintaining your present position.

You also offer as an excuse the fact that your children will, in time, leave you. What will happen instead is that your husband will leave you and, having forfeited the respect of your youngsters, you'll indeed by forsaken and alone. If, on the other hand, you leave your husband now, you will have your own self-respect to sustain you, as well as the love of your son and daughter.

I earnestly urge you, don't continue in this sorry mess; what you have gone through already is nothing compared to the misery ahead. Your relatives and friends have already given you this advice; take it while you still have a chance of salvaging something from your wretched marriage.

✧ ✧ ✧

DEAR MISS DIX: This problem has been bothering me for quite a while. I am going with a boy and I'm not sure if I like him or not. When I don't see him for two or three days, I seem to like him very much but, when I'm with him, I don't care for him. When other girls tell me how cute he is, I also like him a lot.

PUZZLED PEG

✧ ✧ ✧

ANSWER: Your trouble is, first of all, extreme and uncertain youth. Second: you have a most unyouthful possessiveness that makes you want what someone else likes. If you break off with the boy, you'll be desperately in love with him the next day. On the other hand, if you stay with him, you'll be bored stiff. Better give him a break and call it quits.

What's Right?

You would like to send a Christmas card to a man whose wife you have never met.

WRONG: Even though you send it to his home, address the card: "Mr. John Smith."

RIGHT: Address the card: "Mr. and Mrs. John Smith."

Roseneath News

Miss Helen Braithwaite, Oshawa, spent the week-end with her parents, Mr. and Mrs. Edgar Braithwaite.

Miss Bernice Parker, Peterborough, was a week-end guest of Mr. and Mrs. Eldred Baxter.

Mrs. Leslie Sherwin, Mrs. George Mouncey, Mrs. A. Nill and Mr. Ken Sherwin were guests on Saturday of Rev. and Mrs. R. C. White, Bobcaygeon.

Mr. and Mrs. Elden George were Sunday guests of Mr. and Mrs. James Greenly and Mrs Doreen Greenly, Norham.

Mrs. Ezra Sherwin visited Mr. and Mrs. John Leonard, Peterborough, during the week.

Mr. and Mrs. James L. Timlin were recent guests of Mr. and Mrs. Will Gillespie, Hastings.

Faye Adams spent the week-end with relatives at Orono.

Mrs. A. Nill, Brighton, was a guest on Friday of Mr. and Mrs. Leslie Sherwin.

Mrs. Frank Brown, Misses Donna McGrath and Nelda Brown were guests on Saturday of Mr. and Mrs. Wilbert Smith, Baillieboro.

For the past three consecutive Sundays the members of St. James' Anglican Church here attended St. George's Church, Hastings, owing to the interior of the church being redecorated.

Mrs. Leslie Sherwin is spending a week with Rev. and Mrs. R. C. White, Bobcaygeon.

Carries Nephews 12 Miles In Packsack

CHAPLEAU (CP)—A trapper carried his two nephews in a packsack across 12 miles of rocky bushland from Prairie Bee Lake to Nicholson according to word received here.

Eugene Therrien, 30, carried John Therrien, 6, and Arthur, 1, whose combined weight was 60 pounds.

The trio set out with Mrs. Ralph Therrien after her husband failed to return to the cabin.

The brothers separated on their trapline a week ago but Ralph disappeared. Eugene searched for several days, then decided to head for Nicholson, 26 miles west of here, to get help. He didn't want to leave his sister-in-law and the children at the cabin, so he placed the youngsters in a packsack and strapped it to his back.

The group, after walking all day round lakes and hills, reached Nicholson at dusk. Eugene said he had to stop every hour for rest.

A search party was flown into the area to hunt for Ralph.

MARY MOORE SAYS:

Peeled And Seeded Grapes Tasty Morsel

Periodically I go on an economy spree and resolve to save some funds for Christmas shopping. I'll bet you do too.

When I saw a sign "Malaga Grapes, Special, 10 cents per Pound" I promptly selected two of the largest reddest bunches I could find, for I wanted to take a tasty morsel of something to a sick neighbor and had an idea.

I peeled and seeded a pound of these grapes. It took me 20 minutes. I turned them into a little jar with a pretty cover and then put on my coat and took off for my sick friend's home. It was just before her dinner time so she had some of them for her dessert, and according to her report were refreshing and delicious.

Totol cost: Ten cents and twenty minutes.

Another grape idea requires peeling and seeding them too, so if you have a scarcity of money, a little extra time, and geusts are expected serve—

HEAVENLY GRAPE PIE

MERINGUE CRUST: Sift together 1 cup sugar and ¼ teaspoon cream of tartar. Beat 4 egg whites until stiff but not dry, then gradually add the sugar mixture, beating until thoroughly blended. Use this to line bottom of a 9 or 10-inch well-greased pie plate (preferably glass) and hollow out the centre, but do not spread too close to rim. Bake in slow oven of 275 deg. Fahr. for 1 hour. Cool.

Peel and seed Emperor of Malaga grapes until you have 2 cups. Fold these into 1 or 2 cups heavy cream which has been whipped until very stiff. (Excess juice should be drained from peeled grapes.) If desired cream may be sweetened slightly but we did not sweeten it for the meringue is very sweet you know. We used extra grapes to garnish this filling when it was turned into the meringue crust. Sliced cherries would be pretty too. We served this at a coffee party. The comments were music to my ears.

Alternative filling: Lemon: Beat 4 egg yolks slightly and stir into them ½ cup sugar, 3 tablespoons lemon juice and 1 tablespoon finely grated lemon rind. Stir this in top of double boiler, over boiling water until very thick. Remove from heat and cool. Whip 2 cups heavy cream until stiff. Combine half of it with the lemon-egg mixture and use to fill meringue shell. Cover with remaining whipped cream. Chill overnight.

CALIFORNIA FRUIT CUP

One cup each seeded and peeled Emperor grapes (or unpeeled seedless green grapes), 1 cup plus juice canned Mandarin oranges, 1 cup plus juice grapefruit sections cut from skin and membrane, 1 cup drained canned pears cut in ½-inch cubes, ¼ cup sliced maraschino cherries plus juice. Combine and chill. This does not require additional sugar if the juices as suggested are used. These amounts will serve 8 daintily for a first-course fruit cup OR 6 a little more generously if used for dessert with crackers and blue cheese.

GRAPE AND ORANGE JUICE COCKTAIL

Two cups seedless green grapes (or peeled and seeded Emperor grapes), 2 cups unstrained orange juice, 1½ tablespoons bottled or fresh lime juice or lemon juice, fresh mint. Chill grapes thoroughly. One-half hour before time for serving, arrange one-third cup grapes in each of 6 sherbet glasses. Combine the orange juice and lime juices and sweeten if desired. Stir well and pour over the grapes, allowing one-third cup juices for each glass. Chill until ready to serve then garnish each with dainty sprig of mint.

I have a grape jelly calling for halved and seeded grapes if anyone would care for it enough to write.

"Who'd believe I was ever embarrassed by PIMPLES!"
New! Scientific Medication
'STARVES' PIMPLES
SKIN-COLORED HIDES PIMPLES WHILE IT WORKS
Clinical Tests prove 9 out of 10 cases cleared up or definitely improved
At last! A new medication called CLEARASIL has proved so effective it brings entirely new hope to pimple sufferers. In clinical tests on 202 patients, 9 out of every 10 cases were cleared up or definitely improved.
AMAZING STARVING ACTION. CLEARASIL is greaseless and fast-drying in contact with pimples. Starves pimples because it helps remove the oils* that pimples "feed" on. Antiseptic, stops growth of bacteria that can cause and spread pimples.
INSTANT RELIEF from embarrassment because CLEARASIL is skin-colored to hide pimples. And CLEARASIL is greaseless, stainless... pleasant to leave on day and night for uninterrupted medication.
THOUSANDS HAIL CLEARASIL. So many boys, girls, adults have found that CLEARASIL works, it's become the largest-selling specific medication for pimples in America.†
Reader's Digest reported on clinical tests using CLEARASIL type medication.
GUARANTEED to work for you as it did in clinical tests or money back. Only 60c. Get CLEARASIL at your Tamblyn drug store today.

SKIN-COLORED HIDES PIMPLES WHILE IT WORKS

Clinical Tests prove 9 out of 10 cases cleared up or definitely improved

At last! A new medication called CLEARASIL has proved so effective it brings entirely new hope to pimple sufferers. In clinical tests on 202 patients, 9 out of every 10 cases were cleared up or definitely improved.

AMAZING STARVING ACTION. CLEARASIL is greaseless and fast-drying in contact with pimples. Starves pimples because it helps remove the oils* that pimples "feed" on. *Antiseptic*, stops growth of bacteria that can cause and spread pimples.

INSTANT RELIEF from embarrassment because CLEARASIL is skin-colored to hide pimples. And CLEARASIL is greaseless, stainless . . . pleasant to leave on day and night for uninterrupted medication.

THOUSANDS HAIL CLEARASIL. So many boys, girls, adults have found that CLEARASIL works, it's become the largest-selling specific medication for pimples in America.†

Reader's Digest reported on clinical tests using CLEARASIL type medication.

GUARANTEED to work for you as it did in clinical tests or money back. Only 60c. Get CLEARASIL at your Tamblyn drug store today.

*Over-activity of certain oil glands to recognized by authorities as a major factor in acne.
†According to actual store surveys.

ANNOUNCEMENTS

1—Births

CONDON—Mr. and Mrs. Jack Condon wish to announce the birth of their son, on Saturday, November 29th, 1952, at St. Joseph's Hospital.

HOBSON—Mr. and Mrs. Robert Hobson (nee Joan Marshall) are pleased to announce the birth of a daughter, Saturday, November 29, 1952, at Civic Hospital.

LOWES—Born to Mr. and Mrs. Nelson G. Lowes (Lenna Davis) on November 29th, 1952, at Peterborough Civic Hospital, a daughter, Nancy Elizabeth. A sister for Linda.

THORNINGTON—Mr. and Mrs. L. Thorington (nee Lylah Gerow) wish to announce the birth of a daughter at St. Joseph's Hospital on November 29, 1952.

2—Marriages

Mr. and Mrs. George Hutchinson of Lakehurst wish to announce the engagement of their eldest daughter, Stella Marie, to Thomas Samuel Gillespie, Buckhorn, son of Mr. and Mrs. Melville Gillespie. The marriage will take place December 25th, at 7 p.m. in Lakehurst United Church.

5—Deaths

HOLYMAN, Thomas—At his residence, 745 Lock Street, Sunday, November 30, 1952, Thomas Holyman, beloved husband of Edith Laura Sheward. Dear father of Mrs. J. H. Young (Edith) of Ottawa, Mrs. R. B. Bowen (Ethel) and Thomas H. Holyman, both of Peterborough and Ralph A. Holyman of Sudbury. Also surviving are six grandsons and one great grandson. Resting at the Comstock Funeral Home, 356 Rubidge Street. Service in the chapel Tuesday, December 2nd, at 2 p.m. Rev. H. G. Douglas officiating. Interment Little Lake Cemetery.

PELLETIER, Mary Katherine — In Percy Township, Sunday, November 30, 1952, Mary Katherine Kelly, in her 36th year, beloved wife of John Pelletier, loving mother of Maurice, Dorothy, Rose and Claudia. Sister of Mrs. C. R. MacFayden, Fort William and Martin Kelly of Campbellford. Funeral will leave the family residence, Wednesday, December 3rd at 9:45 a.m. and proceed to St. Jerome's Church, Warkworth, for Requiem Mass at 10 o'clock. Interment St. Jerome's Cemetery. (Allen funeral home.)

PRATT, Frances Ruth Lander—At the family residence, Gore's Landing on Sunday, November 30, 1952, Frances Ruth Lander, beloved wife of Wallace E. Pratt and dear mother of Frederick and Evelyn, in her 46th year. At the above address until noon Wednesday. Funeral service in Plainville United Church, Wednesday, December 3rd, at 2 p.m. Interment Plainville United Church Cemetery.

SMITH, Janet Elizabeth—At St. Joseph's Hospital, Sunday, November 30, 1952, infant daughter of Wallace C. Smith and Viola Benn, 213½ Antrim Street. Sister of twin Janice, Allen and Donald. Interment Little Lake Cemetery, with Rev. W. Gilling officiating. (Arrangements by Kaye Funeral Home.)

WALSH, Mrs. Ann—At St. Joseph's Hospital, early Saturday morning, November 29, 1952, Ann O'Keefe, widow of the late James M. Walsh, of R.R. 10, Peterborough. Loving mother of Rev. Joseph Walsh of Kinmount, Raymond and James, at home. Dear sister of Rev. Sister M. Augustine of St. Joseph's Convent, St. Catharines, and Michael of Peterborough. Funeral from Duffus Funeral Home, 9:30 a.m. Tuesday, December 2nd, to St. Joseph's Church, Douro, for Solemn Requiem Mass at 10 o'clock. Interment St. Joseph's Cemetery.

6—In Memoriam

DRAIN—In loving memory of our dear grandmother, Mrs. David Drain, who passed away December 1st, 1951.
She was a wonderful grandmother,
She played life's battles square,
No matter when we needed her,
We always found her there.
So on this day our hearts go out
To the dearest and best of grandmothers,
Who never had time to think of herself,
But always thought of others.
—Lovingly remembered by her grandchildren.

DRAIN—In loving memory of our dear mother, Mrs. David Drain, who passed away December 1st, 1951.
She has gone across the river,
To the shores of ever green,
And we long to see her dear face,
But the river flows between.
Some day some time our eyes shall see
The face we loved so well,
Some day we'll clasp her loving hand,
And never say farewell.
—Sadly missed by her family.

DELONG—In loving memory of our dear mother, Eliza Jane, who passed away December 1st, 1945.
Peaceful be thy rest dear mother,
It is sweet to breathe thy name,
In life we loved you dearly
In death we do the same.
—Ever remembered by Clifford, Olive, Jackson and family.

DELONG—In loving memory of our dear mother, Eliza Jane, who passed away December 1st, 1945.
In our hearts your memory lingers,
Sweetly tender, fond and true,
There is not a day, dear mother,
That we do not think of you.
—Ever remembered by daughters, Edna King and Verna Harran.

HARRIS—In loving memory of our dear Evelyn Isobel Harris, who died December 2nd, 1936.
O blessed little sunbeam,
O child of love and prayer,
We give thee to the keeping
Of the tender Shepherd's care.
—Ever remembered by mother, dad, and sisters Betty, Violet, brother Bill.

Blind Man Worried About Aged Pets

VANCOUVER (CP) — The plight of a half-blind dog and an aged cat was the main concern of a 103-year-old blind man found starving here Sunday.

"Make sure my kids are looked after," pleaded John Parker as ambulance men carried him from his ramshackle house. By "kids" Parker explained, he meant his two pets.

Police estimated he had lain in the dwelling without food for two days. He was taken to hospital for treatment for malnutrition.

Parker won an appeal from a city order a year ago condemning his house as unfit for living quarters.

Finds Old Coin

OSHAWA (CP) — Leslie Loucks, a day laborer, was digging on a downtown street when he turned up a heavy copper coin dated 1942 and carrying the inscription: Province of Canada—Bank of Montreal and Bank Token—One penny.

M.P. Asks For Explanation Of Pickersgill Trips

OTTAWA (CP) — A Progressive Conservative member has placed on the Commons' order paper a series of questions about the activities of Jack Pickersgill, former executive assistant to Prime Minister St. Laurent and now clerk of the Privy Council.

Frank Lennard, member for Hamilton Wentworth, asked for information on the trips Mr. Pickersgill has made out of Ottawa on government business since his appointment last spring as clerk of the Privy Council.

Mr. Lennard asked for a list of the places visited and the purpose in "detail of each such visit."

He asked also for information on whether Mr. Pickersgill accompanied a minister of the crown on trips. He wanted details of the services performed by Mr. Pickersgill on such trips and the reasons for the trips.

In a final question Mr. Lennard asked to what account Mr. Pickersgill charged any travelling or other expenses arising out of trips with ministers of the crown.

In the Commons last week, Progressive Conservative members interjected the name of Mr. Pickersgill into the throne speech debate while Prime Minister St. Laurent was making a speech critical of the opposition.

Mr. St. Laurent said he could not understand why the name of Mr. Pickersgill was being raised. He went on to praise the work of his former executive assistant.

Mr Pickersgill now is in London with Prime Minister St. Laurent at the conference of Commonwealth prime ministers.

He was the subject of editorial criticism when he accompanied Mr. St. Laurent on a tour of British Columbia in September. It was suggested editorially that Mr. Pickersgill as clerk of the Privy Council should withdraw from any political activities.

Treatment, Surgery Make Man Attractive Blonde

COPENHAGEN (AP) — Christine Jorgensen, 26, an attractive blonde, awaited happily today her final release from a Danish hospital where she underwent hormone treatments and surgery changing her from a man into a woman.

She will return home soon to the Bronx section of New York City, where she grew up as George Jorgensen Jr., son of a carpenter.

The change took about two years. During that time, between trips to the hospital, Christine was able to study color photography. She hopes to pursue that profession in the United States.

"I'm happy to have become a woman and I think many more people who are unhappy as I was before should follow my example," she told a reporter at Rigs Hospitalet, the Danish state hospital here.

Her doctors refused to discuss the case.

DOCTOR SILENT

Dr. Christian Hamburger, Danish hormone expert who directed the ccuntless injections his patient received along with surgical operations by several leading Danish surgeons, refused to describe Miss Jorgensen's treatment in detail.

He confirmed, however, that her treatment and her change from man to woman would be completed soon and that she would leave the hospital then.

The boy-to-girl transformation was revealed in New York Sunday night in a copyrighted article by the New York Daily News, which said Christine in a letter to her father said the process had taken two years.

The News gave these details:

After serving two years in the army at Fort Dix, N.J., George Jr., received an honorable discharge and enrolled in a New York medical institute to study the workings of sex glands and hormones.

During a trip to California, the youth met a doctor who told him of sex conversion work being done in Denmark and three years ago he went there, ostensibly to study color photography, and put himself in the hands of Dr. Hamburger.

FEMININE LOOKING

The news said the elder Jorgensen learned of the change in his child in a letter from her in which she wrote: "Nature made the mistake which I have had corrected and now I am your daughter."

She enclosed pictures of herself in girls' clothes—a pretty, very feminine-looking blonde.

"You see, I was afraid of a much more horrible illness of the mind . . . I want you to know that I am extremely happy and that the real me, not the physical me, was not changed," the letter added.

The news said the elder Jorgensen called a conference of all his closest friends and they all agreed the right thing had been done.

Society Matron Beaten To Death

NEW ORLEANS (AP) — The murder of an attractive 30-year-old socially prominent New Orleans matron left police searching today for a motive and the weapon used in the fatal beating.

Mrs. James L. Cooper, a 1941 debutante and a former television singer, was found in her fashionable uptown apartment Sunday, her skull fractured by a heavy blow.

Six - year - old Allison Wheeler Trelles, one of two children from a former marriage, found her mother's body lying across a bed in the nursery clad only in a red quilted housecoat and sheer blue nightgown that had been pulled up to her waist.

Police questioned the victim's 42-year-old husband several hours last night and then released him.

Macrino R. Trelles, New Orleans businessman and Mrs. Cooper's first husband, also was questioned and later released.

Remand Hamilton Man In Hatchet Case

HAMILTON (CP)—William Ropcean, 31, today was remanded to Dec. 8 on a charge of attempted murder arising from what police describe as a hatchet attack Saturday night on Ropcean's former girl friend, Sylvia Rymsza, 30.

He appeared in court today but was not asked to plead to the charge. Magistrate Beamer W. Hopkins adjourned the case.

Dear Friends and Customers

Very shortly, we will be Moving our Entire Facilities to our New Location at the Corner of Aylmer and Townsend Streets. These include our New and Used Car Sales Departments, Auto Body and Paint Shop, Tractor, Car and Truck Service Departments.

Our New Building is now underway. Our Stock of Used Cars must be Reduced because of the limited space at our new location during construction. We are Clearing Our Used Cars at Ridiculously Low Prices during our Moving Sale.

If you are interested in purchasing a Used Car, at a really Ridiculously Low Price, I urge you to see the selections of Cars at our Used Car Department, Water and Brock Streets, first. You MUST See Our Prices to Believe Such Values. Check each and every Car over. Every one is Winterized, and most carry our 30-Day Warran

Two Baseball Figures Make Headlines

By JOE REICHLER

PHOENIX, Ariz. (AP) — Even before the first draft choice had been made at the opening of the annual winter meetings today, two of baseball's stormiest figures — Jackie Robinson and Leo Durocher — leaped into the headlines.

Baseball moguls were still arriving when word came from New York that Robinson, brilliant Negro second baseman of Brooklyn Dodgers, had accused New York Yankees of being prejudiced against members of his race. The infuriated world champions promptly issued a heated denial of the discrimination charges. There is no Negro player on the Yankees although there are several in their farm organization.

Durocher, reported to be contemplating quitting the game for a whirl at the movies, squashed the rumors with a statement that he intends to remain as manager of New York Giants as long as Horace Stoneham remains the club owner. Leo has a one-year contract to manage the Giants at a reported $50,000 salary.

SETTING STAGE

The minor leagues meanwhile were setting the stage for their 51st convention that will last through Thursday and cover such controversial subjects as radio and television, the bonus laws, the waiver rule, the high-school rule, player-recall rule, realignment of the leagues and clubs and night baseball. The majors will take over Friday and convene through Sunday.

The first order of business was the major league draft.

"Baseball is my business," Durocher said. "I will manage the Giants in 1953, 1954 and as long as Horace Stoneham wants me to."

Durocher Hopes Manage Giants In '53

PHOENIX, Ariz. (AP)—Leo Durocher declares he hopes to manage New York Giants next year, the year after and from then on "as long as they want me."

Clearing up any doubts about his status with the Giants, Durocher said Sunday he had reached a complete understanding with Horace Stoneham, Giants' owner.

Early Durocher had indicated he might consider quitting baseball to take a lucrative television offer.

Oldest Major-Leaguer Arlie Latham Dies

GARDEN CITY, N.Y. (AP)—Arlie Latham, who broke into major league baseball in 1879, died Sunday after a year's illness. He was 92.

Latham, baseball's oldest major-leaguer, played in the first world series game in 1885 with St. Louis Browns. A third baseman, he also was a member of the champion Browns teams of 1886-87-88.

What you should know about your eyes

Did you know many doctors say there's no such ailment as "eye-strain"? That it's a fallacy that eyes can be permanently hurt by "wrong glasses"? Realize the usual chart test may fail to discover many eye defects?

December Reader's Digest corrects many popular myths about the eyes; reports on proper eye care . . . and tells the facts about commoner eye defects and diseases like cross-eyes, "color-blindness," cataract and glaucoma.

Don't miss this important report that gives 4 rules to help protect your precious sight.

Get your December Reader's Digest today: 36 articles of lasting interest, condensed from leading magazines, current books.

AS THOUSANDS CHEERED — Thousands of Torontonians lined Bay Street to watch the Grey Cup parade, first event of Toronto's day of football madness. Floats, Cowboys, bands and football players praded through the streets prior to the Dominion football title classic between Toronto Argonauts and Edmonton Eskimos.

Eskimos Claim They Gave Argos Grey Cup

By BRUCE PHILLIPS

TORONTO (CP)—History and the scoreboard to the contrary, Edmonton Eskimos claim Toronto Argonauts didn't win the Grey cup. The Eskies say they gave it away.

Hardly conceding that Argos were ever in Varsity Stadium Saturday for the contest, the Eskimos offered practically every reason for their 21-11 defeat except the other side's ability to score more points.

In the dressing room after the game, the Western champions said their own mistakes cost them the game and the Argos "would finish fourth in our league."

Their remarks about their own performance appeared to have some foundation in truth. They were guilty of unprofessional boners that gave the Argos two touchdowns and set up a third.

OWN WORST ENEMIES

Representative of the team's feelings were the words of coach Frank Filchock: "We were our own worst enemies." He said the Eskimos were better in every department except pass defence—the very thing Toronto exploited to the fullest. Filchock was anything but downhearted as he joked with team officials and visiting players.

Most of the players agreed the play which finished Edmonton's chances came in the third quarter when the Esks were in scoring position, trailing 15-11.

Quarterback Claude Arnold threw an incomplete screen pass which fell short of the line of scrimmage. It bounced into Argo Art Scullion's arms and shortly thereafter Toronto broke loose for a major.

Arnold more or less admitted being in error. "I had to get rid of the ball, and I hoped it would clear the line of scrimmage," he said.

NOT TOO MUCH CREDIT

Otherwise, Arnold wasn't inclined to give the Argos too much credit for the win. "We should have beaten the daylights out of them," he said.

Middle Joe Blanchard said the Argos "knew our plays as well as we did. When we went into a play the defensive captain told them the names of the formation. You just couldn't beat those guys."

Stratford Trips Redmen 9-1 To Keep Lead

By THE CANADIAN PRESS

Saturday night was the loneliest night of the week for goalie Bill Shirley of Brantford Redmen in the Ontario Hockey Association Senior A series.

Shirley handled 44 shots in Stratford Saturday as the league leaders downed the Redmen 9-1. His teammates managed only 24 on Jerry Hesse in the Stratford goal.

Stratford Indians maintained their three-point lead in the standings though second place Owen Sound Mercurys matched their week-end pace by dropping Sarnia Sailors 2-4 in overtime.

The third-place Kitchener-Waterloo Dutchmen trounced Hamilton 7-2 to stretch the Tabbies' loss record to 15 straight.

IN FIRST PLACE

In the Northern Ontario Hockey Association Senior southern group Sault Ste. Marie, Ont., Greyhounds stayed in first place as they edged North Bay Trappers 5-4 Saturday. Trappers bounced back Sunday to take the Sault Ste. Marie, Mich., Indians 4-2 and move within one point of the leaders.

Ken Schultz and Mickey Roth each scored three for the Indians. Herve Dejordy tallied twice and Bill Shill notched a single. Sam Kennedy spoiled the shutout for Hesse. A third-period penalty to Bill Shill was protested so vigorously by Shill and Jack Taylor that both received match misconducts.

Veteran forward Mike Bukacheski scored the overtime goal that gave the Mercurys the win in Sarnia. Pete Payette scored the other Mercury goal in the first period and Ray Leckie notched the Sarnia single in the same frame.

Hamilton Tigers performed as expected in Kitchener. The Dutchies led 5-1 after the first and 6-2 after the second. Howie Lee and Jack McKenzie scored two each for Kitchener, Bill Mitchell, Al Buchanan and Paul Oliver divided the others. Bill Hammond scored both Tiger goals.

5,000 ON HAND

More than 5,000 fans were on hand in Sault Ste. Marie Saturday to watch Terry Biocchi score twice and Ron Lay, Johnny Offidani and Roy Heximer add singles for the Greyhounds. Ab Demarco scored twice for North Bay with others going to Rick Hogg and Don Hogan.

On Sunday in Sault Ste. Marie, Mich., the Trappers fared better as Ab Demarco, Vic Jackson Bill Dwyer and Rick Hogg shared scoring honors. The Sault goals went to Claude Watters and John Lumley.

Here and There In Sport

By The Canadian Press

SAVE PRECIOUS TICKETS

TWEED (CP)—Four misplaced tickets to the Grey cup football final were snatched from an incinerator just before the envelope containing them caught fire.

Bert Coulter of Oshawa, a lieutenant-governor of the Kiwanis Club, missed the tickets following his return home after addressing the Tweed Kiwanis club last week. He phoned the Tweed Kiwanis president, Ray Woolfrey, and a search was instituted.

The hotel, where the meeting took place, was searched. The hunt ended in the incinerator.

+ + +

PLANS STADIUM

KITCHENER (CP)—Don Gallinger, owner and playing manager of Kitchener Panthers of the Intercounty Senior Baseball League, Saturday presented the park board with a plan for erection of a $250,000 stadium. Gallinger, former player with Boston Bruins of the National Hockey League and now in the hotel business, said that to undertake the project he would require an option for a 10-year lease on a suitable piece of land. The park board referred the plan to city council.

+ + +

WINS SQUASH EVENT

HAMILTON (CP)—Ernie Howard of Toronto Sunday won the annual invitation squash tournament at the Hamilton Racquets Club. He nosed out Henry Foster of Detroit in a close final after defeating Jack Shusterman of Toronto in the semi-final.

+ + +

DECISION REVERSED

MONTREAL (CP)—The Quebec Amateur Hockey Association Saturday reversed a decision which gave Shawinigan Falls Cataracts an Oct. 12 Quebec Senior Hockey League game by a 4-2 score. Quebec Aces now get credit for the victory.

The QAHA reversed its decision when it learned that the Canadian Amateur Hockey Association had granted permission to Jackie Leclair to play with the Aces. Shawinigan Falls had protested that Leclair was ineligible.

+ + +

HEATS DIVIDED

TORONTO (CP)—Mac Bingen, owned by T. E. McCool of Pembroke and driven by Floyd Milton, and States Attorney, owned by Andy Reese of Hamburg, N. Y., with W. J. Harvey handling the reins, each won a heat Saturday in the $1,500 free-for-all open pace at Dufferin Park.

+ + +

HOLE IN ONE AT 91

HIGHCLIFFE CASTLE, Eng. (AP)—T. S. South, 91, a retired banker, laid claim Sunday to the title of oldest golfer ever to make a hole-in-one. South aced the 110-yard 17th at the local course. "I made a hole in one once before," South told a reporter, "but it was so long ago I've forgotten when."

+ + +

LONGDEN RIDES WINNER

SAN BRUNO, Calif. (AP)—Stranglehold, with veteran Johnny Longden up, came from behind with a tremendous stretch run Saturday to win the $15,000-added Sequoia Handicap at Tanforan. County Abbey, with Willie Shoemaker aboard, ran second. Horse-trader-Ed, running as an entry with Stranglehold, placed third.

+ + +

OUTSIDER WINS RACE

BOWIE, Md. (AP)—A Maryland-bred horse triumphed in the Maryland Gold Cup Saturday as Prince Dare pulled an upset to take the $50,000-added stake race. The two-year-old is owned by Walter A. Edgar, president of the Maryland Horse Breeders Association. Campbell Stable's Ann's Love was second by a neck. Howell E. Jackson's Caesar Did was third.

Sister Kenny Dies At Home After Long Illness

SYDNEY, Australia (AP)—Sister Elizabeth Kenny, Australian nurse famed for her methods of polio treatment, died Sunday at her home in Toowoomba, Queensland. She was 66.

Sister Kenny will be buried today in the heart of the bush country where she worked out her famous methods treating infantile paralysis.

Her death occurred after a week-long battle against cerebral thrombosis. For two days she had been in a coma from the blood clot. Pneumonia hastened her end.

The determined and courageous woman, who was credited with saving many from the dreaded crippling of poliomyelitis, spent her last days with her right side paralyzed.

Physicians Saturday night administered a new drug, trypsin, in a last effort to save her life. An airliner brought the drug from the Jewish Memorial Hospital in New York.

Relatives and her lifelong friend, Dr. John Ogden, were with her at the end.

Governments, universities and private organizations in many parts of the world have honored Elizabeth Kenny for her polio therapy methods. Hollywood dramatized her life in film with Rosalind Russell playing the lead. She was a stubborn woman and had many a battle with doctors who disagreed with her theories.

DEVELOPS TREATMENT

She discovered the now famous "Kenny treatment" when she was a 25-year-old nurse in the bush country. Her patient was a two-year-old child. She telegraphed a description of the disease to the late Dr. Aeneas J. McDonnell, her former teacher and employer. He wired back: "Infantile paralysis. No known treatment. Do the best you can."

Sister Kenny ripped up a woollen blanked, dipped the strips in boiling water and applied them to the painful parts of the child's body. She treated the child's muscles. The child revived to walk again. Doctors were incredulous.

She ran afoul of organized medicine in Australia when she established clinics. She went from one setback after another to triumph finally. Her treatment was recognized and foundations bearing her name were set up to carry on her work in the United States and other countries.

Tribute poured in from state and church. Acting Prime Minister Sir Arthur Fadden praised her "confident approach" and "her tenacity of purpose which made her a great international figure."

Opposition Leader Herbert V. Evatt said: "On several occasions President Roosevelt, himself a polio victim, told me Sister Kennys methods of treatment had proved very beneficial in thousands of cases throughout the United States—including his own."

The Church of England Bishop of Brisbane, Rt. Rev. Dr. R. C. Halse, said: "She left behind an example of devoted service toward the cause of alleviating suffering. Many benefitted from her methods."

Cavan Club Plans To Hold Fun Night

CAVAN (ENS)—The PLI Club of the seventh and eighth lines of Cavan held their November meeting at the home of Mrs. H. Dawson on Thursday, when a pot-luck dinner was served at noon. There were 16 members present. Mrs. H. C. Argue, secretary, reported a donation of $15 was made to the Red Cross Society and a donation given to a baby's layette valued at $5.90.

Owing to the absence of the president, Mrs. W. Wilson, and several of the members, it was decided not to have the election of officers until January when a full report of activities of the club will be given. There will not be a regular meeting in December, but plans were made to hold a "fun night" early in the month which will take the form of a dinner at the McGillis Hotel, Peterborough, at 6 o'clock and attendance at some form of entertainment later in the evening.

and elected Rosy Ryan, Minneapolis general manager, as league vice-president. He succeeds Al Banister of Columbus.

MISS ESKIMO—Jeri Morris, Miss Edmonton Eskimo, accompanied nearly 1,500 Edmonton supporters to Toronto for the Grey Cup football final. She was one of 12 entrants, representing senior football teams in Canada, in the Miss Grey Cup contest won by Miss Winnipeg Blue Bomber.

Broad Gaps Reported In Outer Defence System

By ELTON C. FAY

WASHINGTON (AP) — Broad gaps appear in the outer arc of the defence system along the North American continent over which bombers from Russia could fly toward their targets.

Although the joint and intensive efforts of Canada and the U. S. have succeeded in getting a radar system into operation which may detect an approaching enemy bases are lacking from which interceptors could challenge raiders at some points along the vast perimeter.

On the basis of recent official disclosures and visits by reporters, the far north defence picture looks like this:

At the northwest end: A system of major and secondary airfields, together with facilities for ground troops to defend them, now exists in Alaska, where the U. S. is a next-door neighbor of Russia. Neither complete complements of planes nor of ground forces are there, but present strength can be augmented swiftly by flying men and planes from the United States.

At the northeast corner: Virtual completion of a huge bomber and fighter base at Thule brings to three the number of American operated air fields in Greenland. Together with those Greenland units of the Northeast Air Command are other bases in Labrador and Newfoundland.

GREATEST WEAKNESS

But along a 1,500-mile stretch of wasteland and frozen sea between Greenland and a point in Canada near Alaska there exist few if any fields capable of sending up a substantial force of interceptors. The radar eyes might see an enemy along the rim, but it would remain up to fighter bases farther south in Canada and in the U. S. to provide the interception.

A somewhat similar situation exists in Greenland. The three operating United States air force bases are at Narsarssuak, at the southwestern corner; at Sondestrom fjord just north of the arctic circle; and at Thule, near Cape York, on the northwestern corner, about 900 miles from the North Pole.

The distances between bases, one of which must be used as an alternate field for another in event of bad weather or damage to a plane in flight, is great—800 miles in some instances.

15 Of 18 Deaths At Week-End Traffic Fatalities

By THE CANADIAN PRESS

A total of 18 persons died as the result of accidents in Eastern Canada during the week-end. Fifteen were traffic fatalities.

Province with the highest figure was Ontario with nine, including seven traffic, a survey early today showed. Quebec had seven, six of them traffic, and New Brunswick and Nova Scotia one traffic death each.

One multiple-death accident was reported. Dr. Armand Lapierre, 48, and Rolland Renault, 32, were killed when their cars collided at St. Joachim de la Plaine, two miles from Montreal.

At Whitby, Ont., Roderick Williams, 16, died a few hours before he was due to play the guitar at a wedding party after the car in which he was riding was smashed 75 feet down the tracks by a Canadian Pacific Railway freight train.

OTHER DEATHS

Other Ontario deaths: Steve Bretch, 60, when struck by an auto as he changed buses at Niagara Falls; Edward McBurney, 54, of East Wawanosh, when the tractor he was driving overturned into a ditch; Ernest Guy, 57, of Sudbury, on his way to hospital after his car missed a curve seven miles north of Sudbury; Michael Rauh, 17, of Etobicoke, when his car touched the fender of the auto he was trying to overtake and went out of control; Wayne Burmaster, 16, of Alderwood, a passenger in a car which crashed into a tree; Mrs. Theresa Hanna, 72, of Brampton, in hospital of injuries suffered when the car in which she was riding skidded on the icy highway near Fenelon Falls.

Edward Helcoe, 41, of Oshawa was crushed by a 1,000-pound cement mixer which he was helping to wheel along and died within 15 minutes; and at Sault Ste. Marie, Gerald Dawson, 13, was fatally wounded when his friend's .22 calibre rifle accidentally discharged while they were hunting rabbits.

QUEBEC FATALITIES

Other Quebec deaths: Lucien Charbonneau, 28, when his truck smashed head-on into a car in Montreal; Armand Timpirio, 26, as the car he was riding in hit a stone wall in Montreal; Raymond Goulet, 24, in a two-car collision near Sherbrooke; Robert St Pierre, 34, when struck by a truck.

Napoleon Trudeau, 67, in hospital as the result of injuries he received when he fell down stairs in his Montreal home.

In East Florenceville, N. B., Mrs. Edward Saunders, 37, was killed as she tried to cross the road in front of a car.

Francis Perro, 22, of Pomquet, N. S., was killed by a train a few miles from his home. He was believed to have been walking along the tracks at the time.

Special Exchange

BUSSUM, The Netherlands (Reuters) — A special telephone exchange for training blind operators has been placed in the institute for the blind here. The exchange sounds musical notes varying for each line so the blind operators can recognize which connection is requested.

Weekend Stars

By THE CANADIAN PRESS

Gordie Howe of Detroit, who scored three goals and assisted on another as the Red Wings downed Toronto aple Leafs 3-1 Saturday and 4-1 Sunday night.

Johnny Peirson, who scored the winning goal Sunday as Boston Bruins routed Montreal Canadiens 3-1.

Havelock Votes For Reeve, School Board

HAVELOCK (ENS—There will only be an election in Belmont and Methuen Townships for the reeveship and two seats on the School Board in area 1.

W. E. Griffith will be in the contest for reeve against the present reeve, Norris Whitney, who defeated Mr. Griffith last year by 26 votes.

George Newton, who has served 13 consecutive years on the Council, was elected by acclamation as deputy-reeve when the other nominee for the office, William Longmuir, withdrew his name as a candidate.

Councillors elected by acclamation are: Robert Wrightly, Gardner Gawley, Burrell Keating. Four candidates will contest two seats on the School Board for area 1. They are Frank Wrightly, Randal Anderson, Alex Buchanan, Fred Taylor. The two trustees for area 2 were elected by acclamation. They are Harold Russell and Stuart Barrons.

Claim 2 Inventions

MOSCOW (AP) — Mark up two more inventions claimed by the Russians. The Soviet press declared Soviet inventors put into operation 15 years ago today an automatic radio printer. The press also claimed that I. P. Kulibin of Russia in 1791 constructed a pedal-propelled automobile.

Opposing Plan

TOKYO (AP) — Japan's right-wing Socialists, a contingent of the second largest political party in the Diet (parliament), has approved a resolution opposing the government's plan to set up an information agency. The resolution said that the government, by sponsoring the plan, is taking a step toward a controlled press.

Ask Canadians See Own Country First

OTTAWA (CP) — The federal government is launching a program to encourage Canadians to do their holiday travelling in Canada, Resources Minister Winters said today.

The minister, through whom the Canadian travel bureau reports to Parliament, was addressing the opening session of the annual federal-provincial tourist conference.

He said travel within Canada by Canadians will be urged in a series of national radio broadcasts featuring this country's national parks.

The parks, he said, will be used as the central theme "in a program designed to encourage Canadians from one part of Canada to visit other parts of our country and get to know our fellow Canadians."

Two factors, he said, influenced this decision:

1. In 1950 and 1951, the lure of vacations in Europe, Mexico and the United States was affecting the influx of Americans into Canada.

2. Those entering Canada have been spending proportionately less on their holidays than previously.

Despite these developments, the minister said it was "stimulating" to know that in the first nine months of this year 21,600,000 visits by Americans to Canada set a record.

To promote tourist travel activities in the U. S. midwest, Mr. Winters said, a publicity man from the travel bureau is to be stationed in Chicago as part of a staff rearrangement there. This is in line with a recommendation of an earlier tourist conference.

Mr. Winters also said it is proposed that early next year the trade commissioner's office in Los Angeles be replaced by a consulate. The Canadian tourist work there will be continued under the new setup.

Have Seven Resolutions Urging Higher Payments

OTTAWA (CP)—The new session of Parliament is little more than a week old but already on the Commons' order paper are at least seven resolutions from backbench members urging a loosening of the federal purse strings for bigger and more social service payments.

This is despite warnings by Finance Minister Abbott that if Canadians want tax cuts they can't expect increased services.

The resolutions—four from Liberals and three from CCF members—run the gamut from increased family allowances to aid for needy university students and more help for fishermen.

Chances are that the resolutions will be debated but—unless the government sees fit to act—nothing further will be done about them. They will go to the bottom of the order paper and die there when the session ends.

Rev. Dan McIvor, a United Church minister and Liberal member for Fort William, has a resolution urging discussions with the provinces to provide pensions for the incapacitated. He feels all persons who cannot earn their own living should be paid $40 a month regardless of age.

A similar resolution comes from John Sinnott (L—Springfield). He urges that pensions or maintenance allowances of $40 should be paid monthly to "the unfortunate crippled people of Canada."

Hazen Argue (CCF—Assiniboia) asks an increase in family allowances to the extent necessary to compensate for the increase in the cost of living.

Leger Says Pope Has Honored Canada

VATICAN CITY (Reuters)—Archbishop Paul-Emile Leger of Montreal said that in making him a cardinal-elect the Pope has honored the "noble and industrious people of Canada."

The archbishop, at 48 the youngest of the non-Italian prelates nominated Saturday to the College of Cardinals and second youngest ever to be nominated, handed a statement to reporters.

Archbishop Leger said he had planned to leave Rome shortly for Lourdes on his way home to Canada, but the announcement made him change his plans.

He said he will remain in Rome until the consistory in January.

Dedicate New Hall

LONDON, Ont. (CP)—A new $40,000 recreation hall which will help to make Woodeden the best centre for treating crippled children in Ontario was dedicated here Sunday.

Very Rev. R. C. Brown, dean of St. Paul's Anglican Cathedral and chairman of the meeting of some 75 Londoners who have worked for years building Woodeden, made the dedication

CHILDREN RESCUED from West Virginia's Huntingdon State Hospital fire in which 14 persons perished on Thanksgiving eve are bedded down for the night in a building near the one destroyed in the blaze. Many of the youngsters suffered smoke poisoning or shock but none was in serious condition. The fire originated in a basement storeroom of the three-storey brick structure and quickly burned through the first floor, sending clouds of thick grey smoke through the rest of the building.

May Ask U.S. To Raise Price Of Gold

By FRASER WIGHTON

LONDON (Reuters) — Commonwealth prime ministers, in conference here to seek ways of nursing sterling back to health, this week will consider jointly asking the United States to raise the gold price.

The bullion gold price now is pegged at $35 a fine ounce, the 1934 level.

A higher gold price would immediately benefit South Africa, the world's largest gold producer. The benefit would also accrue to the other sterling area countries because the sterling area keeps its accounts with the dollar area jointly.

South Africa has long asked for a higher gold price. It was learned that Britain, Canada and Australia support her view.

WOULD AID STERLING

Supporters of asking for a higher gold price think it would help the sterling area if and when it is decided to make sterling freely convertible into dollars. This now is a long term aim only.

The argument presented is that:

1. A higher gold price will mean that sterling area gold reserves will have risen in value when expressed in terms of dollars.

2. A higher gold price will mean that dollars have become worth less in terms of gold. Operators would therefore be less inclined to sell their sterling holdings for dollars once sterling is made convertible.

Scientists Working Hard To End Mosquito Problem

By ROBERT E. GEIGER

WASHINGTON (AP) — A whole generation of mice have become dizzy riding miniature merry-go-rounds trying to help scientists solve a problem.

The problem: to find an insecticide that will kill tough flies and mosquitoes. A lot of these insects have become immune to DDT and other bug killers.

Government scientists have several thousand chemicals out of which they believe some new and more powerful insecticides may be manufactured. An infinite number of mixtures can be made from the chemicals by combining one with another. The job is to test the killing power of each until a superkiller is developed.

So the mice ride the merry-go-round, manufactured from an old phonograph turn-table, one at a time, and are sprayed by a carefully-measured puff of chemical each time they go around.

After his ride the mouse is placed in a cage with flies or mosquitoes. If an insect bites a sprayed mouse and dies within 24 hours the scientists figure they have a chemical combination worth checking more carefully.

The project has been operating several years.

The fact that some insects breed resistance to poisons has been known for years.

Bug experts believed they had the answer to the fly and mosquito problem when DDT was developed. It seemed to be the best killer of all time. But within a few years flies and mosquitoes were observed that could live in a DDT "environment."

Government scientists immediately went to work and raised some flies, in laboratories, that actually thrived on DDT. In fact when it wasn't sprayed around their living quarters they didn't do so well.

Aldrich Named Envoy To Britain

NEW YORK (AP)—Winthrop Aldrich, New York banker, will become United States ambassador to Britain early next year, it is announced. The appointment was made by President-elect Eisenhower who stated he was reluctantly accepting the resignation of Walter S. Gifford.

Aldrich is chairman of the board of the Chase National Bank of New York and chairman and director of the Chase Safe Deposit Company.

Gifford, former chairman of the board of American Telephone and Telegraph Co., was appointed ambassador in 1950 by President Truman. He is 67 and an active Republican.

Brings FAST relief for BRONCHITIS MUSTEROLE

Fanatics Death List Editors For Organizing Beauty Contests

ISTANBUL, Turkey (Reuters)—Police investigating the shooting of a Turkish editor have found a death list of editors condemned by Moslem fanatics for "organizing beauty queen contests or publishing pictures of Hollywood sex appeal stars."

Fanatical Moslems have long attacked beauty contests as immodest, contrary to Islamic law and a disgrace to Turkish womanhood.

Police found the death list during investigations of last week's shooting of Mahmet Yalman. He was editor of the influential newspaper Vatan which ran the competition that sent Turkey's representative to the "Miss Universe" contest in Long Beach, Cal., in June.

Yalman's assailant fired five bullets into him at Malatya, central Anatolia, last Saturday as he was reporting a speech by Prime Minister Adnan Menderes. After an emergency operation he was pronounced "out of danger" on Sunday.

Police have detained 15 people who, they said, were believed to be members of a conspiratorial organization with links throughout Turkey.

Many Livestock

REGINA (CP)—A total of 300,502 head of livestock with a gross value of $27,600,000 was marketed by the livestock division of the Saskatchewan wheat pool during the last year.

Observers Patrol Kashmir's Line

By ADRIENNE FARRELL

SRINAGAR, Kashmir (Reuters)—Fifty-nine "forgotten men" are policing 500 miles of some of the most mountainous and inaccessible country in the world for the United Nations.

They are the UN observers who for the last four years have been patrolling Kashmir's rugged cease-fire line, across which the armies of India and Pakistan still eye one another with mistrust and suspicion.

Fixed in the autumn of 1948, pending a final decision of the Kashmir problem, the line cuts right across Kashmir.

The observers are the only persons allowed to cross this line. It is their job to investigate breaches of the cease-fire by either side.

On every incident, they have to prepare a report for submission to the UN.

The total UN mission in Kashmir is about 150, of whom 59 are observers and the remainder communications and administration personnel.

Led by the chief observer, 58-year-old Gen. Robert Nimmo of Brisbane, Australia, the observers represent 11 different countries.

They come from Canada, the United States, Belgium, Australia, Sweden, Norway, Chile, Uruguay, New Zealand, Ecuador, and Denmark.

For six months, they maintain their headquarters in Srinagar on the Indian side of the line. For the other six months, at Rawalpindi in Pakistan.

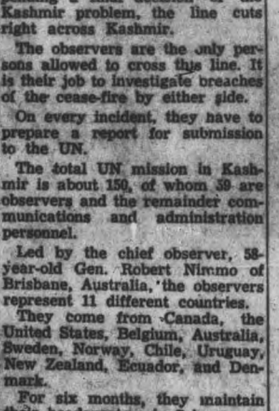
Some of them live in isolated posts 17,000 feet up in the Himalayas. It may take them seven weeks to tour their area, over wild glacier country and across mountain torrents.

Big Template Program

PORT TALBOT, Wales (Reuters)—Britain's nationalized steel industry has approved a £40,000,000 program to modernize the Welsh tinplate industry, it was announced Saturday night. Principal feature of the program will be a five-stand cold reduction mill at Velindre. Other developments include new coke ovens, furnaces, rolling-mill and other equipment for plants near Port Talbot.

Seaway Fighter Dies

MOUNT VERNON, N.Y. (AP)—Carroll B. Huntress, 67, eastern vice-president of Republic Coal and Coke Co., and long a vigorous opponent of the St. Lawrence seaway project, died Saturday. Huntress, a native of Ogdensburg, N.Y., had served since 1947 as chairman of the anti-seaway National St. Lawrence Project Conference.



AFL'S NEW TREASURER—William F. Schnitzler, above, has been named secretary-treasurer of the American Federation of Labor. The 46-year-old president of the AFL Bakery and Confectionery Workers' Union succeeds George Meany, who is now president of AFL.

EATON'S Stars...

Punkinhead For Christmas Giving

You'll find him everywhere . . . as a nice, cuddly teddy bear with a fat, furry body and curly top-knot . . . grinning up at you from sleepers, aprons, bibs and towels . . . smiling at you from toys, dishes, high-chairs and rugs . . . You'll find him everywhere at EATON'S (and only at EATON'S).

"Punkinhead" Teddy Bears
Cuddly Brown and Yellow wool plush, with curly topknot, trim cotton felt shorts. Squeeze him and he squeaks! 10" size 2.98; 15" size $4.95; 20½" size $10.95.

"Punkinhead's" Own Song
In its own special envelope. A 7" size shatterproof plastic record with Punkinhead's cheery song on one side and on the other the "Punkinhead" story. Each .35

Rubber Balls
Brightly coloured rubber balls with "Punkinhead's" happy face on both sides. 4" in diameter .55
Each
6" in diameter. 1.15
Each

Bottle Warmers and Vaporizers
With pottery base in Pink or Blue, with rubber cord. Shuts off automatically. 2.95
Each

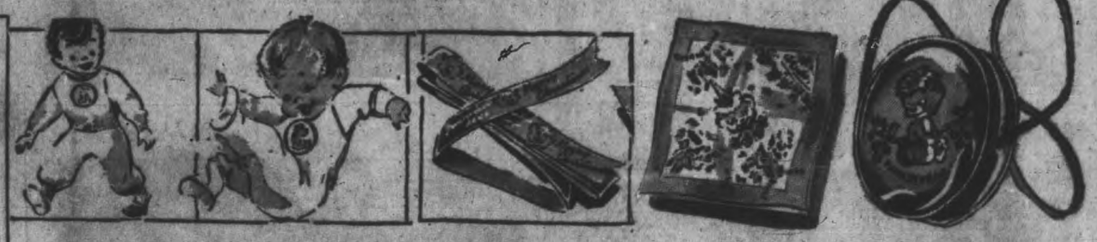
Rubber "Punkinhead"
Soft sponge rubber that stands up, bends all ways, takes lots of rough and tumble, and is easy for little hands to clutch. About 8" tall. 1.00
Each

Shoo-Fly Rockers
With two-ply "Masonite" side and seat. Hardwood supports. Smoothly finished. About 24" long, 15" high. 3.98
Each

"Punkinhead" Feeders
Large size plastic feeder with sleeves, tie neck, wide pocket along bottom. In contrasting Pink and Blue. .69
Each

Paint Boxes
With "Punkinhead" on the cover. 24 water-colours inside with brush. All metal case, about 6½ x 9½". Made in England. .45
Set

Winter Coat Sale . . .
Coming to EATON'S
Wide Clearance of Winter Coats at Saving Prices
Watch EATON'S Advertisements and Windows for further dates and details.



2-Piece Style Sleepers
Two-piece style with knitted neck, cuffs, waist and ankles. Fleeced-lined cotton in White, Pink, Blue, Yellow in the group. Sizes 1 to 6 years. Each 1.98

One-Piece Style Sleepers
All-in-one style with feet and drop seat. Fleeced-lined cotton in White, Pink, Blue, Yellow in the group. Sizes 1 to 6 years. Each 1.98

"Punkinhead" Ribbon
Bright Red Christmassy rayon ribbon with a "Merry Christmas" wish and a picture of "Punkinhead." About 1" wide. 3 Yds. .19

Silk Scarves
Printed with a happy little Punkinhead on soft silk and bordered with Red, Blue, Green or Gold tones . . . a gay gift for a little girl to wear as a scarf or head square. Size about 24" x 24" .98
Each

'Drum-Shaped' Handbags
Calf-grained plastic . . . round drum shape with top zipper closing and over-shoulder straps . . . decorated with a laughing Punkinhead. Red, Green, Navy, Brown or Tan. 1.00
Each

Trade-Friendship Pact Suggested By Australia

SOME HIGHLIGHTERS of aldermanic polling at Monday's election gathered at City Hall in the evening to watch the posting of their positions that showed a constant trend to the final figures from small advance polling results accumulated last week. In the top photo (left to right) veteran Aldermen Arthur Burrows and polling leader Harold Rehill (right) talk to freshman Alderman William J. Beggs. In the lower photo newly-elected Alderman Gordon Farquharson (left) and Norman Graham (right) chat with Clarence Porter, one of the four successful candidates elected to the Board of Education.—(Examiner Staff Photos)

Offers Plan To Ease Dollar Crisis

Churchill Expected To Discuss Idea With Eisenhower

LONDON (CP)—Leaders of the British family of nations today examined an Australian proposal for a unique United States-commonwealth treaty of trade and friendship aimed at making it easier for the rich dollar and the poor pound to live together.

Prime Minister Robert G. Menzies of Australia was reliably reported to have suggested the treaty at Monday's session of the nine-country Commonwealth Prime Ministers' Conference. Informed sources said the proposal would cover:

1. Commonwealth pledges to ease controls on the movement of money especially those hampering American investors in British countries from taking back to the U. S. their capital and earnings in dollars.

2. Speeding up arrangements to eliminate double taxation which in some Commonwealth countries leaves dollar investors liable to pay taxes both to that country and to their own governments.

3. Gradual extension of the convertibility of the pound so that eventually a person with pounds could trade them freely for any other foreign currency.

4. Cast - iron arrangements for removing or scaling down the Commonwealth system of imperial preferences and United States tariff quotas.

FAVOR PROPOSALS

Most of the Commonwealth group are known to favor these general principles. Menzies' idea to embody them all in a trade and friendship treaty apparently is new, however.

After details are threshed out in the next few days the Commonwealth statesmen likely will give Britain's Prime Minister Churchill and R. A. Butler, his Chancellor of the Exchequer, a mandate to go to Washington to talk the thing over with President-elect Eisenhower after he takes office Jan. 20.

Today's session of the conference also had to follow up Monday's discussion on development of the Commonwealth's own resources.

OFFERS PLAN (Continued on Page 2)

Refuses Commission

OTTAWA (CP)—Agriculture Minister Gardiner today rejected a proposal that the Canadian government create a royal commission to investigate margarine production and its impact on the dairy industry. The royal commission would take too long to do its work and would accomplish nothing, Mr. Gardiner told the 14th annual federal-provincial agricultural conference. He was replying to Alex Mercer of Vancouver, president of the British Columbia Federation of Agriculture, who appealed for some federal action against the import of low-priced vegetable oils, which he said, was threatening to destroy Canada's multi-million-dollar dairy industry.

Killed Contract With U.S. In Cobalt Row

TORONTO (CP)—H. G Miller, recently-elected president of Silver Miller Mines, Ltd., said his company now has no contract with the United States government for the sale of cobalt.

"I killed the contract," he was quoted as saying Monday night in a telephone interview from Cobalt.

In Washington Jess Larson, head of the general services administration, said that the Canadian mining company agreed to pay a former U.S. assistant secretary of defence and an associate about $835,000 to promote the contract.

CHARGED AGREEMENT

Larson, head of the U.S. government's "house keeping agency" which conducted an investigation, said the agreement was reached with Paul C. Griffith, former assistant defence secretary under Louis Johnson and Maxwell Brown. Griffith and Brown now have law offices in Washington.

Mr. Miller said that before he became president $215,000 had been paid from the company's treasury to two intermediaries who arranged the contract. He said that subsequently $45,000 was recovered and the company is making efforts to recover the remainder.

So far the Silver-Miller has made no cobalt shipments to the U.S., Mr. Miller said.

Rehill Heads Polls For Council Farquharson Only New Man As 42 Per Cent Cast Ballots

Ald. Harold T. Rehill was re-elected at the head of the aldermanic polls Monday with 5,078 votes, and a plurality of 440 in the field of twelve candidates.. Municipal electors apparently put a premium on experience as they returned Ald. A. B. Burrows in second position, and retained both Norman G. Graham and Ald. W. J. Beggs who successively occupied the same seat in the council this year, as a result of Mr. Graham's resignation early in the summer. The only new man emerging successfully from the day's balloting was Gordon H. T. Farquharson, a young lawyer, who finished in third place, with 28 votes more than Mr. Graham polled.

These men were elected for two year terms, and just behind them leading the secondary group of seven was R. E. (Bob) Knox, followed closely by Gordon Powell and Percy Killingbeck.

The aldermanic figures announced at the City Hall last night were:

Ald. H. T. Rehill	5,077
Ald. A. B. Burrows	4,637
Gordon Farquharson	4,066
Norman G. Graham	4,038
Ald. Wm. J. Beggs	3,610

The standing of the other candidates for city council was:

R. E. Knox	2,718
Gordon Powell	2,486
Percy Killingbeck	2,252
Fred T. Tuggey	2,432
Percy Martyn	1,841
Thomas Cupoli	1,427
Ben Swartz	1,166

The ultimate result of the contest for the aldermanic positions was indicated before the day's ballots were counted; even before the boxes were opened. The small group of voters who took advantage of the advanced poll evinced a general choice that was typical of virtually all sections of the city, regarded separately and also compositely.

That poll of business men and others who could not be here on election day was posted early in the evening as follows:

Burrows 31, Rehill 27, Farquharson 20, Graham 15, Knox 14, Beggs 10, Powell 10, Killingbeck 10, Martyn 9, Tuggey 8, Swartz 7, Cupoli 2.

Those voters placed the first four correctly, but underestimated the showing Ald. Beggs was subsequently to make.

POLL 61 FIRST

The first polls from the Deputy Returning Officers Monday night, beginning at 7:30 when the first count of ballots was telephoned from Poll No. 61 at 684 Monaghan Road, south, gradually confirmed with slight variations, the selections of the people who voted at the advanced polls.

Ald. Rehill was in front at that small poll with 15, Burrows 13, Farquharson 12, Beggs 10, Graham 9, Powell 8, Cupoli 8 ,Tuggey 7, and the others trailing.

Those two polls gave: Burrows 44, Rehill 42, Farquharson 32, Graham 24, Beggs 20; Powell was next with 18, Knox 17, Tuggey 15.

Two polls set the day's pattern, and although there was some shuffling along the way to the finish, the effective results were accurate.

REHILL HEADS (Continued on Page 8)

2 Jail Escapees Captured In Belleville

Two prisoners from the Hastings County jail in Belleville escaped custody at 7:50 today and were free for about four hours before being captured by city police as they were trying to hitch-hike a ride.

The two youths — John Vandusen, 19, of Madoc, and Harold Grey, 17, of Marmora— had been given the job of carrying some coal into the jail from outside. Suddenly they shoved a surprised guard into a small basement room, closed the door and disappeared.

Some 20 police from the city force, augmented by 12 Provincial Police from district headquarters in Belleville, and some jail guards, fanned out through city streets to catch the escapees before they could leave the city.

The search went on until shortly before 12 o'clock noon, when Charles Thorne, Belleville Humane Society inspector, noticed the two youths, still in prison clothing, enter Roper's Service station, a mile away from the jail.

HID IN GARAGE

Vandusen and Grey later told police that they had hidden out in a garage for several hours, but they became cold and went into the service station for warmth. While in the station they inquired if anybody was driving out of town.

Thorne recognized their prison clothing, and knowing that there had been a jail-break, he telephoned police.

They were picked up, a short distance from the service station, as they walked north along Cannifton Road. Det.-Sergt. Harold Reid and Sergt. Claude Arnott of the city police drove up to the curb alongside the two escapees, and ordered them to surrender.

MAKE NO PROTEST

Without any protest the two shivering prisoners climbed into Sergt. Arnott's car. Their only observation was that they were taken by surprise; Sergt. Arnott was driving his own, not a police car.

Vandusen is awaiting transfer to reformatory after conviction on a charge of cattheft. He was sentenced to 19 months. Grey, 17-year-old Marmora youth, is also awaiting transfer to reformatory. He has still to serve a six-month sentence.

Reuther Seen As New CIO President

ATLANTIC CITY, N.J (AP)—Walter P. Reuther seemed virtually assured today of becoming the CIO's new president after a close and bitter political battle among CIO unions.

The youthful, fiery president of the 1,000,000-member Auto Workers Union shrewdly master-minded a fight for CIO convention votes and apparently was a winner over CIO Vice-President Allen S. Haywood.

Reuther claimed "overwhelming victory" after the CIO Rubber and Oil Workers Unions, representing more than 400,000 members, late Monday night decided to support Reuther. The rubber and oil unions previously were neutral.

The fight for the CIO presidency as successor to the late Philip Murray still may go to a convention showdown vote Thursday.

WON'T ADMIT DEFEAT

The 64-year-old Haywood and David J. McDonald, newly-named president of the CIO Steelworkers, another 1,000,000-member group and the core of Haywood's strength, refused to admit defeat.

McDonald maintained "everything is the same" and said the Haywood group would continue to fight.

"It was considered likely, however, that in the last analysis the Haywood group would support Reuther to avert an open convention split that might drive a deep wedge into CIO ranks.

At 45 the red-haired Reuther is a young man compared with many other labor leaders.

Never bashful, Reuther has come forward with numerous "Reuther plans" to solve the country's problems, some of which have been accepted and worked and others which never saw the light of day.

Blizzard Hampers Air Search

WASAGA BEACH (CP)—A howling blizzard swept off Georgian Bay today hampered more than 200 civilian and army searchers engaged in what may be the last big-scale hunt for a plane from Alberta which disappeared Friday on the way to the Grey Cup football game in Toronto. The snow grounded RCAF search planes. A helicopter was in the air today but it flew dangerously low only a few feet above the wild scrub trees. Residents in and around this summer resort town reported hearing a low-flying plane in a snowstorm Friday night. Others told police of hearing an explosion about that time and one theory is that the plane with four men aboard crashed in a swamp.

Yesterday some 325 searchers, including 100 soldiers from Camp Borden carrying walkie-talkie radios, vainly hunted through Henry's swamp, five miles northwest of here.

Pte. Craig Patterson, a veteran of Korean fighting, said later:

"I had 14 months' fighting in Korea but never went through anything like this bush."

So rugged is some of the snow-covered land being searched that Maj. Anthony Condy, commanding the Camp Borden group, has ruled that all search parties must be out of the bush before 4:30 p.m. to avoid the risk of becoming lost in the early-falling darkness.

Two dozen RCAF and other aircraft took part in yesterday's hunt in sub-freezing weather. United States aircraft combed northern Michigan.

Aboard the lost aircraft were Frank Jake, 30, Edmonton, pilot; Garth K. Edgar, 35, Edmonton lawyer; Don Eggenberger, 23, of Rainier, Alta.; and Don Sutherland, 28, Calgary. Edgar and Eggenberger are brothers — Edgar is an anglicized version of the name.

Yesterday some 40 planes of the United States Air Force and civilian craft combed a 300-mile area between Sault Ste. Marie and Houghton, Mich. after reports of a column of smoke had been received.

At Toronto weather officials said between one and two inches of snow were expected to fall in the Wasaga Beach area during the day.

Ottawa Allows U.S. Planes Check Aircraft In Canada

OTTAWA (CP)—A new phase of Canadian-American co-operation in air defence has been disclosed by Defence Minister Claxton. He told the Commons today the two countries have agreed to allow their interceptor planes to cross the border in identifying aircraft that enter certain zones. It was disclosed last week that, as one more phase of the plan to integrate the air defence systems of the two countries, Canada has agreed to allow U.S. fighter squadrons to operate in Canada from time to time.

Monday's statement came in reply to a question from M. J. Coldwell, CCF leader, who asked what authority American planes have to "cross into Canada for the purpose of investigating planes flying over Canadian territory?"

Mr. Claxton said Canada and the U.S. have agreed that the air defence of the continent must be a single operation and one important element of this arrangement consisted of air defence identification zones which have been set up along both sides of the border and along both coasts.

"Civil aeronautical regulations require that any aircraft operating in these zones should file flight plans. Any unidentified aircraft flying in an air defence zone near the border and apparently heading towards the border is liable to interception for purposes of identification by military aircraft of the country towards which the unidentified

ALLOW U.S. PLANES (Continued on Page 2)

Fears Pork To Flood Market

OTTAWA (CP) — Manitoba says the Canadian government may cause a flood of pork on Christmas markets if it proceeds with its plan to cut the hog price support by three cents a pound next month.

Ontario and Nova Scotia joined with Agriculture Minister R. D. Robertson of Manitoba Monday in an appeal for retention of the federal 26-cent-a-pound pork floor until the American market is reopened next March 1.

The appeal was voiced as the 14th annual federal-provincial agricultural conference heard a federal livestock expert predict a further drop in meat prices in 1953 both in Canada and the United States.

The federal government already has announced its plan to cut the hog floor price to 23 cents Jan. 1.

A. W. Mackenzie, Nova Scotia's agriculture minister, and Clarence Milligan of Napanee, Ont., Ontario Federation of Agriculture president, said farmers cannot produce hogs for 23 cents a pound without heavy loss. Many will be forced out of business.

New Red Racket Hits Families Of PoW's

NEW YORK (AP) — The New York Herald Tribune says today that army officials have disclosed that relatives of U.S. servicemen now presumed to be in North Korean or Chinese prison camps have been deluged with Communist propaganda for months.

A wide variety of propaganda about the Korean war was reported and, in some instances, offers to render special services to such prisoners—for a price.

A Washington dispatch to the newspaper by C. B. Allen says:

"One army official said that, in some cases, the agencies or persons sending such (propaganda) material to worried parents, wives and sweethearts of servicemen missing in action in Korea have written that their captured relatives are alive and well-treated in prison camps but have suggested 'vacation' at a Communist 'rest camp.'

"This, such communications explained, could be arranged for a two-week period for a matter of 65 American dollars for each prisoner to be so favored."

Four Inches Snow Predicted

TORONTO (CP) — Snow, predicted to fall all day, blanketed roads in southern Ontario today. The highways department reported its sanders were in operation and all roads open.

The snow began about 7 a.m., and covered the area bounded by Kingston, Parry Sound, Niagara Falls and Lake Ontario. About four inches was predicted for the Toronto area and two inches for the rest of southern Ontario.

The department, however, said it regarded the storm as minor. "We're not the least bit worried," an official said.

But Toronto and district motorists were warned to use extra caution.

"No one should drive at more than 20 miles an hour in the snow," traffic Inspector Robert Kerr said.

Temperature of 30 and 35 degrees tomorrow are expected to melt the snow quickly.

Use Helicopter In Tank Rescue

POINT PLEASANT, N.J. (AP)—A navy helicopter was used to rescue a man who fell inside a 160-foot high water tank and broke his neck.

John Breece, 20, was gently lifted out of the tank Monday by a rescue basket lowered by the helicopter and deposited on the ground nearby.

A rescue squad took him to hospital where he was listed in critical conditic .

Breece had been working with several other men inside the tank when he fell about 30 feet and crashed into the steel bottom. A first aid squad was called, but they were helpless, since the tank towers 160 feet above the ground.

Montgomery To Pay Visit To America

PARIS (Reuters)—Field Marshal Viscount Montgomery, Deputy Supreme Allied Commander in Europe, will pay a four-week visit to the United States and Canada early next year, it was announced today.

He will arrive in New York March 25 and will stay in the U.S. until April 15. Then he will go to Canada for a nine-day visit.

He will meet defence and government leaders and visit military schools and installations to study at first hand U. S. and Canadian methods of training.

Lord Montgomery, hero of Britain's desert war against the Nazis in North Africa, is deputy to Gen. Matthew Ridgway in the North Atlantic Defence Organization.

No Move Made Resume Talks

OTTAWA (CP)—No moves toward resumed negotiations in the deadlocked rail wage dispute have developed and there seems to be some doubt as to who is to get them started.

The railways and unions representing 144,000 non-operating employees, who split last week over acceptance of a conciliation board's finding in their long contract dispute, were willing to meet again for the first time since early fall.

But there was no indication Monday of whether one or another of the disputants, or the federal labor department, would take the initiative. Each appeared to be waiting for the first move.

However, all signs pointed to the parties getting around the table again before long. The question of who started things was regarded here as largely a technicality.

10,000 Left Homeless In Fire At Davao

MANILA (AP) — Damage in a fire which razed seven city blocks of Davao, a large southern port, was estimated today at $10,000,000 —with 10,000 homeless.

Fire fighters dynamited buildings to check Monday's raging fire.

No casualties were reported.

Arnprior Flier Gets Second Red Plane

SEOUL (CP)—Sqdn.-Ldr. James D. Lindsay of Arnprior, Ont., was credited today with shooting down his second Communist MiG jet fighter in the Korean air war.

Lindsay, one of the RCAF fighter pilots loaned to the U. S. Fifth Air Force, destroyed his second MiG while flying a Sabre jet last Wednesday. The claim was confirmed today by fifth air force headquarters. Lindsay had one previous confirmed MiG destroyed.

He left for home on rotation last Friday.

Today's confirmation brings to eight the number of MiGs definitely destroyed by Canadian pilots in Korea. One other is a probable and five have been damaged.

Only other Canadian with more than one confirmed kill is Flt. Lt. Ernest Glover of Leaside, Ont., who has three destroyed and three damaged to his credit. He has also returned to Canada after completing 50 missions.

'Spy-Thriller' Slaying Aboard Italian Cruise Ship

GENOA, Italy (Reuters)—Italian police opened a top secret investigation today into a "spy-thriller" slaying aboard a liner which docked here Monday.

In a first-class cabin of the luxury liner Giulio Cesare crew members found the body of a man believed to be a diplomat in the service of a Communist country, probably Czechoslovakia.

He was dead; hanged with a noose made of knotted neckties. In a cabin not far away were two men reported to be Russian agents. Passengers said the two had been watching the dead man ever since he came aboard at a South American port.

Police today transferred the body to Genoa mortuary.

A ship's officer said the passenger, Vladislaw Brozek, 44, was a Czech diplomat who was on his way home from Uruguay.

The man's body was found by a ship's officer at sea Nov. 28. He broke down the cabin door after a steward had received no answer to his knocking.

The passengers said the two Russians, described as couriers, had cabins near Brozek's. The Russians were said to have boarded the liner at Buenos Aires. They were among the first to leave the ship at Genoa.

Deer Crashes Window Wrecks Doctor's Home

HUNTINGDON, Pa. (AP) — A 200-pound, eight - point deer crashed through a picture window yesterday into the home of Dr. and Mrs. William Todd. It demolished three rooms of furniture before it was killed.

After smashing living room furniture, the deer descended to the basement laundry where the washer, dryer and ironer were battered and upset. Then the deer turned his attention to the basement playroom.

After spiking a few pieces of furniture and overturning some more, the animal slid on the wax floor and went down. Mrs. Todd telephoned a game protector who shot the deer and gave the meat to the county home.

Rebels Attack French Fortress

By IAN FAWCETT

HANOI, Indo-China (Reuters)—Communist rebel troops today launched their awaited attack on the isolated French fortress of Nasam. The rebels had lain in the surrounding jungle for more than a week.

After 14 hours of battling around the perimeter the fortress was still in French hands.

The French garrison is pledged to defend it to the death.

The rebels opened with an assault by 7,000 troops. Another 13,000 are believed massed around the besieged post.

The fortress protects much of the French holdings in the rice lands of northern Indo-China and is of tremendous morale value. It lies 120 miles northwest of here. French spotter planes have kept tab on the rebel movements while fighter-bombers have hammered them in a desperate attempt to knock out the attack plans.

Incredible Move

Taft Riled At Ike Labor Appointment

CINCINNATI (AP) — Senator Robert Taft of Ohio today called President-elect Eisenhower's selection of Martin Durkin, a Democrat, as secretary of labor "an incredible appointment."

Durkin is a top officer of the AFL International Plumbers and Pipefitters' Union.

Taft, who campaigned for Eisenhower after losing the Republican presidential nomination to him, said in a prepared statement:

"The appointment of Mr. Durkin is an incredible appointment. This is no reflection on the character or ability of Mr. Durkin. I had a number of talks with Mr. (Herbert) Brownell who has been the key man in cabinet appointments, and made several recommendations of qualified men.

"It was never even suggested that a man would be appointed who has always been a partisan Truman Democrat, who fought General Eisenhower's election, and advocated the repeal of the Taft-Hartley (labor) law.

"It is an affront to millions of union members and officers who had the courage to defy the edict of officials like Mr. Durkin that tehy vote for Stevenson. This appointment leaves without representation in the cabinet those millions of Democrats, north and south, who left the party to support General Eisenhower, and gives representation to their most bitter opponents."

Refuse Russ Cease-Fire Order In UN

Can Now Clear Way For Approval Of India Proposal

UNITED NATIONS, N.Y. — (CP)—Western and neutral nations which have approved India's peace plan for Korea, refused today to accept a Russian demand for an immediate cease-fire in Korea.

Forty-one countries in the 60-nation UN assembly political committee voted down the Russian proposals, which would also have demanded forcible repatriation of all war prisoners. Only the Soviet bloc voted for the Russian plan. Twelve countries, chiefly in the Orient, abstained.

The move cleared the way for quick and overwhelming approval of the Indian plan in a plenary session of the UN general assembly tomorrow.

GO THROUGH MOTIONS

Red China has already rejected anything that does not resemble the Russian plan. But the assembly will go through the motions of voting the Indian compromise so that Assembly President L. B. Pearson can formally put it to the Chinese and North Korean Communists. Their final no, the majority holds, will prove who opposes peace in Korea.

Yesterday 53 countries gave overwhelming approval to the Indian plan.

The one-sided 53-to-5 vote Monday came in the UN political committee. The five Soviet-bloc countries voted against the Indian resolution aimed at ending the prisoner-of-war deadlock which has held up a Korean truce. Nationalist China abstained because she didn't think the plan would work.

The committee set another meeting today to let delegates put on the record their reasons for voting the way they did.

BITTER DEBATE EXPECTED

But Foreign Minister Andrei Y. Vishinsky of Russia was expected to turn the meeting into another bitter debate by demanding that his counter-resolutions be voted upon before the committee sends the Indian plan to the general assembly for final approval and transmission to the Communist command in Korea.

Even if Vishinsky succeeds in getting a vote on his proposals, they are doomed to defeat. Previous rejection of the Indian plan by both Moscow and Peiping promised it just as hopeless a future.

India and her backers had pressed for a vote, nevertheless, to place on the Communists the moral blame for turning down another chance at a Korean peace.

The committee Monday climaxed one of the most violent debates in its history by approving the Indian resolution and, by an almost equally overwhelming majority, throwing down Soviet amendments that would have remodelled it into the Red pattern.

U.S. delegates—and many of their allies—were pleased by the unprecedented solidarity in backing the Indian plan.

They said that, although there was little hope it would achieve the main objective of peace in Korea, the voting completely isolated the Communists. They predicted this could have a powerful influence among the non-communist Asians.

Mrs. Vijaya Lakshmi Pandit, head of the Indian delegation and Prime Minister Nehru's sister, also praised the solid support of her country's efforts and said India still hopes "our great neighbor, China, will co-operate and appreciate our interest and intent."

Although all but the Soviet bloc and Nationalist China approved India's resolution calling for a commission made up of Poland, Czechoslovakia, Switzerland, Sweden and a fifth-country umpire to handle the non-forcible repatriation of prisoners, several Asian and Arab members abstained from voting on the Soviet amendments.

Vishinsky charged that the Indian plan was no compromise at all but instead a dressed-up U.S. plan that would lead not to peace but to a continuation of the war.

The Weather

Peterborough Temperatures:

Today:
Night low....18 Noon.....29
Noon barometer.....29.5

Yesterday:
Highest.....26 Lowest... 6

One Year Ago:
Highest.....42 Lowest...28

Official forecasts issued by the Dominion public weather office in Toronto at 9:30 a.m.

Synopsis:

Cloudy skies and southerly winds kept temperatures up in the twenties in most of Ontario Monday night. This mild weather will continue today and Wednesday throughout the province. Snow which moved up from Texas yesterday spread into southwestern Ontario overnight, and will gradually move across the southern half of the province today and tonight. Wednesday will continue cloudy with a few light snowflurries in most regions.

Regional forecasts valid until midnight Wednesday:

Eastern Lake Ontario, Haliburton regions: Cloudy today and Wednesday. Light snow beginning this afternoon and ending Wednesday morning. Little change in temperature. Winds southeast 15 today, light tonight and Wednesday. Low tonight and high Wednesday at Trenton 25 and 32. Killaloe 20 and 30. Summary for Wednesday—Snow ending during the morning.

Returns From Holiday Jet Ace Gets MiG

SEOUL (AP)—An American jet ace, returned to Korea after six weeks in the United States, shot down a communist MiG-15 today in an air battle deep in North Korea, the U. S. Air Force announced.

Lieut. James Low bagged the MiG in a clash between two U. S. F-86 Sabre jets and two MiGs. It was his seventh kill of the war.

Snow clouds hampered Allied air raids over North Korea, but Allied Superforts plastered a sprawling Communist troop encampment and supply centre. Probing deep into North Korea, 13 B-29s unloaded 500-pound bombs on a troop area west of Honsan, a supply area west of Yangdok and on Red front-line positions.

South Korean soldiers hurled back Chinese attacks in the snow-blanketed Triangle Hill - Sniper Ridge sector. Some of the action was hand-to-hand but the Reds never hit with more than 80 men.

Western Oils Lead Moderate Decline

TORONTO (CP) — Western oils led a moderate decline in slow early afternoon stock market trading today. Golds held firm.

Volume for the first three hours totalled 822,000 shares.

Central Explorers, a western oils issue that dropped sharply yesterday, continued to trade actively today and regained 35 cents in the first three hours. Britalta also rose but most issues slipped, led by Canadian Williston, Del Rio, Gridoil and Anglo-Canadian.

Dominion Asbestos, a base metal that lost heavily Monday, also traded actively today to gain 20 cents. East Rim slipped slightly in active trading and Ankeno showed little change. Most higher-priced issues slipped and others followed.

Most industrial groups were mixed but papers gained and utilities slipped.

Senior golds held firm and junior producers gained strength but prospects slipped in afternoon trading. God's Lake lost pennies while Kirkland Hudson gained. Holding companies slipped.

MORE ABOUT—

Offers Plan

Continued from Page 1

The prime ministers agreed on the general lines of an all-out drive to produce more food for the 575,000,000 persons in the Commonwealth and more scarce minerals. They figured if they were able to do these things and not buy them abroad, in a few years they would save about $2,000,000,000 annually.

NEED SKILLED HELP

But skilled men, money and machines will be needed to get this vast program going. Britain is not in a position to shoulder the burden alone. Outside help will be needed.

Prime Minister St. Laurent, leader of the Canadian delegation, spent a busy day Monday. Besides attending two sessions of the conference, he had a private audience with the Queen and later dined along with other Commonwealth leaders, with Churchill at 10 Downing street. He also met Canadian newspaper men covering the conference.

MORE ABOUT—

Allow U.S. Planes

Continued from Page 1

tified aircraft is believed to be headed.

"For this purpose, USAF aircraft may cross the border into Canada and RCAF aircraft may cross into the U.S."

The minister said, however, that a U.S. plane could not order any plane to land while flying over Canada.

RCAF INTERCEPTED

TORONTO — (CP) — A Toronto story says today that an RCAF pilot reported his plane was intercepted by two United States Air Force fighter planes near Niagara Falls, Ont.

The unidentified pilot was commenting on reports that several Canadian planes have been checked over Canadian territory by American fighters.

The newspaper says the airman took off from an airport near Toronto in his Harvard and decided to have a look at Niagara Falls. When his plane neared the falls two Thunderbolt fighters closed in on either side.

The fighters, from the U.S. air national guard squadron at Niagara Falls, N.Y., forced him to turn back and escorted him most of the way to Toronto.

CHEERING PRESIDENT—President Harry Truman and his daughter, Margaret, give out with big smiles at the annual Army-Navy game at Philadelphia. Navy won, 7-0.

Pushing Work On Airfields

PARIS (AP)—The Atlantic powers are working at top speed to complete a shield of 126 military airfields across Europe, the North Atlantic Treaty Organization council says.

The council Monday confirmed earlier unofficial reports that seven NATO countries have built or are building 95 airfields at a cost of $739,200,000. In addition, more than 30 airfields have been constructed in western Germany at the expense of the occupying powers.

Brig. W. B. Wedd of Canada, NATO airfield expert, declined to tell a press conference how many more airfields will be completed next year. However, sources close to NATO said Supreme Headquarters of the Allied powers in Europe had already asked for an allotment of $500,000,000 for airfields.

Using Wedd's figure of between $7,500,000 and $9,500,000 for the cost of each base, the unofficial allotment request would indicate a program for around 60 more fields.

Conviction Upheld Against Operators

TORONTO (CP) — Ontario Court of Appeal yesterday upheld a conviction against operators of the London Arena, charged under the Lord's Day Act with putting on a performance for which a fee was charged. The firm, Recreation Operators Limited, was fined $40.

W. R. Poole, counsel for the company, argued at the Nov. 14 appeal hearing the fee of 75 cents a person was for food not entertainment.

The court ruled the "legitimate business" of the company was not providing food on Sunday but providing a performance. Patrons received a piece of cake, a soft drink and three pieces of sandwich for 75 cents. Singers and comedians performed at the Sunday night program.

Beat Mother 78 Man To Have Lash

WHITBY (CP)—James Maguire, 49, today was sentenced to six months in jail for beating his 78-year-old mother when he came home drunk one night. Magistrate F. S. Ebbs also ordered six strokes of the lash.

"This may possibly have more effect than anything else," said the magistrate.

Peterborough Hogs, Grain And Produce

TUESDAY, DECEMBER 2

No hogs or sows offered today.

Delivered prices for ungraded eggs: A large 40c; medium 32c; pullets 28c; B 29c; C 26c.

Quaker Oats Company of Canada quotes Ontario winter wheat No. 1, $1.75; No. 2, $1.75; No. 3 $1.72; feed oats, 75c; buckwheat, $1.20; feed barley, $1.40; Ontario yellow corn, basis 15% moisture, $1.40.

The company is not in a position to accept any wheat for storage.

New Mexican President

MEXICO CITY (AP) — Adolfo Ruiz Cortines became President of Mexico Monday and named Luis Padilla Nervo, Mexican delegate to the United Nations, as his foreign minister. Ruiz, taking the oath of office for a six-year term, said he will do all in his power to reduce the cost of living. He succeeds Miguel Aleman.

CONVICTS ESCAPE — A guard holds the reinforced rope of 15 bed sheets used by nine convicts who escaped over the roof of Pennsylvania's Western Penitentiary as other inmates attended church services Sunday morning.

Cheese, Produce And Livestock

TORONTO FRUIT

TORONTO (CP) — Wholesale fruit and vegetable prices were unchanged here today.

CHICAGO GRAIN

CHICAGO (AP) — Grains were steady at the opening of today's board of trade session.

Wheat started unchanged to ¼ cent higher, December 2.35¼-⅜; corn was ⅛-½ higher, December $1.67½-⅝; and oats were ⅛ lower to ¼ higher, December 84⅞-¾. Soybeans were ⅛ to one cent higher, January $3.10¾-3.11¼.

TORONTO PRODUCE

TORONTO (CP) — Churning cream and butter print prices were unchanged here today.

Trade was slow at the egg market and prices were steady. Quotations for graded eggs in fibre cases were: A large 47-48; A medium 38-39; A small 34-35; grade B 36; grade C 33. Wholesale to retail: A large 51-52; A medium 43-44; A small 38-39; grade B 40-41; grade C 35-37.

Butter solids: First grade 61¾; no price established on second or third grade; Western 62¼.

BUFFALO LIVESTOCK

BUFFALO, N. Y. (AP) — Cattle 100; a light supply of dairy-type cows and bulls steady; medium to good cows 14.50-15.50; canners and cutters 11.50-15.00. Bulk of fat yellow cows 11.50-14.50; good dairy-type slaughter heifers 16.00-17.00; common 13.00-15.50; heavy sausage bulls 19.00-20.50; Top not established; mediums, 17-19; common 15.00-16.50.

Calves 100; trading slow, market weak. Choice calves 36.00-37.00; good 30.00-35.00; mediums 22.00-29.00; heavy bobs, 15.00-21.00; boners and light bobs 11.00-14.00 and a few beow.

Hogs 350; market steady; good to choice state hogs 15.00-17.50; sows weighing 13.00-14.50; light packers 15.00; boars 9.00-11.00.

Sheep and lambs: receipts too few to establish a market.

WINNIPEG GRAIN

WINNIPEG (CP) — Prices continued to move narrowly in dull trade early today on the Winnipeg grain exchange.

Buying in barley was attributed to exporters, indicating some overseas business may have been worked overnight. Domestic interests and American shippers picked up oats. Rye trade was local. An occasional export order appeared in flax.

11 a.m. grain prices:

Oats: Dec. ⅛ lower 85⅛; May unch 84⅛; July unch 80¼A.

Barley: Dec. ⅝ lower 1.32⅞B; May unch 1.28⅛B; July unch 1.21⅝A.

Rye: Dec. ⅞ lower 1.80¾; May ¾ lower 1.87½B; July ½ lower 1.87A.

Flax: Dec. unch 3.39; May ⅛ higher 3.47½B; July, not open.

TORONTO LIVESTOCK

TORONTO (CP) — Cattle sales were steady today at the Ontario stockyards and prices were firm. Receipts: cattle 690; calves 310; hogs 480; sheep and lambs 290. The holdover from last week was 1,200 cattle.

Choice steers sold at $25.50-26 with good at 24-25 and mediums at 23-24. Common to medium light steers and heifers ranged from 12.50-21 and good heifers from 22.50 to 23. Good cows and bulls brought 14-15.50. Choice fed yearlings were at 25-26 with mediums at 19-23 and common to medium stockers at 14.75-21.

Choice veal calves were steady at 26-29 and common to medium at 14-25.

Grade A hogs made 26 and dressed sows $17.

Good lambs were firm at 24.50-25 with bucks and heavies at 22.50-23 and sheep at 6-12.

MONTREAL LIVESTOCK

MONTREAL (CP) — Prices held steady today on Montreal livestock markets.

Today's receipts were 66 cattle, 41 calves, 39 sheep and lambs and 158 hogs.

Total offerings Monday were 1,345 cattle, 1,624 calves, 845 sheep and lambs and 2,349 hogs.

Sellers offered a light run of cattle which moved well at prices about steady with yesterday. Medium steers were 20-24, common 12 - 19. Medium to good cows brought 12-15. A few good bulls made 16.

Calves were still in good demand and sold at steady prices. Good vealers were 28-29, common medium 19-27, heavies 16-18. Grassers ranged from 12-15.

Early sales on lambs were 25, flat basis. Sheep ranged from 8-12.

Hogs remained steady at 26 for grade A, sows were 18.

Harwood News

Mr. and Mrs. C. E. Burrison and family left Tuesday morning for Florida and will be gone for a couple of weeks.

Miss Marion Harvey of Oshawa spent the weekend at her home.

Mrs. R. S. Johnson spent the past week in Toronto with Mr. and Mrs. Boyes and has returned.

Name Bassett Publisher Of Telegram

TORONTO (CP)—The Telegram Publishing Company today announced appointment of John Bassett as chairman and publisher of Telegram, Toronto evening newspaper. A. W. J. Buckland is appointed president and editor-in-chief.

Directors are Mr. Bassett, Mr. Buckland, C. P. McTague, Gordon D. deS. Wotherspoon and D. S. Perigoe.

The announcement came one day after John Bassett Jr., and Associates formally took over operation of the newspaper. Their purchase of the issued capital stock of the company from the estate of the late George McCullagh was announced Nov. 19. The price was not disclosed although it was reported to be in the neighborhood of $4,000,000.

Mr. Bassett, whose father is president and publisher of the Montreal Gazette, has been general manager of The Telegram for four years. Mr. Buckland, associated with the paper for 27 years, was managing editor. Mr. McTague, a former justice of the Ontario Supreme Court, was a director under Mr. McCullagh's ownership.

Mr. Wotherspoon, a partner in the Toronto law firm of Osler, Hoskin and Harcourt, will be counsel of the new company.

Mr. Perigoe joined the paper in 1948 as secretary-treasurer and will continue in that post.

Lakefield Students Plan Annual Dance

LAKEFIELD (ENS)—Planning the annual dance was the main item on the agenda, when the Athletic Association of the Lakefield district high school held their meeting on Friday afternoon. The president, Margaret Calberry presided and it was decided that the dance would be held on December 18, in Memorial Hall. The Charles Ridpath orchestra will provide music.

The treasurer's report was given by Eleanor Northey.

The music committee will consist of Miss Gertrude Marion, Nancy Doubt and Jim Northey, while Miss Helen Spanis and the pupils of Grade 9 will be in charge of providing posters for the event.

U.S. Dollar At Discount

MONTREAL (CP) — The American dollar was at a discount of 2 21-32 per cent in terms of Canadian funds, the Bank of Canada reported at noon today. Monday's noon rate was 97 11-32 cents. The pound sterling was $2.73 3-16, against $2.73 1-16 on Monday.

Civil War Vet Dies

ORANGEBURG, S. C. (AP) — Arnold Murray, the last surviving Civil War veteran in the Carolinas, died today. Murray celebrated his 106th birthday June 10 in his backwoods cabin where he had spent most of his life after going to war at the age of 14.

HEADS U.S. STEEL — Clifford F. Hood, above, has been elected to the presidency of the United States Steel Corporation, world's largest steel producing firm, and will assume office on January 1. Hood, 58, who has been executive vice-president of U.S. Steel Company, a subsidiary of the parent firm, succeeds Benjamin F. Fairless in the position.

SLIM PICKINGS — "Snowball," the Chicago zoo's enterprising polar bear, whiles away a dull afternoon reaching for stray peanuts outside his cage. The bear facts of the case are that Snowball is bored now that the tourist season is over with, and there are few of those funny people to watch, any more.

WITH THE BOY SCOUTS

UNIFORM EXCHANGE

Thursday will see the start of a new venture in the basement of St. Paul's Church. It is the occasion of the opening of the Uniform Exchange being held under the auspices of the Association of Mothers' Auxiliaries. The mart will open for either the exchange of uniform, donation for the boys who cannot afford, or held for sale. This will include all parts of the Cub and Scout uniforms. It is felt that many former Cubs and Scouts may have parts of uniforms they would like to dispose of. For further particulars phone Mrs. G. Minty 6704 or Mrs. R. K. Irwin, 5386.

SCOUTERS' CLUB

We read from a bulletin that the Scouters' Club will be meeting this week on Thursday, December 4th in Trinity Scout Hall at 7:30 p.m. so want to give the club this little boost. It is certain that much can be done through this organization and would suggest that every Cub, Scout, Rover, Brownie and Guide leader possible attends. Don't forget that you have that big May celebration to keep working on.

REGISTRATION

St. Luke's 2nd Peterborough added their name to the list of completed registrations during the past week. This makes a total of four groups. Guess it wouldn't hurt to start prompting one or two. What about it All Saints' and you at St. Paul's. Protect your boys by registering now.

ST. LUKE'S

Neal Roberts was chosen this week to take the lead in the Grand Howl to start another trip along the Jungle Path, where the Dance of Baloo caught the imagination of the lads. During the evening Ron James passed cleaning boots; Jim Eakens, sommersault and time; Bob MacDonald, signalling; Jack Steen, highway code. There will be no meeting this week.

SACRED HEART

A very impressive ceremony was conducted in Sacred Heart Church as once again the troop made a firm bid for true Scouting. Gathered together in the front pews of the church were seven boys together with the parents or guardians, and then before the high altar Rev. Gerard Sullivan spoke to the boys on the step they were about to take. Scoutmaster Austin Morris renewed his promise as a Scout as did Assistant Scoutmaster Gartlan. Scouter Morris then invested Danny Twomey, Bob Marino, Aubrey Theobald, Jerry DeNoble, Anthony Longo, Paul Board and Bob James into the World Brotherhood of Scouting. An added feature to the ceremony was in the father or relative of each Scout stood behind each lad during his investiture placing his right hand on his son's shoulder as a token of his support in the game of Scouting.

Assistant District Commissioner Earl Westman presented badges both to the Scouters and the Scouts, others taking part in the ritual being Scouters Dave Hatton, Pete Dominik, Bill Gartlan and Skipper G.

The group retired to their quarters where a full program was carried out, each boy demonstrating the work that had to be completed in order to become a Scout. The president of the Mothers' Auxiliary was on hand to supply the gathering with lunch to give that final touch of satisfaction. Short talks were heard from A. D. C. Westman, chairman Mr. Hatton, Scouter Morris and the president of the Mothers' Auxiliary.

ST. JOHN'S

A new intersix competition got underway at the Pack meeting last Friday evening as Cub W. Davidson led the opening Grand Howl. This competition will end with the Christmas party on December 19. The investiture ceremony was held in which Grant Menzies of the Blue Six and Bob Cunningham of the Red Six became full fledged Wolf Cubs. We were pleased to have Grant's father and a friend with us for the occasion and further to have them both take part in the instruction period of the program, Mr. Menzies giving instruction on the highway code. Many games were played and a story from "Skipper" enjoyed. Tests passed during the evening were, Union Flag, Bob Wagester, Don Sherk, Wally Davidson; knots—Grant Menzies; somersault—Tommy Lewis, Grant Menzies, Bill Collinson; leap frog—Grant Menzies, Bill Collinson; balancing—Grant Menzies; cleanliness—Bob Wagester, Henry Langley; growing things — Tommy Lewis; ball throwing—Grant Menzies; highway code—Ken Murduff, Bill Colhnson, Bob Dawson, Ken Collins; hopping — Grant Menzies; fire lighting—Dave Irwin; model—Dave Irwin; skipping — Grant Menzies. A hike was planned for Saturday. We are sorry to report that Reporter Brian Dunford is sick with the flu.

ST. PAUL'S

The Pack started off on the Jungle Trail last Friday evening with the games of swat tag, and blindfold passing. Then came Union Jack review. Word came that it was Michael Philp's birthday and that young fellow was put through the mill in fine style. Proficiency badges were presented to Bill Turner and Bill Watters, the collector's badge going to the first and the guide and homecraft badges to the latter. Dick Ward officiated in the closing Grand Howl.

MARK STREET

Opening ceremonies at the last meeting honored Ed Jacquith and Don Innis as they became the Sixer and Seconder respectively of the newly-formed White Six. Bob Ferguson was promoted to the rank of Senior Sixer and will be assisting the other Sixers in their work. Games went under the leadership of Akela, Baloo and Bill Moore an assisting Scout. Ken Pomeroy, Don Innis, Bob Moore, Jim Reid and Ed Jaquith passed telephone tests; Bob Ferguson passed knots, birds and trees; David Payne—Hopping and ball throwing.

TRINITY TROOP

The A.S.M. took over the Troop owing to the absence of Scouter Thompson and the Troop Leader together with the Senior Scouts conducted the inspection period awarding the pins to the Lion Patrol. In the Patrol corners many phases of Scouting were delved into and here it was that the Eagle Patrol came through to gain points, as they also did in the competition game run under the direction of Warren Kennedy. Another session of training for the St. John First Aid course was then taken by Mr. Ferguson. A short game led by Ted Spearin brought the evening activities to its close.

KIBBLEWHITE ROVER SCOUTS

During the past week, Doug Harris, and Skipper Art Rose have been working very hard up at the Rover Den. Ken White, Dave Hatton, and Len Foskett—The Three Muskateers—were also seen up at the Den over the weekend. Most of the wallboard is up in the south end of the building now. The wiring is about completed, as is the insulation. Next Saturday, the chimney is the first item on the program.

Last Monday night, the Crew held its annual nominations in the home of Kelvin Johnson. Two members of the Crew were returned to office by acclamation. These were Rover Len Foskett, as Keeper of the Door, and Squire Darrel Lipsett, as Scribe. Our new Social Convenor is Ron Hatton by acclamation. The crew was very pleased to see Mate Gerry Hatton attend our meeting last Monday. It is always good to see the Citizen Rovers drop in on us without having to be invited.

We would appreciate it very much, if all those invited to our Annual Banquet and Meeting, would R.S.V.P. right away to Dave Hatton at 527 Romaine St., or phone 2-4125, if they have not done so already. Plans for the banquet are now finalized. The price has now been definitely set at $1.50 per plate, and the Den should be ready in time for the banquet, if the Crew continue working as hard as they have been for the past two weeks. See you all at the Banquet, Dec. 6 at The Den.

Pearkes Says Wrong Man Made Scapegoat

OTTAWA (CP)—Maj.-Gen G. R. Pearkes, VC, says the government fired the wrong man in seeking a scapegoat and whipping boy for the dispatch of Canadian troops to Koje Island last May.

The military spokesman for the Progressive Conservatives said Monday the "real blunderer" was External Affairs Minister Pearson but he couldn't be shunted off to the Senate because he is "the darling of the government."

So, Gen. Pearkes charged in the Commons, the cabinet ousted Brig. Alan B. Connelly, a "brilliant" and "outstanding" young officer of 44, from the army to cover its embarrassment over "going off half-cocked" with a protest by Mr. Pearson to Washington that backfired.

All Brig. Connelly did wrong, said the general, was to use the mails instead of the cable system to inform Ottawa that United Nations headquarters in Tokyo—where he was Canada's liaison officer—was considering sending a company of Canadians to help guard Red prisoners on Koje.

Brig. Connelly had suggested that the matter be taken up with the senior Canadian officer in the Far East, Brig. M. P. Bogert, head of the 25th brigade, and had reported to Ottawa in his weekly report.

OFF HALF-COCKED

The real blunderer, however, had gone off half-cocked on learning that the troops were en route to Koje, had protested to Washington that this had been done without consulting Canada and was embarrassed to learn that there had been consultations both with Brig. Connelly and with Brig. Bogert.

Red-faced with embarrassment and determined to find a whipping boy, the government had picked on Brig. Connelly, had ousted him without justification and besmirched his name with innuendoes.

(It was announced in October that Brig. Connelly was being retired 11 years early because there was no further work for him in the army. He's still on leave and hasn't got a civilian job yet.)

That was Gen. Pearkes' version of the case. He invited Defence Minister Claxton to give a full and clear statement of the government's position. There was no chance Monday.

He didn't name Mr. Pearson in saying the real blunderer should have been sent to the Senate But later outside the House he said in an interview that Mr. Pearson is the man he meant.

C. Burrison Elected Hamilton Twp. Reeve

COBOURG (ENS). — Reeve of Hamilton Township for 1953 is Charles Burrison, who topped his rival, M. Greer, by 777 to 396.

Mel Sandercock is deputy-reeve with 630 votes to Karl Harris' 462. The three councillors are: Arthur Jamieson 779, Keith Halstead 602, and Elgin Cochran 596. Defeated in the contest for council were: Luther Coje 484, and Gerald Mann 388.

13 Saddle Horses Die In Stable Fire

MONTREAL (CP)—At least 13 saddle horses perished in a fire that destroyed the Tally Ho stables at nearby Dorval.

No one was reported injured, but an unidentified woman and two children were said to have fled the stables seconds before they went up in flames, Monday night.

The blaze is believed to have started when an oil burner at the rear of the stables exploded.

Senator Asks UN Official Be Dismissed

NEW YORK (AP) — An international monetary fund economist's refusal to say whether he ever was a Communist or anti-American spy stirred Senator Herbert R. O'Connor (Dem. Md.) to demand his immediate resignation.

O'Connor Monday angrily called for the ouster of Frank Coe, American-born secretary of the fund, at the Senate internal security subcommittee resumed hearings here. It is investigating alleged American communists in the United Nations and UN specialized agencies.

Six more of the fund's employees have been subpoenaed.

Coe revealed in testimony Monday that the state department had denied a passport to him last year as a poor security risk and that Treasury Secretary John W. Snyder a month ago had asked the head of the fund to fire Coe from his $20,000-a-year position.

NO COMMENT

A spokesman at the fund's headquarters in Washington said after a meeting with the fund's managing director, Ivar Rooth of Sweden, that there would be "no comment yet" on Coe's testimony.

The fund is one of several specialized agencies having contractual relations with the UN which has no authority over the fund's personnel. The fund does its own hiring and firing.

The $7,000,000,000 to $8,000,000,000 fund is contributed to by 54 member countries. It aims to promote stability of foreign exchange.

Time after time Coe, 45, refused to answer the sub-committee's questions on the constitutional grounds of possible self-incrimination.

He had been named in 1948 as a Communist and wartime spy ring agent in testimony by Elizabeth Bentley, confessed former Soviet spy ring courier, before the House of Representatives committee on un-American activities.

Coe then appeared before the House group and denied under oath Mrs. Bentley's allegations.

Monday he remained silent on questions concerning these previous accusations by Mrs. Bentley.

"Coe should be dismissed summarily from his post," said O'Conor.

"The interests of American security demand that he no longer be allowed to continue in a post where he can do much to defeat the efforts of peace - loving nations. . ."

100 Workers Burned

HONG KONG (AP) — The independent Kung Sheung Daily News today said more than 100 mill workers perished when fire razed a workers' dormitory in Kwangtung province on the Red Chinese mainland Nov. 22. Most of the survivors were arrested on charges of arson, the paper said, adding: The workers, most of them slave laborers, had been locked in and were trapped when fire broke out.

MAJOR SURPRISE at Monday's municipal election was the election of Dick Raine to the Utilities Commission when city voters marked 4,968 ballots for him. He defeated Gordon S. Matthews, commission chairman for the past 25 years. Mr. Raine, and everyone else, was able to watch the trend at City Hall postings through the evening as 58 of the total 62 polls gave him a majority. — (Examiner Staff Photo).

Recount Likely As 3 Votes Split Campbellford Men

CAMPBELLFORD —(ENS)— A recount is likely in the contest for reeve here as only three votes separate the two contestants, William Nicholas and Oscar Mason. Mr. Mason's total was 592, Mr. Nicholas' 589.

If the recount is held, it will be the second in as many years for the two men, who last year both ran for deputy-reeve. Mr. Mason was given the smallest of margins over Mr. Nicholas at that time.

Mr. Nicholas led in three polls this year, Mr. Mason in four.

In an upset similar to that in which Peterborough Utilities commissioner Gordon S. Matthews lost his seat, the chairman of the Campbellford Utilities Commission lost to two newcomers, R. J. A. McGregor and A. C. Newman. Other unsuccessful candidate in the four-man race was W. S. Wiggins, another newcomer.

Six former councillors were elected in the contest for Council: F. W. Burgess, George H. Free, P. H. Macmillan, D. E. Ness, F. M. Rutherford and Mrs. Isobel Tatham. Mr. Burgess and Mr. Rutherford did not sit on the 1952 Council, but served previously All the others served on the 1952 Council.

It was not a heavy vote. There were no important issues at stake and no money bylaws to vote for. Polls opened at 7 a.m., closed at 6 p.m., and votes were totalled by about 11 p.m.

Unsuccessful in their first bids for Council seats were G. I. Blair and W. G. Graham.

Mr. Macmillan is the veteran of Council; he starts his 17th term next year. Mr. Free has been a councillor for several years, Mrs. Tatham and Mr. Ness are starting their second terms.

Two posts were filled by acclamation. Former Reeve Ralph J. Locke is the new mayor, and deputy-reeve is Douglas Maybee.

Following are the poll-by-poll results:

Anti-Gravity Machine Aids Polio-Weakened Muscles

By ALTON L. BLAKESLEE

DENVER, Colo. (AP)—An anti-gravity machine to help polio victims strengthen badly weakened muscles was shown today to the American Medical Association.

It lets them move arms or legs almost effortlessly without having to fight gravity or friction.

If they can do this, the machine is tightened, creating resistance to give tougher exercise for the muscles. It is like training for weight-lifting by starting with light weights.

The device was shown in an exhibit at the opening of the AMA's clinical session by Dr. A. W. Schenker of New York. The machines have been used on several hundred persons paralyzed by polio and said, and many have soon become able to abandon canes, crutches or braces.

ONE LIMITATION

It cannot help muscles whose nerves have been killed or severed. But if a few muscle fibres are left alive, the machine helps strengthen them. It has helped persons with muscles so weak they could not move arms or legs against gravity, or against the friction of a bedsheet, Dr. Schenker said.

The secret of the machine is a metal shaft, mounted on fine roller bearings. Your breath can almost move it.

The paralyzed leg or arm is placed in a sling hanging from the shaft. The centre of the shaft is placed, by plumb-line guidance, over the centre line of the joint of the leg, or shoulder. In effect, there is almost no resistance from gravity or friction.

Even if only a few muscle fibres are left, the patient quickly learns to swing the arm or leg back and forth.

Waiter Had Racket

NEW YORK (AP) — Police said a 24-year-old waiter Monday admitted robbing more than 100 hotel rooms in 18 months just by walking into the hotel and asking the clerk for the key. They said Murray Meckler looted rooms of thousands of dollars worth of jewelry and other items and then blew the proceeds on horses and cards.

Too Tired To Work

SYRACUSE, N. Y. (AP)—Leland W. Shute told a judge Monday watching television at night made him too tired to work during the day. So Judge Leo W. Braed sentenced him to serve two to four years in prison for violation of probation — namely inadequate support of his family.

Obscene Stories Out Of Control Kearns States

WASHINGTON (AP)—A member of an investigating congressional committee today said the sale of obscene and gruesome literature in the United States is "out of control" and that the government should do something about it.

Representative Carroll Kearns (Rep. Pa.) said testimony Monday indicated that within recent years there has been a marked increase in the number of books and magazines that go in for photographs of undraped women, lurid stories of sex and cartoon books dealing with crime and horror.

"The distributors and dealers say they want to police their industry," said Kearns, "but it is apparent the business is out of control."

Kearns is a member of a special House of Representatives committee investigating public distribution of objectionable reading matter, including low-priced, pocket-sized books and comics.

ALERT TO PROBLEM

The committee heard Samuel Black, a Springfield, Mass., distributor, testify that a majority of the distributors are alert to the problem and already are rejecting many publications.

The committee also heard Ralph F. Daigh say that Fawcett Publications, Inc., New York, for which he is editorial director, does not publish books which in his opinion are obscene or pornographic.

The committee pointed to about a dozen Fawcett-published books as examples of what they called indecent literature.

Daigh examined the books, noted passages which had been singled out as objectionable, and contended they reflected "the life and times of the people."

According to the committee the excerpts dealt with sexual relations, nymphomania, sadism, prostitution, lust, lesbianism, homo-sexuality and the use of narcotics.

"People are interested in sex," said Daigh. "Books that deal with man and woman relationships enjoy good sales. And when the public becomes curious about a topic the publisher has a responsibility to publish good books on that subject."

He added that one Fawcett-published book that came under fire, "Woman's Barracks," is "no franker than Homer's Illiad" in its treatment of sexual relations.

Mrs. James Long

NORWOOD (ENS). — The funeral of Mrs. James Long was held Saturday from her residence, Dummer Road, Norwood, with the Rev. H. K. Wright of the United Church officiating. Burial was in Norwood Cemetery.

Mrs. Long died Thursday following a short illness. She was the former Mary Elizabeth Tighe, daughter of the late Boyd Tighe and Elizabeth Brown.

Pallbearers were Allan Brown, Warden Brown, Allan Tighe, Earl Tighe, Gordon Maniece, Ernest Patterson.

Charles Lamb Returned By Seven Votes

LINDSAY (ENS)— Voters were well divided on their choice on Monday for mayor of the town giving incumbent Charles Lamb a slim seven vote majority in his fight with Alderman Lloyd Burrows. Four other members of this year's council, including Deputy-Reeve Bert Hick, were returned to office and three new aldermen were elected.

A recount seems likely. Results Mayor Lamb polled 1632 votes to 1625 for his opponent, who trailed in the early polls, then gained strength, and finally lost the election on the last polling place to report to town clerk W. R. Allely.

In the deputy-reeveship race the incumbent, A. E. Hick, ran away with the fight over his opponent, Alderman Vincent Cote. He polled 2388 votes to 926 for his challenger.

A new comer to the civic field led the polls for alderman, with J. A. Harrigan, a druggist, garnering 2307 votes while another new man B. C. Maidens polled 2,221 for second place. A member of this year's council J. A. McQuarrie, was elected for his second term, polling 2089 votes, while another new man W. S. W. Breese, led W. M. Stevens and John Baker. Six others Lloyd Found, Stan Hardy, Harry Peirce, a member of this year's council, James Kingsborough, Alf Maslen, and A. Wainman, trailed the field.

TOOK EARLY LEAD

Mayor Lamb held a lead of 378 to 347 after six of the 19 polls had been heard from last night. At the end of 12 alderman burrows had pulled in front 933 to 924.

When 18 polls had reported, the challenger had gained 1509 votes to 1487 to the present mayor. the mayor, however overcame that final lead in the last polling place to report, a south ward sation. He won the count there by 145 to 116, and gained a final lead of seven votes.

Overall, Mayor Lamb had a majority in ten of the 19 substations. Alderman Burrows carried nine, not including the advance poll.

Mayor Lamb was given a majority in every division of the east ward, the most hotly-contested section of the town. Alderman Burrows worked the ward strenously during his campaign, and came close to upsetting the mayor in his home grounds.

The alderman won all but one division in the north ward, and the mayor captured five of the eight polls in the south ward as well as the advance poll.

ALWAYS IN LEAD

Deputy Reeves Hick was never behind in his race against Alderman Cote, he won every division in the town and rolled up one of the most substantial margins on record for any seat. After the election he commented "its good to know I have so many friends in the town".

Mr. Harrigan took an early lead in the polling for council and headed the polls in 10 divisions with only the north ward failing to give him a lead in the voting.

Mr. Maidens gained the lead in the ballotting in four polling divisions coming second to Mr. Harrigan in nine.

65 PER CENT VOTE

A large vote was recorded for deputy reeve than for mayor, but the total vote was almost 65 per cent compared with a slightly more than 35 per cent turnout last year. Some of the victorious candidates for council, including Mr. Breeze Mr. Maidens and Mr. Harrigan, suggested later that their object in running had been to awaken the interest of the Lindsay electorate in their civic affairs. In this, they felt, they had very definitely been successful.

10 Million Vote

VIENNA (AP) — Radio Bucharest said today that 97 per cent of Romania's 10,415,177 eligible voters cast ballots in Sunday's parliamentary elections there and that 98 per cent of the votes were for candidates supported by the Romanian Workers (Communist) party or its front organizations. Non-Communist candidates were not permitted on the election ballot.

E. W. ARMSTRONG

E. W. Armstrong Bank Manager

E. W. Armstrong has been appointed manager of the Peterborough branch of the Canadian Bank of Commerce. He succeeds R. B. Arnold, who has been appointed manager of the bank's branch in Seattle, Washington.

Mr. Armstrong comes to Peterborough from Montreal where he was assistant manager of the Phillips Square branch. Prior to that he was for some years an assistant inspector in the bank's supervising department in Montreal and also served at various branches in the Montreal district and at Sherbrooke, Que. Mr. and Mrs. Armstrong have one daughter Margaret 8.

Mr. Arnold has been manager here since 1949. He came to Peterborough from Windsor, where he was assistant manager. While in Peterborough, he was treasurer of the Peterborough County Tuberculosis Association, the Community Concert Association, the Exhibition Board, the Peterborough Branch of the Canadian National Institute for the Blind, and the Peterborough Branch of the United Nations Association. He was also a director of the Chamber of Commerce and a member of the Kiwanis Club.

Mr. and Mrs. Arnold and their two children, Ann 14 and Teddy 13, will be leaving for Seattle on Friday.

Lamport Captures Mayoralty Begins Second Term In Toronto

TORONTO (CP) — Forthright Allan Austin Lamport, a man with a flare for getting into the news, captured Toronto's mayoralty for a second term.

Back into office with him went all members of the 1952 city council who sought re-election Monday to their old posts. Two of this year's body went down to defeat when they sought to move up from aldermanic posts to seats on the four-man board of control, the council's executive body.

Paradoxically, the two - year council term the mayor supported was rejected by the electors for the sixth time. A $5,000,000 bond issue for a housing development, supported by the mayor, won approval.

The 47-year-old mayor handily turned back a challenge from Nathan Phillips, dean of the city council with 28 years service as an alderman before he made an unsuccessful attempt at the mayoralty a year ago.

With counting of the light vote almost complete, 1,033 of 1,037 polls, the mayor had 81,123 to 41,704 for Mr. Phillips, a 39,419 majority.

34% GO TO POLLS

Preliminary tabulation indicated that between 34 and 35 per cent of the city's 357,222 eligible voters went to the polls.

The mayor's victory became official at 10:53 p.m. EST when Mr. Phillips, 60-year-old native of Brockville, conceded.

The four sitting members of the board of control — Leslie Saunders, Louis Shannon, David Balfour and Ford Brand — went back into office with an emphatic margin over six opponets. Mr. Brand, low man of the four, had an edge of more than 17,000 votes over the next candidate, Alderman Joseph Cornish.

Two controllers — Mr. Saunders and Mr. Balfour — announced that next year they would try for the mayor's chair.

Only one of seven Communists among the 84 candidates who contested the 37 offices at stake won re-election — Mrs. Edna Ryerson, member of the board of education for eight years, who headed the poll in her ward. The defeated Communists included Stewart Smith, one-time controller, who ran seventh in the board of control race.

The housing vote was for completion of the Regent's Park slum-clearing project in Toronto's old Cabbagetown area west of the Don River. It became one of the most contentious issues in a quiet election although neither of the mayoralty candidates opposed it. The opposition came from property owners and builders associations.

1952 Accidents Increased 13.3 Per Cent

During the first nine months of 1952 accidents in Ontario on urban streets and rural highways increased 8.4 per cent. In that period there were 41,021 accidents reported to the Motor Vehicles Branch of the Ontario Department of Highways while for the same period one year ago the total was 37,839.

The counties of Peterborough, Durham, Northumberland, Victoria and Haliburton showed an above average increase of 13.3 per cent. Here there were 1,353 accidents reported with 1,194 for the same period one year ago.

The biggest increase came in Thunder Bay district where there was an increase of 39.3 per cent, while only two districts showed a decrease, Stormont, Dundas, Glengarry, Prescott, Russell and Carleton with .1 per cent and Bruce, Grey, Huron, Perth, Waterloo and Wellington with a decrease of one per cent.

Thieves Steal Cheques

WORCESTER, Mass (AP) Three bags containing $500,000 in non-negotiable cheques, but no cash, were stolen Monday from an unattended railway express truck parked on a downtown street.

Mayor Charlotte Whitton Re-Elected To 2-Year Term

OTTAWA (CP) — This capital has decisively rejected Sunday sport and elected Mayor Charlotte Whitton to a two-year term of office.

It was a clear-cut victory for the opponents of commercialized sports on Sunday. The move for Sunday sport, started by citizens who sought International League baseball on that day, had been bitterly opposed by the clergy and many of Ottawa's leading citizens.

For the fighting, indomitable "Charlotte," as she is popularly known here, it was a double victory. She came from behind to win Monday's mayoralty race by a clear margin over controller Leonard Coulter, her only opponent. She also had been one of the leading opponents of Sunday sport.

With 360 of Ottawa's 369 polls counted, the vote was 39,084 to 28,349 against Sunday sport and 38,038 to 32,541 for Miss Whitton over Mr. Coulter.

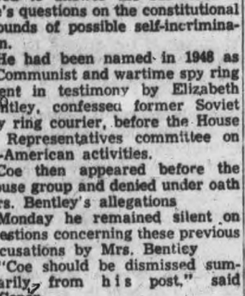
The stocky, 56-year-old Miss Whitton, a welfare worker, writer and lecturer, is a staunch Tory who despite a keen interest and natural flair for politics entered the political arena only two years ago—in the biennial civic elections of 1950. She was elected a controller.

She was voted mayor by the 33-man city council after the death in August, 1951, of Mayor Grenville Goodwin.

In that election she used a needle and thread as her campaign symbol. This time she made it a darning needle — "because the job is bigger."

Three of the four sitting members of the board of control were re-elected in a seven-man contest. In nearly complete returns, Daniel McCann, a veteran city councillor, headed the poll with 38,484 votes. Paul Tardif was second and Roy Donaldson third. Controller John Powers, who succeeded to the board when Mayor Whitton left it, was fourth.

As decided by a 1950 plebiscite, the old system of 14 named wards was replaced this year by nine numbered wards.



Foiled again!

YOU PROBABLY use aluminum foil in your own kitchen as a handy material for wrapping food of all kinds. Now from California comes word that aluminum foil is being used to wrap ready-cooked enchiladas. Lovers of this highly seasoned Mexican dish can now simply pop them in the oven to heat, then serve them in their aluminum containers.

Food and aluminum go naturally together. From the hygienic milkers used in modern dairies to the utensils in hospitals and your own home, aluminum is prized for the way it protects the purity, color and flavor of food. Aluminum Company of Canada, Ltd. (Alcan).

The Voice Of The People

Whether the majority is right or wrong, the majority spoke yesterday in Peterborough with a constant voice. From the return of the first polls the final decisions for aldermen, Board of Education and Utilities Commission were evident and unchanging, both in names and in order of their strength. In addition to this unanimity throughout the city, there was a large voice. More voters turned out than for any other civic election (when the mayoralty is not being contested) in the last twenty years. Nearly 43 percent. of the eligible voters cast their ballots.

* * *

Council: The best aspect of the elections was the predetermined election of Mayor Hugh Waddell by acclamation. Under him, the new Council, whether weaker or stronger than the last one, will get firm, experienced and broad leadership. Aldermen Rehill and Burrows were returned at the head of the polls, showing that the public is satisfied with their part in Council during the last two years. A newcomer is Gordon T. Farquharson, the youngest member of the new Council. His contribution to civic government is anticipated with approving interest. Mr. Norman Graham returns to the Council, from which he resigned last summer. Mr. William Beggs, who succeeded to his place then, has won a place for himself on his short record in Council and becomes the first representative of Labour to win an aldermanic seat in Peterborough since the early twenties and the labour council of that period.

* * *

Board of Education: A woman headed the polls. Whether this is a tribute to her work on the Board during the last two years, or an indication of solidarity in women's votes, the ballots do not say. Chairman of the Board, W. B. Gordon, was returned with a large vote. Their return shows satisfaction with the Board's past conduct of affairs. The two new members are Dr. Donald Whyte and Mr. Clarence Porter, who bring to their new positions varying talents which should be of value to educational direction in the city. Mr. Porter has previously sat with the Board as an appointed member to the Vocational Committee.

* * *

Utilities Commission: The Commission has lost its most experienced member, Mr. Gordon Matthews, member for 27 years, chairman for 25. His loss will be felt on the Commission and in the city. His rejection by the voters is in part a result of public concern about policy in the last year. The voters have chosen in his stead Mr. Richard Raine, a newcomer to the specialized business of the Utilities Commission. Mr. Raine was a member of the City Council for two terms and on it had an opportunity to acquaint himself with civic business.

* * *

Separate School Board: The chief interest in this election was the fact that it was held—for the first time since 1907. The election itself and the results were not disputatious.

* * *

Peterborough has now decided, and for the next two years or (in the case of the Utilities Commissioner-elect) three years, will be able to witness and judge the capacities and performance of their chosen representatives in the conduct of their affairs.

A Plague Of Locusts

Canadians' own western wheat fields have been wiped bare in other years by swarms of grasshoppers, the sound of their crunching a sad requiem to crop and fortune. Therefore they will understand the nature of the plague of locusts which again threatens the Near East and India and Pakistan, and can sympathize with the people whose crops will inevitably be destroyed. The extent of the plague is beyond Canadian experience.

In twenty districts of India, chiefly in the Punjab and Rajasthan (where locusts traditionally breed) and in twenty-two districts of Pakistan and the North-West Frontier Province, swarms are on the move. It is probably too late to prevent them from invading Persia, where they will breed and return, spreading to the Indian sub-continent and over the Middle East. Swarms from Ethiopia and Somaliland have already penetrated into Kenya. They are in Arabia. The destruction of crops is likely to be the worst in many decades.

It is curious that science seems to have conquered most of the plagues which from Biblical times laid nations and people low—except the plague of locusts. Scientists know how to combat the pests, there is an Anti-Locust Research Centre in London, an international clearing house of data on infestation and methods of control. They can predict when and where a new outbreak will occur—as they have done now, for the plague is only about to begin; the locusts have hardly begun to move. Yet, despite these efforts and the modern knowledge, a locust plague can still deal as hard a blow as it did in ancient days. The reason is that, as in any other plague, locusts do not recognize international boundaries, and they cannot be localized and controlled on national, or even regional lines.

Since early in the year, scientists and governments have been combatting the insects who appeared in abnormal numbers last year. There has been good international co-operation, but not enough, and the reason is that some nations relaxed their efforts too soon (they did not stamp out swarms before they could breed again), and the governments of some affected countries are not stable enough, or are otherwise too occupied, to give adequate attention to locusts. Both India and Pakistan quit too soon—possibly through slackness of provincial authorities, and in Persia (the danger point now) Mossadegh's government has suffered internal decay, and the former efficiency which the Anglo-Iranian Oil Company exemplified is now gone. Persia has served diplomatic relations with Britain, so the British authorities are powerless to help. The Food and Agricultural Organization (of U.N.) is almost equally hampered.

A disease can be a plague in isolated territories and not spread to other countries, because there are no travellers to export the disease. Locusts fly at will. Hence, the Somaliland peninsula (where last year's plague began exactly a year ago) is again a chief source of the infestation. That peninsula is difficult of access, and technicians there and planes dropping poison cannot do their work well. And the peninsula has again had exceptionally heavy rains, which foster locust breeding.

Where possible and as well as possible, preparations have been made to fight the locusts; the best seems to be in Egypt, Syria, Jordan and the African side generally. In Kenya there are already over one hundred British anti-locust officers at work. But they can cope with only a patch of the problem; unless India and Pakistan act quickly and in co-operation to help save Persia, India and Pakistan will be seriously infected and all the Middle East.

Community Centres Without Community Players

An item on our sports page last week may have puzzled some readers. It referred to "importing" players into village teams in the Trent Valley League. It has been decided that no more than five professionals may be brought in to play for any one team at one time. The others must be local players, or at least non-professional.

We do not criticize this practice of importing professionals on the ground that it makes poor teams. The Trent Valley League (an unaffiliated league of twelve teams from Norwood, Havelock, Hastings, Lakefield, Marmora, and other places in the area) offers some of the most exciting hockey to be seen for miles about. But we ask what effect this importation has on the community whom the team is supposed to represent, and on the young fellows of the village who might be excluded from their community team by the professionals imported?

The Ontario Government, through the Department of Agriculture, has been handing out $5,000 apiece to communities building "community centres"—usually hockey rinks. The intention behind the $5,000 support of these enterprises is that the people who belong to the community will be served by the rinks. Are they being served properly when the cores of the village teams are made up of outside professionals? Is there misdirected use of these Community Centres, and of the Provincial money given to build them, when the heart of the village team is foreign?

Perhaps we are arguing a triviality, or feel nostalgia for earlier days when a local team was in fact a local team. Now larger centres like Peterborough have 'local' teams in football, hockey and lacrosse whose players are brought into town to play. Why may village teams not also have imports? And, indeed, a place with a good team, whether or not the players are local, does stimulate community spirit in sports.

NOTES AND COMMENT

"After taking three drinks, stop and think before taking another," advises a doctor. Or, alternatively, just consider that chilly look in your host's eye.

A conference of tobacco growers at Istanbul is discussing how to improve tobacco. Which must be embarrassing for those cigarette manufacturers who tells us on the radio that the ultimate has already been reached.

"Are we all becoming morons?" demands the London *Free Press*. Having made a careful examination, we beg to report that personally we are not, and that a vacation from London might be a help.

Pirate Rebels In Burma

By E. V. FOUCAR

THE RIVER STEAMER had seen better days. She had been one of the proud fleet operated by the Irrawaddy Flotilla Company. White coated Goanese stewards had then catered for the needs of her few privileged first-class travellers who were protected from all rude contacts with the deck passengers. Her comfortable cabins and saloon were filled by British business men and wealthy American tourists visiting Burma.

Then had come the Japanese invasion, and she carried the soldiers of Nippon along the tortuous waterways of the flat delta country. A target for Allied aircraft, she soon ran aground on a mudbank and lay derelict for some years. Fisher-folk and cultivators of the surrounding ricelands stripped her of everything lootable.

✧ ✧ ✧

AFTER THE WAR there was a dire shortage of river vessels. She was salvaged and put back into service by the Inland Water Transport organization of the Burmese Government. But those fine cabins and saloons had gone. Irrespective of class, all passengers staked a claim to a square yard or so of deck space and, sighing for the Pax Britannica that was no more, trusted to fate to carry them safely to their journey's end.

✧ ✧ ✧

AND NOW, bound for Rangoon, she lay beside the landing jetty of a town in the Irrawady delta. Passengers were trooping aboard. Prosperous Burmese traders and their womenfolk, the latter strangely devoid of their customary display of jewels; coolies with bundles and mat-wrapped bedding; sedate yellow robed monks from the monasteries around the golden padoga overtopping the roofs of the town; a sprinkling of well-to-do Chinese and Indians; all these passed under the cursory scrutiny of the vessel's armed police escort whose duty it was to prevent piracy, a practice frequently indulged in by Burma's so-called rebels. Both Karens and Communists had taken a part in this profitable game.

"Do you wish to search me?" asked a smiling Burman as he paused beside the constable. "You won't find a pistol."

"No, uncle. But doubtless you have a fat wad of notes hidden away somewhere." And the policeman waved him on.

✧ ✧ ✧

A YOUTH, behind the stout gentleman laughed. "It isn't safe nowadays to carry anything valuable. Yet I suppose your wife has her jewels with her."

"Does a woman ever part with her diamonds? And what takes you to Rangoon, young man?"

"I am visiting my brother, who is a lawyer. My name is Maung Shin. May I sit beside you and your wife?"

"Certainly. I am the trader Ko Than. And here is my wife Daw Pu."

✧ ✧ ✧

THE STEAMER set course for Rangoon. Her booking clerk, a satchel of money at his side, busied himself in the collection of fans. The constable drowsed in the torpid heat of the afternoon, their rifles resting against the ship's sail.

Maung Shin chatted pleasantly with Daw Pu and her husband, explaining that he hoped to obtain employment through the good offices of his brother, the lawyer. But times were bad, and it would be long before he could expect to become a successful man like Ko Than.

✧ ✧ ✧

AT THIS the trader nodded brightly. "Hard work is the only way to fortune. Why, even this visit to Rangoon is one of business for us. We go to buy goods for our shop. And we shall not be happy until we have returned safely."

"Those fellows will protect you," replied Maung Shin with a nod towards the sleepy constables. "Please excuse me. There are some of my friends." And he crossed the deck to join a group of men standing near the unobservant policemen.

✧ ✧ ✧

WATCHING THE GROUP Ko Than was horrified to see his young acquaintance abruptly pull a pistol from beneath his jacket. Then Maung Shin shot and killed a constable at close range. His companions, now holding pistols, covered the remainder of the escort and quickly collected their rifles.

"Listen everyone," cried Maung Shin. "We are members of the Karen National Defence Organization and we are fighting the government. For our struggle we need money and supplies of every kind. If you give us what you have there will be no more shooting. If you resist. . . ." He waved his pistol significantly.

✧ ✧ ✧

CERTAIN OF the rebels relieved the booking clerk of his takings, others ordered the Serang who commanded the vessel to steam up an infrequented waterway. Meanwhile, Maung Shin rejoined Ko Than and his wife. Pistol in hand he demanded the trader's money. "You were right, uncle. Hard work is the only way to success. I and my friends have to work very hard. Thank you. Is that all you have? And now, Daw Pu, your jewels. It won't help you to cry. Do you want us to strip and search you? See what is happening to that silly woman who refused to surrender her property."

✧ ✧ ✧

ON A HAIL from the shore the steamer slowed down to allow a couple of boats to come alongside. In the boats were more armed Karens who noisily acclaimed the "victory" of Maung Shin and his men. The captured rifles and all other looted property were lowered over the steamer's side. Then Maung Shin and his companions followed.

"Goodbye, Ko Than. Goodbye, Daw Pu. A pleasant journey to Rangoon and a safe return."

With a song of triumph on their lips the rebels rowed for the palm-fringed bank.

✧ ✧ ✧

IN RANGOON the Government spokesman optimistically declare that the rebellion has been broken, emphasising the number of rebels who have surrendered with their weapons. They dismiss as unimportant the many incidents of piracy, train wrecking and banditry that occur daily.

But to Ko Than and Daw Pu and to the countless others who dwell outside the comparative safety of Burma's capital city, the rebellion remains an ever-present and very real danger. They know that for every rebel who surrenders there is another malcontent to take his place.

MAN WITH A MISSION.

Mau Mau More Determined

(By A Special Correspondent in Nairobi)

STRICT MILITARY and police control is being maintained in the Kikuyu reserves here to forestall any violent African reaction to the forthcoming trial of Jomo Kenyatta, former President of the Kenya African Union, and five other Kenya Africans, on charges of connection with the Mau Mau secret terrorist society.

Meanwhile the general unrest in the country continues and the number of armed attacks on European farmsteads is mounting every day. In three days recently there have been four such armed attacks. The most distressing factor is that in each case the raiders were in considerable numbers and at least some of them are known to have been carrying rifles and shotguns. In each raid, too, they have succeeded in making off with quantities of firearms.

As the raids continue nightly and sometimes daily the demand by European settlers for the death penalty for carrying firearms and similar offences, as imposed in Malaya, is increasing. Even if the Government's hand were to be forced on this issue it is unlikely that the activities of the raiding parties would be curbed, for Mau Mau is proving itself more determined than ever, and Mau Mau oath-taking ceremonies are taking place in most areas. Particular importance is attached by the authorities to an oath ceremony which was broken up at Mombasa, Kenya's chief port, where two women have for the first time been charged with administering the Mau Mau oath. There had previously been no such ceremonies south of Nairobi.

The authorities claim that there has been no African reaction to the closing of the thirty-one independent Kikuyu schools. About forty percent. of the children from the closed schools are being absorbed by the mission schools who report today that most of these children are extremely backward for their ages, some as much as six years behind.

Yesterday, the first detachment of thirty men of the Kenya European Territorial Army organisation—the Kenya Regiment—attended a short course in police instruction preparatory to taking over permanent policing of the Kikuyu reserves in a new string of police stations.

✧ ✧ ✧

KAPENGUIRA, the small settlement thirty miles from the Uganda border, where Jomo Kenyatta's trial opened last Monday, lies in the shadow of Mount Elgon which has several times been the scene of ceremonies by the proscribed Dini Ya Msambwa Society, whose adherents are more violently anti-European than Mau Mau. (Dini Ya Msambwa means "region of the departed souls"). The area is inhabited by West Suk tribesmen who were responsible for the Suk affray of two years ago in which a European policeman, a district officer and several African police were speared to death. The township of Kapenguria is one hundred and fifty miles from the Kikuyu reserve.

The five young men who will be tried with Kenyatta were all members of the Kenya African Union, an organisation which has as its declared aims the furtherance of Kenya African aspirations and particularly the economic betterment of the people. Several of the accused are editors of vernacular newspapers.

Apart from Kenyatta, the accused men are Fred Kubai, a former general secretary of the Kenya African Union; Richard Achienge Oneke, immediate past general secretary of the Union; Bildad M. Kagia, editor of three newspapers; Paul Ngei, editor of the "Wakamba Voice" and "Uruhu Ya Mwafrika" (African Freedom); and Kunka Karumba, former chairman of a K.A.U. branch. Kubai is also a one-time editor of the newspaper "Sauti Ya Mwafrika".

Although Mau Mau is alleged to be a completely Kikuyu movement, great importance is attached by some observers to the fact that Ngei, a Mkamba tribesman, and Oneke, a Jaluo tribesman, are among those now being charged with Mau Mau activities.

Most Chinese Study Engineering

By ROBERT FRANKLIN

TWENTY-FOUR of every twenty-five students who began a university course in Communist China this year are being prepared for a role in China's ambitious industrialisation programme.

Only about three per cent. of this year's university enrolment were permitted to take courses in the fine arts, law or political science. The rest are taking such courses as engineering, agriculture, architecture or chemistry. Board, tuition and even spending money are provided free by the government, but once they have their degrees graduates will have to take the jobs assigned them. Except in special cases there will be no choice.

By far the heaviest enrolment is in engineering colleges. Already 35.4 per cent. of the nation's two hundred thousand university students are studying engineering, and this percentage is expected to increase sharply.

This is the result of a nation-wide programme of education reform initiated by the Communists in September, 1951, aimed at turning out between 150,000 and 200,000 "senior construction cadres" during the next five years.

In the process of gearing China's academic world to the needs of the coming industrialisation programme, some universities and colleges have been completely reorganised, others have been merged, and some—particularly those bearing the stigma of former foreign aid or close overseas associations —have been abolished. Yenching and Fu Jen in Peking, and St. John's and Aurora in Shanghai belong in this latter category.

✧ ✧ ✧

TYPICAL OF the new type of university in China today is Tsinghua, in Peking, which for the past fifty years has been one of the nation's most respected and best-known places of learning. Tsinghua repoened recently, following reorganisation, with an enrolment of six thousand students. It is now a polytechnic institute, offering such courses as power-plant engineering, metal processing and petroleum engineering.

This new Tsinghua, according to its dean, "is in striking contrast with the past, when education was orientated to satisfy foreign standards and interests, abstracted from the reality of the Chinese scene."

Under the new system, according to Ma Yin-chu, president of the National Peking University (Peita), "the main aim of higher educational institutions is to train advanced technical personnel and principal cadres for national construction."

Accordingly, most Chinese universities or colleges have become advanced trade schools or technical colleges. Typical are the Peking Iron and Steel Academy, the Nanking Engineering College, and the Peking Academy of Mechanised Agriculture. Party members (some of whom have no academic background) preside over most universities and academies these days.

Many of the new institutes of higher learning are the result of consolidating, for instance, the engineering colleges of a group of universities hundreds of miles apart. This in itself fits into the Communist plan of redistributing the population, not only to provide manpower in growing industrial areas, but in order the break down the regional prejudices that were so much a part of Chinese society in the past.

Thus, engineering colleges of the University of Chahar, in Inner Mongolia, and the University of Shansi, have been incorporated in the new Tsinghua.

No More "Ghosts"

(London Free Press)

George Drew, national leader of the Progressive Conservative party, advises men in public life to eschew "ghost" writers in the preparation of their speeches. Speaking in Toronto at the annual meeting of the Ontario party, Mr. Drew said: "It's time the people were told the facts so that they can understand them, and not material dreamed up by a ghost writer with a flair for flowery language."

The "ghost writer" habit which has become almost universal in recent years, has been a handy trick for public men. It saved them hard work and thought. It also reflected their indolence. A man in public life ought to be prepared to write his own speeches.

If Mr. Drew's advice is taken to heart we shall hear more informative speeches and less subtle equivocation and gobbledy gook.

How Time Flies

DECEMBER 2

1922—Mrs. Peter Cooper, a former resident of Peterborough, dies in Australia.

The council awards the contract for garbage collection to Withers and Anglesey.

J. P. Bond is elected to the OHA executive, and R. M. Glover is appointed to the new advisory committee.

1932—E. G. Patterson announces himself as a candidate for the Utilities Commission.

Mrs. J. Marsh is elected president of St. Paul's Ladies' Aid Society.

The North Monaghan council appoints a committee to superintend distribution of relief.

1942—Flt.-Sgt. Malcolm Buchanan is serving on an Atlantic coastal patrol aircraft.

The death occurs of Joshua Grandy, 80, a prominent farmer in the Springville district.

Stewart S. Massie, a former employee of Dominion Woollens, is reported a prisoner of war in Libya.

Bible Message

(From the Authorized Version)

And the Lord God said unto the serpent, Because thou hast done this, thou art cursed above all cattle, and above every beast of the field; upon thy belly shalt thou go, and dust shalt thou eat all the days of thy life. . . . Unto the woman he said, I will greatly multiply thy sorrow and thy conception; in sorrow shalt thou bring forth children; and thy desire shall be to thy husband, and he shall rule over thee. And unto Adam he said, Because thou hast hearkened unto the voice of thy wife, and hast eaten of the tree, of which I commanded thee, saying; Thou shalt not eat of it: cursed is the ground for thy sake; in sorrow shalt thou eat of it all the days of thy life. (Gen. 3:14, 16, 17.)

✧ ✧ ✧

For to be carnally minded is death; but to be spiritually minded is life and peace. . . . So then they that are in the flesh cannot please God. But ye are not in the flesh, but in the Spirit; if so be that the Spirit of God dwell in you. Now if any man have not the Spirit of Christ, he is none of his. (Rom. 8:6, 8, 9.)

✧ ✧ ✧

And behold, there came a man named Jairus, and he was a ruler of the synagogue: and he fell down at Jesus' feet, and besought him that he would come into his house: for he had one only daughter, about twelve years of age, and she lay a dying. But as he went the people thronged him. . . .

And when he came into the house, he suffered no man to go in, save Peter, and James, and John, and the father and the mother of the maiden. And all wept, and bewailed her: but he said, Weep not; she is not dead, but sleepeth. And they laughed him to scorn, knowing that she was dead.

And he put them all out, and took her by the hand, and called, saying, Maid, arise. And her spirit came again, and she arose straightway. (Luke 8:41, 42, 51-55.)

✧ ✧ ✧

For as in Adam all die, even so in Christ shall all be made alive. (I Cor. 15:22.)

Unconsidered Trifles

A Hollywood film star had had five wives, each of whom had promptly divorced him. He was now declaring his love to the prospective sixth.

"But I've heard some queer stories about you," said the girl.

"Don't worry about that," replied the star. "They're only old wives' tales."

✧ ✧ ✧

On arrival at the airport a Chinese delegate was besieged by the usual mob of operators. One of the questions flung at him was: "What strikes you as the oddest thing about Occidentals?"

He thought for a moment, then smiled: "I think," he said, smoothly "that it is the peculiar slant of their eyes."

✧ ✧ ✧

The tall, dignified man joined the crowd in front of a bargain counter, in an attempt to get a very special pair of stockings for his wife. He inched his way patiently, but was buffeted here and there by women, and made no progress.

Suddenly he lowered his head and barged through the crowd.

"Can't you act like a gentleman?" inquired a cold feminine voice at his elbow.

"I've been acting like a gentleman for the past hour," replied the man, still charging forward. "From now on I'm going to act like a lady."

Canada $180 To The Good

(Ottawa Journal)

The Income Tax Appeal Board has rejected the appeal of a parent who asked no more children's allowance payments be made for his three offspring and then argued he should be allowed to deduct $180 from his income for tax purposes. He contended, unsuccessfully, that by declining the amount he would have received in allowances for a year he was making a gift to the Crown.

The board takes the precise position that no gift was made to the Crown because the taxpayer could not make a gift of something he never had, and adds, as a second conclusion, that in any event he didn't have a receipt to show the Minister of National Revenue that he had made a gift to the Crown.

No one is to argue that the board was wrong in its ruling, but there is a point here. Most parents, rich and poor, accept the children's allowance without question, just as old-age pensioners, again rich or poor, take whatever payment is issued to them. Taxation is a great leveller and it is designed so that the rich will not become richer by virtue of allowances paid by the state.

It may be fearfully complicated and an abomination to the orderly accountant's mind, but we should not be so hidebound that we cannot give a thought to the individualist who doesn't want the state to help him in maintaining his children. The parent in the case we mention may not have given a gift to the Crown, but it is evident that the general revenues of Canada are $180 to the good because he refused to accept the payments he could have collected.

That may not be a gift, technically, but the Queen has $180 she didn't expect to have and that's $180 the rest of the taxpayers will not have to raise for government expenses.

House Divided On Policy Of Stock Splitting

OTTAWA (CP)—Senator John T. Haig, Progressive Conservative leader, says that Parliament shouldn't be used to legislate stocks into a greater value than they command.

He clashed with Senator Norman P. Lamport (L—Ontario) in the Senate Monday night over a bill that would permit the Interprovincial Pipeline Company to split its common stocks 10 shares for one.

Senator Lambert said the company, a subsidiary of Imperial Oil Limited, wanted to make its shares more easily available to the public. At present, a $100 interprovincial debenture could be converted into two shares of common stock. However, on the open market shares were worth between $180 and $190, more than three times par value.

PAR VALUE

By splitting the stock 10 for one, shares would have a par value of $5 instead of $50.

Senator Haig said such a stock split would result in an increase in the value of the common shares on the stock market. In effect, parliament was being asked to legislate a greater value into the stock.

Senator Lambert replied that in the past stocks splitting had a depressing rather than enhancing value.

The senate approved the bill in principle and sent it to the transport and communications committee for detailed study.

TRAGEDY IN THE AIR — Rescue workers search the wreckage of an Air Force C-54 transport plane that crashed in a residential area of Tacoma, Wash. At least 36 persons, including 13 women and children, were killed when the plane exploded.

Movie Column

Publishers Seek New Hit For Christmas

By BOB THOMAS

HOLLYWOOD (AP) — Here it is only the beginning of December and already our ears are filled with Christmas songs.

The juke boxes and disc jockeys have a full quota of yuletide carols, some centuries old and some brand new. The new ones will be as abundant as ever this year, because members of the music industry are always hopeful that they will find another "White Christmas."

I can remember the only Christmas songs we sang were the ones we learned in Sunday school.

Practically all you heard were oldies like "Silent Night" and "Jingle Bells." All that changed in 1942. That was the year Bing Crosby crooned Irving Berlin's "White Christmas" in a film called "Holiday Inn."

MADE A HIT

The song seemed to hit everybody's heart and stay there. Sales records are hazy in the music business, but most experts agree that Bing's "White Christmas" platter is the top seller of all time. Estimates range as high as 8,000,000.

Two million copies of the sheet music were sold in the first year of "White Christmas," and 300,000 are reported sold each year.

That is the reason that each year song writers rack their brains for new Christmas songs. And music publishers and record companies plug the daylights out of them, hoping for another "White Christmas."

I found some research on this subject at Capitol Records, which this year is going all-out for a new tune called "Hang Your Wishes on a Tree."

Capitol executive Dave Dexter told me that the song was selected from an estimated 600 Christmas ditties submitted to the record company this year.

HOLD THAT TIGER WOMAN — Winnie Ruth Judd (right), "Tiger Woman" of the 1930's, who escaped for the sixth time from Arizona's State mental hospital since her 1932 imprisonment for murdering two women, was captured over the weekend. At left, hospital attendants inspect cut screen through which officials believe she gained "outside help."

Veteran Of 78 Indignant Over Home Guard Rejection

LONDON (CP)—A terse note of protest has been addressed to the ministry of defence by Lewis Wicks of Newton Green, Suffolk, following rejection of his application to join the National Home Guard.

Wicks, a 78-year-old veteran of the South African War, with memories of the gallant relief of Mafeking, is indignant over the official decision to wave him aside because of old age.

The silver-haired foot-slogger, who also served with the forces in the First World War and formed a Home Guard platoon in the last war, insists there are scores of jobs that could be usefully carried out by those on in years, but physically fit and willing to serve.

Notwithstanding the official edict, Wicks will be ready should an emergency arise. In the living room of his home he has remodelled a large, cushioned chair with a special compartment in which he has placed two well-oiled pistols.

Nearby, and ready for use, are a pike and lance such as were issued to members of the Home Guard in the Second World War.

"At least nobody is going to stop me defending my own home if the need arises," he said.

WORRIED ABOUT THE FUTURE?

Life assurance will guarantee you a retirement income which you cannot outlive, and also provide for your dependents if you die at an early age.

Don't just worry about your family's future or your own. See me about it today.

S. C. "TED" HOWARD

SUN LIFE ASSURANCE COMPANY OF CANADA

Plead Guilty To Drug Charge

WINDSOR, Ont. (CP)—Two former residents of Sarnia pleaded guilty to charges of providing noxious drugs in an attempt to procure a miscarriage.

Leona Phillipon of suburban Riverside pleaded innocent to a similar charge and was remanded a week for trial.

The Sarnia men were remanded a week for sentence when the cases came up in court Monday.

John A. Phillipon and Jack Parenteau were arrested in Sarnia Nov. 22 following a police investigation which stemmed from a complaint by the father of an 18-year-old Windsor girl.

They were arrested after a car they were driving was traced to Sarnia. Licence number of the car was provided by the Windsor man.

Leona Phillipon was arrested later at Riverside where police said the alleged attempted abortion was performed.

Charge High Fees Could Kill Radio

TORONTO (CP)—Counsel for station CHML of Hamilton said before the Exchequer Court of Canada that existing fees for use of copyrighted music "could put Canadian radio stations out of business."

This arguiment was put forth Monday at the closing session of a test case to determine the validity of rates set by the copyright appeal board for use of music on radio for which the Composers, Authors and Publishers Association of Canada holds the copyright.

The case was heard by Mr. Justice J. C. A. Cameron. He reserved decision and it is expected within 30 days.

Station CHML, backed by the Canadian Association of Broadcasters, whose membership includes most private Canadian stations, decided to contest the board's decision that stations would pay 1¾ per cent of gross revenue for use of CAPAC music.

Says Canadian Morale Good In Korea

VANCOUVER (CP)—Morale of Canadian soldiers in Korea is standing up well under the strain of the static warfare, Maj.-Gen. H. A. Sparling, vice-chief of the Canadian general staff, said on his return from a flying visit to the Korean front.

Gen. Sparling said Monday operations of Canadians in the front line, with their constant patrols and other engagements, could not be considered static, but warfare on the whole Korean front could since it resembled the trench fighting of the First World War.

Such a war of attrition could be more trying on troops' nerves than mobile action but Canadians were in good spirits, he said.

Killed In Car Plunge

PEMBROKE (CP)—Samuel Patrick McGuire, 25, of Pembroke was fatally injured Sunday night when an automobile in which he was riding went off the road and plunged down an embankment. Three other persons in the car were only slightly injured.

Seek Murder Appeal

TORONTO (CP)—Permission to take the appeals of Steve Suchan and Leonard Jackson to the Supreme Court of Canada will be sought in Ottawa Wednesday. The men were convicted of murder in the shooting last March of a Toronto detective and sentenced to be hanged Dec. 16. The Ontario Supreme Court rejected their appeals.

Furs, Jewelry Stolen

TORONTO (CP)—A cat burglar entered the home of Z. R. B. Lash, a Toronto barrister and took $5,000 worth of furs and jewelry during the week-end. The Lash family was away. Police said they believe the burglar was the same man who escaped with jewelry from another home in the district last week after cutting the telephone wire.

Paper In New Plant

ST. THOMAS (CP)—The St. Thomas Times-Journal Monday began operations in a new two-storey building with 18,000 feet of floor space, more than double that of the old plant in which the newspaper had been carrying on operations since 1883. Scores of machines were converted from 25 to 60-cycle power in the changeover.

Awarded Damages

WINDSOR, Ont. (CP)—James G. McEwan, Windsor, and four members of his family Monday were awarded damages of more than $3,000 in connection with a highway accident at nearby Tilbury a year ago. A counter claim by two passengers in the second car, driven by Mildred Barges of Chicago, was dismissed. Mr. McEwan's wife and daughter and his parents, Mr. and Mrs. Wellington McEwan of Wyoming, Ont., had sought damages of $61,303 from Mrs. Barges.

NOW... TOWER Vinyl Flooring

(BY THE TILE AND BY THE YARD)

Longer lasting beauty...lighter household duties...YOURS with the NEW vinyl flooring. Cleaning is no longer a problem because dirt can't penetrate its hard finish, making waxing unnecessary — although waxing will add lustre.

You'll choose from an array of lasting colours...bright, cheerful colours which are actually locked in. The non-porous, tough surface of this flooring resists water, soap, grease and cleansers — even strong alkali solutions. Made of CRC vinyl resins, it will last longer and keep that "first day" look.

700,000 feet wear-tested this flooring at the Canadian National Exhibition...it remained as good as new.

Check these advantages:

✓NEEDS NO WAXING. ✓EASY TO INSTALL YOURSELF.
✓OILPROOF, GREASEPROOF, WATERPROOF.
✓RESISTS SCUFFING AND MARRING.
✓AVAILABLE IN 10 SPARKLING COLOURS.
✓ECONOMICAL—TWICE THE WEAR WITH HALF THE CARE.

See it now at your flooring dealer.

So easy to install...

The CRC and TOWER Trade-Marks are your assurance of quality products...

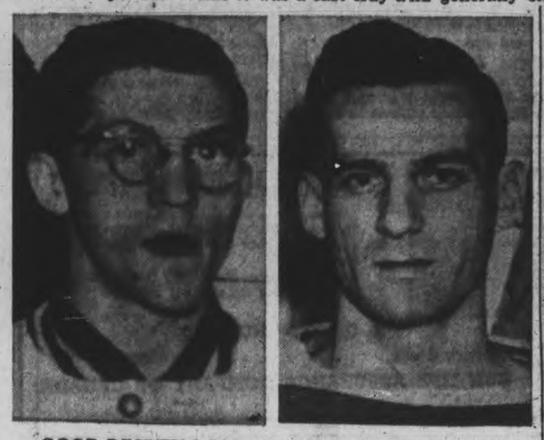
Kingston Snatches Victory Against The Petes, 5-2 In Speedy Senior Puck Tilt

Kingston Goodyears captured a 5-2 OHA senior "B" victory over the Petes before a slim crowd here last night. Thus they avenged a 5-2 loss at the hands of Jim Ellis' squad in Kingston on Saturday evening. They took a 2-1 lead in the initial inning, and rammed in two more without an answer in the middle stanza, the teams each tallying once in the even third period. While it was a fast fray and generally clean, play often was scrambly on the small surface. The K's had a little margin on play in the first two frames, the Petes outplayed them a good portion of the third, but it was fairly even as the game ended on territorial play. The visitors drew five of the nine minor penalties handed out by Referee Larry Heffering of Whitby.



GOOD DESPITE LOSS—In spite of the Petes' loss 5-2 to Kingston senior Goodyears here last night in puck play, bespectacled Dean Wasson (at left) stood out on defence for the local squad, and reliable Gus Leonard (right) tallied both of the Petes' counters in a fine showing. The Petes had beaten Kingston by a similar count Saturday in Kingston.

SCORED A PAIR

Jack McKeown counted two goals for Goodyears, Walt Gerow, Kenny Partis and Stan Stewart notching the others. Partis had a pair of assists, singles going to Markle, Clint Tinkess, White, Johnny Myke and Joe Watts. The Petes' two goals were tallied by Gus Leonard, an assist each going to Ted Collins and Toodie Greenlaw. Both Ken Johnson and Ray Harding turned in a fine display in an open joust, and Dean Wasson was a solid blue-line performer throughout.

Stewart scored early on a play with Markle and Tinkess, his side shot from 20 feet out being deflected in off a defenceman's stick. Fennell and Myke drew the gate for roughing, with Bender and Mason getting it at the same time for high-sticking as a fight threatened for a moment. They argued in the box, too. All were back and Kingston kept pressing but, with Armstrong away for interference, they couldn't score on Harding. Later, it was speedy, even and quite scrambly. McKeown got right in close on a quick thrust with Partis' pass to blast it into the twine for a 2-0 lead. Bender was chased for interference, and Gus Leonard slammed a hard one from the side in a ganging attack, Collins getting the assist.

GOT TWO MORE

West came close to open the middle heat and Harding robbed Murray at point-blank range. Partis pilfered the puck from one of the Petes at the latter's blue line and sashayed in to fake the goalie out of position and sink a nifty. Each side in turn pressed as they poured it on at a hot clip, and the goalies were kept on the jump. A Greenlaw-Wyatt rush came close. Bender returned from a tripping penalty and the Goodyears broke away as the Petes pressed to score one more, McKeown in close from White and Partis, Jack having no one to beat but the goalie in his long dash.

The Ellis crew rolled hard to start the third period, and a stab by Spiker and Mason almost paid off. It was hard, even hockey up and down, the Petes looking better for more than half the frame but play evening up later. Stewart returned from a holiday penalty and the West-Collins-Floyd trio pressed but Johnson was tough to beat. The K's first line kept testing Harding, too. Mason was chased for allegedly delaying the game by freezing the puck, and some "wise guy" tossed an extra puck on the ice. Leonard rapped in a goal late from an angle on Greenlaw's pass as the homesters kept boring in, but Gerow got it back a minute later on a quick drive with Myke and Watts to wind up the scoring. Teams:

Kingston: Goal, Johnson; defence, Londry and Watts; centre, Myke; wings, McGregor and Gerow; alternates, Partis, McKeown, White, Murray, Markle, Tinkess, Stewart and Bender.

Petes: Goal, Harding; defence, Leonard and Wasson; centre, Greenlaw; wings, Fryia and Wyatt; alternates, West, Collins, Floyd, Mason, Fennell, Spiker, Hopkins and Armstrong.

Referee, L. Heffering; linesman, B. Kingdon.

Summary:

First Period
Kingston—Stewart (Markle, Tinkess) 2:00
Kingston—McKeown (Partis) ... 14:55
Petes—Leonard (Collins) 18:25
Penalties — Fennell, Myke, Mason, Bender (2), Armstrong.

Second Period
Kingston—Partis 5:46
Kingston—McKeown (White, Partis) 19:45
Penalty—Bender.

Third Period
Petes—Leonard (Greenlaw) 17:40
Kingston—Gerow (Myke, Watts) 18:45
Penalties—Stewart, Wasson.

SPORTS SHOW WINDOW

By CEC. PERDUE, Sports Editor

Our mention yesterday that Winnipeg continues to top Canadian cities in producing NHL players surprised a few fans. Many thought Toronto had this distinction. As a matter of fact, only Sid Smith of the Leafs this year was born in Toronto. The Canadiens have six Montrealers on their roster, Bouchard, Harvey, St. Laurent, Richard, Geoffrion and Mosdell. Though we should add that Greater Toronto—does it include Oshawa?—has eight players in the NHL now. Winnipeg has 11 performing in the big time. Dick Gamble of New Brunswick is the only Maritimer up there, while two came from Scotland, Jim Ross and Jim Conacher being born in Old Scotia. Jim McFadden of Hawks hails from Ireland, while Lund is from Helsinki. Just one NHL-er was born in the States.

* * * * * *

Havelock has a one-goal lead over Norwood in the TVL preseason series playoffs for the McGillis Trophy. It's a home-and-home series, goals counting, and Jack Harris' hustlers won the opener 8-7 last week. Second and deciding joust is this Wednesday p.m. at 8.30, in Civic Arena, and that should be a real puck battle. Red Creighton says his charges will take the round lead in the first period over Havelock and never look back. That remains to be seen. One thing sure, the players participating in this early series should be in the w.k. pink when the real TVL season starts.

* * * * * *

Busy Spot in Winter

Walt Smillie's palais d'ice is a busy enough place now and will be busier still shortly. Along with public skating, OHA, PMHA and CGE hockey fixtures, he'll shortly have the Public school schedules going after four several days a week in Civic Arena. Next week, as a matter of fact, the young students will be whaling away on the frozen surface. Never a dull wintry moment for Walt, Shorty and the rest of the staff until spring comes to the land again some five months hence. PMHA tilts Thursday from six p.m. on: Shamrock bantams vs. Trojans, midget Wolves vs. Shamrocks, Havelock juves vs. the Shamrocks, Norwood vs. midget Aces, and juvenile Aces vs. Marines. Next night it's Swartz bantams vs. Aces.

* * * * * *

It's an odd thing but the Petes usually outplay Kingston senior "B" puckists in the large Limestone City arena, while the K's always give the locals a tough scrap on the smaller ice surface here. That was shown over the week-end when the Ellis men won 5-2 in Kingston on Saturday, and the Goodyears came back here last eve to take a 5-2 victory. Maybe the two teams should swap home arenas, though no doubt Kingston would want something to boot! Naturally, as they have a grand memorial community centre. Not many fans on deck for the joust last p.m., a fast, clean tussle, though often scrambly. The K's earned the win, but had to hustle all the way for it.

* * * * * *

The Pick of the Pack

If we were forced to pick the three outstanding guys on the local lineup last eve, we'd say Gus Leonard with two goals, Dean Wasson for steady work on defence, and Ray Harding for his usual solid performance in the net. He didn't have any help on several that whistled past him. Kingston has a good club, big, fast and with plenty of savvy. Johnson looked good between their pipes, too. While the veteran Walt Gerow didn't show too much this game, Kenny Partis is as tricky as ever, and Jack McKeown scored a couple of nice ones. McGregor and Murray are always plenty dangerous, and they have lots of other ice talent, as well. It's quite a race for so early in the long season. Petes go to Orillia tomorrow and then rest for a spell.

* * * * * *

Oddfellows ran into a hot Oshawa junior "B" squad in Bowman Villa last p.m. and wound up with the short side of an 8-4 count. A four-pointer. The late entry from the Motor City showed a lot of punch to rack up an early lead, play being quite even the last two chapters. Mike Chirka was a tough baby to beat in the winners' twine tepee. Score by periods was 3-0, 3-3 and 2-1, game being fairly clean and plenty fast. These lads really leg it on the ice. McCracken, Floyd, Morrow and Twist lit the lamp for Doug Mortimer's men, with Twist also having an assist. Kingston Vics and the local Links tankle here Friday night in what should be a streamlined struggle.

* * * * * *

Hither and Yawning

Betty Castle rolled high this week in the lasses' City Bowling Loop....Sorry to hear of the death of Tommy Holyman's father....St. Peter's High teams received trophies last eve at their fourth annual football banquet....Men's City Basketball League opens at seven tonight in the YMCA with Al Northcott's Merchants playing Hugh Dibben's Oilmen.....The male Marines' cagers trimmed Oshawa Grads handily on Sat'day in the Motor City....Plummer and Raines team up 'gainst Big Heart and Ackles in the main pro mat match here tomorrow night....Belleville Hawklets won 5-4 o'er Vics in junior puck play at Kingston last gloaming....Percy Nicholls of Bobcaygeon is performing for the Oshawa senior "B" pucksters in our grouping now....Petes have a three-game draw going on for a lady's fur coat....Freddy Garvey had to miss last night's game, and he was missed....Larry Heffering of Whitby returned as ref after a season in the Maritimes....OHA may rule on Monty this week-end....And the polls are closed.

SPLIT FEATURE EVENTS

TORONTO (CP)—Dale Mc I Win, owned by S. Love of Milton and diven by Keith Waples, and Money Maker, owned by S. Revington of Lucan and handled by Bud Gilmour, each won a heat in the seventh and featured harness event at Dufferin Park Monday.

Buster, owned and driven by Henri Larochelle of Sorel, Que., and Neptune, owned and driven by Jack Bannerman of Stratford, divided the sixth and secondary feature when they each won a heat.

Betty Castle Leads

Betty Castle rolled high single of 297 and top triple of 716 this week in the Girls' City Bowling League. Curtin's led teams in singles with 1191 and Marines had best pinnage with a 3128 total. K. Beatty's 491 hit the blind score exactly. Curtin's blanked Bassel's 3-0, Black's whitewashed Sevenaires, and Marines did the same to Cardinals, as Austin's won 2-1 from Aces, and Arcos beat Collis 2-1.

Good singles were: L. Harris 282, D. Mason 279 and 261, E. Rishor 274, B. Morrow 273, M. Batley 262, K. Beatty 261, T. Grierson 259, G. Milligan 258, R. Pearse 256 and 252, D. Hendren 251. Neat threes included: B. Morrow 713, D. Mason 681, R. Pearse 668, T. Grierson 657, G. Milligan 636 and D. McArthur 655.

TROPHIES, TROPHIES AND MORE TROPHIES were presented Monday night at the fourth annual football banquet for St. Peter's High School teams. Two fathers, among the 120 who attended the dinner sponsored by the Catholic High School Athletic Advisory Board, had an exciting night; their sons were chosen most valuable players on their teams. Bud Hickey (left) and Alphonse (Phonse) Brioux (right) exchange happy grins as sons, John Hickey and Carl Brioux, hold MVP trophies. Guest speaker Larry Sullivan, coach of Hamilton Cathedral High, admires the Ontario Catholic Conference Trophy won by the senior Saints this year. Coach John Lynch and chairman R. S. (Rollie) Hull provide season's review for Sullivan. — (Examiner Staff Photos).

St. Peter's Football Teams Honored At Banquet End Successful Season

St. Peter's High School football players made their largest and last play of the 1952 season Monday night when they tackled a turkey dinner, with all the trimmings, at Assumption hall. From the E-formation (actually called the table spread) the boys, both juniors and seniors, were banqueted by the Catholic High School Athletic Advisory Club at the fourth annual banquet along with their cheerleaders, fathers and the clergy.

R. S. Hull, club chairman, briefly reviewed the season which saw Coach Johnny Lynch's senior Saints win the Ontario Catholic Conference "B" championship and the juniors runners-up in junior "A" lakeshore competition.

He noted that the junior Saints lost their first game in three years this season after 17 victories in that time, but went on to compile a record of 20 wins and two losses, still a very impressive record.

"We wish you every success in the future and look forward to your winning your two championships in 1953."

SPORTS FOR GIRLS

Asking the boys to take the best possible care of the equipment, Mr. Hull said "our club will have greater demands on it in the future for equipment for the new gymnasium to be opened in a few weeks." With the inauguration of the gym, "the finest in the city," the high school athletic program, he said, will be stepped up to include sports for girls.

However, it is expected that the equipment for the girls' activities will be supplied by the newly-organized ladies' auxiliary of the club.

Looking back to the club's beginning in 1949, Mr. Hull said that the club members "like to think that in some measure they helped to spark the growth in athletics and a more dynamic school spirit."

Referring to recent criticism of sports in the high school curriculum, Mr. Hull said, "Our club considers them a very necessary and important part of the education of our youth." He added that the "moulding of character of boys, particularly in leadership qualities, is achieved by competitive team sports, not by reading textbooks."

Guest speaker, former Notre Dame football player and now coach at Hamilton's Cathedral High, Larry Sullivan, voiced a similar sentiment towards sports in high schools, saying "You can get many lessons from the football field that you can't get from books and also vice versa."

"You're very fortunate that you are playing such a fine game as football; it's the greatest game of all," said Coach Sullivan. "It offers more than any other sport, but only play it with the proper idea. Play football for a reason as a means to an end," he advised.

LEARN CO-OPERATION

Mr. Sulivan emphasized some of the lessons taught in football such as in co-operation, the desire developed to do things better, learning to sacrifice, respect for authority, self responsibility, harmony and others. He pointed out that if they carry these traits into everyday life, "everyone will be proud of you and you will be successful."

The Notre Dame part of Sullivan's career was the evening's magic touch and he spent some time recalling his playing days. Some of these were in high school football in his home state of

(Continued on Page 16)

Savoie Scores Split Decision

TORONTO (CP)—Armand Savoie of Montreal, Canadian lightweight boxing champion, scored a split decision over Allan McFater of Toronto in a non-title bout at Maple Leaf Gardens.

The fight Monday night was the third meeting between the two scrappers and each time Savoie has beaten the Toronto youngster.

Savoie weighed 139 pounds and McFater 143¾.

Referee Billy Burke cast the deciding vote after Judge Fred Nobert picked McFater and Judge Jack Johnston called Savoie the winner.

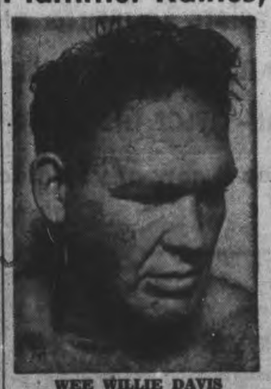
In a scheduled eight-round semi-final, John L. Sullivan of Preston, England, third-ranking middleweight from Britain, was awarded a technical knockout over Billy Fifield of Toronto at 2:20 of the seventh round. Sullivan weighed 163½ and Fifield 165.

Remember When—

By THE CANADIAN PRESS

Winnipeg Blue Bombers humbled Ottawa Rough Riders 18-6 in the Grey Cup at Toronto 11 years ago today. The 1941 triumph was Winnipeg's third national title, including the victories in 1935 and 1939. Winnipeg was beaten in this year's western final by Edmonton Eskimos.

Tag Team Wrestling Bout Features Plummer-Raines, Ackles-Big Heart



WEE WILLIE DAVIS

Chief Big Heart and Kenny Ackles have joined forces to try to put a halt to the success of the tirading Texan team of Lou Plummer and Dick Raines in the feature wrestling match at the Brock Arena Wednesday night. Ackles made a good showing here last week against Lee Henning and figures to be a strong ally for Chief Big Heart and his bow-and-arrow specialty.

Meantime, Raines and Plummer boast they'll not only send Big Ackles packing, but anybody else who dares cross their path. "These guys will be duck soup for Lou and me," bragged Dirty Dick Raines.

Wee Willie Davis will oppose Bull Montana in the semi-final. It will be Davis first appearance here in quite a spell.

Jim Coffield will wrestle Jack Wentworth in the first event.

Seixas Makes Semi-Finals

MELBOURNE (AP)—Vic Seixas of Philadelphia swept into the semi-finals of the Victorian tennis tournament today along with Australians Frank Sedgman, Ken McGregor and Mervyn Rose

But Seixas' young Davis cup team-mate — Ham Richardson—was eliminated, a victim of Rose's tremendous play.

The lefthanded Aussie trimmed the 19-year-old Baton Rouge, La., youngster 6-3, 6-2, 6-3 in 55 minutes.

Seixas had no trouble with Aussie Ken Rosewall, winning 6-0, 6-2, 6-2. Sedgman also won easily over countryman Ian Ayre 10-8 6-0, 6-2, but McGregor had to work before subduing Rex Hartwig of Australia, 3-6, 7-5, 6-3, 6-2.

Maureen Connolly of San Diego, Calif., and Julie Sampson of San Marino, Calif., gained the women's semi-finals. Miss Connolly whipped Pam Southcombe 6-0, 9-2 while Miss Sampson eliminated Beryl Penrose 6-4, 6-2.

Oshawa Gets Junior Win Over The Oddfellows In Speedy 8-4 Puck Fray

Joe McCloskey's Buzzers, Oshawa's new entry in junior "B" hockey competition, began their 1952 season impressively Monday night in Bowmanville by handing Oddfellows an 8-4 defeat, the Links' third of the young campaign; they have a like number of victories. Buzzers outplayed Doug Mortimer's boys in the first period when they steamed away to a flying start, and potted three goals behind Bob Delahaye before the visitors could get going effectively. Coming back strongly, Links made it close for the final two frames (despite a one-goal enemy edge) but lacked sufficient drive to offset their rivals' early advantage. It was a clean, fast struggle with a little rugged play, particularly in the final stages with 12 penalties in all, seven to the victors who earned the verdict.

Oshawa opened the scoring early in the first period when Pat MacDonald potted a fast passout in front of the net to take a quick lead.

ADDED ANOTHER

Al Lawrence made it two, seconds later, after a mad scramble in front of the visitors' net, with McDonald and Wodnisky assisting. Links fought back hard with play see-sawing till the 13-minute mark when Harold Woodcock beat Delahaye with a long left-wing blueline drive to the upper right hand corner of the mesh.

The second opened fast and the homesters again drew first blood, though a man short at the time, when Neil Lowe hit the coop for holding Roger Smith. O'Connor took a pass inside the Links' blueline on the fly and hit the short side with a hot drive to put his team four up as Buzzers showed class. Rorabeck next hit the sinbin for holding and again Links pressed, but were unable to dent the armor of Chirka.

A FINE PLAY

Near the nine-minute mark, Roger Wilson—who played a strong game behind the blueline—started a beautiful play that culminated in a Peterborough score, when he sped through the entire red team, passed back, and in the mad scramble, Dick McCracken fired a bulls-eye over the prostrate form of Chirka. Links fought on and midway in the frame Red Robinson fired a terrific blueline drive that sizzled past Chirka off the stick of Kenny Floyd; Roger Smith drew an assist on the play. Oshawa battled to get one back as Lawrence hit open territory inside the blue, to beat Delahaye with a sharp 15-foot drive. Coyle drew a penalty for kneeing and the Redmen tallied with the odd man when Bob Boneham scored near the cage on a pass from Tom O'Connor.

FAST STEPPING

It wa. hammer-and-tongs as play reached a fever pitch in the mid-frame. Wilson drew a penalty for interference near period's end and wh. off Jimmy Morrow and Bill Twist combined on a grand rush with the former out-guessing Chirka from close in though short-handed.

The final frame proved a doozy from every standpoint, as both teams turned on the gas with reckless abandon. Oshawa tallied as they snared the disc deep in rival terrain and Lawrence passed to MacDonald in front of Links' cage; the latter promptly whipped the

THE Calvert SPORTS COLUMN

by Elmer Ferguson

Third and last of a series briefly outlining the growth of the National Hockey League.

When the National Hockey League was born, 35 years ago, it came into being five years after one of the most drastic changes of all time in playing rules. For in 1912, the leaders of professional hockey in the east decided to abandon the 7-man game, in effect since the beginning of organized play, and adopt the 6-man game.

The whole Dominion rose in arms, and stormily denounced this as sacrilege. It was painted in doleful colors as the end of real hockey, certainly the end of combined team play, a gross commercialization, a cheap salary-saving trick, though all those early master-minds were seeking was a method of speeding up the game. For years, only the National Association, which preceded the National League, played the 6-man game. The powerful Pacific Coast League adhered to seven men, as did all the amateurs.

But slowly, all leagues came to understand that 6-man hockey made for greater speed, that combination play suffered not at all. And after that, came the revolution. Sweeping changes in the rules were accomplished with a minimum of criticism, certainly nothing like the storm aroused when 6-man hockey was introduced.

Stress on continuous and sustained speed resulted in clubs increasing from ten or eleven men, sometimes even less, to at one time 17 players, exclusive of goalers.

In 1918-19 the three areas, the forward pass in the centre area, and kicking the puck in the centre area were adopted.

In 1921, it became permissible for the goalers to pass forward in the defensive areas.

On September 24, 1927, legislation was effected whereby forward passes could be made in the attacking zones. On September 28, 1929, the legislation removed all restrictions from forward passes, in all areas.

The penalty-shot, a spectacular addition, came into existence in the National League in 1934. Later it was made more thrilling by allowing the puck-carrier designated to carry right in on the nets.

When the first N.H.L. games were played, the only mark on the ice was a face-off dot at centre. Now there are the blue-lines, which mark the zones. There is a red line across centre-ice. There are the circles at each end, for face-offs in defensive zones, the similar circle in the centre. There are dots five feet out from the blue-lines, to show the spots for face-offs caused by minor offences in the defensive zones.

These are major changes that marked the revolution, or evolution, of the game. There are scores of minor changes, such as obligatory flooding of the ice surface between periods, white paint beneath the ice, synchronized goal lights, signals to inform fans why penalties are given, all contributing to a complete overhauling of the game to stress sustained speed and clean play in the world's fastest game.

Costello Closing On Teal In Scoring Race

TORONTO (CP)—Murray Costello of Toronto St. Michael's edged closer to Skip Teal and Don McKenney of Barrie Flyers in the Ontario Hockey Association Junior A scoring race this week.

Statistics issued by the OHA show Teal still in the lead with 22 goals and 19 assists for 41 points in 22 games while McKenney has just one assist less in the same number of contests. Costello has 19 goals and 17 assists in 20 games. Figures include games of Nov. 30.

Johnny Henderson of Toronto Marlboros dropped his average in the goal-tending department from 2.72 per game to 2.57 in 21 games. He maintained his lead over Ed Chadwick of St. Michael's who has 2.9 in 20 games.

Marlboros maintained their lead in the team standings as they picked up six points for a 31-point total. St. Michael's took over second place from Barrie who dropped to third.

Royals, Leafs Lose One Player

PHOENIX, Ariz. (CP)—Montreal Royals and Toronto Maple Leafs lost one player each as baseball's major leagues picked only 11 minor league players in the annual draft. The selections, for which the majors will pay $120,000, were the fewest since 1932.

Righthanders John Hetki of Toronto and Elroy Face, who moved up to Montreal from Mobile, Ala., after last season, were picked up Monday by Pittsburgh Pirates at the $10,000 triple-A draft price.

Hetki, one of the mainstays of the Toronto pitching staff, appeared in 30 games and had a record of 13 and 7. His earned-run average was 2.91.

Face, the No. 1 pick, had a 14-11 record at Mobile, a Brooklyn farm team.

They'll Do It Every Time — By Jimmy Hatlo

Gault Defends His New Title

QUEBEC (CP)—Henry (Pappy) Gault, a superbly-conditioned boxer from Spartanburg, S. C., successfully defended the North American bantamweight title he won here five weeks ago against Fernaodo Gagnon of Quebec.

For the second time in a row, Pappy Monday night left-jabbed his way to a unanimous 12-round decision over the fading Quebecer who has held the Canadian bantamweight crown since August, 1946.

Gault weighed 117¼, Gagnon 116¼.

The dark-haired American, looking fresh at the end of the action-filled fight before a small crowd of about 2,000, came up with a carbon-copy of his first fight with Gagnon Oct. 27 and stole support of Quebecers.

Gagnon, 29, had tears in his eyes when the judge's decision was announced. His face bore welts from Pappy's consistently accurate left jabs and occasional right uppercuts.

First Doubleheader Planned For Hockey

DETROIT (AP) — The first doubleheader in International Hockey League history has been set for Jan. 25.

The league's board of governors made the arrangements Monday night after the Troy, O., team failed to get through the snow to play at Cincinnati Saturday night.

The two teams will play a regularly scheduled game at Troy at 3 p.m. Jan. 25, then move over to Cincinnati for another contest at 9 p.m.

The governors also voted to assess a $1,000 fine in the future of any team that fails to give proper notice of its inability to keep a playing date.

Wings Seem To Hit Stride Hold Second Place In NHL

MONTREAL (CP)—Detroit Red Wings seem to be hitting their stride at last, if last week's results in the National Hockey League are any indication. They won two and squeezed out a tie to put them in second place, three points behind the league-leading Chicago Black Hawks.

Gordie Howe of Detroit, too, is in his usual spot, atop the league in individual points. He has 13 goals and 13 assists for 26 points.

He is tied as league-leading goal getter with Wally Hergesheimer of the cellar-dwelling New York Rangers and tied for tops in assists with team-mates Ted Lindsay and Alex Delvecchio and Maurice Richard of the third-place Montreal Canadiens.

FALTERED BADLY

Toronto Maple Leafs faltered badly during the week's play, dropping three out of four and slipping into fifth place. Their only saving grace is the records of Ted Kennedy and Max Bentley, both among the top seven point-getters.

However, they lead the league in penalties with their players racking up 332 minutes.

Ted Lindsay is the league's most penalized player, but he makes up for it by being in second place in the scoring race, with 11 goals and 13 assists for 24 points, only two less than team-mate Howe.

Maurice Richard is in third spot with nine markers and 13 assists, followed by Hergesheimer with a 13-8-21 record and Kennedy with 9-12-21.

Sugar Jim Henry of Boston is still the loop's top goalie with three shutouts and a 2.05 average.

Standing

	W	L	T	F	A	Pts.
Chicago	13	6	6	64	58	28
Detroit	1	7	5	71	51	25
Montreal	8	6	7	54	47	23

Indians Lead Other Clubs With 27 Points

TORONTO (CP)—Hamilton Tigers scored three goals in Ontario Hockey Association Senior A competition this week and had 22 scored against them.

Figures released by the OHA including games of Nov. 29 show Stratford Indians still leading the big seven with 27 points Owen Sound Mercurys are next with 24 and Kitchener has 19. Hamilton has lost 15 straight without a win or tie. The Tigers have managed to score 27 goals while the opposition rapped in 121.

Marv Brewer, former Guelph Biltmore goalie in the OHA Junior A series and now between the pipes for Chatham Maroons, took over the goal-tending leadership with a 1.67 average in three games. Gerry Hesse and Bob Dale of Stratford Indians dropped to second and third place with 3.5 and 3.57 respectively in 10 and seven games each.

Standings

	W	L	T	F	A	Pts.
Stratford	13	3	1	113	60	27

Hamilton	0	15	0	27	121	0

Tabbies Make Sarnia Sailors Work Hard For 6-4 Victory

By THE CANADIAN PRESS

Hamilton Tigers have snarled a warning to the other teams in the Ontario Hockey Association Senior A loop.

The Tabbies Monday night dropped their 16th start this season but manhandled Sarnia Sailors for two periods, forcing the Tars to come from behind with three goals in the third period to win 6-4.

There was more action around the conference table in the Northern Ontario Hockey Association senior southern group than on the ice.

Sault Ste. Marie, Ont., Greyhounds bounced North Bay Trappers 8-5 to stretch their first-place lead to three points.

The NOHA executive decided to admit all four teams in the league to the playoffs. The other two are Sudbury Wolves and Sault Ste. Marie, Mich., Indians. The top-place team will play the last-place team when playoff time comes.

ASK FOR REPLAY

More executive action saw the Indians ask permission to replay a game of Nov. 15 with the Greyhounds. With the score in that game tied 1-1 in the third period, Playing Coach Johnny Horeck of the Indians and centre Ron Rubic protested a penalty to Rubic so vigorously that both were ejected and the game awarded to Greyhounds.

The Indians claim they want the replay because their fans were not satisfied with the outcome of the rhubarb.

In the heartbreaker at Hamilton, Tigers led 3-2 after the first and 4-3 after the second. Sarnia spread the scoring among Mac Beaton, Marty Zorica, Ollie Haddon, Vern Gardiner, Rollie Beauchamp and Skip Frezell. Hamilton scorers were Ab Conick, Jim Brown, Murray Comfort and Murray Dunnette.

Jim Johnston, Ron Lay and Roy Heximer scored two each in the Greyhound win. Terry Biocchi and Lorne Watters hit for singles. Ab Demarco sank three for Trappers. Don Hogan collected the other two.

Commencemer Held Two Days In Warkworth

WARKWORTH (ENS) — T Warkworth High School Co mencement Exercises were h on Thursday and Friday evenir in the town hall with large att dances both evenings.

The hall was very attractiv decorated by Principal W. Buckley, assisted by the studer in the school colors of purple, g and black.

The program was similar b evenings in most respects with exception of the presentation awards and certificates. three-act comedy "Being You was presented both nights by students.

The opening chorus, "Canad O Canada," was of special interes to the vicinity in that it was composed by a former Warkworth boy, Wellington Booth, now an inspector of high schools, and was set to music by Roy Fenwi musical festivals adjudicator.

The chorus also sang "The Lo Is My Shepherd" and the boy chorus "Blow the Man Down"; th girls' chorus sang "Slumber Boat and "Spin, Maiden, Spin," fol lowed with Miss Lois Fowler (a High School student) pianist, an Miss Myrtle Hardy, ATCM, th musical director.

On Thursday evening, mus awards were presented by Willia Graham, member of the Hig School Area, for vocal selection that had been sung at the musica festival in the fall.

Following were prize winning stud ents:

Alice Davidson, Isobel Glover, Heler Ann Knox, Joan Mallory, Marlene Wartman and Ferne Killingbeck who participated in the Warkworth High School Double Trio; music awards were also presented to Ruth McCubbin Margaret Phillips, Marlene Wartman and Claire Windover prize winning soloists at the Musical Festival.

Instrumental music awards to: Marlene Wartman, Joan Mallory, Joy Craighead, Donald Phillips, Joan Knight, Garth Allen.

Conservatory certificates, Grade Theory—Garth Allen, Marie Campbell Joy and June Craighead, Mary Massey, Joan Knight, Ruth McCubbin and Margaret Phillips.

Grade 7 Piano—Mary Massey, Grade 8 Piano—Marie Campbell, Joan Knight, and Margaret Phillips.

Athletic awards were presented Thursday evening by Allan Buchanan to Ferry Carr, Evelyn McNutt and Glenn Nelson.

Intermediate certificates to Grade X students were presented by Andrew Kemp, member of the High School Board, to the following students—Marie Campbell, Elizabeth and Joan Fulton, Erisbun Hartford, William Honey, Ida Honey, Joan Knight, Fern Killingbeck, Helen Ann Knox, Alan Laver, Graham Lester, Joan Mallory, Helen McCubbin, Lawrence McQuoid, Ralph Scarrow, Edward Sykes, Edward Thompson, James Wilce and Rita Yule.

GRADUATION DIPLOMAS

Secondary school graduation diplomas were presented Friday evening by Gordon McCubbin to the following: Allan Birney, Ronald Covert, Alice Davidson, Floyd Dean, Marvin McComb, Margaret Phillips and Grace Young.

Academic scholarships were presented on Friday evening by Owen Finlay to the following: Floyd Dean (Grade XII); William Honey (Grade X); Joan Fulton for home economics, and to Ronald McQuoid for industrial arts and crafts.

Mr. Finlay also presented Floyd Dean, the provincial bursar $100.

The following were the cast of characters in the three-act comedy 'Being Young": Ida Honey, June Craighead, Claire Windover, Marlene Wartman, Ralph Scarrow, Edward Thompson, Bill Pratt, Mary Massey, Bill Honey, Mary Lou Hermiston, Joan Mallory, Peter Morgan.

At the close of the program on the final evening, Mrs. L. G. Page, director of the play, was presented with an orchid corsage by Mary Massey on behalf of the student body.

Marlene Wartman presented Miss Myrtle Hardy, musical director, with a corsage of pink roses on behalf of the student body.

Edward Thompson presented principal W. F. Buckley with a wallet on behalf of the student body.

The High School dance was held later.

TWO RETIRING MEMBERS of the Board of Education, Mrs. Kathleen Bell and W. B. Gordon, were returned at the head of the polls in Monday's municipal election. Two new members to replace Dr. Ralph C. Honey and Frank H. Jobbitt, who did not seek re-election, were elected. Above, from left to right, are Mr. Gordon, the present chairman of the board, Mrs. Bell who headed the polls, Dr. Donald Whyte and Clarence Porter.

RETURNED AT THE POLLS in Monday's civic election in Peterborough were the three retiring aldermen who sought re-election, a former alderman who resigned during the past year, and a new candidate. Shown above, from left to right, are: Ald. Arthur B. Burrows, Ald. Harold Rehill who headed the polls for the second time, Gordon H. T. Farquharson who placed third in his first municipal attempt, and Norman Graham, a former alderman. At lower right is Ald. William Beggs who was re-elected. Ald. Beggs, who ran in sixth place a year ago, was appointed to the council when Ald. Graham resigned.

Downeyville Couple Hear Son Injured

Word was received here by Mr. and Mrs. Thomas Murtha that their son Leo was seriously injured in an accident near Brandon, Manitoba.

Leo, who went out west last year, was working in an oil well development. A large cable broke pinning him underneath.

The telegram said he was in the hospital in a serious condition with undetermined injuries.

His brother, Earl Murtha, left Sunday night for Brandon to see about the extent of his injuries. It is hoped they may not be as serious as feared.

NOTED FOR BANDITS

Sicily, big Mediterranean island off the toe of Italy, has been infested with bandits from ancient times.

Tasty Bran Muffins

3 kinds from 1 easy recipe

2 tbsp. shortening
¼ cup sugar or golden syrup
1 egg
1 cup Kellogg's All-Bran
¾ cup milk
1 cup sifted flour
2½ tsp. baking powder
½ teaspoon salt

Blend well shortening, sugar; add egg, beat well. Stir in ALL-BRAN, milk; soak until most moisture is taken up. Sift flour with baking powder, salt; add to first mixture, stir only until combined. Fill greased muffin pans ⅔ full. Bake in preheated mod. hot oven (400F°.) 30 min. Yield: 9 medium or 12 small muffins.

Spicy Bran Muffins: Mix 1 tsp. butter, ¼ cup sugar, 1 tsp. cinnamon. Sprinkle over unbaked muffin batter.

Honey-Nut Muffins: Put 1 tsp. honey, chopped nutmeats in each greased muffin cup; add batter.

For youthful regularity built-balance your diet with ½ cup All-Bran daily.

Kellogg's ALL-BRAN

CHARLES FLYNN

Charles Flynn Re-elected Reeve

Charles Flynn was re-elected for his third term as reeve in the Harvey township election, Monday. Mr. Flynn received 213 votes.

Tom Mason of Buckhorn came second in the three-way race for reeve with 145 votes and Charles Johnson trailed with 131 votes.

James Irwin led the polls with 314 votes to serve his second term in the council. The other three councillors elected are: Kenneth Junkin, 283; Kenneth Hunt, 276, and Thomas Gordon, 253.

Thomas Traynor was edged out with 251 votes.

Mr. Junkin and Mr. Hunt were also on the 1952 council.

Election Briefs

TORONTO (CP)—It was a big night for Howard Phillips and his family.

Father Phillips was re-elected alderman Monday night and his wife presented him with a baby boy, to be named Jeffrey Mohr. Grandfather Nathan Phillips campaigned for the mayoralty seat but lost.

Ald. Phillips spent the evening in the fathers' room of the hospital with a radio in the corner.

+ + +

SMITHS FALLS (CP)—Voters Monday decided 2,164 to 570 against Sunday sports in a plebiscite. The proposal was defeated in all of the 15 polls as 60 per cent of eligible voters cast ballots. Mayor George Swayne and most of the town council were returned by acclamation on nomination day.

+ + +

GALT (CP)—Fred Meyers of Preston celebrated his 88th birthday Monday by voting in the municipal election as he has done for many years. With no mayoralty contests in either Preston or Galt, the voting was light.

+ + +

TORONTO (CP)—A man who registered to vote as Jack Hayward, then changed his mind and tried to leave the booth without surrendering his ballots, was locked up by police Monday night. It was the only disturbance in one of the quietest election days on record.

See Struggle For Power Beginning In Ike Party

By JACK BELL

WASHINGTON (AP)—The first signs of a struggle for power within the new Eisenhower administration are beginning to make their appearance.

Prospective chief antagonists are two veterans of the Republican political wars—Governor Thomas E. Dewey of New York, twice his party's presidential nominee, and Senator Robert A. Taft of Ohio, who lost three efforts to gain the nomination.

In essence, Taft and Dewey represent two wings of the Republican party struggling to channel the Eisenhower administration into their own pattern.

Dewey represents what—for lack of a better description—is called the "internationalists" wing of the party. Taft represents those who believe that the greatest threat of communism comes from within.

DEWEY LEADING

At this point, Dewey and his influence are in the ascendancy. There are reports that Eisenhower asked him to become secretary of state, but that Dewey suggested John Foster Dulles instead.

Dulles served as Dewey's foreign affairs adviser in the 1944 and 1948 campaigns, when Herbert Brownell, Jr., designated by Eisenhower for attorney-general, was Dewey's campaign manager.

But to a large measure, a president only proposes and Congress disposes. That is where Taft is likely to have his big innings.

There is little doubt that the Ohio Senator can install himself as Republican floor leader in the new Senate and Eisenhower's program could suffer greatly if Taft opposed any of it.

Taft apparently has checked off any future ambition to become president.

MAY BE WEAKENED

Dewey still is suspected by other aspiring Republican politicians of holding presidential ambitions.

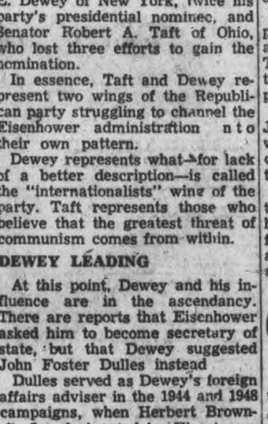
To the degree that Dewey is regarded by other aspirants as a possible candidate for the nomination in 1960, his position will be weakened with them.

Former Governor Harold E. Stassen of Minnesota, Senator Henry Cabot Lodge, Jr., of Massachusetts and Senator William Knowland of California all could be said to belong to the same wing of the party which claims Dewey's membership. But few politicians believe any of them would want Dewey's influence to become dominant in the new administration, if that could clash with future ambitions of their own.

The Taft wing's principal prospective candidate just now is Senator Everett Dirksen of Illinois. Taft could be expected to shove the Illinois senator along, wherever possible.

In a class by himself is Senator Joseph R. McCarthy of Wisconsin, who is suspected by his colleagues or harboring presidential ambitions.

Confronted with a deep if not too publicly visible, division within his party, Eisenhower apparently faces a difficult task to achieve a balance that will guarantee him maximum support for his program.



TWO GUN BILL—Bill Goerger, Jr., 9, of Belleville, Ill., demonstrates his fox-hunting technique and the fox he bagged in his back yard with cap pistols. When the animal attacked him, young Bill whipped out his guns and clubbed the fox to death.

OBITUARIES

MRS. WALLACE E. PRATT

GORE'S LANDING (ENS)—Mrs. Wallace E. Pratt, the former Frances Ruth Lander, died Sunday at her home in Gore's Landing in her 46th year. She had been sick a year.

Her husband is manager of the Rice Lake Boat Works. Mrs. Pratt was born on a farm near Gore's Landing. Her parents were the late Mr. and Mrs. William Lander.

She was president of the Gore's Landing United Church WMS.

Mrs. Pratt is survived by her husband, a son, Freddy 8, and a daughter Evelyn 9; three brothers, Fred Lander, Ottawa, Gerald and George Lander, Plainville; and two sisters, Mrs. Frank Westington (Aida), Mrs. Joice (Lucy), Plainville.

The funeral will be held Wednesday at the Plainville United Church the Rev. A. Y. Robertson or Gore's Landing officiating. Burial will be in Plainville cemetery.

Pallbearers will be Herbert Lander, Leighton Westington, Murray King, Jack Fowlie, Chester Evans, J. Barton.

JAMES GILBERT

A lifetime resident of Belmont township, James Gilbert of Round Lake, died on Monday at his home following a prolonged illness.

He was born in the district 76 years ago, son of the late John Gilbert and Mary Ann Murray.

Beside his wife, the former Jane Grant, he leaves four sisters: Mrs. Fred Ackroyd (Alice) of Los Angeles; Mrs. Thomas Parker (Harriet) of Norwood; Mrs. James Weymark (Bertha), Toronto and Mrs. Robert Curtis (Pauline) of Smiths Falls. Mr. Gilbert attended the Havelock Presbyterian Church.

Funeral service will be held on Thursday at the McConnell-Warner funeral home at 2 p.m. The Rev. R. D. Duncanson of Norwood Presbyterian Church officiating and burial will be at Norwood Cemetery.

Coffee To Canada

ENTEBBE, East Africa (CP)—Current reports show the protectorate of Uganda exported nearly $840,000 worth of coffee to Canada in 1951. Total exports for that period soared to £132,000,000 against imports of £62,000,000.

MORE ABOUT—

Rehill Heads

Continued from Page 1

ly shown in that early stage of the counting.

The next poll, No. 17, at the City Hall, reported: Graham 34, Rehill 33, Farquharson 32, Burrows 25 and Beggs 24. Harold Rehill moved up in front right there and from then on was never headed.

Graham carried the next one at Parkhill School, poll No. 34. The vote was: Graham 53, Beggs 49, Burrows 42, Farquharson 41, Rehill 39.

Rehill took poll No. 20 at Central School, and the total of the first five polls was: Rehill 146, Burrows 142, Farquharson 134, Graham 133, Beggs 104, Martyn 73, Powell 72, Knox 71, Tuggey 64, Killingbeck 62, Swartz 49, Cupoli 47.

The rest of the telephoning and counting was mainly repetitious except in the detail of the accumulating totals.

For instance, the report from 21 polls was: Rehill 1,144; Burrows 1,014; Graham 917; Farquharson 914; Beggs 791; Knox 644; Powell 586; Tuggey 537; Killingbeck 531; Martyn 387; Cupoli 315; Swartz 267.

The day's design of the balloting was clearly visible all the way up to that stage, and continuing beyond it.

The report for 52 polls pushed Graham into third place with 21 more votes than Farquharson, and Beggs appeared to be safe in the fifth slot, with some 600 over Knox.

CLIMBS TO THIRD

With only two polls remaining to be heard from by telephone, Farquharson was back in third position, 44 votes over Graham. The figures at that penultimate stage were: Rehill 4,068; Burrows 3,715; Farquharson 3,268; Graham 3,224; Beggs 2,866; Knox 2,179; Tuggey 1,960; Powell 1,953; Killingbeck 1,786; Martyn 1,461; Cupoli 1,151; Swartz 935.

The addition of the two remaining polls is shown above in the final count. As often occurs in the progress of election results the decision of the electors could be seen from the beginning, that only one stranger to the aldemanic board was being admitted through the day's balloting, terminating the nominations and the intervening addresses.

Gordon Farquharson and Mr. Graham are the actual successors to Aldermen J. E. Gillespie and H. N. Young, both of whom decided to retire at the end of their terms on December 31.

Mr. Graham is back in the council after some six months' absence from the time of his resignation. His successor, Ald. Beggs was appointed by the council from his sixth position in the elections a year ago, and now resumes his seat with the voters' mandate in his own right for two years. It is interesting to note that only 456 votes separated Mr. Farquharson in third place and Mr. Beggs in fifth.

Italy Ex-Premier Vittorio Orlando Dies In Rome

ROME (AP)—Vittorio Emanuele Orlando, 92, last surviving member of the Big Four architects of the Peace of Versailles, died at his home Monday.

The man who steered Italy to victory in the First World War suffered a stroke a week ago. Although he clung tenaciously to life, he knew the end was near.

Before he sank into a coma Wednesday, the silver-haired Sicilian statesman, called Premier of Victory by the Italians, asked for the last rites of the Roman Catholic Church.

Orlando's family kept a long vigil at the bedside. His daughter, Mrs. Carlotta Carabelli, her husband and their daughter kept the watch, later joined by Orlando's four sons, Camillo, Francesco, Carlo and Ambrogio.

Until the afternoon he fell ill, Orlando stayed at work, attending sessions of the Senate of which he was a lifetime member by virtue of having been a Premier. Just a week ago, after he returned home from a late Senate session, his daughter was awakened by the pawing of the family's pet dog on her bedroom door. She found her father slumped in the corridor. He had suffered a cerebral congestion. A cerebral haemorrhage preceded the final coma.

BRILLIANT CAREER

Orlando was born in Palermo, Sicily, May 19, 1860. The statesman's brilliant career began in 1897, when, as a young lawyer and university professor, he became a member of the Chamber of Deputies. The climax of his career came at Versailles. There he joined the other three giants of the Big Four—President Woodrow Wilson, Prime Minister David Lloyd George of Britain and Premier Georges Clemenceau of France—to write the Treaty of Versailles.

Orlando never signed the treaty. Italy had demanded inclusion of Flume in her postwar kingdom. Wilson declared this was an unjustifiable claim. Orlando walked out of the conference, but he returned later to oppose the treaty. On June 19, 1919, he resigned as Premier, and years later said he did this so that he would not have to sign the pact.

After his retirement from the government, he was elected to the Chamber of Deputies, serving through the first three years of the Mussolini regime. He resigned in 1925 in protest against laws restricting freedom of the press.

On July 30, 1947, in the constituent assembly, Orlando once again spoke out against a peace settlement. He called the terms exacted from Italy—this time as an enemy of the U.S.—a hard peace.

Baths But No Water

MARYPORT, England (CP)—Miners in this Cumberland town waited years to see modern baths finally installed at the pithead at a cost of nearly £62,000. Now the town water board says it cannot afford to supply the 11,000 gallons of water needed daily for the baths.

RETURNED IN OTONABEE TOWNSHIP by acclamation were Deputy Reeve David McIntyre, left, and Reeve Richard Stewart. Mr. Stewart and Mr. McIntyre have four years council experience and Reeve Stewart is warden of the county this year.

Havelock Mission Marks Anniversary

HAVELOCK, (ENS).—The Rev. Luther Shaeffer of Park Lawn Baptist Church, Toronto, was the guest speaker on Sunday when the Havelock Baptist Mission celebrated its third anniversary.

Mr. Schaeffer based his sermon at the morning service on Colossians, chapter 1, in which he stressed the importance of giving Christ the first place in our lives. Mr. and Mrs. Schaeffer sang a duet. Mr. Schaefefr spoke in the evening on Paul's letter to the Hebrews, chapter 12, which was an exhortation to faith and godliness, and which was also an unfolding of current events in regard to the atomic bomb. Mrs. Mary Phippan rendered a violin solo, and a group of girls from her Sunday School class at Bethel Baptist Church, Peterborough, sang a chorus, and one of the members Miss Doreen Pullyblank, was the soloist.

Five Policemen Bitten

LONDON (CP) — Five policemen were bitten by a stray Alsatian dog brought into the Walham Green police station by a boy. The canine used its teeth on the sergeant, sub-sergeant and three constables as they tried to put it into a kennel.

LUMBER PRODUCTION

British Columbia's coastal lumber industry had production of $232,804,000 gross value in 1950.

You may never meet her. But you have talked to her, heard that friendly "voice with a smile".

She is always there, at your service, like the telephone itself, ready to save you time and trouble. If you ever need help in an emergency, you know she will meet *that* challenge, too.

Like all Bell people, she brings to her work an understanding of how important the telephone has become in our daily lives.

THE BELL TELEPHONE COMPANY OF CANADA

PETERBOROUGH EXAMINER

VOL. CV. No. 129 TUESDAY, DECEMBER 2, 1952

MAIN STREET TOPICS

RICE LAKE FROZEN

Rice Lake froze completely over Sunday night, at least as far as residents of Gore's Landing could see. It was a solid sheet of smooth ice, but not safe to walk on.

OVERHEATED PIPES

Firemen used a hand pump on Monday night to remove the hazard of fire at the home of Andrew Tyndall, 277 Stewart Street. Stove pipes became overheated and a call was put in to the Fire Department.

SEAL SALES

The sale of Christmas seals in Peterborough County has brought in a total of $2,830 to date. The Peterborough County Tuberculosis Association have set the 1952 seal sale objective at $9,000.

CEMETERIES CONVENTION

The Ontario Cemeteries Association 1953 convention will be held in Peterborough Sept. 23, 24, and 25. The Peterborough Chamber of Commerce was notified of the associations' executive's plans this week. Frank Kitney, superintendent of Little Lake Cemetery, will be convention committee chairman.

SCARLET FEVER

Four cases of scarlet fever in the city have been reported to the department of health during the past six weeks. Dr. J. P. Wells, medical officer of health, said today that there has been a slight increase in the incidence of this disease in Canada this year over 1951, and Peterborough seems to be falling in line. He also said that all four were mild cases, but warned that sore throats should be watched as a precautionary measure.

Sand For Snow

Men of the City Engineer's department lost no time this morning in getting out with sanding machines on the streets shortly after snow started falling for the first real snowfall of the season. In short order streets and intersections downtown were mostly a thin coating of slush as the calcium chloride in the sand started to work melting the snow.

Hugh M. Niven New Master Royal Arthur

Hugh M. Niven was installed as Worshipful Master of Royal Arthur Lodge AF and AM No. 523 at the annual installation in the Masonic Temple on Monday night. To Mr. Niven goes the honor of being the first Master of a lodge to be installed in the new temple.

The installation ceremony was in charge of W. Bro. G. R. E. Melton and he was assisted by a team of Past Masters of the lodge.

Following the installation a dinner was served and the presentation of a Past Master's jewel was made to W. Bro. R. G. Maniece, the retiring Master, by W. Bro. S. O. Shields.

The following officers were installed: Hugh M. Niven, Worshipful Master; R. G. Maniece, Immediate Past Master; C. M. Lawrence Senior Warden; H. J. Conway, Junior Warden; L. O. Grose, Senior Deacon; C. H. Huffman, Junior Deacon; A. M. Metcalfe, Inner Guard; W. H. Lytle, Tyler; J. R. Sinclair, Senior Steward; J. H. Duncan, Junior Steward; E. G. Abraham, Chaplain; James Turnbull, secretary; H. C. Sootheran, Treasurer; G. R. E. Melton, Director of Ceremonies; and Charles E. Allen, Organist.

Motor Theft Brings Term Of One Year

Partner Given 18 Months For Series of Crimes

For the theft of nine outboard motors 38-year-old Herbert Halstead of Toronto on Monday afternoon was sentenced to a year definite in the reformatory and six months indefinite. Halstead, a painter and decorator, had previously pleaded guilty to the charges and Judge John de N. Kennedy reserved judgment for a week.

Lawrence Howell, 43, also of Toronto, was sentenced to 18 months' definite and six months' indefinite for theft of the same nine motors.

LIGHTER SENTENCE

In sentencing Halstead, Judge Kennedy said: "Since you have assisted the police in recovering most of the motors (eight of the nine), and because you were probably influenced by Howell, your sentence will be lighter than that imposed on Howell."

Halstead asked Judge Kennedy if he might be sent to a different reformatory than the one his partner in theft is imprisoned in. And Judge Kennedy assured him that he would make this recommendation to authorities.

The outboard motors were stolen over a two-month period this summer — eight of them in Peterborough County and the ninth in Bewdley, Durham-Northumberland County.

Halstead was not represented by counsel. Crown Attorney John A. Bradshaw, QC, suggested a sentence of 12 months' definite and six indefinite when Halstead pleaded guilty a week ago.

FINDING ORE IS SIMPLE with a geiger counter and a table of 60 samples to choose from. Veteran amateur prospector R. J. Steele of Peterborough applies his machine to a bit of uranium-bearing rock while lecturer Dr. W. D. Harding of the Ontario Department of Mines (left) points to other samples he may test. Two others of the 20-odd rock scholars attending the prospecting classes on Monday afternoon are shown watching them.—(Examiner Staff Photo)

20 Learn To Hunt Minerals

Prospecting classes in mineralogy and geology started on Monday afternoon at the Public Library under the direction of Dr. W. D. Harding of the Ontario Department of Mines. The turnout was small in the afternoon—about 20 district people were present. Those who attended with the notion that they were going to get some easy lessons on quick methods of finding mines—and quick fortunes—were a bit set back. Dr. Harding presented some interesting statistics to show that in the past century in Ontario half a million claims were staked and negotiated to produce the present 120 producing mines in the province.

He warned those who would search for mines must have three requisites: Plenty of money, plenty of time and plenty of luck. And at all times they must be very optimistic. He pointed out that several large mining companies today spend a million dollars a season in search for minerals.

SHOULD BE INTERESTED

Peterborough, Dr. Harding felt, should be more interested in mining than it has been. He traced the history of prospecting classes that were started in the Marmora iron district by his department in 1894 and was able to quote from old Board of Trade clippings from the vault of the Chamber of Commerce that touted the district as the "Pittsburgh of Canada" in those days.

The classes are elaborated with more than 60 types of minerals for ready examination, district geological maps and gear of the modern prospector, including the latest geiger counter.

Feeling his way into the study of minerals, Dr. Harding showed from samples how rocks may be sized up quickly in the field and that they could be identified by their lustre, color, hardness, crystal form, cleavage, weight, brittleness, magnetism and so forth.

Monday evening class was devoted to geology when slides and movies supplemented lecturing on the formation of rocks. Attendance was somewhat better than in the afternoon, but in ratio of departmental costs for putting on courses of this nature, Dr. Harding estimated that the one he is conducting throughout the week in Peterborough would cost about $25.00 for each person attending. The course is being sponsored by the Chamber of Commerce, and will continue each afternoon and evening throughout the week, including Saturday.

Three Canadians Win Honors

CHICAGO (CP) — Three Canadians won honors Monday at the grain and hay show held in conjunction with the 53rd international livestock exposition.

Matt B. Schnurer, Sangudo, Alta., James Allen, Grantham, Alta., and Clifford R. Jones, Netherhill, Sask., were crowned kings of their divisions.

Schnurer was named oats king for his victory variety; Allen rye king for his prolific variety; and Jones flax king with his reg. royal variety. Rye king Allen also took second place in the flax division.

Matthews' Estate Valued At Million

TORONTO (CP)—Robert Charles Matthews, former minister of finance in the Bennett administration, left an estate valued at $1,222,880. He died last September.

National Trust Company today applied for probate of the will, which leaves the widow the income from the residue of the estate after payment of succession duties estimated at $288,000.

Heavier Vote Polled With 42.2 p.c.

Not half the number of qualified voters exercised their franchise in the municipal elections Monday.

City Clerk Outram estimated this morning that 42.2% of the electors went to the polls.

"That percentage is a little better than last year," Mr. Outram remarked. He was quoting proportions and not appraising Peterborough's active civic spirit.

Ald Harold Rehill is on the way to becoming an aldermanic veteran, and presumably with satisfaction that the public appreciate his service.

ON TOP TWICE

Two years ago he accepted aldermanic candidature and 6,603 voters in a 12-man field put him at the head of the polls. After two years of work in the council, decisions and opinions, Ald. Rehill found himself Monday night still at the top of the heap with a first place vote of 5,077.

"I don't know any other place where the civic officials get as good co-operation at election time as we do from the two school boards in Peterborough," City Clerk Outram said today.

"We have teachers for the most part as our helpers at the polls, and they do an excellent job. As the returns came in last night there were several laggards at the end, but the most of the DROs gave another good account of themselves. Everything went off smoothly again, and I'd just like to pay tribute to our poll officials and others who helped."

Harold Freeman, first to arrive at the City Hall Monday night, volunteered again to post progressive totals for the benefit of the smaller group than usual who arrived early for the day's results.

Ald. Stan Longhurst was chief kibitzer with contributions in the same vein from Richard Raine and Milf Hardill.

Dean of the municipal service, although now a graduate from the active front, James Hamilton looked in at the City Hall for awhile, arriving about the time the results were beginning to take definite shape.

Half a dozen young men were among the early visitors, remaining for a while.

The Examiner transferred its vote-recording staff to the City Hall last night with Miss Margaret Rodney in charge of its mechanics in the listing and totalling of returns. This was the source of information which Mr. Freeman discovered for his volunteer service.

Woman Tops Vote 2nd Year For Board Of Education; Two New Members Elected

Close Race For Separate School Board
All Former Members Returned
In First Election For Trustees Since 1907

There were three standout features in Monday's election for the four vacancies on the Board of Education and the six vacancies on the Separate School Board. 1. For the first time since 1907 there was a contest for the Separate School Board. This year there was no routine acclamation but a stiff battle among eight candidates for the six seats. 2. Two years in a row now a woman has led the polls for the Board of Education. Mrs. Kathleen Bell, a Weller St. housewife, was first with 4,970 votes in a list of six; last year Mrs. Anne Rowell came first.

3. Two newcomers were elected to the Board of Education: Dr. Donald Whyte and Clarence Porter. At the same time the Separate School suporters rejected the bids of two newcomers: Fred Murphy and Francis E. Shine. The six incumbent trustees were returned for a two-year term.

SUMMARY

Here is a summary of the candidates, their occupations and the number of votes they received:

Board of Education (four to be elected):

Mrs. Kathleen Bell, housewife, elected to her second successive two-year term—4,970.

W. B. (Pete) Gordon, barrister, chairman of the Board in 1952, beginning his third term—4,880.

Dr. Donald Whyte, surgeon, a former schoolteacher but a newcomer to school board work — 4,797.

Clarence Porter, industrial supervisor, also a newcomer to elective office—2,709.

Jacob Low, barrister, who failed in his first bid for the board, running fifth in a field of six—2,280.

Edmund S. Humphrey, maintenance mechanic, who failed in his second consecutive bid—1,674. Last year Mr. Humphrey polled 1,722 votes.

Separate School Board (six to be elected):

The Rt. Rev. P. P. Butler, rector of Sacred Heart Church, a trustee for five years—1,341.

John G. McCarney, drafting supervisor, chairman of the Separate School Board and a trustee for 14 years—1,283.

William J. Grady, merchant, trustee for six years—1,204.

The Rev. J. F. McGuire, rector of St. Peter's Cathedral, trustee for a year—1,141.

Glen J. Moher, professional engineer, trustee for two years — 855.

Arthur J. Primeau, inspector, trustee for seven years—834.

Frank E. Shine, assistant departmental manager, unsuccessful candidate in his first bid for office —800.

J. Fred Murphy, city fireman, also unsuccessful in his bid for one of the six vacancies on the Separate School Board—740.

Other Separate School trustees, who will be up for election next year, are R. S. Hull, Donald Hull, Dr. John R. Epping, William H. Toal, Victor Mattucci, and Fergus O'Connor.

Mrs. Bell was chairman of the Board's health committee this year. She was first elected in December, 1950, coming third—behind Dr. Ralph Honey and Mr. Gordon—with 5,604 votes. This year, with 634 fewer votes, she defeated the five men candidates and scored a plurality of 90 votes over Mr. Gordon.

(Continued on Page 15)

Richard Raine Wins In Utilities, 1,693 Majority

The election of Richard Raine to the Utilities Commission by a majority of 1,693 over Gordon S. Matthews was the major surprise of Monday's municipal voting.

Of the 8,257 ballots issued at the polls, 4,975 were marked for Mr. Raine and 3,282 for Mr. Matthews. They were tied at three polls, and Mr. Raine a former alderman who retired undefeated, caried 58 of the 62 polls in the day's voting and also the advanced poll.

The ties were at Poll No. 2 King Edward School; Poll No. 33 G. W. Green Co. office in the west ward, and Poll No. 61, at 864 Monaghan Road south.

WON IN NORTH

The one poll showing a majority in the Matthews column was No. 45, at 39 Argyle St. in the north ward, where the electors divided 76 to 64.

The advance poll giving Mr. Raine 23 to Mr. Matthews' 13 was an early sign of the way the contest for the three-year term on the Utilities Commission appeared to be setting out and likely to continue. The first poll, No. 61 at 684 Monaghan Road, turned in a tie vote, 20-20; but a long succession of telephone calls gave Raine majorities with only two other ties, and the one reverse to the impressive sequence of the candidate who on the evening of nomination seemed to indicate some uncertainty about signing his nomination papers.

For Mr. Raine and his friends Monday night, it was a jubilant occasion.

For Gordon S. Matthews it was the end of 27 years of service to the citizens, most of them as chairman of the Commission which administers Peterborough's public utilities, in the electrical, gas and waterworks departments. From his first election he had been returned triennially by acclamation.

Judge McGibbon Opposes Women On Jury

LINDSAY (ENS)—Judge J. A. McGibbon in his address to the grand jury at the opening on Monday of general session of the peace declared he did not favor the introduction of women jurors into the judicial system. "I think that woman's place is in the home, looking after her children and combating juvenile delinquency. With the increased recreational facilities now being made available to young people the trouble we are having must lie with the home where they receive their training." His Honor spoke briefly about the British system of justice and compared it to the American and the Russian. He mentioned the communistic menace and spoke as "an old imperialist" of the second Elizabethan age and what it would mean to the members of the Commonwealth.

Four indictments were presented to the jury, two of dangerous driving and two of indecent assault. Three appeals from police court judgments are also set down.

Flees To East Germany

BERLIN (AP) — ADN. Soviet zone news agency, reported Monday night that an American soldier had sought political asylum in East Germany. The agency identified the soldier as Carl Thomas Blake. U. S. Army authorities said a soldier with a similar name was AWL.

Name William White Classified Manager

LONDON, Ont. (CP) — Appointment of William White as classified advertising manager of the London Free Press was announced today.

Mr. White succeeds Harold Deadman who goes to the Charleston Daily Mail, Charleston, West Virginia as classified advertising manager.

Born in Woodstock, Mr. White was educated in St. Thomas and started his career in classified advertising there. He worked on newspapers in Toronto, Sarnia, Woodstock and Windsor before joining the Canadian Army at the beginning of World War Two.

Cobourg Bonds Sell At Premium

COBOURG (ENS). — An excellent price for 10 and 20-year town debentures has been obtained by this town. A $389,467.50 issue of 4¼ and 4½ per cent bonds sold at 100.14.

Mayor Jack Burnet said today he was "delighted" by the good price offered the town for its debentures. "I think it's one of the highest prices I've seen this year for a municipal issue."

"It certainly shows how highly our financial position is regarded by the investment houses," said Mayor Burnet.

In Peterborough, City Clerk E. A. Outram remarked that the price was certainly a good one, particularly for the 20-year bonds. Demand for municipal issues has not been strong in recent years, and some cities and towns have been forced to sell debentures at less than 100 cents on the dollar.

T. W. Tryon Re-elected Bancroft Reeve

BANCROFT (ENS). — Theodore W. Tryon was returned as Reeve of Bancroft for the fifth consecutive year Monday when he defeated his opponent, Gordon Broughton, by a more than two-to-one margin. It was Reeve Tryon's first contest for the office; previously he had been elected by acclamation.

The vote was 435 for Tryon and 201 for Broughton.

Eight candidates contested the four council seats. The only member of the 1952 council to be returned was Wilfred Maxwell, who headed the polls. Broughton, who headed the polls last year, made an unsuccessful bid for the reeveship; and the other two councillors — Bert Ellerbeck and Don Gaston — failed to retain their council seats.

NEW MEMBERS

The three new members for 1953 are Gordon Barker, Jack Brown, and Don Russell.

Jack Follis, lumber company executive, defeated Charles Montreauil, teacher, for the only vacancy on the school board.

Following are the complete election results:

Reeve (one to be elected)—Theodore Tryon 435, Gordon Broughton 201.

Council (four to be elected) — Wilfred Maxwell 386, Gordon Barker 354, Jack Brown 349, and Don Russell 335. Others: Cecil McAlpine 292, Don Easton 174, Bert Ellerbeck 132, and Howard Tanner 51.

School Board (one to be elected)—Jack Follis 529, and Charles Montreuil 106.

Others nominated for reeve were Dr. S. S. Lamb, Walter Wiggins and Jack Brown, but they did not qualify. A total of eight out of 17 nominated for council stood for election.

Grant, Northey, May Battle For Reeve

LAKEFIELD— (ENS) — Two election opponents from last year—Reeve Elwood H. Northey and William C. Grant—may again contest the reeveship of Lakefield village.

At the annual nomination meeting held Monday night in the Memorial Hall both men were nominated. Mr. Northey who is completing his first year as reeve said he would stand for re-election. Mr. Grant, reeve from 1946 to 1951, will have till 9 o'clock tonight to make up his mind.

A third nominee, George H. Graham, said he definitely would not run for office this year.

TEN NOMINATED

Ten were nominated for the four council posts and three for the three vacancies on the school board. However, of the prospective candidates for school board only Mrs. Jessie Doubt is prepared to qualify so there will have to be another nomination meeting.

Last year Mr. Northey defeated Mr. Grant for the reeveship by 342 votes to 241.

The meeting, attended by 57 ratepayers was orderly and there was no acrimonious debate.

Of the 10 nominees for council only four said last night that they would stand.

Judson R. Hull, councillor from 1931 to 1936 and again in 1952, said he would qualify. So did George H. Jeffrey, the first to be nominated. Mr. Jeffrey said he had no experience as a councillor but he had served on public school and high school board at Long Branch.

Dr. R. H. Campbell, a member of the public school board for the past two years, and who received nominations to both board and council, decided to try his luck as a councillor.

The Rev. J. A. Steed, now retired as a United Church minister and who served as a missionary for 12 years in Africa stated that he would stand and that he felt that he had three things to offer: plenty of time to give the job; experience, having been reeve of Sturgeon Point for three years and also had served on both public and high school boards as clerk-treasurer; he also had an interest in the village and its welfare.

Gordon Dunford said he would consider the nomination and that he had had no experience whatever on council but had served on high and public school boards in Western Canada before coming to Lakefield.

W. A. Killoran was also undecided and said he had had no previous experience, but promised that should he decide, and be elected he would serve to the best of his ability.

Kenneth Morris, a member of the council for the past five years and a school trustee for two said he would not stand this year for office, but hoped to be back again in the municipal field before too long.

Arthur Kingdon, Theo Down and George Graham, the others nominated all declined.

SCHOOL BOARD

There will have to be another nomination meeting for public school trustees as A. G. Buchanan, Mrs. Harold Wilford and Dr. R. H. Campbell's terms all expire this year. Nominated were Dr. Campbell, Mrs. Jessie Doubt and George Graham. Mrs. Doubt, who previously served two years on the school board expects to stand, but Mr. Graham declined.

Charles Bickell was nominated for Hydro commissioner but was unable to be present owing to illness.

Former Reeve W. C. Grant spoke briefly following the closing of nominations. He referred to charges made in a poster circulated immediately before last year's election in which he was defeated by Mr. Northey.

COST OF FIRE TRUCK

He gave as a reason for the high debenture debt at that time, the buying of a new fire engnie, the new furnace for Memorial Hall, the cost of the waterworks survey which was over $8,000 and the $10,000 towards the Memorial Centre.

He felt, however, that the waterworks was the real election issue. He was all for it then and still is and urged that it should not be shelved. He felt that more encouragement should be given to industries to settle in Lakefield.

Councillor Lester Fraser, who has served for the past 3 years, is leaving the village. In his address he urged that the administration of the park should be handled by council rather than a parks commission. He made a plea for the security of the jobs of village employees and predicted that the waterworks would some day be forced upon the village if they did not instal them voluntarily.

Dr. Lloyd Bailey spoke briefly in support of the election of the Rev. J. A. Steed to council.

Highest Awards Given Scouts For Heroism

OTTAWA (CP) — The highest awards for heroism by scouts or cubs were presented to the parents of two boys who lost their lives attempting to save drowning persons.

At his first investiture since his appointment as Governor-General, Vincent Massey, Chief Scout for Canada, made the posthumous award of bronze crosses to the parents of Wayne Prescott of Pembroke, Ont., and David Kruse of Gaspe, Que.

The awards were among 22 to scouts, cubs and scout officials from many parts of Canada.

RECEIVES BADGE

Scout Ronald A. Furness, 16, of Toronto received the Cornwell badge, known as the Victoria Cross of scouting, for "remarkable scout-like determination and fortitude" in his scouting career.

Mrs. John Prescott accepted a bronze cross for her 10-year-old son who died in an attempt to save a small girl from drowning. The citation said the award was for "extraordinary gallantry" in the attempted rescue.

The second posthumous award of a bronze cross went to the parents of David Kruse, 15-year-old scout who drowned in a life-saving attempt in the Bay of Gaspe.

Cub Grantley Briscoe of Calgary won a silver cross for "presence of mind in rescuing a girl from drowning in Bragg creek." Scout Robert McDonald of Youbou, B.C., won a silver cross "for his gallant rescue of a man who had fallen from a raft in Lake Cowichan."

Trapper Bests Bear

CRANBROOK, B.C. (CP)—A trapper from nearby Wardner defended himself from an attacking wounded grizzly by holding the animal's jaws apart with his hands. Frank Fitzsimmons escaped with gashes on his hand after the wounded female charged and slapped him to the ground. A companion finished her off with a bullet behind the ear. Before charging, the big bear had been hit twice. Fitzsimmons is recovering in hospital.

READY FOR IKE — Korean students gather in a Seoul schoolyard to display banners welcoming President-elect Dwight Eisenhower. All of Seoul buzzed excitement as it awaited the General's arrival.

Ike Completes Selection Of Cabinet

NEW YORK (AP)—President-elect Eisenhower's cabinet was completed with the announcement that he has designated Republican party official Sinclair Weeks of Boston for secretary of commerce and Labor leader Martin P. Durkin of Chicago for secretary of labor.

Durkin is an AFL union leader and a Democrat who voted for Governor Stevenson. He is the only member of the Democrat party in the cabinet.

He is general president, United Association of Journeymen and Apprentices of the Plumbing and Pipe-Fitting Industry of the United States and Canada, International Union, American Federation of Labor.

JOB SURPRISE

In Washington, he told reporters he was surprised by the appointment but believes Eisenhower will give full consideration to the problems of labor and that he will help all he can to make Eisenhower's administration a successful one.

Announcement of the two designations for the cabinet was made Monday by Arthur S. Vandenberg Jr., who will be White House secretary in the next administration. Walter Williams of Seattle, Wash., has been designated to be undersecretary of commerce, Vandenberg announced.

MEMORIAL SERVICE—Members of the First Battalion, Princess Patricia's Canadian Light Infantry, homeward bound after 13 weary months of fighting in Korea, stand at rest during a memorial service in a drizzle of rain at the United Nations cemetery near Pusan. In the background are the crosses marking the graves of some of their fallen comrades.

Gold Price Said Due For Long Debate

By FORBES RHUDE
Canadian Press Business Editor

Gold seems to be scheduled for a lot of discussion in the coming months.

Discussion probably will centre around two main themes — should the price of gold be increased, and should there be a return to a gold standard under which paper currency can be exchanged for gold?

The key role in either such decision seems to lie with the United States.

Gold producers in Canada, and especially in South Africa, would naturally like to see both an increase in price and a return to the gold standard.

THINK DAY WANING

Outside of that direct interest, views will differ according to the importance which individuals attach to gold in the operation of the world's currencies and commerce.

Some people think that the world won't again have strong currencies unless gold regains the place it once had as a currency backer, but which it has had in diminishing degree since 1914.

Other people think the day of gold as a currency backer is waning — and that a return to its former powerful role would put world commerce in shackles.

The United States is a big steady market for gold at $35 an ounce. It also is the world's big gold holder. It acquired the gold through selling more goods to other countries than it bought from them, and through other countries settling part of the bill in gold.

Advocates of a price increase, of a gold standard, or both see encouragement in the Republican victory in the United States, because the Republican platform favors allowing conversion of paper money into gold coins.

Comment from across the border deals chiefly with the gold standard possiblity. Speculation about an increased price comes chiefly from other countries.

Some observers feel, however, that a gold standard and a price increase go together. They feel that present stocks of gold, at the present price, are not sufficient to back the increased amount of currency needed now to conduct the world's business.

The American price of $35 an ounce, which has been adopted by the international monetary fund as an official price, was set by the U. S. in the early 1930s, and was accompanied by a ban forbidding Americans to hold gold.

It was an increase from $20.67 an ounce, and its purpose was to increase the amount of money in circulation and to encourage spending in days when spending was stalled.

OPPOSITE PURPOSE

The purpose of a return to a gold standard now, would be about the opposite — to put a check on the amount of money which could be spent.

For countries outside the U. S., an increased price would increase the value of their gold reserves and, for the time being at least, presumably strengthen their trading position.

Unless, however, this was accompanied by an improvement in their sales of goods to the U. S., it would seem likely that the gold would just continue to flow "to the U. S. At first glance, at least, it would seem that the U. S would simply be increasing the price of gold so that she could pay more for it.

However, some factors might bring an increase within the realms of possibility.

MIGHT CHANGE MIND

If the U. S. sees a real improvement in the trading positions of other countires, she might possibly increase the gold price as a means of helping them over the hump. She might choose that way instead of voting direct assistance.

She might also take some such course, perhaps accompanied by a general return to gold standards, if she felt it would be a real step towards strengthening world currencies.

However, recent comment from across the border is not encouraging to those expecting early price-increase of gold-standard reactions.

For instance, Representative Jesse Wolcott, Michigan Republican who heads the House of Representatives banking committee, is quoted as saying:

"There'll be plenty of agitation for a return to a fully convertible gold dollar when Congress meets. I can't see that anything will come of it, though." However, he advocated a conference of former gold-standard countries to examine ways of returning to currencies redeemable in gold. He added:

"I'm in favor of the U. S. going back on the gold standard, but not alone."

Altogether before any action on gold is taken, a long road of discussion would seem to lie ahead.

Jailed Week Driver Also Fined

Edward Lafonte, R.R. 1, Peterborough, was sentenced to seven days in the county jail Monday in magistrate's court. He was also fined $15 and $2.50 costs for having liquor illegally in his car following an accident on November 23 on George St. near Townsend.

LaFonte pleaded guilty to the first charge of drunk driving and after Constable Andrew Dalton's evidence, Magistrate W. R. Philp sentenced LaFonte to the seven days. Magistrate Philp was also going to impound LaFonte's car for three months but changed his mind when Constable Dalton said that the car was beyond repairing.

A third charge, one of careless driving, was dismissed when Crown Attorney John Bradshaw offered no evidence.

Trial Disgusts Canadian Jews

MONTREAL (CP)—Leaders of Canadian Jewry expressed a "deep sense of revulsion at the obviously anti-Semitic" conduct of the trial of 14 fallen Communist Czechoslovak leaders condemned for treason and "certain offences peculiar to the Communist calendar of crimes."

All but three of the accused are Jews. A Prague court last week sentenced 11 of them to death and the others to life imprisonment for plotting against communism, their government and the Kremlin.

Samuel Bronfman of Montreal, president of the Canadian Jewish Congress, and Edward E. Gelber, Toronto, president of the United Zionist Council of Canada, said jointly in a statement Monday that for the "hopeless" Jews in Communist countries, the trial and condemnation must mean the beginning of a new era of anxiety and repression.

$35,000 Fire Razes Railway Roundhouse

GUELPH (CP)—A $35,000 fire destroyed the Canadian National Railways roundhouse here and badly scorched two locomotives.

The fire was discovered Monday by John Abrosimoff, an engineer from Stratford, who noticed smoke belching from the southwest corner of the three-sided frame structure.

When firemen arrived, flames were eating through the roof of the shed and had gained a firm hold on the building.

Woodwork on the two engines was burned, while heat shattered the glass, melted wiring and twisted steel parts.

For Free Imagination

UNITED NATIONS, N.Y. (CP)—Canada will continue to favor freedom of immigration, K. W. Taylor told a United Nations committee Monday. The Canadian representative on the economic committee of the general assembly said much can be done by international co-operation to eliminate unnecessary obstacles to the actual movement of people.

Fulford Urges U.S. Speed Up Action On Seaway Power Phase

OTTAWA (CP)—George T. Fulford (L—Leeds) appealed for speedy United States action on the power phase of the vast St. Lawrence seaway project so that Canada can get on with the job.

Speaking in the Commons Monday night he said he had been alarmed by recent press reports it might take 18 months to decide which American authority would handle the power end of the project in conjunction with Ontario.

Canada had shown her "good neighbor policy" by acting to remove Gut Dam on the St. Lawrence river between Cardinal and Prescott, on the recommendation of the international joint commission. He said he does not believe the dam made one-half inch difference in the levels of the river or Lake Ontario.

The United States, he said, should now show its "good neighbor policy" by "not holding up any longer than necessary in reaching a decision on the U.S. power authority."

Mr. Fulford also urged that major cities along the seaway route on the St. Lawrence be designated as ports under the Canada Shipping Act. This would give them authority to regulate the speed and course of vessels on the river.

At Brockville waves breaking ashore sometimes looked like rollers from the ocean.

Driving Over 50 mph Invitation To Death

KINGSTON (CP) — Ontario motorists who drive more than 50 miles an hour take a dangerous chance on most provincial highways, a Queen's University highways expert says.

Professor Oscar Martin, who studied highways in several European countries including Russia before coming here recently, said Monday that Ontario roads, except the four-lane highways, are engineered for top speeds of 50 miles an hour. The four-lane roads were safe at 60 to 65 miles an hour.

CANADA IS ON THRESHOLD OF VAST ADVANCE SAYS B of M PRESIDENT

B. C. Gardner Sees Voluntary Savings As "Seed Corn of Industrial Growth"

GORDON BALL, GENERAL MANAGER, REPORTS RECORD B OF M ASSETS, DEPOSITS, LOANS — REVIEWS GENERAL BUSINESS CONDITIONS

MONTREAL, Dec. 1.—Affirming that Canada stands "on the threshold of vast industrial advance," B. C. Gardner, president of the Bank of Montreal, today emphasized four factors of "fundamental importance to this country's future well-being" in his address to the B of M's 135th annual general meeting. These covered Canada's continued dependence on foreign markets, the recognition of productivity as the key to progress, the role which saving played in a dynamic economy, and the growing function of government in the economic and social order.

Gordon R. Ball, general manager, presented the bank's 135th annual statement reporting record total assets of $2,286 millions and record deposits standing at $2,148 millions. These compared with assets of $2,221 millions and deposits at $2,085 millions at the 1951 year-end. Total current loans, another new high, were $663 millions, an increase of $45 millions. Dominion and provincial taxes were $5,918,000, and net earnings amounted to $5,668,778, of which $4,500,000 was paid out in dividends at the rate of $1.25 per share. An addition of $2 millions was transferred from the profit-and-loss account to the reserve fund, now standing at $53 millions.

Need Remains for Markets Abroad

The B of M president noted that "our impressive industrial expansion has as yet done little to render us less dependent on export trade," and that much of the new industrial capacity being established in Canada today is for the "large-scale production of materials that will have to find external markets if the enterprieses are to prosper."

"The course of business in the United States, and its influence on that country's demand for the bulk of Canadian products, are of greater direct concern to us than ever before," Mr. Gardner added. "We also have a vital and continuing interest in the recovery of the dollar purchasing power of the Commonwealth and of other overseas countries."

Another facet of the same problem, Mr. Gardner stated, was that "Canada can ill afford" the competitive disadvantage that would result if the domestic level of prices should rise faster than corresponding prices in other major countries.

Actual Output Grows Slowly

Great as Canada's material progress has been, Mr. Gardner said, "the overall gain in output that can be achieved from one year to another is relatively limited." It was, in fact, only about one and a half per cent. per annum for the average Canadian.

"Yet it is out of this relatively modest annual gain in productivity," he said, "that all desire for enhanced living standards, for greater social security, and all the growing requirements of the community for defence, capital expansion and increased governmental services must be met, if they are to be met."

There was a real danger, Mr. Gardner maintained, that, in the competitive jostling of various groups and interests, "too much may be demanded too quickly," resulting only in a reduction of "the quantity of goods a dollar will buy."

Profits Have Role as Savings

The president next discussed the vast capital requirements of an expanding economy, and their tendency to "run ahead of new savings provided voluntarily by the Canadian community." He said that, normally, the largest single constituent of voluntary saving was money ploughed back into industry itself through the use for corporate purpose, of undistributed profits and depreciation reserves. "Such retained funds are, therefore, the seed corn of industrial growth. Far from being anti-social, they are a social necessity."

Turning to the role that should be assigned government in the social and economic order, Mr. Gardner observed that "the demands of the community for civilian services provided by government seem to grow from year to year," and there seemed to be an increasing tendency to run to government for protection against the "ordinary hazards of day-to-day business." But "the services provided by government must be paid for out of the pockets of private citizens," and "increasing governmental costs can be a retarding influence on Canadian progress."

General Manager's Address

Mr. Ball stated that, once again this year, the "scoreboard of national economic activity" would probably show new high records for output, employment and income, but the "margin of gain will be relatively small."

Consumers, he said, had recently been spending more freely, especially on durable items, but selling has been "off the shelf," bringing inventories down to more conservative levels. "Reflecting this drawing down of stocks, manufacturing output in physical quantity has been running somewhat below last year."

Livestock and meat prices were still adversely affected by the U.S. embargo, Mr. Ball noted, but Canada's greatest wheat crop had been safely harvested. Canadian defence spending and U.S. military orders in Canada were growing, along with private capital expenditures.

Referring to the exceptional strength of the dollar in the last year, the general manager said it reflected "both the favorable situation of the Canadian economy at the present time and also, through external investment, an optimistic appraisal, by outside observers, of this country's future prospects."

Advocates Free Sterling Rate

Mr. Ball commented that Canada's abandonment of a fixed exchange rate had resulted in a less speculative, more soundly based inflow of capital for long-term investment. He also noted that, within 15 months after the exchange rate was freed, Canadian exchange control was completely abandoned. These lessons, he thought, might in some measure apply elsewhere.

In the case of Sterling, Mr. Ball pointed out that "the defence of a fixed rate seems to be one of the influences contributing to recurrent drains on exchange reserves and to continued dependence on restrictions and controls . . . " These controls were becoming more difficult to apply effectively. The advent of full convertibility and elimination of exchange controls might be "greatly hastened" if the Sterling exchange rate were first set free to find a realistic level determined by market forces."

Mr. Ball concluded his address with an expression of thanks "to those 10,000 people who, in their various capacities, are serving the bank so faithfully and so well." He added . . . "I am confident that our staff, in addition to doing their work efficiently, are building for the bank, through courtesy and cheerfulness, an enormously valuable fund of goodwill."—(Advt.)

Ask Permission To Intervene

WASHINGTON (AP)—The Canadian government has asked the federal power commission for permission to intervene in support of New York's application to join in construction of the proposed St. Lawrence power project.

The power authority of New York State has applied to the FPC for a licence to be the American partner in the estimated $500,000,000 project which engineers say will yield more than 13,000,000,000 kilowatt hours a year.

The Canadian petition was filed Monday with the power commission by Hume Wrong, Canadian ambassador to the United States. Charles M. Goetz, lawyer for the New York State authority, said that Connecticut and New Hampshire also have filed petitions in support of the New York application.

A power commission hearing on the New York application is scheduled to open Dec. 9.

Woman Lawyer Dies

TORONTO (CP)—Gertrude Sinclair Haines, who practised law here before her retirement in 1941, died Monday. She was born in Tillsonburg and educated at Trinity College. She was graduated from Osgoode Hall in 1926. Her husband, James A. Haines, her mother, two daughters and a sister survive.

Tank Hurled 80 Feet

TORONTO (CP)—A propane gas explosion Monday hurled a tank 80 feet along a North Toronto street and through the window of a food market. No one was injured. Firemen said a red-hot rivet dropped into a pile of sawdust. This ignited and caused the container to explode.

Same Interests

DARTFORD, England (CP)—Twin brothers Raymond and Basil Biggs always had the same interests, went to the same schools and entered the merchant navy together. Now both have passed examinations for a master's certificate.

Jolliffe Says Farmer Has 3 Major Problems

TORONTO (CP)—The Ontario farmer faces three major problems—obtaining capital, getting sufficient scientific and technical aid and distributing his product—E. B. Jolliffe, Ontario CCF leader, says.

In a free-time political broadcast Monday night over a CBC network of Ontario stations, Mr. Jolliffe said the farmer is important as a food source and a market for industrial products. The farmers of Ontario produce one third of Canada's farm products on about 175,000 farms.

Mr. Jolliffe said the importance of farming should not be forgotten in the rush of industrialization.

700 Officers, Men Returning To Canada

HANNOVER, Germany (Reuters)—About 700 officers and men of the Canadian Army today are on their way home for Christmas after serving a year or more in Germany.

They were relieved Sunday night by nearly 1,000 arriving troops under the army's rotation scheme. About 700 of them docked at the Hook of Holland aboard the liner Scythia, which will carry the lucky ones home on the return trip.

The Scythia is due in Halifax about Dec. 9.

Sentence Reduced

TORONTO (CP)—Paul Shaver, 20, had a sentence of five years at hard labor reduced to two years definite and three months indefinite in reformatory by the Ontario court of appeal Monday. He was convicted of armed robbery. Shaver appealed in writing from the penitentiary saying he had to support a widowed mother.

6 Officers Tried

COPENHAGEN (Reuters)—Six Danish naval officers will face trial here for negligence following the explosions of mines in the naval yard in Copenhagen last autumn when nearly 30 men lost their lives. The trial is expected to last two months.

27 Fatalities In Nine Months

TORONTO (CP)—Accidents on Ontario highways claimed 27 more lives during the first nine months this year than in the same period last year, the Ontario highways department says.

Fatal accidents from January to September this year totalled 610, compared with 583 last year.

In the same period 11,642 persons were injured this year, compared with 11,456 last year. Property damage accidents totalling 28,769 cost $13,129,377.

CCF Asks Opposition To War Extension

OTTAWA (CP)—The CCF has urged the Canadian government and "all our Western Allies to make their opposition to any extension of the Korean war abundantly clear."

The plea was made in a statement adopted by the party's national executive at a week-end meeting.

The executive said it supports the resolution placed before the United Nations by India for settlement of the war in Korea. It "condemned rejection of the resolution by Russia and Communist China."

Tomb Of Saint Opened For Last Time

BOMBAY, India (Reuters)—The tomb of St. Francis Xavier is to be opened today and the body of the "Apostle of the East" to be taken from its massive glass and silver coffin to be exposed for the last time for public veneration.

The ceremony, marking the fourth centenary of the Saint's death, will take place on the Portuguese Island of Goa, off the west coast of India.

Thousands of Roman Catholic pilgrims from Europe and Asia have travelled to the island to witness the last exposition of the remains of the Jesuit missionary who spread the teachings of Christianity in the Far East.

Nine Cities Re-elect Present Mayors

By THE CANADIAN PRESS

Nine of 12 Ontario cities holding mayoralty elections picked their sitting mayors to serve another term.

Only Kingston and Fort William ran counter to the pro-administration trend Monday, both turning their 1952 mayors out of office. In the 12th city, Oshawa, the mayor's retirement opened the field for a new man.

The re-election pattern in voting followed the trend set in nominations in the last two weeks when 10 mayors went back unopposed.

Kingston picked a former mayor, 67-year-old George Clark Wright over Clifford A. Curtis, 53-year-old Queen's University professor. Mr. Wright is the city's only mayor whose father also held that office —in 1897.

Fort William elected Gordon E. Carson, 40, an alderman, over Mayor Hubert Badani, who has held office for four years, and Alderman Alex Anderson. Mr. Carson had a 638-vote margin in a keen fight which brought 63 per cent of eligible voters to the polls.

2 WOMEN RE-ELECTED

Two women were re-elected, in Ottawa and Woodstock.

Ottawa elected Mayor Charlotte Whitton to the chief magistrate's post for the first time. She has served by appointment for more than a year following the death of the previous mayor. The 56-year-old welfare worker won out with a late surge in a hot fight with Leonard Coulter, a member of the board of control, who led through more than half the vote-counting.

At Woodstock, Mrs. Bernadette Smith was returned by a majority of 2,524—3,582 votes to 1,058—over Fred Childs whom she defeated for the office a year ago.

Toronto re-elected Mayor Allan Lamport for another one-year term and all the members of the city council who sought re-election went back in with him. At Windsor, Arthur Reaume was returned for his seventh two-year term in office.

GETS THIRD TERM

At London, Allan Rush, the policeman who ran for mayor two years ago to protest his unexplained dismissal from the police force, went back for a third term. He had a margin of almost 17,000 votes over his nearest rival, D. R. Fairborn, a newcomer to the mayoralty race. Third man was George A. Wenige, mayor when Mr. Rush was dismissed from the police force.

A veteran municipal figure went back into office at Cornwall where Mayor Aaron Horowitz was returned for an eighth two-year term.

TURNED DOWN

Brantford re-elected Mayor Howard Winter over John H. Matthews. Niagara Falls voted for Mayor Ernest M. Hawkins over Arthur C. Jolley.

At Oshawa, where Mayor Michael Starr retired because of his election to Parliament as Progressive Conservative member for Ontario, J. W. Naylor was elected over former mayor Frank McCallum. Sarnia re-elected Mayor W. C. Nelson in a six-man race.

Commercialized Sunday sport was turned down by the cities of Ottawa and Oshawa, the towns of Gananoque and Smiths Falls and Neelon-Garson township near Sudbury.

Toronto voted down a two-year term for its council but the same plan won approval at London. Windsor, which already has a two-year term with staggered elections, voted to have elections only every second year.

Toronto voted for a $5,000,000 bond issue to complete a slum-clearing housing project in Regent's Park. Oshawa approved an $850,000 bond issue for an addition to the general hospital. Sault Ste. Marie voted for a $222,000 school addition.

Two towns voted on secession from their counties, reflecting opposition to road and other county expenditures, and came up with a split decision. Fergus, in Wellington County, turned down the proposal. Paris, in Brant County, approved.

Stratford approved a $50,000 road resurfacing bylaw and St. Thomas a $25,000 grant to Alma College, a private school for girls.

Woodstock approved a franchise for bus transportation on city streets.

OBITUARIES

BERTRAM CRAIG ALLAN

The funeral for Bertram Craig Allan, 424 Rogers Street, who died Friday, was held Monday from the Comstock Funeral Home.

The Rev. E. W. Rowland of George Street United Church conducted the service.

Pallbearers were Clinton Curtis, Edward Cooney, Raymond, Syd, Roland, and Thomas Craig. Burial was in Little Lake Cemetery.

ROBERT DONALD NICHOLS

Robert Donald Nichols, infant son of Alex Nichols and the former Minnie Charlton of Lakefield, died Monday in Peterborough Hospital after a long illness. He was two and a half years old.

Besides his parents he leaves a twin brother Ben, two sisters Joan and Bonnie; his grandparents, Mr. and Mrs. Robert Charlton and Mrs. Ben Nichols, all of Lakefield.

The funeral will be at the Hepdren Funeral Home, Lakefield, at 2 p.m. Wednesday, the Rev. George H. Downing of Lakefield Baptist Church officiating. Burial will be in Lakefield Cemetery.

Sloan 1st Deputy In Dummer Twp.

WARSAW (ENS)—With a margin of 50 votes, Walter Sloan Monday, defeated Allan Olver to become Dummer township's first deputy reeve. Vote was: for Sloan 239, for Olver 189.

Previously the council has been composed of a reeve and four councillors. Decision to change it to three councillors, a deputy reeve and reeve was made at the nomination meeting Nov. 24.

A new school trustee, Clarence Tedford, headed the polls for school board with 289 votes. The other trustee is Johnston Blakely, a former board member, who polled 193 votes from the seven polls in the township.

Defeated in the contest for school board was former trustee Lloyd Montgomery.

Council was returned by acclamation and all members are starting their second year. It is made up of Harold Clifford, Ralph Hamilton and Russell Tedford. Reeve by acclamation at the nomination meeting was Stewart Clysdale, reeve of the township for a number of years.

Polls opened at 7 a.m., closed at 6 p.m., and a fairly heavy vote was recorded. The final results were known little more than an hour after the polls closed.

Issue Proclamation

WASHINGTON (AP) — President Truman issued a proclamation Monday calling upon the country to observe Dec. 10 — United Nations Human Rights Day — by giving thanks for the "priceless heritage" of liberty.

$20,000 Expenses

NEW YORK (AP) — President-elect Eisenhower's headquarters are costing $20,000 a week, it was disclosed today as Congressman Hugh Scott of Pennsylvania announced organization of a committee to raise expense funds.

THANK YOU—

To all those who so generously supported me in my being elected to the Board of Education.

TO DICK RAINE
My Sincere Congratulations
GORDON S. MATTHEWS

Personals and Social

Miss Amelda Tompkins of Uxbridge is the guest of Mr. and Mrs. J. H. Stiner, 188 Dalhousie St.

✧ ✧ ✧

The Christmas tea and bazaar at St. Paul's Church this Wednesda. afternoon is under the convenership of Mrs. J. H. Jamison.

✧ ✧ ✧

Lieut. Nursing Sister Evana Demitroff has just left to return to Port Churchill after spending a few days in the city with Mrs. R. Chatten, 499 Parnell St.

✧ ✧ ✧

Word has been received from Detroit of the sudden death there of Mr. Percy Wellwood, brother of Mrs. O. C. Wells, Mrs. Clare Murduff and Mr. Earl Wellwood of Peterborough.

✧ ✧ ✧

Mrs. Elizabeth Hawley, 351 Charlotte St., will be hostess Wednesday afternoon for a tea which is being convened by Mrs. E. F. Reid's group of the WMS of St. Andrew's Church.

✧ ✧ ✧

Mrs. J. R. Morrow is visiting for a few days with her mother, Mrs. F. W. K. Harris, Rogers St., before joining her husband in Montreal, Mr. and Mrs. Morrow are moving from London, Ontario, to Montreal.

✧ ✧ ✧

Mr. and Mrs. C. L. Armstrong, Reid St., spent the weekend in Toronto and attended a banquet at the King Edward Hotel for the retirement of four express messengers of the CNR. Mrs. Armstrong, by special request, sang two numbers and was accompanied at the piano by Mr. Bill Reid of Hamilton, a retired messenger. Refirement banquets are annual affairs and Mr. and Mrs. Armstrong usually attend.

✧ ✧ ✧

Pancake Supper Follows

The Young Adult group of Park St. Baptist Church met Friday evening, the men taking over the entire program. President Mr. Newton Hamilton opened with a bright sing song. Mr. Vimmy York led in prayer and gave an inspiring talk on prayer. After business was discussed, Mr. Paul Wic's offered prayer. Following were many games and contests after which the men set tables for a sumptuous pancake supper.

✧ ✧ ✧

Fete Lakefield Woman

LAKEFIELD (ENS)— Mrs. W. A. Killoran, Lakefield highway, was hostess to a number of her friends on Wednesday evening in honor of Mrs. William Croft, who is leaving the village in the near future. Mrs. Croft was presented with a gold compact as a farewell gift from her friends. She was also the recipient of an apron on which those present had embroidered their names, and of a photo album containing their pictures. Those present were: Miss Mae Hampton, Mrs. T. Waldon, Mrs. Godfrey, Mrs. Oscar Schleinger, Mrs. K. Lichty, Mrs. R. H. Campbell, Mrs. John Twist, and Mrs. William O'Brien.

✧ ✧ ✧

Winners At Cards

The St. David's Welsh Society members and friends enjoyed another pleasant social evening Monday at the YWCA and six tables of euchre and whist were played. First euchre prize went to Mr. A. Hempstead, the second to Mrs. A. Ellis and a consolation prize to Mrs. H. Gray. Mrs. Dorothy Bell won the whist prize. Delicious refreshments were served after the games by Mrs. G. Walton, Mrs. Wm. Williams Sr. and Miss Ida Whimsett. President Mrs. C. L. Armstrong announced the Christmas party will be held December 15th and gifts will be exchanged.

English Nurses Travel To Peace River

EDMONTON (CP)—Two adventurous English nurses passed through here on their way to Beaverlodge in the Peace River district, 430 miles northwest of Edmonton.

Jean Ingleson and Anne Robinson are each 26 years old and unmarried. They will work at the municipal hospital at Beaverlodge. They came under a plan of the women's division of the national employment service devised to help meet the nurse shortage in Canadian hospitals

WILL REPAY PASSAGE

Under this plan the nurse's passage is paid by the hospital to which she is assigned, and the nurse undertakes to work for at least one year during which she repays the passage money Miss Ingleson and Miss Robinson are the first to come to Alberta under this scheme.

The young Yorkshire misses said they have a desire to see the world and felt that Canada is a good place to start.

At Beaverlodge they will get about $175 a month plus board, compared with $110 a month—without board—at an English hospital.

29 Women Elected To Office

By THE CANADIAN PRESS

Twenty-nine women were elected to municipal office in Ontario elections. They took over offices ranging from city mayors to township school trustee.

Charlotte Whitton as mayor of Ottawa and Mrs. Bernadette Smith as mayor of Woodstock head the list in Monday's results. Miss Whitton won out in a close fight and Mrs. Smith scored a handy victory, each over a man candidate.

Four cities elected women as aldermen—Mrs. Grace Hartman at Sudbury, Anna Hughes at Waterloo, Mary Mack at Cornwall and Mrs. Dorothy Pickup at Fort William.

Mrs. Helen Crozier was elected deputy reeve of the town of Walkerton. Mrs. W. C. Richard at Tilbury, Mrs. K. B. Clysdale at St. Marys, Mrs. Isabel Tatham at Lindsay and Mrs. Vera Blueglass at Hanover were elected to township councils. Mrs. Ada Cammon at Wardsville, Mrs. J. E. McCarthy at Port Stanley and Mrs. Gladys Reilly at Lucan were elected village councillors.

THREE ON BOARDS

Three were elected to boards of education, Mrs. D. B. Shutt at Guelph, Mrs. Evelyn Moore who headed the poll at Stratford and Mrs. Kathleen Bell at Peterborough. Mrs. Mary Johnson and Mrs. Bernice Haines were elected to the public school board at St. Thomas. Mrs. Iola Brookbanks was elected school trustee in York North, a Toronto suburb, and Mrs. Thomas Leboeuf was named to the separate school board in the village of Tilbury.

Toronto elected eight women, Mrs. May Robinson to city council and the others to board of education: Mrs. Dorothy Pearson, Mrs. Isabel Ross, Mrs. Edna Ryerson (a Communist), Mrs. Nellie Tennant, Mrs. Irene McBrien, Mrs. Mary Temple and Mrs. Jean Newman.

Douro Sodality Holds "At Home" Assumption Hall

St. Joseph's Sodality, Douro, held the annual "At Home" on Friday evening at the Assumption Hall, Keene Road. Orchestra music was enjoyed and refreshments, provided by the patrons and pratonesses, were served at midnight.

Civic Aux. To Pay Half Cost Of Pillow Radios

A letter regarding the installing of pillow radios on one floor of the Civic Hospital was read at the Ladies' Auxiliary board of directors meeting Monday afternoon. The Auxiliary has agreed to pay one-half the cost and the Hospital Board of Governors will pay one-half. The system will be tried out on the one floor until it is known what financial return can be expected. It is planned to have slugs for operating the radios available for friends to purchase as gifs to the patients.

Mrs. E. Chambers conducted the meeting, in absence of president Mrs. W. E. Fanning. She advised that the membership campaign is now completed with an increase in general membership and 11 new life members. Five life members were announced at this meeting, Mrs. P. M. McCarrell, Mrs. Roger Chenoweth, Miss Helen Munro, Mrs. J. E. Girven and Mrs. Herbert Young. Mrs. Chenoweth was present and received her certificate. Total receipts for the membership were $12,046.40.

Regret was expressed at the death of Mrs. E. C. Moore who had been a board member since 1946.

Plans for a Christmas party for the chronically ill patients on December 10th were announced. The flower and decorating committee is busy preparing Christmas tray favors and will decorate Christmas trees in the hospital.

Conveners' reports stated that 393 visits were made in November, 54 pairs of boottees were issued, the library had 353 books or magazines in circulation and recreational and occupational therapy committee made four contacts. First year nursing students were given a very successful party.

Springville YPU Reviews Conference

SPRINGVILLE (ENS) — The Young People's Union met on Sunday evening at the home of Misses Eleanore, Marilyn and Doreen Bowles, who had charge of the worship service, a sing-song, a candle-lighting service and the scripture reading.

The chief features of the meeting were reports given by the young people who attended the young people's conference in Oshawa. George Bedford gave very interesting impressions of the conference. Myrna Seymour reported on the mission and world outreach group. Catherine Earle read to the group a verbatim report of Rev. Mr. Honey's first address. He is a returned missionary from China and took as his theme for the convention, "For the Facing of this Hour." Lila Seymour told of Mr. Honey's second address and Eleanore Bowles his third address and also a summary of the special stewardship and training group at the conference.

This church group is to be hostess to the Oak Lake United Church camp reunion on January 16 at Springville church. The picture, "The King's Man" is to be shown and Rev. Anson Moorhouse who filmed that picture is invited to be the special speaker.

A nominating committee for officers for 1953 was arranged as follows: Myrna Seymour, Eleanore Bowles, Lois Paddock and Neal Whitfield.

The next meeting is to be held on Sunday evening, Dec. 7 at the home of Myrna and Lila Seymour, when Catherine Earle, convener of missions and world outreach group will be in charge. Refreshments were served by Mrs. W. Bowles and daughters.

At luncheon Monday in the Empress Hotel the Rotary Club were hosts to the 4-H clubs of the county. Guests of the Rotary Club from this community were Neal Whitfield, Jim Seymour and Lila Seymour from the Calf Club and Howard Johnston from the Wheat Club.

Mr. and Mrs. Roy Webster and Mr. John Webster and Mrs. Clark and Mr. Wesley Webster of Otonabee were Sunday guests of Mr. and Mrs. G. McIntosh.

In the United Church Young People's Bowling League, the local group lost to the Knox Church group by a narrow margin. Bowlers from Springville were Neal Whitfield, Myrna and Lila Seymour, Hazel McIntosh and Lois Paddock.

Marmora Couple 35 Years Married

MARMORA (ENS)—Major and Mrs. Percy Gray quietly celebrated their 35th wedding anniversary on Monday. Their wedding took place in Brockley Presbyterian Church, London, England on December 1, 1917, as the groom was stationed with the Canadian Machine Gun Depot at Seaford, Sussex, England. Mrs. Gray, the former Elsie Rundel, is the daughter of Mr. and Mrs. A. G. Rundle of Crofton Park, London, England, and Major Gray the son of the late Mr. and Mrs. William R. Gray of Marmora.

Their children, who join with a host of friends in congratulations, are Robert and Bert Gray, Marmora; Mrs. Leroy Abrams (Gertie) Napanee and Mrs. Hector Gould (Jennie), Welland.

MR. AND MRS. ALAN C. GARBUTT of Lakefield, the bride formerly Miss Marilyn Peters.—(Duke Studio Photo)

Lakefield Couple Marry

The marriage took place in George Street United Church on Saturday afternoon of Marilyn Doreen, daughter of Mr. and Mrs. William J. Peters of Lakefield, to Mr. Alan Clayton Garbutt, son of Mr. and Mrs. Elwood Garbutt of RR 2, Lakefield. The Rev. Arnold Mathews officiated. The church was decorated with yellow 'mums and white candelabra and the music was played by Mr. Charles Allen, organist.

The bride was given in marriage by her father and she wore a gown of white Chantilly lace with net over satin and tight-fitting bodice and full skirt. Her fingertip veil was of silk illusion, enhanced with a border of Chantilly lace and adorning her head was a hand-beaded tiara of tiny seed pearls and bugle beads. She carried a cascade of pink and white 'mums.

Miss Carole Peters, sister of the bride, as bridesmaid, was frocked in nile green corded taffeta with a tight-fitting bodice and matching capelet. Her headdress was of white flowers and she carried a nosegay of yellow 'mums.

Groomsman was Fred McCracken and the ushers were Melville Crawford and Gerald Donaldson.

A reception was held at Hooper's Palm Room, where the bride's grandmother received wearing a gown of navy crepe and green accessories and a corsage of pink roses. The groom's mother, who also received, wore a gown og black sheer with black accessories and a corsage of pink roses.

The bride and groom left for a wedding trip to the United States. For travelling the bride chose a hunter's green gabardine suit with winter white topcoat and brown accessories, and wore a corsage of yellow roses.

They will live at RR 2, Lakefield, on return.

Keene Swimmers Hold Card Party

A successful euchre party and parcel post sale was held at Keene Town Hall last Friday evening by Highland View Swimming Club. More than 100 attended and 21 tables of euchre were played.

Ladies' first prize was won by Mrs. Russel Renwick and gents' first prize by Mr. William Drummond. Ladies' carrying prize by Mrs. J. Graham and gents' carrying prize by Mr. David Kempt.

Parcels from U.S.A., as far distant as California and all parts of Canada were sold.

A presentation of swimming awards was made to members of the club. Also a presentation to instructress Mrs. Harold Wilson by the members. Refreshments were served.

Marmora News

Mr. and Mrs. Douglas Gaebel and son Christopher of Pickering recently spent a few days with Mr. and Mrs. Clayton Potts.

Mr. and Mrs. George Carpenter of Toronto were recent guests of Mr. and Mrs. Nathan Mumby.

Rev. Father Clayton LeSage, of the Kingston Diocese, and Mrs. Joseph LeSage of Tweed, called on Mr. and Mrs. Philip Flynn on Monday.

Mr. and Mrs. Sam Maclean of Lakeview called on Mr. and Mrs. Philip Flynn on Friday.

Mrs Wilbert Bedore visited her son Eric and Mrs. Bedore in Havelock on Saturday.

Downeyville

Mr. and Mrs. Robert Perdue and baby have returned to their home in Calgary, Alta., after spending a few weeks as the guests of their parents, brothers and sisters, Mr. and Mrs. Peter Perdue, of Downeyville, and Mr. and Mrs. Joseph Develin, of Peterborough; also friends in Trout Creek, Ont., Detroit, Mich., and Chicago, Ill.

Production of sugar-beets in Canada started about 1890-in the province of Quebec.

Out-Of-Towners Attending Nursery Institute

First day of the Institute for Nursery Workers in the Church, being conducted at the George St. United Church, was considered highly instructive by those attending. This is the sixth in a series of institutes held in the principal cities of Ontario under the direction of Miss Olive D. Sparling, director of children's work for the Board of Christian Education of the United Church of Canada. It commenced Monday afternoon and will conclude with the evening session Wednesday.

A representative attendance Monday evening was most encouraging. Interested church workers are also attending from Beaverton, Norwood, Bethany, Warsaw, Cameron, Omemee and Springville and a delegation from Lindsay has made reservations for some sessions.

The program consists mainly of discussions in which everyone takes part. The over-all theme is "The church and home provide religious nurture for the nursery child." Monday afternoon's subtopic was "Where are we in nursery work," led by Miss Sparling who also explained the purpose of the institute. Introduction was made by chairman Mrs. B. W. Switzer who is children's work counsellor of the Christian Education committe of Bay of Quinte Conference.

The evening session was highlighted with the showing of colored slides by Miss Ada Adams from the Ontario Council of Christian Education, who was stressing the importance of nursery work. The pictures showed equipment and how to conduct the nursery class so that it is not just a baby-tending service. She will show further slides and lead discussion on nursery class this afternoon.

Baby Band Mothers are especially invited to tonight's session when the theme will be "Helping children develop christian attitudes toward children of other races." Mrs. Isabelle Northcott of Peterborough, graduate of the Institute of Child Study, is to speak, and Mrs. Arnold Mathews, is to lead discussion.

Mrs. Switzer extended an invitation to all those interested to join the institute visit to the YWCA Nursery School in Grove School basement Wednesday morning from 9:30 to 10:30 o'clock.

Exhibits of interest at the institute include books and toys and there are "home-life" packets of literature prepared especially for young married people. Music in the nursery class is to be discussed Wednesday afternoon.

Bethany News

Friends will be pleased to know of the birth of a son to Mr. and Mrs. Karl Monk of Sarnia on November 26. Karl, a former Bethany boy, had been program director of radio station CHEX in Peterborough before being transferred to Sarnia as the commercial manager of station CHOK.

Mr. and Mrs. Lawrence Ingram and Mr. Ronald Ingram, Cleveland, Ohio, were guests of Mr. and Mrs. James McKinnon for several days last week.

Mrs. Howard Morrow, Peterborough, spent the week-end with her mother, Mrs. Hazel Brown.

Mr. Allan Gribble was in Toronot for several days last week.

Miss Marie Lowery and her small sister Sandra of Lakeview visited with Mr. and Mrs. Leonard Driver and with Mr. and Mrs. Ross Carr during the weekend.

Mr. Leonard Cavano, Belleville, is spending several days with Mr. and Mrs. William Cavano.

Mr. and Mrs. Ronald Pomeroy, Peterborough were Sunday guests with Mr. and Mrs. Clarke Pomeroy.

Mr. and Mrs. Douglas Bruce, Toronto, were weekend guests with Mr. and Mrs. Leonard Driver

H. & S. News

QUEEN ELIZABETH SCHOOL

"Open house" was held at the Queen Elizabeth School Monday evening with the Home and School Association in charge. Parents were given the opportunity to discuss children's work and progress and their own problems with the teachers.

After the interviews, tea and cakes were served under arrangements made by Mrs. W. Weaver. The tea table, set in the hall, was attractive with flowers and candles and Mrs. Orville Deyell and Mrs. K. Beeler presided. Assisting to serve were Mrs. Wm. Grubb, and Mrs. N. Hucks.

New Scalloped Pumps Take Fashion Limelight In Paris

By PEGGY MASSIN

PARIS (Reuters)—Paris is putting its best foot forward in the winter fashion scene with pretty, new shoes—pumps with a scalloped throat line.

This basic classic is shown in striking new versions with dipped and [illegible] bandings and as many as [illegible] waves worked in on each side from the front of the vamp and terminating at the back in a high point.

The low cut irregular side treatments lends a flattering effect of a lengthened leg, contrasted by the high swept point at the back.

Some fashion houses concentrate the scalloped throat on one side only, with the inside shank contrasted by a straight broken line.

Other variations stress side-swept or assymetrical movements in both basic cut and trimming Cross straps and open cutouts as well as draped and wrap over treatments exemplify this oblique effect.

More news is found in higher vamps contrasing the slim, tapered and quite pointed toe Heels rise to more than three inches.

For street and day wear favorites also include the popular sling back pump, most often used with closed toe. New effects in straps and open shank bandings are used with halter backs, or one sided assymetrical treatments, contrasting one bare side to the opposing closed shank.

Leathers also conform with the new softer feeling which is the season's leading fashion trend. Suedes as well as calves and kids adopt well in two tone spectator or draped "dressmaker" shoes.

The recent craze for metallic leathers is still seen in restrained trimming effects.

One new media is plastics paired with leather in window effects set in the shanks.

The fabric shoe continues to hold its own place with grey flannels, plaids and checked woolens, as well as satins, velvet, crepes and lace for dress wear.

Sportswear styling feaqturs low or wedged heel flats in moccasin tie, or ballet types. Heavy oxfors and golf shoes feature thick crepe rubber roles for all weather wear.

Moccasins with low edge heels are seen in high vamp monk's shoes, as well as those with mud guard or hooded insteps

GLITTER FOR EVENING

For evening, glitter comes to the fore in embroidered or jewelled slippers. The closed toe and heel pump is effective in dull satin or crepe, highlighted across the vamp and on the heel with strass or brilliants.

Fabric and jewelled combinations achieve a new effect with a wedding ring band of stones encircling the base of the heel.

Gold and silver kid remain standard favorites, paired together or with fabric.

I.O.D.E. News

OTONABEE CHAPTER

A buffet luncheon at the YWCA Monday preceded the afternoon meeting of the Otonabee Chapter IODE. There was an almost perfect attendance of 33 members. Pleasing arrangements were carried out by Mrs. Fred Hall and Mrs. Frank Merrett.

Business meeting, conducted by regent Mrs. A. R. McWilliams, began with the plans for Christmas treats to be sent to the adopted schools and to shut-ins. Flowers and cards to members are to be looked after by Mrs. B. D. MacLean. Mrs. Claude Sherwood reported having shipped four overseas parcels of food, weighing about nine pounds each.

Mrs. L. Davis reported inactive response to the appeal for diapers to be sent to Greece by the IODE. A sewing meeting is to be held Monday the 8th, at the home of Mrs. Wm. Comstock, Hunter St. W.

Entertainment for the meeting consisted of carol singing with Mrs. W. Greenslade at the piano and films shown by Mrs. Gordon Langhorne.

Mrs. Wes McKnight Puts on Blue Bonnet For all Events!

Mrs. Wes McKnight, wife of the well-known Canadian sportscaster, says: "BLUE BONNET Margarine is always my choice for formal affairs as well as for everyday use." You, too, will love BLUE BONNET's fresh, sunny-sweet flavor — just as delicious when melting hot as when fresh from the refrigerator. You'll be delighted with the nutrition of this fine quality *all-vegetable* margarine. And BLUE BONNET margarine really helps your food budget. Buy BLUE BONNET today! BLUE BONNET Margarine is sold in the regular economy package with color wafer. Also in the famous YELLOW QUIK bag for fast, easy color. BT-48

DOROTHY DIX

Travelling Man's Wife Resents Husband's Job

DEAR MISS DIX—I am one of those wives of travelling men. My husband is home about one week out of every month. I am left alone with two small children and I do not think it fair to me or my children to be without a father and husband. I love my husband dearly and know he loves me; I have tried to make him see how much we need him. He tells me he is looking to the future, but I am young and very lonely. I am confident he could get another job that wouldn't involve travel, but he won't listen to me. Before he began travelling three years ago, he was a dance instructor. He received a good salary on that job and we were getting along very well.

S. H.

✧ ✧ ✧

ANSWER—Naturally you are lonely without your husband, but you simply must realize that earning bread and butter for his family is his job, and he must do it in the way he considers best for all of you. Just stop to think, for a moment, how many hundreds of wives are in the same position—or worse. I know travelling men who are away from home a month or two at a time; you at least have the assurance that your traveler will be with you one week out of every four.

SECURITY MOST IMPORTANT

Also pause to reflect that, although his last job meant constant companionship for you, it did not indicate security for your family. Just how long do you think a man can last as a dance instructor? Only while he's young good-looking and strong. When middle-age approaches and feet lose their spring, where would you all be in the employment situation? By that time it's difficult enough for a man to obtain lucrative employment, much less to become established in work that promises advancement. If his present job promises an advantageous future, he's right to stick to it.

You are a young woman, with no financial worries, and a happy family! Can't you learn to weather the one tempest that looms on your horizon?

Suppose you try making friends with other women in your predicament. Surely there are other wives whose husbands are travelling for the same company that employs you man! Make an effort to meet them and discover what they do to alleviate loneliness. I often advise, as the best means I know to combat monotony, the acquisition of a skill or hobby. Learn something—be it a domestic art like sewing, gardening, or cooking, or a fine art as painting, sculpture or music. Ceramics is another hobby becoming increasingly popular with amateurs who never made a thing in their lives. Any of these crafts will be the means of bringing you closer to people who will be a distinct help in overcoming your present misery. Above all, learn to enjoy your children. Don't regard them as small handicaps that keep you tied down day and night. Make scrapbooks of their accomplishments, bright remarks, day-by-day development. You'll probably be astonished when you see on paper the remarkable achievements of infancy.

✧ ✧ ✧

DEAR MISS DIX—My wife and I have been happily married for two years. My problem concerns my in-laws, who come to visit us twice a year. They stay at our home, eat three meals a day and give no money toward the food bill. My wife insists this is proper but I'm ready to leave her because of it.

✧ ✧ ✧

ANSWER — Aren't you being small minded and ungenerous in you attitude? Surely it means a great deal to your wife to see her folks on these rare occasions and begrudging them hospitality for a few days a year is ungracious, to say the least.

If a triviality like this is something to make you consider leaving your wife, I don't think you can be particularly devoted to her.

✧ ✧ ✧

DEAR MISS DIX—I have been married for five happy years to a man 20 years my senior. People who have known him for years say he has never been happier or looked better than he does now.

The rift in the lute is my mother, who insists on devotion now that she never had before. She and my stepfather come to visit us for protracted stays, during which she invites friends to meals and expects me to cater to them exclusively. Mother is attractive, vivacious, and lots of fun, but there's a limit to everything.

PAM.

✧ ✧ ✧

ANSWER—If you feel that you can't take a firm stand with your mother, have your husband do it. The constant aggravation is affecting your health, and on that basis alone he can step in and insist on more privacy and less entertaining by you.

Here's Many Ways To Say Merry Christmas

From Bohemia — Vesele Vanoce; Chestita Koleda in Bulgaria —Sretan Bojic in Croatian. The Danish say — "Glaedelig Jul" . . . the Swedish, "Glad Yul"—in Norway, it's "Gledelig Jul" . . . The Welsh say Nadolig Llawen; the Ukrainian words for the happy holiday as "Srozhdestvom Krisovym"; in Spanish, "Feliz Navidad" in the greeting phrase.

The Portugese say, "Boas Festas"—in Polish, "Weselych Swiat" . . . in Italian, "Buone Feste Natalizie; in German—"Froeliche Wienachten."

To the French — "Joyeaux Noel; from the Emerald Isle comes the greeting "Nodlaig Mhaith chugnat." — And to all — everywhere — A Merry Christmas!

What's Right?

You want to take a gift to a child who is ill.

WRONG: take him a box of candy.

RIGHT: Instead of taking something to eat—which he may not be allowed to have —take him something to amuse him, that he can look at or play with in bed.

MORE BEEF FOR YOUR FOOD DOLLARS

Beef Buying Requires Plans

By GAYNOR MADDOX

If you are cooking just for two and want good beef dishes within your budget, this "case history" will guide you.

"In giving tips for meats for the 'towsome' to my daughter, who was a June bride," Beth Bailey McLean, co-author of Martha Logan's Meat Cookbook, told me, "I've suggested that she purchase a family-sized, wedge-bone, sirloin steak, cut between 1½ to 2 inches thick.

"While this cut, which weighs approximately 5 pounds, may appear to be large, it actually is an economical and useable cut which will provide four hearty and interesting meat servings for two people."

For a festive meal, two boneless steaks may be cut from the sizeable, tender, centre steak muscle. These steaks will weigh approximately ¾-pound each. This tender muscle is easily identified in top-grade beef for it is well outlined by fat marbling and tissue.

The remainder of the steak will amount to more than two pounds of meat after the bone and fat trimmings have been removed. Cut two thirds of this meat into ½-inch strips and the rest of the meat in 1-inch cubes.

Plan to use the cubed beef in Sirloin Brochettes threaded on skewers, alternating with mushroom caps and bacon slices. Half of the slivered meat may be used in quick Tereyaki, an easily-prepared dish of Japanese origin in which the beef slices are soaked overnight in a soy sauce mixture, then broiled.

Beef Stroganoff, a quick and intriguing combination of beef and sour cream, is the final dish from this one cut.

SIRLOIN BROCHETTES

(4 small or 2 large servings)

Three-quarter pound sirloin of beef, 4 slices bacon, 12 mushroom caps, salt and pepper, melted butter or margarine.

Cut meat into 1-inch cubes. Cut bacon into 1-inch pieces. Thread beef, bacon and mushroom caps alternately on metal skewers. Season with salt and pepper. Brush with melted butter or margarine (or garlic-flavored salad oil). Broil 3 inches from heat source. Turn to brown on all sides about 8 to 10 minutes.

TEREYAKI

(2 large entree servings)

One pound thinly sliced sirloin steak, ½ tablespoon finely chopped fresh ginger root (or 1 teaspoon powdered ginger), 1 clove garlic, chopped fine, 1 small onion, 4 tablespoons soy sauce, 2 tablespoons water.

Cut sirloin steak into serving-sized pieces, or ½-inch strips. Make a sauce of the ginger root, garlic, onion, sugar, soy sauce and water. Pour over meat. Let stand 1 to 2 hours, at least. Spread out on a shallow pan and broil 3 to 5 minutes on each side. Serve hot.

PALS REPLACE GIFTS

TORONTO (CP) — Six-year-old Iris Deemers lost all her Christmas presents Monday when fire destroyed her parents' five-storey cottage at nearby Wilcox Lake. Iris' little friends, hearing of her misfortune, decided to help her. They emptied their banks, scraped up their coppers, bought a batch of presents and gave them to Iris. Accompanied was a letter saying how sorry they were that her house was burned.

MARY MOORE SAYS:

Gift Candies – Use Candy Thermometer

When it comes to typographical errors such as "Mary stinks you should make pickles" or "Drown the onions in the butter" all of the blame rests on me of course. I can absorb it. Oh sure. I'm strong. My shoulders are broad. But I will not—I won't—shoulder the responsibility of guaranteeing good candy if you don't use a candy thermometer.

How can anyone gauge the 236 deg. Fahr. required for fudge? If it is lower your fudge won't harden. If the temperature is higher the fudge will be sugary.

Don't pass a plate of candy to your friends and say "I made this from one of Mary Moore's' recipes, but it's not very good—of course I didn't use a thermometer . . ." Grrr. I bite too.

Peace On Earth Good Will To Men. There. That brought me back into the Christmas spirit fold with a bang.

Dearies. Here are some candies you might like to make up for your Christmas gifts. (I'm all unruffled and mild as milk—see?)

CREAMY CHRISTMAS PENUCHE (brown sugar fudge)

Three cups brown sugar, well-packed, 1 cup whole milk, ¼ teaspoon salt, 1 tablespoon butter, 1½ cups nuts—walnuts or pecans, 1 teaspoon vanilla. Place sugar, milk, and salt in 1½ quart saucepan and cook to 236 deg. Fahr., stirring occasionally, but not frequently, to prevent sticking. Remove from heat and add butter. Let stand until temperature is reduced to 110 deg. Fahr., leaving thermometer in pan while syrup cools. Now beat with heavy spoon until syrup starts to become cloudy and thicken, now add chopped nuts and vanilla. Beat a few more strokes to mix them in then pour into buttered dish. Smooth top, mark into 1-inch squares. On each square place ½ nut meat or half cherry alternately OR use green and red cherry halves only, and make it look like a checkerboard, with the cherries in alternate positions. You could give a glass pie plate with the candy, prettily decorated in it, for your gift.

CHOCOLATE CREAM FONDANT

This is an Emem recipe that I worked on for weeks. It is a smooth Chocolate Fudge, but may be used for centres for chocolate dipping.

Three-eighths cup golden corn syrup, 2¾ cups granulated sugar, ½ cup best quality cocoa, one and one-sixteenth teaspoon baking soda, ¼ teaspoon salt, seven-eighths cup milk. (Don't substitute brown sugar.) Mix all ingredients and place over low heat in large saucepan, put thermometer in syrup and heat to 234 deg. Fahr. Stir constantly but very slowly after temperature reaches 226 deg. Fahr., to prevent scorching. Immediately remove from heat and stand pan containing syrup in larger pan containing cold water, to cool it to about 120 deg. Fahr., then beat it with strong rotary beater or electric beater until it stiffens. (1) If for chocolate Fudge press into buttered pan to depth of three-quarter inch, and mark into squares and chill. When 1 or 1¼ cups freshly shelled English walnuts or pecans are added it is superlatively good. (2) It may be formed into centres, chilled and chocolate dipped.

WHITE PULL CANDY (these may be after-dinner mints)

Stir together until sugar is dissolved 1¼ cups sugar, ¼ cup water, 2 tablespoons mild vinegar and 1½ teaspoons butter. Do not stir any more but cook to 268 deg. Fahr. over high heat. Remove at once and add flavoring (if to becolored green add 4 drops peppermint; if to be pink cinnamon oil, etc.) Pour onto an oiled platter or marble slab and let cool until a dent can be made when touched with finger. Gather into lump and pull between buttered hands until it is light and porous. Any desired coloring may be added while you pull. When it is opaque and porous and feels as if it might hold its shape, roll into long very thin strips and cut them into three-quarter-inch pieces. If placed in tightly covered jar or wax-paper-lined tin there will become creamy—but sometimes this creamy stage requires 10 days. Worth it though.

Did I mention a thermometer somewhere?

BRONCHIAL ASTHMA

Do you gasp, wheeze and fight for breath, so you can't get proper sleep? Templeton's RAZ-MAH capsules help you to breathe easily, relieved of wheezing and gasping. They loosen tight-packed phlegm in bronchial tubes, so it comes away easily. Sleep and work in comfort, take RAZ-MAH today. 65c, $1.35 at druggists. 8-55

ANNOUNCEMENTS

1—Births

DORIS—Mr. and Mrs. Jack Doris (nee Sheila Grady) are happy to announce the birth of a daughter at St. Joseph's Hospital, December 1, 1952.

McCABE—Mr. and Mrs. McCabe (nee Violet Kidd), 521 Aylmer St., are happy to announce the birth of their twin girls, December 1st, 1952, at St. Joseph's Hospital.

OLSEN—Walter and Dorothy Olsen (nee Phillips), Daysland, Alberta, formerly Peterborough, wish to announce the arrival of a son, Nov. 28, 1952

5—Deaths

GILBERT, James—At his residence, Round Lake, Belmont Township, Monday, December 1st, 1952, James Gilbert, in his 77th year. Beloved husband of Jane Grant, and loving brother of Alice (Mrs. Fred Ackroyd) of Los Angeles, California, Harriet (Mrs. Thomas Parker) of Norwood, Bertha (Mrs. James Waymark) of Toronto and Pauline (Mrs. Robert Curtis) of Smiths Falls. Resting at the McConnell - Warner Funeral Home, Norwood, for service Thursday, December 4, at 2 p.m. Rev. R. D. Duncanson officiating. Interment Norwood Cemetery.

NICHOLS, Robert Donald—Suddenly, at Civic Hospital, Peterborough, on Monday, December 1st, 1952, two and a half year old son of Mr. and Mrs. Alex Nichols, of R.R. 1, Lakefield. Brother of twin Ben, Joan and Bonnie. Dear grandson of Mr. and Mrs. Robert Charlton, and Mrs. Ben Nichols of Lakefield. Resting at the Hendren Funeral Home, Lakefield. Funeral service will be conducted on Wednesday, December 3, at 2 p.m. Rev. G. Downing of Lakefield Baptist Church officiating. Interment Lakefield Cemetery.

6—In Memoriam

HARRIS—In loving memory of Evelyn Isobel Harris, who passed away Dec. 2, 1936.
She was a flower too sweet for earth,
Sent here but for a while,
God marked her when He gave her birth,
And took her with a smile.
—Ever remembered by sisters Thelma, Lillian and Caroline.

HARRIS—In loving memory of our dear Evelyn Isobel Harris, who died December 2nd, 1936.
O blessed little sunbeam,
O child of love and prayer,
We give thee to the keeping
Of the tender Shepherd's care.
—Ever remembered by mother, dad, and sisters Betty, Violet, brother Bill.

PAVY—In loving memory of my dear daughter, Irene, who passed away Dec. 2, 1949.
Not just today, but every day
In silence we remember,
—Sadly missed and ever remembered by her mother, sisters and brother; also nephew Donald.

7—Card of Thanks

I wish to take this opportunity of thanking the attending doctors, nursing staff of the Civic Hospital and all kind friends and relatives who visited me and sent fruit and cards during my stay in hospital.—Mr. Wellie Reynolds.

I, Walter Dunford, Lakefield, wish to thank friends who called, sent cards and flowers, Caledonia 281 and R.B.P. Lakefield for fruit during my illness in Civic Hospital. Also attending doctor, nurses and employees for the wonderful care received.

Rhee Demands Immediate War Offensive

SEOUL (AP) — President Syngman Rhee today demanded an immediate all-out offensive to drive Chinese Reds out of North Korea.

The South Korean leader said "we can do so now," without the help of Japanese or Chinese Nationalist troops. He indicated he didn't think the move would draw Russia into the conflict because the Soviet Union is not ready for a world war.

Rhee said if the Soviet Union had wanted to enter the Korean war it would have done so when Allied troops drove to the Yalu river in 1950.

"No world war can be avoided unless the leaders in the Kremlin are persuaded or are forced to believe they cannot conquer the United States," he said.

Rhee outlined his views at a press conference and in an interview with an NBC correspondent.

He asserted the Panmunjom armistice talks have failed and the latest Indian truce proposal in the UN is not acceptable.

Rhee reiterated that Korea would not welcome Japanese troops as comrades in arms against the Reds. This has been suggested several times recently in the U.S.

Judge Requests Investigation

MERCARA, India (Reuters) — An Indian high court judge today urged the government to investigate the case of a teenage girl here who has eaten nothing for seven months.

Judge A. S. P. Ayyar of the Madras high court claimed the phenomenon was "a challenge to all scientific notions."

He had examined the girl himself and checked her family's story.

She is a 17-year-old village girl named Dhanalakshmi. She has had nothing to eat or drink since last May but has not lost weight and continues her household duties cheerfully in her parents' home.

"She is a unique phenomenon of vaya karshina (living on air) known only to sages and described in sacred Hindu books," the judge said.

He suggested a team of food and medical experts be sent to observe her.

Father Of 13 Dies In Electric Chair

HUNTSVILLE, Tex. (AP)—Alton Paris, 60-year-old Negro father of 13 children, died early today in the electric chair for the slaying of a state wildlife biologist who had caught him hunting on a game preserve.

Paris admitted shooting Gus Engeling, 33, last Dec. 13. "I just whirled around and fired the gun and he threw my ducks up in the air and fell," Paris told authorities.

FUN FOR ALL THE FAMILY!
Plus a Chance to Share in the Winning of the Following Wonderful Prizes!

1ST—$2.00 TRADE CERTIFICATE—redeemable at any store whose ad appears in the WANT ADS.

2ND—$1.00 TRADE CERTIFICATE—any store in the Classified Want Ads.

3RD, 4TH, 5TH PRIZE — THEATRE TICKETS.

Awarded Each Day of the Contest
Ends December 10th

FOLLOW THESE SIMPLE RULES:

Read the WANT ADS carefully. From them select

One line of type (not just a part of one or more lines)

from 3 or more advertisements. Combine the lines into one humorous paragraph. Cut from the paper the ads from which your CHUCKLE AD is composed, circle each line used in these individual ads. Paste or pin the ads on a sheet of paper, number the lines in order used, then write you "CHUCKLE AD" below the clipped ads. Submit as many entries as you wish. Mail or bring entries to The PETERBOROUGH EXAMINER CHUCKLE AD EDITOR. Winners must call at the EXAMINER WANT AD Department for their prizes not later than 3 days after publication of their names.

Your Christmas Cheer is Right Here Start Tonight— It's Fun and Profitable

CURLING NOTES

By HERB MARTIN

Now that the Grey Cup final and our civic elections are over, we can turn off the radio and give a little more time to curling.

Tomorrow night we begin the annual Neill Trophy bonspiel. There will be two games, 7 o'clock and 9 o'clock. The draw has been posted for all to see.

Our lady and and men curlers are back from Toronto. They report good games, keen and interesting.

Tonight Group 4 plays on the first draw and Group 5 on the second draw.

The busy film executive asked his secretary where his pencil was.

"It's behind your ear," she said.

"Come, come," snapped the big shot, "I'm a busy man. Which ear?"

Britain Plans Drastic Reduction In Canadian Tobacco Imports

OTTAWA (CP) — Britain plans a drastic reduction in imports of Canadian tobacco in 1953 and rigid controls may have to be exercised to reduce Canada's crop next spring unless new markets can be found, a federal tobacco expert said today.

N. A. MacRae, head of the agriculture department's tobacco division, told the 14th annual Federal-Provincial Agricultural Conference that Britain contemplates purchasing only 10,000,000 pounds of Canadian tobacco next year.

This, he said, will be a reduction of 75 per cent of Canada's 1952 exports to dollar-short Britain. Exports to the British West Indies and Australia are not expected to exceed 5,000,000 pounds and no additional export outlets are in sight.

"Therefore, the outlook for 1953, in general, would appear to require some action which would result in a definite expansion of the domestic market as well as an increase in exports of raw leaf," he said.

"Otherwise, grower organizations will be required to exercise drastic controls over plantings next spring."

GLOOMY PICTURE

Most of Canada's tobacco is grown in Ontario. Normally the total acreage produces between 105,000,000 and 110,000,000 pounds a year.

But so gloomy was the sales outlook a year ago that the Ontario flue - cured Tobacco Marketing Board ordered that the acreage this year be cut by one-third, the biggest reduction ever ordered.

But the weather upset the board's plans. Instead of the 95,000,000 pounds expected, a total of 135,000,000 pounds was produced through "phenomenal" yields.

Growers managed to sell 120,000,000 pounds, but purchasers in both Canada and other countries bought a lot of it to build up stockpiles. That would mean less need for purchases in 1953.

Because of the high yields and reduced exports, as well as a reduction in demand for certain types of manufactured tobacco products, stocks of old leaf at the end of 1953 will be considerably higher than normally required, Mr. MacRae said.

ASK EGG PRICE SUPPORT

The conference, in its second day, has already appealed to the federal government to bolster price support for eggs, and extend it to poultry. Provinces also have urged that the government change its mind about cutting the hog support price by three cents a pound. The move, planned for Jan. 1, will reduce the hog floor to 23 cents a pound from 26.

Today, the provincial agriculture ministers gave consideration to these other commodity forecasts:

1. The current price for potatoes likely will continue throughout 1953, but probably will not go any higher.

2. Apple prices likely will remain firm throughout the season, with production this year down from 1951. Britain is not taking any Canadian apples this year, but Canada may get a share of the South American market.

3. Lower prices for such forage crop seeds as timothy and crested wheat grass likely will continue in 1953. Production this year of principal forage crop seeds is expected to be sufficient for Canada's needs, with some exportable surplus likely for alfalfa, alsike, timothy and brome grass seed.

Canadian housewives complained last year of unusually high potato prices, caused mainly by a below-normal crop. This year production stepped up to 58,900,000 bushels from 48,400,000 in 1951, but potato prices were just about where they were a year ago.

Under an agreement with the U.S., Canada can ship a total of 13,315,000 bushels of potatoes into the American market at half-duty, but prices in Canada are so much higher than those in north-eastern U.S. that Canadian maritime exporters aren't shipping to the U.S.

To Attend Conference

WASHINGTON (AP) — State Secretary Dean Acheson, Defence Secretary Robert Lovett and Treasury Secretary John Snyder are expected to represent the United States at the forthcoming Paris session of the North Atlantic Treaty Organization council. The council is scheduled to undertake a general review, beginning Dec. 15 of NATO defence plans.

Nizam's Second Son Marries Second Time

MADRAS, India (AP) — The second son of the fabulously wealthy Nizam of Hyderabad soon will marry for the second time, close associates of the Indian prince disclosed today.

The son is Prince Muazzam Jah. His bride-to-be is the daughter of a Hyderabad nobleman. She will receive several million dollars worth of gold and jewels as gifts.

Muazzam Jah recently divorced Turkish Princess Nilhoufer whom he married in Nice, France in 1933. He paid her a lump sum of 1,000,000 rupees ($210,500).

Report FBI Has Thieves' Description

BOSTON (AP) — Unofficial and unconfirmed reports circulated today that the federal bureau of investigation has a description of the men who were in a truck purportedly used to carry away the $1,219,000 stolen from Brink's in January, 1950.

A federal grand jury is hearing evidence in the Brink's case, but the FBI and the U.S. attorney's office are maintaining the usual silence about grand jury proceedings.

At least one Boston morning newspaper published a story that the FBI has the description of the men seen in the small green truck.

Toronto Man Dies Accidental Poisoning

TORONTO (CP) — Bruce Durnan, 56, died in hospital early today from accidental poisoning.

Durna, manager of a Toronto car sales company, called a doctor after he realized he had drunk a quantity of oil of wintergreen. He was taken to hospital where he died seven hours later.

ZULU WINS FIGHT

NOTTINGHAM, England (AP)—Jake Tuli, Zulu tribesman from South Africa who holds the British Empire "flyweight championship," won on a technical knockout Monday night over Emile Delplanque when the Belgian champion failed to answer the bell for the fifth round of the 10-rounder.

Had No Ballots Village Couldn't Vote

ST. CLEMENTS (CP) — Residents of this police village were all set to vote yesterday. But they couldn't because they had no ballots.

The village is six miles northwest of Kitchener and in former years surrounding Wellesley township supplied the necessary ballots.

This year a new township clerk said his only obligation to St. Clements was to deliver a ballot box and supply a voters list.

Returning officer Edward Hergott said an election will be held Dec. 10.

Three Soldiers Hurt In Huntsville Crash

HUNTSVILLE (CP) — Three soldiers were injured, one severely, when the small army truck in which they were riding collided with a car police said was driven by William Weiler, 62, of Kitchener, four miles north of here last night.

Conflicting reports gave the severely injured man's name as Cpl. Vincent Patrick or Cpl. Vincent Fitzpatrick, of Malton. He suffered concussion.

Also injured were WO2 Wally James, broken right arm, and Cpl. Gerald Humphreys, cuts and bruises. Staff Sgt. Fred Cross, described by police as the driver of the army vehicle, was not hurt.

Truck Hit By Train Driver Not Injured

SUDBURY (CP) — A North Bay trucker walked away without a scratch early today when his vehicle was struck by a slow-moving train on the Canadian National Railway level - crossing at nearby Coniston.

Wilbert Bush told police he did not see the train as he approached the crossing.

The train hit the front of the truck and pushed the vehicle off into a ditch.

Plane With 13 Reported Missing

TUCSON, Ariz. (AP) — A Davis-Monthan U. S. Air Force base C-47 with 13 men aboard has been unreported since 9:51 p.m. MST Monday night, the base announced today. It is feared down in California.

Base officials said the plane left Davis-Monthan here at 8:25 p.m. with sufficient fuel to last eight hours.

The plane reported from over Palm Springs, Calif., at 9:51 p.m. and has not been heard from since.

Mosher Denies Any Split Between Unions

ATLANTIC CITY, N.J. (CP)—A. R. Mosher, president of the Canadian Congress of Labor, said today there is no split between national and international unions in the CCL.

Past fears of international unions on the part of the Canadian bodies now have been entirely removed, Mr. Mosher said in an address prepared for delivery before the Congress of Industrial Organizations convention.

His 370,000-member organization was formed in 1940 out of an amalgamation of Canadian unions and CIO affiliates. Mr. Mosher's own Canadian Brotherhood of Railway Employees was the largest of the national unions involved. From time to time, there have been reports that national union leaders felt the CIO bodies were trying to snatch too much power in the CCL.

NO LONGER WORRIED

"There was a time," the CCL president said today, "when the national unions in Canada had some fear of CIO unions. As a chief executive of one of the national unions, I had misgivings myself, but they no longer exist.

"Of course, there are differences of opinion between unions and individuals, and there probably always will be, but those differences are not between national and international unions as such."

Trend Reversed On Securities

OTTAWA (CP) — Reversing the trend of last year, Canada ended the first nine months of 1952 with a purchase balance of $55,700,000 in international trade in securities.

The bureau of statistics reported today that this purchase balance compared with a sales balance of $58,000,000 during a comparable period last year.

The purchase balance during the third quarter climbed to $59,000,000 from $14,000,000 in the second quarter which more than offset net sales of $8,000,000 during the first quarter of the year.

The purchase balance dropped to $13,800,000 in September from $19,800,000 in August with net purchases from the United States again outweighing net sales to the United Kingdom and other countries as in July and August.

Charges Reds Double East German Forces

LONDON (AP) — Britain accused Russia Monday night of nearly doubling the size and firepower of a modern East German land, air and sea force within the last six months.

A press statement issued by the foreign office said the East German "People's Police" (Bereitschaften) now is developing into a well-organized force with modern weapons closely supervised by Soviet officers.

The statement constituted a warning that rearmament of Western Germany is vital to the defence against the threat of Communist aggression.

Woman Tops

(Continued from Page 9)

EARLY LEAD

The only woman candidate in the field of six, she was first in 21 of the 63 polling subdivisions (including the advance poll), and she was tied for first place in three others. Her pluralities were consistent rather than large and she maintained her lead as soon as the first few polls, reporting shortly after 7.30 p.m., had established a trend.

The other Board of Education trustees whose terms expire at the end of the year decided not to run for the 1953-54 terms. Dr. Honey and Frank Jobbitt, both veterans on the board, dropped out of the running.

Contesting the vacancies were Messrs. Porter, Low, Humphrey and Dr. Whyte.

Mr. Porter had served for four years on the advisory vocational committee, a non-elective post, so he is acquainted with the vocational side of secondary school affairs. He has two children attending school.

Mr. Low, father of two children of school age and a barrister in Peterborough for 20 years, had not previously tried for the School Board. Nor had Dr. Whyte who is a one-time schoolteacher with three children attending Peterborough schools. In pre-election address Dr. Whyte said he thought his medical knowledge might be of some help to the board in making their decision whether or not to amalagamate their health services with those of the Board of Health.

He also stressed the importance of good teacher-trustee relations.

Mr. Humphrey was one of three candidates sponsored by the Peterborough and District Labor Council (CIO-CCL). He is the president of the council. Though he has no children of school age, he has taken an interest in educational affairs.

Other members of the board who have still a year of their two-year terms to run are: Mrs. Ann Rowell, G. Wilson Craw, Arthur Pitchford, Stanley Adamson and Charles Huffman.

Death Plunge

NEW YORK (AP) — Police said a 15-floor death plunge of a 16-year-old youth Monday night apparently occurred after he slipped on a highly-polished floor at his home and tumbled over the low sill of an open window. The boy was Stephen W. Ordway.

Red Sullivan And Ike Hildenbrand Tied For Second Place In Scoring

NEW YORK (AP)—Rookie linemates Guyle Fielder and Marcel Bonin of the St. Louis Flyers share the lead today in the American Hockey League's scoring race at 26 points each.

Fielder, undisputed leader for four weeks, sat out his team's two games during the week because of injuries. Bonin picked up five points to tie his team-mate for top honors.

Ike Hildebrand of Cleveland Barons and George (Red) Sullivan of Hershey Bears are tied for second place, one point behind the co-leaders at 25 points apiece. Arnie Kullman of Hershey is fifth with 23 points.

Hildebrand tops the circuit in goal-getting with 14 and Sullivan and Bonin are co-leaders in assists with 20. Frank Sullivan of Pittsburgh leads in penalties with 48 minutes.

Johnny Bower of Cleveland is the loop's leading goalie with a 2.41 goals-against mark. Bower and Syracuse's Gor[illegible] Bell are tied for the lead in shutouts at three each.

Standing

	W	L	T	F	A	Pts.
Cleveland	12	5	0	74	41	24
Hershey	11	9	0	64	58	22
Pittsburgh	10	8	1	60	49	21
St. Louis	9	10	0	60	64	18
Syracuse	9	10	0	50	51	18
Providence	8	10	1	53	69	17
Buffalo	5	12	2	43	72	12

ROTARIANS PLAYED HOST to 104 district 4-H Farm Club members on Monday who were addressed by Dr. Norman High, of OAC, Geulph. Shown with Dr. High, left, are, left to right: Neal Whitfield, owner of a Queen's Guineas calf at the Royal Winter Fair; Rotary president Bob Maybee; club leader John Edmison, of Smith township; high girl in West Peterborough Dairy Calf Club, Barbara Mann; seven-year member of calf clubs Mary Wood, of Douro; top boy in both Peterborough Dairy Calf Club and Grain Club, Archie Davidson, of Otonabee.—(Examiner Staff Photo).

Place Of Farming In Past And Future Outlined

Where the rights involved in land ownership are destroyed civilization falls, Dr. Norman High, director of Associate Courses of the Ontario Agricultural College, Guelph, said at the Rotary luncheon meeting Monday.

Dr. High gave a brief outline of the place of farming in the past, present and future of civilization in his address.

"The beginning of civilization as we know it started when the first group of people decided against the nomad life, and settled down and stayed put to develop the land," the speaker said.

He explained this new system of life brought land ownership and all its involved rights—the rights to exploit, sell, rent and bequeath.

BEQUEST

"This is our heritage, this ownership of land and all it involves in the rights of the individual. When thees rights are destroyed our civilization falls."

Dr. High explained that modern day farming presents a challenging problem. The farmer must cultivate his land and at the same time conserve it. In addition he is also faced with problems which are the results of living in the flexible end of economy.

As an example, Dr. High pointed out that a farmer may have to sell a crop of potatoes at one-half the previous year's selling price. Yet he can't lop off one-half of his costs of growing the potatoes.

Another development of modern farming the speaker discussed was the family picture in agriculture.

DEPEND ON FAMILY

"The trend shows that we are becoming increasingly dependent of the family unit to get the job done," he said. "There is a tendency towards larger farms, higher capital investment, and fewer hired men. I predict that this trend will increase."

In his concluding remarks, Dr. High stressed the importance of preserving the family structure in agriculture.

"Only by this preservation of this family structure will the job of agriculture be carried out as it should be," he said. "Pay respect to the people vitally interested in this industry, in its social and cultural as well as its technical phases."

Dr. High was introduced by Frank Paterson and was thanked by Harold Johnson.

The Rotary Club was host to 104 members of the 4-H Club of Peterborough County. The guests were welcomed by Mr. Paterson.

Two new members were introduced to the club, Major Horace Roberts of the Salvation Army was introduced by E. C. Braund, and Robert Carley was introduced by E. L. Sackville.

Says Ont. Grants Keep Tax Down

TORONTO (CP)—Premier Frost says provincial grants to municipalities are helping to keep down taxes on real estate.

Speaking Monday at the opening of a 10,000,000-gallon water filtration plant in suburban Scarborough he said that, in the 10 years since he became provincial treasurer, the amount Scarborough receives from the province has increased 677 per cent to $375,778 a year. This was exclusive of school grants, up 600 per cent.

"These tremendous sums, common to municipalities across Ontario, have substantially supplemented the work of municipal councils," the premier said.

Oshawa Gets

(Continued from Page 6)

biscuit past Delahaye, who had no chance. Links' defence looked weak on this marker. O'Connor, on a fast breakaway wound up the home scoring when he rushed up to draw Delahaye and fired into the open cage. MacDonald and Wilson then drew minors, but no damage resulted. At the three-quarter mark, Lowe miscued, and on a mad rush reliable Bill Twist clicked near the goalmouth on a neat passout from partner Coyle. Oddfellows continued to try hard but were unable to overcome their early deficit; and had to taste defeat after a hard battle.

IOOF — Goal, Delahaye; defence, Clapper, Wilson; centre, Twist; wings, Coyle, Ferguson; alternates, McCracken, Gardner, Floyd, MacDougall, Doris, Robinson, Morrow.

Oshawa — Goal, Chirka; defence, Davis, Lowe; centre, MacDonald; wings, Lawrence, Wodnisky; alternates, Boneham, Piontek, O'Connor, Woodcock, MacLellan, Rorabeck, Myles, Chant.

Referees: J. Crombie; W. Reason.

First Period

Oshawa—McDonald 1:40
Oshawa—Lawrence (MacDonald, Wodnisky) 2:11
Oshawa—Woodcock 12:45
Penalties—Davis, Coyle, O'Connor.

Second Period

Oshawa—O'Connor (Myles) 3:47
IOOF—McCracken (Doris, Wilson) 8:53
IOOF—Floyd (Smith, Robinson) 9:39
Oshawa—Lawrence 10:37
Oshawa—Boneham (O'Connor) .. 13:37
IOOF—Morrow (Twist) 19:40
Penalties—Lowe, Rorabeck, Coyle, Wilson.

Third Period

Oshawa—MacDonald (Lawrence) 5:04
Oshawa—O'Connor (Boneham) . 7:30
IOOF—Twist (Coyle) 16:25
Penalties—Rorabeck, Wilson, MacDonald, Lowe, MacDougall.

St. Peter's Football

(Continued from Page 6)

Massachusetts. There, he said, as many as 350 boys tried out for the team and games draw as many as 15,000 and 20,000 to a game.

Mr. Sullivan recalled how he was picked up by Notre Dame, how he was forced to attend prep school for higher academic standards, and then finally Notre Dame. After he told a little about football at Notre Dame, the boys realized that there is much more to football than they see in high school.

His Excellency Bishop Gerald Berry told the boys that "football is a form of school" because "it teaches you to use your heads."

Bishop Berry said that football is a part of education, keeping the players in shape in various ways, "not only in strength but in the upper storey, too." He added that people "need exercises all over, from top to bottom."

Other speakers were the Rev. Monsignor P. P. Butler and Dr. Donald Aitken, president of the Orfuns' football club.

MOST VALUABLE

Highlight of the banquet for the players were the selections of the most valuable player of the senior and junior teams. Hard plunging Carl Brioux, who led the senior Saints for the past three seasons, received the senior award from donor T. J. Cavanagh, while quarterback John Hickey, guiding light of the junior Saints, received the Key Club Trophy from Jim Feeley, club president.

During his brief address, Bishop Berry announced that Brioux, by winning the Cavanagh Trophy three successive times, could keep the trophy permanently.

Several tributes were paid to Coach John Lynch's work this year with both teams, but the most significant was a presentation by John Hickey and Jack Richardson, representatives from the junior and senior teams. It was made in appreciation for the work he has done this season with the boys.

In closing, Mr. Hull thanked the Catholic Women's League for their co-operation.

WATERFIELD THROUGH

LOS ANGELES (AP) — Bob Waterfield, veteran quarterback and bellwether of Los Angeles Rams, announced Monday he will retire from professional football at the end of this year. The 32-year-old Waterfield—who has been supplanted by Norman Van Brocklin as the team's main spark—said he will finish the season, then hang up his pads for good.

Dodgers Seek 3-For-2 Deal

By JOE REICHLER

PHOENIX, Ariz. (AP)—Brooklyn Dodgers have prepared a pair of three-for-two package deals involving top-flight players in an effort to obtain either Warren Spahn of Boston Braves or Curt Simmons of Philadelphia Phils, it was learned today.

Recognizing the need of a starting southpaw pitcher to go along with old Preacher Roe in defence of their National League championship, the Dodgers are willing to give up "regular players" for either of the pitchers, generally recognized as the best lefthanders in the circuit.

The Brooks have these package deals to offer:

1. Outfielders Carl Furillo, Andy Pafko and third baseman Billy Cox to the Braves for Spahn and outfielder Sid Gordon or:

2. First baseman Gil Hodges, Furillo and Cox to the Phillies for Simmons and outfielder Del Ennis.

WANT SPAHN NOW

Spahn is the man the Dodgers covet the most despite his comparatively poor 14-19 won-and-lost record last season. The 30-year-old southpaw failed to notch 20 or more victories for the first time in four years in 1951, but topped the circuit in strikeouts for the third successive season with 182. Simmons, 23, posted a 14-8 record including six shutouts and is far from his peak as a big winner.

Pafko enjoyed a successful season with a .287 batting mark that included 19 home runs. He will be 32 in February, a year older than Furillo, whose batting mark dropped to .247. Carl, however, is regarded as one of the best defensive flychasers in the league and is possessor of the most accurate arm in the majors.

GLOWING REPORTS

Glowing reports on Don Hoak, a kid third baseman brought up from Montreal for next season, make Cox expendable. Experts regard Hoak as the equal of Cox in the field. That is high praise, indeed, since the 33-year-old Cox is rated the top fielding third sacker in the league.

Hodges, Brooklyn's leading slugger the last three years, has been mentioned in every trade rumor involving the Dodgers. The first baseman walloped 32 home runs but slumped in the final month of the campaign and was handcuffed without a hit in the world series.

GOLF RULES UNCHANGED

ST. ANDREWS, Scotland (AP)—After a year's trial of the uniform international code of golf rules, the Royal and Ancient Club—ruling body of golf in Great Britain—has announced no changes are planned for 1953.

USC FOR ROSE BOWL

LOS ANGELES (AP)—The University of Southern California was chosen Monday to represent the Pacific Coast Conference in the Rose Bowl game against Wisconsin on New Year's Day. The official choice was regarded as mere formality after the Trojans clinched the conference grid crown by defeating UCLA, 14-12 on Nov. 22.

+ + +

BACK TO THE RING?

LONDON (AP)—Freddie Mills, former world light-heavyweight champion, said Monday there's more money to be made boxing than promoting in Great Britain and as a result he is toying with the idea of staging a comeback. Mills, 33, retired three years ago after losing his title to Joey Maxim of Cleveland, O. Since then he has been promoting.

Players Sour On Little Mo

MELBOURNE (AP) — Some of Australia's women tennis players are a little sour on Maureen Connolly, the 18-year-old United States champion, for not practising with them. And they're a little envious, too.

They are also annoyed at Harry Hopman, Aussie Davis cup captain who has been giving her tips.

None of the Australian girls would allow herself to be quoted by name but one said:

"I wonder if our Davis cup coach has ever considered spending a bit of time with some of our own girls."

HAVEN'T MUCH CHANCE

Another commented:

"We know little MO is out of our class, but I thought she was here to improve our standard of tennis. We might if we had an opportunity of practising with her. Most of us have not even been introduced to her."

Maureen defended her actions.

"We are down here to improve our tennis," she said. "We are prepared to wait until any hour to get to practise with the Davis cup players. Local girls do not practise as much as we do. I went out to practice with one of the local girls and after a quarter-hour she said she was too tired to go on any more."

On the subject of Hopman's coaching, she said:

"He has helped all the players."

70,000 Fans Give Eskimos Big Welcome

By JIM PEACOCK

EDMONTON (CP) — Edmonton Eskimos, by their own admission, gave Toronto Argos the Grey cup, but Edmonton gave the Eskimos its heart.

The gridiron heroes were paraded through downtown streets Monday to the cheers of an estimated 70,000 persons.

The city smothered its football woes in a blanket of snow and went all out to warm the 15-degree temperature with the greatest spontaneous spectacle ever accorded an Edmonton sports club.

Traffic was tied up long before Eskimos' special plane landed. Throngs of fans, among them 25,000 school children who had a special holiday, huddled in parkas and mittens in the streets, on the rooftops. They hung out of windows and perched on lamp posts all along the 20-block parade route.

COULDN'T HOLD THEM

Police lines couldn't hold them. Coach Frank Filchock and his assistant Joe Aguirre went by in the first car. Shouting fans swarmed the street. Children climbed bumpers to get autographs.

Ovations rang out for all, especially Rollie Miles, Normie Kwong, Claude Arnold, Rod Pantages and Jimbo Chambers.

Kwong, the "China clipper" who scored both Eskimo touchdowns at Toronto Saturday, summed up the team's feelings: "Just terrific, terrific," he said.

All Edmonton seemed to harmonize with a ladies' curling group banner—"Eskimos, you darlings."

BROWNIE HAWKEYE FLASH OUTFIT $15.75

All in one for twice the fun. Here's everything needed to make flash shots indoors . . . crisp snapshots outdoors. Includes Brownie Hawkeye Camera (Flash Model), Flasholder with guard, film, flash lamps, batteries, helpful booklet. Camera only, $8.25.

KODAK DUAFLEX FLASH OUTFIT $24.50

Another smart kit for "round-the-clock" snapshots. Includes Kodak Duaflex II Camera (Kodet Lens) plus everything else you need for snapshots night or day . . . indoors or out: Flasholder with guard, film, flash lamps, batteries, booklet. Camera only, $16.75. *De luxe* Outfit, $36.00.

A Kodak Camera is 3 exciting gifts in 1

1 It's a black-and-white camera
2 It's a color camera
3 It's a "flash" camera

It's little wonder that a modern Kodak camera makes such an appropriate gift. Day or night . . . any time . . . anywhere . . . it's always ready to join in the fun. And it "remembers" it all . . . *every bit of it* . . . in the wonderful pictures it makes . . . black-and-white or beautiful full color . . . exciting true-to-life flash shots, too.

This Christmas, you'll make someone's home a happy home indeed—if you give a Kodak camera.

Canadian Kodak Co., Limited, Toronto 9, Ont.

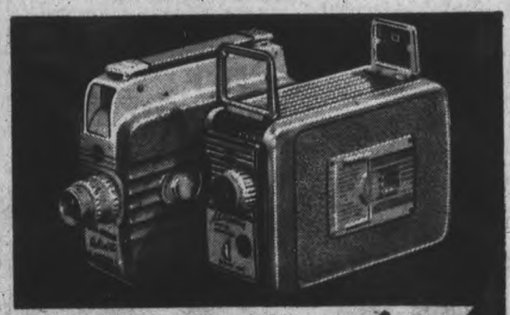
For happy holiday snapshots . . . a Christmas gift of Kodak Film to every picture taker on your list

KODAK TOURIST II CAMERA, Kodet Lens $29.00

Slim and compact enough to slip in a pocket. Gets good big pictures, too. Up to the minute in style, simplicity, versatility, it's Kodak's famous folding camera. Other models available up to $103.00. Flasholder with guard, $9.25.

KODAK PONY 828 CAMERA $35.75

Popular low-priced color camera. Gets color slides for projection or prints; black-and-white and Kodacolor snapshots, too. Fine f/4.5 lens, 1/200 shutter. "Pony 135," for 35mm. films, $41.00. Flasholder with guard, for either model, $9.25.



BROWNIE MOVIE CAMERA 8mm. *(right)* $50.00. Makes full-color or black-and-white movies as easy as snapshots.
CINE-KODAK RELIANT CAMERA 8mm. *(left)* $97.00. Regular movies, slow motion, too. Accepts telephoto lenses.

"Who'd believe I was ever embarrassed by PIMPLES!"

New! Scientific Medication

'STARVES' PIMPLES

SKIN-COLORED HIDES PIMPLES WHILE IT WORKS

Clinical Tests prove 9 out of 10 cases cleared up or definitely improved

At last! A new medication called CLEARASIL has proved so effective it brings entirely new hope to pimple sufferers. In clinical tests on 202 patients, 9 out of every 10 cases were cleared up or definitely improved.

AMAZING STARVING ACTION. CLEARASIL is greaseless and fast-drying in contact with pimples. Starves pimples because it helps remove the oils* that pimples "feed" on. *Antiseptic*, stops growth of bacteria that can cause and spread pimples.

INSTANT RELIEF from embarrassment because CLEARASIL is skin-colored to hide pimples. And CLEARASIL is greaseless, stainless . . . pleasant to leave on day and night for uninterrupted medication.

THOUSANDS HAIL CLEARASIL. So many boys, girls, adults have found that CLEARASIL works, it's become the largest-selling specific medication for pimples in America.†

Reader's Digest reported on clinical tests using CLEARASIL type medication.

GUARANTEED to work for you as it did in clinical tests or money back. Only 69c. Get CLEARASIL at your neighborhood drug store today!

*One activity of certain oil glands is recognized by authorities as a major factor in acne.
†According to actual store surveys.

German Charts Of Canadian Coast Revealed Superior Knowledge Of Waters

By DOUGLAS HOW
Canadian Press Staff Writer

OTTAWA (CP)—The Canadian navy seized a German submarine at the end of the Second World War and made an embarrassing discovery — the Germans knew more about Canadian coastal waters than Canadians.

Their charts left no doubt of that. It was information the Germans had been cashing in on, too.

Nazi U-boats, the navy suddenly realized, had lurked on top of subsurface layers of water, had hidden in nooks and crannies of the Atlantic the Canadians didn't even know existed. The same layers bent the asdic beams the Canadians used to try to pinpoint the enemy.

WORKING IN DARK

"It was like trying to run an air force without knowing much about meteorology," an official says.

One of the big assignments given the post-war defence research board was the elimination of that ignorance. After several years of intensive study, teams of oceanographer and hydrographers, spearheaded by DRB, have roughed in charts that tell much about the character and constitution of the waters off both Canadian coasts.

They have learned, among other things, that the gulf stream, the great current that runs through the Atlantic ocean, swings like a giant cable in the depths south and east of Nova Scotia. They're still after more detail to fill in their charts.

This long-range attack is one of numerous major studies assigned to DRB, either to do itself or to correlate the work of other departments.

BIG UNDERTAKING

Five years old and steadily expanding, this scientific arm of the defence department—along with the three armed forces' own development projects—has blossomed into a $42,000,000-a-year business charged with keeping Canada abreast of the advances of military science.

Its headquarters are a small fortress within defence headquarters itself, a hush-hush fortress where rigid security laws prevail. Under Dr. O. M. Solandt, a 44-year-old physiologist, it is the pivot of Canada's international bargain in military science.

By that bargain, Canada specializes in certain fields and turns her successes over to her Allies. She relies on those Allies to protect her in other fields, notably atomic weapons.

NOTABLE ADVANCES

For her part, Canada has developed these weapons and equipment which have either been adopted by Atlantic Pact Allies as standard or are reported likely to be:

1. An anti-tank shell called the "Sabot," now in production. DRB has become so intrigued by the "Sabot" principle that it is likely to show up in other shells. The technique is to sheathe the real shell in a larger outer casing to give greater initial velocity. Once in flight, the casing drops off, resembling an old Dutch shoe or sabot.

2. A flamethrower nicknamed the Iroquois which spews a deadly stream of fire much farther and more accurately than its wartime predecessor, costs much less to make and is easier and better to handle.

3. The best snowmobile available for arctic travel as well as certain items of arctic clothing including the parka.

4. A walkie-talkie wireless set with a radius of one-mile for infantry use.

Both the first two projects are primarily developments of army experts.

NEW-TYPE BAZOOKA

DRB has a new-type bazooka just about ready for anti-tank field trials by the army, a weapon said to be far more accurate and just as deadly as the 3.5-inch U.S. bazooka now in use in Korea It, too, may get into international use.

An air-to-air guided missile for RCAF fighters has passed through the early phases of development and is progressing satisfactorily. Canada is benefitting from work by her Allies but is aiming at an anti-bomber missile far faster than the speed of sound—roughly 750 MPH—and which will be in some ways unique.

Important developments have been going on in other fields with DRB involved to a greater or lesser degree—the CF-100 jet fighter and Orenda engine, arctic clothing, much more powerful and effective radar, defensive work on gas and germ warfare that puts Canada in the frontline in this category, various types of human medical and operational research arising from the problems of war.

Since 1945, Canada has made her first full-fledged effort to know the Arctic. She has mapped it, manoeuvred military units in it, established air and weather bases and radio stations, wrestled steadily with the mysterious barriers the northern lights or aurora borealis throw up against radio communications.

The war on northern lights has finally reached the point where scientists predict that within a few years they will be able to send radio signals right through rather than skirting the obstacle.

SPAN CANADA

Strung across Canada and into the sub-Arctic are DRB's 11 research bases, topped by the chemical and bacterial warfare base at Suffield, Alta., and the Canadian armament research and development is the defence research nor- Que. Another important establishment establishment at Valcartier, thern laboratory at Churchill, Man. on Hudson Bay.

Out of CARDE come such things as the Sabot shell, the new type bazooka and the guided missile. Suffield remains largely a place of mystery, a half-million acres of Prairie steeped, in super-security as Canada makes studies for herse and Allies of the threats of gas and germ warfare.-

WATER STUDIES—Canada learned with embarrassment at the end of the Second World War that Germany knew more about Canadian coastal waters than Canada herself. Scientists have been working steadily since then to catch up. Here a Defence Research Board crew lowers a reflector target and a pressurized buoy into the Pacific to conduct underwater physics experiments.

Believes Canada On Threshold Of Great Advance

MONTREAL (CP)—B. C. Gardner, president of the Bank of Montreal, said Monday at the bank's 135th annual general meeting Canada stands "on the threshold of vast industrial anvance."

In an address prepared for delivery, he said four factors are of "fundamental importance to this country's future well-being." These were Canada's continued dependence on foreign markets, the recognition of productivity as the key to progress, the role that saving plays in a dynamic economy and the growing function of government in the economic and social order.

He said Canada's impressive industrial expansion has not made her less dependent on export trade. Much new industrial capacity was for "large-scale production of materials that will have to find external markets if the enterprises are to prosper."

VITAL INTEREST

As a result, the course of business in the United States was of "greater direct concern to us than ever before" and Canada also had a vital interest in the recovery of the dollar-purchasing power of overseas countries.

Canada could ill afford the competitive disadvantage that would result if the domestic level of prices should rise faster than corresponding prices in other major countries.

Mr. Gardner noted a steady growth in the demand of the community for civilian services provided by government and an increasing tendency to seek protection against the "ordinary hazards" of business.

He said "the services provided by government must be paid for out of the pockets of private citizens," and "increasing governmental costs can be a retarding influence of Canadian progress."

YOUR COLD Symptoms STOPPED In 24 Hours OR WE PAY YOU $1.00

No sniffles, no cough, no cold, no chills, no loss of time or illness—that's what Dr. Chase Brand Tablets must do for you IN JUST 24 HOURS!

At the very first sign of cold symptoms take 1 tablet. Take another every 4 hours up to a maximum of 4 in one day. If Dr. Chase Brand Tablets do not stop your cold symptoms in just 24 hours return the envelope of the small size or the direction sheet from the economy size to The Dr. A. W. Chase Medicine Co. Ltd., Oakville, Ont. Back comes $1.00 to you. Keep your family free of cold infections all winter with Dr. Chase Brand Tablets.

Won't Handle Guide Books With Racial Discrimination

OTTAWA (CP)—The director of the Canadian government travel bureau will have nothing to do with tourist guide books containing racial discrimination.

At the opening Monday of the three-day seventh federal-provincial tourist conference, D. Leo Dolan said it is the bureau's policy to avoid discrimination against any taxpayers of Canada because of racial origin.

He made his remarks after Tom C. McCall, deputy minister of Ontario's travel bureau, cited a guide book which he said discriminated against Jewish, Greek and Chinese establishments.

"It is the first I have heard of it," said Mr. Dolan, "but if that is so the government travel bureau will have nothing to do with its distribution."

Earlier Mr. Dolan praised the work being done by the Canadian travel bureaux at New York and Los Angeles in encouraging United States tourists to visit Canada.

Resources Minister Winters, through whom the travel bureau reports to parliament, said in his welcoming address that the federal government is launching a program to encourage Canadians to do their holiday travelling in Canada.

UK—Portugal Pact

LONDON (Reuters)—Britain and Portugal Monday announced a new pact for the exchange of vitally-needed materials in 1953. Portugal will send Britain tungsten ore and mining lumber, while Britain will supply Portugal with coal and tinplate, a joint communique said.

TODAY'S FEATURE HOME

In new residential area. East City, one block from new school. Corner hilltop lot 50' x 100 with plenty of room for garage. Nearly new semi-bungalow, three bedrooms upstairs, spacious L-shape living dining areas, roomy modern kitchen. Early possession, call

J. T. HOWELL, 2-3493 TO 10 P.M.

Residential

CALIFORNIA STYLE BUNGALOW
WEST LOCATION

$28,000—Beautifully landscaped grounds form the setting for this ultra modern home situated in a choice residential section. You will like the spacious living room with stone fireplace and indirect lighting, family size dining room, modern kitchen, three bedrooms, two bathrooms and attached double garage. Basement is beautifully finished with tile walls and floors and contains a full length recreation room complete with bar, bathroom, laundry room, furnace room and two store rooms. Each room has many built-in features which combined make this one of Peterborough's finest homes. For additional information and appointment to inspect, call,

WM. COCKS, 2-3493 TO 10 P.M.

MONAGHAN - BOLIVAR
BRICK—6 ROOMS—ATT. GARAGE

$18,500 — Beautifully appointed six roomed brick home of superb construction. There are three bedrooms with large four-piece bath finished in tile and chrome. A very modern kitchen which makes household duties a delight, family sized dining room, lovely bright living room with natural fireplace, breezeway connects the house and garage which has overhead doors and sun deck on top. This home is heated by Gar Wood air conditioning on 650 gallons of oil per year and is located on large well landscaped lot with every inch of the house and property in beautiful condition. Call,

DAVE MOORE, 2-3493 TO 10 P.M.

NORTH END
INVERLEA PARK DISTRICT

$15,800—This solid brick 10 room house is located on a large well landscaped lot 90' x 100'. Enjoy this spacious living room 30' x 15' overlooking Inverlea Park and the river. Large living room, sparkling modern kitchen and 1-piece bath on the main floor. Upstairs features 4 large bedrooms, sewing room and large glassed in porch. Three piece bath and balcony leading off master bedroom. There are many other features, hot water heating with new Vortex oil burner and paved driveway to garage. Terms arranged, so be the first to call,

C. B. HAGERMAN, 2-3493 TO 10 P.M.

Farm Property

150 ACRES OF
ENNISMORE'S BEST

$7,500—Full price for this good fertile farm only ten miles from the city on a good country road. There are 100 easily workable acres with 20 acres of bush and 30 acres of pasture. The large barn with cement floor will tie 18 head and has heavy duty hydro. A good sized 6-room insul-brick house is situated close to the road. Other features are, ½ mile to school, taxes only $96. New seeding on 25 acres, most fall plowing completed. Ill health only reason for selling. Immediate possession and terms arranged. Please call,

HERB PULLYBLANK, 2-3493 TO 10 P.M.

ERE SNOW WILL FLY
THERE'S TIME TO BUY

$6,000—Full price for this 100 acre farm, 75 workable. Some of the best clay loam soil in the district. On a good road within easy driving distance of the city. A good barn which can tie 18 head. Hydro in both house and barn. Two storey large stone home. Sickness is the reason for selling. Terms can be arranged. Call

SID HARDING, 2-3493 TO 10 P.M.

Building Lots

WOULD YOU LIKE
A LOT FOR CHRISTMAS?

$850—Will buy these two lots 130' by 123'. Fronted on Communication Road, off Fairburn St. in north west section. For information call,

J. T. HOWELL, 2-3493 TO 10 P.M.

Residential

NORTH END
HIGH AND DRY

$9,000 — Just $2,500 and move right into this neat, almost new brick bungalow. There is a lovely big bright 15 x 20 living room, 2 good bedrooms with lots of closets and a modern kitchen and bath. Laundry tubs, oil hot air heat and a partially finished recreation room in the high basement. A large attractive park just across the street. Immediate possession. Call

IT'S A BULLET — Among scientific experiments being conducted by the Defence Research Board is the checking and photographing of the speed and flight of various missiles. A device at Valcartier, Que., takes a flash shadowgraph of a bullet leaving the muzzle of a .303 rifle. Ahead of the bullet is a cloud of air pushed out of the bore by the bullet's rush. Around the base of the bullet are expanding powder gases. The black, string-like mark just sneaked in. It is the copper wire used to trip an electric flash lamp.

MP Would Answer Charges In Book Against Mr. King

OTTAWA (CP)—A Liberal backbencher said in the Commons that it is "unfortunate" no one has answerd charges against the late W. L. Mackenzie King in Bruce Hutchison's book "The Incredible Canadian."

George Murray, member for Cariboo constituency in British Columbia and long-time supporter of the former Canadian prime minister, said Monday he was "shocked" by some of the statements in the book and by the fact that "nobody rose to deny them."

The book, he said, told of a mutiny in the army against Mr. King during the last war. Mr. King was referred to at different points as a "lord high executioner," a "grasping little man," an "old spinster," a "liar," and a schemer.

"One would almost think he was a monster from reading the book," said Mr. Murray.

As a follower of Mr. King, he had found the late prime minister to be a "great humanitarian; a stout defender of the poor, a diplomat, a negotiator; a modest man, simple in his habits."

$4,000 Feet

HAMILTON (CP)—Theft of about $4,000 in cash and cheques from an east end home during the weekend was revealed Monday by police. Wesley J. Jeandron told police the money was taken from a kitchen drawer. Some $2,800 was in cash and the remainder in cheques.

Kidd Pleads Guilty

OTTAWA (CP)—David Kidd, 25, Kingston penitentiary escapee recaptured here two weeks ago, in magistrate's court Monday was remanded to Friday for sentence. He pleaded guilty to two charges of breaking and entering and theft. Kidd already awaits sentence on three charges of breaking and entering and one of escaping custody. He pleaded guilty last week.

PPCLI Men Due Home

VANCOUVER (CP)—Some 600 members of the 1st battalion, Princess Patricia's Canadian Light Infantry, will arrive at Seattle Thursday from Korea, the army announced here Monday night.

RHEUMATIC PAIN
Can Be Costly!

"This winter I had to quit work because of rheumatic pain," writes Mr. T. Glofcheskie, Wilno, Ont. "I became fearful of being laid up as on a previous occasion with rheumatic pain. My pain became increasingly severe and spread from hip to ankle. Out of bed, the leg felt cold as though in cold water, so I stayed in bed. A friend persuaded me to take T-R-C's and I'm glad I did. In a short while I was relieved of my pain and was soon on the job again."

Don't suffer from Rheumatic or Arthritic pain. Take Templeton's T-R-C's—Canada's LARGEST-SELLING proprietary medicine to bring quick relief from such pain. Only 65c, $1.35 at druggists. 1-848

Senator John Haig Predicts Election Held October 12

OTTAWA (CP)—Senator John T. Haig, self-styled election star-gazer says the Liberal government will go to the country Monday, Oct. 12, 1953. That was the word the 75-year-old Progressive Conservative Senate leader gave his colleagues Tuesday. And he was right once before. Some months before the last election he picked the exact date—June 27, 1949. Senator Haig admitted, however, he might be wrong this time. Many government supporters would like a May election and one must be set by mid-August, 1954. But he said he believes Prime Minister St. Laurent too smart politically to plunge the country into election turmoil just prior to the Coronation.

He expressed assurance of one thing. The next election would not produce any "one-sided government" as in the present House of Commons. The Liberals now have 183 of the 262 seats.

NOT ONE-SIDED

"It may be Liberal, it may be Progressive Conservative, it may be CCF, it may be Social Credit or no one may have a majority at all," said Senator Haig. "But it will be no one-sided government, which we had in the last election."

One-sided governments were no good for the country or the parliamentary system.

He also expressed doubt about the government spending millions for armaments which might be obsolete in five years. And he did not think Canadians should depend too much on the United Nations to solve world problems.

His Senate speech was the highlight of a parliamentary day which found the Commons still engaged in the lengthy throne speech debate on subjects ranging from Commonwealth trade to politics and the rail wage dispute.

CRITICIZES RAILWAYS

John Sinnott, Liberal member for the Manitoba constituency of Springfield, criticized the non-operating rail unions for not accepting a 16-cent-an-hour pay increase recommended by a federal conciliation board in the present wage dispute. The railways have accepted the recommendation.

Mr. Sinnott said he intends to introduce a private bill asking the government to ban labor strikes for a two-year period. With both the cost of living and farm prices dropping, it was time labor unions realized "they have to be honest and fair with the rest of the country."

Dr. Pierre Gauthier (L—Portneuf) said the Progressive Conservatives have one policy for Quebec and one for other parts of the country. He said he saw George Drew, Progressive Conservative leader, applaud speakers in Quebec province who opposed immigration, favored a national flag without the union jack and who demanded withdrawal of Canadian troops from Europe.

SENATOR JOHN HAIG

(Continued on Page 2)

Canada's Exports Reach All-Time High

OTTAWA — (CP) — Canada's exports during the first 10 months of 1952 climbed to an all-time high of $3,558,500,000, the bureau of statistics reported today.

This was a jump of more than $350,000,000 over last year's 10-month total of $3,193,900,000, with most of the gain resulting from increased shipments to overseas Kingdom.

Federal trade officials predict that at the current rate, exports for the 12 months of 1952 will score a new high, surpassing last year's $4,000,000,000 total.

Shipments were higher than 1951 in every month with the exception of July and August, the bureau said. Exports during October increased slightly to $377,800,000 from $375,600,000 in October, last year.

VOLUME UP

The big 1952 jump in exports, said the bureau, resulted mostly from an increase in volume. Prices had been easing slightly for almost a year, but during October the decline halted, partly because of a slip in the premium exchange value of the Canadian dollar.

Prices for the first 10 months of 1952 averaged about the same as last year, but volume jumped 12 per cent.

October's developments indicated that Britain, which had been buying heavily in the Canadian market earlier this year, was beginning to tighten her purse strings.

Exports to the United Kingdom for the 10-month period totalled $630,000,000 compared with $511,900,000 in the corresponding period of last year. Exports to the United States in the same period were $210,900,000 against $210,800,000.

Ferut Tackles Seaway Problem

TORONTO (CP) — Ferut, the electronic computer installed at the University of Toronto by the defence research board and the national research council, will tackle problems relating to the St. Lawrence seaway sometime in 1953, it is reported.

The answer to the problem, which will require two months of intricate mathematical preparation before the machine can handle it, will cost the Ontario Hydro Electric Power Commission $1,000.

The calculator now is out of order, awaiting arrival of a new generator from Great Britain. Its only action so far has been on warm-up problems and a month-long game of checkers with H. Strachey, British computation expert, which was a draw.

When the machine gets back in action it will tackle a backlog of problems which have poured in from all over Canada.

Fierce Battle Rages For French Stronghold

HANOI, Indo-China (AP) — A fierce battle for the French stronghold of Na San still raged last night as Communist-led Vietminh rebels threw hordes of shrieking infantry at the encircled airstrip town.

An official communique said the black-clad Vietminh troops thus far had not succeeded in holding any outposts ringing the key defence point, 117 miles northwest of Hanoi. Early estimates said at least 535 Vietminh troops had been killed in assaults on the French fortifications.

Since last week, the Vietminh has thrown waves of attacks at Na San. Five thousand rebel troops Sunday won two hilltops overlooking the town from Thai infantry but were driven off both before daylight the next day.

The violence of the assaults on the Na San defences indicated the Vietminh would pay any price to defeat the thousands of Thai and French Union defenders.

Sleet Storm Blamed For 14 Deaths In U.S.

CHICAGO (AP) — An early December downpour of snow, sleet and rain today was blamed for at least 14 deaths in a wide area of the United States.

Snow-covered, icy and wet highways slowed traffic in many sections of the country and there were hundreds of accidents. Rain was general as far south as Georgia.

Second Gold Robber Gets Penitentiary Term

SUDBURY (CP)—A second man today received a penitentiary term for his part in the theft last May of $90,000 in gold bullion from a baggage-cart on the platform of the Sudbury railway station.

Jack Meldrum, 35, of London, Ont., pleaded guilty in court today to charges of gold theft, carrying a concealed weapon, and of having possession of $3,800 in counterfeit money.

He received five years on each of the first charges and three years for the latter. Sentences will run concurrently.

A former baggage-porter for the Canadian Pacific Railway, Clifford Buckley, 39, of Minnow Lake, recently was given three years for his part in the gold theft.

Railways Have No Reserves In Case Of War—Gordon

OTTAWA (CP) — Donald Gordon, president of Canadian National Railways, said today the railways have no reserve of rolling stock and facilities to accommodate quickly the enormous expansion of traffic that would follow an outbreak of war.

In an address prepared for delivery before the Canadian Club here, Mr. Gordon said realistic planning —beyond the competence, control or responsibility of railway management —must recognize rail transportation as the backbone of a Canadian defence effort and give the railways at least as much encouragement and sympathetic assistance as is given to defence industry generally.

"To deny the railways the right to earn a subsistence level of revenue would be foolish at any time," he said. "To do so in this uncertain state of world affairs could well be tragic.

"The railways must be ready to demonstrate their unique capacity for efficient mass transportation—the movement of troops and the evacuation of whole populations from a threatened area.

"Now is the time to plan for mass movements on an emergency against that disruption of essential services which will be among the first objectives of enemy action.

"I think it fair to say that the railways are called upon to underwrite and guarantee the transportation requirements of this country. This quality of being indispensable ought to ensure the railways a steady popularity.

"Actually, rail transport tends to be regarded as a stand-by for use in emergencies or when highways are blocked and planes are grounded. In this sense, the railways have a considerable number of foul-weather friends."

Mr. Gordon said lack of traffic density is the principal reason why Canadian railways have not copied the example of United States roads in operating gleaming streamliners.

"I am not prepared to concede that our Canadian trains are, on the average, inferior to American trains, and in terms of passenger comfort and convenience I have ample evidence to support the conclusion that our new equipment ranks among the best to be found on this continent . . ."

Czechs Hang 11 Officials To End Purge

Former Red Leaders Punished As Traitor Group

VIENNA —(CP)— Rudolph Slansky and 10 other Czechoslovak Communist leaders convicted less than a week ago were hanged in Prague today bringing to an end the biggest Red purge since the dread Moscow trials of 1936.

Prague radio announced the executions of the 11 Red leaders, once trusted servants of the Kremlin. They were sentenced Nov. 27 to die as confessed traitors who obediently admitted they led a "Zionist, Trotskyite" plot to overthrow the pro-Moscow Czech government they helped take over in the 1948 coup.

OTHERS EXECUTED

Those who died with Slansky, the Czech party's former secretary-general and hatchetman, were:

Vlado Clementis, former Czech foreign minister;

Bedrich Geminder, former head of the Communist party's international section and Kremlin spokesman in Prague;

Otto Sling, former deputy secretary-general of the party;

Ludvik Frejka, former head of the state economic commission;

Bedrich Reicin, an ex-general and former deputy defence minister

Otto Eischl, former deputy finance minister;

Rudolf Margolius, former deputy trade minister;

Andre Simone, former editor of the Czech Communist newspaper Rude Pravo;

Josef Frank, formerly Slansky's deputy and a member of the party's praesidium;

Karel Svab, ousted last year as deputy minister of state security.

The other three defendants in the mass trial were given life sentences. They were Arthur London and Vavro Hajdu, both former deputy foreign ministers, and Evzen Loebl, former deputy foreign trade minister. The court said Loebl had implicated the rest of the ring after his arrest in 1949.

CZECHS HANG

(Continued on Page 2)

Three Children Like Animals

TORONTO (CP)—A Toronto paper in a newspage story today told of three children "so little loved at home that they developed serious personality disturbances and were unable to speak." They communicated by grunts and gestures.

The story identified the three only by their first names, Blanche, 6, Margaret, 5, Dorothy, 3. It told of their discovery last June when they were living "more like animals than children" within 50 miles of Toronto, and of their return to normal life since.

The story said that the mother wanted to give away two of the children. She intended to keep Margaret because the latter milked the cow and looked after the babies of which there were two.

A WHIRL ABOUT THE GLOBE—Prior to a lesson in geography, Peterborough Normal School students, Rosemary Hemmings and Ruth Foster (left to right, centre) take Queen Alexand... school students, Joanne Whitton and Richard Ward for an imaginary trip around the world. The Normal School students this week are observing, then teaching, in the city schools for their second week of continuous teaching this year. This term the 144 teachers-to-be will have seven weeks teaching in both urban and rural schools.—(Examiner Staff Photo)

Pilot's Hunch Of Short Life Only Too True

FAIRFIELD, Calif. (AP) — A navy jet pilot, Ensign Marvin S. Cohn, was cited for automobile speeding here Nov. 4 while awaiting shipment to Korea.

Justice of the peace George Crowley received a letter from Cohn two weeks ago saying

"I will be unable to appear in court as my ship has sailed for Korean waters. . .

DO IT QUICKLY

"However, I would caution you to submit any financial claims rapidly, because jet flying, especially in the Korean theatre, has turned out to be hazardous."

A request that the fine be paid came back Tuesday stamped "addressee deceased." Across a corner of the letter was scribbled:

"Ens. Cohn was killed in his jet plane when it crashed aboard the U.S.S. Philippine Sea Nov. 18 while on training manoeuvres."

Crown Attorney Goes On Strike

KITCHENER (CP)—A $4,000 unpaid bill caused crown attorney Harold Daufman to go on strike.

The crown attorney gave warning Nov. 7 that unless the bill were paid by Nov. 15 he would not prosecute summary convictions. He claims the city owes his department $4,000 payable under the Liquor Control Act.

A city council committee has asked Mr. Daufman to postpone his action for two weeks to allow civic officials time for a meeting with a representative of the attorney-general's department.

Gun Fails To Fire Driver Routs Thief

TORONTO (CP)—A truck driver fought off a gunman whose weapon did not fire when the gunman pulled the trigger three times.

Mel Sanders, 38, told police he just finished a delivery Tuesday night when a man jumped into his truck, shoved a gun in his face and demanded the day's receipts.

"I was so darn mad I just jumped at the guy," he said. As Sanders tried to grab him the truck started rolling down a hill and he turned to stop it. The gunman got away.

Sanders said the would-be robber pulled the trigger of his gun three times during the scuffle. He added that it was the fifth time in a week drivers of his firm have been held up. Two of the robberies netted thieves $700.

Chinese Driven Off Hill In Strong Counter-Attack

SEOUL (AP)—South Korean troops were thrown off Pinpoint Hill today in fighting as bitter as the cold weather, but regained the strategic height in a counter-attack. The Communists held the position for about eight hours before a Korean rush carried to the summit of this crest of Sniper Ridge.

DRIVEN OFF

The Chinese Tuesday night stabbed at Rocky Point, just east of Pinpoint Hill. They were driven off by artillery after an all-night fight.

Fighting elsewhere along the frigid 155-mile battle front was light. Only minor contacts were reported.

In the air war, B-26 light bombers last night struck at Communist supply lines. Pilots reported 110 Red trucks destroyed.

Fifteen B-29 Superforts from Okinawa attacked an airfield at Pyongyang, the North Korean capital. A rail yard and a Red headquarters in the area also were hit.

Cold That Hangs On May Be Heart Trouble

DENVER, Colo. (AP) — Your cold that hangs on too long might be a danger signal of a heart trouble.

The cold, sore throat, pneumonia or other infection that doesn't clear up normally may indicate myocarditis, an inflammation of the heart muscles.

Drs. Mischa Jlustok, Jules Chase and Joseph M. Lubitz of the Marquette University school of medicine told the American Medical Association of finding myocarditis in 45 young men and women who seemed more ill than they should be, who recuperated slower than expected, or had unexplained heart findings.

Early detection and treatment of the heart inflammation favors complete recovery. Untended, the disease may severely weaken the hart.

Flight Engineers Told Work Or Lose Jobs

MIAMI, Fla. (AP) — Eastern Air Lines resumed some Constellation flights today and told striking flight engineers to return to work by 2 p.m. EST or lose their jobs.

Officials said a Super Constellation took off from Miami airport at 8:30 a.m., manned by a flight engineer supervisor.

Similar planes were scheduled to leave New York for Miami at 10 a.m. and 2 p.m. with flight engineer supervisors as regular crew members.

EAL's Constellation fleet was grounded at 6 a.m. Monday when flight engineers went on strike for higher wages.

Use Atom Energy In 5 Years—Howe

OTTAWA (CP)—The government is preparing for commercial use of atomic energy in Canada within the next five years, says Trade Minister Howe.

He said in an interview Tuesday that atomic power will be available in that time and that government officials already are considering how best to provide outlets for its services to the public.

The cabinet's atomic expert said the atom will be providing power in much the same way and for the same purposes as electricity. Central power plants would generate it.

A year ago a special crown company, Atomic Energy of Canada Ltd., was established to direct Canada's effort in this field and to run the Chalk River project. It was stated then that the reason for the move was that the prospects for use of this energy have brightened considerably and that it should be available well within 10 years.

Ask Leave To Appeal

OTTAWA (CP) — Counsel for Leonard Jackson and Steve Suchan, convicted of murdering a Toronto detective, today requested the Supreme Court of Canada for leave to appeal the convictions.

Jackson, 30 and Suchan, 24, have been sentenced to be hanged Dec. 16. The Ontario Supreme Court has rejected their appeals.

Brawl At Shower Real Donnybrook, 2 Appear In Court

BETHANY (Staff)—A wild brawl outside the Manvers Station Orange Hall ended late Tuesday night in a young Korean War veteran from Janetville being stabbed three times, presumably with a knife. Though conscious, he is lying seriously injured in Civic Hospital—with a deep gash on his head as well as the three stab wounds in the small of his back. Hospital authorities said at noon today that his condition is "slightly improved."

The victim of the attack is 24-year-old Stanley McCabe of Janetville who was in Korea for about 18 months and is engaged to be married this Saturday to a girl living in Manvers Station. The village is 15 miles southwest of Peterborough. The uproar took place at a shower.

Today in Bowmanville two railway employees—Wentzel Hendsby, 38, a section hand, and Frank Derusha, 62, a section foreman—appeared in Bowmanville police court and were charged with creating a disturbance. More serious charges may follow.

TRY FIND WITNESSES

In the meantime Provincial Police from Bowmanville are questioning suspected participants in the brawl—which is believed to have included at least a half dozen men—and they are also trying to find eye-witnesses.

OPP Corporal Aime Gaudry and Constable Tom Armitage from Peterborough HQ went down to Manvers Station shortly after midnight to assist the Bowmanville detachment of three men. Questioning of bystanders and witnesses went on through most of the early morning hours.

The OPP made a careful search of the grounds and street just outside the Orange Hall but they were unable to find a knife or any other sharp weapon that might have been used in the stabbing.

HIT BY FIREWOOD

Both Hendsby and Derusha stoutly denied that they had been in the fight. Derusha, the older of the two men in custody, had a flesh wound on his head; but he said it was caused by a chunk of flying firewood.

Ironically, young McCabe was the guest of honor at the shower in the Orange Hall on Tuesday night. And he and his prospective bride, Mary Gertrude Isabell Horner of Manvers Station, were the toast of the village for the night.

A community collection was being taken up and about 30 people, mainly young couples, had gone to the Orange Hall for the festivities. There was dancing and games and good order was maintained throughout the celebration.

BRAWL AT SHOWER

(Continued on Page 2)

Railways, Unions To Meet December 10

MONTREAL C(P)—The railways and unions representing non-operating employees are scheduled to get together again Dec. 10 to try to iron out wage differences.

Frank Hall, chairman of the negotiating committee for the 17 brotherhoods involved, said Tuesday night the conference date was proposed in a telegram from the deputy minister of labor in Ottawa.

The brotherhoods seek 45 cents an hour more than they now make. A majority report of a federal conciliation board recommended a 16-cent-an-hour increase for the 144,000 employees involved.

A minority report, filed by the union representative on the board, suggested a 26-cent increase

Report Immigration Down 6,237 For Last 10 Months

OTTAWA (CP) — A total of 146,236 immigrants reached Canada in the first 10 months of this year compared with 152,473 in the corresponding months of 1951, a drop of 6,237.

The figures were issued today by the immigration department. It was the first time this year that the cumulative total dropped below the corresponding figure for 1951.

However, monthly totals have been dropping steadily since May and immigration department officials said it was certain that the total number of immigrants for this year would fall below last year's total of 195,000.

The total for 1951 was the largest for any year since 1913 when approximately 500,000 were admitted.

Highlight of the report for the 10-month-period was a 46 per cent increase in the number of immigrants admitted from the United Kingdom. Admissions totalled 36,637 compared with 25,058.

Entries from the United States were up 17 per cent at 7,904 compared with 6,737. North European entries were three per cent higher at 57,472 compared with 55,875.

A 32-per-cent decrease was shown for other countries at 44,223 compared with 64,803.

The number of immigrants admitted in October was 10,940 compared with 22,588 in the corresponding month of 1951.

Out of the total number admitted this year, 77,381 were workers and 68,855 dependents.

U.S. Engineers Approve Power Plans

WASHINGTON (AP) — The federal power commission's engineering staff has approved New York state's plan to help Canada build a huge hydro-electric power system along the St. Lawrence river.

The approval is contained in a report issued in advance of a commission hearing opening next Tuesday on New York's application for a licence to join with Canada in the project.

The commission's bureau of power, after a detailed investigation of the New York proposal, reached these conclusions on the project:

"It would adequately develop the power resources of the river's international section.

"It is economically feasible."

"A market exists for the project's output (6,300,000,000 kilowatt hours a year for the American half) as soon as it can be made available.

"The works proposed are compatible with improvement of the river for navigation, and,

"It is best adapted to a comprehensive plan of development of the St. Lawrence river."

Chairman Robert Saunders of the Ontario hydro commission said the federal engineering staff's approval of the New York state plan for participation in the seaway project is "very good news."

"It is at least an indication the federal power commission will appoint New York for the job," he said. "We know we can get on with the project soon if New York does the work."

Mr. Saunders said he and other Hydro executives will be in Washington next week for the hearing on New York's application

ONE OF TWO PROJECTS

The Ontario hydro-electric commission has been designated as the Canadian agency of construction.

The big power project is one of two involving the mighty river. The other, the St. Lawrence seaway project, would enable ocean-going shipping to travel between the Great Lakes and the Atlantic ocean.

Canada has announced it will build the seaway on its own, since the United States Congress repeatedly has refused to vote for American co-operation in the project.

Three Killed In Snow Storm

TORONTO (CP)—Toronto's first major snowstorm this winter was predicted for Tuesday. But snow ceased falling during the afternoon.

Windsor, St. Thomas and Hamilton reported 2½ inches by midmorning.

John van Heugten, 30, of Watford, was killed and two companions injured in a car accident near Windsor.

Two persons were fatally injured Tuesday night when an auto skidded on the icy highway half a mile west of Durham and crashed head-on into a truck.

William McKinney, about 64, of Hopeville, a mail courier, died on his way to hospital and his passenger, Mrs. Mary Carlyle, a 40-year-old widow, also of Hopeville, died in hospital after the crash.

Two B.C. Men Escape From Missouri Jail

JEFFERSON CITY, Mo. (CP)—Two British Columbia men were among four prisoners who escaped yesterday from Cole county jail.

The Canadians were identified as Stewart J. McLeod, 23, of Fort St. John, B. C., and Richard J. Latous, 19, of Kamloops, B. C. At the time of the break, the Canadians were being held on charges of taking a stolen automobile across state lines.

Jail officials said the men somehow got through "a supposedly locked door" and then used a saw on metal bars.

Nightship Ends Career, Sees Last Lake Gale

SAULT STE. MARIE, Ont (CP)—The lightship Gros Cap has weathered her last Lake Superior gale.

After 29 years spent guiding mariners past the treacherous shoals at the western approach to St. Mary's river, the 140-foot vessel is being replaced by what some of her older crew members would call "a new-fangled lighthouse."

When the Gros Cap warped into the government dock here it ended another chapter in a career that began as a minesweeper on the North Atlantic in the First World War.

FAMILIAR SIGHT

To mariners and cottagers along the upper St. Mary's river the rusty red flanks of the Gros Cap were a familiar sight, glimmering in the sun by day, her lights a friendly twinkle at night When heavy fogs drifted in off Lake Superior, her horn boomed its warning through the murk

Her future remains obscure Captain John Griffiths, her master, expects to remain here for the winter and then take the ship to Midland next spring for outfitting. From Midland she is expected to head for another post near Quebec as a guardian of the waterways.

The ship's specific duty here was to anchor off the Gros Cap reef, 15 miles above the Sault, and give bearings to the giant ore and grain carriers moving through the locks. She did this with lighted markers on top of her towering mast, and with radio. In clear weather her radio beamed a signal for 10 minutes every half-hour. In fog or rain the signal was continuous

No one has a record of how many ships she has saved from the angry reef.

2 Campbellford Men Win Cheese Awards

BELLEVILLE (CP)—T. S. Aichens of Belton won four trophies, including the grand championship, in the British Empire dairy show held here in connection with the 25th annual convention of the Central Ontario Cheese-makers Association.

Mr. Aichens won the T. Eaton Company silver entree dish for his grand championship. He also won the Delaval silver challenge trophy, the best finished cheese award, and the Walker-Wallace silver challenge trophy.

The John H. Echlin memorial cup went to David Dean of Delta; the J. P. Griffin challenge shield to W. H. Moore, dairy instructor of Campbellford; the F. A. Morgan memorial trophy to Murray Heath of Campbellford; the Canadian Bank of Commerce silver tray to Cecil Pack, Koblin factory, Tweed.

Senator John Haig

Continued from Page 1

Mr. Drew promptly denied the charges. There was not "a word of truth" in them, he said.

Leon Balcer (PC-Trois Rivieres) said if the tendency toward centralization of government were not checked Quebec might cease to be a legislative power within 10 or 20 years. The Liberals were trying to make Mr. Drew a scapegoat in Quebec.

DESIRE FOR POWER

Jean Lesage, parliamentary assistant to External Affairs Minister Pearson, answered Mr. Balcer. He said the sudden Progressive Conservative interest in Quebec "comes more from a lust for power than from the heart." He denied the federal government has invaded provincial tax fields, except for agreement. Quebec, which had no agreement, could levy any taxes it wished.

George T. Fulford (L—Leeds), said that with Canadian farm prices as they are, he doubted whether farmers would be satisfied to rely on contracts with the United Kingdom. There should be a United Kingdom market but this was no time to try to get it when Britain was buying cheaper elsewhere.

Canadian farm prices in many lines had gone beyond those Britain was paying other countries and "it certainly wouldn't be to Canada's advantage at this time to try to blast her way into the British market."

U.S. Dollar At Discount

MONTREAL (CP) — The American dollar was at a discount of 2 11-16 per cent in terms of Canadian funds, the Bank of Canada reported at noon today. Tuesday's noon rate was 97 11-32 cents. The pound sterling was $2.73, against $2.73 3-16 on Tuesday.

THE WORLD'S BIGGEST NURSERY — Some 25,000 grown-up Montrealers returned to the nursery and loved every minute of it. The occasion for the nostalgic journey was the annual unveiling of the Central Station Christmas decorations. And this year a chuckle and a sentimental sigh were combined to produce the world's largest nursery for grown-ups. The theme was Santa's Workshop. But it was a workshop where there was little industry and many laughs. Six large tableaux march down the centre of the big station, while all of one end wall is covered with a seventh. A. L. Sauvait, head of exhibits and displays of the CNR, is the man responsible for the eye-catching show, and the commuters who got their first glimpse of it today as they streamed off their trains gave him full marks for brightening their day.

Delegates Study Prickly Matters

LONDON (CP)—Delegates to the Commonwealth economic conference have moved from broad generalities into the realm of practical policies—and simultaneously have drawn a veil over their activities.

All that could be learned on the fourth day of the conference was that the nine countries agreed to set up working groups to deal with specific subjects of a technical nature. A Canadian delegate said the meetings are continuing in a true "happy family" atmosphere.

The conference is divided into two committees, one on finance and trade and the other on commodities and development. The financial panel met Tuesday afternoon and broke up late after a three-hour meeting marked by what a Canadian source called "real hard work."

The usual daily briefing on the conference by a British treasury spokesman was not held Tuesday. From this and from the evasive manner of delegates, it was surmised that the conference now has reached the point of discussing prickly policy matters, on which silence is considered golden.

The conditions for sterling convertibility have certainly been discussed. It is believed that the conference has before it a plan, prepared by Commonwealth officials in preliminary meetings, involving a step-by-step approach to convertibility.

MORE ABOUT—

Brawl At Shower

Continued from Page 1

According to the story pieced together by the OPP, the trouble started shortly after 10:30 p.m. At that time the two railway men—Hendsby and Derusha—are said to have driven up in their car and parked outside the hall where the shower was going on.

FIGHT BREAKS OUT

One report of bystanders is that the two men tried to "crash" the shower, but there is no confirmation of this. Somehow a fight broke out and it began to shape up into a shantymen's brawl after somebody (well in the back of the crowd) heaved a log of firewood that was in a stack outside the hall.

Soon fists were being used and firewood logs of handy size used as clubs as well as being thrown through the air.

After the fight got underway, McCabe went out of the hall—where all was quiet—to see what was going on and, if possible, stop the fight. He was not only unsuccessful, but got into the thick of it himself and was stabbed three times in the back and struck on the head by a piece of firewood.

The Korean veteran's brother, 20-year-old John, also got into the fight and received a few bruises but he did not need medical attention.

McCabe who got through 18 months in the Korean campaign without injury was rushed to Civic hospital and kept under close observation. He was attended by Drs. G. M. Longfield of Bethany and G. McNeil of Pontypool.

PAIR ARRESTED

Hendsby and Derusha were later arrested in the village after being roused from their sleep. They were taken to Bowmanville and charged today with causing a disturbance.

McCabe and his brother John are the sons of Mr. and Mrs. William McCabe of Janetville who have a farm there.

This Saturday McCabe was to have married Miss Horner in Bethany. She is the daughter of Mr. and Mrs. Wilmot Horner of Manvers Station.

The injury to the young veteran means an indefinite postponement of the marriage.

TORONTO PRODUCE

TORONTO (CP) — Churning cream and butter print prices were unchanged here today.

Trade was slow at the egg market and prices were unchanged. Quotations for graded eggs in fibre cases were: A large 47; A medium 38; A small 34-35; grade B 36; grade C 33. Wholesale to retail: A large 50-51; A medium 42-43; A small 38-39; grade B 40-41; grade C 35-37.

Toronto Stock Exchange

Quotations are Complete to 2:15 as Supplied by Biggar & Crawford, 379 Water Street.

Produce, Livestock Markets

WINNIPEG GRAIN

WINNIPEG (CP) — Prices continued to move narrowly under limited demand in early dull trade today on the Winnipeg grain exchange.

A few routine shipper orders appeared in oats and barley. Otherwise, dealings were local.

11 a.m. grain prices:

Oats: Dec. unch 84¾B; May unch 83¾B; July unch 80A.

Barley: Dec. ⅜ higher 1.31⅛B; May ⅛ higher to unch 1.27⅛; July ⅛ lower 1.20¼.

Rye: Dec. ⅛ higher 1.80¼; May ⅛-⅜ higher 1.87B; July, not open.

Flax: Dec. ⅛ lower 3.37½; May 1⅛ lower 3.45⅛B; July ¾ lower 3.46½.

BUFFALO LIVESTOCK

BUFFALO, N. Y. (AP) — Cattle 650; demand active for dairy type cows and bulls; market fully steady; medium to good cows 14.50-15.50; canners and cutters 11.50-15.00; bulk of fat yellow cows 11.50-14.00; good dairy-type slaughter heifers 16.00-19.00; heavy sausage bulls 19.00-20.50; mediums 17.-19.00; common 15.00-16.50.

Calves 165; demand moderate, market steady; choice calves 35.00-36.00; good 30.00-35.00; mediums 22.00-29.00; heavy bobs 15.-21.; boners and light bobs 11.-14. and a few below.

Hogs 650; market steady; good to choice state hogs 15.-17.50; sows 13.-14.50; boars 9-11.

Sheep and lambs 450; demand good, market steady; choice state and lambs 130. The holdover from Tuesday was 500 cattle.

Common to medium steers and heifers sold at $14-$21 and good heifers at 23. Fed yearlings ranged from 20-25 and common to medium stockers from 16-20. Good cows brought 14-15 and canners and cutters 10-12. Good bulls were at 14.50-15.50.

Choice veal calves were steady at $26-29 with common to medium at 14-25.

Grade A hogs sold at $26 and dressed sows at 17.

Good lambs were firm at 24.50-25 with good light sheep at 9-11 and culls downward to 5.

The Weather

Peterborough Temperatures:

Today:
Night low....26 Noon.....29
Noon barometer.....29.7

Yesterday:
Highest.....31 Lowest...18

One Year Ago:
Highest.....45 Lowest...29

1¼ inches snow.

Official forecasts issued by the Dominion public weather office in Toronto at 9:30 a.m.

Synopsis.

Generally cloudy skies with afternoon temperatures near freezing will prevail over most of the provinces today. A new disturbance developing just east of the Rockies is beginning to move eastward towards the Great Lakes areas this morning. Ahead of it southerly winds will bring milder weather to all Ontario by Thursday, with the threat of light rain or snow in western sections by afternoon.

Regional forecasts valid until midnight Thursday:

Lake Ontario, Niagara, Haliburton regions; Toronto, Hamilton cities: Cloudy with a few sunny intervals today. Cloudy and a little milder Thursday. Occasional light snow Thursday evening. Winds light today, southeast 20 Thursday. Low tonight and high Thursday at Toronto, St. Catharines and Hamilton 30 and 35, Trenton 25 and 35, Killaloe 20 and 30.

Summary for Thursday—Cloudy and milder.

Properly Crowned

LONDON (CP) — Two-year-old Michael Lapping, "crowned" with a tin baking bowl in the children's "coronation" game, screamed when the bowl slipped down to his neck and stuck there. Three firemen, a policeman, a neighbor and two nurses helped remove it.

Accurate System

LONDON (CP)—Since 1901, police in Britain have identified 913,292 persons by their fingerprints without a single error, a Scotland Yard expert told a meeting here.

Dollar Reserves Up In November

LONDON (Reuters) — Sterling area gold and dollar reserves increased by $128,000,000 in November, continuing the recent improvement, the treasury announces.

Officials said they are "rather optimistic" that the reserves can be held near this new figure, which shows the biggest monthly increase since March last year.

The November figure follows an increase of $82,000,000 in October and brings the total reserves on Nov. 30 to $1,895,000,000.

In addition to the improved reserve position Britain, as banker to the sterling area, had a surplus with the European payments union in November of $109,000,000, the best figure since October, 1950.

Revise Tax Maps

FREDERICTON (CP)—First revision of tax maps in the last five years has just been completed here to be used in assessing land in Fredericton. Aerial photographs are also being taken as part of a new master plan of the whole city.

Soldier 18 Admits Espionage Jailed For Year In U.K.

BOVINGTON, Hertford (Reuters) — A youthful British soldier, who wanted to give army secrets to the Communists, was jailed Tuesday for a year—convicted by his confession to an ace security investigator.

Fair-haired and boyish Trooper Tony Dewick, 18, was sentenced by a courtmartial for trying to pass to Communists information he picked up while working as a clerk in a tank-training centre here.

Dewick said nothing at the hearing. The damning evidence was a statement he made to William James Skardon, the man who induced Klaus Fuchs to confess that he gave atom secrets to the Russians. Fuchs is serving a 14-year prison term.

Skardon interviewed the blond young soldier after he had been arrested in London while boarding a bus. The statement showed that Dewick had little to say at first. Then after Skardon suggested he had a rendezvous with a Communist he blurted out:

"I had an appointment this afternoon to see some one who was introducing me to some other person to whom I could pass information.

"I wanted to do something for the organization to which I belong, and I thought it was important to be loyal to it," he said.

Dewick admitted his organization was the Young Communist League.

Skardon asked: "Do you realize the natural consequences of your act would be that perhaps in a month you would find yourself passing information to representatives of a foreign power?"

Dewick answered: "I can see I was heading for disaster. It is my own fault for being so stupid."

MORE ABOUT—

Czechs Hang

Continued from Page 1

All the defendants except three—Clementis, Frank and Svab—were Jews. The trial was marked by virulent anti - semitism including charges that the plotting was "Zionist-inspired." The implication of a broader crackdown on Jews behind the iron curtain was obvious.

Radio Prague said the execution took place at Pankrac prison in the Czech capital after the state prosecutor had rejected all clemency appeals by the defence.

All 14 defendants confessed at length to charges of treason, sabotage and espionage, reciting sins against Stalinism and President Klement Gottwald in a pattern that has become familiar to Western ears since the famous Moscow purge trials of 1936.

Two Men Qualify For Reeve

LAKEFIELD (ENS)—Ex-Reeve W. C. Grant will oppose Reeve Elwood H. Northey in the elections here Dec. 15. Mr. Grant, reeve from 1946 to 1951, was defeated lasted last year by Mr. Northey.

Another nomination meeting will have to be held to round out the complement of Public school trustees. Two of the three nominated Monday night declined, leaving only Mrs. Jessie Doubt, who goes in by acclamation.

Only other acclamation was in the return of Charles Bickell to the Hydro Commission.

Four newcomers qualified for Council: George H. Jeffrey, Gordon Dunford, Walter A. Killoran and the Rev. J. A. Steed. Only one veteran, Judson R. Hull, qualified. He has served seven years on the Village Council. All the others, except Mr. Killoran, have had Public and High School Board experience. There are four seats on Council.

The second nomination meeting, for school trustees, will be held Dec. 12, with an election, if necessary, a week later. Two more are needed to fill the board.

Election for the other offices will be held Dec. 15.

The company is not in a position to accept any wheat for storage.

Military Name Jimenez New President

CARACAS, Venezuela (AP)—Venezuelan military leaders plumped Defence Minister Marcos Perez Jimenez into the presidency shortly after an official announcement Tuesday night that the pro-government party was leading in returns from Sunday's elections for a constituent assembly.

Perez Jiminez said he would respect the election results. The electoral council said the government-backed Independent Electoral Front (FEI) was leading with 570,123 votes. It listed opposition ballots as 473,886 for the leftist Democratic Republicans (URD) and 138,003 for the Christian Socialists (COPEI).

This was considerably at variance with earlier unofficial returns Monday which showed the URD taking more than 50 per cent of the vote. Shortly after these returns developed, the government clamped on censorship and correspondents were unable to file other election dispatches until the announcement of Perez Jimenez' elevation and of the official returns.

URD LEADING

Caracas newspapers published Monday night showed the URD leading with 294,595 votes, the FEI a poor second with 147,528 and the COPEI trailing with 89,905. The figures were not disclosed abroad until the newspapers reached the Netherlands West Indies Tuesday.

Perez Jimenez took office immediately after the three - man junta, in which he was a key member and which has governed Venezuela since 1950, resigned its power to six top representatives of the armed forces. The latter group then announced it had decided to name him as president.

The election was the first in Venezuela since Romulo Gallegos, leader of the left-wing Democratic Action party, was chosen president in 1947. Gallegos was ousted by a military coup the following year and was exiled.

Winterize YOUR CAR WITH B.F.Goodrich MUD-SNOW TIRES

OUTSTOPS ALL OTHER TIRES

The charts of actual comparison tests above show that B.F.G. Mud-Snow tires stop quicker on ice and snow than other leading tires. B.F.G. Mud-Snow tires give a safety margin that can mean the difference between a safe stop and an accident.

OUTPULLS ALL OTHER TIRES

Independent laboratory tests proved that the B.F.G. Mud-Snow tire is the best and safest tire for all winter driving. In mud and snow they outpulled all other tires with up to 25% better traction.

SCIENTIFICALLY DESIGNED TREAD

The B.F.G. Mud-Snow tire has an exclusive traction tread, with flex-lug cleats that bite into mud and loose snow. These flex-lug cleats have a windshield wiper action on ice, packed snow, and wet pavements to provide tremendous traction with long wear.

POPULAR CHOICE FOR QUIET RUNNING AND LONG WEAR

The B.F.G. Mud-Snow tire is actually quieter and smoother riding on clear pavements.

Replace your rear tires now with B.F. Goodrich MUD-SNOW tires

Education Cost In 6 Years Climbs $580,446

TORONTO — Education costs in Toronto Township have increased by $580,446 in six years. In 1947, total expenses for education were $136,441. The 1952 levy for education is $716,887, and an estimated budget for 1953 places education costs at $702,200.

A report by John S. Entwistle, auditor, made public by Municipal Affairs Minister Dunbar yesterday, rapped lack of co-ordination between council and board of education in setting school expenses.

It said: "The almost complete separation of responsibility for educational expenditures from any control by township council leads to a fundamental lack of co-ordination and provides little encouragement or opportunity for the evaluation of the essentials of certain educational expenditures against that of other expenditure for general municipal services."

At the time the assessment roll was made up in 1951 for 1952 taxes, there were 27 different divisions in the township for the administration of education, allocation of assessments for school purposes and levying of school taxes. The total range of rates for educational purposes in these divisions ran from 12.9 to 52.7 mills.

Plans for 15 additional classrooms are being considered to relieve some of the pressure at Dixie, Queen Elizabeth, Lakeview and Upper and Lower Clarkson before these schools reopen in September, 1953.

The problem of trailer camp families with children of school age is a serious one in the urbanized areas of the township, according to the report. Facilities must be provided for the education of these children, although their parents cannot be taxed as residents.

The report recommended a by-law to increase the licence fee for trailer camps and restrict the area in Toronto Township where such camps can be operated.

Chicago Policemen Hunting Sex Maniacs

CHICAGO (AP) — A knife-wielding youth, whom police termed a sex maniac, was hunted today after an 11-year-old girl was disrobed and raped in the snow near her south side home Tuesday night.

It was the second such attack in two days and the fourth in the last two months in the city's south shore district.

Police said last night's victim, Susan Highson, daughter of a doctor on the staff of St. Luke's hospital, was pulled from her bicycle by a youth as she rode from her home to a grocery.

Council Decides To Revert To Tax Sales

COBOURG (ENS) — Counties council got themselves all boxed up in something that some do not want, when they secured legislation to eliminate tax sales and substitute a form of seizure of lands for taxes which avoided some of the undesirable features of tax sales.

This was revealed at the opening Tuesday of the December session of Northumberland and Durham Counties Council. Council accordingly will investigate if they can revert to the former procedure.

Some members of council are not too happy about continuing maintenance grants to hospitals and this will be a headache that will confront next year's council.

In welcoming the members of counties council to the final session, Warden Harry Campbell commented on the absence through serious illness of veteran councillor A. W. Hayes of Murray township. On motion council decided to send Mr. Hayes flowers and a resolution was passed wishing him a return to good health.

HOSPITAL GRANTS

The committee appointed at the session in July to look into the matter of hospital grants, tendered its report. It was referred to next year's council. The report recommended that maintenance grants to the four hospitals in the counties of Northumberland and Durham be on the basis of $38 a bed. Trenton Memorial Hospital, just outside the counties, would receive a grant of $1,500 and Peterborough Civic, one dollar a day rebate (which goes to assist the patient) on each certification.

Deputy-Reeve M. Dale of Bowmanville, who was on the hospital grants committee, pointed out that no mention of building grants had been made in the report for the reason that some had already received generous building grants and that it would be unfair to other hospitals to be built or enlarged in the future should they be cut off from that assistance. Reeve R. McCann of Brighton township said that in his opinion the report was far from definite. Some people up in Darlington township might prefer to go to Oshawa General Hospital and others to Port Perry hospital but the only one getting a grant, located outside, was Trenton Memorial Hospital.

"I consider it a very definite report," replied Deputy-Reeve Dale. Reeve R. Locke of Campbellford pointed out that Bowmanville Hospital was conveniently located to Darlington township whereas Trenton was the only hospital handy for residents living down in that end of the county of Northumberland. Deputy-Reeve A. Beer of Murray township agreed with Reeve McCann that the report did not deal fairly with all concerned and felt that the matter should be left to next year's council to decide.

"The sooner we get out of this hospital business the better," asserted Reeve R. W. Nichols of Darlington. He added that the report was supposed to be for the purpose of warning hospital boards as to how the council felt about continued grants to hospitals.

TAX SALES

Since there was some confusion about the legislation applicable to these counties in regard to tax sales, the counties solicitor explained the difference in the set-up. The Act as extended to cover Northumberland and Durham Counties, eliminated all the details attendant to tax sales. When taxes were in arrears for a year on vacant land, the municipality could take title to the land and if not redeemed by the delinquent taxpayer in that year it could be sold by the municipality. If it were not sold that year it had to be held for ten years and during that time it could be redeemed. However, unlike the procedure for tax sales, the municipality took all the proceeds, not just the amount due for taxes.

Several members of the counties council expressed their surprise at the far-reaching effects of the change in the Act as they endorsed it at the outset because they thought it only would apply to the one municipality concerned at the time, for instance, Campbellford's desire to seize some vacant land for unpaid taxes.

Reeve J. H. Lowery of Clark saw nothing to get alarmed about as he felt that the change in the Act simplified the tax sale procedure and at no hardship to the owner. However council decided to investigate whether the Act could be repealed insofar as these counties were concerned.

A number of communications, most of them resolutions from other county councils were read and referred to their appropriate committees.

Ward Archer Has 12-Vote Margin

CAMPBELLFORD (ENS)—Fifty-three per cent of the eligible voters of Seymour township, 904 out of a possible 1,700, turned out on Monday to elect a reeve and council for 1953.

In a closely fought contest for the position of reeve, last year's deputy reeve, Ward Archer, won the position by the margin of 12 votes over his opponent, Harry Bedford. Archer polled 458 votes to Bedford's 446.

In the contest for council, six men entered for three seats. After returns were in from the eight polling subdivisions, clerk Wesley Stephens declared the three seats had been won by Earl Brunton, George Elmhurst and Kenneth Parr.

The results of the vote for council was as follows:

A. E. Bennett 280; Earl Brunton, 422; George Elmhurst 450; Reg Outingdyke 218; Kenneth Parr 473; Everett Phillips 407.

Two Kidnappers Have Been Released

DETROIT (CP) — Two men, convicted 23 years ago in one of Michigan's most famous kidnapping cases, have been released from nearby Jackson prison.

Jack Fernando, 63, will be deported to Italy and Vincent LaMonna, 73, expects to live here with his sister. Both were released Tuesday.

A third man convicted in the 1929 trial following the disappearance of Jackie Thompson, then five years old, still is in prison.

Officials said Charles Minchella was not released because of his unsatisfactory prison record.

Sails 16,000 Miles

AUCKLAND, N. Z. (Reuters)—Dick Tober, 27-year-old Dutchman, arrived here today after sailing his eight-ton yacht Onrust 16,000 miles from Ymuiden, The Netherlands. "It was not an adventurous voyage and there was only one good storm — in the English Channel," he said.

Northern Store

PRINCE ALBERT, Sask. (CP)—Newest establishment in the six-store northern chain operated by the Saskatchewan government has been opened at Lac La Ronge, 180 miles north of here. The $35,000 store operates on the self-service system.

Found Relief From

SCIATIC PAIN

"I began to suffer with a dull, continuous ache from my hip down my leg", writes Mr. Geo. F. MacGregor, 1604 E. 8th Ave., Vancouver. "The steady pain gave me no rest day or night. One day when my leg was so painful I could hardly get about, a stranger stopped me. He had once suffered much the same thing until he tried Templeton's T-R-C's. He recommended T-R-C's to me. I wish I could thank him, for in a short time T-R-C's gave me longed-for relief from my sciatic pain."

Don't suffer from Sciatic, Rheumatic or Arthritic pain. Take Templeton's T-R-C's—Canada's LARGEST-SELLING proprietary medicine specially made to bring quick relief from such pain. At drug counters, only 65c, $1.35. T-847

Gordon Honey Cramahe Reeve

WARKWORTH (ENS) —Cramahe township Monday elected Gordon Honey as reeve with a vote of 550 to defeat former reeve Hazard Allen who had 429 votes.

Former Deputy Reeve George Gummer was re-elected by acclamation.

Three men were elected to the council. Dave Dingwall headed the polls with 642 votes. George S. Philp had 546 votes and Norman Simpson had 515 votes. Hervie Welton failed to win a place. He collected 504 votes.

Mrs. Ann Walsh

The funeral of Mrs. Ann Walsh, who died in hospital last Saturday, took place Tuesday morning. Requiem mass was celebrated at St. Joseph's Church, Douro, by her son, the Rev. Joseph Walsh, assisted by the Rev. James Collins of Honey Harbor as deacon and the Rev. James Greenan of Peterborough as subdeacon.

Assistants at the mass were the Rev. T. Coughlan, the Rev. F. Fitzpatrick, the Rev. C. R. Kay and the Rev. J. G. O'Sullivan. Absolution was pronounced by Bishop Berry. His Excellency was assisted by the Rev. C. O'Donaghue and Rev. G. Sullivan. Prayers at the grave were offered by the Rev. J. Walsh, assisted by the Rev. J. J. McCarthy. Friends were present from Kinmount, Lindsay, Norwood, Hastings and Peterborough.

Pallbearers were: Thomas Walsh, Howard Walsh, Frank Leahy, Vincent Moher, Michael Ross, Jeremiah Mahoney. The funeral took place to St. Joseph's Cemetery. Many of the priests of the diocese attended, among them Mons. J. V. McAuley of Lindsay, Very Rev. J. J. Garvey of Hastings, Monsignor P. P. Butler of Peterborough and Very Rev. V. J. Corkery.

Dead 24 Minutes

NEWTON ABBOT, Eng. (CP)—A man who was "dead" for 24 minutes returned to work in this Devonshire town. Dr. F. Coyne reported that after an operation the man's pulse ceased, but injections and continuous massage started the heart beating again.

Dies Square Dancing

BRISTOL, England (CP)—Favorite pastime of Mrs. Frances Edwards, 70, was square-dancing every week at her club. Each Friday she danced, until one night she faltered and died in her partner's arms.

Have Joint Session

MEMPHIS, Tenn. (AP)—White and Negro educationists from 11 southern states met for the first time yesterday in a joint session of their professional associations. Speakers of both races hailed the unsegregated conference as the "dawn of a new era in the south." Both associations are holding their annual conventions here.

Cobourg Pavs Nose Out Lindsay 5 to 4

LINDSAY (ENS) — Loose defensive play, plus a rash of penalties, cost Lindsay juniors a 5-4 win here against the Cobourg Pavs, a new entry in the junior "B" group, last night.

In a rough, sometimes scrambly game, the Pavs proved that they belong in the group, as they checked, skated and passed in much better style than the local juniors, who also seemed to have trouble finding their skating legs.

Cobourg shot into a quick lead in the first period, when Frank McIvor took a pass from Rollie Campbell in front of Reg Truax, and scored easily on the defenceless goalie. A minute later, referee Herb Payne, of Peterborough, waved Tommy Hutton, of the locals, for slashing, and Cobourg broke through again with Cavanaugh taking a pass from Dawe, and bouncing a shot off Ross McGill's leg past Truax. The locals found themselves at this point, and they put on a drive, capped by Bill Burns' solo rush in the final minute of the game, with Cobourg playing a man short.

The first period saw 38 minutes spent in the penalty box, including misconducts to Hal Williams and Cavanaugh. They just drew minors for roughing along the boards and then went at it again in the penalty box.

In the second period, the Lindsay boys outscored the Pavs 2-1, with Hutton drawing the first in a pass from Murray Packer. Harold Williams redeemed himself for his penalty capers, scoring from a scramble in front of the Pavs' net.

Graham and Gibson drew assists on the play. Cobourg got back into the game at the three-quarter mark, when Boswell sailed past Bill Williams and Burns and went in alone to slide the puck under Truax and tie the game.

In the third, Bill Williams, local defence man, drew three minors in the space of seven minutes, getting his second only four seconds after he had stepped back on the ice from his first. The third followed a minute later. The locals managed to kill off all three sentences, but the Pavs got back into the lead at the halfway mark, when Campbell took a pass from Halford and beat Truax.

Art Truax tied the count again three minutes from the end of the period, scoring on a pass from Hutton, with Packer drawing another assist. But a minute later, Campbell scored his second goal of the period, going in with Cavanaugh and taking a pass in front of the net. Truax had no chance on the high point-blank shot.

A total of 56 minutes in penalties was handed out, with the local team drawing 30. For the winning Pavs, making their first start in the group a successful one, Campbell was best with his timely shooting. Frank McIvor, Boswell and McIntosh also drew raves for their work up front, while Cavanaugh and Dawe were the best of the defence crew.

Tommy Hutton, Truax and Packer were the pick of the locals, along with Graham. Bill Burns was the only defenceman to show effectively.

Penniston Appointed Coach For Cornwall

CORNWALL (CP) — Don Penniston, former coach of Shawinigan Falls Cataracts of the Quebec Senior Hockey League, has been appointed coach of the Cornwall Colts of the Eastern Canada Hockey League.

Colt manager Ray Miron said Penniston will replace Ray Marshall who will be retained as a player.

Penniston, a former coach of Hershey Bears of the American Hockey League, coached the old Cornwall Flyers from 1937 to 1940.

Thomas A. Smith Heads Legion

CAMPBELLFORD (ENS) — Branch 103 of the Canadian Legion held their election of officers in the Legion Hall on Monday evening.

The branch decided to hold a Christmas party for veterans' children on December 12, similar to one held last year. A committee working under Len Beggs, chairman of the entertainment committee, will arrange the affair.

The election of officers, presided over by past president Reg Outingdyke, resulted as follows (J. Watters was scrutineer):

President, Thomas A. Smith; first vice-president, A. MacDonald; second vice-president, W. McComb; third vice-president, H. Field; secretary-treasurer, Otto Sarginson; sergeant-at-arms, G. Parcels; executive, G. West, G. Bibby, C. Duff, D. Robinson and Ken Hazel. Trustees are A. MacDonald, P. Peeling and J. Watters.

Chairmen of the committees are: bingo, J. Storie; poppy, P. Coughlan; pension, M. Horseman; sports, G. Bibby; arena, H. Wilson and G. Bibby; press, B. Hampel; membership, C. C. Massie; entertainment, L. Beggs; maintenance, H. Field.

Lindsay Council Withdraws Equalized Assessment Appeal

LINDSAY —(ENS)— The town council Tuesday night accepted the offer of $108,000 reduction in the county equalized assessment, and withdrew their appeal against a $968,000 increase levied this year by the county.

A bitter opponent of any compromise, Ald Lloyd Burrows, chairman of the finance committee, made the motion to accept the offer at last night's meeting. "It is with regret that I move this motion", said the alderman. He added he was still convinced there were discrepancies in the local tax and assessment of many municipalities in the county and their equalized assessments did not compare with the assessment of Lindsay. Council were asked two weeks ago by county council's solicitor Thomas Carley of Peterborough to make their decision known before Thursday of this week, since the appeal must be finished by the end of the month. The request was forwarded to council last night by town clerk W. R. Allely, and action brought about on it.

SALARY REQUESTS

Council did not comment when the town's fire and police departments presented their wage and salary requests for consideration.

Both departments, in addition to higher regular pay, asked for pay for vacations, pay for attendance at court in lieu of same commensurate leave of absence, pay for statutory holidays or days off in lieu of the same. The firemen, now local 1106, mentioned in their demands items of pensions, hospitalization and remuneration for sick leave.

Probabationary officers on the police force, according to the demand should receive $2,400. Constable Henley asked for from $2,200 to $2,600, constable Mosely from $2,200 to $2,650, constable Bailey from $2,250 to $2,600, constable Mark from $2,500 to $3,000 and sergeant Eberts up to $3,300.

Salaries of firemen requested will range from $2,500 to $3,300 a year. The members of council, not wishing to get themselves mixed up in an argument that might not end by the end of their year, decided, after some discussion to leave the matter to the council of 1953.

Unwise Sale

WINNIPEG (CP)—An employee of a hardware store here was fined $10 for selling an airgun to a boy under 14 years of age. Testimony was that the gun had been used to break 17 windows in a Fort Rouge school.

TWO MEN FINED

Two men were fined $10 and $2.50 each today when they pleaded guilty to being drunk in public. They were Percy Schweir, 55, of 63 Leahy's Lane, and Francis O'Keefe, 32, of RR 2, Lakefield.

CARD OF THANKS

My thanks to those who showed their confidence in me at the polls Monday, and my best wishes to the Council of 1953.

Bringing Christ Back Into Christmas

In Toronto has been the scene of a lively dispute between a group of people whose slogan is "Bring Christ Back Into Christmas" and some members of the civic administration (including the Mayor); the former group wanted to erect a creche—a group of figures representing the scene of Christ's Nativity—on the City Hall steps, and the latter group opposed such a plan. The matter is one of interest far beyond the confines of Toronto; we all celebrate Christmas, and some of us are disturbed about the trend that Christmas celebration has taken.

* * *

There is much that is commercial about a modern Christmas. We do not think that is bad, so long as the commercialism is frank and is counterbalanced by other elements of Christmas which are not commercial. Trade is a vital element in a country like Canada, and Christmas, when people exchange gifts, is a legitimate time for trade. We do think that some commercial attitudes toward Christmas are not in the best of taste, and it is probably these which offend the people who talk of bringing Christ back into Christmas. But we must point out that if Christ has been, to some extent, lost to Christmas, it is not the fault of the business world, which has simply gone on with its legitimate job of selling things; it is really the fault of people who have allowed themselves to forget the sacred origin of the holiday. We sympathize with the desire to correct that state of affairs, but we do not think it can be done by abusing the world of commerce.

* * *

Nor do we think that it can be done by substituting the figure of the Christ Child for that of Santa Claus. There is no doubt about it, Santa Claus has been vulgarized; if the figure of the Christ Child is brought into the commercial realm, that also will be vulgarized. If creches become common Christmas decorations outside the churches, where they are to be seen now, we may expect cheap and sweet representations of the Holy Family, with a Disneyized Christ Child as the central figure. Those who opposed the appearance of a creche on the steps of Toronto's City Hall may not have had this possibility in mind, but we think it should be considered as an objection to such a display.

* * *

We hope that this dispute will not become rancorous, though it shows some signs of doing so. We have seen accusations that those who oppose the creche are comparable to Russians, who want to overthrow religion; that sort of talk is so silly that it seems to defeat itself, but there is a chance that it might be taken seriously. Nor can we agree that as one writer has said, the decision of the Toronto authorities is "a slap at a group of devout students"; we see it rather as a decision to keep a religious symbol out of a place which is, during the rest of the year, given over to symbols of a strongly secular nature; it is a protection of the religious symbol, and not a rejection of it.

* * *

Christ will not be brought back into Christmas by ostentatious public movements, productive of un-Christian disputes. People cannot be made Christians by banging them over the head with a Cross. Christ can be brought back into Christmas in every home where there is a real desire that it should be so, by a greater realization of the holy origin of the festival, and by a greater stress on religious observance at Christmas time, and by the widest and most generous application of the Christmas message: "Peace on earth, goodwill toward men". Little goodwill and little of the spirit of Christ is shown by trying to dragoon the Toronto civic government to do something which it considers unwise, and which many Torontonians do not want. Not the spirit of Christmas, but the spirit of a holy war, will be served by that attitude.

The Appointment Of Cardinal Leger

Since 1946 there have been two cardinalates in Canada, though for more than five years one of these has been vacant; it has now been filled by the appointment of Monsignor Paul-Emile Leger, the Archbishop of Montreal. The new Cardinal is a young man for such an appointment, for he is only 48; it is significant, also, that he, rather than the Archbishop of Quebec, has been chosen, for Cardinal Leger is known for his conservatism and his energy, as well as for his commanding intelligence; in Montreal he will be in the heart of urban and industrial French Canada, and his increased dignity will doubtless be put behind measures which he has already favoured—an obligatory observance of several Church holidays, binding upon citizens of all faiths, being one of them.

Cardinal Leger comes of a family which has given much to Canadian life, and one of his brothers is a distinguished official in the Department of External Affairs, and an advisor to the Canadian legation to UN.

As the Toronto *Globe and Mail* points out, the appointment of Cardinal Leger calls attention to the considerable increase in the Catholic population of Canada since the 1941 census; the latest count ascribes 43 per cent. of Canadians to that denomination. The time is within measurable distance when the figure will be over 50 per cent. and it would be foolish to pretend that this will leave Canada just as she is at present. Catholic countries are not, in many respects, like countries which are predominantly non-Catholic; their political and intellectual outlook is, understandably, powerfully influenced by the religious beliefs of the majority. If, however, the economic strength of the country remains predominantly in non-Catholic hands, the transition of Canada from a Protestant to a Catholic land may be accompanied by considerable stress of a sort for which we cannot, at present, think of any parallel in history.

The Fate Of All Prominent Men

Our book review column today is given over entirely to a consideration of *The Incredible Canadian*, a book about the late W. L. Mackenzie King by Bruce Hutchison. It is a controversial work, and Mr. George Murray, MP for Cariboo constituency in British Columbia, has asked in the House of Commons whether anyone means to answer the statements and implications made in the book which Mr. Murray thinks are derogatory to the dead man.

We hope that no one will attempt to do so. For one thing, it would not be good for Canada to establish a precedent for the discussion in Parliament of books about Canadian statesmen; it is not in the best interests of Canadian historical writing that any author should feel that he may be answerable to Parliament—even in the loosest and most general way—for what he says. Second, nobody has asserted that the book is an official or definitive work; it is Mr. Hutchison's opinion of Mr. King, and time will assign it to its proper place among the books about that controversial figure. If what Mr. Hutchison says about Mr. King seems to be, in part, offensive and derogatory, that is only to be expected.

When men of great eminence die, their reputations quickly diminish, and for a quarter of a century or so every disagreeable and discreditable thing that anyone can charge against them is made public. Those who dared not brave the lion when he lived are nimble in their attack when he is dead. This may be unpleasant, but it is human nature. It is particularly true of Canadian human nature, for we do not quickly forgive any man among us who has excelled; we are, as a nation, better at detraction than praise of our own people.

Our children, not we, will decide whether Mr. King was a great man or not, for they will see his work clearly and in a proper perspective. A wrangle in Parliament about Mr. Hutchison's book can do no good.

Commissioner Stringer Said It

In our editorial Monday about the dismissal of former Inspector Price Morris from the Provincial Police we inadvertently referred to Commissioner W. H. Stringer, head of the Provincial Police, as "Inspector Stringer." Elsewhere in the editorial we correctly referred to him as "Commissioner", and in the context no doubt should have arisen that we meant Commissioner Stringer and not District Inspector J. A. Stringer of the Peterborough detachment (who is no relation to Commissioner Stringer). *Inspector J. A. Stringer* made no statement about the case at all. The responsible head of the Provincial Police, Commissioner W. H. Stringer, O.B.E., made the charge.

NOTES AND COMMENT

In Michigan Santa Claus jobs are paying from 75 cents to $1 an hour. Not much future in them, however.

The person who doesn't believe in a literal hell misses a lot of peculiar pleasure, in that he can't look forward to the hereafter and imagine his enemies roasting and sizzling in sulphuric flames.

That dull rumbling which you have been hearing from the West is doubtless the sound made by the Edmonton Eskimos, explaining to their angry supporters just how it happened.

A British judge says that in his experience 42 per cent. of divorces are caused by "the other woman." Oh come, surely there must be a few "other men"? Or are women always contented?

"After taking three drinks, stop and think before taking another," advises a physician. But, after taking three drinks, some persons aren't capable of thinking or stopping.

BIBLIOMANIA

Mackenzie King In Candour

THE INCREDIBLE CANADIAN, by Bruce Hutchison (Longmans Green & Co.)

BY INFERENCE OF HIS intellect and emotion of his imagination Bruce Hutchison has created so remarkable a book that a reader may question who is the "incredible Canadian"—Mackenzie King or Bruce Hutchinson? No biography of a Canadian equals it in brilliance, provocative phrase and, frankly, in incredibility.

The book, a long one with never a dull moment, is subtitled "A candid Portrait of Mackenzie King; His Works, his Times, and his Nation". These emerge from it, but how candidly? It is Bruce Hutchison's candour, readily to be confused with the pulse of his imagination beating in purple phrases. The entire work is put in question by two things: the brilliance of his intuition and style (a clever writer and interpreter is always suspect in Canada), and the indubitable fact that he does not document his most important deductions. How can this writer, notwithstanding his Ottawa press gallery experience, his galaxy of Ottawa acquaintances and his occasional talks with King, know of a truth what he assumes to know: King's thoughts, the secrets of Cabinet quarrels, the verbatim reports of innermost Party matters?

Since no authorities are cited and the writer did not have access to Mr. King's personal papers of Cabinet files, a reader is justified in estimating that in some of his most startling expositions (like the report on the threatened revolt of the generals over conscription) Mr. Hutchison is nearer fantasy than he is to fact. And yet the book has the air of authenticity—the truth which an artist creates out of his own perception.

✧ ✧ ✧

THE FIRST CHAPTER, a summation of the man, his times and achievements, is masterful, a plethora of opinion, wit and hypotheses; so crammed it is impossible to digest; one can only gulp.

The author is daring in his judgements. He does not hesitate to use labels like "most exciting incident", "most famous speech", "greatest moment". It would be interesting to keep track of all these superlatives and see if he repeats or contradicts himself. We even get in two successive sentences Lapointe's "finest hour" and Cardin's "finest hour".

Mr. Hutchison gets some fixed ideas—or metaphors and similes—and gnaws them to pulp. He is fond of burying corpses of this and that, and of undertakers. In the first chapters he conceives King as a youthful prodigy, chubby. He is still calling King a "boy" at the age of 35, and as Prime Minister, King is "a young man who bobbed into the House of Commons with deferential look and hesitant gait". Yet five pages further on, in the same Parliament, h reports "a line of scarlet rising slowly up the back of his neck until it had flooded his bald scalp". (This after a Meighen sally against King.)

The author takes a paragraph from Dafoe: "A Prime Minister under the party system as we have it in Canada is of necessity an egotist and autocrat. If he comes to office without these characteristics his environment equips him with them as surely as a diet of royal jelly transforms a worker into a queen bee". The author cements the metaphor in the next pages and even thirty pages later is in the bee-hive again. This method has its dangers when extended to a whole chapter or when an incident is made the justification for a thesis. The facts and meaning can be distorted to fit the image or thesis. (One example, his discussion of a central bank controlling the money system "in terms of public need".)

Contradictions do occur—allusive or patent. This sort of thing: "King swam blindly, without a chart" (p. 7) and "he always knew where he was going" (p. 8, three short paragraphs later).

✧ ✧ ✧

VARIOUS FACETS of King's career and life are explored and explained with wonderful lucidity: his reverence for his mother; the Mein Kampf nature of his book "Industry And Humanity"; King's left-wing Liberalism and his creation of the Welfare State in Canada; his preoccupation with spiritualism, which, according to the author, was never brought into his political judgements and concerned only personal matters; the significance and symbolism of his Kingsmere ruins; the influence of his rebel grandfather's name and example; King's fear of war ("The secret of his behaviour in international affairs from the autumn of 1935 on to 1939 is to be found in the simple human fact that he feared war and could not face it until he had no alternative"); the importance King attached to Party management—sometimes leaving Parliament for others; the constant touch he kept with party adherents outside Parliament, for their advice and assessment of the temper of country and constituencies; his great effort to prevent division between French and English speaking Canada and the importance he attached to this achievement; his isolation and human loneliness; (another contradiction—"He was too self-centred for marriage and did not miss its satisfactions", and "he must have realized, too late, how much he had missed of ordinary men's rewards . . . a mate's companionship, and the abiding support of children".)

✧ ✧ ✧

CRUCIAL INCIDENTS in his political career are discussed in detail—for example the matter of sanctions against Italy then plunging into Ethiopia; and the conscription-McNaughton-Ralston issue. Mr. Hutchison judges King's performance and attitude after the event, of course, but even so, because King's performance did not jibe with Hutchison's (or Dafoe's) views, is not proof (as the author assumes) that Mr. King is wrong; or, for instance, that his aversion to Article X of the Covenant of the League and to sanctions, was a "fatal blunder". King and Canada could not have saved the League and the peace.

There are fascinating accounts of Cabinet dissensions, personal antipathies (of King and Angus Macdonald, King and Ilsley, King and Gardiner), but these sidelights must be judged as hearsay until Macdonald, Ilsley, Gardiner and the others speak up. Recent matters come into the portrait—the leadership of St. Laurent; King's attempt (and failure) to get Pearson into the Cabinet; the beginning of the Korean War. There are some scintillating sketches of King's contemporaries and opponents—these short estimates are among the best things in the book.

✧ ✧ ✧

ALL HIS LIFE Mackenzie King was dogged by minimizers; Mr. Hutchison says King deliberately sought to make himself a figure more ordinary than he was. Minimizers follow him beyond the grave. Despite the author's tribute to King's greatness as a stateman, his exposition of an unusual and gifted man and architect of modern Canada, King does not emerge from the portrait as a great man. Does this happen because the author enlarges King with one hand, belittles him with the other? May be King was not a great man. Yet we must believe he was, else for thirty years Canada in her greatest days was led by an inferior person; this is impossible to suppose unless we admit that Canadians are inferior people. Perhaps Mr. Hutchison is too near his subject, too near the mouths and prejudices of King's contemporaries to allow him greatness; perhaps Mr. King fooled even Mr. Hutchison with his pose.

The author sums up: "The man born small had grown beyond belief. His minute handwriting lay scrawled in black, indelible signature across his native earth. When it reclaimed him an age was ended in Canada. The new age could never escape his legacy or possess his spirit". The possession has been denied Mr. Hutchison too.

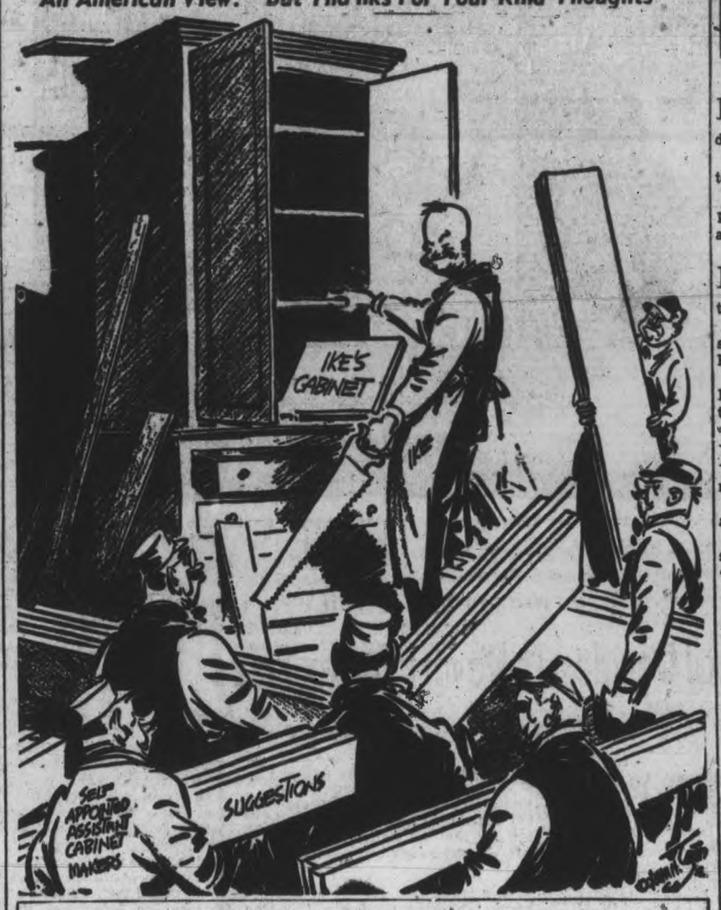
T. J. A.

✧ ✧ ✧

THIS WEEK'S QUOTATION comes from a cookery book considerably more than a century old, which contains a curious section on "Sick Cookery"—meaning food for the sick. Here is what it says about Asses' Milk, which few doctors recommend nowadays: "Asses' Milk far surpasses any imitation of it that can be made. It should be milked into a glass that is kept warm, by being in a basin of hot water. The fixed air that it contains gives some people a pain in the stomach. At first, a teaspoonful of rum may be taken with it, but should only be put in the same moment it is to be swallowed". To make imitation asses' milk you must "boil two ounces of hartshorn shavings, two ounces of pearl barley, two ounces of candied eringo-root, and one dozen of snails that have been bruised, in two quarts of water; mix with an equal quantity of new milk". Try asses' milk on your family when next they feel poorly, but look out for that fixed air.

(Any connection between Asses' Milk and the book reviewed at length in this column is probably coincidental.)

An American View: "But Thanks For Your Kind Thoughts"



Parliament and Obscene Literature

(OTTAWA CITIZEN)

DURING THE last session of Parliament a special Senate committee began an investigation of obscene literature, but adjourned with its work incomplete. As considerable public interest has been shown in the question, a move will probably be made to reconstitute the committee. Alternatively, as suggested in a resolution sponsored in the Commons by Mr. E. D. Fulton, Conservative member for Kamloops, a joint committee of both houses might be set up.

In either case, it is to be hoped that the investigating group will seek the guidance of as representative body of opinion as possible. This can hardly be said to have been done by the Senate's incomplete inquiry. In particular, it will be worth hearing the views of a wide range of modern novelists, many of whom have dealt with the lives of human beings with an extreme frankness of language. Depending on the author and the individual reader, their books produce a variety of effects, ranging from titillation to sheer disgust. Certain books may be shocking, yet there are different ways in which a reader may be shocked, and occasionally a harsh and earthy realism may awaken the public to awareness of a nasty social condition.

Definitions of indecency and obscenity are elusive. The subject of indecency in literature and pictures remains as controversial as it does in some other fields, as, for example, clothes.

Parliament apparently intends to continue its researches into a difficult problem, touching as it does such questions as early training of the individual in home, school and church. The committee will be well advised to call before it a number of professional writers, so that it may hear the point of view of some producers of Canada's reading matter as well as of the consumers of their product.

Quebec Liberals and TV Censorship

(OTTAWA CITIZEN)

THE LIBERAL opposition in the Quebec legislative assembly has voted in favor of the Duplessis government bill to impose a measure of provincial censorship over television programs. Thus this bill, with its far-reaching implications, was able to gain unanimous approval in the lower house.

According to reports, Liberals took the stand that the right of the province to exercise censorship could not be questioned. Their confidence, however, may not be universally shared. As this newspaper has already noted, the broad question of control over broadcasting in this country was decided by the courts in 1931. They found that authority rested entirely with Parliament.

By definition (as found in the Radio Act of 1938 and in the statute setting up the Canadian Broadcasting Corporation), television is part of broadcasting. It is internationally recognized as such, and the concept has never been challenged.

During the debate, Liberal members questioned the need for Mr. Duplessis' bill, although they do not appear to have advanced very cogent arguments against it. They merely suggested that censorship could safely be left with the CBC—which is the authority designated by Parliament. As soon as the premier upbraided them with neglecting Quebec's "rights", they subsided. The opposition wilted completely when Mr. Duplessis told the house that the CBC was infested with "notorious Communists," and that an organization which allowed the views of "atheists" to be broadcast should not be trusted as the censoring body for television within Quebec. This was another way of saying that the Parliament of Canada is not to be trusted.

Yet the matter of broadcasting television is completely within the jurisdiction of Parliament. In failing to recognize this fact, and in voting for an unsound law, Quebec's Liberals in the legislature have come up with a poor performance.

HALF AND HALF

"Hello, that you, Brown? How about a hundred at billiards?"

"Sorry, but I'm half asleep."

"All right, how about a fifty up?"

How Time Flies

DECEMBER 3

1922 The question of whether or not Sunday skating should be allowed divides the city council.

C. K. Lech is installed as worshipful master of Royal Arthur Lodge A.F. and A.M.

Dr. A. W. McPherson, P.A.A.A. president, present prizes to the road race winners at the Capitol Theatre.

1932 E. R. Shirley announces that he will be a candidate for re-election to the Utilities Commission.

It is reported that Peterborough public school children have a total of $15,480 in Penny Bank.

A local deputation will ask Hon. William Finlayson to have road camps located between Apsley and Bancroft.

1942 The Board of Works finds a scarcity of men to hire for snow removal here this winter.

Vince Whittington leaves with two trucks and five men to work on the Alaska Highway.

The Peterborough Lumber Co., after considerable difficulty in obtaining workers, puts 40 men to work in its wood camps.

Bible Message

(From the Authorized Version)

God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands; neither is worshipped with men's hands, as though he needed any thing, seeing he giveth to all life, and breath, and all things . . . For in him we live, and move, and have our being. (Acts 17:24, 25, 28.)

Lord, thou hast been our dwelling place in all generations. Before the mountains were brought forth, or ever thou hadst formed the earth and the world, even from everlasting to everlasting, thou are God . . . Let thy work appear unto thy servants, and thy glory unto their children. And let the beauty of the Lord our God be upon us. (Ps. 90: 1, 2, 16, 17.)

We all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord. (II Cor. 3:18.)

Letter To The Editor

PLEASED WITH POPPY DAY

Sir: We, the executive and members of Branch No. 52 Canadian Legion B.E.S.L. wish to take this opportunity of expressing our thanks and approciation for the publicity you gave to us for Poppy Tag Day and Remembrance day.

Our poppy sales were the highest they have been for some time and our parade was the largest we have had.

We would also like to take this opportunity to thank all the citizens who bought poppies or assisted in any way; also the management of industries and to all stores who contributed so generously.

Yours sincerely,
A. PARNELL,
Chairman Publicity, Can. Legion, B.E.S.L., Branch 52.

Spare

(Manchester Guardian)

Hitler has left his mark on the roads of Ireland, where a German car, the Volkswagen, is seen in growing numbers. It is unorthodox in design, its most striking characteristic to the lay eye being the reversal of position of engine and storage place. The engine is behind the back seat, and the things one usually puts in the trunk go under the Volkswagen's bonnet.

They are saying in Dublin that a woman driving her new Volkeswagen came to a stop at the bottom of a Wicklow hill. She did not know much about the internal working of cars, but she knew where the engine was kept; she opened the hood, and was horror-struck to find it empty.

Another Volkwagen, equally new and shiny, stopped, and its woman driver emerged to offer assistance. "I can't understand it," declared Woman Driver No. 1. "My engine must have dropped out, and I didn't even hear the bump." Woman Driver No. 2 smiled. "That's all right," she said. "I can help you. I've got a spare engine at the back."

"SUCCESS STORY"

Pilgrims File Past Coffin Of St. Francis

By ADRIENNE FARRELL

GOA, Portuguese India (Reuters) A great throng of pilgrims began filing past a silver-and-glass coffin to kiss the mummified feet of St. Francis Xavier, missionary of the East who died 400 years ago today.

A crowd estimated at 50,000 packed the square outside the cathedral as the body was borne from the basilica of Bon Jesus (Good Jesus) where it usually lies. Believers say its preservation for four centuries is miraculous, but decay now appears to be setting in.

The archbishop of this Portuguese territory unlocked the coffin and another prelate drew back a white cloth, gently uncovering the wizened body. A few sparse hairs are left on the head and the chin which is sunk into the chest. Head, feet and the one hand visible are of a deep golden parchment color and look brittle and fragile.

The saint lies robed in a magnificent gold-embroidered chasuible (vestment). The coffin was supported by a crimson dais.

SLIGHTLY DRAWN OUT

After high mass, celebrated by Emmanuel Cardinal Cerejeira, patriarch of Lisbon, Portugal, one end of the coffin was opened and the body slightly drawn out. Then the pilgrims started to file past. Nearly 1,000,000 pilgrims are expected to kiss the mummified feet before St. Francis is enclosed in his coffin again forever, a month from now.

The Pope has ordered that this should be the last showing of the body. The last time St. Francis was publicly exposed was in 1931.

As dawn broke, pilgrims, many of whom had slept the night in the cloisters and grounds of the basilica, gathered in the great square.

Among them were Hindus and Moslems who venerated the saint as a holy man.

St. Francis, one of the original members of the Society of Jesus, the Jesuits, was born in Spain. He first came to Goa in 1542.

THE SAME ONLY DIFFERENT—Christine Jorgensen (left) is the transformation-into-woman of George W. Jorgensen of The Bronx, N.Y. George, who served two years in the U.S. Army, underwent five major operations in Denmark to change his sex. After 2,000 injections and two years, Christine emerged. Her army records have all been changed accordingly.

Ex-Deputy Slain

BOGOTA, Colombia (AP)—Saul Fjardo, former Liberal deputy, was slain yesterday while being transferred from one prison to another, the government announced. Fajardo was placed under arrest several months ago when he was denied political asylum in the Chilean embassy.

Clerical Error

GRIMETHORPE, England (CP) —Leonard Harrison received a telegram saying he had won £6,767 in a football pool, but the cheque that came was for £767. Investigation showed a clerical error had led to a mistake in the telegram.

Film Cost £45

LONDON (CP)—A new British comedy film cost only £45 to produce. It was written, filmed and acted entirely by schoolboys aged 14 to 16 for a small private cinema in Wimbledon.

Woman To Handle Recount Of Votes

DETROIT (CP) — Diminutive Marguerite Montgomery, assistant state attorney - general, will handle the recount of votes cast in Wayne county during the Nov. 4 election for governor.

Republican Fred. M. Alger Jr. requested the recount after governor G. Mennen Williams was declared re-elected by 8,616 votes.

Although recounts also will be conducted in 1,571 precincts in several other counties, it was expected Governor Williams' majority would either be sustained or eliminated in the Wayne county check next Monday. Almost half of the 2,860,000 governorship ballots were cast in that county.

7 Africans Killed In Nairobi Raid

NAIROBI, Kenya (AP)—Police shot and killed seven Africans and wounded an eighth in a raid on a Mau Mau meeting room in the Thomson's Falls district Tuesday night, an official statement said today.

The raid followed a tip from two African policemen who told Supt. Peter Steenkamp of the meeting.

The incident was the latest in a long struggle by police to disband the secret Mau Mau terrorist society which seeks to force the white settlers from this British colony.

Will Be Executed

SAN QUENTIN, Calif. (AP) — William Edward Cook, who kidnapped and murdered six persons two years ago, will be executed in San Quentin's gas chamber Dec. 12, Warden Harley O. Teets announced Tuesday.

Smart Business

BOURNEMOUTH, England (CP) —Stamp dealer D. Wallace sold 30 stamps at fourpence each, then found they were worth about £100 apiece. Wallace traced and bought back all but six of the stamps.

Cut Down On Smoking

LONDON (CP)—A British firm has patented an invention designed to help those who want to cut down on cigarets. It's a cigaret case with a time lock.

Three Officials Facing Death

MOSCOW (AP) — Three former trade and light industry officials in Kiev, capital of the Soviet Ukraine, face death by a firing squad as "enemies of the people." Chief among their crimes were selling merchandise on the side and making illegal purchases of gold with the profits.

A special military court convicted the three of "counter-revolutionary sabotage in the field of trade and trade turnover" and sentenced them to die.

The three men are K. A. Khain, former manager of the Kiev trading base of the light industry merchandising organization, and D. I. Gerzon and Y. E. Yaroshetsky, former heads of sections of the base.

Two of their associates also were sentenced to 25 years each in prison.

Higher Gold Price Appears Doomed

LONDON (AP) — A bid by gold-producing South Africa to win the Commonwealth's support of a higher world price of the metal appeared doomed to failure today.

Official sources reported most of the nine countries attending the top - level Commonwealth conference here are against the move.

Deputy Premier N. C. Havenga of South Africa claimed a higher price would benefit the whole sterling area's gold and dollar reserves. South Africa's rich mines in Witwatersrand and the Orange Free State produce more than half the world's total gold output.

Havenga's bid for his colleagues' support of a higher gold price had brought considerable life to gold shares on the London and Johannesburg markets in the last few days.

Prankster Sends Wreath To Home

RICHMOND HILL (CP)—Provincial police say they are seeking the person who caused an in memoriam wreath to be sent to the home of Mr. and Mrs. Paul Fox.

The order for the wreath was placed by telephone with instructions to deliver it and charge the cost to Mrs. Fox.

Police said Tuesday night they believe the incident and a number of anonymous telephone calls to certain townspeople, threatening harm to their children, are tied in with the Dec. 1 election of members to the separate school board for this centre 15 miles north of Toronto.

Two of the three men elected to the board were supported by Mr. Fox among other residents.

Approve Photos For Souvenirs

OTTAWA (CP). — Regulations governing use of Royal emblems and photographs on Coronation souvenirs were announced today by the Secretary of State's department.

Subject to certain restrictions, the Royal Standard and approved Royal photographs may be reproduced in souvenirs of a permanent nature, the announcement said.

Such souvenirs may be manufactured, advertised and distributed now, but most retail sale is permitted only from January 1, 1953. Calendars and diaries may be sold now, but candy boxes bearing the photographs of the Queen and Duke of Edinburgh may be sold from January 1 to August 31, 1953.

The only photographs which may be used are those of the Queen and the Duke of Edinburgh not those of other members of the Royal Family. These pictures may be used in permanent souvenirs or on calendars, greeting cards, souvenir photographs, and similar articles, but not in ashtrays, tea trays, or similar wares.

Successful Experiments

LONDON (Reuters) — Russian electronics engineers have made successful experiments with color television and television on screens "almost as big as movie screens," Moscow radio reports. The radio said Kiev was the third Soviet city to have a television transmitter. Moscow and Leningrad are the others.

It's the 'KNOW HOW' that Counts!

HANDBALL: THE FULL-ARM UNDERHAND STROKE

1 Feet about eighteen inches apart, knees slightly bent. Body leans forward and is turned to the right as right arm swings back into position. Hitting arm is bent at the elbow and weight is on right leg. Head is set squarely and faces side wall.

2 Arm swings in front of body on the swing. Left foot takes short step forward as ball is hit. Elbow straightens slightly and ball is hit near knee height. As left foot moves, the body weight shifts forward. Eye must never leave ball.

3 Follow-through is important for control of the shot. Shoulders and arm swing about naturally with upper body rotation. Extra speed and control on this stroke comes when wrist is flexible. Ball may be hit with either cupped or flat hand.

Yes, it's "know-how" that counts in handball as in every sport—"know-how" that sets one performer above another. Learn the correct form — the "know-how" — then practise until you have mastered it and you'll get more fun and enjoyment out of your sports and game.

Dow BREWERY LIMITED

This is one of a series designed to increase the pleasure of Canadians who participate in sports.

CC-111

SPORTS SHOW WINDOW

By CEC. PERDUE, Sports Editor

An interesting little follow-up item on the Grey Cup game is this columnistic comment: "Argos used an unusual kickoff style in the last half. They laid the ball flat on the ground with the ends pointing to the sidelines. This type of kickoff sends it whirling in crazy motion that makes it difficult to field and prevents any prospect of a runback for touchdowns. It's an American dodge and was used by the pro teams who battled in Detroit on Thanksgiving Day, the Detroit Lions and Green Bay Packers." Yes, there's always a new wrinkle to be learned in football, hockey or any other sport—and the winning clubs keep up with the latest angles. Some invent their own.

* * * * * *

We Note an NHL bulletin which says Boston Bruins have bought rookie winger Leo LaBine a black and gold toque to wear in games. He is billed as "Bruins' Magnificent Screwball" around Boston and is quite pleased with his headgear. Coach Lynn Patrick figures LaBine's toque will add a dash of color to his club. A sound idea as anything which helps sell the game is all to the good—and, anyway, who cares for drab displays in sports? We are keenly interested in Bruins because of Dit Clapper here being one of their directors, Red Sullivan being one of their players, and our junior Oddfellows being a minor Bruin farm club inasmuch as Boston has first call on any of their players.

* * * * * *

Local Talent Aboard

There is local interest, also, in the TVL pre-season series playoff for the McGillis Trophy tonight at Civic Arena. District interest, of course, as it's Havelock vs. Norwood in the final—but both clubs carry a number of Peterborough puck-chasers. Norwood has some of the ex-Eagles aboard, but Havelock didn't seem to realize that in the first of the two-game series, so they're up a goal on Norwood for this return and final fray. The short series, which also saw Lakefield and Hastings in for several weeks, winds up this evening. The regular TVL schedule will soon be drawn up and play start when it's cold enough for frozen water in the natural-ice centres.

* * * * * *

While Coach Jim Ellis and Manager Johnny Russelle have the more immediate concern of building the Petes up to real senior "B" contending calibre, the rest of the executive are doing their part as well in checking prospects, raising funds, helping on transportation, etc. Such chaps as Benny Swartz, Ed O'Toole, Fred Scates, Baz Phelan, Ray Tanner, George Bennett, Frank Topling, Ed Riley, Eddie Foley, Spiros Zakos, Gene Sheedy and the rest. All have their jobs over the lengthy campaign. Frank Buckland, OHA vice-prexy, is a life member of the club, known this year as the T-P-T Petes. Sam Miceli is timer and Bob Strong looks after equipment. A lot of work behind the scenes of any sports club, and the Petes' puckists have a good, working executive back of the them.

* * * * * *

Bush Leagues Prepare

Some of the district bush hockey leagues are staring to reorganize with the approach of winter for natural-ice centres. Millbrook and Cavan circuit will go with six entries soon, Bethany, Bailieboro, Fourth Line, Millbrook, Mt. Pleasant and Scott's Corners. Apsley is still busy building an arena, a hefty project for a village that size. They'll miss big Bert Howden up there, the high-scoring provincial policeman for Apsley Aces in recent years being sent to Bowmanville this week in a police swap. There'll be noises in the near future also of puck-organization out Keene way and over in the Warsaw area.

* * * * * *

Latest AHL scoring list shows Ike Hildebrand of Cleveland and George (Red) Sullivan of Hershey tied for second place in the league scoring with 25 points each, one back of the leading mark. Ike actually leads in goals with 14 and Red leads the American League in assists with 20 in as many games, having served 12 minutes in penalties. In 17 tilts, Hildebrand has sat it out six minutes for minor infractions. Had Cleveland been granted an NHL franchise this year, the Timbermen's smooth forward would most likely have been in the big time. As for Red, he did well up there with Bruins last year, but reported back this fall underweight and is being kept at Hershey to put on more poundage for the stiffer NHL campaign.

LATTNER AWARD WINNER

PHILADELPHIA (AP)—Johnny Lattner, Notre Dame's brilliant offensive and defensive halfback, Tuesday was named the outstanding football player of 1952 by the Maxwell memorial football club. The Maxwell award was established in 1937 in honor of Robert Maxwell, a football official killed in an automobile accident. Lattner, six feet one and 190 pounds, passed punted, ran, caught passes and backed up the line for the upset-minded 1952 Irish football team.

2 Horses Voted Top Honors By Association

NEW YORK (AP)—One Count and Real Delight, owned by two of racing's most prominent women were voted top honors today for three-year-old horses by the Thoroughbred Racing Association's board of selection.

Real Delight, from the Calumet farm of Mrs. Gene Markey, was the unanimous choice as champion of the three-year-old filly division, receiving all 37 votes of the board.

A total of 31 votes was given One Count, owned by Mrs. Walter M. Jeffords of Philadelphia. The TRA board of selection is made up of racing secretaries of the 37 member tracks of the TRA, which opened its annual two-day convention here today.

BOTH CONTENDERS

Both horses are strong contenders for over-all honors as "American champion for 1952," to be announced Thursday night at the TRA's annual dinner.

Real Delight, winner of 11 of her 12 races this year, earned $236,272 in establishing herself as one of the best fillies to come along in many years. She won nine stake races.

One Count started 15 times, won seven, including the Belmont Stakes and earned $229,925 during the year.

Dugan Scores 2 As Redmen Whip Mercurys

By THE CANADIAN PRESS

Brantford Redmen replaced Chatham Maroons in fourth place in the Ontario Hockey Association Senior A series by downing Owen Sound Mercurys 7-2.

In Tuesday night's game, Owen Sound blew a chance to move within a single point of the league-leading Stratford Indians. Kitchener-Waterloo Dutchmen are third.

DUGAN SCORES TWO

Wally Hnatiuk scored three goals against Owen Sound to set the pace in the Mercurys' second home defeat of the season. Arn Dugan notched two others. Bill Shill and Sam Kennedy singled. Doug Gillespie and Art Hayward came through with goals for Owen Sound.

Saw Grid Game Milne Suspended

SUDBURY — Attending the Grey Cup finals between Toronto Argonauts and Edmonton Eskimos on Saturday proved to be costly for Andy Milne of the NOHA Sudbury Wolves.

The big rightwinger was suspended indefinitely by Wolves coach Max Silverman for missing a team practice here on Saturday night. Milne, who had asked for permission to attend the football game, had been refused and was ordered to attend practice.

Silverman added that Milne would not dress for the Wolves' game on Friday against North Bay Trappers, and that George Defelice would take his place on a line with Gord Heale and Nick Tomiuk.

At present, Milne and Tomiuk are top scorers for the Wolves and Heale is second. They comprise the most productive forward trio in the league with an aggregate total of 62 points, including 25 goals.

Milne is the second member of the Wolves to be suspended indefinitely by Silverman. Three weeks ago, he benched defenceman Durno Rondina for insubordinaiton, and Rondina is still on the sidelines.

The Wolves are presently third in the four-team circuit, one point ahead of the tail-end Soo Indians and nine behind the leading Soo Greyhounds.

British Breeders Warned About Horses

NEWMARKET, England (AP)—British bloodstock breeders are warned they are endangering horse racing by their current breeding of sprinters instead of stayers.

In a prepared speech to the annual general meeting of the Thoroughbred Breeders' Association Tuesday night, Lord Rosebery, president, said breeders were not on the right line in catering to the public demand for short-running, quick-maturing horses.

Lord Rosebery is one of Britain's top breeders and owners, and is a member of the Jockey Club, ruling body of horse racing.

Bush Puck Loop Set To Go With Six Clubs

MILLBROOK (ENS). — Six entries are expected this season in the Millbrook and Cavan Bush Hockey League, Bailieboro, Bethany, Fourth Line, Millbrook, Mount Pleasant, and Scott's Corners. Steps are being taken to strengthen a few of the weaker clubs of last winter. The district also will be represented in the intermediate OHA loop with Stouffville, Markham, Woodbridge, Newcastle, Brougham, the Peaches and Brooklin. Players for this team have been working out in Port Hope.

Officers for the Bush League this year are: President, P. Hamilton; first vice-president, Dr. J. W. Wright; second, C. Seymour; secretary, W. Agnew; treasurer, J. Coulter.

More encouragement will be given to minor hockey with the local IOOF backing the peewee section and the league lending some assistance to the midgets. Once a week, the midgets will play in a curtain-raiser before a league match.

Several improvements have been made in the arena layout and icemaker Hector White needs only cold weather to have a playing surface. Another meeting will be held soon to clean up unfinished business before hockey commences in this lively little hockey centre.

Cobourg Comets Whip Huskies

COBOURG — Cobourg Comets clicked for their second consecutive win of the season here Monday night and trimmed the league leaders, Lindsay Muskies 7-4. Jack Reeves was the big gun of the game and his three goals and three assists made the difference.

Reeves broke up the game in the third period when the teams were tied 3-3. The big winger carried down, bulled his way through the defence and set Billy Hessin up in front at the six-minute mark. Just 55 seconds later Reeves scored from the blue line on a low bullet-like shot. That was the beginning of the end for the Lindsay crew who hadn't dropped a game in Cobourg in two years prior to last night. Doug Fisher and Dave Casey nailed down the lid with a goal each before time was out and the Muskies were hanging on the ropes at the bell.

Cobourg jumped into a lead in the first session when Reeves scored twice and set Casey up for a third one. Lindsay fought back with Kelly from Burns and Sinclair for one goal and Davies for a solo for another in the first period. Hicks tied the game in the second at 7:42 for Lindsay, and from then on until the Comet outbreak in the final stanza there was no more scoring.

The game was rough and at one time Lindsay had three men in the box serving minor penalties. John Fisher of the Comets was forced to retire after he was hurt going in on the Lindsay defence as the middle session closed. For Lindsay it was a stunning upset, and sent them into a tie for first place with Bowmanville, who have lost one less.

AMONG THE PETES' WORKERS — Though fans are primarily interested in the players, much executive work is required to ice a contending hockey club. Above are shown some of the good workers for the Petes' senior "B" club. Left is Coach Jim Ellis, with Manager Johnny Russelle, centre, and Secretary Baz Phelan, right, who also handles the PA system at all home OHA games.—(Examiner Staff Photos).

City Carpetball

Schedule for the week of December 8: Fire Hall 4 vs. Glens 1, Legion 5 vs. Red Patch 11, Legion 7 vs. Legion 10, Orphans 2 vs. Legion 12, LOL 6 vs. Legion 3, SOE 8 vs. Fire Hall 9.

The results of last week's play at the Legion Hall, Legion 3 was leading against Fire Hall 9 when they scored a big five end and went on to take the game 15-7. The second game was No. 9's all the way by a 14-6 score.

There were two close games at the Legion Hall when LOL 6 met Legion 12, the first game going to No. 12 by an 8-6 score. In the second game Legion 12 was leading 11-4 going into the 10th end, but the Orangemen finished strong to make it 11-all. Another game at the same hall between Glens 1 and Legion 5 proved a split decision as Glens captured the first game 15-5, and No. 5 by scoring a big five end in the 7th frame won 14-9. In the games between Red Patch 11 and Legion 10, big ends were scored by both teams, but the Patches scored most of them, thereby taking both games by 22-11 and 18-9. The Orphans 2 and SOE 8 met at the Legion Hall and the first game was tied twice, the last time in the 11th frame by No. 2, but No. 8 scored in the last frame and won 11-8. In the second game the Sons started with a big five and No. 2 kept pecking away until finally in the 9th end they tied it at 8-all, and then they went ahead by scoring two singles in the two next frames, but again No. 8 scored in the final frame, this time it was only a single and was not sufficient, as No. 2 captured it by a 10-9 score.

The games played at the Fire Hall were father and sons battles as Legion No. 7 met Fire Hall 4 in two well-fought battles, but both of them were won by No. 4 by scores of 14-4, 15-7. These scores do not indicate the very close ends.

That postponed game between Red Patch 11 and Fire Hall 9 has been played. The game was tied twice, the last time in the 6th frame at 6-all; from there on it was all No. 9 as they finished strong, and the final score was 21-8 in their favor. In the second game Fire Hall started strong and were leading 8-0 going into the 6th frame, then No. 11 started clicking by blanking No. 9 in the last five frames and the Red Patches finished ahead 11-9.

Skips are requested again to find out if their teams desire a recess in the league schedule for the weeks December 22 and December 29 during the Christmas season.

Entry fees are overdue. Skips please look after this matter.

Both A. Sims and C. Campbell are progressing favorably in the hospital.

Standing to November 29:

	W.	L.	T.	Pt.	Av.
Fire Hall 4	12	2	.	24	61
Fire Hall 9	8	5	1	17	59
Glens 1	8	5	1	17	51
Red Patch 11	8	5	1	17	49
S O E 8	9	5	.	18	57
Legion 3	7	6	1	15	57
Legion 12	7	6	1	15	49
L O L 6	5	8	1	11	53
Legion 5	5	8	1	11	44
Orphans 2	5	8	1	11	41
Legion 7	4	10	.	8	43
Legion 10	3	11	.	6	36

Remember When —

By THE CANADIAN PRESS

Henry Armstrong was awarded the Edward J. Neil memorial trophy 12 years ago today for his great contribution to the boxing game. Armstrong was the only fighter to hold three world titles simultaneously — the welterweight, lightweight and featherweight.

Windsor Snatches 2-1 Victory On Overtime Goal With Teepees

By THE CANADIAN PRESS

Windsor Spitfires, the Ontario Hockey Association Junior A cellar-dwellers, have acquired a winning complex.

The Windsor entry outplayed St. Catharines Teepees most of the way Tuesday night and snatched a 2-1 victory on an overtime goal. The win gave them 12 points.

In Galt the Black Hawks consolidated fourth place by trouncing Oshawa Generals 8-3. The Hawks scored four goals in the third period.

Kitchener - Waterloo Greenshirts are having a rough time on their interlocking schedule tour in Quebec. The Shirts dropped their second game in three starts to Montreal Canadiens 6-2. Previously they lost to Three Rivers Reds and tied the last-place Montreal Royals.

Quebec Citadelles and Montreal Royals staged a first-class donnybrook with one misconduct, eight majors and six match misconducts in Montreal before the battered Cits emerged with an 8-3 win.

Archie Burton's goal-mouth pass bounced off a skate into the St. Kitt's net to decide the issue in Windsor. Ted Reid scored the first goal for Windsor and Allan Kellogg notched the St. Catharines marker. Marv Edwards was outstanding in the Teepee net.

Oshawa set a fast pace in Galt before the Hawks started shovelling them into the Generals' net. Roger Maissonneuve, Fred Etcher, and Phil Chapman each scored for Generals before Galt's Long John Sleaver replied. Ken Wharram had two for the winners, Jim McBurney scored three and Neil McDonald and John Muckler singled.

The Kitchener-Canadiens game was fast, clean and wide-open in Montreal. Ronnie Pilon hit for three and Phil Goyette scored twice for Canadiens. Yvan Chasles and Orv Tessier divided the Kitchener goals.

In the other debacle Camille Henri scored three for the Cits. Others were divided among Raymond Cyr, Jean-Paul Gignac, Michel Labadie, Bertrand Lepage and Roland Leclerc. Ross Watson tallied twice for Royals and Brian McCann singled.

The only game in either league tonight is in Toronto where Barrie Flyers meet St. Michael's.

Beliveau Top Scorer In Quebec League

MONTREAL (CP)—Jean Beliveau of Quebec heads the Quebec Senior Hockey League's individual scoring list, figures released by the league show, although the Aces have won but seven of the 21 games they have played.

Beliveau's total of 28 is made up of 15 goals, tops in that department, and 13 assists. Andre Corriveau of Valleyfield Braves holds down second place with 27 points on nine goals and 18 assists.

Tod Campeau of Sherbrooke Saints comes next with eight goals and 18 assists.

In the standings, Montreal shows a four-point lead over the second-place Valleyfield team and five more than the third-place Ottawa Senators.

Montreal has 29 points from 14 victories and one tie while Valleyfield has 25 points from 10 victories and five ties.

QUEEN'S LOSE

KINGSTON (CP)—Panzer College of Orange, N.J., Tuesday night trounced Queen's University Seniors 85-50 in an exhibition basketball game. Panzer led 36-24 at half time.

Strong Earthquake

MANILA (AP) — A strong earthquake early today rocked the west coast of Leyte Island in the central Philippines. Its epicentre has not been determined.

REDS ACQUIRE JUDSON

CINCINNATI (AP) — Cincinnati Reds said Tuesday they have acquired righthander Howie Judson from Chicago White Sox as part of the deal that sent outfielder Hank Edwards to the Sox last Sept. 1. Judson never had a winning season with Chicago. His best year with the Sox was 1951, when he won five games and lost six.

Lindsay Rink Takes Round At Bonspiel

HAMILTON (CP)—The annual seniors' bonspiel is under way with 32 rinks competing for three trophies.

Each rink must lose three games to be eliminated so all are to be in action again today. The trophies are the Seniors', the Hudson-Ross and the C. M. Doolittle.

Last year's Seniors' winner, Percy Skitch, led his Lindsay rink to victory over I. D. Eastman of Hamilton Thistles. A. D. Somerville and W. Doherty of the Thistles advanced to third round, play for the Seniors' trophy.

Results included:

Seniors' first round: Ontario Hospital, H. G. Ward, skip, 13; Galt, C. E. Fleming, 4. Hamilton Thistles, A. D. Somerville, 12; Brantford, Frank Bell, 6. Kitchener, A. A. Perrin, 14; Galt, J. C. Marritt, 9. Hamilton Thistles, W. H. Doherty, 8; Guelph, Dr. J. Proud, 5. London, M. Aylesworth, by default over Woodstock, E. P. Hodkins. Galt, F. G. Light, by default over Gravenhurst, J. Thompson. Lindsay, Percy Skitch, 13; Hamilton Thistles, I. D. Eastman, 9. Paris, J. W. Currie, 13; Hamilton Victorias, Dr. C. Gooch, 3. Galt, J. L. Tulton, 13; Ontario Hospital, J. Blackwood, 5. Hamilton Victorias, Dr. A. E. Walkey, 13; Glanford, W. M. Finch, 6. Chatham, Peter Gilbert, 10; Hamilton Thistles, G. F. Armstrong, 8. Brantford C. M. Shepherd, 9; Hamilton Thistles, W. G. L. Hardie, 8.

Second round: Hamilton Thistles, J. V. Scanlaan 5; Dr. A. E. Walkey 12. P. Gilbert 8; C. M. Shepherd 6. A. D. Somerville 9; H. G. Ward 6. Hamilton Thistles, A. R. Tarlton 10; M. Aylesworth 9. W. H. Doherty 12; A. A. Perrin 8.

RICHARD (DIRTY DICK) RAINES, above, who will team up with Lou Plummer in a tag team wrestling match at the Brock tonight. The Texas champions (plus their horseshoe) will oppose Chief Big Heart and his new partner, Kenny Ackles. A torrid bout is looked for when these four tangle. Wee Willie Davis tackles Bull Montana in the semi-final while Jimmy Coffield and Jack Wentworth are in the opener, which starts at 8:30.

Gives Tip On Beating Yanks Just Trade Some Players

By JOE REICHLER

PHOENIX, Ariz. (AP)—Tip to Hank Greenberg, general manager of Cleveland Indians:

Wanna beat the Yankees for the pennant next year? Let Casey Stengel, the guy who stopped you four years in a row, tell you how.

"Nothing to it," says the cagy skipper of New York's world champions. "If you want to beat us, just make a trade with us. No fooling. Look at all the good players we gave away to other clubs in trades in recent years—Bob Porterfield, Jackie Jensen, Frank Shea, Tommy Byrne, Duane Pillette.

"That Greenberg pops off now he hates the Yankees and wants his players to do likewise. Does he think his Indians can win the pennant by hating us? No sir.

"Know how Cleveland can win the pennant? By getting some of our players. That's how simple it is. If you can't lick 'em, get 'em on your side."

While Stengel was having some fun at the expense of his friendly rival, Chuck Dressen, whose Brooklyn Dodgers bowed to Stengel's Yankees in the last world series, was accepting congratulations on having been rehired for another season as manager of the Brooks for a salary ranging from $35,000 to $40,000.

The Dressen signing along with the announcement that Joe Black, who all but pitched the Dodgers to the championship and won rookie-of-the-year honors, also had signed his contract for 1953 came as the baseball convention here wound up its three-day player draft and prepared to delve into a heavy legislative agenda.

Dressen said the Dodgers are slated to meet with the Braves "in a day or two" in an effort to transact a deal. He did not identify the players he intended to let go but made it plain he is anxious to land Warren Spahn, Boston's star southpaw.

Asked whether he would be willing to give first baseman Gil Hodges and outfielder Carl Furillo for Spahn, Dressen smiled and said:

"All I can say is I'd be willing to break up my infield and outfield to get a good starting pitcher, preferably a lefthander."

Chicago Hawks Shooting For Eighth Home Victory

By THE CANADIAN PRESS

Chicago Black Hawks, the wonder team of the National Hockey League this season, will be shooting for their eighth home victory tonight. So far Chicago fans have seen their team drop only one game at home this season. They have scored seven victories and three ties for 17 out of a possible 22 points at Chicago.

Chicago, who has finished at the bottom of the league for the last five out of six years, is still leading the NHL with 28 points, three more than second-place Detroit.

In the only league game tonight, Chicago is host to the cellar-dwelling New York Rangers. The two teams played to a 1-1 tie Sunday.

SHOW MORE CONFIDENCE

The Rangers, 16 points behind the Hawks, have showed more confidence since their battle-scarred regular goalie, Chuck Rayner, returned recently to his regular place in the nets. He has allowed two goals a game in the last five. The return of defenceman Leo Reise also has strengthened the Rangers' rearguard.

The slumping Toronto Maple Leafs, who lost their last three out of four games and slipped into a fourth-place tie with Boston, are having injury troubles.

Max Bentley, Tod Sloan, Harry Watson and Gordie Hannigan are all on the sidelines. Bentley, suffering from a back injury, and Hannigan, out with a twisted knee, probably won't see action before the week-end. Sloan, who suffered a bruised foot at Detroit Sunday, may be able to play Thursday night in Montreal. Watson, out with a back injury for more than two weeks, may be in the line-up by the week-end.

Alouettes Keep Coach Walker

MONTREAL (CP) — Douglas (Peahead) Walker, whose first year as a coach in Canadian football didn't prove a howling success, will be back with Montreal Alouettes next season.

The 49-year-old coach wired Tuesday from his Birmingham, Ala., home that he will take the job again and hopes for a successful season.

The management of the Big Four club said Walker's salary will be the same. The amount wasn't stated.

Walker's acceptance put to rest rumors that several other well-known coaches were after the job. These included Vic Obeck, athletics director and football coach at McGill university; Frankie Filchock, who quarterbacked Alouettes to the Grey cup in 1943 and as Edmonton Eskimos' coach lost in the annual game Saturday to Toronto Argos; Les Lear, Calgary Stampeders' coach, and Annis Stukus, Toronto newspaper man who formerly coached the Eskimos.

Alouettes came through the 1952 Big Four season with only two wins in 12 starts.

Barons Drop Syracuse 3-1

By THE CANADIAN PRESS

Cleveland Barons won their sixth straight and their eighth in a row at home by defeating Syracuse Warriors 3-1 in an American Hockey League game.

The victory Tuesday night gave Barons a four-point lead over the league.

John Bower, the league's leading goaltender, kept up his goal-a-game streak. Wingman Ike Hildebrand potted his 15th goal of the season to tie for the league lead in points.

Ernie Olson and Steve Wochy tallied the other Cleveland goals. Leo Curick counted for Syracuse.

They'll Do It Every Time — By Jimmy Hatlo

Vince Mazza Given Jeff Russel Trophy

HAMILTON (CP)—Vince Mazza, star lineman for Hamilton Tiger-Cats, Tuesday night was presented with the Jeff Russel memorial trophy, emblematic of the most valuable player in the Big Four.

The presentation was made by Charlie Lawson, past president of the Interprovincial Rugby Football Union, at a Tiger-Cat Quarterback Club meeting.

State Dept., Jury Disagree Over Reds

NEW YORK (AP)—A critical federal grand jury and the U. S. state department disagreed today over just how much the department is doing to help ferret out American Reds on the United Nations headquarters staff.

The grand jury, in a report Tuesday, said the state department gave "disloyal officials a clean bill of health" in some of "the most flagrant and obvious cases of disloyalty."

The report also said the state department "stymied" the panel's inquiry into the matter. Tuesday night one of the jury's members said there even appeared to be state department pressure to have the report withheld.

The state department in a statement said it had no authority over UN personnel but that it had drawn the attention of the UN to Americans whom it "believes to be Communists."

In reply to the jury's contention that it withheld certain names of department officials who reviewed and cleared four of the cases, the department said it did so because questioning would have concerned confidential files.

A Senate internal security subcommittee, which has been investigating the matter, promptly made the panel's 3,000-word report part of its own record.

Making its report on the last day of its term, the grand jury urged that a new panel be appointed to carry on its work.

No individuals were named in the report, which was not an indictment.

The report's allegations included:

1. Many of the jury's witnesses, among them American employees of the UN, refused to answer questions concerning past or present Communist party membership and in some cases past or present espionage against the United States.

2. In some instances "the state department did supply adverse reports against a U. S. citizen in the UN but the UN failed to take action."

3. The "infiltration" of Americans "closely associated with the international Communist movement" into the UN appears "to result from the contrivance of certain highly placed officials who have surrounded themselves in each (U. S.) government agency, and then in the United Nations, with personnel who share their disloyal convictions."

4. The present arrangement between the U. S. state department and the UN to exchange information to prevent UN employment of disloyal Americans has "failed miserably."

5. The jurors' attempts to discover the reason for "misleading evaluations" by the state department concerning some UN employees were blocked because the state department refused to furnish the names of department personnel "responsible for the faulty evaluations."

Free Handwriting Analysis

at least two years we have essayed at

(Slightly reduced)

This writer is affectionate, sympathetic and demonstrative. The movement and slant of the writing tells of a generous and sociable temperament.

He is charming and friendly. The well-proportioned script, Greek 'e's' and graceful letter formations reflect the refinement of this person's nature.

He is imaginative, responsive and generous. There is, however, a lack of resistance and firmness which shows that he could be easily imposed upon, giving freely of money, time and sympathy.

He dislikes unpleasantness and will go out of his way to avoid it.

A noted professional Graphologist will analyse as many samples as possible of our readers' handwriting received each month.

ROBERTSON SUSPENDED

OTTAWA (CP)—Bobby Robertson, aggressive defenceman with Ottawa Senators of the Quebec Senior Hockey League, has been suspended for two games following a fracas at Shawinigan Falls Sunday in which he drew a match penalty. The Senators were informed of the suspension by Martin Conway of Montreal, president of the Quebec branch of the Canadian Amateur Hockey Association.

+ + +

ROYALS DEFEAT RIDEAUS

SMITHS FALLS (CP) — Jerry Plamondon scored the first three goals for Montreal Royals Tuesday night as the Quebec Senior Hockey League team defeated Smiths Falls Rideaus 7-5 in an exhibition game. The same teams play again tonight in Kingston.

Orville Gravelle scored twice for Smiths Falls and singles went to Stu Smith, Archie Richardson and Ray Trainor.

+ + +

OWNER SUSPENDS GOALIE

NEW WESTMINSTER, B.C. (CP)—Lucien Dechene, goalkeeper for New Westminster Royals of the Western Hockey League, was suspended Tuesday without pay by club owner Kenny MacKenzie. Dechene has been with the Royals for the last four seasons and was considered one of the best in the loop. MacKenzie said Dechene has had 22 goals scored on him in three games.

+ + +

SPLIT PACE HEATS

TORONTO (CP)—Captain Cash, owned by Gadoury and Lachapelle of Joliette, Que., and the Saleslady owned by G. Lasby of Guelph, shared Tuesday's featured AA pace when they each won a heat in the seventh race at Dufferin Park.

Dauntless Bomber, owned by J. Smith of Ottawa and driven by Wilmer Hillock, was a handy winner of both heats in the sixth and secondary feature.

SENATOR HENRY CABOT LODGE smiles happily in his Washington home on hearing the news that President-elect Dwight D. Eisenhower had announced he would appoint the senator to head the U.S. Mission to the United Nations. Piecing together a jigsaw puzzle, Lodge said it was the first good relaxation he has had since starting work for Eisenhower 13 months ago.

Omemee Votes For New Council

OMEMEE (ENS)—Omemee will hold their municipal election Saturday to elect four councillors and two hydro commissioners, Reeve Harry Deyell and School Trustees Art Weir, Howard Bent and Russell Rawlins having been returned by acclamation. Those in the field for the Council are: W. M. Ellis, G. Wallerman, Geo. Stephenson, R. W. Mitchell, L. M. MacKenzie and Wm. Fisher. Running for hydro commissioners are: C. G. Shaw, Cecil Jones, Austin Hayes and J. A. McConnell, James Magee having failed to qualify.

Millbrook News

Mrs. Bruce Dawson, Mr. and Mrs. Breton Dawson and Miss Barbara Seeney spent the week-end with Mrs. Bruce Dawson's daughter, Mrs. John Reichert, and Mr. Reichert of Sanborn, N.Y.

Mr. and Mrs. Basil Stephens, Terry and Gayle of Toronto were the week-end guests of her parents, Mr. and Mrs. John Barringer.

Mrs. Bruce Ingham and Bruce Ingham Jr. attended the funeral in Port Hope on Monday of Mr. William C. Allin, who died at the home of his daughter, Mrs. Frank Boland of Rossmount, on Friday at 90 years of age.

Mr. and Mrs. David spent the week-end with her son, Mr. Kenneth Little, and Mrs. Little in Weston.

Ralph and Joe Lunn, Herbert Ball, Robert Kinsman of Millbrook and Earl McMillan of Campbellford returned on Friday evening from a three-month stay in the western provinces. They motored both ways and visited Vancouver and Victoria before returning home.

Barge With Cars Sinks

EVANSVILLE, Ind. (AP) — A barge which may have carried as many as 200 new automobiles sank in the Ohio River Tuesday at the head of Henderson Island, about 14 miles below Evansville. It was being towed by a towboat of Commercial Barge Lines, Inc., the same river transport company that lost a barge and 150 new automobiles a year ago at Golconda, Ill. Cause of the sinking has not been learned.

Acquitted of Murder

CHICAGO (AP) — Harold War, an independent union official, Tuesday was acquitted of murder in the fatal beating of a non-striking worker during the recent International Harvester Company walkout. Ward, 30-year-old secretary-treasurer of Local 108, Independent Farm Equipment-United Electrical Workers Union, was found innocent of the beating Oct. 3 of William Foster, 52.

4 Candidates

JERUSALEM (AP)—Parliament will select Israel's second president next Monday from among four candidates nominated to succeed the late Chaim Weizmann. The candidates are Issac Ben Zvi, put up by the Mapai party; Dr. Itzhak Gruenbaum, named by the Mapam, Dr. Peretz Bernstein, nominated by the General Zionists, and Rabbi Mordecai Murok, backed by all religious parties.

Publisher Jailed

MIAMI, Fla. (AP)—Reubin Clein publisher of the weekly Miami Life, entered jail Tuesday night to begin serving 30 days for contempt of court. Clein was sentenced Feb. 13, 1950, for refusing to tell how he obtained information on secret grand jury hearings. Since that time, Governor Fuller Warren granted 11 reprieves.

Breaks Out of Jail

EDINBURGH (AP) — An expert safecracker broke out of jail with a pen, authorities discovered today. Hugh Kelly Mannion, who three years ago broke into the same jail to rescue a friend, made good his escape by putting his name on another prisoner's bail papers and calmly walking out the gates to freedom. It took 50 hours before the forgery was discovered.

Pigs Escape Truck After Accident

BELLEVILLE—Program Director Scott Hannah and Farm Director Phil Flagler of radio station CJBQ, Belleville, were injured today when the station wagon in which they were riding toward Belleville collided with a truck driven by William Edgar, R.R. 2 Yarker, on No. 2 Highway.

The station wagon went into the ditch and crashed into a tree on the south side of the highway, while the truck, loaded with pigs, upset on the north side of the highway. When the tailboard came off the load of pigs scattered. Two animals were badly injured and will be destroyed.

Hannah, 29, driver of the station wagon, suffered a broken knee cap, a sprained ankle and facial cuts. Flagler, who was thrown from the vehicle on impact, suffered scalp cuts.

Six-Foot-Eight

SOUTHAMPTON, England (CP)—Rev. F. Noel Palmer and his 21-year-old daughter Joy were provided with outsize beds when they sailed for Canada, where Mr. Palmer is taking up a missionary post in Quebec. The clergyman, at one time rector of St. Anne's, Toronto, stands six feet eight inches, and his daughter is six-foot-six.

Long-Living 'Mums

SHIRLEY, England (CP)—John Woodman, veteran gardener in this Warwickshire district, claims to have produced the world's longest-lived chrysanthemum. His new variety will live in a vase for six weeks.

Cyclone Kills 12

COLOMBO, Ceylon (AP) — A week-end cyclone killed at least 12 persons and destroyed crops in the Jaffna peninsula of northern Ceylon, it was reported today. The storm Sunday and Monday ravaged virtually every acre of land in the peninsula, which is close to the southern tip of India.

Postmaster 30 Years Retires At Millbrook

MILLBROOK (ENS)— Howard Collins completed 30 years as Millbrook's postmaster on Monday. It was on December 1, 1922, that he began his duties as postmaster and his resignation became effective on December 1, 1952. His assistant, Miss Betty Lunn, will be in charge at the post office until his successor is appointed.

Mr. Collins was born in Millbrook in the same house on King Street where he and his sister, Miss Mamie Collins, now live. He is the son of the late T. B. Collins and the former Frances Armstrong. He left Millbrook in 1907 to take up duties with the Bank of Montreal in Sault Ste. Marie. Later he changed to the Bank of Toronto first in Toronto and later in Montreal. He was paying teller at the Board of Trade branch of the Bank of Toronto in Montreal in line for managership soon when he enlisted in 1916.

Mr. Collins served as a bombardier with the 66th Battery of the Canadian Field Artillery, and saw action at Vimy and Paschendaele before being severely wounded at Amiens on August 18, 1918.

On his discharge from St. Anne de Bellevue Hospital in Montreal in 1919, he returned to his home village, and on December 1, 1922, was appointed Millbrook's postmaster.

On Saturday, Ivan Gray, Alex. Gilbert, T. A. Campbell, and A. R. Payne of the Millbrook and District Chamber of Commerce presented Mr. Collins with a tray which had been made by a local industry.

Roman Temple

COLCHESTER, England (CP)—A wall 15 feet thick, uncovered by a fire here, has been identified as part of the forum which surrounded the fourth-century Roman temple of Claudius. Other remains of Roman edifices are thought to have been displaced by Norman settlers in later centuries.

Timber Wolf Shot By Marmora Farmer

MARMORA (ENS)—A five-foot timber wolf was shot Sunday by Wilbert Jones, in the barnyard of his farm three miles north of Marmora.

The wolf, which weighed 52 pounds, was first seen by Mr. Jones playing with a dog in the yard. Mr. Jones got his rifle, wounded the wolf with his first few shots, then finished it after a brief running chase.

Total length of the animal, from nose-tip to tail, was five feet, four inches. Mr. Jones will claim the bounty on it.

MAIN STREET TOPICS

A CHRISTMAS GIFT

The management of the Western Clock Company announced on Tuesday that the plant would close at noon on December 24 but the employees will be paid as if they worked in the afternoon. The plant will remain closed until Monday December 29.

KEEP CARS LOCKED

Police today warned drivers to lock their cars when they are doing their Christmas shopping. Det.-Sgt. W. E. Clark said that a rash of petty thievery, from automobiles, has broken out this year as it usually does about Christmas time each year.

BUYS TRACTOR

Purchase of a Fordson Major tractor with front end loader at $2,316.76 was recommended to the council by the board of works Tuesday night. Tenders were examined by City Engineer Chalmers, and his report was accepted by the board. Because the machine is a 1951 model, a saving of about $600 is realized in this purchase.

REMANDED

Charged with breaking and entering the Peterborough Clinic at Charlotte and Reid Sts., Joseph Redmond, 26, was today remanded to Dec. 10 in custody.

Redmond is alleged to have stolen a quantity of narcotics Nov. 9 from the clinic. He elected trial by a higher court through his counsel, Gordon H. T. Farquharson.

NO DECEMBER FOX BOUNTY

Though Peterborough County Council have agreed to pay a $3 fox bounty for each fox killed in the county, beginning Dec. 1, the bounty cannot be collected till January. This is because there is no money in the estimates for such an expenditure at the latter part of this year. So fox hunters should bring in the cleaned and dried pelts on January 2 for payment. The rule is that payment will be on the first Thursday of January, February and March. However, the first Thursday in January, 1953, happens to fall on New Year's Day, so payment will be made on the following day, a Friday. The bounty season closes at the end of February, but the county clerk and treasurer will pay the February bounties on Thursday, March 5.

Children To Get 14 Open Rinks

Peterborough will have 14 open air skating rinks this winter. Last winter there were 11.

Armar Butcher, superintendent of the Parks Department, said today that he hoped to have 14 rinks ready for Christmas. The actual date the rinks will be ready will depend on the weather.

There will be two rinks, one for skating and one for hockey, at the following sites: Riverside Park, corner of Stewart and McDonnel Streets, King Edward Park, Turner Park.

Other rinks will be at Inverlea Park, McKellar play-lot, Hamilton Park, corner of Weller Street and Manorhill, or at the east end of Civic Hospital grounds toward Weller Street, at end of Hastings Street, and one in the Kenner Collegiate district.

HOUSES ARE POPPING UP quickly in the Queen Elizabeth sub-division, situated between Barnardo and Hilliard Sts. Already a number of homes are reaching the stage where the exterior is nearly complete while others are just in the early stages of construction. Nine houses will be completed shortly while the final 16 will be constructed next spring. The sub-division is actually in Smith township and in the area which is being considered for annexation.—(Examiner Staff Photo)

Normal Students Teaching In City Schools

Peterborough Normal Students are scattered throughout the city's public and separate schools this week for their second week of continuous teaching. For the first part of this week the students observe the "home" teacher working and by today most students have taken over the various classes' teaching duties.

During November, the teachers-to-be spent one week in the rural schools nearest their homes for their first full week of teaching.

Last year the new policy to have the students teach for full weeks rather than one weekly half-hour period through the term was adopted. This year the plan has altered slightly to include seven weeks of continuous teaching in urban and rural schools and also two weeks of "unit" teaching in January. During October, the students taught one weekly half-hour period in city classrooms.

Other urban and rural weeks, numbering five, will be held during the second half of the term. Then the students will be teaching in classrooms nearest their homes.

This week the students are teaching in Queen Alexandra, King Edward, King George, Prince of Wales, Queen Mary, May's, Park Hill, Grove, St. Peter's, St. Anne's, St. Mary's, St. Alphonsus, St. John's, Sacred Heart, Central and Confederation schools in the city.

The Normal School staff are visiting the classrooms, observing the students working and assisting where help is required. The "home" teachers will be grading the Normal students on their week's work.

First Whipping In Seven Years

DARTMOOR, England (AP)—Twelve lashes with the "cat" have been meted out to a convict—the first flogging at the government's grim Dartmoor prison in seven years.

Prisoner William Edward McGuire, 22, sentenced two years ago to 14 years for various crimes, was punished for attacking a prison officer.

McGuire was strapped to the "triangle" after being stripped to the waist. His neck and kidneys were protected by leather pads and a medical officer stood by while the long nine-thronged whip known as the cat-o'-nine-tails was wielded by a prison officer.

Britain's former Labor government in 1948 abolished whipping as a punishment except for violations of prison discipline.

Council Looks Up Records To Disprove Graham Charge

Records of the city council were quoted by the board of works Monday night in its manner of confuting a pre-election radio allegation by Alderman-elect Norman Graham respecting authorization of the Clonsilla Ave. sewer. It was said that Mr. Graham told a radio audience Friday night that the sewer was not projected until "a certain member of the council" became interested in property on that street. As Ald. T. D. Miller is building apartments on the west side of Clonsilla Ave., the board assumed that Mr. Graham was trying to smear Ald. Miller.

(Miller Construction Co. began work on its apartments in September this year.)

"But, it is more than that," said Ald. G. E. Gillespie, chairman of the board of works. "It is an aspersion on all the members of this council."

Mayor Hugh Waddell and all the members were present at the board of works meeting Monday night.

The board's answer to the Graham suggestion in his radio talk was that the Clonsilla Ave. sewer was authorized in response to a petition by property owners on that street, that Mr. Graham was a member of the council when that petition was received last year, and that Ald. Miller was not a petitioner for the sewer.

Ald. Gillespie said he heard Mr. Graham's speech last Friday night. "His remarks about the Clonsilla Ave. sewer were in my opinion aimed at one member of the council, but were an aspersion on all the rest of us."

ASKS FOR FACTS

As the board of works is the civic department directly responsible for construction of sewers, "I decided that I was going to clear myself and the members of the board," Ald. Gillespie said. "So, I asked City Clerk Outram to get the facts about the petition for the sewer and anything else pertinent to it."

Mr. Outram said that Plumbing Inspector A. G. Metheral had been concerned about new houses that were being built on the east side of Clonsilla Ave., and was interested in sewerage accommodation there for quite a long time. For that reason, Mr. Outram said, he had asked Mr. Metheral for a statement of his experience.

The letter from Mr. Metheral, dated December 2, 1952, was as follows: "Since 1945 when this section was annexed to the city of Peterborough, there has been trouble with septic tanks. About 1946, the board of works installed tile in the east ditch, and backfilled same with gravel to keep the drainage from coming to the surface of the ground.

"Previous to this, the fluid seeped up to the top of the ditch, and laid by the side of the road. Of course, the action of the board of works was only a temporary measure.

"On several occasions during the last few years, I have spoken to the Mayor, different aldermen and the city engineer to find out when a sewer was going to be laid on this street. For this last year and a half, I have refused permission to have septic tanks installed, due to the clay condition of the ground and the seriousness it entails."

YEAR OLD PETITION

Mr. Outram recalled that property owners on Clonsilla Ave. were pressing for a sewer more than a year ago. One petition on October 22, 1951, had to be returned because it was not sufficiently signed.

Finally, a petition was submitted to the council on October 31, 1951, with the signatures of 69 per cent of the property owners and representing 74 per cent of the value of the property. As it was sufficiently signed, that petition was referred to City Engineer Chalmers for an estimate of the cost of the work.

Mr. Outram recalled that residents of the street were urging the council to action. He mentioned letters and appeals from some of them, including Mrs. L. H. Vass and Mrs. S. Whiddon.

"They were continually pressing at the end of last year for action."

One of the dates Mr. Outram mentioned was December 5. At that time and later, Mr. Graham was a member of the city council.

A report from City Engineer Chalmers towards the end of April set out his estimate of the cost of the sewer.

On April 21, a sewer construction bylaw was introduced in council and was given first and second reading. It was then referred to the Ontario Municipal Board for approval. When their letter of assent was received, the council gave the Clonsilla Ave. sewer bylaw third reading on June 2.

"I think that clears up the information on the council's action as far as I can," Mr. Outram said.

"The radio talk last Friday night," said Ald. Gillespie, "left the impression on whoever was listening that until one member of the council bought some property nothing was done. It sounded as if the council had given him a sewer because he was an alderman. The facts are there for anybody to know them."

Ald. Herbert Young said the sewer wasn't started until after the bylaw was passed.

Ald. Gillespie said that Ald. Miller's name was not on the petition for the sewer, and he had no interest in the project in 1951. On the other hand, Mr. Graham was a member of the council during all the proceedings regarding the application from property owners for the Clonsilla sewer.

"It is too bad," said Ald. S. J. Black, "that this council has to submit to mis-statements and untruths such as this. They are a reflection against the council and particularly against an alderman who has done a grand job for the city.

"It is little wonder that business men hesitate to offer their services to the citizens to be maligned by this sort of stuff. Anyone might get the impression that one member has all the say and leads the others by the nose, when such is not the case. It is too bad. It must be very embarrassing to Ald. Miller."

"I felt very badly, too," said Ald. Gillespie, "and that's why I asked the Clerk to get us all the facts he could."

TIMING

Ald. A. B. Burrows said that the timing of the radio talk for last Friday night left no chance for anyone to refute it.

Ald. Harold Rehill turned his remarks to assertions by Mr. Graham at the public meeting sponsored by the women of the Civic Study Group. His text was:

"In reference to the remarks made by Mr. Norman Graham at the candidates' Civic Study meeting regarding the sanitation department of which I am the chairman, there are a few matters which should be clarified for the benefit of the public. I understand some references were made also over CHEX.

"Mr. Graham referred to the expenditure of $13,000 (I believe it was $11,000) for repairs to the incinerator, as though it was not wise. We repair our streets, our trucks, our heavy equipment—so why not our incinerator in order to prolong its life?

"Mr. Graham was chairman of the committee when this work was done.

(Continued on Page 15)

Car Somersaults Across Fence Driver Shaken

The body of a car was damaged but the driver escaped injury Tuesday when the car skidded on the slushy highway, east of Peterborough, and somersaulted across a wire fence. It stopped in an upright position, 34 feet from the highway in a farmer's field.

Leonard F. Walzak, 31, of Langmuir St., London, Ont., was the driver. He was only slightly shaken up.

Walzak was driving along Highway 7, travelling from Campbellford to Peterborough, when he turned out to pass another westbound car. It was snowing at the time and when Walzak attempted to cut back into the line of traffic after passing the other car his tires skidded in the slush.

The car veered into the north ditch; the front end struck the ground and the vehicle made a complete somersault, bounding over a wire fence into a field. A fence post was struck by the car and smashed.

Damage was caused to the roof and fenders of the car.

OPP Consable Ernest Lunn investigated.

Three Re-elected To Head Union

Civic Hospital employees returned three out of four of their top union officers at the annual meeting and election of officers Tuesday night.

William G. Painter, electrical engineer, was elected president for the second consecutive year. Ernest Kettle, vice-president, was returned; so was Mrs. Meta Tivy, secretary-treasurer.

The sole change in the top executive was the election of Miss Eunice Gahagan as recording secretary. She succeeds Miss Lois Johnston who did not stand for election.

The union is Local 19, National Union of Public Service Employees, the bargaining agents for more than 100 Civic Hospital employees.

SEEKING NEW CONTRACT

At present the union is negotiating with the special committee of the Board of Governors for a new contract. The old one needed November 21.

They want a substantial wage increase; Rand Formula, i.e., all employees must pay union dues but do not have to belong to the union; pension fund similar to other civic employees; sickness and accident fund; cumulative sick leave; a work week reduced from 48 to 44 hours with the same take-home pay; unemployment insurance and other contract improvements.

Negotiations with the committee of the Hospital Board will resume December 15.

Icy Streets Blamed In Accidents

Two Women Hurt One A Passenger One Knocked Down

Slippery roads Tuesday caused by the light snowfall resulted in a number of minor accidents in the city and also resulted in two women being slightly injured in car accidents.

Mrs. Wesley Lake, 44, of Marmora, was taken to the Civic Hospital where six stitches were required to close a gash on her right leg. She was hurt in an accident on Highway 7, east of the Locks bridge.

Everett M. Wood, 231 Swanston Ave., was driving east and when halfway up the hill, skidded off the highway. He started to back on the highway only to skid a second time, finally sliding to a stop on the north side of the highway. Wesley Lake, travelling west, was unable to stop and collided with the Wood car.

Mrs. Lake's leg was cut in the collision and she was taken to the Civic hospital for treatment. The Lake car was most seriously damaged, especially to front. Damage was estimated at $1,100. The Wood's car was damaged to the extent of $900, also mostly on the front.

KNOCKED DOWN

At 6 p.m. Mrs. Sybil Tucker, 394 George St. was knocked down by a car, driven by T. T. Rodger, 602 Rubidge St., at McDonnel and Reid Sts. She was attended by Dr. Russell Morgan and taken to the Civic hospital by Kaye's ambulance. She suffered bruised hand, wrist and knee.

Mrs. Tucker was crossing east on McDonnel St. with the green light while at the same time Mr. Rodger was making a right hand turn. The car's right front fender hit Mrs. Tucker, knocking her down.

Although the ambulance took only five minutes to reach the scene after it was called, a complaint was telephoned to the police station.

City police, Constables Arthur Beardsmore and Robert Menzies investigated both accidents.

11 Recruits Join Reserve

Eleven recruits for the 50th HAA Regiment during November brought the total number of men joining the reserve force since training resumed in September to 30. The regiment's total strength is now 173, making it the second largest unit in the Eastern Ontario area.

Last year the army permitted women to join the reserve force units for the first time, but each unit was limited to only a small quota. But during November the 50th Regiment's staff increased another when Mrs. M. E. Wiklund enlisted.

Other recruits during the month were: J. L. Calladine, R. H. Doherty, N. E. Sinclair, J. W. Kellar, C. M. Hogan, R. S. Bonneyville, J. C. Ross, J. Murray, L. E. McClennan, and D. A. Jennings.

A number of promotions highlighted the month's work. These were: Gunners to L.-Bdr., K. I. Bailey, M. W. Connell, J. E. Park, D. R. Sisson; Acting Bdr. to Bdr. (confirmed), J. Bolderson, R. J. McGibbon, F. J. Frape, R. M. Gardiner; Gunners to Acting Bdr., D. E. Spargo, M. F. Clarke, W. J. Weaver, L. P. Shannon; Sergeant to Staff-Sgt., G. A. Nokes.

Sgt. Ronald Westwood, instructional and administrative cadre, Kingston, conducted a course in foot and arms drill last week for officers and NCO's. A course in the technique of instruction for officers and senior NCO's is in the planning stage.

Big Family

EDMONTON (CP)—Mr. and Mrs. Edward Guenette recently celebrated their diamond wedding anniversary and received many congratulatory messages. There were 17 children born to the union and they now have 56 grandchildren and 37 great-grandchildren.

Election Recount

CAMPBELLFORD (ENS)—A recount will be requested by William Nicholas, defeated candidate for reeve of Campbellford, who lost in Monday's election by a mere three votes. Victor with 592 votes to 589 was Oscar Mason, last year's deputy-reeve. In the 1951 elections, Mr. Mason defeated Mr. Nicholas for the position of deputy-reeve.

Voting Change Request Held For 1953

Peterborough and District Labor Council's recent letter objecting to the continuance of the "must vote for four" aldermanic candidates in this city's municipal elections was referred by the board of works Tuesday night to the council of 1953. The motion by Ald. W. J. Beggs was seconded by Ald. T. D. Miller.

E. S. Humphrey, president of the Labor Council, presented a petition to the city council last week requesting that this special legislation be repealed or that continuing effect be submitted to a referendum of the electors in 1953.

The petition affirmed that this restriction on the election of aldermen was an encroachment on the franchise, and that from the Labor Council's enquiries Peterborough was the only city in the province which obtained this special act of the Ontario Legislature.

The letter remains on the file of the counsel for consideration next year.

Beattie To Open New Collegiate

A special program will mark the official opening of Kenner Collegiate on Friday night.

The $660,000 Collegiate, accommodating now some 320 students, has been in use since shortly after the beginning of the fall term. It is located on the southwest corner of Monaghan Rd. and Gillespie St. and is the second Board of Education secondary school in Peterborough.

L. S. Beattie, superintendent of secondary education, will officially open Kenner Collegiate. And he will bring the greeting of the Hon. W. J. Dunlop, minister of education.

A short program in the school gymnasium will include selections by the girls' choir under the direction of Albert Croasdale. W. B. (Pete) Gordon, chairman of the Board of Education, will be chairman for the evening.

The dedication will be by the Rev. Harvey Scuse, rector of St. George's Anglican Church.

Mayor Hugh Waddell and other civic officials have been invited. The public is also invited, though there may be some difficulty seating all the spectators in the gymnasium.

After the ceremony the school, named after the late Dr. H. R. H. Kenner, who was principal of PCVS, will be thrown open for public inspection.

Sign New Contract With Kingston Firm

KINGSTON (CP) — Officials of Canadian Industries Limited and Local 13160, District 50 of the United Mine Workers (Ind.) today signed a new labor contract calling for an hourly pay increase of five cents for women and seven to 13 cents for men.

About 670 employees are affected by the new contract which becomes effective Dec. 7 for one year and will boost the woman's basic rate to 90 cents an hour and the men's to $1.35.

1,314 Need Jobs In District

Weather Expected To Put More Out of Work

There were 1,314 people in the Peterborough district looking for jobs during November. This is an increase of 74 over the November, 1951, total.

William Mellis, manager of the Peterborough district National Employment Service, said today that conditions were expected to get worse during the winter months.

He explained that the increase was partially due to layoffs in hydro and road projects north of the city because of weather conditions.

There were 54 vacancies during the month as compared to 12 in November, 1951.

The total of 1,027 were drawing unemployment insurance— 547 in the city and 480 in the district. In November, 1951, the total was 743—506 in the city and 237 in the district.

G. C. Miller Buys Sun Life Bldg. From Hill Estate

Purchase by Gordon C. Miller, 161 Douro St., of the Crown Building at Hunter and Water Streets was completed in detail at the end of last week.

This property has been sold by the estate of Mary H. Hill, whose husband, the late W. H. Hill, was manager in this district for the Sun Life Assurance Co. He bought the building in 1912, but since then it was enlarged and improved in several additions.

Crown Building comprises offices and apartments. Sun Life retains its occupancy on the ground floor corner office with K. C. Dalrymple as manager. Intimations of the sale have been reported since last summer, with the date as of July 1, 1952.

The land on which this building stands is part of the Crown deed to St. John's Anglican Church from the early days when Peterboough was being surveyed.

The site was for many years occupied by a hotel owned by William Croft. It was known at one time as the Croft House and later as the Crown Hotel. Since then its size and appearance have been greatly altered.

BOUND FOR KOREA

Tpr. Albert O'Dette, son of Mr. and Mrs. A. O'Dette, 352 Armstrong Drive, left this week for the west coast and eventually Korea. His brother, Tpr. Connie O'Dette, returned from Korea just last week.

Market Parking Lot One Of Largest Three

Peterborough's municipal parking lot, a fat plum for the city coffers but an annoyance to those who liked the market there, is one of the three largest such lots in Ontario.

All three are owned by provincial cities; the larger cities—such as Toronto and London — have nothing like it to offer. Kitchener and Brantford are the other Ontario cities that offer large public parking lots.

Enlarged this year after the demolition of the old city buildings, the lot can now handle 149 motor vehicles and 64 bicycles.

Evidence that the lot was needed can be seen in the lot itself almost any day. While streets continue to be lined with parked vehicles, taking advantage of the cent-and-nickel meters, many others use the large lot with its nickel, dime and 25-cent payments.

BEGAN IN 1951

The lot began operation July 21, 1951, and since then has yielded $14,348.67. Average yearly harvest from the meters on streets has been $32,105.10.

If statistics are wanted to prove further the need for the lot, they can be obtained from the monthly figures on parking meter receipts issued by the city.

The first street meters were installed in 1947, and in the last four years, the yield from them has grown. Here are some figures extracted from the city clerk's report for October on parking meter receipts:

Receipts for the year ending October, 1952, were $26,062.53; for the year ending October 1951, $25,817.93; for the year ending October, 1950, $23,750.08; and for the year ending October 1949, $22,943.30.

Receipts for October of this years were down about $100 from the same month last year: $2,744.-06 compared to $2,842.90.

Peak business, of course, is in the middle of the year, from April to October. Least profitable month in that period this year was July, when the meters took in $801.85. May was the best month, with a take of $1,201.69.

Soon the parking meters will have paid for themselves and their installation, the cost of paving the square and the maintenance of the meters. After that, they can reasonably be expected to yield a net profit to the city of abou $10,000 to $12,000 yearly.

Planners in the city engineer's department sacrificed possible revenue for convenience in setting up the lot so that parking would be at a more acute angle than the 90 degrees offered in many parking lots.

They saved space at the same time, since little or no juggling is needed to park a car or remove it from the parking stall. Instead of a minute or so of backing and filling, the motorist needs only an easy turn of the steering wheel to enter or leave a stall.

The only apparent drawback would show itself if ever an offer were made for the land. City council would give a good deal of thought to the matter before giving up an assured yield of $10,000 or more annually.

KENNER COLLEGIATE
FORMAL OPENING
Friday - December 5
8.00 P.M.
The public is cordially invited to attend.
(Children under fourteen must be accompanied by parents)
THE PETERBOROUGH BOARD OF EDUCATION

Santa Claus Will Visit Girl 6 For First Time

LONDON (Reuters)—Santa Claus will call on six-year-old Valerie Glass for the first time in her life this Christmas.

Valerie comes from Britain's loneliest colony, the tiny island of Tristan da Cunha—population 244—in the middle of the South Atlantic. She is the first island child to visit England in 133 years.

"We rarely have toys on Tristan da Cunha, so Santa Claus does not mean much to the 89 children," said Mrs. Marjorie Handley, the island's only school teacher, who has brought Valerie to England for schooling.

"The only toys on Tristan are those in my school," she added. "Though the people can live cheaply throughout the year on fish and potatoes which they catch and grow themselves, there is never enough money to import toys."

Valerie, dressed in a grey woollen dress, thick stockings, brown coat and green scarf, smiled from beneath her bright green beret when reporters tried to talk to her at a press conference here organized by the Society for the Propagation of the Gospel, which runs a mission on the island.

She never said a word the whole time, left all the talking to Mrs. Handley.

"She is the first child to come to Britain from Tristan da Cunha since 1819," Mrs. Handley said. "In that year, a brother and sister came to Plymouth, England, for a year's education. There has only been one other islander here since then, and that was a man."

The people of Tristan are descended from British soldiers garrisoned there in the 19th century and from whaling crews who decided to settle on the island.

Valerie has been awed by London since she arrived. Mrs. Handley has shown her the subway, television and radios—there are only three on her island—and stores full of toys.

After looking at Buckingham Palace the child asked if the stiff sentries were real.

BRONCHIAL COUGH

Are you kept awake by a nerve-racking bronchial cough? Is phlegm so tightly packed in your bronchial tubes, no amount of coughing seems able to dislodge it? Templeton's RAZ-MAH capsules are especially made to loosen phlegm, so it comes away easily and you are relieved of coughing and wheezing. Get RAZ-MAH for quick relief. 65c, $1.35 at druggists. B-56

COMMONWEALTH LEADERS—Representatives of nine Commonwealth countries take time out from sessions of the current Commonwealth Economic Conference in London to pose for cameramen. Left to right, seated, are: Prime Minister Sidney Holland, of New Zealand; Prime Minister Louis St. Laurent, of Canada; Prime Minister Winston Churchill, of Britain; Prime Minster Robert Menzies, of Australia; and Prime Minister Khwaja Nazimuddin, of Pakistan. Standing, left to right, are: N. C. Havenga, Minister of Finance, South Africa; Prime Minister D. S. Senanayaka, of Ceylon; Sir C. Deshmukh, Minister of Finance, India; and E. C. F. Whitehead, of Southern Rhodesia.

Takes Reporter 25 Minutes To Give Away Dollar Bills

VANCOUVER (CP) — It took Paddy Sherman, Vancouver Province reporter, 25 minutes to give away five $1 bills in rush-hour crowds.

In one hand Paddy held the five bucks and a big sign reading "please take one." Hundreds chose not to.

One little old woman looked Paddy in the eye and said: "It's your conscience, of course. It's stolen."

"No, ma'am," Paddy said. "I just want to give it away."

She took one of the bills, fingered it. "People don't give away good money for nothing," she said. Then she put it back.

A scruffy little man studied Paddy's sign, asked him to move, and then picked up a cigaret butt behind him. He looked at the notice again, put the butt in his pocket and walked off.

One of the takers was a fashionably dressed woman who parked a limousine in front of Paddy.

Gov't Spending Target For PC's

OTTAWA (CP)—Federal government spending was criticized by Progressive Conservative members of Parliament in radio speeches. J. A. MacLean (Queens), Douglas Harkness (Calgary East) and G. M. Churchill (Winnipeg South Centre) spoke in addresses prepared for delivery Tuesday night in the CBC's political free-time series.

Mr. MacLean said the government is taking from Canadians "a great deal more of our money than they need." Since 1947 Canadians had been over-taxed at the rate of $1,000,000 a day.

Mr. Harkness, one of his party's military critics, said he would not criticize large expenditures for defence if the money were being spent "without waste and extravagance." But Liberal policies had made it difficult to produce the defence force Canada should have.

Mr. Churchill said the Liberal "record of faulty administration and of disregard for the people stems from the fact that a party long in power tends to become complacent, arbitrary and autocratic."

FINAL VOTE FIGURE

TORONTO (CP)—Complete returns Tuesday showed Mayor Allan Lamport returned for a second consecutive term with 81,448 votes compared with 41,923 votes for challenger Nathan Phillips in Monday's civic election.

Ontario Seed Grew Prize Exposition Grain

CAYUGA (CP)—The alfalfa seed which made Murray W. Coverdale the alfalfa king of North America at the hay and grain show of the 53rd annual Chicago Livestock Exposition is an Ontario product from Haldimand county.

It is called Ontario variegated. The seed was developed at the Ontario Agricultural College, Guelph, and planted by Coverdale's father 25 years ago.

Coverdale, "tickled to death" that his sample won, said reseeding alfalfa, although necessary in many other parts of the province, is rarely necessary in Haldimand. The variegated was only reseeded four or five times in 25 years, he said.

Forest Fire Losses Show Record Low

TORONTO (CP)—Forest fire losses in Ontario this year were a record low for burned over areas and timber damage.

figures released by the lands and forest department show a total of 1,047 fires reported, 265 below the average for the last 30 years. The burned over-area of 12,036 acres is 330,600 acres below average. These figures released by the lands and range fires in southern Ontario unprotected by the Forest Fire Prevention Act.

French Assembly Gets Budget Ultimatum

PARIS (Reuters)—Prime Minister Antoine Pinay told the French National Assembly to pass the new budget by Dec. 31 or find a new government.

The crisis arose Tuesday night after the Assembly overrode him 388 votes to 211 in favor of an immediate debate on a controversial pensions bill. He had asked that the debate be postponed until the whole of the budget bill has been debated.

"There will be a budget by Dec. 31 or else there will be another government," he declared.

Jumps To Safety

PORT ELGIN (CP) — Vernon Brown, Collingwood truck driver, jumped from his panel truck Tuesday seconds before a freight train slammed into it on the outskirts of this Lake Huron village. The truck, carried along the track about 120 feet by the train, was reduced to twisted wreckage. Brown told police the vehicle skidded on the icy road.

Express Concern At Fluctuations

TORONTO (CP)—Both the Ontario securities commission and the Toronto stock exchange have expressed concern at sharp fluctuations in the prices of certain stocks.

O. E. Lennox, securities commissioner, commented Tuesday:

"We are working on the matter and trying to learn the truth."

D'Arcy M. Doherty, president of the stock exchange, said investigations are being made to see whether there has been any breach of exchange rules. He said that so far there has been no evidence of irregularity.

The comments followed a sharp break in the price of Central Explorers, Ltd., a Western oil issue which dropped $2.35 Monday to close at $4.90, compared with a high earlier this year of $12.50.

Allan S. Manus, vice-president of Central Explorers, attributed the drop to a "vicious raid."

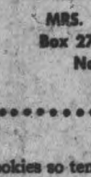
FIVE ROSES ALL-PURPOSE FLOUR



"One of the many things I owe mother is the teaching she gave me in her own kitchen when I was growing up. She taught me how to bake cakes, pies, cookies and bread with FIVE ROSES ALL PURPOSE FLOUR... taught me so well that I never have a failure in my own home. Both our families are FIVE ROSES families."

MRS. JAMES MAY,
Box 276, Lunenburg,
Nova Scotia

Feather-light cakes, real melt-in-your-mouth pastries and cookies so temptingly tasty that the children make them disappear almost before they're cool... I make them all with FIVE ROSES all purpose flour. I first learned the secret from Mother, who used to say again and again, "no matter what the recipe is, if it calls for flour, you'll make it better with FIVE ROSES!" Believe me, my own daughter will get the same precious advice... and at an early age, too. Ask for FIVE ROSES all purpose flour — the flour that is making better cooks out of good cooks all across Canada.

LAKE OF THE WOODS MILLING COMPANY LIMITED

FR52-6

MARY MOORE SAYS:

Serving Corn Pudding On Special-Purpose Menu

Being a carnivorous animal I am a little hard put to follow my own advice of last week and serve vegetable plates very often. But I was goaded into it again by a piffling little cup of ground ham. How was I going to put it to good use with my vegetable-loving sister coming to dinner?

I am reluctanct about pushing vegetable plates on you because I believe that meat and plenty of other good protein foods are essential to good health.

A few weeks ago a reader wrote to me saying that her mother was firmly convinced that doctor bills were in reverse ratio to the amount of money spent on good food in their home, so she never economized on good nutritious food.

VEGETABLE PLATE (nearly)

Corn Pudding
Whole Spanish Onions with Cheese Sauce
Grated Steamed Carrots
Brocooli (or spinach)
Orange Custard Meringue
Coffee

DIRECTIONS

CORN PUDDING: One cup of ham in bottom of buttered baking dish is not necessary to this dish, but is what I happened to do this time. One No. 2 can kernel corn, 2 tablespoons each butter and flour, 1 cup mixed cream and liquid from can of corn, 1 chopped green pepper, 1 chopped canned pimiento, 2 eggs, yolks and whites separated, ¾ teaspoon salt, ¼ teaspoon paprika, ⅛ teaspoon salt. Melt butter, stir in flour, then stir in the cream and corn liquid mixture, until thick. Now stir in the drained corn, chopped pepper and pimiento. Stir until it boils gently. Beat yolks and pour part of hot mixture over them, stirring, then turn them into the hot mixture, and cook stirring over boiling water for 22 minutes. Add salt and paprika. Beat whites with salt until stiff and fold into hot mixture. Turn into buttered baking dish, with or without layer of chopped meat in bottom, and bake at 325 deg. Fahr. for 10 minutes, then increase heat to 350 deg. Fahr. until corn custard is firm. (This dish is especially good with roast beef.)

CHEESE SAUCE

Here is a plain all-purpose cheese sauce, that you can use for cauliflower or any vegetables. It may be made richer or less rich by additional or less cheese. Heat 1½ cups milk. Melt 2 tablespoons butter, stir in 2 tablespoons flour, then the hot milk until thick. Add 1 cup or less of grated cheddar cheese or cubed process cheese and ½ teaspoon salt and ¼ teaspoon paprika. Place over double boiler until cheese is melted.

ORANGE CUSTARD MERINGUE

Mix together the grated rind of 2 oranges and one-third cup white sugar. Pare or peel 6 oranges and separate the sections and remove the thin membrane. Place these sections in bottom of buttered baking dish. Heat 3 cups milk. Beat 3 egg yolks and pour the hot milk over them stirring. Mix the rind-sugar mixture with 2 tablespoons cornstarch and ¼ teaspoon salt and stir them into the custard and stir over boiling water until thick—about 7 minutes. Cool custard, then pour it slowly over the oranges so you do not disturb them. Top with meringue made by beating 3 egg whites with ⅛ teaspoon salt until stiff, and slowly beating in 6 tablespoons sugar, and 1 teaspoon vanilla. Bake at 325 deg. Fahr. for about 15 minutes to bake meringue. No longer. Chill 3 or 4 hours. This is a delicious dessert —you will adopt it and use it often for your guest dinners.

I forgot to mention the carrots: Shred them, place in top of double boiler, add 1 tablespoon butter, ¼ teaspoon salt and steam them over the boiling onions until tender.

YOUR COLD Symptoms STOPPED in 24 Hours OR WE PAY YOU $1.00

The longest parish church in England at Hull, Yorkshire, is 272 feet in length.

Motorized Pram UK Wives' Wish

LONDON (CP)—The modern-minded British mother has posed a toughie for Santa Claus. As a special gift she would like nothing better than an electrically-driven perambulator. The demand is especially keen among those living in the country's hilly districts which takes in a lot of territory.

The novel suggestion is disclosed in a survey just conducted by the Electrical Association for Women and is based on replies from more than 1,200 women in selected areas of the United Kingdom.

In a questionnaire, the housewives were asked to specify any work connected with the home they thought could be performed to advantage by electrically-operated devices. Ideas for design were also invited.

The self-propelled pram had by far the greatest support. Spokesmen for the industry, however, said that while the idea was sound enough the cost would be beyond the reach of the average householder. Furthermore, a heavy-duty battery would be required and if this petered out at an awkward time, a mother would not only have to push home the pram and baby but the battery as well.

The survey also showed an overwhelming call for a small motor-driven, wheeled stand easily moved from room to room and up or down stairs. All-purpose gadgets could be connected with such equipment.

Personals and Social

Mr. and Mrs. George H. Hewitt of 619 Walkerfield Ave., attended the funeral of the latter's sister, Mrs. Arthur Betz, at Waterford, Ontario, on Sunday.

✧ ✧ ✧

Flying Officer Alan Moyles of the RCAF Experimental and Proving Station, Rockcliffe, spent the week-end with his parents, Mr. and Mrs. John Moyles, Warsaw Road.

✧ ✧ ✧

The De Laval Social and Athletic Club held a dance in the Brock Ballroom last Friday evening which 550 members and guests attended. Arrangements were carried out by a committee of three, of which Mr. Don Carder is chairman. A ladies' special door prize was won by Mrs. H. Summers. Members' door prizes went to Messrs. H. W. Carnrite, Victor Hope, S. Hendren, K. McQuaid, J. Frisken and J. Dunstan.

✧ ✧ ✧

Everyone got a prize at the bingo held by the Old Country Club at the YWCA Tuesday evening but there were two special prizes and they were won by Mrs. Robert Ryan and Mrs. E. Ray. President Mrs. E. Westall announced the final arrangements for the Christmas dinner party to be held at the Empress Hotel on the 16th. Lunch was served by Mrs. T. Craig, Mrs. G. Garrod and Miss B. Gilmour.

Mr. and Mrs. Lou Riley, 287 Stewart St., had as their guests for the American Thanksgiving holiday and this weekend their son and daughter-in-law Mr. and Mrs. H. Riley and Mr. and Mrs. Charles McGavin and Mrs. Miller from Cleveland, Ohio. Also, Mr. and Mrs. T. J. Hearne and daughter Sheila and Miss Mary Riley from Toronto.

✧ ✧ ✧

The Ladies' Auxiliary to the Canadian Legion is holding the annual Christmas tea and bazaar this Thursday afternoon in the Legion Hall. Ladies representing the city and province, the army and the silver cross wearers of this city are to pour tea. They are Mrs. Hugh Waddell, Mrs. Harold Scott, Mrs. M. E. Clarke and Mrs. B. D. Hall. Tea arrangements are being made by Mrs. Arnold Parrington.

✧ ✧ ✧

Lunch Auction Feature of Party

Mother's Auxiliary of the Number Seven Cub Pack of St. Paul's Church entertained their husbands Tuesday evening at the home of Mr. and Mrs. Frank Montgomery, 701 Stewart Street. It was a most enjoyable Christmas party, with games, dancing and prizes, ably led by Mrs. Gordon Minty. Mr. Stanley McBride did an excellent job of auctioning off the ladies' box lunches which were all in prettily decorated containers. President Mrs. W. R. Philp extended the thanks to Mr. and Mrs. Montgomery for a wonderful evening.

✧ ✧ ✧

To Demonstrate Gym Work

The new physical education directors at the YWCA, Miss Roselyn Stone and Miss Beatris Pelsis, have planned for this Thursday evening a parents' and friends' eye view of what goes on in the Y gym throughout the week. They are inviting the public to see the teen-agers, their older sisters and their mothers in classes where they are learning poise, balance, grace and good carriage through exercises and dancing. The demonstration is to be about one hour and then coffee and refreshments will be provided and served by the Y '38 Club. Y President Mrs. H. T. Rehill and physical education chairman Mrs. C. G. Collins and committee members will be on hand to make introductions.

✧ ✧ ✧

Children's Party To Be 13th

The Christmas party for veteran's children, given annually by the Ladies' Auxiliary to the Canadian Legion, is to be on Saturday, the 13th, commencing at ten o'clock, it was decided at the Auxiliary meeting Monday. Tickets may be obtained from the Legion secretary or from president Mrs. A. Mason. The annual Christmas bazaar and tea is being held this Thursday afternoon under convenership of Mrs. A. Parrington. Articles for sale have been made with Christmas giving in mind and there will also be a fine home baking display and candy and a fish pond. Election of officers for 1953 took place and installation is to be carried out at the annual dinner being held January 5th in the Orange Hall. Mrs. G. Stevens will become the president with Mrs. W. Downer and Mrs. M. Manley her vice presidents, Mrs. Ritchie treasurer, Mrs. C. S. Windsor secretary and an executive body of Mrs. Parrington, Mrs. A. Devall, Mrs. A. Gyanane, Mrs. A. Jekinson and Mrs. A. Wade. Winner of the monthly draw prize was Mrs. Kent who received a cup and saucer.

✧ ✧ ✧

Jewellery Interests WA

At St. Andrew's WA meeting Tuesday afternoon Mr. Meredith Miller spoke on fashion jewellery, a field in which he excels and which interests ladies particularly at this season of the year. He displayed beautiful examples of his art, allowing a close inspection during the social hour following the meeting. The Christmas theme was emphasized by Miss Helen Brown's report on plans for a turkey dinner to be served December 9, to which the public is invited. A splendid report of the recent bazaar and tea showed it to have been more successful than last year's. President Mrs. C. C. Pilon presided, and Mrs. F. Walker conducted the devotional period, following which Mrs. Henry Cotton sang beautifully "The Birthday of a King," accompanied by Mrs. R. Y. Kenny at the piano. Mrs. J. Wharry thanked Mrs. Cotton and Mr. Miller. The refreshments were served by the December group of which Mrs. Walker is convener.

✧ ✧ ✧

Use Christmas Verses and Hymns

Group seven of the WMS of George St. United Church met at the home of Mrs. V. Boorman, Hunter St. E., on Monday evening. Mrs. G. Brown presided for the business. Roll call was answered with Christmas verses and Christmas hymns were sung.

The nominating report was brought in by Mrs. R. Powell. Officers for 1953 are as follows: Leader, Mrs. R. Reynolds; assistant leader, Mrs. H. Milburn; telephone committee, Mrs. E. L. Sackville and Mrs. A. Townsend; secretary, Mrs. E. Ingall; treasurer, Mrs. G. Brown.

Scripture was read by Mrs. H. Milburn, followed by prayer by Mrs. R. Reynolds. Mrs. Brown favored with a beautiful solo, "The Gift." Mrs. Powell read "Thoughts on Christmas" and "My First Christmas Tree" was read by Mrs. Ingall.

Mrs. Sackville moved a vote of thanks to those taking part and the hostess.

Refreshments were served by Mrs. Boorman.

✧ ✧ ✧

Supper Meeting At Parsonage

Jean Wagar Auxiliary of St. James United Cmhurch met at the parsonage for a supper meeting Monday. A delicious supper was served by Mrs. H. D. McCormack. Afterward, a worship service was led by president Miss Gladys Langton. Mrs. Hazel McLaren, facored with solos "Little Road to Bethlehem" and "Come to the Stable". Miss Jean Hammond read an interesting Christmas story "The strange story of a traveller to Bethlehem". Election of officers then took place, resulting as follows: president, Miss Gladys Langton; treasurer and Christian stewardship, Miss Jean Hammond; secretary, Miss Dawn Ephgrave; Missionary Monthly, Miss Norma Ephgrave; corresponding secretary, Miss Ilene Agnew; temperance secretary, Mrs. Lillian Aikenhead; mite box secretary, Miss Ilene Agnew; telephone, Miss Marjorie Sedore; supply, Mrs. H. Hewitt.

✧ ✧ ✧

Talk Embodies Christmas

The Mark St. WA on Thursday evening enjoyed an inspirational and educational talk by the Rev. I. G. Pollock of Grace Church on his former work in South Africa and "the true spirit of Christmas." He was introduced to this audience by Mrs. C. English and was thanked by Mrs. W. Atchison. The meeting in the church parlor was well attended and president Mrs. F. W. Edworthy presided. Mrs. O. Salonius spoke on behalf of interest and financial support for the good work being done by the local Cancer Society. It was decided to give a donation to the Sunday School for a movie projector. Mrs. A. Roberts and her group were in charge of devotions. Mrs. G. Schwab read scripture and Mrs. G. Burns gave the commentary. Mrs. W. Hepburn and Mrs. A. Scriver favored with a pleasing duet, being accompanied at the piano by Mrs. M. Pomeroy. After the singing of a final hymn the Rev. B. S. Morwood pronounced benediction.

✧ ✧ ✧

Place Gifts By Nativity Scene

Christmas meeting of the Helen Roger Evening Auxiliary of Knox United Church was held Tuesday evening in the church parlors which had been beautifully decorated for the occasion by Mrs. Charles Ross and Miss Phyllis Kidd. The central place was taken by a Nativity scene lent by Mrs. H. J. Charlton who has made all the figures. Around this table were piled gifts of clothes, toys and food, brought by the members for a needy family.

President Mrs. Don. Richardson, conducted business. Members were gratified to learn that in spite of a smaller membership than in former years givings for the year have reached nearly $195.

A letter from one of the honorary presidents, Miss Annie Crocker, requested that, since it is 17 years since she left Peterborough, she be no longer an honorary president. It was decided to accede to Miss Crocker's request, and Mrs. Ross Williamson was chosen an honorary president in her place.

Mrs. Harold Murduff, chairman of the nomination committee, presented a slate of officers for 1953 and these nominated officers were then elected.

Miss Phyllis Kidd led the worship service and read a Christmas story. Christine and Carol Douglas sang a Christmas song accompanied by Mrs. H. G. Douglas. Mrs. Charles Ross led two contests, one on Christmas words and one on the Peterborough city elections.

Refreshments were served in the nursery room by the social convener, Mrs. Stan Whitfield, assisted by Mrs. H. G. Douglas, Mrs. W. McCracken, Mrs. J. T. Donaldson and Miss Ruth Waldie.

The Sisters of Charity were established at St. Mary's Convent in Halifax in 1849.

Food Clinic To Aid Kinette Club's Service Project

Kinette Culb of Peterborough is the sponsor of a two-night home cooking clinic which was attended by nearly 500 ladies on Tuesday evening at the Collegiate auditorium. Even experienced housewives found there was something to be learned from the instructions and comments of dietitian Brenda York who concentrated on meats, fresh and canned, and then their interest was spiked with the announcement that a Christmas party is to be prepared tonight—including a dressed turkey and a glazed and decorated ham.

Interested is perhaps keener with the knowledge that all the food prepared is given away. Last night's feature prize was a six and a half pound stuffed pork shoulder roast and it was restricted to those who had purchased the special cook books sold by club members. A similar restriction will be on the ham tonight and this is done to stimulate sales and bolster the club treasury, but anyone may win the turkey.

The Kinettes are anxious to build up a sizeable fund so they may extend their service work which is sending children with diabetic and cardiac conditions for a three week summer holiday at Ilajee Lodge, Cobourg. Result of this work in the past seasons has been most gratifying, immediate past president Mrs. Howard Powell stated, and it is known that a number of other children could be benefitted.

There are 50 lovely draw prizes, donated to the club by downtown merchants, as well as the other dishes prepared, that all attendants are eligible to win. Those given out Tuesday evening included table lamps, toasters, nylon slips and hose, merchandise and cleaning certificates, fruit and food baskets, jewelry, etc., and a number of grocery bags. A similar line-up will be given tonight, and president Mrs. William Godson will again make the draws.

MR. AND MRS. ALLAN R. PORTSMITH pictured signing the register of St. Andrew's United Church. The bride is the former Miss Edith Clarabel James.

Miss Margaret Mathews Can Hardly Believe Is 90

"I could hardly believe it, when I woke up on Monday and realized I was 90. I could have believed it if it had been my mother or father, but not me."

That is Miss Margaret Mathews' reaction to reaching 90. Miss Mathews, who lives at 203 London St., was still a little bemused by the anniversary. Her father was 96 when he died, her mother 85.

"I don't know that it's the strain that tells," she said, speaking of her ancestry. It might just be the person who makes it possible to live to that age.

Still quite spry, Miss Mathews has fairly keen eyesight although her hearing has failed in recent years. As she says herself, she has led a quiet, happy life.

Born in Port Hope, the daughter of Mr. and Mrs. Benjamin Mathews, she came to Peterborough with her parents when she was 10. In Port Hope, she attended Miss Rupert's private school, which she recalls as a pleasant place.

After passing her entrance, she went to high school here for two years, then to Woodstock College for two more years, Her next step in education was to train as a nurse at Rochester, N.Y. A career in nursing was interrupted—she had taken her R.N.—when she was called home because of her mother's illness.

"I never took up nursing again," she said. "I had offers from a number of doctors, but I felt my parents needed me at home."

For the past 20 years, she has lived in her present home, a small, tidy two-storey house on the south side of London St. Once an energetic walker, she has since cut down her activity in that line "because a fall can be detrimental to a person of my age".

Miss Mathews has one brother, Stanley Mathews, who lives in Vancouver, B.C. Until his retirement recently, he was registrar of the University of British Columbia.

Returning once again to the subject of her age, Miss Mathews recalled her 20th birthday, when she broke into tears and cried for a long time "because she was so old".

"I remember telling my mother that I didn't think there was much left to do or learn because I was so old," she said with a smile. "That's one reason it is so hard to believe I am 90."

Speaking more seriously, she said: "You must remember we Canadians have a great heritage. It's a wonderful country, and we must make the most of it."

Has she any hopes of living to be 100? "I'll live as long as the Lord lets me," she says. "Nothing I can do will change that."

Life In France Has Problems

FONTAINEBLEAU, France (CP) —When Catherine McDonald of Trenton, Ont., reported as secretary at the headquarters of Allied Air Forces Central Europe, she was the envy of her friends.

She had a place to live—with relatives Sqdn. Ldr. and Mrs. Ted Gross of Ottawa—and an interesting assignment.

But one night she volunteered to baby-sit with the three Gross youngsters. That evening:

Wood spilled from the fire place.
Soot in the chimney caught fire.
The bathtub sprang a leak.
All the lights went out.

Miss McDonald couldn't call the neighbors because she doesn't speak French. "Living in France?" she says. "Only the brave should try it."

Saunders-Clifford

OMEMEE (ENS)—A quiet wedding took place at the home of Mr. and Mrs. Roland Clifford, Omemee, Saturday evening, when their daughter, Doreen Joyce, graduate of Ottawa Civic Hospital, was united in marriage to Calvin Glenn Saunders, son of Mr. and Mrs. Richard Saunders of Ottawa. The Rev. V. E. R. Zufelt of Omemee Trinity United Church performed the ceremony.

The bride, given away by her father, was gowned in silk corded bengaline with matching hat and she wore a corsage of Talisman roses. Her sister, Miss Donna Clifford was maid of honor and wore an ensemble of powder blue and navy taffeta and a pink rose corsage. Groomsman was Mervin Saunders, brother of the groom.

The bride's mother, wearing navy sheer and a corsage of red roses, received, assisted by the groom's mother, who was gowned in green and wore white carnations.

A buffet supper was served to 30 guests. Those from out of town were Mr. and Mrs. Richard Saunders and sons, Richard Merwin and Arnold and daughter Shirley and William Clemmons, all of Ottawa.

The bride's going-away suit was green boucle and she wore brown accessories. On return from a trip to eastern points, Mr. and Mrs. Saunders will live in Omemee.

Home and School Association News

OMEMEE

OMEMEE (ENS). — Main feature of the December meeting of Omemee Home and School was the film "Great Expectations," which was inroduced by Miss Cuddy, English teacher, and operated by Neil Skuce.

A Christmas party for the school children was arranged for December 19, in Coronation Hall. The room mothers were appointed a committee to look after the lunch, for which $25.00 was granted. An exchange of used skates was discussed and those having skates to dispose of were asked to bring them, price tagged, to Mr. Mitchell's Store on Saturday night where Mrs. George Stephenson and her committee will be in charge of the sales. The purpose is that growing children may be fitted with skates for the season at low cost.

PCVS.

The PCVS Home and School Association held a group meeting for the parents of academic 10A and 10B students Tuesday evening. Mrs. H. J. Long was the chairman and extended welcome to them.

Mr. J. H. Moebus, vocational guidance teacher, said that Grade 10 is the final year of intermediate school. He outlined the necessary courses the academic student must take in order to attend university. A question period followed.

Introduction of the parents to the teachers was made by Mr. Moebus. The teachers of Grade 10 present were Miss M. McIntosh, Miss M. Hicks, Miss M. L. Johnston, Mr. R. D. Brown, Mr. H. H. Graham, Mr. Z. Temesy, and Mr. J. Curtis. Principal Mr. C. S. Browne spoke briefly to the parents emphasizing "co-operation is essential between parents and teachers."

President Mrs. F. A. Martyn gave a report of the first party for Grades 9 and 10, held last Saturday, and pronounced the event a success.

A social hour with Mrs. J. Law and Mrs. J. Goodson in charge was pleasantly spent. Tea assistants were Mrs. S. Malsch, Mrs. W. Ferguson, Mrs. Charles Ross, Mrs. H. J. Long, Mrs. S. W. Jones, and Mrs. T. Lister.

REVOLUTIONARY NEW COFFEE
Reach for the jar with the stars on top!
Not a powder! Not a grind! But millions of tiny "FLAVOR BUDS" of real coffee ... ready to burst instantly into that famous MAXWELL HOUSE FLAVOR!

It's TODAY'S greatest coffee discovery! Just as quick as old-style "instants" — but *tastes so different* . . . instantly soluble in the cup — but marvellously rich and full-bodied.
100% PURE COFFEE— NO FILLERS ADDED
It's *all* pure, delicious coffee . . . brewed in the spotless Maxwell House kitchens. The water is removed at the very peak of perfection — leaving the miracle "Flavor Buds". YOU JUST ADD HOT WATER to make *perfect* coffee — *every* time! No fuss and muss of "brewing your own". *Never again* the disappointment of flat-tasting, old-style instants.
A Product of General Foods
See how the "Flavor Buds" "Come to Life" in your cup!

MAGNIFIED VIEW of miracle "Flavor Buds" at the instant hot water is added. See how "buds" release famous Maxwell House flavor.
SAVES YOU MONEY, TOO
A regular jar of Instant Maxwell House makes about as many cups as a pound of ordinary ground coffee — *yet it costs you up to 30¢ less!*
Ask for Instant MAXWELL HOUSE ... the only instant coffee with that "Good to the Last Drop" flavor
IM-12

New Beauty For Ceiling Fixtures
... and the soft flattering glow of indirect lighting

Here's How It Works
Light is directed upward onto ceiling through inside frosted portion of the bulb. Enamelled "built-in shade" on lower portion of blub softens downward light. Unshaded spot at bottom of bulb adds attractive sparkle. Available in 50 and 100 watt sizes.
White Lamp . . . reduces reflected glare . . . softens shadows...spreads light evenly over bulb's entire surface.
Heat Lamp . . . To help soothe muscular aches and pains . . . for quick-drying hair, clothes and paint.
Sun Lamp . . . Tans like the sun! Have that "Summer tan" look the whole year 'round. 60-cycle only.
Ozone Lamp . . . Removes odors and freshens air in bathrooms, sickrooms and kitchens.
GENERAL ELECTRIC
LUMI-BOWL LAMP
The distinctively different shape of G-E Lumi-Bowl Lamps lends modern beauty to ceiling fixtures, old or new. Lighted or unlighted, they banish that "bare bulb look"—give a redecorated touch to living room or dining room, bedroom or hall. You'll find, too, that their mellowed downward light adds new beauty to furnishings and surroundings.
The Lumi-Bowl Lamp is but one example of this Company's constant striving to provide "Better Light For Better Sight." Behind each G-E Lamp you buy are years of scientific leadership, research and development. It pays to ask for G-E Lamps by name ... they stay brighter, longer.

DOROTHY DIX

Ex-Soldier Now Misses Girl, Child That He Left Overseas

DEAR MISS DIX: Shortly after World War II, I was sent abroad. I met a girl, as so many of us did, and, about a month before I was to return home, she told me she was going to have my child. We didn't expect that I would be sent back to the States so soon. When I came home, I met a girl; we fell in love and were married. I had told her of the girl abroad.

My wife and I wrote to the girl and sent clothes and other things. We are still writing to her and I wonder if it is all right for one reason. I am constantly dreaming of the girl and the baby. We have had pictures of the child, who resembles me. I love my wife dearly, and she is very understanding about the whole thing. What could you suggest that I do?

D. D.

✧ ✧ ✧

ANSWER: There are many ex-GI's living with the same problem. In any triangle of this type someone obviously has to suffer, and it is usually the unwed foreign mother. However, she realized at the time of your alliance that there were complications involved and, since she entered into the affair with full knowledge of possible consequences, she is not entirely innocent of blame.

You are right to continue contributions of food and clothing for the child, but a prolonged correspondence, under the circumstances, is not wise. Your allegiance now is due your present wife, and anything from the past that infringes on her happiness should be shelved.

Your major trouble is that you are a daydreamer rather than a practical person and are actually reliving the past with more romance and sentimentality than you experienced in actuality. It is unfair to your wife to continue reminding her of the past, though she has certainly shown remarkable charity in her acceptance of it.

Why not turn over to her the job of sending packages, while you learn to put the entire episode out of your mind? To some extent, this may seem cruel advice, but it is the fairest way in view of your present responsibilities to your wife and family.

Perhaps some readers who have had similar experiences may have solutions to offer. Problems along the same line are now coming in from our Korean servicemen, and the job of solving them, in due fairness to all parties concerned, presents many tangles.

✧ ✧ ✧

DEAR MISS DIX: I am 20 years old and have been going with a young man of 22 for over a year. Although we haven't had much time together in the past year (he's in service) we are very much in love. We have discussed marriage several times, but he insists that he isn't the marrying kind and doesn't want to be tied down. If I wait, he says, he may in time decide to settle down, but can promise nothing.

CORA D.

✧ ✧ ✧

ANSWER: From all the details in your letter, most of which I omitted for space consideration, I'd say your young serviceman ceratinly isn't interested in matrimony now, but is quite likely to change his mind in the future. He is very young yet; few men of 22 are ready to settle down. Suppose we say that you may be trying to rush him into something he's a might afraid of at present. Of course, it's quite likely that when he does decide on matrimony he may choose someone else—a chance that a very young sweetheart always takes. Why not get yourself into circulation, and acquire some other beaux just in case? Don't give up dating but let your present heart throb know that you're not spending lonely hours mooning over him.

MORE BEEF FOR YOUR FOOD DOLLARS

Steak Broiling Really Simple

By GAYNOR MADDOX

Broiling steaks with a professional touch is simple. There are no tricks. The secret is the selection of top-quality steak, knowledge of your broiler and careful timing.

Select the steak which best fits your purposes and your pocketbook. While some of the less tender cuts of beef may be broiled satisfactorily, there are six steaks which are recommended for broiling.

These include the most tender and expensive of all steaks, the beef tenderloin or fillet; the T-bone or porterhouse; the club steak; the pin-bone sirloin and the wedge-bone sirloin.

The whole sirloin steak is usually considered a "family" steak and is cooked whole and carved into servings at table. Because the pin-bone sirloin contains a great percentage of bone, you may find it priced lower than the other steaks. The T-bone or porterhouse, cut 1½ to 2 inches thick, will serve several people depending on the thickness and size. The club and strip steaks are individual steaks.

In buying a steak, remember the meat should be a dull red with ample fat covering and fat streaks throughout the meat. For broiling, have the steak cut 1 to 2 inches thick. Steak cut thinner than 1 inch should be pan-broiled.

Purchase 1-3 to ¾-pound bone-in steak per serving unless you are buying an individual steak for each person. Steak should be served sizzling from the broiler.

To broil: First slash the fat edge of the steak to prevent curling. Heat the broiling oven and pan and rub the rack with a little trimmed-off fat from the steak to prevent the meat from sticking.

Lay the steaks on the rack in the broiler pan and adjust the pan so that the top of the steak is 2 to 4 inches from the heat source.

Broil the steak on one side and season. Turn with tongs to prevent piercing the meat and broil on the other side. To test for doneness, slit the meat near the bone and note the color.

Here is an accurate timetable for steak broiling:

To prepare 1-inch thick steak—rare, broil 5 minutes; medium rare, broil 6 minutes; well-done, broil 7 to 8 minutes.

To prepare 1½-inch thick steak—rare, broil 9 minutes; medium rare, broil 10 minutes; well-done, broil 12 to 13 minutes.

To prepare 2-inch thick steak—rare, broil 16 minutes; medium rare, broil 18 minutes; well-done, broil 20 to 21 minutes.

Of Interest to Women

What's Right?

You are invited to the home of an acquaintance and the residence impresses you as being very beautiful.

WRONG: Feel you must not comment on its beauty—but instead appear to take it as a matter of course.

RIGHT: Realize that people who have created a beautiful home enjoy hearing that others find it beautiful.

Good Luck's flavour is sweeter, fresher!

because it's sweet-churned daily!

FUN FOR ALL THE FAMILY!
Plus a Chance to Share in the Winning of the Following Wonderful Prizes!

1ST—$2.00 TRADE CERTIFICATE—redeemable at any store whose ad appears in the WANT ADS.

2ND—$1.00 TRADE CERTIFICATE—any store in the Classified Want Ads.

3RD, 4TH, 5TH PRIZE — THEATRE TICKETS.

Awarded Each Day of the Contest Ends December 10th

FOLLOW THESE SIMPLE RULES:

Read the WANT ADS carefully. From them select

One line of type (not just a part of one or more lines)

from 3 or more advertisements. Combine the lines into one humorous paragraph. Cut from the paper the ads from which your CHUCKLE AD is composed, circle each line used in these individual ads. Paste or pin the ads on a sheet of paper, number the lines in order used, then write you "CHUCKLE AD" below the clipped ads. Submit as many entries as you wish. Mail or bring entries to The PETERBOROUGH EXAMINER CHUCKLE AD EDITOR. Winners must call at the EXAMINER WANT AD Department for their prizes not later than 3 days after publication of their names.

It's Fun and Profitable

Council Looks Up

(Continued from Page 9)

"Is Mr. Graham's alternative to repairs a new incinerator at a cost of $335,000 — similar to the one completed at Kitchener?

"He stated he was not interested in garbage so long as the Sanitation Department took it away from his door. I feel this is a very bad statement for a former chairman who claims he gave so much time to this department.

REASON FOR WEIGHING

"Why do we weigh our garbage? Other cities have found it advisable. We know we are overtaxing the capacity of our plant, but by weighing we can determine how much overburden we are carrying. It was also suggested by the incinerator builders for the same reason.

"By weighing, we determine the quantity received from each route, so that routes can be more equally balanced.

"And, it determines the work and efficiency of each crew. The time taken to weigh a load is under two minutes. There is no extra help required as the weighmaster is also the clerk for the Sanitation and Parks Departments. Therefore, I state the weighing of the garbage cost the citizens nothing as compared to Mr. Graham's figure of $3,000 to $4,000 a year.

"In defence of the Sanitation Department, if any is needed, I have been chairman for six months and have found many of Mr. Graham's references unfounded on fact, and I have enjoyed the best co-operation from the superintendent and the men of his department."

Ald. Rehill was appointed chairman of the Sanitation Department last summer when Mr. Graham resigned from the council.

Enjoys Outdoors

DRUMHELLER, Alta (CP)—When miner Charles Dunn retired from the pits, he brought his 14-year-old pit pony out too. The pony proves she is still a willing worker by occasionally pulling a harrow over the acre of garden her master is cultivating.

Vagrant Gets 15 Days In Jail

A vagrancy charge to which he pleaded guilty today netted 73-year-old John Hawkins, no fixed address, 15 days in jail.

Det. Douglas Farthing said he had observed Hawkins knocking at doors in a residential district. If nobody answered, Hawkins would usually "meddle around with the milk bottles."

When there was an answer, the detective had learned, Hawkins offered to obtain photograhic enlargements for the householder, usually with a down payment of 15 cents to $2.95. Hawkins was representing himself as an agent of a Kansas City firm. This firm has denied any connection with the man.

Crown Attorney John A. Bradshaw suggested that three to four months would be a suitable sentence for Hawkins. Magistrate W. R. Philp said he felt that would be acceptable if the accused were charged with "operating a racket" but that 15 days would be the maximum under the vagrancy charge.

Will Stand Trial In Shooting

HAMILTON (CP) — Charles Elmer Corman of nearby Denfield today was committed for trial on a murder charge arising from the Nov. 16 dining room shooting of Sheldon Hyland.

Inspector Leonard Neil of the provincial police testified that Hyland was shot with a .22-calibre rifle by a man who walked into the house while members of the Hyland family were gathered around the dinner table. Two shots were fired, one of which fatally wounded Sheldon Hyland, before the gunman was disarmed after a struggle.

The inspector was the only witness to testify at the preliminary hearing at nearby Dundas. The crown entered as evidence several exhibits, including plans and photographs of the Hyland home near Dundas.

Name MacFarlane Managing Editor

TORONTO (CP) — Promotion of J. Douglas MacFarlane to managing editor of The Telegram was announced today. E. R. McCall becomes assistant managing editor.

Mr. MacFarlane succeeds A.W.J. Buckland, now president and editor-in-chief. Mr. McCall, 19 years on the paper's staff, was formerly news editor.

Born in Ottawa, Mr. MacFarlane broke into newspaper work as a reporter with the Windsor Star in 1934. He went overseas with the Essex Scottish regiment early in the Second World War. In Europe he was editor of the Maple Leaf, Canadian Army newspaper

Soon after his return to Canada late in 1945, he joined the staff of The Globe and Mail. Three months later, he was appointed city editor, a position he held until moving to The Telegram as city editor Jan. 1, 1949. He has been assistant managing editor since June, 1951.

Mr. McCall joined the Telegram after serving as reporter and editor on newspapers in Chatham, his birthplace, and in North Bay, Brantford and London. He has been news editor for the last four years.

Fewer Births, Deaths Registered In August

OTTAWA (CP) — Fewer births and deaths were registered in Canada in August, but marriages increased over August last year, the bureau of statistics reported today.

Births during the month totalled 33,280 compared with 33,745 in August, 1951, bringing the eight-month total for 1952 to 260,143 against 255,037 in 1951.

Deaths totalled 9,459 in August compared with 10,155, while the eight - month total was 82,354 against 84,914.

There were 14,200 August marriages compared with 13,992 in August, 1951, making the eight-month total 78,161 compared with 79,802 in the similar period of 1951.

British Church Sends Bell To Quebec

NORANDA, Que. (CP)—A 500-pound bell cast in 1820 for All Saints church of Chorlton-on-Medlock, Manchester, England, now will toll for a church of the same name in this northwestern Quebec mining centre.

The bell is a gift from Dr. W.D.L. Greeg, lord-bishop of Manchester, to Noranda All Saints church, whose rector is Rev. George J. Foy.

The Manchester All Saints church was destroyed during an air raid in 1940, but the bell was preserved. It arrived here this week and will be installed soon.

Two Found Dead In Gas-Filled Room

TORONTO (CP) — Laverne Macdonald, 28, and Irene Saunders, about the same age, were found dead today in a gas-filled room in an east-end rooming house.

Dr. Julian Loudon, coroner, said the deaths appeared accidental. But police said they were puzzled as to why two burners of a gas stove should be turned on full. No notes were found and the door was not locked.

MacDonald, a construction worker, and the woman moved into the house about a month ago.

Thomas Holyman

The funeral for Thomas Holyman, 417 Lock St., who died Sunday, was held Tuesday from the Comstock funeral home.

The Rev. H. G. Douglas of Knox United Church conducted the service.

Pallbearers were Thomas Mink, George Houghton, David Leether, Clarence Corbett, Robert Hanscombe, Arthur Pitchford. Burial was in Little Lake cemetery.

Pepper, Judo Used As Weapons

VANCOUVER (CP) — Pepper and judo are suggested by worried Vancouver women as weapons against rapists and molesters.

Police, alarmed at the number of attacks on women, have warned them to stay off the streets at night unless escorted.

But a newspaper poll shows women think they should take a hand in combatting the street prowlers.

Says Mrs. Martha Severson, housewife: "I would blind him (the rapist) by throwing pepper in his face. Every woman can carry a little pepper in one of her pockets, or have some in a plate by her bed."

She said a wave of sex crimes in her native Norway was ended by this means.

"I'm going to begin taking a course in judo," said another woman. "It might be useful."

In the last 16 days at least 28 cases of rape, molestings or attempted attacks on women have been reported to police.

Curb Market Launches Inquiry

MONTREAL (CP) — The Montreal curb market today launched an investigation of trading in shares of Empire Oils and Minerals, Inc., to determine whether there have been "any violations of the curb's trading regulations."

The announcement followed a plunge yesterday by the stock of $2.50 to an all-time low of $1.55 on sales of shares. The issue slipped another 13 cents a share when trading opened today.

A brief statement from Jacques Forget, chairman of the curb, said trading transactions in the stock are "being examined to see if there have been any violations of the curb's trading regulations." It did not elaborate.

Market officials said trading in the stock will be allowed to continue until the results of the inquiry are known.

Say 3 U.S. Soldiers Desert To Reds

BERLIN (AP) — The Communists say three American soldiers have fled to the Soviet zone for political asylum.

ADN, the Red zone news agency, said asylum has been granted to one, identified only as "Philip Morand." It did not say when or where he had deserted to the east zone.

The agency previously claimed two soldiers named George Smith and Carl Thomas Blake had decided to give up their American citizenship and live behind the Iron Curtain. There was no indication of Smith's former army unit or his home town.

U. S. Army officials said today that Blake was a private from Covington, Ky., who had been missing from his infantry unit in Berlin for five months.

OBITUARIES

ALLAN BERTRAM CRAIG

The funeral for Allan Bertram Craig of 424 Rogers St., who died Friday, was held Monday at the Comstock funeral home.

The Rev. E. W. Rowland of George Street United Church conducted the service.

Pallbearers were Clinton Curtis, Edward Cooney, Raymond, Syd, Roland and Thomas Craig. Burial was in Little Lake cemetery.

MRS. JAMES WOOD

Mrs. James Wood, the former Emma Jane Watson, died Thursday at the home of her daughter, Mrs. Stanley Wood, in Havelock, in her 79th year.

She was born in Seymour, daughter of William Watson and Rachel Mundell.

Mrs. Wood is survived by her husband James A. Wood, two daughters Doreen and Aletha, and one son Albert of Seymour.

The funeral was held Saturday from the family residence, Alexandra Street, Havelock, the Rev. R. G. Newman officiating. Burial took place in Maple Grove Cemetery.

Eats 3 Dozen Eggs

ALVINSTON (CP) — Ralph Pavey, 17, ate three dozen eggs for a bet in a restaurant in this community, 30 miles southeast of Sarnia. Fried three at a time, he consumed them as fast as they were cooked. After that, he called for cake and coffee.

Industrialist Dies

NEW YORK (AP) — Evander B. Schley, 69, mining industrialist, died Tuesday. He was board chairman of the Howe Sound Company, New York City, a firm that engaged in mining in the United States, Canada and Mexico.

TORONTO FRUIT

TORONTO (CP) — Wholesale fruit and vegetable price changes quoted here today were: cauliflowr $1.50-2.50; lettuce, imp., five dozen $7.50; squash 75-$1.00.

Potato prices:—Ont., new local off truck — $2.25-2.35.

Speeding, Plus Ignoring Stops Not Carelessness

Several instances of failing to stop at a stop street and two more of speeding don't add up to a charge of careless driving, Magistrate W. R. Philp ruled today.

For that reason, he dismissed a charge of careless driving against John R. Brown, 43, 208 Lake St. Brown, who pleaded not guilty to the charge, pleaded guilty to a charge of failing to stop for a stop street and one of speeding.

Magistrate Philp fined him $7.50 and $2.50 on the first charge, $15 and $2.50 for the speeding.

Constable Sherman Keliele testified that on November 18 he turned off Aylmer St. to go east on Dalhousie when a car "shot away from the curb" in front of him. He trailed the car through the intersection of George and Dalhousie Sts. where the driver narrowly missed a woman as he turned south on George St.

50 M.P.H.

The chase, at speeds up to 50 m.p.h., went along George, Townsend, Stewart, Rink, Aylmer and Lansdowne Sts. Finally, Constable Keliele caught up with the car on Lansdowne St. not far west of Park St.

In that distance, the car ahead had been clocked at 40 m.p.h. and 50 m.p.h. on separate occasions. It had, in addition, failed to stop at two stop streets.

Driver of the car was the accused, said the officer.

Defence counsel Robert Carley suggested in argument that the accused did not know who was following him, and that his actions were reasonable. Brown had testified he was afraid someone was after his money.

Crown Attorney John Bradshaw argued that if Brown had been afraid, he would have been more likely to head for the brightly-lit downtown section of the city.

Civilian Traffic Halted By Reds

BERLIN (AP) — Soviet sector police in the midst of a driving snowstorm today halted all civilian traffic across the Iron-Curtain boundary between East and West Berlin.

Communist police stationed at strategic crossing points along the 27-mile frontier stopped every German vehicle for special inspection. East German cars were not permitted to enter the West at all. West Berlin cars were examined and in some cases turned back. In other cases, numbering in the dozens, the West Berlin cars were held, along with the drivers.

The reason for the unusual controls was unclear. Westerners speculated that the Soviet sector had been given unusual orders to back up its campaign against inter-city shopping.

As far as could be determined, Allied vehicles were exempt from the checkpoint controls.

Prices Turn Downward On Toronto Exchange

TORONTO (CP) — Prices turned downward today in slow early afternoon stock market trading.

Volume for the first three hours totalled 869,000 shares.

Higher - priced base metals led the decline and Dominion Asbestos, Normetal and United Asbestos slipped. Western Tungsten dropped $1.30 in the first hour but recovered later to a 30-cent loss. Barvue gained and East Rim traded actively for no change.

Western oils gains outnumbered losses about two to one but Central Explorers continued a recent sharp decline with a loss of 55 cents in a third - hour volume of 34,000 shares. Britalta also slipped but Gas Exploration, Pacific, Trans-Empire and Calvan gained.

Financial institutions led the industrials decline as

Commonwealth Contingents In Coronation Procession

By EDWIN S. JOHNSON

LONDON (CP)—Large contingents from the overseas Commonwealth will join regular and auxiliary forces in the United Kingdom to form a procession of nearly two miles preceding the Queen when she drives through the streets of London after the Coronation next June 2.

Final decision on the precise make-up of the colorful parade will not be reached for some time yet. The details are being worked out by an inter-service committee in co-operation with the Earl Marshal the Duke of Norfolk and the College of Heralds.

Preliminary plans, however, call for representatives from all three branches of the regular services, detachments from the territorial forces, the Home Guard, civil defence units and women's services.

Prime Minister Churchill has also given assurance that consideration will be given the suggestion that the country's civilian population be represented in the marchpast. At present the only civilians provided for are members of the Royal Family, representatives of Commonwealth countries and foreign states.

LONGER PROCESSION

The procession will extend from Westminster Abbey to Stanhope Gate in Hyde Park before moving off along the 5½-mile route It will be considerably longer than the procession following the coronation of the late George VI in May, 1937. Then it took nearly 50 minutes for the marchers to pass any given point.

Meanwhile, good headway is being made in setting up the spectator stands lining the Mall, leading from Admiralty Arch at Trafalgar Square to Buckingham Palace.

London County Council also is proceeding with its floodlighting and decoration plans. Expenditure of approximately $40,000 has already been approved for this phase of the lighting scheme which includes proposals for permanent illuminations.

The "Shot Tower," on the south bank of the Thames is to be floodlit from the top while a brilliant pattern of lighting will be designed for the former site of the Festival of Britain. Illuminated water lilies will float along the banks of the river.

COLORED LAMPS

Plans still in the developing stage provide for a chain of colored lamps between the light standards on both sides of Westminster and Waterloo bridges as well as along the parapets linking the two bridges on either bank of the river.

Massive County Council Hall and Cleopatra's Needle, the 3,500-year-old Egyptian obelisk on Victoria embankment, will be floodlit. And plans are being worked out for the illumination of groups of trees and individual flower beds in the embankment gardens.

FIRST NEW STAMPS of the reign of Queen Elizabeth which will be on sale in British post offices from December 5. Both stamps have as the main feature of their design a portrait of Her Majesty taken from a photograph. The 2½d. stamp, colored magenta-red, shows the Queen's portrait surrounded by an ornamental oval, and embodies, in a group in the bottom left-hand corner, heraldic representation of the national emblems of the United Kingdom. The 1½d. stamp, colored green, shows the Queen's head surrounded by a circlet of the national emblems.

Doctor Unable To Help Girl

ST. JOHN'S, Nfld. (CP)—Nineteen-year-old Fay Parsons, flown to London, England, hoping for a medical miracle to restore her taste and enable her to eat normally, is coming home apparently destined for a tasteless life being fed through tubes.

Dr. R. W. Raven of London, top expert in treatment of destroyed digestive organs such as Fay Parsons suffered 16 years ago when she accidentally swallowed some lye, wired here Tuesday that there is nothing he can do.

Dr. Raven's message was to the Newfoundland health department which sponsored the young woman's trip to England after she had read of the doctor's work on cases similar to her own.

Chiropractor Blind Since 10

WETASKIWIN, Alta. (CP)—Dr. B. L. Gullekson—blind since 10—is celebrating his 30th anniversary as a chiropractor.

Despite Dr. Gullekson's aversion to what he calls "unethical" publicity—capitalizing on his blindness—news of his ability and accomplishment has spread far. Patients have come from British Columbia, Saskatchewan, the United States, and as far north as Yellowknife, N.W.T.

Dr. Gullekson was born near the village of Toronto, South Dakota. He was blinded at 10 by the explosion of a covered can in which he was boiling coffee.

The Gullekson family moved to Wetaskiwin in 1910. Mr. Gullekson was 21 when he enetred a school for the blind at Montreal where he learned to read braille. During the following three years he read books in braille on physiology and anatomy to prepare for entering a chiropractic school in Toronto.

On Nov. 9, 1922, young Dr. Gullekson arrived back at Wetaskiwin and set up his practice.

He has devised several ingenious instruments to help him in his work. One of them is a striking watch, made to his specifications. The watch strikes—a— light musical tinkle—every 30 seconds.

Wins First Place

CHICAGO (CP)—Wayne Giles of Christina, Ont., Tuesday won first place in the junior class corn, region one, at the international hay and grain show of the International Livestock Exposition here.

Ask Sugar Quota To Assist Growers

OTTAWA (CP)—E. B. Huffman (L—Kent) urges the government to put imports of Cuban sugar on a quota basis so as to stabilize Canada's growing sugar beet industry.

Implementing the quota system, such as was used by the United States, would eliminate unnecessary imports and stabilize the beet industry now thriving in Alberta, Manitoba, Ontario and Quebec, he said in the Commons Tuesday night.

Since the Korean war started, many countries began stockpiling sugar. Cuba now had a surplus and was determined to dispose of it. This could only result in a lower price for Canada's beet growers.

Claim Hoodlums, Gangsters Used In Quebec Elections

QUEBEC (CP)—Charges that gangs of hoodlums and gangsters were used in the last Quebec general election were made in the legislative assembly.

Th House Tuesday night discussed a bill providing new formalities for the swearing-in of special constables by mayors.

Existing regulations provide that a mayor, with authority of the council and at a salary fixed by it, may hire special constables to deal with emergencies. The new bill requires the mayor to have any special constable sworn in by judges of the court of sessions, district magistrates, prothonotary of the superior court or peace clerk.

The bill says any special constable appointed must not have a criminal record. On a vote, the bill was adopted in principle 53-18. Final reading of the measure was adjourned.

Liberal opposition speakers charged the bill was aimed directly at Mayor J. A. Mongrain of Three Rivers, Liberal candidate against Premier Duplessis in Quebec's election July 16 last.

Mr. Duplessis denied this. He said the bill was designed to regulate powers of mayors in cities and towns of the province.

It was a tumultuous sitting.

Twice Liberal speakers were ordered to withdraw words to the effect the new bill was designed to help the government win elections.

Mr. Duplessis charged Mayor Mongrain hired 100 special constables for election day duty in Three Rivers. He said about half of these were never sworn in.

They committed "banditry of the worst sort" and some of them stood around polls "cursing" in the presence of nuns who were voting.

Mr. Duplessis said most of the constables hired were either "gangsters" or people "with little to recommend them."

Clark To Quit House

WINDSOR, Ont. (CP)—S. Murray Clark, Liberal member of Parliament for Essex South for the last 17 years, said Tuesday he will not seek re-election.

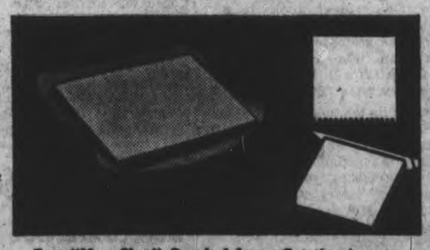
NOW-Borden's Cheese Slices
NEW Handier Package!

CUT JUST THE SIZE YOU WANT...UNUSED PORTION STAYS WRAPPED STAYS FRESH!
ELSIE

Here's big news for cheese users! Now you can enjoy superb Borden flavour in the newest of Borden's Fine Cheeses—Cheese Slices.

And what's more, the finer flavour is protected right up to the last tempting morsel because with Borden's convenient new package, *it can't dry out!*

You see, you don't have to unwrap a whole package of Borden's Cheese Slices to make just one or two sandwiches. You cut only what you need from the four double-length slices. The remainder stays wrapped . . . stays *fresh!*



For "Man-Size" Sandwiches—Cut the size you need for the *big* sandwiches a man enjoys. Dotted lines on the package show you where to cut to get 8 square slices or 12 smaller slices. And see how easily the slices separate at the fresh-cut edge!

For Snacks, Canapés—When you prepare fancy sandwiches with tangy Borden's Cheese Slices there are *no wasteful trimmings!* Cut strips for finger sandwiches, frankfurter rolls or canapés and leave the unused portion wrapped and flavour-protected.

HANDIER SLICES
BETTER FLAVOUR
for sandwiches of every size and shape

Choose the Borden's Cheese Slices you prefer . . . rosy-flecked Pimento or mild, tempting Plain. Both have a firm, smooth texture and superb Borden flavour—mellow result of over half-a-century of fine cheesemaking. See how they melt to make delicious grilled sandwiches . . . to top baked dishes or casseroles.

Get Borden's Cheese Slices with their *finer* flavour at your grocer's *today!*

IF IT'S BORDEN'S IT'S GOT TO BE GOOD!

CENTRE ODEON CAPITOL

THE SPIRIT OF Christmas...
IN PETERBOROUGH

You'll find it in the more gaily pitched voices of the children as they say "Good Morning" when the day begins . . . in the more cheerful greetings of friends during the day . . . in the personal interest of clerks, in Peterborough stores where you've traded for years, conspiring to help you choose and keep secret, the gift surprises you're planning. The spirit of Christmas is essentially one of human warmth and good will, of friendship and neighborliness . . . and it is in this spirit that the merchants of Peterborough have planned Special Christmas Street Decorations, Carol Singing, and Special Lighting during the four weeks before Christmas. For several weeks too, Peterborough merchants have been scouring the market for items which will make your gift purchased more suitable and acceptable.

To make your gift shopping easier, Peterborough merchants have planned Special Christmas Shopping Sections in The Examiner of which this the second of four.

SHOP EARLY – AVOID THE RUSH

JOIN PETERBOROUGH'S

CHRISTMAS SHOPPING JAMBOREE

★ FREE SHOW AT THE CAPITOL THEATRE

For the Children of Shoppers – Sat. Morning, Dec 6–9:30-11:30

(Supervised by Qualified Attendants)
Peterborough Merchants have reserved the Capitol Theatre, Saturday morning for the Children (5 years and over) of shoppers.
This is to allow parents two free hours to do their shopping without having to worry about the children.

All you have to do is bring your children to the theatre between 9.30 and 10 a.m. and meet them again at 11.30 a.m. (Note.—The Capitol Theatre capacity is 960. — When the theatre is full no, more children can be admitted). Bring children early — avoid disappointment.

100 FOOD HAMPERS GIVEN AWAY FREE!

25 EACH WEEK — VALUE 10.00 EACH

Again this week, 25 Food Hampers will be given away. Just write your name and address on the "Christmas Shopping Jamboree" Draw Ticket, which you will receive with each purchase, and drop it in the box there. The draw for this week's Hampers will be made on December 10th and announced in The Examiner.

Here is a list (as provided by the Chamber of Commerce) of Merchants participating in the Christmas Shopping Jamboree:

1st Patricias Sailing Home To Canada

By BILL BOSS

TOKYO (CP)—The 1st Patricias are homeward-bound, sailing back to Canada after a year-long tour in Korea's front line.

The line didn't budge an inch during the whole time they manned it.

But it was subjected to an ever-increasing pasting from Chinese Communist mortar and artillery which made "sitting and taking it" a punishing way to earn a living. The battalion's principal engagements during its 12 months here were the repelling of several enemy attacks and a number of first-rate patrols.

FEW CASUALTIES

An indication of the leadership troops get is the job done, related to economy in casualties. The 1st battalion, Princess Patricia's Canadian Light Infantry, leaves in the United Nations' cemetery at Pusan 36 comrades killed in action. Other casualties listed are two missing, believed killed, and 196 wounded in action.

Brought over and led until May by Lt.-Col. Norman Wilson-Smith of Winnipeg, the Patricias have been commanded since by Lt.-Col. John Cameron of Ottawa, who is taking them home.

Among its awards for action in Korea are two Distinguished Service Orders, two Military Crosses, one Distinguished Conduct Medal and one Military Medal.

Bus Plunges In Lake

NELSON, B.C. (CP)—Two women were killed and nine other passengers were injured Tuesday when an Alberta-bound bus left a highway slicked with snow and somersaulted into Kootenay Lake. The Greyhound bus sank eight feet from the shoreline after turning over three times in a 100-foot plunge. Killed were Mrs. F. A. Whitfield of Nelson and an unidentified woman believed to have boarded the bus at Vancouver.

Killed In Collision

CHATHAM (CP)—Mrs. Richard Benoit, 67, of Comber was killed Tuesday when a car and a truck transport collided on Highway No. 2 four miles west of Chatham. Police blamed slippery conditions for the accident. Teresa McMahon of Tilbury, Mrs. Benoit's daughter, and Mr. McMahon were injured.

Horse, Not Moose

SODA CREEK, B.C. (CP)—Norm Trasolini of Vancouver was hunting moose on horseback in the Cariboo near here. Bang! Trasolini's horse was shot out from under him. Trasolini was only shaken up. Another hunter had mistaken the horse for a moose and had fired from about 20 yards.

GETTING DIZZY—This electrically-driven swing simulates the motion of an airplane in the air and tests aircrew trainees' ability to withstand air sickness. It is at the Defence Research Board's medical laboratories in Toronto, and is used to weed out those who get airsick easily without carrying them further along on expensive training.

Birth Of Baby In Colorado Seen By Audience On TV

By ALTON L. BLAKESLEE

DENVER, Colo. (AP)—The baby born Tuesday night in view of television witnesses is a boy—Gordon Campbell Kerr—weighing five pounds and seven ounces. Mother and son are "doing fine."

It was a history-making event, this first telecast of a human birth. Tiny Gordon became the youngest TV star to date—a record unlikely to be broken.

Millions of viewers on a country-wide network were brought into a hospital delivery room to see Gordon seconds after he was born.

He was delivered by caesarean operation, taken by surgery from his mother, Mrs. Lillian Kerr, 38.

John R. Kerr, 35, the father and an army sergeant, was looking at a TV screen in the hospital, confessing he was "as nervous as any father would be." Gordon is the Kerrs' third child.

SEE PREPARATIONS

First, the TV audience saw doctors preparing for the operation.

There came a loud rumbling sound. This was the heart beat of the yet-unborn Gordon, magnified through a stethoscope placed over his mother's abdomen.

The camera flicked elsewhere, to show modern care of premature babies. A few minutes later, it brought watchers back to the delivery room.

A doctor at that moment was lifting Gordon, backside view, taken from his mother's womb, as another physican severed the umbilical cord which for months had united the mother and her baby.

Actually, the surgery had taken but one minute. Doctors must work swiftly to secure alive a baby by this method of surgery.

Gordon was carried to a nearby table, swathed in blankets, then given the ministrations customary for every baby.

Suction devices drew mucous from his mouth and nose, and Gordon began to live in a new strange world of atmosphere.

Then came his faint cries.

Skeleton In Park

MONTREAL (CP)—A human skeleton found in shrubbery at the east-end Botanical Gardens was tentatively identified Tuesday night as that of Agnes Charette, 54, Montreal, missing since July 30 last. Police said papers bearing the woman's name were in a purse found nearby.

Say Inflation In Canada Now Beaten

By L. A. BROPHY

HOLLYWOOD, Fla. (AP) — The Investment Bankers Association of America was told today that Canada has licked inflation, at least for the time being, and there is not much fear of a recession in the coming months.

Canadians, said a report of the Canadian committee of the association, have settled down to a "period of good, average prosperity."

The report was presented by Arthur S. Torrey, of W. C. Pitfield and Company, Ltd., of Montreal.

Torrey said it is not possible to answer the question of whether there will be a recession when the rearmament and defence programs are completed. But, he added, defence spending is still on the increase, and there is a heavy carry-over.

MORE HOME BUILDING

"It is felt," he said, "there will be a continuation of home building, and commercial and service construction may well rise in the coming year as the result of a greater availability of steel."

Pointing out there are many new, large - scale developments under way and contemplated, he said "there is little doubt but that Canada's economic development will continue provided there is an expanding policy through immigration and that capital investments for a long period continue to be a large proportion of the country's national income."

Another budget surplus is in prospect this year, the report said, and indications are there will be a tax reduction of "a reasonable amount."

Samaritans Loan Hospital Beds 292 Days

Hospital beds owned by the Ancient Mystic Order of Samaritans have accrued a total of 292 days on loan, it was reported at a meeting this week. These beds are owned by the local branch, Cyzicus Sanctorum No. 24.

These beds can be obtained by anyone with the recommendation of a doctor. Chairman of the hospital bed committee is Norman Nesbitt.

Canadians Now More Prosperous Than Ever—Bank Head

HALIFAX (CP)—Canada has never been so prosperous as in the last few months, H. L. Enman, president of the Bank of Nova Scotia, said today at the bank's annual meeting. He added:

"It is hard to envisage any serious downward movement of business in the coming year."

At the same time, "some experts in the United States are talking recession in 1953, particularly for the second half of the year," and "there is undoubtedly some reason in the business outlook."

C. Sydney Frost, genral manager, noted that Canadians have sharply increased their credit buying—an increase which at the end of June had carried the total beyond the peak of 1930.

"This increase," said Mr. Frost, "is too pronounced to be regarded casually. Though it has contributed notably to the recent improved levels of sales of durable consumer items, it is piling up a burden of regular payments which, as we found after the buying wave of late 1950, may work to restrict future sales."

FAVORABLE SIDE

Presenting the favorable side of the present situation, Mr. Enman said there is little doubt that the physical volume of Canadian production this year will constitute a record.

Canadians were having what could properly be called full employment, together with a "further significant increase in average earnings" and accompanied by a decline in the cost of living.

He thought, too, "that the orthodox policies of tighter money and higher interest rates have turned out to be more effective in combatting inflation than many thought likely."

There could be no doubt about the strong underlying trend towards a bigger Canadian economy, even though Canada's growth was bound to be uneven and probably interrupted from time to time.

Mr. Enman said concern in the United States over a possible "recession" arises out of an expectation that private investment may decline considerably when defence expenditures are levelling out or perhaps beginning to decrease.

"Those who expect a recession believe that declines in demand which were postponed by the Korean war will make their appearance quite soon."

As compared with this American picture, Mr. Enman continued, the Canadian scene has two important differences, one favorable and one unfavorable.

On the unfavorable side, "Canadian business is more seriously threatened by restriction in overseas markets than is American business."

On the favorable side, "the near-term prospect for capital investment seems more favorable in Canada than in the United States, mainly because of the big program of resource development in progress here.

"Everything suggests that resource development in 1953 will continue on a very large scale, and it is also to be hoped that it will be possible to commence work on the St. Lawrence seaway before the year is out."

However, "we certainly cannot rule out the possibility of a general setback in business some day. We cannot assume that readjustments in one sector of the business structure will always be offset by expanding influences from other directions as has happened on this continent throughout the post-war period."

Housewives Judge Canned Products

TORONTO (CP)—Ontario canners were told what the average housewife thinks of their products when a panel of judges, including three women, commented on a variety of tinned foods.

Member companies of the canned foods association of Ontario meeting here put up the goods for a frank appraisal Tuesday The cans were without labels, but had code numbers so that only the company involved knew its product.

One fancy grade tomato juice was marked excellent, but others received such comments as "is this tomato juice?" "where's the flavor?" and "poor color."

Need Support If Controls Used–Gardiner

OTTAWA (CP) — Agriculture Minister Gardiner says he would need strong farm support before repeating a previously unsuccessful attempt at federal control of margarine.

He said he had tried to put a bill through Parliament providing control over interprovincial and export trade in dairy substitutes. But he got only "abuse" and had to withdraw that provision before the bill passed through parliament

Mr. Gardiner told the closing session of a two-day federal-provincial agricultural conference Tuesday that he might try again to have the control passed. But he would have to receive much stronger farm support than he got last time.

During the war, the annual conference used to set acreage targets for Canada's principal crops, but dispensed with the practice.

Margarine and price support for hogs were the day's main issues.

REJECTS COMMISSION

Mr. Gardiner rejected a proposal for a royal commission on margarine and said the government will stick to its decision to cut the support price on hogs from 26 to 23 cents a pound on Jan 1.

Provincial agriculture ministers and their deputies said pork producers and the dairy industry will suffer.

F. W. Walsh, Nova Scotia's deputy agriculture minister, said that in the long run the drop in pork price support would bring higher prices for consumers. The price cut would force many producers out of business, pork would become scarce and prices rise again.

"Maybe that's the right way to do it," he said bitterly, "instead of us pleading for a continuation of the present price."

Alex Mercer, head of the British Columbia Federation of Agriculture, urged Mr. Gardiner to set up a royal commission to investigate how the provinces could control butter substitutes.

Dairy substitutes made of vegetable oils threatened Canada's $700,000,000 dairy industry. Soon there would be nothing but synthetic ice cream, synthetic cream and even synthetic milk.

Mr. Gardiner replied that royal commissions usually sat for three years and accomplished nothing.

Walter Shaw, deputy agriculture minister for Prince Edward Island, said the government had appointed many other royal commissions. A commission on dairy substitutes could do its work in three weeks.

His argument was backed by Agriculture Minister J. C. Nollet of Saskatchewan, who said: "Cheap dairy substitutes will depreciate the living standards of our dairy people."

NEW TENANT — Mrs. Dwight D. Eisenhower (right) wife of the President-elect, meets with Mrs. Harry S. Truman at the White House in Washington, D.C. The First Lady-to-be arrived to get acquainted with the 100-room mansion where she will live for four years.

Allot 17 Billion To Air Force

WASHINGTON (AP) — The U.S. Air Force was reported today to be getting a $17,500,000,000 slice of a total $40,700,000,000 appropriation budget requested for the defence department in the next fiscal year starting July 1, 1953.

That estimate came from a well-qualified official source.

The USAF will have the largest expenditure budget of the three services.

The new military budget is awaiting preliminary approval by the White House and budget bureau and final action by the next congress.

Defence Secretary Robert A. Lovett Tuesday disclosed that he has approved inclusion in the budget request of some funds to start work on a third supercarrier, a sister ship of the 60,000-ton Forrestal, now under construction, and the Saratoga, the keel of which will be laid this month.

Anti-Sport Leaders Charge Threats Made

OTTAWA (CP)—Members of the group which campaigned against Sunday sport, including five clergymen, complained they received threats of violence before Ottawa's civic election.

In the election Monday, the plebiscite on the question of commercial sport on Sunday was defeated 40,670 to 29,122.

Rev. Robert Good, minister of Erskine Presbyterian Church and president of the Ottawa Council of Churches, said Tuesday he was threatened with "a messing up" unless he "laid off" the anti-sport campaign. The threats were made by telephone, the minister said.

Mr. Good said four other clergymen in the city were similarly threatened.

Jessup Resigning

WASHINGTON (AP)—President Truman Tuesday accepted the resignation of Philip C. Jessup as ambassador-at-large effective Jan. 19—the day before President-elect Eisenhower takes office. Jessup, long a controversial figure in the state department, had submitted it Oct. 16, to become effective when Truman desired.

USED IN CIVIL WAR

Naval mines were first used during the American Civil War, some controlled from shore by electrical means and others automatic.

Named Candidate

PORT ELGIN (CP) — Andrew E. Robinson, Kincardine insurance agent and former MP, was the choice of Bruce Progressive Conservatives as candidate in the forthcoming federal election. He was chosen on the first ballot over Mayor J. Rolph Hunter of Wiarton by 400 delegates at Tuesday's convention.

Missionaries From China Turning To Latin America

By CARL HARTMEN

WASHINGTON (AP) — Christian missionaries driven from Red China are finding new work elsewhere in Asia and Latin America.

The Vatican news services Fides says that before the Communists took continental China the Roman Catholic Church had 3,046 foreign missionary priests there, 414 foreign lay brothers and 2,035 foreign nuns.

Of these 5,495 only 840 were left last month.

Dr. Clyde W. Taylor, Washington representative of the National Association of Evangelicals, says there were 3,943 Protestant missionaries from all countries in China five years ago. He counts 17 left, all in Communist jails.

At the New York office of The National Council of Churches of Christ, executive secretary Roland Cross of the China Committee puts the 1947 total of Protestant missionaries in China at 2,536, with 33 remaining now.

"HOSTILE ATTITUDE"

The Reds themselves maintain they have not interfered with Christianity in China. A recent Moscow broadcast declared, however:

"Any foreign missionaries have shown a hostile political attitude and have therefore been forced to leave the country, although only in cases where missionaries had violated the law."

Taylor points out that missionaries have been leaving China proper since the 1930s, the period of fighting between China and Japan. Of the Protestants who have gone since 1937—something over 5,700—he estimates that about 25 per cent have settled in southeast Asia, 300 to 500 in Japan and perhaps 200 to 300 in Latin America.

Part of the missionaries and mission funds released from China have been going to Latin America.

There has been some conflict. Fides, the Catholic agency, says that Protestantism has made colossal efforts to penetrate and win these people, who are in general much opposed to it."

In Colombia, Protestant charges of violent interference with their work—denied by Catholics—have led to several protests by the U.S. government.

In Rome, the situation of the Catholic church in Latin America is considered serious. Fides says the 25,000 priests there are "entirely too few for the 154,000,000 inhabitants—nearly all of them Catholics."

Fides puts the ideal proportion of priests at one for every 1,000 population, instead of one for every 6,000-7,000.

EDUCATION PROBLEM

Catholics are also concerned about the problem of education in Latin America. Fides estimates the number of illiterates at 70,000,000 of which 19,000,000 are school-age children. It notes advances of Protestantism, which it says "has founded universities, theological schools, colleges and hospitals and diffuses an avalanche of reviews and periodicals."

Dr. W. Stanley Rycroft, chairman of the Latin American Committee of the National Council of Churches of Christ, a Protestant group, calls Latin America one of the world's greatest mission fields. It was generally neglected by most main Protestant groups until the last 15 or 20 years, he says.

He finds the most important trend to be an increased emphasis on training Latin Americans to do missionary work.

Communist-Led Huks Kill 4 In Family

MANILA (AP) — Communist-led Huks killed four members of a family because they refused to help the rebels, the army reported today.

The massacre occurred just across the bay from Manila

A wealthy store owner in Pampanga province was abducted and beheaded. Police blamed Huks.

Ex-Convict Killed In Gangland Style

CHICAGO (AP) — Daniel Ryan, 23, described by police as an ex-convict and alleged hi-jacker, was shot and killed in gangland style today in front of the "snake Pit," a southwest side saloon.

Police said Ryan and two other ex-convicts were arrested Sept. 5 in connection with the theft of $50,000 worth of whisky from a trailer truck. All were free on $30,000 bond each.

HONORED BY SCOUTS—Hon. Ray Lawson (right), of Toronto, president of the Canadian General Council of the Boy Scouts Association, congratulates Sydney E. Webster, of Montreal, who was Monday invested with the Silver Acorn, one of the Boy Scout Movement's highest awards. Mr. Webster is a member of the Canadian General Council and a past president of the Montreal Boy Scout Council. Rt. Hon. Vincent Massey, Governor-General of Canada, presented the award at Government House Monday.

War On Pigeons

VANCOUVER (CP)—This city and nearby New Westminster believe the latest method of discouraging pigeons may be effective. It is a non-poisonous adhesive substance invented in the United States and applied to roofs and ledges of buildings.

Screen Tests, Radar Help For Bigger Hauls Of Fish

By GUY BETTANY

COPENHAGEN (Reuters)—Screen tests for fish showing best equipment for catching them, radar methods for searching for them, and the discovery that the North Atlantic is warming up may mean a bigger haul for fish markets of the world.

These were some of the improved commercial fishing methods discussed here before a meeting of the 50-year-old International Council for the Exploration of the Sea.

Films shown demonstrated that trawl nets commercial fishermen use remain fully open when dragged through the water, debunking the long-held theory that the pull of the boat partly closes the meshes in the nets.

Visual proof of the way the trawl nets operate is expected to help frame international agreements on the size of the trawl net meshes and thus help protect young fish.

Underwater films also demonstrated hitherto unknown details of the action of all types of fishing gear, giving marine scientists clues on how to design better fishing equipment.

SOUNDING DEVICES

Norwegian delegates at the conference showed an underwater film depicting the catching of cod located by sounding devices.

Experiments are being carried out for the televising of fish to help locate shoals. The Norwegian research ship, the G. C. Sars, has made practical experiments of locating herring shoals by sound and underwater impulse detectors, enabling Norwegian fishermen to make larger catches.

Although such devices have not yet passed into commercial use, scientists believe results of their researches generally will enable trawler fleets to adopt more efficient methods.

Scientists here also pointed out that temperature measurements showed that the North Atlantic has been warming up for many years, enabling fish to live and spawn much farther north than before, and resulting in large catches of fish possible now off the west and south coasts of Greenland.

PLANCTON MIGRATION

Research on the production and migration of plancton, minute particles of marine vegetable matter which comprise the food of fish, was also highlighted at the conference. Radioactive carbon has been used to further plancton research.

Another report reiterated the discovery of two long and jagged underwater reefs which virtually separate the so-called Norwegian Sea, between Iceland and northern Norway, into two separate basins.

The water in the east basin has been found to be warmer than in the west basin, attracting fish much further north.

OBITUARIES

MRS. WALLACE PRATT

PLAINVILLE (ENS) — Mrs. Wallace Pratt, Gore's Landing, died Sunday afternoon. Formerly Ruth Lander, she spent her life before her marriage at Plainville. She is survived by her husband, small children Freddy and Evelyn as well as her sisters, Mrs. Frank Westington and Mrs. Earl Joice, Plainville, and brothers Gerald and George also of Plainville and Fred of Ottawa. Her mother predeceased her in August. After a short service at her late residence, Gore's Landing, service will be in Plainville United Church, Wednesday afternoon.

MRS. JOHN PELLETIER

WARKWORTH —(ENS)— Mrs. John Pelletier, who died Sunday in her 36th year at her home in Percy township in the White School district was buried today in St. Jerome's cemetery in Warkworth.

Mrs. Pelletier was the former Mary Katherine Kelly daughter of George Kelly and Elizabeth O'Brien both deceased. She was born in Saskatchewan and came to Ontario eight years ago.

She lived in Campbellford two years and on a farm near Warkworth the remaining six.

Mrs. Pelletier suffered a cerebral haemorrhage Nov. 4 and had not ben in good health since. She was about to be taken to hospital in Belleville when she died.

She was a member of St. Jerome's Church, Warkworth and a member of the White School WI.

She is survived by her husband and four children, Maurice 16, Dorothy 14, Rose 11 and Claudia 9; one sister Mrs. C. R. MacFayden, Fort William; and one brother, Martin Kelly, Campbellford.

A brother, Fergus Kelly, died September in Schumacher. Her mother died two years ago and her father in 1948.

The funeral service was held today from her home to St. Jerome's Church for requiem mass at 10 a.m. The Rev. Herbert Fitzgerald said the mass with the Rev. J. C. Maloney in the sanctuary.

Pallbearers were William Masterson, Ed. Collins, Don Cooke, Leo Lonergan, Everett Skinkle and Edgar Oulette. Flower bearers were Everett Grills, Gerald Skinkle, George Grills and Glenn Peterson.

SPECIALTY FOODS from your food store make the most exciting Christmas gifts. Select handsome packaged items such as fine honey in attractive teapots, rich jams in blue and white Holland china jars, pate in earthenware picture pots, rare teas in bright metal canisters and many other deluxe surprise Christmas gifts.

Your Food Store Is Santa's Workshop

Delicacies to eat, gayly packaged and dancing with holly and bright ribbon, make the best of all Christmas gifts.

Whether you decide to give beloved friends or relatives bright boxes of imported biscuits, tender canned hams from Denmark, Holland or Germany, beribboned plum puddings or rich fruit cakes, you'll find them and many other suggestions for the ideal Christmas surprise gift at your local food shop.

Jack Simon is one of the most famous buyers of food specialties in gift food items and fancy biscuits from England, the United States, Holland, France, Italy and Denmark, dried figs from Turkey, raisins from California, and those super-de luxe boxes of brilliantly colored and selected dried fruits that people enjoy eating out of hand.

Simon, said the gift must be something unusual, something a little finer than average, something that carries a note of glamor and out-of-this-worldliness.

GIFTS FROM OVERSEAS

"It doesn't have to be imported to be fine," he insisted. "However, there are some wonderful gift foods from overseas that seem designed for gift-giving.

"I think French glace fruits, melon flace, pate de foie gras in those attractive little earthenware terrines, lebkuchen from Germany, French and Italian hors d'oeuvres in smartly designed bottles and marrons in syrup are a few of them."

Fancy olives are another perfect Christmas gift. Ripe ones from California and green ones from Spain.

Simon listed some of the stuffings used in the green olives he makes a specialty of—cheese, orange, anchovies, cucumbers, filbert nuts and almonds, capers, onions, garlic and pimiento.

Fine jams and marmalades in stone jars that have many other uses are also high on the Christmas list, particularly when presented in delicate china bowls or teapots or other containers with after-Christmas uses and reminder value.

Fine teas in handsome painted metal containers bring delight to the tea drinker and you'll find several varieties at your shop.

Cheese, too, is one of the most popular items. You can order it from our own Wisconsin and New York state cheese-makers or from English, Danish, French or Italian sources. Simon warned that he doesn't think the famous name French cheeses are quite up to par anymore.

Mincemeat in handsome five-pound wooden pails or in decorated jars, holding 1¾ pounds, are welcome gifts, too.

Crystalized strawberries from France and also French prunes are in the something-different group of gifts.

So are whole goose livers in 23-ounce tins or 13-ounce tins. These make exceptionally exciting gifts to friends who entertain a lot.

And of course, those special Christmas food baskets, bright with ribbon, are always 100 per cent successful in carrying your good wishes. Your food store will fill them as you wish.

Simon suggested that one assortment might well be bottles of imported and unusual hors d'oeuvres, brandied fruits in jars, imported biscuits in tins, jars of de luxe olives, a terrine of pate and a package of Turkish figs.

He recommended, too, baskets of Florida fruits with small jars of jams and citrus candies in them, and also half crates of selected fruit.

But be sure, Simon cautions, that the fruit is all guaranteed perfect and see that each piece of fruit is separately wrapped.

Christmas food gifts, we repeated, must be something very special, carefully chosen and rich with surprise.

Popular Custom To Display Cards

It is becoming a more and more popular custom to make a colorful display of the cards received at Christmas.

The greeting cards are so gay and so attractively designed that that any type of display adds greatly to the holiday atmosphere of your home.

One clever idea is to take a large sheet of cardboad and frame it with eye-catching red or sprigs of evergreen. On this board you can mount your Christmas cards in an attractive display and place on a prominent wall.

Many prefer to stand their cards in a bright grouping on the mantel or on an occasional table so that guests may pick them up and look at them. If you display your cards in this manner, try hanging festoon of evergreens decked with ornaments on the wall above to add drama to the grouping.

Or, fasten your cards to red ribbons of varying lengths and hang them vertically above an occasional table that is decorated with Christmas berries and candles. Tie a gay bow at the top of each strand of ribbon.

Gifts of Fragrance, Sure Rate With Christmas Belles

A gift of perfume or cologne is a gift that bespeaks your thoughtfulness, and consideration of a women's femininity!

This year's fragrance collections are chock-full of wonderful excitement! There are gay and lovely containers . .. beautifully fashioned boxes in novelty designs . . . assorted perfume and cologne duos . . . trios with perfumes, cologne and dusting powder or sachet. Yes, from all the famous toiletry houses and perfumeries in the world, come a bright assortment of dainty and sultry fragrances.

One popular toiletry house has packaged a wonderful treasury of seven fragrances in one handsome box! Another has four dainty flacons of its fine perfumes at a price far less than you'd pay for just one bottle.

Remember to choose floral scents for the most feminine types . . . mixed bouquets for the tailored gal . . . exotic, heavier blends for the ultra sophisticate! And, for the gal, who is a happy combination of all types, and most are — be right with one of the fragrances that combines the woodsy charm, and pert interest of the sandalwoods or spice-toned odeurs.

SEALING ENVELOPES

When sealing the envelopes for your Christmas cards, let ice cubes do the licking for you. Place a few cubes in a dish and moisten the gummed surface on them.

TO BE SURE that your Christmas greeting cards arrive safely, be sure to put your return address on the envelope. Never abbreviate in writing an address.

Christmas Cards Spread Cheer

Back in the gas-light era, dispatching your Christmas cards was no small matter. Nothing easy like just addressing them and running them down to the nearest letterbox.

It was done the hard way in those days. Either you took them around on foot yourself or, if you had money to burn, you tied up the family coach during Christmas week by sending your uniformed footman around with your merry Yuletide greetings.

Today, we simply mail our cards. But even so, there are certain customs arising from good taste and good sense that govern the sending of these cards.

The matter of signature is one that's confusing to many people. The whole thing is relatively simple, once it's straightened out in your mind. Signatures should be informal, as: Bob, or Alice, or Alice and Bob for a married couple, followed by the last name.

With married couples, the person signing the card writes his or her name last, just as a matter of courtesy. If, however, there's a printed signature, the wife's name always comes first. The only exception to this is when a child's name is included. Then, the card should read: Dick and Nancy and Tommy.

If there are several children, you may write: Best Wishes from the Jamesons.

Rules for business cards vary somewhat. Here, Mr. and Mrs. is permissible but you should be sure that the card is very formal in design and greeting. Preferably the signature should be engraved or imprinted but it may be handwritten.

Don't hesitate over the use of white or colored ink. If it adds to the color scheme of your card, use it.

Now we come to the mailing. All cards should be mailed with first-class postage. This is both good taste and precaution. First-class mail insures that your cards will be sorted and delivered first. If they go astray for some reason, they will be forwarded or returned.

Don't forget to follow the advice of postal authorities to mail early. Christmas cards for out-of-state should be mailed by Dec. 15 at the latest. Cards for local delivery go at least a week before Christmas.

Be sure to put your return address on the envelope. But never, in your greetings, spell Christmas as "Xmas." Always give the name the reverence due it. And never, never abbreviate an address. To insure that your greetings arrive safely, be explicit!

Pilgrims Trek To Bethlehem

This year again at Christmas time, as has been the custom and tradition for 2,000 years, thousands of pilgrims will make a pilgrimage to Bethlehem.

Still bearing scars of skirmishes, of four years ago, and still patrolled by armed guards as in the days of King Herod, the birthplace of Christ wears the old look of ancient days.

Pilgrims from all over the world will pass through the Jordan-held, oil city of Jerusalem; pass the gardens of Gethsemane, and along the Mount of Olives.

At the stroke of midnight — bells will ring out in the Tower of the Nativity. Sacred music will be sung by a large boys' choir.

Protestant groups will join in carol singing in Bethlehem early Christmas morning.

From the Aramaic, which was Christ's mother tongue, to Ancient Syriac, services and prayers will be given also in Latin, English, Greek, and Arabic.

Bird Lovers To Chirp Over Bird-Call Gift

Many people who live in the country or the suburbs enjoy watching the antics of their feathered neighbors. They're just the ones on your Christmas list which enjoy a fascinating new bird-call put out by the National Audobon Society.

No bigger than a lipstick, you twist its metal and wood parts together to make a chirping sound, which seems to stir up the curiosity of the birds, and brings them hopping up for a close look.

Broken Decorations Are Easily Salvaged

Just because a Christmas tree bulb has been broken is no reason to throw it away. It can still be salvaged as a decoration.

After picking up the fragments with a piece of wet absorbent cotton, cut stars or other attractive designs from cardboard and cover the cut-outs with shellac.

While the shellac is still wet, sprinkle the cut-outs with the bulb fragments, attach a piece of string to each one and hang them on the tree. You'll find they make pretty, and original, decorations.

Bibles Are High On Christmas Lists

More Bibles are bought for Christmas giving than at any other time of the year.

Each year publishers bring out new editions in special Christmas format, some with elaborate end papers and chapter headings, others specially gift boxed.

Most elaborate Bible publication this year is the new Revised Standard Version which was issued this fall with an advanced print order of more than a million copies.

GIFT FOR CHILDREN

Tall olive bottles can be made into welcome little remembrances for neighborhood children by filling them with hard candies and pasting a picture of Santa Claus on them.

NAME ON GLASS

So that each guest will know his glass at a Yuletide party, write his name on the glass with nail polish. Nail polish remover will take off the writing afterward.

DRIVER'S IDEAL WATCH

For someone at the top of your list whose passion is motoring, there's a new self-winding car watch that attaches to the steering wheel.

Santa Inspiration Of Cartoonist

Santa Claus, with his round pink cheeks, snowy white beard and fur-trimmed red suit, is the inspiration of a noted cartoonist, Thomas Nast.

This image of Santa Claus has been dear to the hearts of youngsters since 1863 when its first appeared.

Prior to that date, illustrators could not agree how Santa Claus looked.

In the 1860's, Nast was asked to illustrate Clement Clark Moore's poem, "A Visit From Saint Nicholas," better known as "The Night Before Christmas." The drawings which Nast made to illustrate this epic poem show Santa as the now-familiar figure. It was Nast who gave Santa his Sleigh drawn by reindeer and his pack full of toys and treasures.

THE DANGEROUS COMBINATION of sling-back, high-heeled shoes and a varnished, woven footstool combined to injure this couple and wreck their Christmas tree. When you're tree-trimming this year, wear sturdy shoes and use a strong step-stool or low ladder. Many fatal accidents were caused by climbing on wobbly, makeshift chairs or stools and trying to reach out too far.

CHRISTMAS TREE FIRES are one of the greatest home hazards of the holiday season. If you use old lights this year, check them, as this householder is doing, for loose connections, faulty sockets or frayed cords and be certain electric circuits are not overlooked. Never use candles on your tree. And NEVER smoke while trimming the tree or taking it down.

Tragic Yuletide Accidents Always Mar Happy Season

Every year on Dec. 26 this country's newspapers are filled with stories of Christmas tragedies. There are the homeless families whose houses burn when defective wiring sets Christmas trees on fire. There are the flimsy costumes that go up in flame at the school pageant, maiming and killing. And there are many others, all stemming from a lack of precaution.

This year, the National Safety Council hopes that Canadian families will strengthen their guard against Christmas hazards. Lighted candles, for example, should be banished from the region of the tree and kept away from all decorations. And decorating materials should be flameproofed whether they are to be used near the tree on the table or about the house.

It's a holiday rule of thumb that your Christmas tree should not be placed where it will block an exit. Nor should it be too close to a radiator or a fireplace that sees use.

GET RID OF TREE

Don't be sentimental about keeping your tree around when Christmas Day is over, since sentiment may prove costly. When a tree dries out, it's like a pitch-filled tinder box ready to go up in smoke at the first spark, however small. So rather than take chances, get your tree out of the house as soon after Christmas as possible.

Incidentally, it's a good idea to be wary of trees sold as flameproof. And don't try, yourself, to "flameproof" your tree with a chemical solution. It won't work.

Before you put up your tree or other electrically lighted decorations, check them over for possible defects. Be sure that they're in sound working order and you'll reduce the chance of possible tragedy. And while you're about it, make sure that extension cords are placed so that no one can trip over them. Never run them under a rug; walking on them cause friction that will result in fire.

FIREPROOF EVERYTHING

For your Christmas decorations and costumes, use only non-inflammable or flameproofed materials. This applies to Dad's Santa Claus suit and false whiskers, too. You can fireproof even such flimsy materials as gauze or net with a solution of nine ounces of borax, four ounces of boric acid and one gallon of water. Saturate the fabric thoroughly, wring it out by hand and hang it to dry. The fabric will remain soft and flexible. The process must be repeated after each washing.

On Christmas morning, after the gifts have been opened, be sure to remove the tissue paper wrappings and cardboard boxes and burn them immediately. They're fire hazards, too.

When no one is to be in the room for any length of time, turn off your tree lights. And remember: a blown fuse means too many lights for one circuit. Reduce the load or connect part to another circuit outlet.

The precautions for Christmas safety are simple and take only minutes to accomplish. But they can mean the difference, to you and your family, between a happy Christmas and the kind of tragedy that you read about every year.

Green Of Holly, Red Of Berries

Traditional as Christmas itself, are the red and greens seen in such gay abundance during the holiday season.

There seems to be no historical or legendary basis for the use of these colors. It is generally supposed that the colors have been taken from the green of holly, and the red of holly berries.

White is more truly the authentic Christmas color, according to the precepts of the church.

Storing Toys

An inexpensive and attractive bin for storing children's Christmas toys can be made from an orange crate. Stain the cleaned crate a bright color. When it dries apply one or two thin coats of fresh white shellac. A hinged cover will complete the toy chest. Children will love to use it.

NEWEST OF THE MODERN STORES that have been brightening the appearance of George St. during recent years is Peoples Credit Jewellers store which will open on Thursday. This photo shows how the store is carefully laid out for the customers to see and inspect merchandise. — (Parks Studio Photo).

Peoples Credit Jewellers Opens Bright Modern Store On Site Of CPR Ticket Office

Peoples Credit Jewellers, the largest credit jewellers in the British Commonwealth, on Thursday morning are opening their latest branch store—an attractive, up-to-date building at 343 George St.

Already they claim the patronage of hundreds of Peterborough and district residents through their mail-order service. Now the ultra-modern store — complete with walnut panelling, fluorescent lighting, and air conditioning and cooling system for hot summer days, and acoustic block-tile ceiling—is opening in the heart of the downtown shopping district.

The new store is the renovated CPR telegraph office. It has been enlarged to include clerical offices at the rear and the basement has also been extended to the back of the business block.

On Tuesday, the staff were busily engaged in unpacking and arranging the wide variety of stock—extra large for the Christmas rush—that has been coming into the store for the last three weeks.

The lines, attractively displayed in fluorescent lighted wall cases, set in mirror-lined walls, include watches, clocks, silverware, imported china, table and floor lamps, radios and luggage.

RAY THEBARGE MANAGER

Ray Thebarge, formerly of Ottawa, is the Peterborough manager.

Mr. Thebarge said that there will likely be a staff of 20—apart from himself, all from the Peterborough district—to look after customers. He said the store, though not as large as some in the larger cities, is a replica of them in design. And the quality of the jewellery and other merchandise is of the same top standard.

"When we open Thursday," he said, "this will be the latest of the Peoples Credit Jewellers stores that link the country from Halifax to Vancouver. We will be pleased to serve the people of Peterborough and we extend a sincere invitation to them to visit our new and modern store."

The inside has been specially designed for the shopping convenience and comfort of local gift-buyers. Besides the soft interior lighting and air conditioning there is the ceiling of acoustic block tile to ensure quietness.

Offsetting the sparkle and glitter from the mirrored walls, glass shelves and jewellery, is the walnut panelling, and walnut frames of the show cases. Fixtures in the gift department are in mahogany.

Lighting is flush with the ceiling, conforming to the most modern design. Walls are a restful blend of blue-grey.

The floor is finished in a subdued, specially made grey rubber tile; the tiling is flecked with white.

Down the centre of the aisle is a rich maroon carpet specially made for the Peterborough store by the Brinton-Peterborough Carpet Co.

IMPROVES STREET

The outside of the new store is designed to enhance the appearance of Peterborough's business district. Plate glass windows, flanking the entrance to the north and south, permit prospective shoppers to see the gift lines displayed both in the windows and deep inside the store proper.

"From a single store in Toronto, Frank Gerstein has built Peoples into the largest credit jewellers in the British Commonwealth," said Mr. Thebarge. "Mr. Gerstein organized his business so people with moderate incomes could buy jewellery just as easily as people with higher incomes. Credit terms were available at no extra charge, and that is the origin of our trade name."

Bridge Still Useful

CHARLOTTETOWN (CP)—Steel rails are being removed from the Hillsborough bridge here which was condemned for heavy railway traffic more than a year ago. Installation of planking is making it a smoother route for motor traffic to the east and south.

Back To School

MONTREAL (CP)—Louis Marquette, who has just retired as chief clerk of the CNR passenger department, plans to return to the teaching profession. He was a teacher before starting his railway career in 1913.

Have To Blow Up Old Lighthouse

AMHERSTBURG (CP)—An old lighthouse, which marine officials thought was about to topple into the Detroit River, was blasted to splinters after four unsuccessful attempts to dislodge it.

Livingston light, built in 1915 off this town about 20 miles south of Windsor, was damaged when struck by a ship last September.

The first explosion of 100 pounds of dynamite Monday failed to budge the structure. A second was less effective. The tug attempted to tow the lighthouse from its foundation but the line broke. A third blast tilted it partly into the water.

Captain Angus Morrison and his crew returned Tuesday with more explosives. The final blast threw bits of the lighthouse over a radius of 20 feet.

Find Stolen Cheques

WORCESTER, Mass. (AP)—Half a million dollars in non-cashable cheques stolen from a railway express truck were found Tuesday by two young girls while playing in a backyard. The cheques in three canvas money bags were discovered by Geraldine and Beverley Nadeau. They were taken Monday night from the locked truck while its driver was having a cup of coffee in a diner.

Many Whitefish

SARNIA, Ont. (CP)—Collections of whitefish eggs in Lake Huron are proceeding on schedule and 23,000,000 came from Collingwood to the fish hatchery at Point Edward. The eggs are taken from fish caught by commercial fishermen, and the young fry will be planted in southern Lake Huron next spring.

Doubts Definition Possible On Aggression

UNITED NATIONS, N.Y. (CP)—A Canadian member of Parliament told the United Nations Canada doubts whether it is possible to get a workable definition of aggression during the present state of international tension.

A. Y. McLean, liberal member of Parliament for Huron-Perth, told the legal committee of the general assembly Tuesday that any definition of aggression must mean the same thing to all members.

GIVES EXAMPLE

A practical example of the difficulties, he said, is in the case of Korea where the majority agrees that North Korea was the aggressor while the Soviet bloc says it was South Korea.

McLean, a former justice of the peace in Huron county and publisher of the Huron Expositor, said aggression should be determined "in the judgment and conscience of the world which is to be freely expressed in an international, collective, political appraisal of the conduct of states in each given case."

The Canadian said his delegation is not opposed to defining aggression but doubts the possibility of agreeing during present international tensions on a "workable definition which would further the aims of the United Nations in its efforts to prevent war."

Urges Presbytery Drop Small Protests

TORONTO (CP)—Rev. Ray McCleary of Woodgreen United Church urged Toronto East Presbytery to reject a resolution advanced by the church evangelism and social service committee protesting the use of "speed bowling machines" in bowling-alleys and restaurants. The machines are a type of pin-ball machine.

"If Presbytery stops supporting this kind of measure we will have much more backing when we wish to take up a strong moral issue," said Mr. McCleary Tuesday.

The presbytery turned down the recommendation condemning the machines.

Dr. V. T. Mooney, treasurer of the United Church of Canada, said Canadians are shameful wasters and many of them are pagans.

Zion Young People Present Play In Apsley

APSLEY (ENS) —The play, "Meet Uncle Sally" presented by Zion Young People here on Friday night was well attended. The parish hall was filled to capacity. Sunday school pupils of Trinity United Church sold candies during the intermissions and Derek Hester entertained with Piano solos.

At the conclusion, staff and scholars served lunch to the visitors.

Family Honors Mother

APSLEY (ENS) —On Friday evening the family of Mr. and Mrs. Bert Trotter gathered at the home of Mr. and Mrs. Harold Wilson (nee Naomi Trotter) to celebrate Mrs. Trotter's birthday. Mr. and Mrs. Trotter, who now reside in Smith, are former residents of this locality and spend much time at their farm in Clanricard district. Mrs. Trotter was taken completely by surprise. The evening was spent playing games and the family presented gifts to their mother.

Lunch was served. Mr. and Mrs. Trotter have a family of 13 children. During the the Second World War, two sons were in the army and one son in the air force and a daughter, S. Trotter, R.N., was also serving in the army.

A Royal Welcome Awaits You... Don't Miss this Sale!

Give Your Table Sparkle With Novel Ornaments

It's the high spot of the year . . . the long-awaited traditional Chris'mas feast!

Naturally you want your table to be a lovely and holiday-bright background for this wonderful dinner that brings your family and Yuletide guests together to celebrate.

It's fun to mix gay, colorful Christmas decorations with the sparkle of your finest china and glassware

You can make your table decorations fun or formal to suit the mood of your dinner. On the fun side, you ca nuse a sleigh full of tiny wrapped Christmas packages as a centrepiece. To make the sleigh, use a white shoe box and cut the sides in the lines of a sleigh. Cover the edges with red cellulose tape and paint a gay design on the sides of the sleigh. Or decorate with Christmas stickers and stars.

Cut the runners of the sleigh from red cardboard and glue to the bottom. Toy reindeers will complete this clever centrepiece.

A miniature Christmas tree always makes a merry centrepiece. Deck it with tiny, glittering ornaments and use colorful large Christmas balls as place cards. Letter the names of your guests on the balls with white poster paint, tie with a bright bow on the hanger and tuck a sprig of evergreen through the bow.

The clever little Christmas figurine candles that are now available can be used in many attractive groupings in the centre of your table. Or chesoe the massive holiday candles of various heights for an attractive table.

For the more dignified table, there are endless decorating ideas. A lovely arrangement of Christmas green and holly along the centre of the table is attractive. Use the greens around the base of your candles, and place the candles in a formally balanced group with tall tapers in the centre and candles diminishing in height at each side. For this table

YOUR FAVORITE PEOPLE in service will appreciate practical gifts this Christmas. Help the young lady in uniform to keep her clothes in top order by sending her a package of utilitarian items. Include a latex braided strand clothesline that eliminates the use of clothes pins: a small plastic washboard that slips over the back of the hand; a package of compressed soft, scented full size face cloths in pellet form (left). The masculine defenders of our country will be particularly pleased with camera gifts. They afford servicemen the opportunity to record their travels and adventures.

If you desire a sophisticated tuck a sprig of holly in each napkin.

table decor, use a white-painted twig dusted with silver glitter and trimmed with Christmass balls in soft-toned colors. Or create a modern tree with a pyramid of white-painted chicken wire and trim with bright bows.

This Christmas, let your clever table decorations set a gala mood for your holiday dinner!

Acquit Goderich Man On Perjury Charge

GODERICH (CP)—A jury acquitted Gordon A. Bryce of Wingham on a charge of perjury, but recommended that he attend church regularly for one year.

The verdict and the rider were written by the jury Tuesday after it had obtained permission to give its decision in writing. The judge said it was unusual, except in murder cases, but agreed to the request.

The perjury charge arose as a result of Bryce's testimony at the hearing of Henry Galbraith, charged under the Canada Temperance Act. Galbraith, who lives near Wingham, was convicted.

Loses Both Feet

CHATHAM (CP)—A 55-year-old transient, who slipped while trying to get off a Canadian National Railways train here, lost both feet Tuesday night when he fell partially under a moving car. Police identified him as James Wiltshire of Toronto. He was taken to St. Joseph's hospital where his condition was reported critical. Attendants said his feet were severed at the ankles.

Leaps For Life

SARNIA (CP)—Hector Belange of Corunna lost control of his heavy dump truck approaching a level crossing Tuesday and jumped to safety seconds before the vehicle was torn to pieces by a locomotive. Belange escaped with only slight bruises while his truck broke into three pieces.

Charge Mother Killed 2 Young Children

WINNIPEG (CP)—A 36-year-old mother has been charged with murder in connection with the knife slaying Monday of her two children.

Police said Tuesday the woman, Kay Ilasewich, had lived as common-law wife of William Tytenych, 52, held on a coroner's warrant pending an inquest.

Tytenych reported finding the children, an eight-year-old boy and a two-day-old girl, with their throats cut when he returned home.

Attacks On Women

VANCOUVER (CP)—Police are alarmed at the growing number of night attacks on women on Vancouver streets. At least 28 cases of rape, molestings or attempted attacks have been reported during the last 16 days. Police Chief Walter Mulligan warned women to stay off the streets at night unless escorted.

Five-Year Sentence

TORONTO (CP)—A man who police said robbed a hotel here of $600 after posing as a liquor control board inspector to gain entrance was sentenced Tuesday to five years on a charge of armed robbery. David Henderson, 41, wept as he heard the sentence. Police said that Henderson held up the manager of the Duke of York Hotel.

Czech Minister Ousted

VIENNA (AP)—Czechoslovakia's foreign trade minister, Dr. Antonin Gregor, has been relieved of his post by President Klement Gottwald, Radio Prague announced Tuesday night. No reason was given. One of Gregor's deputies, Rudolf Margolius, was sentenced last week with 10 other former Czech Communist leaders to hang as anti-Moscow conspirators.

Traditional Christmas Greens

Here's the checklist of the most popular greeneries used at Christmas time for home trimming. Check with your florist and see how inexpensively you can make gay wreaths and garlands to brighten your home, inside and out.

Pine and spruce cones, large waxed leaves, holly berries, and berries from many of the rose species, all help to add grace notes of color.

For large wreaths, use white pine, fir, Douglas fir, blue spruce, boxwood, privet and English ivy.

Use fruits, berries and even the garden-variety vegetables to give your greenery, bright touches of color. Use red and yellow crab apples, kumquats, tiny oranges; even radishes, onions, red and green peppers can take their place in your scheme of decor for bright color interest.

The mistletoe has some connection with the magic oak of the Celtic lands. The roast pig with the apple in its mouth is related to the pig offered to the god Frey to induce the fertility of the coming year. The lights on the tree may stem from the Jewish Hanukkah (Feast of the Lights, which occurs at this season), and it is heart-warming to think of all the houses in the Holy Land alight on the night that Jesus was born.

In Scandinavian countries the house is cleaned for Christmas and everything prepared for the spirits to inspect—which they do when the family leaves for church and the house is quiet. In Northern Sweden a special table is spread for them.

In some lands, girls make an indigestable cake of flour, water and salt to make them dream of their future love.

Christmas Card Custom 110 Years Old

Christmas, 1952, marks the 110th anniversary of the custom of sending Christmas cards to greet friends.

In just a little over 100 years this custom has grown from a quaint card designed by an engraver's apprentice to over two billion cards which will be sent in America in 1952.

The first known Christmas card was designed in 1842 by sixteen-year-old William Maw Egley in London. It was illustrated with scenes of a formal banquet and carried the message "A Merry Christmas and A Happy New Year to You," which still remains the most popular holiday greeting. He printed 100 cards and sent them to his friends.

The card didn't make William Egley famous and nothing is known of him after he grew up. The second Christmas card was designed in 1846 by J. C. Horsely of the Royal Academy in London for his friend, Sir Henry Cole. It showed a family celebrating Christmas with brimming wine glasses and was met with a storm of protest by temperance crusaders. Sir Henry, who had sent out 1,000 cards, never sent another.

The first card to win acceptance was sent in 1862 by a London publisher, Charles Goodal & Sons.

In the United States, Louis Prang is known as the "Father of the American Christmas Card." He designed his first cards in his litho shop in Boston in 1874. These cards were world-famous for their beauty and craftsmanship. They were reproduced in as many as 20 colors and are unsurpassed even b ythe Christmas cards of today.

Aldershot Man Asphxiated In Home

HAMILTON (CP)—Sydney Terry of Aldershot was asphyxiated and five other persons required emergency treatment by inhalator squads after gas fumes from a leaky furnace spread through a house.

Four generations of the same family were overcome by the fumes Tuesday.

Three other persons in Hamilton were revived after being overcome by gas fumes in another house.

ONE PRETTY HOLIDAY decoration that's perfect for hanging combines a white snowball, sprigs of foliage, cones, ribbon and artificial berries.

Township Given Good Rating

TORONTO (CP)—A four-month inquiry by a firm of certified public accountants appointed by the province has awarded suburban Toronto township a sound financial rating with prospects of a prosperous future.

The report, made public by Municipal Affairs Minister Dunbar Tuesday night, said that providing certain recommendations are carried out, property owners can expect a 10-mill tax reduction in 1953. The report was prepared by the Toronto firm of John S. Entwistle and Company.

The firm was appointed to inquire into the affairs of the township after householders, many of them from new sub-divisions, complained of increased taxation Some ratepayers said their taxes had increased by as much as 300 per cent.

SAILOR DROWNED

GODERICH (CP)—A sailor of the Great Lakes vessel Scotiadoc fell overboard and was drowned in the harbor here Tuesday. The ship, owned by the Patterson Steamship Company, was tying up at the time. Name of the sailor was not immediately known.

Cards Are More Personal When They're Handmade

There's a lot of fun and it's thrifty, too, to make your own cards at Christmas time. There's an extra bit of pleasure with the realization of extra time and thought that goes into the making of "handmade" cards.

Use your snapshots for really personal cards—a photo of your home, the family group, your fireplace, or a photo remembrance of a hobby — all lend themselves well to card design. A simple greeting should accompany the photo.

Your camera shop or photographer can help you plan your card designs.

Doodlers in pen and ink drawings can have a marvelous time designing their own Christmas messages. Your finished drawing may be engraved and then printed on your choice of gay, sparkling papers.

FASCINATING METHODS

For all of those who are handy with art materials, there are fascinating methods for creating most interesting Christmas greetings.

Scratchboard techniques, spatter painting, linoleum block prints, stenciled designs adapt themselves to highly-imaginative and truly-original card craftsmanship. You'll find simple, easy-to-follow instructions at your library or at your favorite art materials store.

Make shining Christmas angels from metallic foil, and frame with paper lace edging.

For those who hesitate to dabble with the more 'artistic' methods of design, there's a world of gay fantasy in creating gay cards from colored stickers, tinsel, paper doilies and other dime store items.

MOUNT STICKERS

Look for Merry Christmas stickers done in bold gold, or silver outlines, mount them on deep greens, reds or blues, and sprinkle with glitter, or frame with tinsel, and lo, you have a handsome, distinctive card.

Paper lace doilies, cut out into snowflake, Christmas tree or angel shapes take on charming interest when mounted on deep-hued construction paper or on metallic papers.

Cut out the greeting portions from last year's cards —, shape them into oblongs, triangles, circles and squares, secure the greetings to a construction paper background with bright stickers — and you have other smart, made-by-your-own-hand cards.

Start with simple designs — choose materials with interesting textures: metallics, foils, sequins, rough felt papers, velvety velour papers, bits of evergreen, tinsel, paper lace doilies, yarn and other novelties—spark your card with bright colors, highlight them with metallic contrasts, sign your name with a flourish — for Christmas cards that spell that extra measure of thoughtfulness and holiday spirit.

Alderman Planning To Ask For Recount

WINDSOR, Ont. (CP)—Alderman William C. Riggs, defeated by seven votes in the board of control election, says he does not want city council to apply for a recount but may take such action himself.

Mr. Riggs, who resigned from council to seek one of the two open seats on board of control, said Tuesday night he is "looking into the situation" and hopes to petition for a recount.

FAMILY CHRISTMAS GIFTS can be as versatile as you like. Mother will be especially pleased with a package of contour sheets (left), and a three-speed phonograph (right) will delight music lovers.

Gifts of Glamor, Wearability, Utility Show Gay Verve and and Sparkle

If the gals on your gift lost present a problem with what to buy, take a little time, add a little imagination, and your gift shopping will be a happy chore!

There are many wondrous, exciting gifts for every woman, young or old, whether she is a social butterfly — a working girl — a home-maker or a charming combination of all!

It takes only a gift of glamour — something lovely and personal — to put the sparkle of Christmas into **HER** eyes!

GIFTS OF GLAMOR — a compact for her purse . . . or perfume dispenser to carry with her . . . a tiny gold-filled or cloisonne case for postage stamps or pills . . . a fitted purse container that holds lipstick, mirror, comb and other accessories . . . are but a few choice gift ideas.

OR — a bright colored leather billfold . . . with key case to match . . . a handsome handbag, (new in mock tortoise shell, or pearly plastic, or in rich, silky fur) or gloves in butter-smooth suede, or crisp-looking pigskin or the new, look-like-suede novelty weaves.

Enchant her with a glamour sweater for evening, sparkled, glittered and embroidered for real beauty. Give her a classic cardigan or pullover in fine wool, nylon, orlon — or that super-lovely cashmere.

And, whether you are spending a dollar or a hundred, you'll find the gift to put real sparkle in her eyes, with a gift of jewellery!

Give her bracelets! Singles — or in pairs, and even in trios! Wedding-band hoops in bright rhinestone glitter to flash at her ears . . . or big, bold buttons in mock pearl, or jet or fake-gem colored, or gold! Or dangling ear beauties in combination of stones and metals.

From dog-collars to bib necklaces — there are a wealth of neckline-charming pieces to thrill any women. Pins — from the tiniest scatter styles — to large, bold glitter pins for coats, suits and furs — will surely thrill the most discriminating woman!

GIFTS FOR BEAUTY: She'll thrill to a gift of her favorite fragrance — her favorite dusting powder or large, chunky perfumed bars or soap! You'll find matched sets of talc, sachets, perfumes and colognes — by all of the world's leading perfumers — to thrill HER on Christmas morning.

Give her a fitted travel kit — one that takes her own brand of make-up accessories, or select one from the many styles offered by the great cosmetic houses.

Give her a purse-size manicure kit — or one for her boudoir! Thrill her with sparkling perfume bottles or clever atomizers.

A quality hair brush, with matching comb and mirror, is always welcomed by the fastidious women on your list.

Jewel boxes in — leather, plastic or fabric coverings—in many styles and many shapes — will certainly be welcomed by the one who cares for her things.

See the smart lines of fluffy, soft powder puffs — boxed or wrapped for Christmas excitement!

If you know her shade and preference in cosmetics — give her powders, rouges, lipsticks and eye beauty accessories!

SOMETHING WONDERFUL TO WEAR: No matter what the size of a woman's wardrobe — there's always room for a beautiful blouse; a pair of pyjamas: for sleeping or for lounging . . . a lovely gown . . . a cuddly bed jacket . . . a filmy negligee or a dressy robe — are all gifts designed for the pleasure of smart women.

There's real excitement to receiving dainty lingerie — luxurious slips and half-slips — panties with an elegant air and lavished with lace — or a crisp, bouffant petticoat to whisper gracefully from 'neath her skirts.

FOR THE SPORTSWOMAN: Her favorite sport can be double-fun with a ski sweater if she's a ski enthusiast . . . a set of club head covers if she golfs — a racket press for the tennis fan — an action blouse for the bowler — beach accessories for the 'mermaids' . . . luggage items if she's a travelling woman . . . and other kindred gifts.

MAKE THIS AN ACCESSORY CHRISTMAS: Flowers for her favorite suit or dress or coat . . . scarfs for brightening workaday and dress-up frocks . . . collars and cuffs for sweater and prim dress brightening . . . leather belts, cinch belts, metallic belts, fabric belts, velvet and fabric mesh and other waistline charmers — are smart notes for the smart woman.

Whatever you finally decide to give to those gals on your gift list, remember that so much of the joy of Christmas is in the giving — and, in finding the most beautiful and most desired things for the people you care for.

So wrap up your gifts with fancy papers, ribbons and your good dishes! Be content with the knowledge that you contributed a little bit more to the overall joy of the festive season!

New Tax Deal Demanded By Ontario MP

OTTAWA (CP)—Michael Starr, former mayor of Oshawa, says the federal government is grabbing more and more of the taxation dollar. A new tax deal should be reached among federal, provincial and municipal governments.

The Progressive Conservative member for Ontario was making his maiden speech Tuesday in the Commons during the throne speech debate. He won a by-election last May 25.

Considering inflation, the municipalities were getting no more revenue now than 22 years ago. And they had no additional sources of revenue. More than 80 per cent of municipal taxes now were on real estate.

"What good is there in prosperity expressed in billions and millions if it is not reflected in the community and the home?" he asked.

He urged the three levels of government to meet in "family council" on the taxation problem. This could be done by reconvening the economic committee which operated in conjunction with the Dominion - provincial conference of 1945 but which had since faded into obscurity.

Many things could be worked out by such a committee. These included taxation of crown property and crown companies and the exemption of municipal purchases from federal sales tax to the same extent that provincial purchases now were exempt.

Pearson Works 15-Hour Day On UN Affairs

By NORMAN ALTSTEDTER

UNITED NATIONS, N. Y (CP) More often than not it's a 15-hour working day for L. B. Pearson as president of the United Nations assembly compared with the usual 12-hour day he puts in at Ottawa as external affairs minister

The assembly job is one of high honor but no pay. A big part of the work is behind the scenes.

Since Oct. 14 when he was elected to the assembly post, Pearson has been under the pressure of private conferences with foreign ministers and other leading delegates, press, radio and television interviews, diplomatic social functions, Canadian external affairs work, and the regular UN agenda.

At 9 a.m. or before, he starts reading newspapers and official reports of the work of the seven committees of the UN. It's often midnight before the last official caller about some world problem leaves his hotel room.

FREQUENT VISITOR

In recent weeks, the most frequent visitor was Krishna Menon, deputy leader of the Indian delegation and author of the Indian peace plan for Korea.

This caller was served copious amounts of tea brewed by Mrs. Pearson or Lois McIntosh, the minister's secretary.

The hotel room is only one of Pearson's three offices as assembly president. The UN has given him an office on the top floor of the 38-storey secretariat building of UN headquarters where he does most of his work.

Here he can turn a knob and listen to what's going on in any of the committees.

He has to keep up with that business because the committee resolutions come to the plenary session assembly where he presides for their final formal debate and approval.

ANOTHER OFFICE

Behind the podium where he wields the gavel, the UN has another office for the president in which he is often closeted with Secretary-General Trygve Lie.

Three times a week a bulging diplomatic pouch arrives from Ottawa with external affairs business which Pearson must see although Defence Minister Claxton has taken over as acting head of the external affairs department in Pearson's absence.

With the Korean problem boiling in the UN, it has been a seven-day work week for the assembly president, while in Ottawa he rarely is bothered on Sunday. In Canada, he is at his office by nine a. m. and usually leaves for home by 7 p. m. unless he is attending a night session in the House of Commons. But he usually takes home a couple of hours paper work in the evening.

The publicity Pearson has received has made him the target of all types of appeals from private citizens in Canada and the U. S., including bundles of crackpot letters.

But he is screened from many annoyances by Miss McIntosh or his almost-constant companions—Saul Rae, an adviser from the external affairs department, and Peter Molson, aide to the minister.

Warns Students Must Register Crossing Border

MONTREAL (CP)—United States schools accepting Canadian students will have to register their arrivals and departures with American immigration authorities and the system of students' border crossing permits will be revised after Dec. 24, it is announced.

J. R. Bourque, officer in charge of U.S. immigration services here, said Tuesday the changes will come into force after Dec. 24 when the McCarran-Walter Immigration Act becomes effective.

He said the situation in elementary schools, where there are no restrictions, remains unchanged but that children of non-citizen immigrants living in Canadian border areas, where it is more convenient to attend an American school, must apply for entry permits at the nearest American consulate.

He said high school and college students will no longer be allowed to take partial courses and must attend a full course to obtain border crossing permits.

Mr. Bourke also said students attending night classes in the Windsor-Detroit area have been warned that their permits may be cancelled.

Greek Police Arrest 6 Underground Reds

ATHENS, Greece (Reuters) — Greek police have arrested six underground Communists suspected of plotting to take over an airliner in mid-air and force the pilot to land behind the Iron Curtain.

Police disclosed the arrest today but refused further details.

The six, all youths, intended to force the pilot to land in Communist Bulgaria.

Dartford News

Mrs. Harold Coffee and Bob are spending some time with her parents, Mr. and Mrs. J. A. Darling, before settling at Hilton where Mr. Coffee is employed.

Mr. and Mrs. E. Galbraith, Weston, spent the week-end with Mr. and Mrs. Donald Yule, Reta and Alec.

Mr. and Mrs. George Broadworth were Sunday dinner guests of Mr. and Mrs. Earl Nelson and supper guests with Mr. and Mrs. Alec Lockhart.

Mrs. Charles McCleary has returned from a visit at the home of her brother, Mr. and Mrs. Ed. Bull, Toronto.

Joanne De Jong, Peterborough, spent the week-end at her home here.

Mr. and Mrs. William Timmins, Toronto, spent the week-end with her parents, Mr. and Mrs. J. A. Darling.

Graham Lester, Shawville, Quebec, spent the week-end with friends here.

Bewdley News

The ladies of the WA of St. Anne's, Bewdley, sponsored a turkey dinner in the community hall. Nearly 200 attended. There was also a bazaar table, well patronized, and a parcel post sale. Later in the evening slides were shown in the church.

The Bewdley community is now represented in the 1953 Hamilton Township Council. Keith Halstead was elected as one of the councillors in Monday's election.

Mrs. Harvey Goheen spent a week in Port Credit with her daughter, Mr. and Mrs. Bruce Boadwin, and new grandson.

Mrs. Richard Morton is visiting in Toronto.

Mr. and Mrs. Harry Bray visited friends in Peterborough recently.

Mr. and Mrs. Peter Brockenshire, Peterborough, were week-end guests of the latter's parents, Mr. and Mrs. Harold McCallister.

Mr. and Mrs. George Fallow and son, Oshawa, spent the week-end with her father, Mr. Frank Halligan.

Miss Beverley Pomeroy spent the week-end with her parents at Bethany.

NEW ENVOY — President-elect Dwight Eisenhower has chosen Winthrop Aldrich (above) of New York to be the new U.S. ambassador to Britain. He will succeed Walter Gifford.

HOME SWEET HOME—Cormac McNelis (centre) has no smile for the detective and policeman who flank him at Western Penitentiary in McKeesport, Pa. One of eight convicts who escaped from the prison, McNelis was found 24 hours later in a lunchroom near police station.

Coldsprings WI Holds Annual Dec. Bazaar

COLDSPRINGS (ENS) — The Coldsprings Women's Institute held their December meeting on Monday night in the basement of the township hall. The president, Mrs. K. Harper, presided.

During the business it was voted to have the travelling library again this year, with Mrs. W. McMann in charge. Plans were made for the formal holiday dance to be held December 29.

Members voted to send plants to the shut-ins at Christmas.

The Institute presented a cup and saucer to Mrs. M. Lacey, girls' club leader, also a silver teaspoon to each of the club members. It was decided to have a white elephant table at the bazaar and to have a draw on an angel cake.

Mrs. L. McIntosh gave a report on the TB banquet which she attended recently at Cobourg. She stressed the importance of buying Christmas Seals.

The remainder of the evening was spent arranging and marking articles for the annual bazaar being held today.

Busy Sawmill

BIG RIVER, Sask. (CP)—The utilization mill here opened by the Saskatchewan government in June 1951, now has an annual output of up to 8,000,000 board feet of lumber. The mill 90 miles northwest of Prince Albert is in the heart of the lumbering industry

Quebec Author Has Movie Premiered

By BERTRAND THIBAULT

QUEBEC (CP)—Quebec author Roger Lemelin has applied to Canadian theatre the principles of the post-war Italian motion picture school in a national film board production, first of a series of films to be produced in collaboration with Canadian authors.

The idea is to give the main parts in the films to persons not connected with the theatre professionally, in order to obtain the greatest possible realism. The idea is brought into actual practice in the film L'homme aux Oiseaux (A Man and his Birds), which had its first showing here Tuesday.

Camille Fournier, Quebec autobus operator, plays the leading role in the film.

An interesting documentary film on Quebec City, the film is about a man who likes birds so much so that he loses his job because of them and goes all over town looking for another position. He finally finds another job aboard a ferry running between Quebec and Levis.

SCENIC SHOTS

Most of the scenic sections of Quebec are included in the movie.

Camera man Grant McLean of Ottawa started shooting scenes for the film July 15, 1951. It was completed Sept. 10 the same year.

Background music was written by Maurice Blackburn of Ottawa.

Dialogue written by the 33-year-old Lemelin is based on popular French as spoken by Quebecers.

Fournier, 44-year-old star of the picture, said:

"My portrayal would have been less sincere if I had had to speak learned French instead of words that come from the heart."

COPPER COLORED

Ceylon was known to the ancient Romans as "Taprobane," meaning "copper-colored."

SELECTING, PREPARING AND ROASTING YOUR CHRISTMAS TURKEY

Select Best Bird In Market

By GAYNOR MADDOX

Here are some basic rules for getting the best turkey in your market. Whether you select a tom turkey or a hen turkey makes no difference. Even meat experts can't tell the difference.

Turkey sizes are: Small 4 to 8 pounds, medium 9 to 15 pounds, and large 16 to 25 pounds, all ready to-cook weights. A general rule is a half pound of turkey ready-to-cook weight per serving. If you want sliced turkey for another meal or two, plan up to ¾ pound per serving. Either allowance should give choice tidbits for at least one left-over dish.

On a wing band, a tag, or on the wrap or package the bird may carry a label—a brand name or an official government grade mark. Usually there is additional information: The weight, whether it is a young bird — the choice for roasting — and whether it is ready-to-cook (eviscerated) or dressed style (head and feet intact, the feathers removed but it is not drawn).

When labelling is not present, look for clean, waxy skin with few pin-feathers; a plump, full appearance indicating meatiness; and good finish—fat underneath the skin, at least over the legs, the sides of the breast and the back.

A short, broad body will yield more meat than a long, narrow turkey of the same weight. A grade B bird may be in that class rather than in grade A because of a skin tear, or a crooked breastbone, yet the eating quality and meat yield can be good. Here you have the advantage of lower price.

If turkey is purchased dressed, have it drawn or draw it yourself as soon as possible after purchasing. Cut the neck off close to the body, first slitting the neck skin down the centre of the back to shoulders—leaving skin over the breast intact—and if possible remove the leg tendons. Tendons become hard and dry during roasting, making drumstick meat less desirable and hard to slice. Clean giblets promptly.

To preserve fine flabor and assure best results—keep a quick-frozen, ready-to-cook bird frozen until ready to cook, allowing time for defrosting. Defrosting will take two to three days in the refrigerator, or four to six hours with the unwrapped bird under running cool water.

Be sure to remove the wrapped (cleaned) giblets from either the body cavity or neck pocket. Defrosted or fresh turkeys can be held at 36 degrees to 38 degrees Fahr. for one to two days.

How To Roast Festive Bird

Follow these fundamentals of turkey roasting.

Stuff the turkey just before roasing—Dry ingredients can be measured ahead of time. Liquid ingredients, measured in advance, must be refrigerated. Any meat added must be thoroughly cooked before combining with the other ingredients. Fill the cavities with a light hand—the neck pocket first. Then bring neck skin over and skewer it to the back.

For filling body cavity, place turkey in a deep bowl, neck end down. Fill with stuffing, shaking the bird gently to settle the stuffing, but not pack it. Packed stuffing may emerge after roasting in a solid, compact mass. Close the opening by placing skewers across the opening and lace it shut with cord.

Proper trussing gives a compact shape, uniform cooking and browning and aids carving. To truss, bend wing tips toward breast and then back, "hooking" them under the shoulder joints with tips over the neck skin — "akimbo" style. Tie drumstick ends securely to tail.

Some retailers draw the bird in a way as to leave a bridge of skin across the abdominal opening. In this case, omit skewers and cord. Push drumstick through top opening, then under this bridge of skin with the drumstick protruding slightly through the bottom opening.

Grease turkey on all sides with softened or melted fat. Over the bird place a piece of cheesecloth well-moistened, but not dripping, with melted cooking fat. The cheesecloth should be large enough to drape down the sides. This fat-moistened cloth keeps the bird greased and does away with the necessity for basting.

Roasting the turkey—Roast in shallow open pan with rack—no cover and no water. Basting is unnecessary.

The oven temperature — "Low and slow" is the rule. Low temperature means less shrinkage and loss of juices, better flavor and appearance. At a constant low temperature of 325 degrees F. the turkey needs little or no attention. If the cheesecloth dries, spoon fat over it from bottom of roasting pan or remove and remoisten with melted fat.

Remove the cloth toward the end of the roasting time, should more browning be desired. If the cloth becomes over-brown or the drippings burn or dry up before the turkey is done it is a sure sign that the oven temperature is high.

Start the bird about a half hour ahead of schedule. It may take a little longer than given in the timetable. Also most important, it allows ample time for making gravy, removing the trussing cords, and arranging the bird and garnish on the platter.

The turkey will lose a little of its high inside heat, making it more comfortable for carving. The juices will also be absorbed into the meat during this period.

Ready-to-Cook Wt. (lbs.)	Oven Temp.	Total Cook. Time, App. Hours
4 to 8	325 deg. F.	3 to 4
8 to 12	325 deg. F.	4 to 4½
12 to 16	325 deg. F.	4½ to 5
16 to 20	325 deg. F.	5½ to 7
20 to 24	325 deg. F.	7 to 8½

When is the turkey done?—To judge the doneness, test 15 to 30 minutes before turkey should be done. Press the thickest part of the dramstick, protecting fingers with cloth or paper. The meat should feel very soft. Or move the drumstick up and down—the leg joints should move readily or break.

If a meat thermometer is used, it should register 165 degrees F. in the centre of the stuffing or 200 degrees F. in the centre of the inside thigh muscle.

No Secret To Gravy Success

There's really no secret to gravy sucess if a tested recipe is closely followed.

Use extra or left-over gravey in "made" dishes later. Allow ½ cup gravy per person. For each cup of gravy, use 1½ tablespoons each of fat and flour and 1 cup liquid. For 4 cups of gravy, use 6 tablespoons drippings from the roasting pan, 6 tablespoons flour, 4 cups liquid—giblet broth, milk or water.

Pour the drippings (the fat and meat juice in the roasting pan) into a bowl, leaving all the brown residue in the pan. Let the fat rise to the top. Skim off all the fat, then measure amount needed for gravy back into the roasting pan. The meat juice under the fat may be used as part of the liquid for the gravy. Add flour and blend with the fat. Set roasting pan over very low heat.

Cook until frothy, stirring constantly. Add the measured liquid, cool or lukewarm, not hot, all at once. Increase heat and cook, stirring constantly until uniformly thickened. While stirring, scrape and blend the brown residue into the gravy. Simmer about 5 minutes.

Season well to taste. Serve very hot. For giblet gracy, add diced or ground cooked giblets. Since gravy tends to thicken and form a "skin" over the top as it cools, serve only enough at one time to take care of first servings.

It is usually best to limit the garnish to parsley, watercress or other salad greens. Holiday or special-occasion dinner exceptions are glazed apple or orange slices, spiced apples, pears, or peaches, orange, grapefruit or lemon baskets filled with applesauce, cranberry jelly, mashed and seasoned squash or sweet potatoes, plain frosted grapes, and cranberry molds or cut-outs.

Provide a plate to which the garnish can be transferred before carving is begun. To accommodate garnish and turkey, the platter should be large so that the carver is not placed at a disadvantage.

If the partially carved bird is returned to the oven to be kept hot, replace it in the roasting pan. Do not place the platter and the carving utensils in the oven.

Use Left-Overs In New Way

Left-over turkey, whether sliced cold or used in "made" dishes, can be wonderful eating. Here's a really different recipe:

Turkey stuffing, thin slices of onion, tomato slices, cooked turkey meat—slices or small pieces—and slices of cheddar cheese.

For each serving—Form a patty of stuffing about 2½ by ½ inches. Place on baking sheet and bake in a hot oven (400-425 degrees F.) 10 to 15 minutes, or until thoroughly heated. On the hot patty place in layers — 1 or 2 onion slices, tomato slice, turkey and cheese.

Return to hot oven and cook about 15 minutes or until cheese starts to "run" down the sides. Top with a sprig of parsley and garnish with cranberry slices. Variation—Instead of cheese, left-over gravy or tomato sauce may be served over the Toppers.

For a bridge luncheon or any special party, you'll enjoy this de luxe recipe. We ate it at The Publick House in Sturbridge, Mass., one of our favorite New England inns.

CREAMED TURKEY AND OYSTERS (Serves 2 to 3)

One-half pint oysters, 1 cup water, salt and pepper, 3 tablespoons butter, 3 tablespoons flour, 1 cup light cream, 8 ounces cooked turkey sliced into strips.

Poach the oysters in the water with the salt and pepper. Drain and set aside. Melt the butter over a medium fire and add the flour gradually. Cook two or three minutes, stirring constantly.

Pour on the oyster liquid and the cream slowly and continue stirring, cooking until the sauce is smooth. This is the time to check the seasoning and the consistency of the sauce. Just before serving add the poached oysters and turkey. Serve piping hot with slices of toast or in patty shells. Garnish with watercress.

Put Giblets In Stuffing

The heart, liver and gizzard of turkey have many uses. Treat them well.

The giblets (gizzard, heart and liver)—The neck is usually included with the giblets—in cooking and in the use of the meat. The cooked meat—diced, chopped or ground—and the broth are added to the gravy or the stuffing, or used in other "made" dishes. To prepare the giblets and neck, cook in seasoned water until gizzard is fork tender, 2½ to 3 hours. Refrigerate unless used immediately.

FLUFFY GIBLET STUFFING

(Yield: Stuffing for a 14-pound ready-to-cook turkey).

One and one-half pounds white bread, 2 to 4 days old—to be grated, torn or cut into ½-inch dice; cooked giblets, finely chopped or ground; ¼ cup finely chopped onion, ½ teaspoon pepper, 1 teaspoon poultry seasoning, 1½ teaspoons salt, ½ pound butter or margarine—to be cut into ¼-inch dice, about ½ cup broth or milk.

Prepare bread according to favorite method and drop into large bowl. Add giblets, onion and seasonings. Toss to blend thoroughly. Add the diced butter. Drizzle enough broth or milk over stuffing—tossing the mixture to blend evenly. Stuffing should be "damp," not wet. If necessary, add more seasoning to taste.

The following salad wedges, with the name of each guest written on them with cream cheese, make an unusual turkey garnish.

CRANBERRY SALAD WEDGES (12 wedges).

One package raspberry-flavored gelatin, 2 cups water, 1 can cranberry sauce—jellied or whole—1 orange, 2 medium grapefruit.

Heat 1 cup of the water to boiling and in it dissolve the gelatin. Add remaining 1 cup of water, cold. Chill until mixture begins to jell.

Meanwhile, crush cranberry sauce with a fork. Grind the orange, removing any seeds. Add cranberry sauce and orange to the raspberry gelatin. Cut the grapefruit in halves. Remove all pulp. Fill halves with cranberry salad mixture. Chill until firm. Cut each grapefruit half into 3 wedges.

Note—To write names, use a decorator tube and softened cream cheese.

Turkey Carving No Trick Now

A sharp knife, a long-pronged fork, a few clear directions and reasonable patience—that's really all you need to carve that beautiful roast turkey in the style it is accustomed to.

1. To remove leg—Hold the drumstick firmly with fingers pulling gently away from turkey body. At the same time cut through skin between leg and body.

2. Press the lag away from body with flat side of knife. Then cut through joint joining leg to backbone and skin on the back. Hold the leg on service plate with drumstick at a convenient angle to plate. Separate drumstick and thigh by cutting down through the joint to the plate.

3. Slice drumstick meat. Hold drumstick upright at a convenient angle to plate and cut down, turning drumstick to get uniform slices.

4. Slice thigh meat. Cut slices of meat parallel to the bone.

5. Cut into white meat parallel to wing. Make a cut deep into the breast to the body frame, parallel to and as close to the wing as possible.

6. Slice white meat. Beginning at front, starting halfway up the breast, cut thin slices of white meat down to the cut made parallel to the wing. The slices will fall away from the turkey as they are cut to this line. Continue carving until enough meat has been carved for first servings.

How to roast half a turkey—For a small family it is often more economical to purchase half a turkey. John B. Russell, one of the best of chefs, cooks it this way. Wash and wipe dry the half turkey in the usual manner. Sprinkle both sides of the turkey with salt and pepper.

Place the turkey skin side down and fill with your favorite stuffing, preferably a little on the dry side. Press the stuffing firmly into the cavity and cover well with a triple thickness of aluminum foil. Turn the turkey over and truss with butcher's twine, being careful to draw teh leg and wing in as close to the breast as possible.

Place foil side down on a wire rack in a roasting pan. Rub skin side of turkey with a mixture of half butter and half shortening. Roast in the usual manner, basting frequently until cooked.

Towering Actor Has Trouble Getting Roles

By BOB THOMAS

HOLLYWOOD (AP) — You'd think that a towering young man with acting ability, a handsome face and blonde hair would be a cinch for film success.

"It's not as easy as all that," comments Jim Arness, who has all those qualifications. There's one difficulty: He is too tall for most Hollywood leading men.

Jim, a good-looking boy from Minneapolis, is a shade over six feet, six inches. He's considerably taller than most leading men, and two inches taller than the biggest one (Dan Dailey).

"It wouldn't be bad if I played leads myself," he explained. "Then it wouldn't matter how tall I was. But a lot of leading men don't like to have actors taller than them appear in their pictures."

Jim's career is finally hitting on all cylinders after some lean days. After appearing in stage work here, he landed a movie job as one of Loretta Young's brothers in "The Farmer's Daughter."

"They wanted a guy who looked like a big Swede," Jim recalled. "So I had no trouble getting cast. But when I tried to get an acting job after that, I realized what I was up against. The studios told me I was too big to appear with their male stars.

Then Dore Schary, who had hired him for "The Farmer's Daughter," gave him a job in "Battleground." He followed that by playing the title role in "The Thing."

"But I only lasted six months," he said. Again he enrolled in a stage play. It paid off. Robert Fellows and John Wayne signed him to a contract and put him in Wayne's film "Big Jim McLain."

"Even though I was a few inches taller than Wayne, he didn't mind standing next to me in scenes."

Apsley Friends Honor Bert Howden, Wife

APSLEY (ENS) —A number of friends met at the home of OPP Constable Bert Howden to bid them farewell. Constable Howden has been moved to Bowmanville and is leaving on Tuesday. He will be replaced by Constable Jack McKendry of Bowmanville.

The evening was spent in social chat and games, cards and crokinole. In a few words, Marilyn Windsor presented to Mr. and Mrs. Howden a carving set. Both Mr. and Mrs. Howden thanked their friends for the gift and expressed regret at leaving.

Misses Marilyn Windsor and Margaret Brett of Peterborough attended the party.

Selwyn News

SELWYN—When twelve tables of euchre were played in the town hall Friday night, prize winners were: ladies' first, Mrs. Wallace Blewett; ladies'consolation, Mrs. Reg Bell; men's first, Marcus Dean, and men's consolation, Chalmer Sweeting; travelling lone hand prize was held at the last by Mrs. Clifford McIlmoyle. This party was convened by Clayton Fitzgerald and Ivan Davis. There will be another one in two weeks' time, Friday, December 12. Lunch was served at the close.

Mrs. Neil Blewett is ill at her home here.

Ricky McConkey, son of Mr. and Mrs. Jim McConkey, spent a few days in the hospital for a minor operation.

Mr. and Mrs. Harry Taylor, of Bobcaygeon, called on relatives here on Thursday evening.

While Bruce Fitzgerald was bringing cattle home from his ranch on Saturday, one ran into the swamp at Selwyn and fell. Its neck was broken and it had to be killed.

Mr. and Mrs. William Elliott and Mrs. Edward Preston and Harold Preston were guests of Mr. and Mrs. Arthur Andrews in South Monaghan on Friday last. Mrs. Preston remained with her daughter for a few days.

Orville Elliott, who has been employed in Oshawa for the past few months, has returned to his home again.

JACQUES FATH (hatless), dress designer, walks with a newsman as he is interviewed on arrival in New York City on Saturday. The 40-year-old French designer arrived earlier in the day by plane from France, but was detained at Ellis Island by immigration authorities. Fath said his detention had occurred because "the American Embassy in Paris forgot something. There was a mistake."

Direct Negotiations Suggested Between Israel, Arab States

By NORMAN ALTSTEDTER

UNITED NATIONS, N.Y. (CP)—Canada urged direct negotiations between Israel and Arab states to frame a conclusive peace treaty on Palestine and expressed belief the parties are closer to agreement than ever before.

David Johnson, head of Canada's permanent delegation to the United Nations, told the special political committee of the general assembly Tuesday that responsibility for the Palestine problem is "widely shared."

Canada is one of the six co-sponsors of a resolution which calls for direct negotiation to settle the problem, partly solved by signing of armistice agreements in 1949. Recently there have been reports from the middle east that Egypt might be ready to sign a peace treaty with Israel. Syria, Saudi Arabia and Lebanon are the other countries involved directly

PLACE BLUEPRINT

Abba Eban of Israel presented to the committee Monday a "blueprint for peace" under which the two sides would get together without prior commitments to discuss immediate problems and long-range goals.

But Ahmed Shukairi of Syria Tuesday rejected the Israeli plan and made a counter-proposal calling for direct negotiations after Israel accepts in principle the UN resolutions passed in 1947 on refugees, internationalization of Jerusalem, and revision of borders.

TALKING ABOUT TWO FLAVOURS

Did you know that delicious, nourishing Ovaltine now comes in TWO flavours? Yes, the ORIGINAL PLAIN flavour and a sweet CHOCOLATE flavour, too. Both provide proteins and energy foods from the ripe barley malt, milk, and eggs used in their manufacture, and the vitamin and mineral content is augmented with additional vitamins A, B_1, C, D, Riboflavin (B_2), Niacin and Minerals—available Iron, Calcium, and Phosphorus.

CHOCOLATE FLAVOURED OVALTINE is ideal for that hot drink at breakfast that every child should have during the fall and winter months. It is so nourishing, and the children love the delightful chocolate flavour.

ORIGINAL PLAIN OVALTINE —the favourite food beverage with adults for many years, is also excellent for invalids and convalescents and as a soothing, relaxing bed-time drink for anyone.

CHOCOLATE FLAVOURED and PLAIN OVALTINE are obtainable at all drug and food stores.

Why not buy a tin today—It pays to buy the best. 140

Urges West Indies Become 11th Canadian Province

OTTAWA (CP)—A New Brunswick member suggested in the Commons Wednesday that the tropically-rich British West Indies should become Canada's 11th province. A. J. Brooks, Progressive Conservative member for the constituency of Royal, said the Indies seem "at loose ends" these days. Canada could offer security and such a move would be beneficial to both because their products were complementary.

"I believe the United States has her eyes on the West Indies at the present time," Mr. Brooks said.

Britain was pulling out her troops. The U.S. was moving in air bases and there was "every reason to believe that the West Indies today are looking for some other country with which they might join."

LOGICAL ANSWER

"The logical country, to my mind, is our own country of Canada."

He made the suggestion while speaking of the need for more Commonwealth trade. Canada wanted millions worth of the Indies' products such as bananas, grapefruit, sugar cane and rum. The Indies needed Canada's fish, lumber, farm and manufactured products.

"It is a tropical country and we are a northern country. . It would be a great advantage to a great northern country like this if we had a tropical province such as the West Indies would be, in order to round out our country."

The Commons also heard health insurance, wheat and television debated in the rambling throne speech debate which opens the way to discussion of almost any subject.

BEST IN WORLD

Dr. E. A. McCusker, parliamentary assistant to Health Minister Martin and himself a Regina physician, said federal health grants of more than $100,000,000 have laid the base for the "best national health plan in the world." But the time to launch it was not yet. There were not yet sufficient facilities.

He criticized the CCF which now is circulating a national petition on health insurance. Health insurance, he said, could not be achieved through a "half-baked CCF election plan."

Percy Wright (CCF—Melfort) replied. He said steps should be taken to launch the plan with the facilities now available. The fact half the recruits for the services were rejected for health reasons showed Canadian health was not what it should be.

Japanese Prince Will Pay Canada Visit

TOKYO (CP) — Crown Prince Akihito of Japan probably will visit Canada as a state guest next spring, The Canadian Press learned today.

The visit will be during the 18-year-old heir presumptive's voyage to London to attend Queen Elizabeth's Coronation, June 2, as representative of Emperor Hirohito.

Acceptance was intimated today by officials of the imperial household and the foreign office who are responsible for the prince's travel arrangements.

It was understood that the Canadian government forwarded an unofficial invitation to the prince shortly after he came of age last Nov. 10. It was announced at that time that he would represent his father at the Coronation. Later it was announced that he hoped to visit Canada, the United States and several European countries while abroad.

MADE OFFICIAL

The Canadian invitation, extended through Arthur Menzies, charge d'affaires of the Canadian embassy in Tokyo, was voiced unofficially and informally initially to enable the prince to take the possibility into account in his planning. Presumably when the imperial household informed Menzies that Akihito could accept the invitation was put officially.

Leaving probably in March, he would sail for Vancouver.

Already the Canadian Pacific Railway representatives here are prepared to place a private car at the prince's disposal, and to invite him to stay in the royal suite at the Hotel Vancouver.

Such plans, however, would have to be co-ordinated in Ottawa between external affairs, the Japanese embassy and the private and public bodies which would be concerned.

Toronto and Ottawa certainly would be touched by the party, which would then go to New York for embarkation on a trans-Atlantic liner.

Two Railways Agree To Talks

MONTREAL (CP) — The railways announced today their acceptance of an invitation to meet the unions here next Wednesday to discuss further their dispute over a pay raise for 144,000 non-operating railway workers.

The unions, consisting of 15 international and two national brotherhoods, already have announced they will attend the meeting, proposed by Labor Minister Gregg.

The railway announcement, for both Canadian Pacific and Canadian National Railways, said:

"The railways confirm that they have accepted an invitation to meet the employees' committee on Wednesday, Dec. 10, at 10 a.m., in the federal department of labor offices, Montreal."

Parsons Toss Damper On 2 Yule Customs

LONDON (Reuters) — Two parsons threw cold water on two traditional Christmas customs. One condemned carol singing as a racket, the other debunked Santa Claus.

In Birmingham, the Rev. Guy Standbridge wrote Tuesday in his parish magazine that kids who sing one verse of a carol outside private homes, then beg for money, run a profitable racket.

In Abergavenny, Wales, the Rev. Malcolm Riley said he wished the legend of Santa Claus could be banned. Then children might hear more "about the Babe of Bethlehem."

Lloyds Twice As Sure Coronation June 2

LONDON (AP) — Lloyds of London today is twice as certain as it was a few months ago that the Coronation will take place as scheduled next June 2.

The famous insurance institution now is quoting a 7½-per-cent rate on insurance against something happening to prevent the ceremony. Some time ago, some business firms paid as high as 15 per cent.

The insurance was taken out because many millions of pounds already invested in work connected with the Coronation would be lost if anything — such as war or a death in the Royal Family — should cause postponement.

Marmora Youth Gets 5 More Months In Jail

BELLEVILLE (CP)—Two youths who escaped from the county jail here Tuesday were sentenced today to five more months in jail for the escape.

The two, John van Dusen, 16, of Madoc, and Harold Grey, 17, of Marmora, were given five months in jail to run consecutively with previous sentences. Van Dusen was serving a year for car theft and Grey six months indeterminate for armed robbery.

Airstrip Damaged In Vietminh Attack

SAIGON, Indo-China (AP)—The French high command disclosed today that mortar from from Communist-led Vietminh rebel troops had damaged the airstrip in the besieged northwest Indo-China key-point of Na San but said French Union troops later drove the guerrillas back.

The announcement said the Vietminh gained control of an approach to the landing strip—Na San's only link with the outside world—in a violent attack earlier this week. The rebels brought the field under mortar fire, damaging the landing strip.

Later, the French Union defenders regained control of the airstrip, the communique said.

The battle for Na San, the biggest of the current Vietminh drive into northwestern Indo-China, has been going on since last week. Thousands of French Union troops collected in the valley village are ringed by double their number of Vietminh besiegers.

Swiss Officials Concerned Over Silence Of Expedition

NEW DELHI (AP) — Swiss legation officials today began to show signs of great concern over the prolonged delay in news of the outcome of the Swiss Everest expedition. One commented: "We are not making a joke over the fact we cannot tell you anything this time."

The Swiss officials discount "unauthorized" reports attributed to Nepalese travellers that the expedition has completed the descent of Everest and is now en route to the Nepalese capital of Katmandu. Instead they appear to be beginning to fear the worst.

The Swiss team began its climb of unconquered Mt. Everest Oct. 6. Nov. 17 sources in contact with the expedition said the final assault party had reached a point only 150 feet from the summit, which is more than 29,000 feet high. No man ever has reached the top and returned to tell about it.

News from the expedition has been skimpy because the only means of communication is by native runners from the base camp to Katmandu, 170 miles away.

A message from Bhojpur, the radio station nearest Mt. Everest, said last Sunday that the climbers had reached Namche Bazar—their base camp which is six days march from Bhojpur—"on their way home." The message gave no hint as to whether the expedition had succeeded or failed. Bhojpur is a military station 110 miles sout east of Katmandu.

PRIOR TO A VISIT to county roads today, chiefly Buckhorn and the Gannon's narrows floating bridge, a serious looking group gathered at luncheon arranged by the county council. Left to right are Reeve Gordon Fitzgerald of Smith township, County Warden R. R. Stewart, guest of honor Minister of Highways the Hon. George Doucett and Peterborough member the Hon. Harold R. Scott.—(Examiner Staff Photo)

Doucett Travels County Rds.

The Hon. George H. Doucett, minister of highways, is in Peterborough today and will likely discuss the future of the Buckhorn Road with city and county officials. A couple of months ago the city and county held a joint meeting to discuss the controversial Buckhorn Road. During the summer a large number of motorists had complained that the 12½-mile road, maintained by the Suburban-Area Commission, was full of pot holes and was so dusty that it was dangerous for driving. A committee of city and county officials was formed to go to Toronto and see Mr. Doucett. They hoped to get some provincial help: possibly by the province taking it over completely or helping out in the cost of paving it.

The matter will be brought up today at the luncheon meeting in the Empress Hotel. Both Mayor Hugh Waddell and Warden Dick Stewart will be present.

Other matters relating to roads will also be discussed. And it is also likely that the county will suggest some action on the proposed causeway or overhead bridge at Gannon's Narrows.

Royal Family Reconciliation With Windsors Seen Remote

LONDON (CP)—Prospects of a complete reconciliation between the royal family and the Duke and Duchess of Windsor appeared today as remote as they ever have been since the Duke abandoned the throne for love 16 years ago. Recent speculation has suggested that both the Windsors probably would be invited to the Coronation next June 2. This would mark the official introduction of the Duchess at court and complete the Duke's reconciliation with all members of the royal family.

But today a court spokesman, contrary to recent portents, said the big stumbling block still remains. This is that the Duke wishes his wife to be received as a royal duchess, entitled to all the privileges of station—a curtsy, precedence and so on.

The difficulty is that the Duke's wife has never been created a royal duchess.

NOT ROYAL DUCHESS

This is constitutionally necessary. For instance, when the late King George VI, as Duke of York, married the present Queen Mother Elizabeth, King George V issued a proclamation giving his daughter-in-law the style and titles of a royal duchess and raising her to equal status with her husband.

Thus it would appear that the Duke would have to change his mind about the Duchess being received on equal terms with royalty.

One British newspaper, the Weekly News, says flatly today: ". . . Though there is no question of stopping the Duke from exercising his undoubted right to be present at the Coronation, the Queen has let it be known that the presence of the Duchess of Windsor would not be welcomed."

The Weekly News is published in Dundee and serves the north of Scotland. It frequently is authoritative on questions affecting royalty.

Fear Strife To Destroy UN

UNITED NATIONS, N.Y. (CP)—Strife between developed and underdeveloped countries is sharpening into a conflict which some diplomats believe is the greatest danger to the continued existence of the United Nations.

It is a fight between the haves and the have-nots, the colonial and anti-colonial powers, that cuts across the lines of the East-West struggle. The cold war is viewed as no threat to the very foundation of the UN as long as the Soviet minority can be voted down in their attacks on the western powers.

But the differences between the developed and under-developed nations have shown that the grouping of Asian, Arab and some Latin-American countries, augmented by the Soviet bloc for interfering purposes, can wield majorities in the world organization.

The battle runs through almost every committee of the UN on subjects ranging through racial conflict in South Africa, world price controls and the search for a definition of aggression.

IN TOUGHER SPOT

In some ways, countries such as Canada and the United States are in a tougher spot than the colonial powers, who must take the obvious line that their domestic affairs should not be the subject of UN interference.

But Canada and the U.S., with a background as fighters for independence with no colonial possessions, are hard-pressed to steer a course fair to both the colonial powers who are their Allies in the cold war and the anti-colonials demanding complete independence for all peoples.

It was a group of Asian-Arab states joined by some Latin-Americans which forced the UN to take up the question of race conflict in South Africa and independence for the French protectorates of Tunisia and Morocco.

BULLETIN

NORTH TONAWANDA, N.Y. (CP)—Evangelist D. W. Holmes said today he is willing to return to Ontario to attend the inquest of a Barrie, Ont., girl who died after stopping insulin treatments in favor of a faith cure that he advocated. Holmes, a travelling pastor from Tulsa, Okla., was questioned by Ontario Provincial Police. He told them Mary Taylor, 19, attended three of his prayer meetings, and "was prayed for along with many others."

Must Support Culture In Asia

TORONTO (CP) — The West must accept and foster a free development of the culture of South-east Asia if that area is to be kept from communism, Nik Cavell, administrator of Canada's Colombo Plan aid, said today.

If the West can form a policy which will attract free Asia, "we can become so strong that the Communist world will not dare to attack us," he said in a speech prepared for the Empire Club.

"All over Asia, and particularly in Southeast Asia, there is an overwhelming tendency for these peoples, now free from Western domination, to return to their own indigenous cultures. . .Here is a wonderful opportunity for the free world, if only we can find the unity of purpose necessary to embrace it."

The West could make it clear "and stand by it as a cardinal principle" that all cultures are welcome in the free world, said Mr. Cavell.

Lottery Winner To Be Charged

MONTREAL (CP) — A 55-year-old police lieutenant who won $46,000 in a recent Quebec Army and Navy sweepstake will be charged with illegally possessing a lottery ticket, a superior officer said today.

Assistant Director Alfred Belanger said Lieutenant Lucien Charbonneau will be charged before the police discipline board with "buying and keeping in his possession an illegal lottery ticket during 1952 and thereby conducting himself in a manner incompatible with his duties as a police officer."

Lieutenant Charbonneau, who has had 28 years service and now is on sick leave, told reporters he probably will resign from the force.

The lieutenant will receive a pension from the force because he has completed more than 25 years service. However, he has accumulated 240 days sick leave and need not return from sick leave until late in 1953.

Director Belanger said the man who sold Lieutenant Charbonneau his winning ticket, will be charged before police court.

Death Causes Protest In Province

Attorney-General Promises Findings Considered Carefully

TORONTO —(CP)— Dr. Smirle Lawson, supervising coroner for Ontario, said today he expects a jury inquiring into the death of diabetic Mary Taylor of Barrie will suggest that faith healers be banned by law.

Dr. Lawson has taken charge of an investigation into the death of the 19-year-old girl. Her relatives said she died after discontinuing insulin treatments. She and her family had attended religious meetings held by a travelling evangelist.

"It is hard to legislate against religion," Dr. Lawson said today. "But I have every confidence the jury will give great consideration to the necessity of having such a law (to ban faith healers)."

He said there seems no doubt Miss Taylor died as a direct result of her faith, in the belief she no longer needed the insulin which had kept her alive for the last 15 years.

MUST FIX RESPONSIBILITY

"I think one of the main points the jury must decide is whether this preacher was responsible for the girl's death."

If the jury fixed responsibility in that way, it would be the jurors' duty to make whatever recommendations they saw fit regarding the Barrie case and possible restrictive legislation.

Attorney-General Dana Porter said the inquest findings will be considered carefully.

"If anything comes out of the inquest, we will have to act," he said.

Meanwhile, Mrs. Ralph S. Mills president of the Diabetic Association, said insulin is the only effective treatment for diabetics.

"Insulin to the diabetic is like a crutch to the person with a leg off," she said in a statement. "no faith can claim it can make a person grow another leg and yet that is exactly what they have tried to make this girl believe.

GET TIRED OF SHOTS

"Diabetics get so tired of taking that daily needle that some of them will grasp at anything to relieve them of the nuisance.

"Perhaps this girl was contemplating marriage. I don't know. Many women who are diabetics feel they can't have children. I do not know if that was this girl's reason for trying faith instead of insulin. But, in case there are others who might, I'd like them to know right now that there is a new technique being practised at the Toronto General Hospital which allows diabetic girls to have perfectly normal babies."

Jets Guide Flier Back To Base

LONDON, Ont. (CP)—Lost in pitch-black skies over western Ontario, an RCAF student pilot was saved from plunging into Lake Erie when he finally picked up the Centralia airport "homer" beacon.

The flier was identified only as Flt. Cadet Winters, 21.

The youthful flier had less than 45 minutes' fuel supply left when his Harvard trainer touched down at Centralia airport Wednesday night.

Two United States Air Force jets took part in the search for the flier after he radioed that he was lost. They flew from Selfridge Field Detroit. The pilot reported later he heard them but did not see them.

Barrie Girl Stops Insulin Shots, Dies In Four Days

BARRIE, Ont. (CP)—"I had faith . . ." Brokenly, Mrs. David Taylor told of the death of one of her nine children, 19-year-old Mary. Mary died Wednesday morning, about 4 days, the mother said, after she stopped taking the life-giving insulin she had had to use since the age of three. Mary was a diabetic. Several times a day she had taken insulin. But Sunday she stopped. She put her faith for cure in a belief in God.

That was after she and the family had attended the meetings of a travelling evangelist, Pastor D. W. Holmes of Tulsa, Okla., and talked to him in a neighbor's home where he stayed during his 10 days here. They talked about the case of the pretty, brown-haired girl. And, in the pamphlets handed out by the Voice Healing Association, to which the itinerant preacher belongs, there were testimonials to the curing powers of prayers of other members of the organization.

HAD FAITH

"I had faith she was going to get cured," the mother sobbed as she told of watching her daughter failing for two days. There were times, the grief-stricken Mrs. Taylor said, when she wavered, was tempted to call the family doctor. But the family, convinced their faith was strong enough, continued to wait and pray.

"I wish I had called the doctor," Mrs. Taylor said.

Pastor Holmes conducted the meetings here after a one-week series of revivals in Orillia, 15 miles north of this Lake Simcoe town, 50 miles north of Toronto. He left the area Monday and now is believed to be in New York state.

Relatives of Mary said the evangelist, of the same group to which A. C. Valdez, Jr., belongs, had left the matter of insulin treatments to her own judgment. However, they had heard of other cures in similar cases, and said the girl felt strong faith would pull her through without the aid of medicine.

INQUEST ORDERED

Doctors said after an autopsy Wednesday night that she had apparently died because of the lack of insulin, but that microscopic tests will be made later. An inquest has been ordered by Chief Coroner Smirle Lawson of Ontario.

Like Valdez, Pastor Holmes uses a tent in the summer. In the winter, he uses halls in the towns and villages he visits. A Toronto minister with whom Holmes recently visited said the Pastor gave up his church four years ago to become a travelling evangelist. Previous to that he was a welder, and, the Toronto clergyman said, owns two cars and five houses.

Valdez' name came up last January after a Winnipeg couple was charged with the murder of their seven-year-old foster - daughter. Evidence given later before a Winnipeg inquest was that Mr. and Mrs. Gavin McCullough had attended meetings conducted by Valdez and had beaten and strangled little Martha Louise to death "to drive the devil out of her." They were acquitted because of insanity at the time of the crime and ordered held in jail.

End Ground Search For Missing Plane

WASAGA BEACH (CP)—Ground search in this area for a lost single-engine plane carrying four Alberta football fans has been called off but the air search will continue, army and RCAF officers said.

Planes from the RCAF station at Centralia, based at Camp Borden, will resume the search of the southern end of Georgian Bay for the craft, missing since last Friday.

The plane disappeared on a flight from Edmonton to Toronto for last Saturday's Grey cup football game.

Air search is to be concentrated in the Balm Beach-Woodland Beach area near Midland.

Britain Plans To Cut Defence Costs

LONDON (Reuters) — Prime Minister Churchill announced today that Britain intends to make some cuts in defence spending.

He told the House of Commons this would involve cancellation or modification of some arms contracts already placed.

He stressed, however, that htis "decision in no way implied any weakening in Her Majesty's government's determination. . .to take its full part in the effort of the North Atlantic alliance."

Churchill read a prepared statement to the House of Commons on defence policy.

GOING UP

He said that last year defence cost Britain £1,462,000,000. The same amount of defensive equipment this year will cost £1,650,000,000 and next year £1,800,000,000. Inflationary factors account for the rise.

The Prime Minister did not state how far the defence effort would be cut back. He did say, however: "We must prevent any substantial rise above this year's level of defence expenditure."

Churchill's statement was interpreted to mean that Britain's defence spending would remain more or less constant. Effects of inflation would merely result in a decreased amount of arms output.

Two Big Explosions At Mexico Factory

MEXICO CITY (AP) — Two explosions in a government munitions plant today killed two men and seriously inujred a third.

Police said there might be other bodies in the ruins of the plant, but they were unable to search because of the threat of continuing explosions in a store of 20,000 hand grenades.

The blasts, only seconds apart, shook the whole city.

Police said they were unable to locate the families of several military guards who live in the area. Only a few persons were believed in the plants.

S. Korean Troops Smash Attack

SEOUL (AP) — South Korean troops smashed three Chinese assaults on Sniper Ridge in predawn darkness today — the bitterness of the hand-to-hand combat matching that of the sub-zero cold.

Two of the attacks were described as suicidal. The Reds, thickly bundled in their quilted uniforms, charged up the icy slopes behind an artillery and mortar barrage of more than 5,000 shells.

But an Eighth Army officer said the South Koreans stood firm. By mid-day, the Chinese had withdrawn. Although their assaults were made in groups of 40 and 50 men, the bodies of 92 Reds were counted on the icy, forbidding slopes of Pinpoint Hill.

The Eighth Army said action elsewhere along the 155-mile battle front was minor.

Fluctuations Small

No Marked Changes Seen In Living Costs

OTTAWA (CP) — A see-saw trend appears to have developed in Canada's living costs. But this has caused only the tiniest fluctuations in the new consumer price index.

For some months now, the new prices yardstick, based on 1949 prices equalling 100, has shown shifts of exactly one-tenth of a point. The experts believe there may be no marked changes for the next few months at least.

October's survey likely will be published by the bureau of statistics Friday along with the old cost-of-living index, based on 1935-39 prices equalling 100.

Both will be published simultaneously for the next five months, when the old gauge will be discarded.

During September the new index, which the bureau considers far more accurate than the old one, dropped one-tenth of a point to 116.0 from 116.1. That compared with the peak of 118.2 last December.

The tenth-of-a-point see-saw began last May. The CPI climbed to 116.0 from 115.9. It rose to 116.1 the following month, dropped to 116.0 in July, rose again to 116.1 in August and came down to the same old 116.0 the following month.

The old index took a more definite direction. It dropped 1.5 points during September to 185.0 from 186.5, the third consecutive monthly decline. It compared with the peak of 191.5 last December.

Food prices, which had been declining in previous months, continued to lead the drop during September. The price of 10 pounds of potatoes fell 11 cts.

Meat prices have continued to drop and experts believe the decline may continue well into 1953.

Resigns Job After Truman Gives Boost

Overrules Officials So Eisenhower Won't Have Strike

WASHINGTON (AP)—President Truman's wage board chairman quit his job today in protest over the President's approval of a wage boost for coal miners beyond the recommendations of all top defence agency officials.

Archibald Cox, chairman of the wage stabilization board, waited only overnight to resign. He made no formal statement, but told a reporter the White House might have something to say this afternoon.

The Truman action, while counter to recommendations of his stabilization lieutenants, did assure a year of peace in the coal mines.

$1.90 INCREASE

Truman Wednesday approved the full $1.90 daily wage increase for John L. Lewis' 357,000 soft coal miners because, he said, he does not want President - elect Eisenhower to have a coal strike crisis on his hands when he takes office.

The move averted an almost-certain strike, but it opened the door to a boost in coal prices to consumers.

EFFECT ON UNIONS

Also, one member of the wage stabilization board said Truman's decision would have a "terrific and disappointing effect" on unions which in the past have accepted board-ordered reductions and now have wage cases pending before the board.

Coal miners themselves, whose basic minimum daily wage is boosted to $18.25, were reported jubilant.

Lewis had negotiated the $1.90 increase with industry, but the board had cut this to $1.50 on the grounds that any more would "irreparably damage" the stabilization program.

Lewis and Harry M. Moses, president of the bituminous coal operators' association, appealed the decision to Economic Stabilizer Roger Putnam.

REFUSED TO OVERRULE

But Putnam refused to overrule his board. Defence Mobilizer Henry H. Fowler also refused to change the decision. That left it up to Truman and his advisers.

Truman's decision said the "probable consequences" of a failure to do so would be a disastrous coal strike which would create a "crisis" for Eisenhower.

The decision indicates that a similar contract signed by Lewis and the hard coal industry, now pending before the board, will also be approved. This would lead to a price increase of between 80 cents and $1 a ton on hard coal, the type used by home owners for heating.

Recluse Dies, Find $200,000 In Room

NEW YORK (AP) — A 64-year-old man, who had lived quietly in a Queens rooming house for years, died and police found more than $200,000 in his $25 monthly room—including a $10,000 bill.

The man, who police said apparently died Wednesday night of natural causes, was identified as Roger Stewart.

Police searching the room found the money in a bag. It included 127 $1,000 bills.

The landlady, Mrs. Alice Flannery, told police Stewart was a virtual recluse.

Peterborough Hogs, Grain And Produce

THURSDAY, DECEMBER 4

Hogs quotations $25.55 delivered.

Sow quotations $16.60 delivered.

Delivered prices for ungraded eggs: A large 38c; medium 31c; pullets 26c; B 29c; C 26c.

Quaker Oats Company of Canada quotes Ontario winter wheat No. 1, $1.80; No. 2, $1.80; No. 3, $1.77; feed oats, 75c; buckwheat, $1.20; feed barley, $1.40; Ontario yellow corn, basis 15% moisture, $1.40.

The company is not in a position to accept any wheat for storage.

The Weather

Peterborough Temperatures:

Today:
Night low.... 20 Noon.... 35
Noon barometer.....29.7

Yesterday:
Highest .....32 Lowest...26

One Year Ago:
Highest .... 50 Lowest.. 31

Official forecasts issued by the Dominion public weather office in Toronto at 9:30 a.m.:

Synopsis:

The trend towards milder weather continues today in Ontario as afternoon temperatures are expected to reach the high thirties in southern Ontario and are not expected to fall very much lower than that during the night. However, in northern and eastern sections temperatures tonight may fall a little below freezing.

Rain is spreading northeastward from the Mississippi valley and appears likely to affect most of the province by tonight. In northern and eastern sections this rain carries with it a risk of a few hours of freezing rain and snow.

Regional forecasts valid until midnight Friday.

Eastern Lake Ontario, Haliburton regions Sunny, clouding over late this afternoon. Snow and freezing rain beginning tonight and turning to rain. Milder. Winds southeast 15. Low tonight and high Friday at Trenton and Killaloe 32 and 40.

Summary for Friday—Rain.

Sonic Explosion Startles Ottawa

OTTAWA (CP)—Ottawa residents got their first taste of the "sonic boom," an explosion caused by jet aircraft bursting through the sound barrier at 750 miles an hour.

It took residents more than two hours to be sure that nobody was hurt and nothing had been blown up.

The "explosion" Wednesday was caused, it turned out, by three F-86 Sabre jets plummeting straight down from 40,000-odd feet and passing the speed of sound. The aircraft, from No. 434 squadron at nearby Uplands airport, were piloted by FO. Keith Booth of Edmonton, FO. Sydney Burrows of New Westminster, B.C., and FO. R. E. Peria of North Bay.

Ottawans over a wide area were taken by surprise. They flooded fire and police departments and newspaper offices with telephone calls. Some said it sounded "like the blast of a bomb." Others said it sounded "like somebody upstairs falling out of bed."

Canada Will Resist Raising Commitments

OTTAWA (CP)—Canada's delegation to the Atlantic Pact council meeting in Paris will leave Friday prepared to resist any proposals that this country increase her commitments in Europe.

Defence Minister Claxton will head the list of military and diplomatic experts flying the Atlantic for the first of two meetings that will plan for the third year of the joint Western buildup. Finance Minister Abbott will join the group after the Commonwealth economic conference.

Between his arrival and the Dec. 15 opening of the meeting, Mr. Claxton will visit Canada's 27th brigade in Germany and formally turn over command of Canada's air squadrons in France to NATO's Gen. Matthew Ridgway.

Informed quarters here say the Canadian delegation will make it clear that the government feels this country currently is doing all that can be expected in joint defence.

Obituary

MARY ELLEN SHAUGHNESSY

Miss Mary Ellen Shaughnessy, 60, a dressmaker in Hastings for many years, died suddenly Wednesday at her home, Albert St.

Born in Brickley, near Warkworth, she was a daughter of the Mary Ellen Cleary, and moved to Hastings while young. She was educated, and spent most of her life, in Hastings.

She was a member of Our Lady of Mount Carmel Church and of its Altar Society.

Surviving are two brothers, Joseph Leo of Peterborough, Edward Patrick of Hastings, and a sister, Mrs. (Dr.) T. Weiss (Catherine) of Bell River, Ont.

The Rev. J. J. Garvey will celebrate requiem mass at 9 a.m. Saturday at Our Lady of Mount Carmel Church. Burial will be in Mount Carmel cemetery.

U.S. Dollar At Discount

MONTREAL (CP) — The American dollar was at a discount of 2 27-32 per cent in terms of Canadian funds, the Bank of Canada reported at noon today. Wednesday's noon rate was 97 5-16 cents. The pound sterling was $2.72½, against $2.73 on Wednesday.

A. H. LEWIS, President — JOHN WOLFF, Secretary

Ottawa Still Plans To Lower Hog Floor Price

OTTAWA (CP)—Agriculture Minister Gardiner says the United States decision to lift the embargo on Canadian livestock imports March 1 next will not affect the government's decision to lower the floor price on hogs Dec. 31.

The minister, replying Wednesday to William Bryce (CCF—Selkirk), said the government has never associated its hog floor price with the Saskatchewan foot-and-mouth epidemic which brought the U.S. embargo early this year. It would hesitate to do so now.

The hog floor price will be reduced from 26 to 23 cents a pound Dec. 31. Mr. Bryce had asked that it be maintained at 26 cents until the lifting of the embargo in March.

DOESN'T SET PRICE

Replying to a further question by J. A. Charlton (PC—Brant-Wentworth) Mr. Gardiner said the government does not set hog prices. It had merely said that it would buy all hogs that could not command 26 cents a pound up to Dec. 31 and 23 cents a pound after that date.

The government had provided money to buy 90,000,000 pounds of pork, which was being canned. About 80,000,000 pounds already had been purchased at the floor price.

Muskies Victors 9-7 Over Orono

LINDSAY (ENS) — Lindsay Muskies stood off a third-period drive by Orono Orfuns last night, to gain a 9-7 win in their intermediate "A" Lakeshore League game, played here. It was Orono's home game, but since they do not have their own ice as yet, it was played at Lindsay. Lindsay went into a 4-2 lead in the first period, Hicks garnering a pair with Davis and Lewis getting the others. Ron West and Dave West scored Orono's goals.

In the second frame, the Muskies outscored the home club by an identical 4-2, to make the tally at the end of the period read Lindsay 8, Orono 4.

Dave West opened the scoring in the middle stanza but Crawford put his team back into their first period lead a half-minute later. Mercer scored again for Orono 20 seconds later still, before Corley took a pass from Lewis and Hicks to regain the four-goal edge for the visiting Muskies.

Corley scored once more before the end of the period, on an assist from Hicks, Sinclair tallied the last goal, a minute from the end of the period.

Sinclair scored first for the Muskies to begin the third period but from then to the end of the game it was all Orono in a scoring way, as the Muskies blew several fine chances.

Johnson scored the first of his two in the final frame at the halfway mark, then added another four minutes later, when the Muskies were playing two men short. Armstrong scored the home club's final goal two minutes from the end of the game, and Orono put on great pressure to draw closer to the Muskies, but the Lindsay defence tightened, and they managed to hold off the final drive.

Only three penalties were called in the first 40 minutes, one to Hicks, of Lindsay, in the first period, and minors to Mercer, of Orono, and Coombs, of Muskies, in the second. They went off together. The lid blew off in the third period, partly because the Muskies were sitting back with their 8-4 lead, and suddenly found themselves being outplayed, and partly because of the Orono team's hard-checking play. The first penalty came near the seven-minute mark in the third when Davis cross-checked Robinson of the Orfuns, at the Lindsay net. Robinson retaliated, when Davis was not called, and the two began to slug it out. Robinson was knocked cold when they fell to the ice, and the slug-fast ended there.

Davis was assessed a major for fighting and Robinson a minor for roughing. Flintoff, of Orono, caught Referee Calhoun's eye next and he was sent for slashing. Then Mike Burns and Sinclair of Muskies went off within a minute of each other for tripping, paving the way for Orono's second goal of the frame. Hicks was by a long shot the best man on the ice, scoring two goals and assisting on two others for the winners. Corley and Lewis, his linemates, turned in fine games, Corley tallying twice and adding an assist, and Lewis with a goal and assist.

For the home club, the Orfuns, Ron and West led the way, Dave netting two goals and helping on two others, while his brother scored once, and set up two. Johnson, on the blue line, played a fine defensive game, as well as scoring twice on long shots. Al Burns and Hennessy led the local defence corps.

Charge Youth 23 Raped Older Woman

TORONTO (CP) — Police today charged Raymond Vauteur, 23, of Toronto with the rape of a 50-year-old married woman in the city's east-central area.

The woman is reported in critical condition suffering shock and face and head injuries.

Police said a man followed her Wednesday night as she and another woman left a hotel, grabbed her from behind and threw her into a laneway. They said she was punched in the face until she fell to the ground, then kicked about the face and head until "she blanked out."

Quaker 25-Year Club Holds Informal Dinner

Members of the Quaker Oats Co. Quarter Century Club met Wednesday night at an informal dinner, at which company vice-president J. G. Wharry was toastmaster.

Entertainment was provided by a musical program organized by Stanley Northrop, and consisting of numbers by John Moore, baritone, Mrs. Chester Carson, contralto, and the Rawson accordion trio.

At the head table were an even dozen members who had worked more than 40 years for the company. Oldest man at the dinner was 88-year-old James Meade, now retired, with 35 years service.

Giving Arabs Key Party Posts

TEL AVIV, Israel (AP)—A well-informed political source said today that Moscow now is expected to give the key posts in Israel's Communist party to Arabs, following the anti-Jewish line in Cominform policy indicated at the Prague purge trial.

Present leadership in Israel's party includes three Jewish and two Arab members of Parliament.

The Prague trial and executions have moved the Israel public deeply. There were some street scuffles in Tel Aviv Tuesday night after a protest meeting called by several right-wing political groups.

The Social Democrat Labor party led by Premier David Ben-Gurion, has announced that it is organizing a country-wide protest against the Prague trial and arrangements are being made for the public to sign a formal protest.

Eleven former leaders of Czech Communism were executed yesterday. Eight of them were Jews.

Cheese, Produce And Livestock

TORONTO PRODUCE

TORONTO (CP) — Churning cream and butter print prices were unchanged here today.

Trade was dull at the egg market and prices quoted are nominal. Quotations for graded eggs in fibre cases were: A large 45; A medium 37-38; A small 33-34; grade B 36; grade C 33. Wholesale to retail: A large 50; A medium 42; A small 38; grade B 40-41; grade C 35-37.

Butter solids: First grade 62; no prices established on second, third, or Western butter.

CHICAGO GRAIN

CHICAGO (AP) — Grains opened with small price changes in rather slow dealings on the board of trade today.

Most feed grain contracts had a firm undertone. Cash corn receipts were larger today at 175 cars.

Wheat started ⅛ cen lower to ¼ higher, December $2.34; corn was ⅛ lower to ⅜ higher, December $1.68⅛-1.69; and oats were ⅛-⅜ higher, December 84¼-⅜. Soybean were unchanged to ¼ cent lower, January $3.08½-¼.

TORONTO LIVESTOCK

TORONTO (CP) — Trade was slow today at the Ontario stockyards and prices were steady on plain quality cattle. Receipts: cattle 170; calves 130; hogs 480; sheep and lambs 100. The holdover from yesterday was 500 cattle.

Common to medium steers sold at $13-22 and canners and cutter at 9-12.

Choice veal calves were at $26-29 with common to medium at 18-24 and stock calves at 22.50.

Grade A hogs brought $26 and dressed sows $17.

Good lambs were steady at $24.50 to $25 and sheep at 5-9.

BUFFALO LIVESTOCK

BUFFALO, N. Y. (AP) — Cattle 600; steers and heifer market not established. Dairy type cows and bulls slow; medium to good cows 14.50-15.50; canners and cutters 11.50-14.50; fat yellow cows 11.50-14.00; good dairy-type slaughter heifers 16.00-18.00; common 13.00-15.50. Heavy sausage bulls 19.00-20.00; mediums 17.00-19.00; common 15.00-16.00.

Calves 100; demand slow, market weak. Bulk of choice calves 35.00-36.00; good 30.00-35.00; mediums 22.00-29.00; heavy bobs 15.00-21.00; boners and light bobs 10.00-14.0 and a few below.

Hogs 400; trading moderate; market steady; good to choice state hogs 15.00-17.50; sows 13.00-14.50; boars 9.00-11.00.

Sheep and lambs 400; clearance good, market steady. Good to choice state ewe and wether lambs 23.00-24.00.

WINNIPEG GRAIN

WINNIPEG (CP)—Prices again moved narrowly and generally lower in dull trade today on the Winnipeg grain exchange

Offerings were increased, but lack of aggressive demand was the main factor in keeping prices down.

Buying was mostly routine. Some small industrial support appeared in flax.

11 a.m. grain prices:

Oats: Dec. ⅛ lower 84¾A; May ⅜ lower 83⅝-A; July ⅛ lower 79¾.

Barley: Dec. ⅛ lower 1.31⅝-A; May ¼ lower 1.26¾A; July ¼ lower 1.20A.

Rye: Dec. ⅝ lower 1.78¾; May ⅞ lower 1.85½; July 1¼ lower 1.84½B.

Flax: Dec. ¼ lower 3.36¼; May ⅛ lower 3.34½B; July ⅛ higher 3.44½B.

Gets Confidence Vote

PARIS (AP) — The French National Assembly today voted renewed confidence in Premier Antoine Pinay and cleared the way for immediate discussion of his budget.

Man Admits Stole $267 Jailed 5 Months

Lawrence Gehrken, no fixed address, pleaded guilty to stealing $276 in magistrate's court today and was sentenced to five months definite and one month indefinite in the Ontario reformatory at Guelph.

City Constable Douglas Farthing said that a complaint was received at the police station on September 30 from James Ashton, 244 Wolfe St. that his wallet, containing $276 and personal papers had been stolen from his room.

Farthing said that the investigation revealed that Gehrken's commonlaw wife, Mrs. Margaret Manett, had been working at 244 Wolfe St. on September 30 and that Gehrken had talked to his wife there. He later returned to the house for the money from three wallets.

BOUGHT CAR

Farthing added that Gehrken had bought a car for $150 in the city and went to Brighton where he bought another car with his first car and an additional $100. From Brighton Gehrken went to Brockville where he was to meet his wife and where he transferred ownership of the second car to his name.

But his wife was arrested in Kingston and brought back to Peterborough. She pleaded guilty to a charge of theft and was placed on two years suspended sentence.

For two months police searched for Gehrken; he was arrested last Thursday by OPP Constables Gordon Gray and George Louth at Indian River.

Magistrate W. R. Philp read Gehrken's record which included nine previous convictions, mostly for breaking, entering and theft in New Brunswick and Maine.

Unemployed since an accident in December 1951, Gehrken blamed the government's immigration scheme for he and others being out of work. He pointed out he tried to be law-abiding since his last conviciton in 1948.

Crown Attorney John Bradshaw suggested remanding Gehrken until next Monday to give Magistrate Philp time to consider the case but the sentence was handed out.

Police Arrest Polish Exile

LONDON (AP) — A young man identified as an exiled Pole was seized by police today after a chase to the roof of the U. S. information service's building here in Grosvenor Square.

He was injured in a fall of about 12 feet from one level of the roof to another.

An American embassy official said the youth apparently had been in the building most of the night. A cleaning woman encountered him at 6:30 a.m. When she screamed, he ran up a stairway and broke a skylight to get to the roof.

The woman called the police and guards from the U. S. embassy next door.

An embassy spokesman said the USIS building houses a library and offices dealing with cultural matters. Aside from books, there is little of material value in the building.

Industrials Leading General Stock Decline

TORONTO (CP) — Industrials and base metals continued to lead a general decline today in dull early afternoon stock market trading.

Volume for the first three hours totalled 621,000 shares.

Ascot traded most actively in the base metals list, losing 15 cents in a turnover of 34,000 shares. Eastern Metals also traded busily for the loss of pennies. Higher-priced issues slipped, led by a more-than-$1 loss in Consolidated Smelters. United Asbestos drew firm support.

Senior golds and junior producers slipped sharply after noon and Bulolo dropped 40 cents. Most junior losses were less than 5 cents Prospects balanced a narrow list of small gains and losses and holding companies slipped.

Western oil losses outnumbered gains about three to one, led by Home Oil and New Concord. Central Explorers and Canada Southern gained.

Purchasing Director Of Ford Plant Dies

DETROIT (AP) —Carl F. Unruh 60, director of purchasing for the Ford Motor Co., died of a heart attack early today at his home in suburban Farmington.

Unruh, a native of St. Thomas, Ont., joined Ford in 1916 as a tool maker in the Highland Park plant and took over as director of purchasing three years ago.

During World War I he was general foreman for the manufacture of submarine detecting devices and the tank building program for Ford. He built the first Ford storage battery in 1922.

Unruh, who attended Pratt Institute of Technology in Brooklyn, N.Y., before joining the Ford Company, was a Shriner and a 32nd degree Mason.

Survivors include his widow, Maud, and a daughter, Mrs. John Walevainen of Farmington.

Funeral services will be held Monday.

U.K. Cabinet, Statesmen Examine Policies In Korea

LONDON (CP)—Prime Minister Churchill's cabinet and eight of the British Commonwealth's top statesmen today examined Western Allied policies in Korea, the Middle East and the East-West cold war.

The extraordinary cabinet session at 10 Downing St. also was to get two first-hand reports:

From Churchill on the progress of the Atlantic alliance's military preparedness effort in Europe and the size of Britain's new defence program with its accent on new weapons.

From Foreign Secretary Anthony Eden on his recent New York talks with U.S. President-elect Eisenhower.

The prime ministers of Britain, Canada, Australia, New Zealand, Pakistan, Ceylon and Southern Rhodesia and the finance ministers of India and South Africa have been meeting in London since last Thursday.

NO SETTLEMENT

High officials said before their session today with the British cabinet that, as far as they knew, the group has no plan for a Korean settlement. But the consensus, they said, does seem to be that the Commonwealth would oppose any extension of the war to the mainland of China.

Officials explained that a stepped-up war in Korea would impose new demands on the Commonwealth's already-strained resources of men and equipment.

None of the British-led group with fighting troops in Korea seems willing to reinforce its contingents there. One of the chief reasons they are meeting here is to figure out ways to save money on other fronts so they can pay for the military obligations already contracted.

Eden also was to report that British-sponsored plans to set up an Allied-Arab defence pact in the Middle East had struck snags once again. Middle East security affects the whole Commonwealth because through that region pass vital sea and air lanes. Much of the group's oil comes from there.

Lumber Mills Facing Strike

VANCOUVER (CP) — An operators' representative predicts that all lumber mills in British Columbia's southern interior "will in all probability" be idle before the week-end.

The comment followed a three-hour meeting Wednesday between operators and union officials which ended in stalemate.

V. C. Brown of Cranbrook, B. C., president of the Interior Lumber Manufacturers Association, said about 10 operators have already closed down and the rest are preparing to do so.

At the meeting in offices of the provincial labor relations board employers reiterated their ultimatum that the International Woodworkers of America (CCL) agree to continuation of the 1951-52 contract.

Protests No Signs Fined For Speeding

Christopher Gledhill, 305 Mason Ave., was fined $5 and costs of $2.50 today in police court for speeding on Water St. on October 24. Mr. Gledhill contested the charge on the grounds, protesting the absence of speeding signs along Water St. near the city limits.

Bonn Police Stop March By Reds

BONN, Germany (AP) — Reinforced police today stopped and turned back a march on the federal Parliament by several hundred Communists who sought to invade the House to disrupt final debat on Bonn's treaties to rearm in alliance with the West.

The marchers had reached the entrance to the Parliament office building when police rushed up to push them back.

However, some of the demonstrators got into the building with passes given them by Communist members of Parliament.

The marchers yelled "Down with the war treaties" and "We don't want war."

The treaty bills are now in their second reading, with the third and final reading scheduled Friday.

IT MAY BE YOUR LIVER

If life's not worth living it may be your liver!

It's a fact! It takes up to two pints of liver bile a day to keep your digestive tract in top shape! If your liver bile is not flowing freely your food may not digest . . . gas bloats up your stomach . . . you feel constipated and all the fun and sparkle go out of life. That's when you need mild gentle Carter's Little Liver Pills. These famous vegetable pills help stimulate the flow of liver bile. Soon your digestion starts functioning properly and you feel that happy days are here again! Don't ever stay punk. Always keep Carter's Little Liver Pills on hand. Only 25c at your nearest druggstore.

WINNERS OF BLUE RIBBON BRAIN-WAVE CONTEST No. 2

FIRST PRIZE—(Admiral Television Set)

WINNER: Violet Burkholder, 106 Strachan St. E., Hamilton, Ont.

SECOND PRIZE—(Silex Coffee Maker)

WINNERS: Mrs. Milton H. Schop, 245 Niagara St., Victoria, B.C.; Phyllis Steinbach, 601-7th Avenue, New Westminster, B.C.; Mrs. Charles Nixon, General Delivery, Gibsons, B.C.; Mrs. A. Hudson, 50 Pine St., Nanaimo, B.C.; Branch Duncan, 494 Bedford Park Ave., Toronto, Ont.; Mrs. W. J. Adams, 329 Jane St., Toronto, Ont.; Miss Mary Oleschuk, 26 Lansdowne Ave., Toronto, Ont.; Mrs. H. MacKitchie, 204 Broadview Ave., Toronto, Ont.; Mrs. Anne Mangee, 2424 Chilver Rd., Windsor, Ont.; Mrs. W. Allan, 146 Grosvenor Ave. N., Hamilton, Ont.; Marvin Campbell, 113 Percy St., Ottawa, Ont.; Mrs. A. Ottersen, 57 Ethel St., Sioux Lookout, Ont.; Mrs. Laura MacKay, 179 Carnegie St., Ingersoll, Ont.; Mrs. V. Yessie, Corunna, Ont.; Mrs. E. Collee, 2727 Stanley Ave., Niagara Falls, Ont.

THIRD PRIZE—(Teapot)

WINNERS: Mrs. G. Sutcliffe, 295 West 19th Ave., Vancouver, B.C.; Mrs. P. Campbell, 104 Sandell Rd., R.R. 11, New Westminster, B.C.; Joan Ferrier, 2882 Graveley St., Vancouver, B.C.; Mrs. C. A. Savage, 74 Inwood Ave., Toronto, Ont.; Mrs. J. Hodges, 42 Holmesdale Crest, Toronto, Ont.; Mrs. Charles Bates, 535 Lincoln Rd., Windsor, Ont.; Mrs. Pauline Nicholls, 294 Booth St., Ottawa, Ont.; Winnifred Merrison, 124 Duke St., Hamilton, Ont.; Vera C. Bowman, 666-2nd Ave., West, Owen Sound, Ont.; W. R. Giessen, St. Mary's, Ont.; Miss Melva Watts, 18 Elliott St., Brampton, Ont.; Tom Murtha, 25 Brock St., Woodstock, Ont.; Mrs. Evelyn Ziegler, P.O. Box 632, Goderich, Ont.; D. J. MacDonald, 82 Adelaide St., Port Colborne, Ont.; Mrs. Olive De La Plante, 943 William St., London, Ont.

FOURTH PRIZE—(Cook Book)

WINNERS: Mrs. W. Naslund, 725 Agnes St., Suite 3, New Westminster, B.C.; Opal E. Bentley, 5411 Smith Ave., South Burnaby, B.C.; Mrs. J. Collins, 1085 E. 39th Ave., Vancouver, B.C.; Mr. Victor Korneluk, 38 Phoebe St., Toronto, Ont.; Mrs. H. Northway, 12 Eversfield Rd., Toronto 10, Ont.; G. L. Cullen, 45 Bell St., Ottawa, Ont.; Mrs. Mary Koszchuk, 1230 Wigle St., Windsor, Ont.; Mrs. R. Forget, 310 Merritt Ave., Chatham, Ont.; Mrs. W. C. Smith, 25 Water St. N. Apt. 5, Galt, Ont.; Mrs. R. L. Wood, 23 Homewood Drive, Belleville, Ont.; Mrs. J. B. Sheffington, 19 Union Blvd., Apt. 106, Kitchener, Ont.; John Clendenning, 23-4th Concession, Orillia, Ont.; C. Robertson, 98 Main Ave., Timmins, Ont.; Mr. Anthony G. Gendron, Box 236, Penetanguishene, Ont., Miss Irene Mullin, St. Eugene, Ont.

Say Boyd Gang Pair Denied Natural Justice

OTTAWA (CP) — Counsel for Steve Suchan and Leonard Jackson argued that the two men were denied "natural justice" in the trial at which they were convicted of murdering a Toronto detective.

John J. Robinette and Arthur Maloney of Toronto pleaded Wednesday with Mr. Justice J. W. Estey for permission to appeal the convictions to the Supreme Court of Canada, Canada's highest court.

Jackson and Suchan, members of the notorious Boyd gang, have been sentenced to be hanged Dec. 16 for the slaying last March of Toronto detective Edmund Tong. An appeal before the Ontario appeal court was rejected

Mr. Robinette, appearing for Suchan, said the trial judge, Chief Justice J. C. McRuer of the Ontario high court, had "erred in law."

Chief Justice McRuer refused a request by defence counsel for a precis of evidence of some 45 crown witnesses, the majority of whom had not appeared at a "sketchy" preliminary hearing, Mr. Robinette said.

Man Sentenced Extra 10 Months

Magistrate W. R. Philp sentenced 38-year-old Herbert Halstead of Toronto to 10 months in the Ontario reformatory today for theft of an outboard motor this summer in Coboconk.

Today's sentence will run concurrently with the year definite and six months indefinite which Halstead received Monday from Judge John de N. Kennedy. The larger sentence was given for the theft of nine other outboard motors; Halstead had previous pleaded guilty.

A second Toronto man, Lawrence Howell, 43, was sentenced previously by Judge Kennedy to 18 months definite and six months indefinite for theft of the same nine motors.

NEW REEVE of Seymour township is W. W. Archer (left) who defeated Harry Redford in Monday's election. Mr. Archer was deputy reeve for 1952. He succeeds Jack Billen (right) who refused nomination for re-election after serving one year. He said he would give any assistance to the 1953 council that he could.—(W. W. Reid Photo).

Cartwright Twp. Sends Deputy To Counties Council

COBOURG (ENS)—There will be an extra member in the council chamber of Northumberland and Durham counties next year due to the fact that the representation from Cartwright township, formerly reeve only, will now have a deputy-reeve, it was revealed on Wednesday at the session of counties council by Warden Harry Campbell. This will bring the council roll up to 42 members.

Council discussed at some length the fact that only recently 10 wolf hides had been brought in for a total bounty of $500. The Warden wondered if the counties were not paying too high a bounty in the amount of $50 per brush wolf.

"Any bounty on police dogs?" asked Deputy-Reeve L. Hootan of Cavan township.

"Not yet, although there have been some requests," replied the Warden. He added that he thought that bounty of $25 was enough if the counties could set it at that. Reeve F. Broadworth reminded the council that wolves caused heavy sheep damage and that one year the counties paid out $400 in sheep loss compensation. A drive was made on the wolves in his township and the payments for sheep loss dwindled away to nothing. Council decided to leave the bounty at the amount it presently was but to ask the Municipal Department to pay 50% of the bounty instead of the present 40%.

Reeve R. McCann of Brighton informed the council that auctioneers from these counties, who went over the boundary into Hastings county were charged the county license there of $25 yet auctioneers from Hastings County could sell in Northumberland by paying only the township license of $8. He suggested that an outside auctioneer be licensed at $25 instead of the township rate. The Warden said it would be rather hard on the auctioneers who come in from Peterborough to hold sales if they had to pay $25 in Northumberland and then when they crossed over from South Monaghan, have to pay $25 for the Durham County license. A motion carrying out Reeve McCann's proposal carried.

Counties Road engineer Jack Jordan pointed out that some of the urban municipalities were slow in filing statements of expenditures on urban roads in order to receive the $25 subsidy He displayed the report from the town of Cobourg and said it was a model of neatness and information.

The Road Commission report revealed that the road situation had shown a big improvement since last spring. Due to lack of funds all the work desired to be done, could not be carried out but it was hoped to do it next year.

The counties solicitor informed the council that there was no use trying to have the new legislation which permitted disposal of lands held for taxes, without the formality of a tax sale, replaced by the former tax sale method as the Dept. of Municipal Affairs favored an eventual province-wide plan whereby the old tax sale procedure would be replaced by the new method of handling it.

CHILDREN'S AID

Report of the Children's Aid Society for the period of Jan. 1 to Sept. 30, showed that in connection with child protection work, the Society had 78 requests for help or complaints about families, involving 157 children. In connection with unmarried parents, 41 cases were dealt with involving 41 children. Of this group of cases totalling 119, involving 198 children, 65 children came into the care of the Society. While children are still coming into the care of the Society each month, the number of children being cared for is not on the increase. At the end of September the Society was supervising 111 families involving 248 children; 45 unmarried parents cases and 218 children.

For the period of Jan. 1 this year to the end of October, a total of $92,492.37 was spent on maintenance of counties roads, it was announced by the counties road engineer, Jack Jordan. Paving construction totalled $30,183; granular base, $13,093.31 for a total on construction of $59,422.-93. Grand total was $322,198.06. Total for subsidy was $309,930.29.

Lindsay Citizens To Ask For Recount

LINDSAY — (ENS) — Three citizens have filed notice that they will appeal for a recount of the mayoral ballots in Monday civic elections in Lindsay.

One of the towns lawyers, when consulted yesterday, admitted he had been approached by two citizens, and asked to prepare affidavits for the recount, to be presented to County Judge J. A. McGibbon when the present general sessions are ended.

The informants do not wish their names released for publication, and their counsel declined to have his name mentioned. But the appeals have been lodged, and will be presented to the judge within the 14-day limit.

One other party has written to Judge McGibbon, although that is not the proper way of making the notice of appeal, and has signified that he is willing to take out affidavits asking for a recount of the ballots for mayor.

Talk of a recount in the balloting has been rife since election night, when Mayor Charles Lamb defeated by seven votes Ald. Lloyd Burrows. It was the closest election race ever held in the town.

Arrest Hamilton Man For Cobourg Police

COBOURG (ENS)—Wanted in Cobourg on a charge of breaking into the Sunoco oil depot office Sunday morning, John McIntyre, of Hamilton, was arrested in that city Wednesday.

He is being brought back to Cobourg by Constables Homer Seale and C. Cunningham. When the oil depot office was broken into last weekend, an attempt was made to break into the safe. Two weeks before that an attempt was made on the Imperial Oil depot office safe here.

Agile Oldsters

CALGARY (CP)—Mr. and Mrs. J. J. Wilson, aged 80 and 76, have been presented with a perpetual pass to dances held by the Mountview Community Club square-dancing association. The elderly couple seldom miss a dance and perform with the best of them.

Actress Still Weak From Dysentery Bout

LONDON (AP) — Ava Gardner, pale and still "feeling pretty sick" from dysentery, flew back to Africa and movie making today.

Miss Gardner's plane left for Kenya where she will resume making the movie "Mogambo" with Clark Gable. Shooting was interrupted two weeks ago when she flew to London for treatment. She spent four days in a London nursing home.

She took with her a 25-pound supply of beef and lamb chops to help rebuild her strength

Sources in London said the meat was flown from the U.S. as a gift.

SACRED ANIMALS

The ancient Egyptians embalmed not only human beings but also "sacred animals" such as cats and crocodiles.

Authorized as Second-class Mail, Post Office Department, Ottawa.

THURSDAY, DECEMBER 4, 1952

"Take, For Example, The Peterborough Examiner"

More in anger than in sorrow the St. John's *Daily News* takes us to task because, it says, we did not let sleeping dogs lie when we dared to drop an "offensive" phrase in connection with a discussion on the West Indies. We said: "It costs money to add another province, as we are finding out from the Newfoundland experience". We do not accuse the St. John's *Daily News* of being a sleeping dog; however, it did rouse itself to chastise "some mainland editors . . . take, for example, the Peterborough *Examiner*". We don't mind at all being taken for an example. It flatters us, even if we "have yet to be educated to the facts about Newfoundland's confederation deal".

* * *

Ah! yes; the facts. We like to know facts but must confess we have not really been instructed in them by the *Daily News*. Maybe it's just our dull wits which mistake its remarks (printed elsewhere on this page today) for prejudice and opinion rather than facts. "What we get in all forms of government expenditure is returned in direct taxes". (No figures given.) "These do not include the huge profits earned by Canadian manufacturers, including some in Peterborough, on the tremendous increase in their business with Newfoundland resulting from making it part of the Canadian domestic market". Well, that's a point, but not a fact. It is a fact, of course, that Canadian manufacturers supplied Newfoundland even before the federation on March 31st two years ago.

* * *

Now, to return to that matter of direct taxes which the Newfoundland paper says pay for (Canadian) government expenditure in Newfoundland. We have found a few facts which apparently the *Daily News* has overlooked, or does not feel we need to know in order to get the situation in proper perspective. In the fiscal years 1950-51 the grand total of all direct taxes collected in Newfoundland by the Federal Government was $11,088,278.88 (income and corporation taxes and succession duties.) That is a great deal of money to get out of Newfoundland. Now, how much of that was put back into the new Province? Unfortunately we do not have as exact figures, but the *minimum* which Newfoundland got from Ottawa in the same year was $27,170,000—or more than twice as much as was got in direct tax from Newfoundland.

* * *

We arrive at this minimum figure by consulting the financial terms drawn up for Newfoundland's entry into Canada, and these are 1947-48 estimates. They are itemized as:

Tax agreement payment	$ 6,820,000
Old age pensions	$ 2,600,000
Family allowances	$ 8,350,000
Other departmental expenditures	$ 9,400,000
Total	$27,170,000

Since this estimate, the number of babies in Newfoundland has increased, the tax agreement payment has been adjusted upward, and the veteran pension rate has been raised. And that is not the whole story of Federal payments to Newfoundland, not by a long shot. For instance, every year since its federation, Newfoundland has been getting a "transitional grant" of $3,500,000. (After the third year, the grants decrease until they end after the twelfth year).

* * *

We regret that our facts on Federal payments are old and outdated. Perhaps the *Daily News*, which is so interested in "mainland editors" having the facts, will be kind enough to provide the most recent figures which it seems to know intuitively. We may venture to quote, as assistance to the Newfoundland paper, figures in the Public Accounts of Canada for the fiscal year ending March 31, 1951. These bring up to date one item in our tabulation given above. Family allowance, and federal contribution to old age pensions and pensions to the blind *paid in Newfoundland* that year by Ottawa totalled $14,100,000. The earlier estimate given above for these items was only $10,950,000. In the present year, of course, universal old age pensions have been added to increase the payments made to Newfoundland.

We even hazard a guess that Federal payments every year to Newfoundland far exceed all taxes *indirect* as well as direct and other present sources of income got by Ottawa from Newfoundland. It is a guess which the *Daily News* might like to substantiate with facts and figures.

May we also mention a few other items in Newfoundland's lien on Ottawa? We have already included in our figures the baby bonus, old age pensions, veterans' allowances and benefits, workmen's compensation, unemployment insurance, sick mariner's benefits, assistance for housing—all these generous welfare measures provided by the Ottawa purse, to which now, of course, Newfoundland income tax payers are contributing. We might include the public costs incurred when Canada took over the Newfoundland railway, steamship and other marine services, defence, lighthouses, civil aviation and other public works.

This reminds us that the *Daily News* mentions the asset to Canada of controlling Gander Airport. We hesitate to suggest this to the factually-minded *Daily News* because we do not know the exact figures, but we quote an item in one of the state papers on federation: that Canada would

> "pay Newfoundland two-thirds of the expenditure (less recoveries) at Gander Airport from April 1, 1945 to March 31, 1949, in respect of expenditures made by Newfoundland for the conversion of buildings to civil use, runway improvements and the replacement or expansion of plant and equipment".

Other items of reimbursement to Newfoundland for Gander are also mentioned.

* * *

We do not wish to burden the *Daily News* with a lot of statistical research, particularly if it wishes to let its sleeping dogs lie. But if it should wish to instruct us in the "facts about Newfoundland's confederation deal" we take this opportunity of humbly suggesting how it can best help us mainland editors to get the facts. May we at this point mildly but firmly deny that we have now and ever have had any desire to "insult Newfoundlanders with the old canard about (their) being objects of Canadian charity". All *we* said in the first place was that it costs money to add another province, judging from Canada's Newfoundland experience. Is that "offensive", "discourteous", and a "sad departure from the truth"? We would only like to see, if the *Daily News* so wishes, its arguments which we shall be "unable to refute." We have not seen it yet. Please, please, some facts with the argument, unless you intend merely to put red herrings in front of Newfoundland fish.

Orlando

Italy's two most famous elders died within a fortnight of each other. We have already commented on the death of Benedetto Croce, philosopher, at the age of 86. Vittorio Emanuele Orlando, statesman, died this week at the age of 92. For more than a quarter of a century Orlando had been living in retirement.

His greatest parliamentary days were in the first quarter of this century; as a handsome, gifted professorial Deputy, as Minister of the Italian crown in four cabinets, as rallying figure for trembling Italy after the Great War broke out, as Premier during the war and his country's chief delegate to the peace conference at Paris. In 1918 and 1919 he was one of the Big Four. His death recalls his own name from shadows of time almost as obscuring as the earth which has long covered his three colleagues of the Big Four: Wilson, Clemenceau and Lloyd George.

Orlando resigned as Premier in 1919 when he returned to Rome from the Paris peace conference without all Italy's territorial claims satisfied and was defeated in the Chamber of Deputies. When Mussolini strutted into the Italian political scene, Orlando briefly supported him and the Fascists, but turned against the pack in 1925 with all the anti-Fascist strength he could muster. It was not enough. The elections of that year crushed parliamentary democracy, and Orlando. In 1945 he was asked to become the Premier, but the old man had long given up statesmanship and was waiting only for death. It came to him Monday at the age of 92.

NOTES AND COMMENT

"The clothing trade reports an uptrend in nightshirts," says a business dispatch. And on these cold nights an uptrend in nightshirts can be serious.

When Einstein refused to become president of Israel he gave another, very rare, evidence of genius—he knew enough to stick to his own job.

Ottawa has voted against Sunday Sport—excepting gossip, of course, that seven-day favourite among all Ottawa sports.

A Chicago hospital has discovered that you can soothe a baby by letting a nurse hold him, while sitting in a rocking-chair. And thus science toils painfully and blindly after Grandma.

The British Conservative Party has turned down a potential candidate because he was 45—too old to enter politics! Once you're in, of course, you are in until the boys carry you out in a box.

"The years have been kind to Mr. Churchill" says the Kitchener-Waterloo Record, commenting on his 78th birthday last Sunday. The point is, rather, that Mr. Churchill has used the years, and not that the years have used him, however kindly.

THE AMERICAN SCENE

Glasshouse Warfare

By KENNETH HARRIS

IF SOMEBODY were to set up a foundation to award a prize every year to the man who had made the greatest contribution to Anglo-American unity, who should be given the first award? On this week's showing, I think it would be extremely difficult to dismiss the claim of Mr. Andrei Vyshinsky.

For several days the British and the Americans were wandering around Manhattan and stalking in and out of the gigantic glasshouse which houses the United Nations, murmuring the most nasty things about each other—the bone of contention being the resolution that Mr. Krishna Menon of India put up as a method of getting an armistice in Korea. The American Secretary of State, Mr. Dean Acheson, mentioned the word "appeasement" at one stage in the contretemps, and the British Foreign Secretary, Mr. Anthony Eden, referred at one point to the shoving around which Benito Mussolini once tried to give him. The Americans said virtually that the Indian resolution was no good, and the British said it was all right.

✧ ✧ ✧

WHILE THE WORLD hovered around, wondering what was going to happen, up galloped that indefatigable devotee of Anglo-American unity, A. Vyshinsky Esq., of the U.S.S.R. Instead of caressing this innocent little Indian resolution so that the British would be even more hopeful than before that it might get them somewhere, and the Americans all the more furious that the British had grounds for thinking so, A. Vyshinsky proceeded to kick the resolution in the teeth.

This, of course, made the British less devoted to it, and Americans more devoted to it. Their points of view began to coincide, and in a couple of hours the British and the Americans were spooning over the resolution like a couple of sentimental high school kids over a banana split.

✧ ✧ ✧

TALKING OF HOT AIR reminds me that though there is great speculation about whether Mr. Eden and Mr. Acheson ever came to blows, there is a good deal more speculation about the fur which may fly between Marilyn Monroe and Jane Russell.

These two actresses, women of many, and somewhat similar, parts, have been cast in the same picture — "Gentlemen Prefer Blondes"—and the speculation is about how long it is going to be before "bosomy" Jane, as she is usually described here, starts pulling the hair and pinching the lines of the famous "Blow-torch Blonde".

The two bodies, however, have started off very diplomatically. Asked what she thought of Miss Russell, Miss Monroe said: "Oh, Jane is a very outgoing person". Asked what she thought about Miss Monroe, Miss Russell replied: "She's so very friendly a little gal".

As well as their mastery of the swing-and-sway technique, both actresses have several things in common, including a predilection for athletic men. Miss Monroe is still enamoured of Mr. Joe Di Maggio, the famous baseball player, and Miss Russell is married to Bob Waterfield, star football player of the Los Angeles Rams. But they also have in common, I'm told, a first-class intelligence. So if they think the public wants a story of a damned good fight between them to stimulate interest in the film, they will no doubt stage it.

✧ ✧ ✧

DO AMERICANS BELIEVE in God? According to a survey made by the American "Catholic Digest" ninety-nine out of a hundred of them do. Eighty-seven out of a hundred were "absolutely sure"; ten per cent. were "fairly sure"; two per cent. were even less sure, but not unsure enough to be classed as doubters."

Of the various denominations that were asked for the answers, the most resolute believers were the Baptists, who beat the Roman Catholics by the shortest of short heads—ninety-three and ninety-two per cent. respectively, being "absolutely sure" they believed in God. The Presbyterians finished third with ninety per cent. absolutely sure, and both Lutherans and Methodists ran on strongly in the eighties.

Only seventy-seven per cent. of the Episcopalians were "absolutely sure"— although they beat the Jews, of whom not more than seventy per cent. came into this class. Even in the sceptical group described as "Unclassified faiths or having no faith at all", fifty-five per cent. were "absolutely sure".

✧ ✧ ✧

WHILE PEOPLE are going around the United Nations talking about the disagreement between Mr. Eden and Mr. Acheson as though it meant the end of the world, Mr. Hugh P. Paris has arrived from Seattle to patent his portable bath for horses.

Mr. Paris, who is not trying to push his bath down anybody's throat, agrees without reserve that horses in their natural state do not need portable baths—indeed, they may not need baths at all. But he feels that racehorses and show-horses do, and he has designed a kind of trailer-bathhouse for them.

The bath is entered by means of a tailgate which becomes water-tight when shut. Tanks at the side of the compartment supply the water, the heat being controlled by the usual methods.

The horse, says Mr. Paris, can be floated off its feet if the bath-engineer wishes: a belly-band, a breast collar and a large, quick-emptying drain are provided for safety.

After the bath, says Mr. Paris, the horse can be wiped dry, or can be dried by currents of hot air.

Unconsidered Trifles

"Daddy, remember you promised me five dollars if I passed?"

"Er-ah-to be sure—did I?"

"Yes, and you'll be glad to know I saved you all that expense."

✧ ✧ ✧

A visitor to the village, watching a rustic fishing in a shallow stream, noticed that for half an hour the hook was never drawn from the water. "Are there any fish in that stream?" the visitor asked at last.

"No, sir, I don't think so," the rustic replied.

"But you seem to be fishing."

"Yes, sir."

"Then what is your object?"

"My object, sir, is to show the wife that I've no time to peel the potatoes."

An American Opinion: "THE SEASON'S HERE AGAIN"

The Examiner's Offensive Statement

(An Editorial in The St. John's Daily News)

IT APPEARS that some mainland editors have yet to be educated to the facts about Newfoundland's confederation deal.

Take, for example, the Peterborough Examiner which has asserted in a recent editorial that "it costs money to afford the luxury of a colony. It costs money to add another province as we are finding out from the Newfoundland experience."

This is an offensive statement which is not merely discourteous but also a sad departure from the truth. It compels us to go over the round once more, a process which will have to be continued until all mainlanders learn that we are not the beneficiaries of Canadian charity.

In terms of what Ottawa spends in Newfoundland and what she receives, the books balance. What we get in all forms of government expenditure is returned in direct taxes. These do not include the huge profits earned by Canadian manufacturers, including some in Peterborough, on the tremendous increase in their business with Newfoundland resulting from making it part of the Canadian domestic market.

We shall not attempt to calculate in financial terms the benefits derived by Canada from monopolizing Newfoundland's trade, controlling Gander Airport, acquiring eminent domain over Labrador's vast riches, and being able to use our strategic position to bargain with the United States. These are assets beyond price.

✧ ✧ ✧

WHAT WE GOT in return was pitifully small. It was worse than that. It was inadequate. But having been manoeuvred into the position of committing ourselves first and coming to terms later, our representatives at the conference on the terms of union were compelled to accept an arrangement that, in the words of one of them, implied "financial suicide".

The least we should have got was the promise of basic services that would bring our communications system up to the minimum mainland standard. We should have got a broad gauge railway and a trans-insular highway. Even then, Canada would have got the best of the bargain because terms based on those which Newfoundland rejected in 1894, would have compelled Ottawa to set up a credit for us of about $300 million.

We were told a lot about the vast investments that Canadian business would make to develop our resources but all that has emerged is an interest restricted to exploitation of Newfoundland as a market.

We were told a lot about lower freights and we are now paying the highest freights in all Canada.

We were told a great deal about equality of opportunity but have to go to the mainland to look for it.

We have no desire to rake over and fan into new flame the dying embers of the confederation controversy but if any mainland newspaper wants to insult Newfoundlanders with the old canard about our being objects of Canadian charity, we can give it an argument that it will be unable to refute.

The Terms of Union did no credit to Canada's reputation for generosity. But this is a sleeping dog we were prepared to let lie until the Peterborough Examiner saw fit to bring it back to life.

Poor Sports

(Letter in The Christian Science Monitor)

It is pathetic to see how so many sections of the daily press here in the U.S. are seeking to excuse Pan American Airways' recent decision to place British jet Comets on American route service.

Practically every possible reason has been offered the United States public except the one that the British airplane in question is several jumps ahead of anything that we have produced or can produce, for some years to come. British "know-how" in this respect has a lead on American "know-how" in this respect and they have proved it conclusively with the Comet. Why can't we have a little more sportsmanship on the part of aviation editors in reporting this event?

We Americans have yet to learn that there are other peoples in this world who can compete successfully with us in a field which, with all too typical unreality, we have come to regard as our personal province. And we, seemingly, have to learn also how to accept evidence of such with becoming grace.

We laugh, or more often get indignant with Russia because she does not credit anyone but herself with having discovered, developed, or invented anything at all. Let us in turn remember such things as radar, penicillin, and the contribution that British scientists made to "our" atom bomb, and then we shall not fall into the same bigoted attitude as those whom we are so quick to criticize.

"DON'T KNOW, SON; I LOST THE WAY"

How Time Flies

DECEMBER 4

1922 Harvey Staunton is re-elected president of the local branch of the G.W.V.A.

The names of Robt. Fowler and William Breyfogle appears in the lists of Nicholls Scholarship winners.

The Board of Education decides to construct a skating and hockey rink for Collegiate students.

1932 The home of Bruce Snelgrove, a mile north of Fraserville, is destroyed by fire.

James Abraham is installed as worshipful master of Royal Arthur A.F. and A.M.

The council appoints a special committee to confer with government relief inspector J. L. Malcolm.

1942 The city council passes a motion prohibiting right and left turns by motorists at the intersection of Charlotte and George Streets.

A report shows that there are 5,207 houses occupied in Peterborough.

R. M. Glover is elected president of the Peterborough Hockey Club; the team will play "home" games in Lindsay.

Bible Message

(From the Authorized Version)

And Jacob said, O God of my father Abraham, and God of my father Isaac, the Lord which saidst unto me, Return unto thy country, and to thy kindred, and I will deal well with thee . . . Deliver me, I pray thee, from the hand of my brother, from the hand of Esau: for I fear him, lest he will come and smite me, and the mother with the children.

And Jacob was left alone; and there wrestled a man with him until the breaking of the day. And when he saw that he prevailed not against him, he touched the hollow of his thigh; and the hollow of Jacob's thigh was out of joint, as he wrestled with him. And he said, Let me go, for the day breaketh. And he said, I will not let thee go, except thou bless me. And he said unto him, What is thy name? And he said, Jacob.

And he said, Thy name shall be called no more Jacob, but Israel; for as a prince hast thou power with God and with men, and hast prevailed . . . And Jacob called the name of the place Peniel: for I have seen God face to face, and my life is preserved. (Gen. 32:9, 11, 24-28, 30.)

✧ ✧ ✧

And God said unto Jacob, Arise, go up to Beth-el, and dwell there: and make there an altar unto God, that appeared unto thee when thou fleddest from the face of Esau thy brother. Then Jacob said unto his household, and to all that were with him, Put away the strange gods that are among you, and be clean, and change your garments: and let us arise, and go up to Beth-el; and I will make there an altar unto God, who answered me in the day of my distress, and was with me in the way which I went. (Gen. 35:1-3.)

Letter To The Editor

ARE ANGLICANS CATHOLICS?

Sir: Why do Anglicans wish to be called Catholics? I don't; you are either a Protestant or Catholic, that is a well known fact, so please give it up, it won't work. Go to a strange city, ask for a Catholic Church, you will be directed to one; ask for Anglican Church you will also be directed to what you asked for, an Anglican Church.

Please don't try to change at this late date; there is nothing to be ashamed of in being an Anglican, I am so well satisfied with it I sign off.

ANGLICAN

EMERGENCY AMBULANCE SERVICE

Sir: There has been a lot of criticism regarding ambulance service when that most unfortunate accident occurred to Mr. and Mrs. Harry James.

Nothing can be done now to rectify that incident, but if we all get down to constructive thinking, perhaps a suggestion may emerge which will eliminate such a situation being duplicated in the future.

I would like to submit a suggestion, and hope that other citizens will follow suit.

Now! every accident is reported to the police, so if a City Emergency Ambulance was kept there, it could be dispatched immediately when personal injuries were involved. I am sure funds could be raised somehow for such a necessity, through a tag day, or voluntary contributions, after all a lot of money was collected for the 'Memorial Centre" which to date has never materialized.

An alternative idea would be, instead of the customary police cruiser, why not a station wagon equipped with a stretcher, because as far as I understand an injured person cannot be moved until the police have arrived.

Thanking you,
R. R. FINDLAY.

Under 21

(The Montreal Star)

Mr. Justice Lazure's comment in the course of a case before him in the Court of Queen's Bench recently that in his opinion driving permits should not be issued to applicants under 21 years of age will be approved by many people. Particularly will this be so among those who have observed — or only just avoided — the consequences of some hare-brained performance by a youthful jehu of either sex.

Insurance companies who write motor insurance extensively have compiled statistical tables of accidents according to age groups. The results continued to show that the age group from which most is to be feared in accidents fatal and non-fatal is that lying below 25 years. (It is also interesting to note that the group with the lowest accident rate is the one which is popularly supposed to be physically handicapped by age, and so to be denied driving privileges.)

Clearly, some limit must be imposed on the age before which permission to drive is denied and Mr. Justice Lazure's proposed 21 is not unreasonable. Unfortunately there are many of what are conservatively called fools who are motoring menaces long after that age. But at least a few more years of somewhat increased public security might be expected if the 16- and 18-year-olds were kept from behind the wheel a little longer.

SPORTS SHOW WINDOW

By CEC. PERDUE, Sports Editor

Armar Butcher has his men putting up the board walls of the city outdoor free skating and hockey rinks, and it won't be long ere hundreds of kids are scrambling around on the frozen surfaces. It is usually around Christmas time or a bit sooner when they hike to the open-air cushions in noisy numbers for large evenings. There's just nothing like it when all the world is young and the Canadian outdoors call on a frosty night. That zing of the steel blade on fast ice, that whirl on a corner, that sliding fall occasionally, the happy babel—it's all fun and it brings back fond memories to many an adult who now takes his hockey and skating via TV.

* * * * * *

Memories of one's early teens return at this time of year. When you and your Ashburnham buddies skated on the canal, sometimes all the way to Nassau and back. Of the frozen flood from firemen's hose in Armour Field. There was Poverty Pond, also, Quaker rink and the Mark St. rink where you had to pay to glide around to music. You played hockey several nights a week, hockey of a shinny variety but some very good players got their start in these open-air games. So it went in various parts of the city and in district villages. Some fortunate country folk had lakes on which to skate and play hockey under a cold bright moon. Yes, good winter-time sport in Canada. Ah, memories . . .

* * * * * *

Minors Play Indoors

Since the building of Civic Arena, with artificial ice, the hockey season has been much prolonged and many kids' teams are in action for some five month. For instance, the PMHA has been going several weeks now, and they play tonight there from six on thusly: Shamrock bantams vs. Trojans, Wolves vs. midget Shamrocks, Havelock vs. juvenile Shamrocks, Norwood midgets vs. Aces, and juvenile Aces vs. Marines. Friday has Swartz banatams vs. the Aces. Public school hockey for the real youngsters starts at Civic next week. Of course, OHA, TVL and CGE teams have been in action there for time now and will be going till out in the spring.

* * * * * *

Speaking of OHA play, the only action here the rest of the week is the junior "B" joust Friday eve at 8:30 betwixt Kingston Vics and the local Oddfellows. They're practically tied now up near the top of the heap and a streamlined scrap is assured. The juniors give it the works every time they hit the ice and sizzling puck action invariably results. Doug Mortimer is coach of the IOOF-ers and has some promising talent aboard. Glen Edwards manages the team, the club prexy being Herb Youngs, with Ken Mowrey vice-president, and Bob McCuaig secretary-treasurer. These capable officials have a good executive committee behind 'em, and the Triple Links should do okay through the winter months.

* * * * * *

Norwood Took Series

A couple of hockey games of local interest last night, senior "B" and the TVL pre-season playoff. In the latter here, Norwood flashed too much power for Havelock, and it ended up 9-4 for Red Creighton's crew to take the round 17-11 o'er Jack Harris' good squad after a sizzling encounter. Dr. J. R. Epping presented the D. A. McGillis Trophy later to Honey Tompkins of the Norwood victors. A goodly gallery for the windup game of this pre-season series. Regular TVL schedule starts when there's ice in the village rinks. At Orillia, the Petes dropped a 7-3 decision as the husky and fast-stepping homesters hustled from the start to take an early lead, fight off a mid-session drive by the Petes, and finish strong. A clean contest. The local players take a well-earned rest now till next Wednesday.

* * * * * *

Those rough Texan grapplers, Lou Plummer and Dick Raines, did it again here last evening, taking the main bout o'er Chief Big Heart and Ken Ackles. They not only displayed a lot of villainous stuff, but they used their heads, and also Ackles' noggin. Rammed the latter into the ringboards to take the deciding fall while the fans booed. Ref Sam Gotter, as usual, didn't know what day in the week it was. Wee Willie Davis, who does the odd part in Hollywood movies betwixt ring engagements, got a draw in the semi-final 'gainst one Bull Montana—and perhaps your dad will recall when the screen featured a villainous Bull Montana back in the days of Lon Chaney, Shirley Mason, et al. The prelim saw Wentworth and Coffield go the limit on even terms.

* * * * * *

Dese, Dem and Dose

Speaking of distance runners, Jim Vipond in today's Globe refers to Albert Smoke of Peterborough, who won the Hamilton Herald Thanksgiving road race in 1921....E. Reynolds rolled a 383 single in the Major Bowling League the other night....Girls' YW cage contests Friday eve: Civic vs. Lindsay, and CGE vs. St. Joseph's....This part of their schedule winds up in another week till after New Year's....Don Cummings, a district traveller, dropped in today to say hello; he was a grid ace at Queen's under Ted Reeve when Curly Krug was a backfield star there....Opening ski night at the Collegiate this p.m. will see three films shown....Belleville Glens downed Oshawa Truckers 7-4 with Ted DeGray scoring three for the winners....Big Vern Goyer is back in action for the Quinte crowd as a defenceman ....Petes play next in Kingston on Dec. 10....OHA executive may deal with Montgomery's application this week-end....Belleville juniors have a puck tilt here on Monday evening....No Peterborough players listed on Western Mustangs' basketball roster, just released ....Wonder what the heck to buy for our saintly Aunt Matilda.

Detroit-St. Louis Put Through Fourth Major Deal In Year

PHOENIX, Ariz. (AP)—In the fourth major Detroit-St. Louis baseball deal in a year, the Tigers today traded pitchers Virgil (Double No-hit) Trucks and Hal White and centrefielder Johnny Groth to the Browns for leftfielder Bob Nieman, second baseman Owen Friend and catcher-outfielder J. W. Porter.

The swap, involving some $250,000 in player talent, did not include any cash, Rudy Schaffer, Browns general manager, said.

Trucks, a 33-year-old righthander pitched two no-hitters in 1952 but wound up with a 5-19 record. Groth 26, a Detroit regular since 1949, hit .284 in 141 games and White, a 33-year-old relief pitcher, had a 1-8 record in 41 games.

MOST IMPORTANT

The most important St. Louis player involved was Nieman, 25, a rookie sensation with a .289 batting average, 18 homers and 74 runs batted in.

Porter, used both as a catcher and outfielder, received a $65,000 bonus from Chicago White Sox as a free agent. Last season the 19-year-old prospect hit .250 for the Browns.

The Tigers will have to wait a week or so for Friend, 25, to be discharged from military service. He was the Browns' regular second baseman in 1950, hitting .237 in 119 games.

A total of 24 players changed uniforms in the series of Tiger-Brown deals that started last winter.

At first glance, it appeared the Browns had the best of the latest trade, acquiring a starting pitcher in Trucks and a regular centrefielder in Groth for one proven big leaguer—Nieman. However, the Tigers were reported hot after Porter, who has promise of becoming a future star.

BUYS HYPERION MARE

NEWMARKET, England (AP)—Racehorse owner E. P. Taylor of Toronto Wednesday paid $30,870 for Lady Angela, an eight-year-old Hyperion mare, at the Newmarket bloodstock sales. The mare is believed to be in foal to Nearco, one of the best modern stallions.

ADMISSION 50c DOOR PRIZES

School Athletes Presented With Trophies

City championship cups were presented by W. B. Gordon, chairman of the Board of Education, to two Confederation School teams at a banquet Wednesday night.

The banquet was held at Kenner Collegiate by the Confederation Home and School Association to pay honor to the two city championship teams from the school and also to field day champions.

Mr. Gordon presented Jack Pulkington, captain of the school's intermediate soccer team, with one cup. The other cup, for senior softball, was presented to Paul Parnell, in the absence of Captain Bill Cunningham, who has moved to Norwood.

The Rev. I. G. Pollock of Grace United Church was the guest speaker.

Mr. Pollock told the young athletes that they lived in the kind of country and city that would give them the best chance of learning unselfish ideas and co-operation.

"I congratulate you on your wonderful country," he said. "You have everything here that any boy or girl could want to grow up to be the kind of citizen that Canada wants and the world wants."

CHAMPIONS

J. G. Nichols, principal of Confederation School, introduced the following field day champions: Karen Wood, junior girls' champion; Wayne Hewie, junior boys' champion; Marilyn Orr, intermediate girls' champion; Max Kimball, intermediate boys' champion; Beverley Thompson, senior girls' champion; Larry Ferguson, senior boys' champion.

Crests were presented to the following members of the championship softball team by vice-principal A. Olmstead: Rickey Linsey, Larry Ferguson, Ron Brown, Garry Rollins, Paul Parnell, Doug LaFrance, Ron Steele, Art Little, Vern Hamilton, Ted Trotter.

The members of the championship soccer team were introduced by L. A. Corbett, teacher and coach. They were Jack Pulkinghorn, Ken Ruttan, Max Kimball, David Nichols, John Parry, Harold Stevenson, Clayton Putwater, Don Kinniburgh, Wilson Carl, Gary MacArthur, Ray Davidson, Wayne Weaver, David Kiff, Donald Hines, Bill Kokesh, Bill Young and Gary Henwood.

Captains of former school championship teams were also present. They were Ron Jones, hockey; Larry Ferguson, soccer; Paul Parnell, hockey; Gerald Crouter, soccer; Morris Perry, hockey; and Elwood Dunsted, hockey.

The banquet was given by the executive of the Confederation Home and School Association, under the convenership of Mrs. George Kiff.

Curling News

By HERB MARTIN

Play got under way last evening in the annual Neill Trophy bonspiel, and it could be said that the Neill Trophy is probably the oldest of our many trophies still in circulation.

Without looking up records, we believe it was donated to the club by the late Robert Neill somewhere around 1919. At that time there were curling centres in Millbrook, Keene, Norwood, and Lakefield, and they were all united to enter. It was a one-day bonspiel, run on the straight elimination system, and often the winner would be declared in the "wee sma' 'oors" of the morning.

But as time went on, and these smaller clubs dropped out one by one, and with the advent of artificial ice in our own club, things took a decided change.

We now have 75 rinks entered in this year's bonspiel, and it will be some time in the New Year before the finals are reached.

The competition is still played on the elimination system, but as the bonspiel is set for one night per week, it takes many weeks to declare a winner. All games are 10 ends, but the finals, off-hand we would say, are 12 ends.

NEILL TROPHY RESULTS

V. Brown won from G. Clark.
Dr. McCartney won from W. Archibald.
H. Hamblin won from C. Mowry.
B. Ashmore won from B. Dench.
G. Gable won from G. Scriver.
B. Jeffries won from O. M. Steer.
R. F. Downey won from A. W. Smith

Goodson Rolls High

J. Goodson hit high three of 887 and E. Reynolds top single of 383 this week in the Major Bowling League. Burtol's 3568 proved best pinnage, as Bickell's rolled a leading single of 1283. The 7-0 wins went to Ravenoors, Plaza, Crowley and Edwards' over Silents, OPP, Hollingsworth and Sunshine; as 5-2 victories were taken by Clapper, Cherney, Wonder, Studebaker, Brewers and Burtol's over Herb's, Deeth and White, E. & B., Examiner, Odeon, and Selkirk. UEW won 4-3 from McLeod's.

Good scores included: R. Parnell (313 and 308) 854, G. Walton (310) 814, E. Reynolds 809, Correll (344) 814, A. Basciano (313) 791, M. Doris 765, J. Latchford (330) 764, D. Abraham 743, Doherty (336) 740, J. Barnes 738, H. Roberts 733, C. Clarke 718, A. Pilling 705 and a single of 334 by J. Goodson, R. Mongraw 756.

MCCULLOUGH TO CUBS

PHOENIX, Ariz. (AP)—Chicago Cubs Wednesday acquired veteran catcher Clyde McCullough from Pittsburgh Pirates in a trade for pitcher Dick Manville and an undisclosed sum of cash. McCullough, 34, batted .233 in 66 games with the Pirates last year.

ROCKY ROBS BERT HILL—A bit of hectic goal-mouth action is shown here in the TVL playoff game last night at Civic Arena. Goalie Rock Batley, of Havelock, has just thefted Norwood's Bert Hill on an in-close shot in the second period of the pre-season final before a good-sized crowd. However, Norwood won the game 9-4 to capture the series by a round score of 17-11 over Havelock. The winners later were presented with the D. A. McGillis Trophy. — (Examiner Staff Photo).

Norwood Captures Series And The McGillis Cup Against Havelock By 17-11

Red Creighton's crack Norwood blue-and-white hockey squad won over Havelock in the Trent Valley League home-and-home, goals-to-count pre-season hockey finals Wednesday night at Civic Arena, defeating Jack Harris' men 9-4 to take the round 17-11. The largest crowd of the season for TVL witnessed a stirring struggle between the well-matched teams. Dr. J. R. Epping presented the McGillis trophy (in the absence of Mr. McGillis himself) to the winning team; and announced that the trophy will be awarded annually. Honey Tompkins received it, on behalf of the team.

AN EARLY LEAD

Norwood took an early strong lead in the first frame against a battling Havelock team, as they outplayed their rivals by a fair margin and potted five tallies; two from Bert Hill and singles from the sticks of Jim Morrow, Honey Tompkins and Bud McDougall, a coming junior star.

Havelock roared back in the mid-stanza, however, to completely baffle even their staunchest suporters, with an amazing display of two-way hockey that staggered the Creighton band and threatened their seemingly safe round-lead. Buck Legrow started the comeback-drive with a neat 18-foot screened drive past Nicholls on a passout, after Gary Kearns and Eakins had carried in on a fierce drive. Then Ab Caravaggio made it two from Kearns after 10 more minutes of ding-dong battle, on a point-blank drive, close in. Despite desperate home plugging, Alf Griffin sank number three, late in the frame, from Brydges; though Boyd Kelly was serving time on a tripping penalty. Six penalties marred the mid-frame as against four in the opener; play sizzled and the boys mixed it with Legrow and chippy Joe Rochetta, Norwood fireball, staging a private feud of their own.

HAD THE POWER

In the final period, Norwood power asserted itself once more with the blue-and-white gang clicking effectively on some fine thrusts. Play, however, was not too one-sided, but the Creighton crew proved better opportunists when fortune smiled and rolled up a comfortable 4-1 frame margin, to earn the verdict going away.

Moon Wootton, who with Tompkins, Doug Mortimer and Kelly hustled on defence, started the victory ball rolling in earnest when he potted the disc early, on a hard, low 25-footer inside the attacking game on which Batley had small chance. Speedy Rochetta, from McDougall, nine minutes later, on a neat backhander from the right side, gave Norwood a strong edge as the teams battled hard. Referees Bob Scriver and Charlie Puffer (whose work all season has been noteworthy) kept the game under good control.

Freddie Mortimer, from Robinson, hit pay-dirt seconds after Rochetta's tally; then Alf Griffin who played well for the visitors, potted solo on a nice rush just as quickly to give the Hav's a delayed spark. But fate smiled on the homesters and Ab Buckton scored a final tally from Hill, in old Oddfellow style, when he outguessed the twine sentined and fired over his shoulder.

Havelock — Goal, Batley; defence, Legrow, Richlark; centre, Eakins; wings, Reid and Caravaggie; alternates Griffin, Hamilton, Brydges, Laing, Newman, Ruttan, Anderson, Berardi.
Norwood — Goal, Nicholls; defence, Tompkins D. Mortimer; centre, Rochetta; wings, MacDougall and Crowley; alternates, B. Robinson, F. Mortimer, Morrow, Hill, Stewart, Buckton, Wootton, Kelly.
Referees — Bob Scriver, Charles Puffer.

First Period
Norwood—Morrow (Kelly) 2:37
Norwood—Tompkins (Buckton) 3:40
Norwood—Hill 8:15
Norwood—Hill (Wootton) 10:12
Norwood—MacDougall (Tomokins) 11:05
Penalties—Kearns, Rochetta, Buckton Rochetta.

Second Period
Havelock—Legrow (Eakins, Kearns) 2:55
Havelock—Caravaggie (Kearns) 12:04
Havelock—Griffin (Brydges) 17:00
Penalties— Wootton 2, Rochetta 2, Kelly, Legrow.

Third Period
Norwood—Wootton 3:10
Norwood—Rochetta (MacDougall) 12:50
Norwood—F. Mortimer (B. Robinson) 13:45
Havelock—Griffin 14:00
Norwood—Buckton (Hill) 14:35
Penalties—Crowley, Berardi.

Orillia Takes Senior Game From The Petes, 7-3 To Improve Group Standing

ORILLIA (Special)—The OHA senior "B" Central Ontario standing to date:

East Section	W	L	T	Pts
Kingston	5	4	0	10
Belleville	4	5	0	8
Petes	3	7	0	6
West Section				
Stouffville	5	2	1	11
Oshawa	5	3	0	10
Orillia	3	4	1	7

The Orillia Pontiacs racked up a 7-3 senior "B" hockey win here Wednesday night over the Peterborough Petes to climb closer to Oshawa Transporters in their group standing. It was a lively, open contest before a thousand fans at the new Community Centre. Play was quite speedy all the way and very clean, only three penalties being handed out.

LEAD FROM START

Orillia took a 3-0 lead in the first period and it was 4-2 for them to end the more even second stanza, but they finished strong to earn their 7-3 victory, following a previous win in Peterborough.

Big Earl McCrone, fast-skating Pontiac winger, did most of the damage to the Petes as he smacked home four goals. Murray Richardson, Clarence Payne and Ab Bowen notched the other three for their side. The losers' tallies were by Morley Spiker, Chum Fryia and Gord Fennell.

STRUCK BACK

The husky and speedy homesters struck fast and hard in the initial inning to take that 3-0 lead, peppering Goalie Ray Harding, who turned in a good chore all evening, as they held a fair margin on territorial play. The Petes came back strongly in the second period to outscore Orillia 2-1, but they were still trailing by two markers as the frame finished. They were limited to one lone goal in the third while Orillia came back hard toward the end of the game to sink three more and wrap it up handily. Teams:

Orillia: Goal, Reeding; defence, Davidson and Long; centre, Bowen; wings, MacDonald and Aiken; alternates, Marshall, Favero, Payne, McCrone, Kelley and Belejac.
Petes: Goal, Harding; defence, Leonard and Wasson; centre, Spiker, wings, Wyatt and Hopkins; alternates, Fennell, Mason, Fryia, Greenlaw, Garvey, Collins, Floyd and West.
Referee, Red Farrell; linesman, G. Hammond.
Summary:

First Period
Orillia—McCrone 3:12
Orillia—Richardson (Kelley) 8:17
Orillia—McCrone (Payne) 14:22
Penalty—Marshall.

Second Period
Petes—Spiker 5:05
Orillia—McCrone (Kelley) 8:20
Petes—Fryia 17:04
Penalty—Fennell.

Third Period
Orillia—McCrone 2:07
Petes—Fennell 4:17
Orillia—Payne (Favero) 11:10
Orillia—Bowen (Payne) 16:05
Penalty—Marshall.

Woolley Rink Wins

BRANTFORD (CP)—Mrs E. L. Woolley of Toronto skipped her Granite club rink to victory for the James T. MacDonald trophy in the Brantford Ladies bonspiel.

Mrs. Woolley defeated Mrs. Frank McKelvey of Hamilton Victorias in the final Wednesday after winning a semi-final from Mrs. J. Noble of Hamilton Vics.

Mrs. E. Tesky's Kitchener rink won the second event by trimming Mrs. G. Thomson of Brantford. Mrs. P. Logan of Sarnia won the third event and Mrs. H. B Baldwin of Sarnia took the fourth. A total of 32 rinks curled in the four events.

Noted Ski Ace Brought In By Local Club

Ernie McCulloch, director of the famous Mont Tremblant Lodge Ski School, makes a personal appearance at the Collegiate tonight for the Peterborough Ski Club's "opening night" program, which includes the showing of three films. McCulloch is North American ski champion and was voted skier of the half century by U.S.A. and Canadian sportswriters.

In 1949, he defeated the entire Olympic championship French team in the Quebec-Kandahar. In the last three years he has won six U.S.A. national championships and he holds this title now, as well as the international downhill championship. McCulloch has been called "the grand slam champion." The 26-year-old ski ace is a native of Three Rivers, Quebec.

The three films to be presented here this evening are "Mont Tremblant Powder," "High Powder in the Canadian Rockies" and "Ski Tips." The object of the program is to provide funds to operate a junior ski school here for six weeks. Many good door prizes are being offered, and the public is invited.

TOPS TROTTERS

COLUMBUS, O. (CP) — Levi Harner of Bloomsburg, Pa., Wednesday was named the United States' leading race-winning harness horse driver. He had 128 victories in the 1952 season. Johnny Chapman of Toronto was 11th with 86. Joe O'Brien of New Glasgow, N.S., was tied for seventh with 82. Harold Wellwood of Stratford, Ont., and Clint Hodgins of Clandeboye, Ont., were tied for 16th with 66 victories.

Ackles 'Skulled' By Raines In The Deciding Round Of Main Pro Grapple Bout

Skullduggery apparently pays off in pro wrestling, and Dick Raines—no relation to the new utilities commissioner here—certainly "skulled" Ken Ackles to win the deciding bout of the main mat bout here last night. He had Ackles outside the ring at the time and rammed his opponent's head against the side-boards of the ring to stun him, then jumping in to beat the count and get the victory as the crowd booed. The ref was pushed around some by the angry losers afterward, and the fans were peeved at Referee Sam Gotter for missing earlier villainy on the part of Raines and his partner Lou Plummer against Chief Big Heart and Ackles in the tag team bout.

EVENED IT UP

The Chief won the second fall to equalize things with his bow-and-arrow specialty, following a softening-up process with the knees to down Raines. Plummer and Ackles set it out this spasm but Texas Lou got in a lot of rough stuf in his corner, pulling something new by untying his corner rope and using it as a miniature lariat to drag his distressed pal at times to his corner. Gotter was so busy warning Ackles in the other corner to stay put that he missed a lot of this illegal stuff, despite deafening roars from the fans. But the fans were happy when his Indianship came through against the bad men from Texas, and the Chief's war-drum—pounded lustily by his pop in a corner—sounded the victory cry at the finish.

Plummer and Raines totalled 500 pounds to 455 by the good guys, and Raines won the opener of the main tussle with a series of pile-drivers — which are back-breakers on the knee—after the Chief made Jack Sharkey's ring mistake. The Chief looked aside to complain to the refree and Dick (just like Dempsey in days gone by) cashed in on that slip by moving fast and hard. Up to that point, Big Heart was well ahead on points after coming to the rescue of a shopworn Ackles, chasing both villains out of the ring once. But his mistake cost him the fall and, eventually, the bout when opportunist Dick tore into the Chief and roughed him plenty to set him up for the fall. Gotter, as usual, missed nearly all of the roughing in the corners during a typical team wrestling bout.

MOVIE VILLAIN

The semi-final saw balding Wee Willie Davis, scaling 270, and the 243-pound Bull Montana battle to an 18-minute draw, both being counted out of the ring at that time. They were throwing punches out by the ringside seats as the count tolled off, and they mixed it hard for several minutes after the gong. Bull was strong and popular while Willie was his no-good self as of yore. He survived a punishing hammerlock and later a head scissors, to used eye rasps, fists, chokes and other rough stuff. Oldtime movie fans may recall a villainous Bull Montana and recent theatre-goers may remember Wee Willie in a more or less heroic role on the screen, but they were cast in opposite roles in this grapple bout. Willie was definitely a no-gooder and the Bull drew the cheers. But it ended in a draw.

Jack Wentworth, at 224, and Jim Coffield, who hit the scales at 227, went to a time limit prelim draw i na fair scrap. It wound up with a lot of action after plenty of mat work. Wentworth was popular while Coffield knew all the mat tricks and pulled a different wrinkle in yanking his rival down by the hair from behind when said rival was goaded into closing fists and was in process of being warned for such prospective offence. They did a lot of straight grappling, mixed with illegal tactics, and the ropes were used at times. It livened up plenty toward the end but wound up even-stephen, with the fans hooting for Jack.

Remember When —

By THE CANADIAN PRESS

Georges Vezina, one of hockey's greatest goalkeepers, was ordered to quit the game 27 years ago today. He had played his last game for Montreal Canadiens a few nights before, despite a temperature of 102 degrees, and died at Chicoutimi, Que., in the following spring, March of 1926.

Lindsay Rink Downs Galt In 2nd Round

HAMILTON (CP)—A. Ross Tarlton's Hamilton Thistle rink has advanced to the final round of Seniors' trophy play in the annual Seniors' bonspiel.

Mr. Tarlton, who defeated Dr. A. E. Walkey's rink from Hamilton Victorias Wednesday, is to meet either Percy Skitch of Lindsay, last year's Seniors' winner, or Dr. J. A. Wright of London in the finals today.

In the Hudson-Ross trophy semi-finals, Charles McConkey of Royal Canadian Club defeated J. S. Webster of Galt and today is to go against either R. R. Dodds of Guelph or J. D. Eastman of Hamilton Thistles.

Seven rinks are still in the race for the Doolittle trophy.

Results included:

Seniors' trophy, second round: London, Dr. J. A. Wright 13; Hamilton Thistles, W. A. Kennedy 9. Lindsay, Percy Skitch 12; Galt, F. G. Light 4. Galt, J. Tutton 14;

Third round: Hamilton Vics, Dr. A. E. Walkey 12; Chatham, Peter Gilbert 4. Hamilton Thistles, A.R. Tarlton 11; Hamilton Thistles, A.D. Somerville 8. Hamilton Thistles, W. H. Doherty 6; London, Dr. J.A. Wright 19. Skitch 11; Tutton 5.

Semi-final: Tarlton 12; Walkey 8.

Hudson-Ross trophy, second round: Royal Canadians, C. E. McConkey 9; Hamilton Thistles, W. G. L. Hardie 6. Galt, J. S. Webster 9; Detroit, Nate Burnett 6. Guelph, R. R. Dodds 9; Toronto High Park, F. E. Green 7. Hamilton Thistles, I.D. Eastman 10; Ontario Hospital, J. Blackwood 7.

Semi-final: McConkey 14; Webster 4.

Doolittle trophy, first round: Hamilton Thistles, G.F. Armstrong 15; Glanford, W. Finch 9. Hamilton Thistles, J. V. Scanlan 15; Brantford, C. M. Sheppard 7, Galt, J. Light 13; Paris, J. Currie 7. Brantford, F. Bell, bye. Galt, I. C. Marritt 12; Boston, Ben Ames Williams 7. Kitchener, A. A. Perrin 10; Hamilton Thistles, W. A. Kennedy 11.

Second round: Bell 11; Armstrong 7.

Belleville Glens Top Oshawa In 7-4 Win

BELLEVILLE— Belleville Glen Roys came up with another sparkling display last night to defeat Oshawa Transporters 7-4 in an OHA Senior B fixture here.

Former Oshawa player Ted Degray paced the winners with three goals, while Keith Macdonald, Peter Jones, and Vern Goyer scored the others. Goyer's goal was on a penalty shot awarded when Rocky Roach pulled down Brian Mulvihill from behind when Mulvihill broke away midway through the second period. Goyer took the shot and made no mistake about beating Pallister in the Oshawa citadel.

Tony Parisi, the Glens' recently acquired netminder, turned in another sensational effort, while playing coach Red Doran was also effective.

Gerry Scott claimed two of the visitors' four goals, while George Samolenko and Jack Thaler also scored.

Two Anzac Horses Nominated For 'Cap

ARCADIA, Calif. (AP)—Two top campaigners from down under, Australia's Peshawar and New Zealand's Dalray, have been nominated for the $100,000 Santa Anita handicap Feb. 28, the management of Santa Anita Park announces.

The pair will be flown here a week before the 1¼-mile event, the announcement Wednesday said, and they probably will also run in the $100,000 San Juan Capistrano handicap, a closing day feature at 1¾ miles on March 7.

Peshawar last October won the Caulfield cup, one of Australia's top turf events. Dalray won the Melbourne cup on Nov. 4.

Chicago Hawks File Away 5-3 Win Over Rangers

By WALTER GRAY, Canadian Press Staff Writer

"Them as has, gets," so the saying goes. That's the Chicago Black Hawks. Sid Abel's lads have the winning spirit this season and they're grabbing those National Hockey League wins whenever they can. Wednesday night they filed away No. 12—a 5-3 win over the tail-end New York Rangers. Tonight they'll try for No. 13 when they face the fourth-place Boston Bruins.

The Hawks now are comfortably settled on top of the league with 30 points, five ahead of Detroit Red Wings.

SHROUDED IN GLOOM

While the sun shines on the Black Hawks, the Toronto Maple Leaf camp is shrouded in gloom. Conn Smythe is faced with a grave problem. His Leafs, now in fourth place with the Bruins, are hamstrung with injuries. He has only one recall left from his farm at Pittsburgh. If he makes that recall he'll have nothing left for a later emergency, and the season is still young.

He hinted that he may recall the one player he said would never play for the Leafs again. That player is Wild Bill Ezinicki who was banished to the American Hockey League.

Meantime the Leafs left for Montreal with what strength they have left for a game with the third-place Canadiens tonight.

A third game tonight will see Detroit playing host to the Rangers.

ROUGH VICTORY

It was a rough victory for the Hawks in New York last night. The body checks came hard and fast and a number of fights broke out.

Paul Ronty opened the scoring early in the first period, but minutes later Sid Abel tied the game. Doc Couture sent the Hawks ahead in the second but rookie Neil Strain scored the tying one. The Rangers made another try for victory in the third when Ronty slammed in his second. It was a futile gesture. Fred Glover tied it up a minute later and then Scotty Bodnar and Jimmy Peters scored the winners.

Phil Maloney Goes Places With Pittsburgh

PITTSBURGH (AP)—Shy Phil Maloney wanted to be an accountant, decided on hockey, and now is ringing the bell for the Calder cup champion Pittsburgh Hornets.

At the moment, coach King Clancy of the American Hockey League titleholders is breathing easier. His team, after a poor start, is only three points behind the pace-setting Cleveland Barons.

Maloney, a 170-pound centre, was a big question mark in Clancy's plans for the current season because of injuries last year. But the 25-year-old native of Ottawa reported in top shape and in 19 games he's scored four goals and 15 assists for the second highest total on the squad.

Clancy figures it's only a matter of weeks before Maloney heads back to the National Hockey League.

MOVING FAST

"He's come up in leaps and bounds," Clancy said. "What a kid! He eats and sleeps hockey. He's a coach's dream and an example for other players to follow."

Maloney almost threw in the sponge after being shipped to the Hornets from Toronto in 1950.

"It was a big disappointment to me to be farmed out," Maloney said. "I had a pretty good season with the Boston Bruins but after I got traded to Toronto I didn't see much action.

"But I've learned a lot of hockey under Clancy and now that I'm in top physical shape maybe I can start to play like I should."

Maloney decided to give up accountancy while attending college in Ottawa and caught on at once with Shawinigan Falls in the Quebec Senior Hockey League. He figured there was more money in hockey than accounting.

SET DERBY DATE

LOUISVILLE, Ky. (AP)—The 1953 Kentucky Derby will be run Saturday, May 2, and its value to the winners will remain at $100,000, directors of Churchill Downs, Inc., announced Wednesday.

They'll Do It Every Time — By Jimmy Hatlo

Pittsburgh Edges Syracuse 2-1

By THE CANADIAN PRESS

Frank Mathers scored both of Pittsburgh's goals, one a sudden-death overtime shot at 1:15 of the extra stanza, to give Pittsburgh Hornets a 2-1 win over Syracuse Warriors in an American Hockey League game.

The win Wednesday night put the Hornets in second place, 1½ games behind first-place Cleveland which was idle.

Bronco Horvath sent Syracuse ahead late in the first period with Mathers tying the score in the second.

In the first period, Syracuse goalie Gordie Bell was struck in the mouth with a puck fired by Danny Lewicki. Bell lost two teeth and five stitches had to be taken in his lips but he returned to the game.

Wants Television Of Games Banned

PHOENIX, Ariz. (AP) — President Fred Saigh of St. Louis Cardinals said today he believes the National League should ban television from all its ball parks for 1953.

He reiterated his threat to refuse their home games with St. Louis unless the Cards receive a share of the TV receipts.

"There is no question in my mind that television is hurting the attendance," he said. "However, to satisfy the skeptics, I suggest we can video for one year to determine once and for all whether it hurts or helps baseball."

Saigh, a persistent opponent of baseball telecasts, is convinced that television not only cuts deeply into attendances but breaks up the balance of power throughout the league and threatens to wreck the poorer clubs. The Cards, who own the largest radio network in baseball, consisting of 92 stations, do not telecast their home games.

Plan Suspensions For Donnybrook

MONTREAL (CP) — President Martin Conway of the Quebec Amateur Hockey Association says that as soon as a full report has been checked there'll be suspensions for a wild donnybrook staged by Junior Montreal Royals and Quebec Citadelles.

Six match misconduct penalties, eight majors and one misconduct followed the big brawl Tuesday night. Quebec won the game 8-3.

"Rough stuff in hockey has gone a little too far and from now on players involved face severe action, especially those who incur match penalties," said Conway Wednesday.

"Coaches and team officials will also come in for action if they don't put a curb on their players. Referees have been advised to call things according to the book, and any more rough stuff will make it a sorry matter for the rule-breakers."

Vic Seixas Whips Aussie Ken McGregor

MELBOURNE (AP)—Vic Seixas of Philadelphia, playing captain of the United States Davis cup team, whipped Australia's Ken McGregor today 7-5, 6-1, 6-2, to enter the final of the Victorian tennis tournament.

Seixas will be pitted against Frank Sedgman, the Aussies' cup ace, in the final. Sedgman trounced his countryman, Mervyn Rose, 6-4, 6-2, 6-3 in the other semi-final.

Earlier Maureen Connolly, American and Wimbledon champion, easily disposed of Australia's Mary Hawton 6-4, 6-1. Julie Sampson of California had tougher going in the other semi-final against Australia's Helen Angwin, but won 4-6, 6-3, 6-4.

Two Horses Share Dufferin Spotlight

TORONTO (CP)—Dr. Parker, owned and driven by Lucien Dionne of Drummondville, Que., and Frisky Frisco, owned and handled by Cam Wannamaker of Consecon, shared the spotlight in defeating a good field of pacers in the junior free-for-all pace, feature of Wednesday's harness program at Dufferin Park. Each won a heat.

Real McCoy, owned by B Krumine of Pleasant Gap, Pa., driven by Bud Gilmour, and Mose Hanover of St. Maurice Stables of Three Rivers, Que., divided the fifth and secondary feature between them when they each won one heat.

Flyers Edge St. Michael's In 6-4 Triumph

By THE CANADIAN PRESS

Toronto St. Michael's Majors brought three injured players back for their Ontario Hockey Association Junior A game with Barrie Flyers but it didn't do them much good.

The Flyers moved to within one point of the second-place Toronto team by handing them a 6-4 defeat Wednesday night in spite of the return of Captain Marc Reume, Murray Costello and Les Duff to the Irish colors. Toronto Marlboros are three points up on St. Mike's.

Doug Mohns scored two for Barrie with others divided among Don McKenney, Orin Carver, Fred Pletsch and Jim Robertson Jack Caffrey scored a pair for the Irish. Ed Plata and Mike Ratchford notched the other two.

NO ACTION

There was no action last night in the Quebec Junior league, but tonight Kitchener-Waterloo Greenshirts play the fourth interlocking schedule game of their current Quebec tour against Quebec Citadelles. There are no OHA games tonight.

The Kitchener club is looking for its first win on tour. They dropped games to Montreal Canadiens and Three Rivers Reds and tied the last-place Montreal Royals

Ball Congress Votes For Annual Playoff

PHOENIX, Ariz. (AP)—Approval of an annual international championship playoff to encourage interest in semi-professional baseball was voted today by directors of the National Baseball Congress.

The first playoff series under IBC sponsorship is scheduled for Brooklyn's Ebbets Field next fall. Details of the world tournament will be announced late in January.

Sid Slight's Radio Repair Shop will be Closed from Dec. 1 to Jan. 5.

PLAN BIGGER PURSES

WINNIPEG (CP) — A record purse distribution of $655,900 has been announced for 81 days of racing in 1953 on Prairie circuits at Winnipeg, Calgary, Edmonton, Saskatoon and Regina. Announcement of the new purse schedule, an increase of $65,100 over last year, was made Wednesday by the R. James Speers Corporation Limited.

✦ ✦ ✦

SMYTHE HUNTS HELP

TORONTO (CP)—Manager Conn Smythe of the National Hockey League Toronto Maple Leafs hints he may recall forward Bill Ezinicki from Pittsburgh Hornets.

Smythe, who vowed Ezinicki "would never play for the Leafs again," when he shipped him to the American Hockey League club, is taking steps to bolster his sagging squad before the next game Thursday at Montreal.

Wednesday he announced transfer of Hugh Bolton to Ottawa Senators of the Quebec Senior League and said he may use his last recall to bring in a player from Hornets.

✦ ✦ ✦

OTTAWA SIGNS WRIGHT

PHOENIX, Ariz. (AP)—The Ottawa club of the International baseball League Wednesday signed Taft Wright, former major league outfielder. Wright hit .296 with Louisville in the American Association last season.

✦ ✦ ✦

MAY GET FRANCHISE

BALTIMORE (AP) — Baltimore was offered a franchise and the Dallas Texans team in the National Football League Wednesday if it will buy $250,000 worth of season tickets by Jan. 22. The deal, by which Baltimore can get back a franchise it gave up two years ago, was explained by League Commissioner Bert Bell. He said the sale of the tickets within six weeks is the only string attached.

Quebec Fights For Censorship

QUEBEC (CP)—The Quebec government does not intend to yield without "a fight" what it believes to be the right to censor films televised in Quebec province.

The statement was made Wednesday in the Legislative Council —provincial upper house—by Edouard Asselin, government leader in the council, when a government bill establishing censorship of television programs was discussed.

The bill was given final reading on division and now only requires royal assent to become law. No vote was called.

Two weeks ago the Legislative Assembly adopted the bill unanimously.

When the bill becomes law, the CBC will apparently be required to submit films televised in Quebec to a board of cinema censors.

Fines up to $500 may be imposed on persons found guilty of televising uncensored films. Film and equipment may be seized.

To Boost Ceiling

WASHINGTON (AP) — The U.S. government is getting ready to boost ceiling prices on aluminum pots and pans. An office of price stabilization official said yesterday an order will be issued before the end of the week granting manufacturers a seven-per-cent increase in ceilings for pots and pans made of sheet aluminum and 8.5 per cent for utensils made of cast aluminum.

Removed From Market

CHICAGO (AP) — Swift and Company announced Wednesday it has removed from the market a dried egg yolk product which the federal food and drug administration said contained a bacteria that caused illness. The FDA issued a warning to the public last week to discontinue using Swift's dried egg yolk because it contained salmonella-type organisms.

Accept New Jets

FARMINGDALE, N. Y. (AP)—The first in a new series of jet fighter planes in the "over-600-miles-an-hour class" was accepted by the U. S. Air Force Wednesday from Republican Aviation Corp. The swept-wing F84F fighter — known as the "Thunderstreak" — is an advancement over the "Thunderjets" now being used in Korea, the company said.

Childhood Lovers Wed

PRESTWICK, Scotland (AP) — Landscape gardener James Jarvis, a widower from Bellingham, Wash. arrived by plane Wednesday to marry his Scottish childhood sweetheart. Both are 73 now and last saw each other 50 years ago. The bride-to-be is Mrs. Agnes Mathieson, a widow.

Continental Hook-up

LONDON (Reuters)—Television experts from four countries — France, The Netherlands, West Germany and Denmark — yesterday discussed the possibility of a continental television hook up for the Coronation next June. No decision was announced.

Foster Children Wed

SPRINGFIELD, Mo. (AP)—Foster brother and sister will become bride and groom here Dec. 14. They are Miss Doris Kean Stanley, 19, and her foster brother, James Stanley, 24. They are the adopted children of the Rev. and Mrs. H.C. Stanley. Mr. Stanley, an evangelist, will perform the ceremony. James was adopted in 1939, Doris in 1943.

Mercurys Turn Back Kitchener By 3-1

By THE CANADIAN PRESS

It's a two-team race in the Ontario Hockey Association Senior A series.

The top-place Stratford Indians downed Hamilton Tigers 6-2 to build their total to 29 points last night. Owen Sound Mercurys, three points behind the Indians, maintained the pace by turning back Kitchener-Waterloo Dutchmen 3-1.

Kitchener is third with 19 points, seven behind the Mercurys Brantford is fourth with 18.

Sarnia Sailors pulled into a fifth-place tie with Chatham Maroons by downing them 8-2.

EXTEND LEAD

Sault Ste. Marie, Ont. Greyhounds extended their lead in the Northern Ontario Hockey Association senior southern group by battling Sault Ste. Marie, Mich., Indians to a 6-6 overtime tie.

The pattern was a familiar one in Hamilton. The Tigers, in dropping their 17th straight, held the pace for two periods then faded. Billy Flick blinked the light three times for Stratford. Dinny Flanagan, Jack White and Ken Schultz shared the others. Jack Drew and veteran Murray Comfort scored for Hamilton.

Boat Hurley was outstanding for the losing cause against Owen Sound. Harvey Jacklin scored the lone Kitchener tally. Roy Leckie scored twice for Owen Sound and Jack McComb singled.

The Sailors took over their home game with Chatham in the first period and were never shaded. Chuck Glaab led the Tars with three goals. Jim Wilson scored twice and Vern Gardiner, Alf Lewsey and Don Savage shared the others. Carl Liscombe and Jim Campbell notched Chatham goals.

PACES ATTACK

Jimmy Farelli paced the Sault Indian attack with three goals. Other markers were by Gordie Kerr, Claude Watters and Vip Palladino. For the Greyhounds, Hec Pozzo slipped in two. John Offidani, Ron Lay, Terry Biocchi and Chuck Johnston tallied the others.

South Porcupine Porkies whipped Timmins-Schumacher Flyers 10-5 in a Porcupine Mines Senior game. It was the fourth straight loss for the Flyers and kept them four points behind the league-leading Noranda Copper Kings.

Lorne McKay, Terry Talentino and Eddie Kulik each scored two goals for the Porkies. Lino Delmonte, Billy Adamo, Pat O'Leary and Stew Pirie sank the others.

John Kennedy, Gil St. Pierre, Ralph Orlando, Denis Morello and Claver Eckart split the Flyers' goals.

Mrs. Sinatra Robbed

LOS ANGELES (AP) — Mrs. Nancy Sinatra, divorced wife of singer Frank Sinatra, reported to police last night that about $30,000 worth of her jewels are missing from her home.

FIRST IN VALUES FOR THE HOME

FLUSHED—French National Forces paratroopers stand waist-high in swamp as thy flush a Communist Viet Minh guerrilla in the fierce French Indo-China fighting.

Franco Has 60th Birthday No Rivals Yet In Sight

MADRID (Reuters)—Generalissimo Francisco Franco, with two recent diplomatic successes to his credit, celebrates his 60th birthday today with no serious rivals in sight on the political horizon.

Observers here believe that, barring unforseen developments, he is set to remain at the head of Spanish affairs for a long time.

His supporters, making up the credit side of his balance sheet, listed high Spain's success in November in being elected a member of the United Nations educational, scientific and cultural organization.

Almost simultaneously new agreements signed in Tangier among Britain, France, Spain and Italy virtually restored to Spain the administrative privileges taken from her after the Second World War.

END RATIONING

Listed, too, were the abolition of food rationing this year; the expectation that electric power production will reach 10,000,000,000 kilowatt hours compared with 8,650,000,000 in 1951 and 3,272,000,00 in 1935; a wheat crop of about 4,000,000 tons; coal production of 12,000,000 tons compared with 7,000,000 in 1935; and industrial activity index at 199.1 on the basis of 100 for the years 1922-26.

Franco's critics, less well-placed to air their views, list against him: wages have been kept far too low; industrialization has been given undue preference over housing, and heavy spending has more than doubled the public debt.

Governments Asked Clear Away Weeds

OTTAWA (CP)—Federal and provincial governments were asked to help hay fever sufferers by getting rid of one cause of the ailment—ragweed and other noxious weeds.

Delegates to the seventh federal provincial tourist conference Wednesday unanimously adopted a resolution urging the governments to launch or continue programs designed to free Canada of these weeds.

The conference at its closing session agreed that such action would benefit the tourist industry.

Stork Catches Up

TORONTO (CP)—The stork finally won a race with taxi driver Harry Firsten. The 52-year-old cabbie, a grandfather himself, has been hustling expectant mothers to Toronto hospitals for 30 years. He always managed to get there in time until Tuesday, when Mrs. Nives Zucchi gave birth to a daughter in his cab while he was speeding to hospital.

Fast Work Saves Lives

NIAGARA FALLS, Ont. (CP)—Quick thinking by Anthony Dexter of Niagara Falls saved the lives of his wife and two young children Wednesday. Soon after Dexter arrived at work he became violently ill. He rushed home and found his family almost overcome by gas fumes. The Niagara Falls fire department revived the woman and children.

Truman Gov't Plans To Leave Korean Policy Move To Ike

By JOHN M. HIGHTOWER

WASHINGTON (AP)—The Truman administration apparently will make no further policy moves to solve the Korean situation. The next step, officials said today, will be up to President-elect Eisenhower.

Officials said it will be up to the incoming regime to make any fundamental changes such as prosecuting the war beyond its present limits or putting additional economic or military pressures on Communist China.

The Truman administration is said to feel no new policy moves are advisable before Eisenhower's inauguration, seven weeks away. Two reasons are advanced.

1. Any large undertaking could hardly be completed before Jan. 20, thus committing the new administration to deal with a program it may not approve

2. The United Nations' fight in Korea is an Allied fight, requiring Allied co-operation in any policy development. Before agreeing to a new project, it is said, the UN Allies would want to know how the Eisenhower administration feels about it.

TOPPING LIST

Korean issues are regarded by authorities here as topping the list of foreign policy problems prepared for study by John Foster Dulles, Eisenhower's secretary of state.

On the military side, some high American officers in the Far East are reported to have advised Washington that the best hope of ending the war lies in launching a major offensive. Destruction of the Communist forces, rather than the gaining of territory, would be the primary objective.

Military men who hold that view are expected to make firm recommendations to Eisenhower during his Korean trip.

Such an offensive would require several more divisions of American troops. It would also mean abandoning attempts to make peace along the present stalemated line.

DEMAND ARMISTICE

On the diplomatic side, after the Panmunjom truce talks bogged down, Truman administration policy called for a resolution in the UN general assembly demanding that the Communists agree to an armistice that included voluntary prisoner repatriation.

The general assembly Wednesday adopted an Indian resolution serving that purpose. Russia and Red China have already denounced this plan. It is expected, therefore, that the resolution will be rejected when officially forwarded to Peiping.

That will raise another big policy question: What steps should the UN then take? The United States has discussed with other countries fighting in Korea the possibility of imposing an economic boycott or naval blockade on Red China.

Both proposals, highly controversial among the Allies, would commit the U. S. to long-range courses posing difficult problems for the new administration.

Webber Re-elected To Second Term

KITCHENER (CP) — Mayor Bruce Webber was re-elected to his second term defeating H. S. Emel, a real estate man, in Kitchener's mayoralty election.

All incumbent councillors were expected to be returned with 60 of 93 polls heard from after Wednesday's voting.

James Washburn, former mayor, won one of two seats on the public utilities commission, leading the polls.

$30,000 Robbery

PROVIDENCE, R. I. (AP)—Four or five bandits trussed up a night watchman in a jewelry findings firm Wednesday night and trucked off gold and silver bars valued at more than $30,000. Frederick B. Read Jr., superintendent of A. T. Wall Company, said the $30,000 figure would be "a conservative guess." The men reached the precious metal by burning a large hole in a vault.

Salvation Army Robbed

TORONTO (CP)—About $2,000 in cheques and cash were stolen Wednesday from a Salvation Army office in downtown Toronto. Police said the money was taken from a box left unguarded in the office.

Truck Driver Held Up

TORONTO (CP)—An armed robber Wednesday night held up Edwin Kirk, a delivery truck driver for a downtown department store, and escaped with $200. It was the fourth robbery of its kind in the last nine days.

Zoo Specimens

LONDON (AP) — Peiping radio announced today that Communist China has sent a first shipment of rare wild animals, reptiles and birds to the Soviet Union and other Iron Curtain countries.

Guided Missile Said Just Over Horizon

SAN FRANCISCO (AP)—J. H. (Dutch) Kindelberger, board chairman of North American Aviation, said today the development of a true intercontinental guided missile is "just over the horizon."

Kindelberger, in a prepared address to the California Chamber of Commerce, said that such a missile will be capable of "accurately delivering to any point on the surface of the earth in a few hours a warhead carrying infinite destruction, and which because of its speed and altitude will be impossible to intercept."

Technical problems make it impossible to predict how soon the extreme long-range missile will be available.

"We are working on it, and I have no doubt that Russia, aided by captured German scientists, is also working on it," Kindelberger said.

"If there was ever an argument for an all-out effort to establish world peace, we now have it in this weapon just over the horizon."

North American, builder of the famed F-86 Sabre jet, also is active in secret missile development

Want Canadian Firms Get Printing Jobs

OTTAWA (CP)—Howard Meeker (PC—Waterloo South) asked the government if it is aware that much of the job printing in connection with Canada's seventh Savings Bond campaign has been done in the United States.

He said Canadian firms should get such jobs in future.

Justice Minister Garson, acting for the absent Finance Minister Abbott, said Wednesday he will investigate and reply later.

Easy On Nationalization

LONDON (AP) — Tom Williamson, head of one of Britain's biggest unions, Wednesday warned the Labor party to take it easy on its plans for further nationalization. Williamson, who leads the 650,000-strong National Union of General and Municipal Workers, wrote in the union journal: "Much more thinking on this issue of public ownership must be forthcoming than has so far been the case if the movement is to gain the confidence of the final arbiter —the electorate."

Aid For Churches

LONDON (Reuters)—The Pilgrims Trust, Anglo-American friendship organization, has given £100,000 for the preservation of Britain's historic churches, it was announced yesterday.

Record Broken

LITTLE ROCK, Ark. (AP) — Little Rock's drive for 365 days without a traffic fatality was shattered Tuesday night when a pedestrian was struck by a car and killed. It was the first fatality in the Arkansas capital in 356 days—since Dec. 4, 1951. The city's population is 102,000.

14 Wounded Veterans Flown From Tacoma

OTTAWA (CP)—Fourteen sick and wounded Canadian veterans from Korea are to leave Tacoma, Wash., today in an RCAF plane, defence headquarters said.

The veterans, 13 soldiers and one naval rating, have been recuperating in hospital at Tacoma since returning from the Far East. They will be flown to Canadian cities nearest their homes.

Among those leaving the plane at Toronto is 2nd Lieut. G. F. B. Ritchie of Brantford.

Adenauer Warns Germany Faces Danger

BONN, Germany (AP)—Chancellor Konrad Adenauer told parliament disarmed West Germany "faces the greatest danger in its history" from Russia and he called for prompt ratification of Bonn's treaties to rearm in alliance with the free world.

"We stand between slavery and freedom," the 76-year-old Chancellor declared Wednesday in an address launching a three-day debate on final ratification of the treaties in the Bundestag (lower house).

"Germany is divided and torn apart, disarmed and defenceless, the neighbor of a colossus which wants to enslave and devour us.

DANGER WILL GROW

"This danger will grow if the present condition continues. Our peace, our lives and the future of our children and our children's children are at stake.

"The whole German people, this side and the other side of the Iron Curtain, must realize what is going on. I call upon the whole German people to recognize the importance of this decision over the treaties. This is a fateful hour for all Germany."

TWO MONTHS' SUMMER

Northern Siberia has only about two months of summer weather each year, with more severe winters than any other country

VISITS FRONT LINES—One of the few Canadian women to visit the front lines in Korea, Mrs. Marjorie Heath, of Donalda, Alta., chats with Lt.-Col. E. M. D. McNaughton, commanding officer of the Royal Canadian Horse Artillery. She is on duty with the United Nations' Korea Reconstruction Agency. She is the widow of Capt. John Heath, of Toronto, killed while serving with the RCHA.

Grandma Is Barber

ROCHESTER, Vt. (AP)—Walter H. Severy, Jr., 28, worked Wednesday in his own barbershop assisted by a licenced barber—his 82-year-old grandmother. Severy, a recent Nashua, N.H., barber school graduate, is required by Vermont law to serve 1,800 hours under a licenced barber. Grandma Bertha Huntington still has a barbershop in her home here.

It's the 'KNOW HOW' that Counts!

HANDBALL: THE STRAIGHT-ARM UNDERHAND STROKE

1 On this stroke, player must face the front wall. Feet point frontwards in walking position. Right arm is straight and swings back from the shoulder. Body weight shifts to right leg. Body lean depends on height ball is taken.

2 To strike ball, arm swings through from the shoulder. Stroke is parallel to body. Left foot steps forward as ball is hit and knees are bent depending on what height the ball is played.

3 Full weight is on left leg for the follow-through. Arm and right shoulder achieve follow-through by moving in the direction which ball has taken. This stroke is very effective for low placement shots.

Yes, it's "know-how" that counts in handball as in every sport—"know-how" that sets one performer above another. Learn the correct form — the "know-how" — then practise until you have mastered it and you'll get more fun and enjoyment out of your sports and game.

Dr. Jordan Says

No Great Progress Yet Made In Conquering Skin Disease

By EDWIN P. JORDAN, MD

It is really a most discouraging thing to have to write about certain diseases year after year, and to say that no great progress has been made in conquering them. Among such conditions is a disease of the skin known as psoriasis, pronounced with the "p" silent.

In this common skin disease the lesions are most frequent at or about the elbows, knees, and in the scalp and lower back. Although the skin is disfigured, the disease is not dangerous to life or general health.

The involved areas are usually bright red, level with the skin surface, and scaly. There is a sharp dividing line between the normal skin and that which is affected by the disease.

When psoriasis starts suddenly, severe itching is common. In the more chronic cases (which are most frequent) there is little or no itching. These portions of the skin which have been involved for a long time generally become covered with a thick scale. If this scale is scraped off, tiny points of bleeding appear underneath.

Unfortunately the cause of psoriasis, like so many diseases of the skin, is not known. The condition frequently comes in several members of the same family and this familiar tendency has been noted by many students of the disease.

Also, psoriasis is frequently associated with certain kinds of arthritis, though just what the connection is when they do occur together has aroused difference of opinion.

Persons between 10 and 30 years old are the most likely to be attacked. The cause is almost certainly not an infection. There is also a tendency for the skin lesions of psoriasis to come and go over a period of time.

Many treatments are being used for psoriasis. Most of them bring about good results, at least temporarily. However, it is all too common for people with psoriasis to get better for a time after treatment and then to get worse again, and if the same treatment is tried again, they often do not respond at all.

Many studies of this disease are going on and it would be strange indeed if some fine new treatment is not found within a few years.

BC House Meets Feb. 3

Drowned In Rescue Effort Boy Gets Posthumous Award

TORONTO (CP) — Posthumous award of its gold medal for bravery to Frank Howkins, 12, of Burton, B. C., was announced today by the Royal Canadian Humane Association.

The 12th gold medal awarded by the Association since its inception in 1894 went to Howkins, who lost his life in the Arrow Lakes at Burton on Oct. 13 in an attempt to rescue an 11-year-old playmate, William Baker, who also was drowned.

Twelve parchment certificates for brave rescues were also awarded by the association.

The exploit that cost Howkins his life was recounted in the award of the gold medal. Several boys were riding their bicycles on the Burton pier when young Baker's bike hit the edge of the wharf and he was thrown into the water 50 feet from shore.

DISREGARDED DANGER

Regardless of his own chances Howkins jumped in and made his way to the struggling boy. A good swimmer, Howkins grabbed Baker several times but each time lost his hold. He dived several times in efforts to bring Baker to the surface but after struggling for some minutes both boys sank. Their bodies were recovered shortly afterward.

Young Howkins is survived by his parents and eight brothers and sisters. Baker is survived by his parents and three brothers and sisters.

The parchment certificates were awarded to the following:

James Bryan Cook of Vancouver, for the attempted rescue of William Monts from drowning in the Fraser river last June 12.

William Spedding of Victoria, for the rescue of Douglas DeWolfe from drowning in Elk Lake, B.C., last August.

Robert Sharpe of St. James, Man., for the rescue of Neil and Jack Ball from their burning home at Winnipeg Dec. 21, 1951.

Gordon Schell of The Pas, Man., for rescuing Philip Howes from drowning in the Carrot river May 21.

Connie Joan Miller of Gimli, Man., for aiding in rescuing James Halldorson from drowning in Lake Winnipeg July 17.

Margaret Isfeld of Gimli, for aiding in the rescue of Halldorson July 17.

Sheldon Muise of Toronto, for the rescue of Howard and Donna Gilard from their burning home at Toronto Jan. 31.

Maurice Morozluk of Fort William, for the rescue of Walter Wasyliwski from drowning in the McIntyre river May 12.

Gordon Stevens of Whitby, Ont., for rescue of Clifford Reynolds from drowning in the township of Pickering June 27.

Audrey Lamond of Middle Sackville, N.B., for the rescue of Lexine Hefler from drowning July 26.

Francis Noel Leblanc of Dieppe, N.B., for rescue of Jean Leblanc from her burning home at Dieppe April 17.

William Beazley of Big Salmonier, Nfld., for rescue of Jacqueline Hollett from drowning at Burin, Nfld., Aug. 3.

Kidnapped Child Dies In Hospital

MONTREAL (CP)—Four-year-old Barbara Nemeroff, who was kidnapped for 12 hours less than a year ago, died in hospital of a wasting illness.

Little Barbara disappeared from her home Feb. 22 last. The parents' only clues were a ransom note demanding $50,000, and the incoherent story of a 19-year-old maid about a youth making off with the child.

Next morning Barbara was found, with her 16-year-old abductor, on busy St. Catherine street. After the case was cleared up, and the young kidnapper sent to a mental institution, Barbara fell ill.

Need Substitute Trade To Bolster Allied Assistance

HOLLYWOOD, Fla. (CP)—Hume Wrong, Canada's ambassador to the United States, says the greatest international economic problem is how to substitute trade for aid.

Speaking Wednesday before the annual convention of the Investment Bankers of America, Wrong said, however, that some form of military aid to the Western world by the U.S. and Canada should continue, as well as help to underdeveloped countries.

Primary purpose of the Western world, he said, is to bring economies of its member countries into such a balance that government trade restrictions can be removed.

CITES BLOCKAGE

Wrong described import and payment restrictions as "wasteful blockages to international trade." He said restoration of convertibility of currencies and multi-lateral trading is essential.

He said the present Commonwealth economic conference in London is wrestling with these problems, and added that when the new American administration takes office Jan. 20 "the problems certainly will be discussed in broader form."

He contended that Canada's economic well-being has been stimulated by a minimum of government controls.

Gem-Studded Heels

BIRMINGHAM, England (CP)—A big hit at a local ball were shoes with gem-studded heels designed by Edward Rayne, shoemaker to the Queen. Fashion experts said eyes were irresistibly drawn to the feet.

Owen Sound Man Heads Angus Breeders

WALKERTON (CP) — Melvin Marshall of Owen Sound was elected president of the Grey, Bruce and Huron counties Aberdeen Angus Breeders' Association.

Other officers chosen Wednesday: First vice-president, Russell Markley, Tara; second vice-president, Thomas Todd, Lucknow; secretary-treasurer, T. S. Cooper, Markdale.

THE BEST CUP OF COFFEE YOU EVER TASTED

NESCAFÉ

Men are particular about coffee. They look for a lift and satisfaction from every cup. That's why so many coffee lovers prefer Nescafé. In a jiffy you can make a truly good cup of coffee, just the way you like it, *everytime*. Simply place a teaspoonful of Nescafé in a cup then add boiling water. Nescafé costs less than ordinary coffee, stays fresh too. Small wonder more people throughout the world drink Nescafé than all other instant coffees combined. Comes in 4 and 12-oz. sizes.

ANOTHER WORLD-FAMOUS NESTLÉ PRODUCT

NESCAFÉ (pronounced NES-CAFAY) is the exclusive registered Trade Mark of Nestlé (Canada) Ltd. to designate its Soluble Coffee Product. It is composed of equal parts of pure soluble coffee and added pure carbohydrates (dextrins, maltose and dextrose) added solely to protect the flavour.

Judge Reserves Judgment On Pitre Appeal

OTTAWA (CP)—The Supreme Court of Canada reserved judgment on an appeal from a death sentence by Mrs. Arthur Pitre of Quebec, one of three persons convicted of murder following the time-bombing of an airliner Sept. 9, 1949.

Chief Justice Thibaudeau Rinfret, who questioned the court's right to hear the appeal, said Wednesday that judgment will be given "as soon as possible." He made the statement after being told that Mrs. Pitre is scheduled to be hanged Jan. 9.

Two others already have been hanged for their part in the plot which sent 23 persons to their deaths. J. Albert Guay, Quebec jeweler, was hanged Jan. 12, 1951, for the murder of his 28-year-old wife, Rita, a passenger on the plane. Motive was $25,000 insurance money and the love of a pretty waitress.

Genereux Ruest, 54-year-old crippled watchmaker, was hanged Jan. 25 last for manufacturing the time bomb that destroyed the plane in flight.

Mrs. Pitre, Ruest's 43-year-old sister, was convicted of murder on the grounds that she delivered the time bomb to the plane.

The Quebec court of appeals upheld her conviction in a 3 to 2 decision.

Lindsay Decides Against Appeal

The Victoria County Equalization Committee increased the town of Lindsay's assessment at a summer meeting this year by $964,616. The figure rose from $5,276,786 to $6,241,402. The town suggested an appeal and the county offered to lower the increase by $108,530.

Following a suggestion at Tuesday night's council meeting by chairman of the finance committee Alderman Lloyd Burrows, the town agreed to accept the reduction in equalized assessment offered by the county council.

The checking of property values in Victoria county has become a tremendous problem, Alderman Burrows said. In suggesting the acceptance of the county's $108,530 reduction figure he advised Lindsay council members to carry on an investigation in 1953 to show county members why Lindsay assessment should not be increased further.

As it is, he pointed out, there was still an increase this year of $856,068. The Alderman said that the town had been treated harshly. Lindsay's Reeve Richard Butler, who is also a member of the county council introduced the motion that the town accept the assessment reduction. It was seconded by Deputy-Reeve A. E. Hick.

Filing Suit

MAINZ, Germany (AP)—Bavaria's former ruling family Wednesday filed a 408,995-mark ($97,341) claim against the American and French occupation forces for alleged damage inflicted by Allied soldiers at Ludwigshoehe Castle near here.

Mrs. Frank Schuster Puts on Blue Bonnet — Makes a Hit!

Everyone enjoys it when Mrs. Frank Schuster puts on delicious BLUE BONNET Margarine! Like the wife of the famous Canadian comedian, you will love the delicate, sunny-sweet taste BLUE BONNET adds to any food! You'll appreciate its nourishment, too. No other spread is richer in year-round Vitamin A! And you'll welcome its wonderful economy. Use BLUE BONNET for all cooking and recipes as well as on bread and toast, cut *dollars* from your food bills!
BLUE BONNET Margarine is sold in the regular economy package with color wafer. Also in the famous YELLOW QUIK bag for fast, easy color.

How Christmas Seals help save lives

Successful methods of treatment make it more important than ever to find the thousands of unrecognized cases of tuberculosis in Canada—and to find them early.

Mass X-ray campaigns to find TB in time are part of the work your Christmas Seal dollars help support.

Remember, no one can be "cured" until treated . . . and no one can be treated until the disease is discovered.

Send in your contribution today.

Buy Christmas Seals

TRYSTING PLACE—Chang Duk Palace in Korea has been mentioned as a possible meeting place for President-elect Dwight Eisenhower and Republic of Korea President Syngman Rhee. The palace has just been redecorated by a staff of 70 carpenters and painters who worked on it for more than a week.

Warn Drinking Drivers

TORONTO (CP)—A super-crackdown on drinking drivers was announced Wednesday by Toronto police. It will reach its peak during the Christmas and New Year's celebrations. Acting traffic inspector Robert Kerr said the methods used last year will be followed this year, with emphasis on major hotels where parties are numerous.

Rosedale Man Places First At Exposition

CHICAGO (CP) — William M. Lansdell of Rosedale, Ont., won first place in the large yellow field peas division of the hay and grain show at the International Livestock Exposition here.

Gustav Stein of Matheson, Ont., was first in small yellow field peas, Joseph Wright, also of Matheson, was second, and W. T. Briscoe and Son of Admaston, Ont., third in Wednesday's judging.

In the yellow soybeans division, regions one and two, Hubert D. Owen of Electric, Ont., was first and R. H. Peck of River Canard, Ont., was second. W. R. Sifton and Daniel A. Clunis, both of Ridgetown, Ont., were third and fourth respectively and Clifford Dale of Glanworth, Ont., finished fifth.

Hercule Trahan of Paincourt, Ont., was in second place in the open hybrid shelled corn division, and M. E. Hooper and Son of St. Mary's, Ont., was sixth.

Riel's Rifle Among Collection Of 150 Ancient Firearms

BOISSEVAIN, Man. (CP)—An Enfield Schneider rifle, stolen from the saddle holster of Louis Riel when he was taken into custody in May, 1885, has come into the possession of Jack Gilling, a Boissevain jeweller.

The Riel rifle is among about 150 ancient firearms in Mr Gilling's collection. Mr. Gilling started collecting about 10 years ago and now has between 40 and 50 muzzle-loading rifles and over 50 different types of pistols and revolvers.

The collection also includes old cartridges, powder horns and flasks, bullet moulds, shot bags, Indian arrowheads and other relics of western warfare.

Nothing was known of the fate of Riel's rifle until shortly before the death of an American who had been in Canada during the North-west Rebellion. The man told his son that he had come into possession of the r fiaeltthete m iilRe sion of the rifle at the time Riel was captured.

SMUGGLED TO U.S.

In May, 1885, a highly-excited crowd milled around Riel as he was taken into custody and the rifle disappeared. It eventually was smuggled into the United States.

The son donated the rifle to a museum in North Dakota where it remained until about a year ago when it was presented to Mr Gilling with instructions "to take it back to Canada where it belongs."

The biggest weapon in Mr Gilling's collection is an eight-gauge, English muzzle-loading shotgun. It is five feet long and weighs 18 pounds. The oldest weapon is an odd-shaped, engraved Arabian flint-lock pistol believed to be more than 200 years old.

One of the oddest items is an English-made "knife pistol." It comes with two blades, presumably for stabbing an enemy if the aim is none too good.-

Identify Young Seaman Drowned At Goderich

GODERICH (CP)—The young seaman drowned in Goderich Harbor has been identified as Thomas Mesereau, 19, of Fort William.

He and a friend, Joseph A. De Coste of Winnipeg, were returning Tuesday to the Scotiadoc when they slipped on the catwalk leading to the deck and fell into the water.

De Coste tried in vain to save Mesereau before he was rescued by deckhands.

First Trip Is Last

TORONTO (CP)—Teddy Archibald, 6, Wednesday made his first trip alone across busy Woodbine Avenue on his way to school. It was also his last. He had told his mother, Mrs. William Archibald, that other children laughed at him because she always saw him across the busy east-end traffic artery. She let him go alone. A car hit him and he died on the way to hospital.

Cradle of Skiing

OSLO, Norway (CP)—A full-length movie of the 1952 winter Olympic Games held at Oslo had its world premiere recently in the valley of Mordegal, birthplace of Sondre Norheim and other Norwegian pioneers of modern skiing.

Mr. and Mrs. John Forbes and Miss Jane Forbes of Toronto were weekend guests with Mr. and Mrs. John Lickley.

Mr. and Mrs. Elmer Northey were in Toronto on Sunday and visited their daughter, Miss Evelyn Northey who is confined to Riverdale Hospital following an attack of polio. Her many friends will be glad to know that she is making satisfactory progress.

University of Toronto students home for the weekend were: Jerry Burger with his parents, Mr. and Mrs. Stanley Burger and John David Grylls with his parents, Mr. and Mrs. S. A. Grylls.

Reeve E. H. Northey, Mrs. Northey and Miss Joan Northey were in Brockville on Thursday attending the funeral of Elmer Johnston.

Gilbert Hunter who has been ill for the past week at his home, returned on Tuesday to Toronto where he will resume his studies at the University.

The Rev. W. H. Tonge, Mrs. Tonge and Leslie, Murray and David were at Orono on Monday and attended a dinner party in honor of Mrs. Tonge's father, the Rev. John Kitchen, who was celebrating a birthday anniversary.

Mr. and Mrs. Holton Steele and Miss Eleanor Steele of Toronto were weekend visitors in the village with friends.

Perfect Secretary

LONDON (CP)—Sir Edward Marsh, private secretary to Winston Churchill from 1905-08 and again in 1917-22, has celebrated his 80th birthday. Often referred to as "Whitehall's perfect secretary," he received a telegram of good wishes from Prime Minister Churchill.

PREPARING STATEMENT

Alderman-elect Norman Graham said today that he was checking up on the report of the board of works of Tuesday, and would have a statement for publication as soon as he had it ready.

DIES IN TORONTO

Robert P. Niven of Toronto, who was well known to Peterborough industrialists from his periodic visits as the district passenger agent for Ontario of the Canadian Pacific Railway, died and was buried on Tuesday. At the time of his retirement one year ago, he was the general passenger agent for Toronto.

FIRE DAMAGES CHUTE

Fire caused about $75 damage Wednesday afternoon to a wooden chute at the rear of the McGillis Hotel, Charlotte St. The chute is used for the quick disposal of old papers and rubbish when employees are cleaning up. Somehow fire got started inside the chute and it took four extinguishers used by hotel employees, as well as a booster line used by city firemen, to extinguish the blaze.

Toronto Model Tossed From Car Killed In Crash

TORONTO (CP)—Carmen Migue 25, a Toronto model, was killed Wednesday night and two others injured when an automobile in which they were riding glanced off a street-car, hit a fence and snapped off a concrete hydro pole.

Donald Raymond Irish, 25, who police said was driving the car, was charged with manslaughter.

The other injured passengers were Paul Dupuis, 29, and Hazel Verge, 23, both of Toronto. Dupuis was thrown from the car and then run over. Miss Verge suffered a bruised back.

Two other passengers, Pamela Wallace, 23, and Pte. Michael Vassey, 22, suffered minor injuries.

Miss Migue was thrown from the car when it hit the pole and her body whipped over the steel fence stakes for 27 feet.

Boxing Day

MONTREAL (CP)—A survey by the Montreal Board of Trade indicates that the majority of factories and businesses in the Montreal area will close for half a day before Christmas Day, and all day Dec. 26. The percentages are roughly similar for the New Year's holiday.

LOST FIVE HOURS

Missing since shortly before noon Wednesday, the two young children of Mr. and Mrs. A. R. McGrath, 580 King George St., were returned to their home about 4:30 p.m. Wednesday. Finders of the lost children, Annie, 4, and Arthur, 5, credited a description broadcast by the radio with the discovery of the two.

Believes Seaway Will Gain More Support

PUTNEY, Vt. (AP) — Vermont's Republican senator, George D. Aiken, believes the proposed St. Lawrence seaway project will gain more support in the coming session of Congress than ever before.

Long a proponent of the project, which would provide access to the Great Lakes for ocean shipping as well as tremendous power production, Aiken recalled in an interview that it fell only three votes short in the last Congress of obtaining approval for United States participation.

Four of the senators who opposed it were defeated in last month's election, Aiken said. He listed them as Lodge of Massachusetts, Cain of Washington, Kem of Missouri and Ecton of Montana.

If federal permission is denied New York state for entry into a pact with Canada, which has plans to go ahead with the project, Aiken expects to make another effort to gain U.S. participation.

To permit Canada to carry out the project without U.S. co-operation would amount to giving away one of the country's greatest assets, said Aiken.

"It certainly would look silly in history," he said.

In Washington yesterday the federal power commission's engineering staff announced approval of New York state's plan to help Canada in construction of the hydro-electric part of the project.

The approval was contained in a report issued in advance of a commission hearing opening Tuesday on New York's application for a licence to join with Canada in the hydro-electric project.

Assistant Editor Fired By Soviet

BERLIN (AP) — Walter Griepernau, assistant editor of the Soviet sector National Zeitung, was reported to have been fired today for allowing an anti-Stalin statement to be published.

Griepernau's name was removed from the newspaper's masthead in this morning's edition.

The National Zeitung, organ of former Nazis who collaborate with the ruling Communists, published a sentence in Albanian last week as part of the Kremlin's "friendship for Albania" campaign. Experts on the language discovered the proper translation of the sentence was "The people of Albania will find a way to free themselves from the Stalin yoke."

CONCERT TREASURER

C. S. Browne has been appointed treasurer of the Peterborough Community Concerts Association, in succession to R. B. Arnold, who is leaving the managership of the Canadian Bank of Commerce, Peterborough, to head the bank at Seattle, Washington.

Presentation of a TLC charter, officially giving the go-ahead signal to the Peterborough Trades and Labor Council (AFL), was made Wednesday night by Gordon R. Cushing, general secretary of the TLC. Left to right, Henry Nokes, secretary; Glenn Price, president, receiving the charter; Mr. Cushing, making the presentation, and J. A. Kellythorne, representative of the carpenters and joiners union. The local council is aiming at the affiliation of 16 AFL locals with a total membership of 1,600.—(Examiner Staff Photo)

Mary Haddow Returns To Bolivia Home

Miss Mary Haddow leaves Peterborough Friday for her home in Bolivia. Five years a missionary there, she lived 18 years in the South American country before that with her parents, the Rev. and Mrs. Alex Haddow.

For the next three weeks or more she will travel by train, boat, and train again to reach her mission, Peniel Hall Farm, sixty miles from La Paz, the seat of government of Bolivia.

Miss Haddow expects to arrive in Bolivia shortly after the start of the rainy season, which will last until March.

GLAD TO RETURN

A missionary for the Canadian Baptist Church, she will be glad to return to Bolivia. "That's my home; I've spent most of my life there." Her father, the Rev. Alex Haddow, died in Bolivia. Her mother lives at 45 McDonnel Street here.

Miss Haddow has been with her mother for the past 13 months. In November, the organizations of Murray Street Baptist Church, her home church, presented her with a gift of money.

She will travel by train from here to New York, by boat from there to Chile, and by train to her mission. Her Christmas will probably be spent on board ship.

It will be "all mud and water" in Bolivia when Miss Haddow arrives, but, she says, it will be good to be home.

Housing Problem Growing Worse

MONTREAL (CP) — George Hees, Progressive Conservative member of Parliament for Toronto Broadview, told the Mount Royal association of the party Wednesday night the biggest chink in the federal government's armor is the housing problem in Canada.

The housing situation was "so bad in Toronto" he knew of cases where a family of four or five lived in a single room for which they paid $65 a month rental.

He said the situation worsened as new home construction constantly fell behind demand.

He said he thought homes should be obtainable under the national housing act on a down payment of five, rather than the 20 per cent now asked and the remainder of payments spread over a 25-year period.

Such projects could be financed by private enterprise with no cost to the government other than reallocation of taxation sources to enable municipalities to pay for such services as water mains and sewers, streets and sidewalks.

Trades, Labor Council Backs CCL Council On Voting

The newly-formed Peterborough Trades and Labor Council (AFL) on Wednesday night endorsed the stand of the older and larger Peterborough and District Labor Council (CCL) on plumping in civic elections. At present voters must mark their ballot for at least four of the candidates for city council. Five are elected.

If the voter does not make a choice of at least four his ballot is spoiled. Plumping is permissible when electing Board of Education trustees.

Bringing in the report of the municipal committee, John McPhee of Local 248, ITU, said: "We discussed this for some time and decided that if people didn't want to vote for some candidates they shouldn't have to."

USED BY REDS

Gordon R. Cushing, general secretary of the Trades and Labor Congress, entered the discussion briefly. He said that plumping had gone into disfavor because of what happened in Toronto elections. There the Communists and their sympathizers plumped for all their candidates.

Mr. Cushing was at the meeting Wednesday to present the new council with their TLC charter, making them the 67th affiliated council in Canada.

A long letter from TLC headquarters in Ottawa outlined the attitude of that body toward the controversial Bill H-8 that is still being debated in the Senate. It is a proposed revision of the criminal code that includes specific penalties for workers in some industries who strike illegally; and there are other sections dealing with treason, sedition.

The bill has been attacked by some labor groups and by all Communists.

"We are not in favor of too much regulation and too many rules of order," said Mr. Cushing, "but we must have law and order . . . As far as the Communists are concerned they don't want any criminal code in Canada."

BREACH OF CONTRACT

Mr. Cushing said that there was already a clause in the criminal code covering breach of contract so far as transport and utility workers were concerned.

"The transport clause was in there two years ago during the railway strike, yet nobody went to jail," he said. He added that the TLC were not completely satisfied with the revisions to the criminal code. The definition of breach of contract was an example.

"There were no appeals, no courts or criminal trials as we know them, in the Prague trials. They just took the accused men out and shot them."

Ron Cochrane of the Patternmakers pointed out that penalties for breaches of the proposed code are higher, or at least specified. Under the present code the penalties are not specified.

"They're ready to throw the book at the worker but lenient to the employer," said J. A. Kellythorne, Carpenters and Joiners representative.

A protest resolution was drafted to send to Justice Minister Stuart Garson. It contends that "there are definite penalties against illegal strikes but no penalties against employers taking discriminatory action against employees."

Glenn Price, president pro-tem, was chairman of the meeting.

Victoria Jury Acquits Rendell

LINDSAY (ENS) — A county court jury Wednesday acquitted Edmund Gainor Rendell, of Napanee, of dangerous driving in the first case to be tried at the general sessions. The charge resulted from an accident on May 29 of this year when Mr. Rendell was driving east on No. 7 Highway, east of Lindsay, and crashed into a train at the CPR level crossing two miles out of town. Rendell's wife and his young son were riding in the car at the time of the mishap. His wife was killed in the collision.

James Madden, Napanee, defended Rendell. He claimed that bushes near the highway west of the crossing obscured any signs of a railway crossing, and also that bushes between the trees and the tracks obscured the train, a seven-car freight and passenger hookup, before it arrived at the crossing. Crown Counsell Lorne Jordan, QC, called five witnesses including two members of the train crew, and one photographer, in addition to two police officers, in charging that the accused had travelled at an excessive rate of speed and had not taken notice of the warning signs at the crossing. The jury were out for an hour and a quarter making their decision, before announcing the dismissal.

Minden Couple 68 Years Wed

LINDSAY (ENS)—Minden residents and friends will gather today at the home of Mr. and Mrs. Albert Langdon, to begin celebrations of two important occasions in the lives of the grand old couple of the village.

Mrs. Langdon celebrates her 92nd birthday today, and next Wednesday, the couple will observe their 68th wedding anniversary. Mr. Langdon, the former owner of the Minden Boat Works, only retired from active public life a few years ago, and both are in fair health.

25 Win Hampers Of Food Jamboree Draw

The first draw for food hampers in the Peterborough Christmas Jamboree took place Wednesday afternoon with 15 city winners and 10 district winners.

The draws were made by Gordon McGavin, president of the Peterborough Chamber of Commerce and James Clark, chairman of the Retail Section of the chamber. Three more draws will be held during the month, Dec. 10, 17 and 29.

The Christmas Jamboree is being sponsored by the Retail Section of the chamber in cooperation with the Examiner. Other Jamboree activities include free movies for city shoppers' children on Saturday mornings and costumed carollers.

WINNERS

The winners of Wednesday's draws were: Miss June Baldwin, Civic Hospital Nurses Residence; Mrs. C. Earnshaw, 287 Parkhill Rd. E.; Mrs. C. Everson, 564 Sherbrooke St.; Mrs. L. DeCarlonis, 525 Aylmer Street; Miss F. Rahmel, 555 Weller Street; Mrs. E. McIlraith, 455 Park Street; Miss Leona Lucano, 513 Albert St.; Mrs. S. D. Pogue, 644 Bethune St.; Mrs. L. N. Griffin, 708 Gillespie Ave.; Miss Jane Mathews, Wallis Dr.; Mrs. J. W. Smillie, 1310 Monaghan Rd.; Mrs. E. Cragg 230 Geraldine Ave.; Miss Joan White, 341 St. Joseph St.; Mrs. B. Desjardins, 295 King St.; Mrs. John Campbell, 699 Armour Rd.

The district winners were: Murray McColl, Apsley; Mrs. Roberta Beamish, RR 2, Indian River; Mrs. Herb Seney, Ida; Mrs. Frank Brown, Keene; Mrs. M. D. MacPherson, Norwood; Mrs. W. Woodbeck, Havelock; Mrs. G. F. Mathews, Bridgenorth; Mrs. MacKay, Newtonville; Mrs. George Hardy, Campbellford; Miss Beatrice McGee, Lindsay.

Sell Mink Pelts Worth Million Dollars

MONTREAL (CP) — Approximately $1,000,000 worth of mink pelts and Alaska sealskins was sold at Canadian fur auction sales yesterday in a one-day auction.

Bulk of the skins offered consisted of 50,000 pelts of ranch and mutation mink and 6,500 sealskins.

A. C. Prentice, auctioneer, said prices offered in the auction—averaging $100 each for sealskins and $36.50 for regular mink — would set a price basis for the season, in this area at least. Demand seemed to be for better quality furs this year.

Another special sale will be held Dec. 22 and the first general sale this season will be held Jan. 19 when the first wild furs will be offered.

Simpsons-Sears Plan To Build Warehouse

TORONTO (CP) — Simpsons-Sears, Ltd., has purchased 144 acres for construction next year of a mammoth mail-order warehouse near the city's western outskirts, Vice-President Robert Gibson said today.

The property, reported bought for more than $250,000, was formerly owned by the Canadian General Electric Company.

The warehouse will be one of several major undertakings planned on a 1,500-acre industrial tract of a 4,000-acre development scheme in the township next year.

MP's Of All Parties Observe Work At UN

By NORMAN ALTSTEDTER

UNITED NATIONS, N. Y. (CP) At the United Nations, a Progressive Conservative member of Canada's Parliament apparently does not mind being shown around by a CCF man.

When John Diefenbaker (PC-Lake Centre) arrived this week to join the Canadian delegation, he was conducted on a tour of UN headquarters by Alistair Stewart (CCF-Winnipeg North).

Both are "parliamentary observers" on the delegation. They have no specific jobs here but are free to study the workings of the UN at first hand, moving to any of the seven committees where they find a problem of special interest.

In the earliest years of the UN, some MPs other than Liberals were regular members of the Canadian delegation, speaking in committees for Canada on various subjects. But now they merely study and do not voice their country's views — since the policies they might have to present could run counter to their parties.

SIX OBSERVERS

This year six parliamentary observers have been assigned to the delegation at different times.

Lionel Bertrand from Terrebonne Que., has replaced James A. Byrne from Kootenay as the Liberal representative. Gordon Graydon (PC-Peel) was here for two weeks before Diefenbaker arrived Dr. H. H. W. Beyerstein of Camrose, Alta., represents the Social Credit party.

Stewart, who arrived last week and remains until the end of the session, is no stranger to the UN. On his own hook, he attended the founding session at San Francisco and has visited the UN as a private citizen almost every year since then to keep in touch with its work. He says his constituency is among the most internationally-minded in Canada.

OLD UN HAND

Graydon is an old UN hand, having served as a Canadian delegate to the conference preparatory to the UN's foundation and on several delegations since then.

Diefenbaker is a delegation member for the first time. Like the others, he will make his study of the UN the subject of speeches at home.

The visit will also provide the parliamentary observers with a thorough appreciation of UN problems when the world organization is discussed in the House of Commons.

Building Tops $5,000,000 New Record Almost Certain For Year's Construction

Figures Leading Total of Year Ago As Peterborough Continues In High Gear; Predictions Shown Wrong

Peterborough's building permits passed the $5,000,000 total in November, one month earlier than last year. At the present rate a new record of construction values for one year is almost certain of appearing at December 31. The total for the eleven months as announced from City Engineer Chalmers' department is $5,056,826 as compared with the $4,186,532 for 1951. That is a gain of $870,294 in new property values.

PERMITS

Permits to the end of November this year were:

2 Garages	$780
22 Houses	$218,700
34 Miscellaneous	$47,100
Total (58 permits)	$266,580
And for 11 months	$5,056,826

The permits for November 1951 were:

10 Garages	$3,915
12 Houses	$122,500
19 Miscellaneous	561,455
Total to the end of November last year	$4,186,532

It may be recalled that at the end of last year, with a notion that new work was catching up on the requirements of the community, some doubt was expressed about Peterborough being able to repeat in 1952 that $5,000,000 total of permit values.

The answer to any doubts has already emerged. Peterborough's 1952 permits already have passed the total for twelve months last year. Probably the same questioning will arise when the total for 1952 is shown at the City Hall.

Motor Death Hearing Opens At Lindsay

LINDSAY (ENS)—Addresses to the jury today opened the case of Robert Gray, 23, of Oshawa, charged with dangerous driving.

Judge J. A. McGibbon is hearing the case, which resulted from an accident in which 23-year-old John Knox, also of Oshawa, was fatally injured. Gray was driving on Highway 4 near Little Britain when his car went off a curve, snapping off two highway signposts and overturning.

Defence counsel David Thomson, of Lindsay, in his address to the jury, said that Graham was being charged under the Criminal Code and that it would be necessary to prove criminal negligence.

Crown Attorney Lorne Jordon said that the Crown's evidence, though mostly circumstantial, showed that Graham had been driving at a reckless speed on a highway which he did not know.

The case continued this afternoon.

Smart Young Farmer

RAYMOND, Alta. (CP)—A Japanese-Canadian, Yoishi Oishi of the Raymond junior wheat club, won the grand championship award with a sample of Saunders wheat at the Achievement Day competitions for 4-H clubs in this district.

Assault Charges Laid By Police In Stabbing

BOWMANVILLE (CP) — Additional charges were laid today against two men in the stabbing of Stanley McCabe, 24-year-old Korean war veteran, at nearby Manvers Station Tuesday night. McCabe is in serious condition in hospital.

Originally charged with causing a disturbance, Wentzel Hensby was charged with assault occasioning bodily harm and Frank Burasha with common assault

Civic Hospital authorities said today that McCabe had spent a "comfortable" night and described his condition as "improved."

Police said the stabbing took place outside a building where a shower was being held in connection with McCabe's wedding to Mary Horner of Manvers Station, planned for this Saturday. The wedding has been postponed.

November 1952 Wetter, Warmer

A wetter, warmer November than last year was recorded this year, according to weatherman Jim Harrison's figures from the filtration plant.

Precipitation—snow and rain—totalled 3.82 inches, and average temperature was 37.7 last month. In the same month in 1951, precipitation totalled 2.09 inches and average temperature was 29.2 degrees.

Only an inch of snow fell last month, compared to 12.5 inches in November 1951. In terms of total precipitation, an inch of snow equals one-tenth of an inch of rain. Rainfall amounted to 3.82 inches last month, almost three inches more than the .84 inches that fell in November last year.

Maximum temperature this November was 65 degrees, last November it was 57. Minimum was 11 degrees last month, in November 1951 it was three degrees.

Commencement Held At Bancroft School

BANCROFT (ENS) — Annual commencement exercises of North Hastings High School were held Friday night in the auditorium. Guest speaker was the Rev. A. M. Laverty, chaplain of Queen's University, who was introduced by G. F. McKelvey.

Miss Shirley Creighton, Bancroft, was valedictorian and gave a splendid address in which she payed tribute on behalf of the graduates, to the staff and the splendid facilities offered by the school. She urged the present students to uphold the school's traditions and the graduates to continue to work to raise the standards of their own ideals. Miss Creighton was the recipient of the Bancroft Theatre Award, presented by the donor, Gordon Broughton, as the school's most outstanding all-round student.

The gathering was also addressed by principal Gordon Wragg and G. Bentley, chairman of the North Hastings High School Board.

Many prizes were presented to outstanding graduates for academic, athletic and agricultural endeavours as well as many proficiency awards to members of the school Cadet Corps.

A sing song led by Gordon Crosby, with Roger Cole at the piano, was enjoyed by all. At the conclusion of the exercises those present were favored with selections from the Glee Club under the direction of C. N. Montreuil.

Well-Known Band

VANCOUVER (CP) — Vancouver's world-famed Kitsilano boys' band celebrated its silver jubilee this month. Founded in 1927 by Arthur Delamont, still its leader, the band has made a dozen trips across Canada and four tours of Britain and Europe. It was proclaimed "world champion" at the 1935 Chicago World's Fair.

Declares High Taxation Threatens Canadian Investments Seriously

QUEBEC (CP)—G. K. Sheils, president of the Canadian Manufacturers' Association, said today that high taxation is threatening the ability of Canadians to invest in their country.

He also warned of the possibility that higher tariff moves, especially in the United States, may operate against Canadian goods. Accordingly, he urged government measures to see that adequate and proper safeguards are set up which can be enforced immediately to prevent the dumping of goods from other countries."

"By dumping I mean not only the interpretation under the present law, but also the dumping of goods on the Canadian market at less than cost of production plus a reasonable advance for selling cost and profit."

Mr. Sheils made his comments in a speech prepared for the Quebec City branch of the CMA.

MUCH TOO HIGH

He said corporation and personal income taxes are such that even Finance Minister Abbott has admitted they are too high.

"Yet, in disregard of repeated representations from business and industry, and despite unparalleled budget surpluses, he has, to date, done nothing about reducing them."

With foreign investors putting up 15 per cent of Canadian capital funds, the remaining per cent "must come from our own pockets —from Canadian corporations, Canadian shareholders of these corporations, and others.

"How long does the minister expect that these corporations and individuals can continue to find their 85-per-cent share of these investment funds if the government tax collector continues to take, on an average, $2 from every Canadian corporation for every dollar that corporation pays its shareholders and then, in addition, demands a very heavy proportion of the shareholders' income?

"What does the minister think will happen to our present healthy industrial expansion if and when this 85-per-cent Canadian capital investment is no longer forthcoming because of these drains upon its sources?

"These questions might well have the prefeared attention of our governments at all times—not merely every third or fourth year."

Aid To Taxpayers

HALLAM, England (CP)—Councillors in this Derbyshire town saved money for the taxpayers by building a 22 - yard fence themselves. After a day's text-book study they sank 72 posts and strung 660 yards of wire around a new recreation ground, saving an estimated $70.-

Unique Coins

VIKING, Alta. (CP) — Kurt Loeschner estimates the unique coins he smuggled out of East Germany when he came here a year ago are worth perhaps $6,000 They are porcelain coins made in Germany in 1921 but found then to be too fragile for general use

Guinness To Play Roles At Festival In Stratford

MONTREAL (CP)—Tom Patterson, organizer of a five-week Shakespearean festival at Stratford, Ont., next summer, announces that Alec Guinness, British stage and screen star, will play Hamlet and Julius Caesar at the festival.

Tyrone Guthrie, rated one of the world's top theatrical producers, will produce the festival. Mr. Guthrie is due to arrive in Montreal today. Auditions will follow

Mr. Patterson said Wednesday that when he told Mr. Guinness the festival would bring Canadian actors under the best talent without them having to leave Canada, the British actor replied: "I'll be delighted to come, and I won't want any more for it except expenses."

Jack Hawkins, of the British Old Vic Theatre Company, has agreed to take part in the festival. Some Canadian actors in Britain are also "interested," said Mr Patterson.

Mr. Guthrie's plans for the festival include a stage built to allow the audience to sit on three sides of the players, following the pattern of early Elizabethan theatres.

Buy Your

MOTHER PARKER'S TEA or COFFEE--Today

and mail your entry to win a car

The more you mail in — the better your chances!

ANOTHER

METEOR CAR AND $200 CASH

will be

GIVEN AWAY

SATURDAY, DECEMBER 20th

during

MOTHER PARKER'S

'Musical Mysteries' Programme

EVERYBODY CAN ENTER FOR THIS AUTOMOBILE!

On Mother Parker's Radio Programme, Saturday, December 20th, a letter will be picked from all the letters received up to Thursday night, December 18th. The sender of this letter will be announced over the air and he, or she, will be asked to name a "Mystery" Tune that will be played then and there in the Studio. If this contestant correctly identifies the tune, he or she will be awarded a brand new De Luxe Meteor car—in a choice of any standard colour.

If you are called and do not have a phone in your home, go to the nearest phone booth or neighbor. Mother Parker's pays all phone charges to the studio.

IN ORDER TO WIN THE METEOR CAR AND THE $200.00 CASH — You must enclose with your entry the guarantee portion of the label from a package of Mother Parker's Tea (or Tea Bags), or the Code Number you find on the bottom of the vacuum-sealed Mother Parker's Coffee Can.

AND NOW! — ALSO — YOU CAN MAIL ANY PART OF THE LABEL FROM A JAR OF MOTHER PARKER'S COFFEE BAGS

Buy Your Mother Parker's Tea or Mother Parker's Coffee Today and Mail Your Entry.

BOYS AND GIRLS!

WIN A BICYCLE AND $10 CASH

In addition to the Adult prizes, every week a Sunshine bicycle is given away, with $10 CASH. Mail your name and address, and be sure to put in the enclosures as mentioned in paragraph above. Listen to Radio Programme for complete directions.

Real Estate Exchange

MONTREAL (CP)—The first real estate exchange in Canada was opened here Wednesday in an effort to solve Montreal's housing problem. Called the Montreal Real Estate Exchange, it is a private organization grouping 40 real estate dealers in the province and is designed to act as an impartial service for property owners, real estate dealers and the public. It will have regular daily trading sessions.

She Was Laid Up With RHEUMATIC PAIN

"I had been afflicted with rheumatic attacks ever since I was a girl," writes Mrs. F. Rose, Selkirk, Man. "Four years ago I was in bed tormented by rheumatic pain and unable to work. Then I heard about Templeton's T-R-C's. Soon after I started taking T-R-C's I was able to get out of bed, and walk about and do my work. I only wish I had learned about T-R-C's years ago, for I feel they would have saved me a great deal of suffering."

This welcome relief from nagging pain can be yours. Don't suffer another day from Rheumatic, Arthritic, Sciatic or Neuritic pain. Get Templeton's T-R-C's —Canada's LARGEST-SELLING proprietary medicine for quick relief from such pain. Only 65c, $1.35 at druggists. T-249

Militancy Not Education Temperance Fight Need

OTTAWA (CP) — An official of the United Church of Canada says temperance forces should rely on "militancy" rather than education to combat the use of liquor.

"It will be 100 years before we get anywhere if we depend on education," the Rev. W. G. Berry of Toronto, associate secretary of the church's board of evangelism and social service, said Wednesday.

His protest was made to the annual convention of the Canadian Temperance Federation.

"It is a dangerous assumption to believe that if people know what is the right thing to do they will do it," Mr. Berry said. ". . .There isn't enough militancy. What we ought to do is to launch an aggressive campaign to urge people to refrain from the use of alcoholic beverages."

An issue raised Wednesday — the availability of dry canteens to Canadian troops — comes up again today when resolutions are presented to the 50 delegates, representing all religious denominations, the YMCA, WCTU and Salvation Army.

AREN'T AVAILABLE

In a letter read to the convention, the Rev. F. W. Gordon of Kingston N. S., said dry canteens aren't available where Canadian troops are stationed at home and overseas.

A defence department spokesman later said this was "utter nonsense."

"Anyone who has been on a service station knows there are dry canteens where you can get soft drinks and a hamburger," the spokesman said. "That is true of them all at home and abroad."

The Rev. John Linton, federation secretary who read Mr. Gordon's letter, said he had "personal information" that at many army stations soldiers can't buy soft drinks.

Mr. Berry differed with the Rev. Albert Johnson, secretary of Ontario Temperance Federation, on the amount of church backing needed by the temperance movement.

Mr. Johnson said some denominations aren't as enthusiastic about the temperance program, and proposed meetings among church leaders to take some common action.

Mr. Berry felt this was impractical. "If we wait for unanimous agreement of all the churches, we will wait a long time," he said.

Record Oil Output

SASKATOON (CP)—Saskatchewan's oil production of 1,215,511 barrels for the first nine months almost up to last year's 12-month output for the whole of 1950, and of the year was more than the total.

Marmora News

Miss Shirley Lummiss who has spent several months in Western Canada this year has returned to her home here.

Mr. and Mrs. Jack Hickey have moved into Robert Jennings' residence.

Mr. and Mrs. George Chalette of Ogdensburg, N.Y., are visiting relatives here.

Advocate Dry Canteens For All Military Camps

OTTAWA (CP) — Provision of dry canteens in military camps at home and overseas was advocated at the opening session here today of the Canadian Temperance Federation annual meeting.

A protest on this issue, prepared by the Rev. Fred Gordon, Baptist minister of Kingston, was read to the delegates by the federation secretary, the Rev. John Linton.

Mr. Gordon said the army was urging boys of 16 years and over to enlist for training while there were no dry canteens in military camps either in Canada or overseas.

The 50 delegates, representing all denominations, the Salvation Army, the YMCA and WCTU, agreed to study the question.

ON AGENDA

The matter of setting up dry canteens in army camps is on the agenda for the two-day meeting.

W. C. Good of Brantford, Ont., federation president, said there were complaints from Canadian soldiers in Korea who do not want to patronize wet canteens, that no dry canteens were available to them.

Arthur Cowley of the alcohol research council, Vancouver, asked the federation to press for liquor inquiries in every province similar to that now being conducted in British Columbia by a commission under the chairmanship of Hon. H. Stevens, former minister of trade and commerce.

Barbara Brent's BUYS AND WHYS A WEEKLY INFORMATION SERVICE

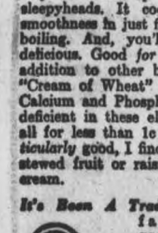
MONTREAL, December 4th—*Something special* for your baby...a plastic *Baby Tumbler* that teaches him to drink from a cup without spilling a drop. What's more, it's yours for just 25c with the labels from 6 tins of HEINZ BABY FOODS or 3 Heinz Baby Cereals. *Write to me*—Barbara Brent, 1411 Crescent St., Montreal, P.Q. Heinz Baby Foods are "something special" for baby, too. You see, Heinz Strained Baby Foods—meat food products, soups, vegetables and desserts—are expertly blended to give your tiny tot the extra nourishment he needs. And they're all pre-cooked in Heinz spotless kitchens. All *you* do, mother, is take them from the tin, heat and serve.

Which Is Best? That's a question that's really important when it comes to selecting the *right* tissues for make-up use. So I gave the leading brands the "dressing-table test". Try it yourself...next time you're applying make-up or removing cold cream, use an ordinary 2-ply tissue for one cheek and a 3-ply cushion Face-Elle for the other. Note how the FACE-ELLE tissue holds together to do the job without muss or fuss! Contrast that with tissue that shreds easily . . . and where finger-tips poke through—even with light rubbing. There is evidence of the *extra* strength of Face-Elle's 3-PLY thickness ...the only *3-ply* tissues in Canada! And compare it for softness too—there just isn't any other tissue to equal that gentle easy-on-the-skin caress of Face-Elle.

Wonderful Way To Relax after Christmas shopping...just make yourself a cup of two of INSTANT CHASE & SANBORN COFFEE. It's so quick and easy to make ...takes no longer than heating the water! And it's so *good*. You see, Instant Chase & Sanborn Coffee is made by real coffee people. The flavour's there—and the body—and the real lift. And something else you'll like about it is that it's truly economical. I save up to 40c a pound compared with ground coffee. Yes, the regular size jar of Instant Chase & Sanborn gives me the same number of cups as a pound of ground coffee—but what a difference in price!

"I Can't Remember When my family have been more enthusiastic about a breakfast food!" writes a reader about "CREAM OF WHEAT". Yes, Quick "Cream of Wheat" is, truly, a family "favourite"...a delicious way to wake up early-morning sleepyheads. It cooks to satin-smoothness in just five minutes of boiling. And, you'll agree...it's delicious. Good *for* you—for, in addition to other benefits, Quick "Cream of Wheat" provides Iron, Calcium and Phosphorus for diets deficient in these elements...and all for less than 1c a bowl! *Particularly* good, I find, topped with stewed fruit or raisins, sugar and cream.

Is Your Man A Cut-Up? Does he come to breakfast with a nicked face and morning grouch? Well... take it from me...the new REMINGTON 60 De Luxe is a Christmas gift that will perk up his disposition *and* his face! With its exclusive three diamond-honed twin-cutting heads, this keen electric shaver is the smo-o-othest choice of all! He'll appreciate the clean, long-lasting, quick shave it gives...every whisker disappears in 60 seconds flat! Plan to surprise him with this Remington 60 De Luxe...it's the gift he'll enjoy every morning of the year...and it comes in its own smart carrying case.



It's Been A Tradition in our family since grandma's day ...old-fashioned bean supper. Except that Heinz has made a big difference in the way I cook beans. No all-day slaving over a huge old range...I simply empty a can or two of HEINZ OVEN-BAKED BEANS in a casserole, flip a switch, and within a matter of minutes the family is enjoying a bean treat. Every bit as good as grandma's... in fact, grandma herself has been heard to say that Heinz beans are the tastiest she's ever eaten. Yes, any night is Heinz night in our house. You see, there are now *five kinds* of Heinz Oven-Baked Beans —the latest, Heinz Oven-Baked Beans with sliced Wieners. Look for them when you're shopping.

It's What The Well-Dressed Man will be wearing in '53...so do be sure to Christmas-gift your husband with a B.V.D NYLON TRICOT SHIRT. He'll be proud of you for knowing just what he wants for Christmas! Made of comfortable, good-looking nylon tricot—with fused nylon collars and cuffs that never wilt—B.V.D Nylon Shirts always look neat and trim—*without ironing*. Just think of the time and money you'll save! Laundering's no problem at all...just a quick rinse, wait awhile, and the shirt is ready to wear. So take my tip. Get your husband a handsome, long-wearing B.V.D Nylon Tricot Shirt for Christmas ($12.95 in blue, tan, grey or white).

Youngsters Love Having Savings Accounts of their very own. I remember last year when I gave a BANK OF MONTREAL Christmas Passbook to my best friend's little girl. She loved the Christmassy design on the outside, but was a little puzzled until we explained to her that the passbook meant that she had a B of M Savings Account of her very own. Inside the passbook cover, sure enough, there was the amount marked that I'd deposited for her. Money in the bank at her age! You should have seen her eyes sparkle, and her mother told me she slept with her passbook under her pillow that night. She's an enthusiastic, regular saver now, I hear. So, if you want to surprise your youngsters with a very special present (and one that's character-building, too), give them a B of M Savings Account this year! Drop into your neighborhood branch tomorrow—and cross another name off your Christmas shopping list.

It's Something Every Good Cook Knows—a dash of WINDSOR SALT makes all the difference between "dull" and "delicious". Yes, both in the kitchen and at the table, Windsor Salt does wonders to brighten the flavour of your favourite foods. Try this, for instance: When you're preparing a whole fish (a baked haddock, for example)—rub the *inside* of the fish with Windsor Salt—as well as the outside. This permits the salt to bring out the delicate, fresh flavour of the fish in all its deliciousness. I'm sure you know lots of other ways to use Windsor Salt, as well. And I'm sure you agree with me that this famous, free-running salt is the best "flavour-brightener" there is.

There's No Getting Around It. The Christmas season starts earlier every year. Friends you haven't seen for *ages* start calling, and the coffee pot seems to always be on the stove, ready for quick refreshment. Most times, you're all set if you just have cake 'n' coffee. And I know nothing pleases *our* Christmas callers more than a delicious Swans Down cake. Cakes made with SWANS DOWN CAKE FLOUR have a way of making *any* occasion something *very* special. No cake mix, no other flour can do for a cake what Swans Down does. That's because Swans Down is especially made for better cake baking. It's a good idea to be sure to have Swans Down Cake Flour on hand these coming weeks. You will get up to six cakes from one package.

Fill Up Those Christmas Stockings with the money you save on budget-wise buys like this! . . . delicious BLUE BONNET MARGARINE with the delicate, country-fresh flavour. It gives you so *much* for your money! It tastes wonderful (as a spread for bread and in all your cooking)—and its vitamin content is high every single month of the year. What's more—Blue Bonnet's famous Yellow Quik bag is now even stronger than ever. (It's the easiest, fastest way I know to colour margarine.) Yes, you get a *lot* for a little when you buy Blue Bonnet Margarine. Just compare it with *any* spread at *any* price for flavour, nutrition and economy. You'll get a pleasant surprise!

Just add boiling water...

the milk and sugar are already in NESTLÉ'S INSTANT, SWEET MILK COCOA

No cooking, no bother—you make wholesome, delicious cocoa instantly right in the cup. The good whole milk and sugar have already been added to Nestlé's Instant Cocoa in just the right amounts. You simply add boiling water. Your whole family—especially the youngsters—will love the smooth, rich taste of Nestlé's Instant Cocoa—it has that famous Nestle's Swiss chocolate flavour.

Serve Nestlé's Instant Cocoa often. Cup for cup, it costs less than ordinary cocoas—and it's so convenient. No pots or pans to wash. Next time you shop, ask your grocer for Nestlé's Instant Sweet Milk Cocoa—it comes in half and pound sizes.

NO POTS OR PANS TO WASH

HAS THAT FAMOUS NESTLÉ'S SWISS CHOCOLATE FLAVOUR

WINTER FISHING—A lobster fisherman, his boat loaded with wooden traps, sets out from Queensland, N.S., with the first of some 90 traps he will set at sea during the season. Storms are his worst enemy. Many traps are destroyed, pounded against rocks and ledges in shallow water, the lobsters' habitat.

Workers Haul Baby From Burning Shack

OTTAWA (CP)—Three construction workers hauled a nine-months-old baby to safety through the window of a burning tarpaper shack while his mother rescued his two-year-old sister.

Linda Boyer, 2, was critically burned Wednesday when her mother, Mrs. Annette Boyer, 19, carried her from their burning home in Ottawa West.

The construction workers worked in relays to haul the baby, Oscar, through a window of the flaming, one-storey shack. Roy Joly, 27, suffered painful burns.

Teen-Ager's Condition Remains Critical

WOODSTOCK (CP)—Condition of Jessie McDonald, Woodstock 'teen-ager found unconscious in a car in a lonely cemetery with the body of an 18-year-old Bright district boy, remains critical, hospital officials said.

The boy was James E. Capling, who is believed to have died of carbon monoxide fumes.

The parked car with the girl and the boy was found in Chesterfield cemetery, about 12 miles northeast of Woodstock.

Provincial police said investigation indicated the incident was accidental.

Body Recovered

WALLACEBURG (CP) — The body of Fred Johnson, 28, who was drowned with three other Indians when their canoe upset on the St. Clair river Nov. 28 was recovered Wednesday on the shoreline at nearby Walpole Island. Bodies of the other three, Marvin Wrightman 40, Fred Sands, 30, and Howard Greenbird, 30, were recovered previously.

Cattle Theft Charge

BROCKVILLE (CP) — Preliminary hearing on charges of cattle theft against Mrs. Clara Medwedowsky and Morris Boyman of Montreal started Wednesday. The couple elected trial by judge and jury. The pair are charged with stealing cattle valued at $10,253 from Aaron Bojman and Felix Grabosky last Sept. 15.

Speech Contest Finals

BROCKVILLE (CP)—Finals of the eastern Ontario public school speaking competition will be held here Saturday. The competition, sponsored by the Eastern Ontario Trustees and Ratepayers Association, is open to contestants in the counties of Carleton, Prescott, Russell, Dundas, Stormont, Glengarry, Lanark, Leeds and Grenville, Lennox and Renfrew.

Seven Die In Fire

YOUNGSTOWN, O. (AP) — A family of seven was wiped out tonight when flames swept through a one-storey frame house just north of the city limits.

Dead were Henry Iochman, 34, a bakery route salesman; his wife, Catherine, 32, and their five children, Henry Jr., 13; Patricia, 10; Carol, 8, Mary Grace, 4, and Joan, 2.

Thriving Centre

PRINCE ALBERT, Sask (CP)—Co-operation is building a bustling fishing centre at Co-op point on Reindeer Lake in Northeast Saskatchewan. Combined efforts of lake fishermen have produced a big processing and freezing plant, a co-operative store and community kitchen.

Movie Column

Behind-Scenes Glimpse Of Film Making

By BOB THOMAS

HOLLYWOOD (AP) — On anybody's map of Hollywood, the centre of the escapist country would have to be Universal City, a tiny suburb just a spear's throw from here.

When you visit the sets, you can generally be assured of visiting two kinds of locales—out west or some exotic land.

This was not always so. Shortly after the war, the studio went in for critical triumphs like "A Double Life" and "Another Part of the Forest." The company lost money in whopping amounts.

U-I is back on the escapist trail again. The result: It is probably in better financial shape than any studio in town. Half of its unreleased films are big westerns in color. Now the lot is hankering for foreign lands. You can tell by the titles of the pictures now shooting: "Prince of Bagdad," "East of Sumatra."

Let's drop in on the latter film and see how one of these pictures is put together.

LOTS OF VARIETY

We are driven between the sound stages and out to the back lot. Here you can find whatever locale you want, from a town on the Mississippi to the Casbah, from a civil war stockade to a medieval castle.

We drive up a canyon. Workers are huddled in a gorge. The walls mount up 50 feet. They look like solid rock, but they're strictly fake. So is the 35-foot waterfall at the end of the gorge.

We watch a scene in which Jeff Chandler and a crew of adventurers beat their way through the jungle. The greenery is mostly in pots and can be hauled back to the greenhouse when the picture is over.

We notice a large number of male visitors on the set. It appears that in the next scene Suzan Ball is going to take a bath under the falls.

Miss Ball appears, clad in a kimono. The kimono is removed, and we see that she is wearing a form-fitting sarong.

She climbs around the waterfall to a large rock. The water, warmed to 80 degrees, begins gushing over the falls.

She dived in and swam about in a warm pool. When the scene was over, she climbed out of the water with chattering teeth. She had given her all for escapism.

Candidate Named

MITCHELL (CP) — James N. Corry was nominated candidate for Perth in the next federal election at the annual Perth County Liberal Association meeting Wednesday night. Labor Minister Milton Gregg guest speaker, predicted the present railway wage issue will probably be settled soon.

MARRIES JAPANESE—Staff Sgt. Robert Stroh brings his attractive Japanese bride home with him to Kitchener, Ont. The couple met in Japan where Stroh served with the United States Army Air Force. They were married in Tokyo in October, 1951.

Coldsprings News

Mr. and Mrs. Percy Grieve and Fred were Sunday guests with Mr. and Mrs. Percy Honey, Dartford.

Mr. and Mrs. Hilton Eagleson, Cobourg, visited Mr. and Mrs. Fred Ford, on Sunday.

Miss Chris Humphries, Toronto, is visiting Mr. and Mrs. Harold Jibb.

Mr. and Mrs. N. Timlin, and Mrs. W. Teney, visited Mr. and Mrs. T. Giddings, Baltimore, Sunday.

Mr. and Mrs. Herbert McKinley were Sunday guests with Mr. and Mrs. Gordon Thompson, Port Hope and attended the 125th anniversary service of the Presbyterian Church.

A number from this vicinity attended the funeral service of Ed. Baker of Precious Corners on Tuesday.

Mr. and Mrs. A. Koutnik and Dorothy, Mr. and Mrs. Koutnik, Sr. and Mrs. Grundl, all of Toronto, were Sunday tea guests with Mr. and Mrs. Leslie McIntosh.

Mrs. A. E. Hankins and Mrs. Leslie Unit, Toronto, were Tuesday overnight guests with Mr. and Mrs. Albert Brown.

Mr. and Mrs. Herbert McKinley attended the funeral of Mrs. William Finlay in Port Hope on Tuesday.

New Wage Demands

TORONTO (CP)—New wage demands will be made within a few weeks on Toronto dairy operators by the Milk Drivers' Union (AFL). A membership meeting of the union, which bargains for 1,800 drivers and dairy workers, will be held Sunday to consider recommendations for proposals submitted to the Toronto Milk Distributors' Association. The existing agreement expires Feb. 28, 1953.

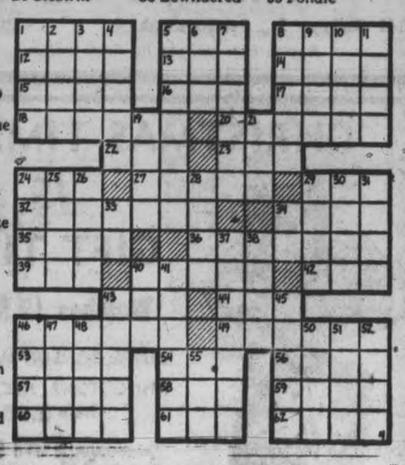
Answer to Previous Puzzle



MARY MOORE SAYS:

Make Steamed Pudding For Christmas Dinner Early

Your faithful old dog Tray worked on a pudding recipe last year during Christmas week, but by then it was far too late to give you a second recipe for Christmas 1951, so I put it away with copious notes and heavy underlining-reminders of its success with family and guests and to give it to you in this column for Christmas pudding release of 1952.

The time has arrived.

But you people have ideas too. One girl wants to see a Carrot Pudding, and another "a really tip-top fig pudding".

So if you are in a pudding-making mood let's up and at 'em.

CAUTION: Do not store puddings containing fruit in aluminum or tin or tin-coated moulds in which they have been steamed. When puddings are steamed in these remove them when cold, wrap air-tight in wax paper and towels and store in covered crocks in cold place. (This does not apply to puddings steamed in earthenware bowls.) Then if you want to you may unwrap them on the day of using, and reheat for 1 hour in mould in which they were steamed to keep their shapes.

Many a mould has been pitted (and pitted right through!) where currants or raisins or other fruits come in contact with the metal during the storing period, so be warned.

STEAMED PLUM PUDDING

Into a bowl 1 cup unsifted flour and add ¾ lb. clean sultana raisins, 4 or 8 oz. broken walnuts, 4 oz. chopped citron peel, and mix well to flour the fruits. Sift together in another bowl 3 cups sifted flour, 1 teaspoon each salt, soda, cinnamon, nutmeg, ½ teaspoon all-spice, 4 teaspoons baking powder, ¾ cup brown sugar. Beat 4 eggs well and add to them ½ cup evaporated milk, ½ cup water, ¼ cup molasses, and 1 cup suet. Now combine all of these ingredients, and stir until well blended. Grease moulds well — this amount makes 5 1-pint moulds filled slightly over two-thirds full. Cover snugly. Steam 4 hours in covered container being sure enough water is in steamer at all times to keep steam circulating around puddings. I'll give you the coffee hard sauce we used on this in a week or so.

STEAMED CARROT PUDDING

Into a large bowl grate carrots until you have 1 cup. Do same with pared potato. Immediately cover with 1 cup brown sugar to prevent potatoes browning. Add 1¼ cups fine breadcrumbs, 1 cup each currants (cleaned and dried), raisins, and ¾ cup fine suet. Stir this well then sift in ½ teaspoon baking soda, 1 teaspoon each salt and cinnamon, ½ teaspoon all-spice, ¼ teaspoon nutmeg, ½ cup unsifted flour. Stir until well mixed, then add 2 tablespoons sour milk or buttermilk. When well mixed spoon into well-greased moulds, cover tightly and steam 3 hours. This pudding cannot be expected to keep as long as Steamed Plum Pudding—it is delicious and not at all soggy.

STEAMED FIG PUDDING

Bright gold in color and universally popular.

Beat until creamy 1 cup fine suet and 1 cup sugar, then beat in 3 egg yolks, then 1 cup milk and 3 tablespoons orange or pineapple juice. Put through grinder and add 1 lb. figs which have been steamed and dried if they were not moist when bought. Grate orange rind until you have 2 teaspoons and add it with 1 nutmeg freshly grated too. Mix together 1½ cups fine dry breadcrumbs, 2 teaspoons baking powder and ½ teaspoon salt. Add these. Then fold in 3 stiffly beaten egg whites. Pour into well-greased large mould and steam for 4 hours, being sure water in steamer is kept up to at least a 1-inch level.

I will give sauces that are appropriate for these puddings in plenty of time.

MORE BEEF FOR YOUR FOOD DOLLARS

Rib Roast For Holiday

BY GAYNOR MADDOX

The famed "roast beef of Merrie Old England" served at Christmas time, was a handsome standing rib roast, the king of all meats. So if your budget can stand the strain, choose this wonderful meat for your Christmas feast at home.

Talk over with your meat man the selection of your holiday roast. Demand a roast starting from the twelfth rib, known in many markets as a "first cut." This is the first cut next to the loin or steak section and contains the largest portion of the tender, large "eye" muscle.

Your dealer probably sells rib roasts at three different prices due to the difference in tenderness and ease of slicing.

The "first" cut is the finest roast. Larger rib roasts, called sixth and seventh ribs, are cut from the section near the shoulder pot-roasts and are less tender and usually lower priced. The center ribs often are priced between the choice first cut and that of the sixth and seventh rib.

Make certain you get top-quality meat, well streaked with white or creamy fat. Ask for a roast that has been aged for added tenderness and flavor. Have the short ribs removed for a "short cut" roast. Save for a later meal for the family. Purchase at least a two-rib roast or 4 pounds of meat for a roast.

Plan on 1-3 to ½-pound of meat per serving after the removal of the short ribs. Unwrap roast at once and cover loosely with waxed paper or the inner wrapper in which it was wrapped. Keep the roast in the refrigerator and use it within 5 to 8 days.

Standing rib of beef roasts are easy to prepare. Wipe the roast with a damp cloth or paper towel, place it fat side up in a shallow, open pan and roast in a preheated slow oven (325 degrees F.) until the thermometer indicates the degree of doneness you desire. Do not add water and do not cover the roast during cooking.

Use a roast thermometer. An internal temperature of 140 degrees F. indicates a rare roast, 160 degrees F., medium, and 170 degrees F., a well-done roast. An 8-pound standing rib roast will require about 3 hours to reach the rare stage, 3½ hours to medium and 4½ to the well-done stage.

If yours is a very large roast (over 10 pounds) and you wish it to be rare, remove it from the oven just before it reaches 140 degrees F., for it will continue cooking a bit after its removal from the oven.

Traditional accompaniment for roast beef is Yorkshire pudding. Since this pudding cooks at a very high temperature, plan to remove the roast from the oven about 30 minutes before you plan to serve dinner. This permits the meat juices to "set" and makes carving easier. Mix the Yorkshire pudding, turn up the oven to 400 degrees F. and put the pudding in for 30-minute baking.

CATHERINE PARR TRAILL CHAPTER

LAKEFIELD (ENS) —Mrs. J. McKerchar was hostess to members of the Catherine Parr Traill chapter, IODE, at her home on Monday evening when 15 members were present. The regent, Mrs. Kenneth Lichty presided and the standard was brought forward by Mrs. J. A. Arnott in the absence of standard bearer, Mrs. Donald Hendren.

The secretary's report was given by Mrs. A. W. Newson and the treasurer's report by Mrs. Kenneth Morris. Mrs. Earl Orr was appointed secretary to fill out the term of Mrs. James A. Brown who is leaving the village.

It was decided to hold a bake sale in January, but the definite date was not decided upon.

The chapter will provide a treat for the inmates of the Home for the Aged on Valentine day instead of Christmas, as formerly.

A nominating committee consisting of Mrs. Sam Henderson, Mrs. McKerchar and Mrs. E. H. Northy were appointed and will present their report at the January meeting.

Mrs. T. W. Chaplin, education secretary read Van Dyke's story of "The Other Wise Man", and a trio, Mrs. Harry T. Hill, Elmer Tretheway and Harry Wannamaker sang "We Three Kings". They were accompanied by Mrs. J. A. Arnott.

Mrs. J. O. Huddart moved a vote of appreciation to those who had helped with the program and refreshments were served by the hostess assisted by Mrs. B. Q. Dench and Mrs. Arnott.

170 CHARLOTTE STREET PHONE 8188

Personals and Social

Miss Lorraine McDonnell of the University of Toronto, is the guest of Mrs. Keith Braund, King St.

✧ ✧ ✧

Friends of Mr. Arthur Thomas, Lake St., will be sorry to learn that he is confined to Civic Hospital.

✧ ✧ ✧

Cathy Bowen, little daughter of Mr. and Mrs. George Bowen, 628 McKellar St., is celebrating her sixth birthday today, December 4th, at a family party.

✧ ✧ ✧

Mrs. Pansy Forbes, coach of Peterborough Ornamental Swimming Club, is in Toronto this evening attending a Canadian coaches' forum being held at University of Toronto. This far-reaching organization had its beginning at the clinic held in Peterborough in 1949 by arrangement of Mrs. Forbes and her club.

✧ ✧ ✧

The YWCA '38 Club had as speaker at the meeting Wednesday evening Mrs. W. C. Steinkraus, president of Local Council of Women. Her topic was "Canadian Citizenship." Mrs. Steinkraus was introduced by Miss Helen Edmison. Refreshments and tea were served at conclusion of the meeting by Miss Winnie Hunter.

YWCA Members' Council meeting was held Wednesday at the supper hour in the club supper room. Highlight was a presentation to the president, Miss Jean Hammond, who is flying to Trinidad next week for a visit. Plans were made for the "hanging of the greens" at the Y. Miss Jean McIntyre and Miss Marion Foster were delegated to go to Toronto this week-end for a regional conference planning meeting.

Dr. R. K. Magee of Peterborough, along with other members of the executive of the Ontario Cancer Treatment and Research Foundation, is visiting the cancer clinic in Northern Ontario this week.

✧ ✧ ✧

Knox Y.P.U. met Tuesday evening in the church parlors. A lively singsong was led by Miss Margaret Johnston. Miss June Drummond conducted the business period and also the worship service and chose for her theme "The Bible". She was assisted by Misses Doreen Pakka and Zella Bush and Jack Drummond. Zella Bush led in recreation.

✧ ✧ ✧

4 Join Mothers' Auxiliary

The Mothers' Auxiliary of St. John's 1st Peterborough Cubs and Scouts met in the parish hall Wednesday evening. After opening with prayer, president Mrs. B. Baker extended welcome to four new members, who are Mrs. A. Parker, Mrs. W. Young Jr., Mrs. W. Collinson and Mrs. D. Davidson. Plans were made for a Christmas dinner to be given the cubs and scouts on Friday, the 19th. Nominations of officers to be installed at the next meeting were taken. Some time was spent sewing neckerchiefs. Refreshments were served by the social convener, Mrs. B. Calhoun, assisted by Mrs. A. Barber. The next meeting will be on January 7th in the parish hall.

✧ ✧ ✧

Mrs. L. Lucas Wins Painting

The CWL of St. Peter's parish met at the social centre Tuesday evening. President Mrs. Frank Guilfoyle opened with the league prayer. She then arranged for the oil painting donated by Mrs. G. Willis, on which tickets were sold at the recent bazaar by Miss Joan Begley, to be drawn for by the Rev. J. F. Coughlin. The painting was won by Mrs. L. Lucas, Elm St. A vote of thanks was expressed to all who helped in any way to make the bazaar a success. A mass will be offered for all members, living or dead, of the parish on the second Sunday of next month, January 11. A Christmas donation of $25 was voted to St. Vincent's Orphanage. The welfare committee was authorized to prepare baskets for the needy of the parish, also for the shut-ins, and to arrange for entertainment for residents of the House of Providence. Mrs. Guilfoyle and Mrs. S. J. Houlihan offered to act as rosary conveners for December. Three interesting films were shown then by Father Coughlin, who was thanked by Mrs. T. J. Ryan.

✧ ✧ ✧

YPU Holds Christmas Dance

Stewart Hall Young People's Union held a Christmas dance at Wallace Point Monday evening. Their guests included the Rev. and Mrs. I. G. Pollock, the YPU's of George St. and St. James' Churches of Peterborough, also many from the community.

Music for dancing was provided by Sargent brothers. Spot dances were won by George Bedford and Miss M. Seymour, and Gordon Bradfield and Miss Powell, and the birthday dance was won by Fred Deyell and Miss Barbara Walker.

Serving of coffee and donuts brought a very enjoyable evening to a close.

✧ ✧ ✧

Songs and Readings Entertain

Star Class of George St. Church held a Christmas meeting Tuesday evening in the board room which they decorated beautifully for the occasion. The meeting was in charge of Mrs. R. Hetherington and opened with singing of "It Came Upon a Midnight Clear." Mrs. E. Roseborough read scripture and prayer was by Mrs. W. Scott. Mrs. C. McKenzie and Mrs. A. Bennet sang a duet and each sang a solo as well, all three numbers being well received. Mrs. W. G. McLaren gave two readings, "Why the Chimes Rang" and the story of "Silent Night, Holy Night." At the conclusion all joined in singing the hymn.

The devotional closed with prayer by Mrs. F. Hucks. Santa Claus then appeared and distributed gifts to everyone. Tickets were given out to be sold for the class play, "Sister Susie Swings It," to be presented January 16. Miss Ila Sayers and her group served a delicious lunch.

✧ ✧ ✧

Mrs. Carson Guest Soloist

At the George Street WA meeting Tuesday afternoon president Mrs. George Munro presided for the opening. Mrs. A. J. Weames' group was in charge of the devotional. Mrs. W. K. McGee read Scripture and Mrs. S. Booth led in prayer. Mrs. Charles Carson was guest soloist, accompanied by Mrs. R. R. Baker. She sang "No Candle Was There" and "Carol of the Russian Children." Mrs. George Gatfield gave a reading, "Candle in the Forest." Yearly reports were presented by the group leaders and the treasurer's report of the recent Christmas bazaar and tea was given, showing it to be more successful. A business period followed.

✧ ✧ ✧

Tells Origin of Christmas

Christmas meeting of Group Three of the WMS of George St. Church was held in the board room Wednesday evening. Scripture was read by Mrs. Ida Halse and prayer offered by Mrs. H. Rowe. Miss Joyce Trotter sang a delightful Christmas solo, accompanied at the piano by Miss Gwen Pomeroy. Mrs. E. H. Brown was guest speaker, giving the origin of Christmas, and also a short story in keeping with the season. Mrs. J. M. Beatty, leader, presided for business. Treasurer Mrs. J. H. Brown gave a very favorable report. After a contest conducted by Mrs. W. P. Purdy, lunch was served by Mrs. R. Barrett, Mrs. J. H. Brown, Mrs. Hales and Mrs. Wm. Pogue Mrs. I. W. Northey moved a vote of thanks to all taking part.

✧ ✧ ✧

Hold Christmas Party

The Christmas party of Excelsior Bible Class of St. James' Church was held Wednesday evening in the junior Sunday school hall. Mrs. Cyril Davis was in charge of the program which she opened with a reading, "The Christmas Scene," and later she read a poem, "Road to Bethlehem." Carol singing was enjoyed with Mrs. L. Robinson at the piano. Guests at the meeting were the Rev. and Mrs. E. D. McCormack and Mr. and Mrs. Roy Heard. Mr. McCormack gave an inspiring message based on the Christmas story. Mr. Heard, superintendent of the Sunday school, extended thanks to the class for support given the Sunday school and good wishes for success in the future. President Mrs. A. Saunders then extended her thanks to members for their co-operation. The formal meeting was closed with singing "Hark the Herald Angels Sing," and at that time Christmas gifts were exchanged. Presentations were made to Miss Jessie Martin, teacher, and Mrs. H. Fife, a most faithful member, and also to Mrs. Davis for selling of tickets to the fall tea. A delicious supper was served by losers in the attendance contest under convenership of Mrs. Davis.

I.O.D.E. News

MAJOR BENNETT CHAPTER

A scholarship of $50 was decided on by members of Major Bennett Chapter Wednesday night, to be given to the Kiwanis Club Music Festival. They were meeting in the YWCA green room with regent Mrs. Donald Murray in the chair.

Mrs. T. Gaskell, convener of services home and abroad, reported five food boxes packed and shipped overseas, also 185 diapers. One needy family in the city was helped out, and plans were made to pack a Christmas hamper for a needy family. On November 20th a sewing meeting was held at the home of the convener.

Mrs. Hudson Hall reported the chapter calendars are selling well. Mrs. Frank Patterson reported on progress of the tournament bridge. New suggestions on how to raise money were asked for.

In absence of Mrs. H. Fallis, empire and world affairs convener, Mrs. A. E. Thompson read a paper, prepared by Mrs. Fallis, entitled "Meet the President — Achievements of Lester B. Pearson in the United Nations Assembly."

Christmas carols were sung, with Mrs. Hall accompaning on the piano.

Mrs. G. Barns, film convener, showed two films, "Let Us Sing," a Leslie Bell Singers' film, and "Holiday at School." Mr. E. Ingall operated the projector.

Mrs. Patterson and committee served cookies, sandwiches, tea and coffee at the close.

✧ ✧ ✧

PETER ROBINSON CHAPTER

Regent Mrs. P. C. Sanders presided at the meeting of Peter Robinson Chapter, IODE, Wednesday evening in the YWCA Green Room. Donations to the amount of $112. were apportioned to the regular IODE funds, including cigarette fund for soldiers, work in India, etc.

Welfare convener Miss Doris Burgess reported that four boxes of food were donated for distribution by the Salvation Army. She has had several calls for clothing and has outfitted two girls and provided gym clothing for three children. A sewing machine was given a Dutch family.

Mrs. Gordon Hill reported that a monthly donation is to be sent to Major Kenbar, a veteran in Kingston sanitarium. She had received word that all Peterborough veterans in Kingston hospital were well looked after and this man was suggested instead. Records are to be sent to the adopted shool for Christmas.

The Christmas tea being held this Saturday afternoon in the YWCA Green Room was discussed for final details of arrangement by convener Mrs. L. H. Ingram. One of its features will be a miniature "penny sale" with about a dozen nice gifts to be won. The novelty table is being convened by Miss Mary Greer and Mrs. D. Hunter, home baking by Mrs. W. Fitzgerald and Mrs. G. Hill, "post office" by Mrs. P. Johnston and Mrs. Hooper. Mrs. Wm. Jefferies is in charge of decorating.

A nominating committee of Mrs. P. Johnston, Mrs. F. Jobbitt and Mrs. H. Chown was appointed.

A lighted Christmas tree, fascinatingly decorated, centred a table where wrapped parcels for local Christmas giving were laid by members.

Mrs. L. R. Mitchell arranged a program of three films "Olympic Sports", "St. Agathe de Mont" and "Christmas Rhapsody" which were very much enjoyed.

Refreshments were served by Mrs. W. B. Lang and her group.

Too Few Nurses To Meet Urgent Needs

ST. JOHN'S, Nfld. (CP)—A nursing shortage has forced the Newfoundland health department to "import" nurses to fill urgent needs in its institutions outport hospitals and nursing stations.

Dr. James A. McGrath, assistant deputy health minister, said many nurses have come to the island from the British Isles. Now the province is turning to mainland Canada—and it still can't find enough.

The same situation applies to doctors. The department is particularly interested in medical men trained in tuberculosis work.

Isolation in many small outport centres, where a nurse often has sole responsibility for the needs of her district, is one of the factors working against the department in its quest for staff.

But for a girl with a yen for adventure, there's plenty to spare in the fishing villages and logging settlements. An outport nurse often needs all her ingenuity to reach patients. She may use anything from fishing dories to dog teams to aircraft.

10th Wedding Party Held

IDA—(ENS)—A surprise 10th wedding anniversary party for Mr. and Mrs. Bud Edgerton was held Friday night Nov. 28 at the home of Mr. and Mrs. Bill Edgerton of R. R. Ida. The evening was spent playing cards and dancing. Mr. and Mrs. Edgerton were presented with an oil painting a trilight lamp, a set of dishes, towels and pillow cases.

Rev. Tonge Speaks Of Need Of Good Will

Trinity Baby Band Mothers held their Christmas meeting Wednesday evening. The room in Trinity Hall was beautifully decorated with evergreen boughs and Christmas trimmings. Mrs. E. Malcolm's group was in charge of the meeting. Mrs. Wm. Taylor read the meditations and Mrs. E. Gregg read the scripture and led in prayer.

Miss Mabel McLarnon sang a beautiful Christmas carol and Bobby Ritchie and Allan Jamieson sang a delightful duet. All were accompanied by Mrs. O. Jamieson.

Guest speaker was the Rev. W. H. Tonge of Lakefield, introduced by Mrs. Malcolm and thanked by Mrs. A. Purdon. Mr. Tonge spoke of the great need for the spirit of good will throughout the world in these times and his message was stimulating and thought-provoking.

Mrs. W. B. Gordon presided for the business session which opened with carol singing. Five new members were welcomed.

It was announced the annual meeting will take place in January and Dr. Armstrong, supply minister at Trinity, will then install a new executive. December 17th is the date of the children's party. Mrs. E. H. Wellman will set up a creche and arrange for the children to present their mite boxes at the party as an expression of their missionary spirit and as a token of their good will toward children of other countries.

A social time followed when Mrs. Malcolm's assistants served delicious refreshments.

Very Large Crowd Attends St. Paul's Christmas Tea

Such a large crowd came to the Christmas tea at St. Paul's Church Wednesday afternoon that even the carefully laid plans for serving were disrupted. Though arrangements this year gave all the space of the upstair hall and adjoining alcoves for the tea room, the guests took up every available chair shortly before three o'clock.

In their effort to see that everyone had an ample serving of the delicious refreshments as quickly as possible the tea assistants were very rushed. Mrs. R. W. Buchanan, who has taken over the convenership when Mrs. J. H. Jamison became ill in the early fall, worked tirelessly to keep the tea table supplied.

The table setting with a blue sky linen cloth and centre of a choir of "angels" was very much admired. It was an outstandingly lovely and simple arrangement with the angel dolls in gold tipped gowns placed within a circle of light from pencil slim tapers set in gold and white covered holders.

A delightful background stage scene was perhaps taken from a Christmas card showing the reindeer surveying his winter domain as he stands beside a frozen pool. It was copied in lifelike size and highlighted by effective lighting. Evergreen boughs and Christmas bells festooned the opposite walls and arches.

Pouring tea were Mrs. O. M. Steer who loaned her home and garden for the church garden party last summer and the leaders of the five groups of the Ladies' Aid, Mrs. C. J. Law, Mrs. George Lockington, Mrs. R. McQuaig, Mrs. Walter Perks and Mrs. E. Hill. Members of all groups served in turn.

The president, Mrs. John Hornal, and Mrs. C. G. Boyd extended a welcoming hand to everyone in the downstair hall and Mrs. James Dutton extended welcome to the tea room. Al the bazaar tables with their wide variety of wares were in the Guild Room. Each of the five groups had a table and the members were responsible for the decorative layouts as well as attending them.

The children had a specially good time at this tea for they not only were provided for in a nursery but they had Santa Claus there beside the tree, giving presents to everyone, and they also had a tearoom of their own where chocolate milk and peanut butter and jam sandwiches were served.

Santa found himself the object of much loving admiration and had a delightful time talking to the little boys while the little girls sat on his knee and clung to his arms. Today he is returned to the still cheery personality of Mr. John Anderson.

Mrs. G. W. Craw was in charge of the nursery and Mrs. Clare Fairbairn was in charge of the children's tea room.

Married Couples Dinner and Party At Warsaw

There was loads of fun and Christmas gaiety out at Warsaw Wednesday night as the Mr. and Mrs. Club of George Street United Church held their annual Christmas dinner and party. The Women's Institute of Warsaw provided a huge turkey dinner for the 120 members and guests present.

Due to forethought of the presidents, Mr. and Mrs. Art Long, business was kept to a minimum. Mr. Archie Townsend, president-elect, spoke briefly, then the members walked around the corner to the Community Hall where they sang Christmas hymns. Mr. Charlie Allen played the piano and Mr. Roy Wilfong led the singers.

Mr. and Mrs. Jack Haldimand, who were in charge of the dancing, included many special dances for prizes.

Highlight of the evening came in the presentation of two skits. Under the direction of Mr. Russ Foster, the men staged a pantomime, with Mr. Archie Townsend the narrator, called "The Lady That's Known as Lou." Included in the cast were Messrs. Larry Seili, Harry Cunningham, Scott MacFarlane, Rae Kelcey, Art Long, Ivan Ellicott and Charlie Allen.

In the second skit, the ladies presented a mock radio program, "Double or Nothing," humorously written and directed by Mrs. Russ Foster, who also read the commercials. Mrs. Art Long, who was the M.C., called for contestants from the audience, and Mrs. S. Thompson, Mrs. R. Kelcey, Mrs. E. Beatty and Mrs. Leo Copp answered. There was even a singing commercial by the "Lefty Bell Singers," composed of Mesdames Garnet Howden, A. Hownsend, S. MacFarlane and A. McDougall, and a very special guest of honor, Santa Claus.

Santa was played by Mr. Don Gillespie, who, assisted by several pretty girls, distributed presents to each couple.

After more dancing, the couples returned to their homes in the city.

H. & S. News

RIFLE RANGE SCHOOL

Rifle Range Home and School Association met Monday evening with the president, Mrs. W. Amos, presiding. Mrs. M. Humphries took the devotional period with a Christmas scripture reading.

Entertainment was provided by girls of the senior school. Gwenyth Hope read "A Christmas Story." "The Night Before Christmas" was recited by Ellen Tyndall. "Joy to the World" and "Deck the Halls" was sung by the Misses Ellen Tyndall, Gwenyth Hope, Florence Brinson and Brenda Metcalfe.

Singing of the old familiar carols with Mr. A. McLeod leading was much enjoyed. Mrs. S. Wood was accompanist. Two films, "Holiday in School" and "The Three Bruins Go Camping" were shown by Mr. M. Northey.

A social half-hour followed with Mrs. L. Welch and Mrs. H. Hope hospitality conveners in charge, assisted by Mrs. W. Muir, Mrs. J. Quinn, Mrs. A. McLeod and Mr. J. Quinn.

PHILCO
CUSTOM TAILORED
SUITS
MADE TO SELL FOR 79.50
39.95

A standing event of great importance to fashion minded women who know what it means to wear and enjoy wearing a famous "Philco Suit."

To you and also to those women who have never been fortunate enough to own one, we suggest you take advantage of this remarkable selling event.

There are only about 45 Suits to choose from. They are ONE OF A KIND. They are samples in size 14 only, made up especially for an important style show in Vancouver. And now having had the distinction of flying T.C.A. to the west coast and back, they are here for your approval, Tomorrow (Friday) morning. New 1953 styling, exclusive imported fabrics, superb Philco tailoring and fit. So make a date. Don't be too late. You just can't afford to miss this treat.

P.S.—Listen Gals! Want a dream suit for Christmas? Just a whisper to your husband, or B.F. will do the trick. Our sales girls wear size 14, so don't worry about the fit.

LEVINSON'S

DOROTHY DIX

Sharing Of Confidence Be Taken As Sign Of Love

DEAR MISS DIX: We would like to have you decide an issue for us. For four years I have been going with a lady two years my junior. During the last two years she has been at college in another city and I don't see her as often as I would like. We have disagreed on one point. I contend that she should talk to me about the things she does, such as the persons she goes with, her problems, and future plans. She claims she is not accustomed to discussing her activities with anyone. I am of the impression that a frank discussion of one's hopes and aspirations will eventually draw two people close together; she asserts this is just a subtle attack on her privacy, with intent to check on her activities. Can I change her attitude? B. R.

✧ ✧ ✧

ANSWER: While we cannot entirely ignore the fact that some people are so thoroughly imbued with the need of privacy that they withhold their thoughts from even close friends and relatives, even they usually break down barriers for a person who is truly beloved. Such sharing of confidence is indeed a sign of love, and unwillingness to impart it can almost certainly be taken as proof that love is not complete.

IS SHE INCAPABLE?

Your lady may be constitutionally incapable of a deep love that implies mutual faith and trust, or again she may simply not be in love sufficiently to share confidences. The latter is most probably true. Only you can make the final decision and only you can judge whether or not she will make you a good wife. I would say it's doubtful. What she fails to give now will not be forthcoming when you marry, so be prepared to face a tremendous void in your married life if you wed a woman who is not sufficiently eager to awaken your interest by giving you her confidence.

I don't suggest that she should share with you her every thought or action; most people do keep to themselves a small reserve of dreams. However, you surely can be expected to share in the future plans of the girl you are going with. That is one point any couple should face together, with complete and mutual confidence.

You aren't happy in your present dilemma and I think a change is quite plainly indicated.

✧ ✧ ✧

DEAR MISS DIX: I am 37 years old, my husband nine years older. We have six children and until recently operated a fairly successful business. Four years ago he became infatuated with a 14-year-old girl who worked for us. Her parents broke up that affair and the girl soon realized how right they were. Then he became interested in another girl who responded quite ardently to his attentions. The children and I were soon doing most of the work in the place while he spent his time chasing the girl. Finally I sued for divorce but, due to my husband's pleading and promises of reform, I dropped it. He is still interested in the girl who caused my divorce action, while I have had to assume a financial responsibility for our children (we sold the business during the divorce action). Should I go ahead and sue for support or let him go?

MRS. W. W.

✧ ✧ ✧

ANSWER: You sure are married to a first-class heel, but you've been altogether too willing to let him get away with anything short of murder. By all means sue him for support and keep after him to make sure he pays what the court allots. Stop being a softie. Straighten the backbone and jut out your chin. The least you should get is financial help, but the greater good of your children and yourself would be served by leaving your husband altogether.

✧ ✧ ✧

DEAR MISS DIX: I have been going steady for two years, during which I have met by friend's parents about five times. Their birthdays are approaching and I would like to know if it is in good taste to send cards to them?

A. R.

ANSWER: Greeting cards are always a gracious gesture and it would be very thoughtful of you to send them.

Lakefield WMS Presents Play

LAKEFIELD (ENS) —Mrs. J. McKerchar was in charge of the devotional period, when the Women's Missionary Society of the United Church met on Tuesday afternoon for their Christmas meeting, in the Sunday school rooms.

Featuring the program was a short one-act play, "The Dearth of The Earth", which was capably acted by Mrs. Elmer Milburn, Mrs. Earl Orr, Mrs. W. W. Yale and Mrs. C. S. Turner.

Assisting with the program were four members of the Missionary and Service Club, who gave the Christmas story as recorded in scripture. They were Mrs. Carmen Payne, Mrs. G. E. Renwick, Mrs. Robert McCracken and Mrs. George Graham.

Mrs. P. H. Darling led in prayer and solos were sung by Mrs. J. R. Hull, "Come To The Stable" and Mrs. Donald Hendren who sang "The Birthday of A King". Mrs. M. Kennedy was pianist for the meeting and accompanied the soloists. During the program a number of Christmas carols were sung.

The offering was received by Mrs. W. H. Tonge and Mrs. W. H. Fife, with the dedicatory prayer by Mrs. McKerchar.

The president, Mrs. P. H. Darling presided for the business period in which the roll call and the secretary's report was given by Mrs. Earl Orr, and the treasurer's report by Mrs. McKerchar.

The report of the nominating committee was presented by Mrs. C. S. Tanner as follows —Past president, Mrs. P. H. Darling; president, Mrs. H. J. Brown; vice-presidents, Mrs. E. Orr, Mrs. W. H. Tonge and Mrs. William Whetung; corresponding secretary, Mrs. W. W. Leonard; literature secretary, Mrs Tonge; treasurer, Mrs. Bruce Charlton; roll call secretary, Mrs. Herbert Kemp; Christian stewardships, Mrs. H. J Sherin, Mrs. Yale and Mrs. P. H. Darling; associate helpers, Mrs. W. J. Charlton, Mrs. C. S. Tanner; temperance secretaries, Mrs. Elmer Milburn and Miss Margaret Milburn; community friendship, Mrs. E. Dunford and Mrs. E. Milburn; supply secretary, Mrs. A. Dunford and Mrs. F. Darling; missionary monthly, Mrs. E. J. Millage; pianist, Mrs. M. Kennedy; representatives to official board, Mrs. Leonard and Mrs. J. A. Steed.

It was decided that the "Love Gift" meeting would be held at the home of Mrs. Yale on Friday, December 12 and that the January meeting, at which the officers will be installed, will be at the Manse on January 6.

GRAHAM—Red and Betty Graham, Lakefield, announce the arrival of another girl, a sister for Jeanne and Karen, at St. Joseph's Hospital, Monday, December 1, 1952.

SHAUGHNESSY—Mr. and Mrs. John Shaughnessy, Highland Road, are happy to announce the birth of a son, December 3, 1952 at St. Joseph's Hospital. A brother for Janice and the boys.

5—Deaths

GRAHAM, Maud Minnie—In Havelock, December 3, 1952, at the family residence, George Street. Resting at the B. A. Curtis Funeral Home, until Friday, December 5th at 2 p.m. Thence to St. John's Church for service at 2:15 p.m., under the auspices of the L.O.B.A. Interment Maple Grove Cemetery.

HODGIN, Linda Susan—At St. Joseph's Hospital, on Wednesday, December 3rd, 1952, Linda Susan Hodgin, beloved infant daughter of Mr. and Mrs. John Hodgin, of 39 George St. South. Funeral service was held from the Comstock Funeral Home, on Thursday, December 4th. Rev. H. G. Douglas officiated. Interment was made in Little Lake Cemetery.

LOUCKS, Mrs. William Francis—At St. Joseph's Hospital, on Wednesday, December 3, 1952, Rebecca Isabelle Doak, beloved wife of the late Dr. William Francis Loucks of Campbellford. Mother of Mrs. Cyril K. Lech (Mina) of Peterborough and grandmother of William C. Lech of Toronto and Donald S. Lech of Montreal. Sister of Edward J. Doak of Toronto. Resting at the residence of her daughter, 463 Weller St. where service will be held on Friday, December 5 at 2 p.m. Rev. A. A. Mathews officiating. Interment Mount Pleasant Cemetery, Campbellford, upon arrival of motors at approximately 3:30 p.m.

SHAUGHNESSY, Mary Ellen—Suddenly at Hastings, Ontario, Wednesday, December 3rd, 1952, Mary Ellen Shaughnessy, daughter of the late Thomas Shaughnessy and Mary Cleary. Dear sister of Mrs. Dr. T. Weiss (Catherine) of Belle River, Leo Joseph of Peterborough, and Edward Patrick of Hastings. Funeral from her residence, Albert Street, Hastings, Saturday, December 6, to Our Lady of Mount Carmel Church, for Requiem Mass at 9:00 o'clock. Interment Mount Carmel Cemetery, Hastings. (Arrangements by Duffus Funeral Home.)

6—In Memoriam

FOX—In ever loving remembrance of Herbert Gordon Fox, who passed away on December 4th, 1951.
Deep in our hearts a memory is kept,
Of one we loved and will never forget.
—Sadly missed by his wife, Mrs. Fox, and sisters, Mrs. Herbert Wessels and Mrs. Jennie Burrill.

GIARDINO—In loving memory of a dear son and brother, Louie Giardino, who passed away eight years ago today, Dec. 4, 1944.
We do not forget him
We loved him too dearly
For his memory to fade
From our lives like a dream,
Our lips need not speak
When our hearts mourn sincerely
For grief often dwells
Where it seldom is seen.
—Sadly missed by mother and family.

KIDD—In loving memory of Judith Ann, who passed away Dec. 4, 1951.
She was only a little white rosebud,
A sweet little flower from birth,
God took her home to heaven
Before she was soiled on earth.
—Ever remembered by Mommy, Daddy and Bruce.

7—Card of Thanks

I wish to extend sincere thanks to nurses, attending doctors and staff of Civic Hospital, Rev. Morwood, friends and neighbours; who sent flowers, cards, fruit and for any act of kindness shown during my recent illness.—Mrs. Arthur Lamble.

Mrs. English and family wish to thank the Kaye Funeral Home, attending doctor, the court house staff, the city and provincial police, Gospel Hall Assembly and Sunday School and all those who sent cards and favors during our recent sad bereavement.

Mrs. Blanch Riley and family wishes to extend their sincere thanks and appreciation to the doctors and nurses, those who visited, sent flowers and cards during my stay in the Civic Hospital.—Mrs. Blanch Riley, Havelock, Ont., R.R. 3.

Clerk's Notice of First Posting of Voters' List.
VOTERS' LIST, 1952
TOWNSHIP OF EMILY, COUNTY OF VICTORIA

NOTICE is hereby given that I have complied with Section 9, Voters' List Act, and have posted in my Office at Omemee on the 29th Day of November 1952, the List of all Persons entitled to Vote in the said Municipality at Municipal Elections, and that such List remains there for inspection.

I hereby call upon all Voters to take immediate proceedings to have any Errors or Omissions corrected, the Last Day for Appeals being the 13th Day of December, 1952.

T. W. REHILL,
Clerk of Emily.

LEGAL
42—Legal Notices and Tenders

Clerk's Notice of First Posting of Voters' List.
VOTERS' LIST, 1953
MUNICIPALITY OF VILLAGE OF LAKEFIELD
COUNTY OF PETERBOROUGH

NOTICE IS HEREBY GIVEN that I have complied with Section 8 of The Voters' Lists Act, and that I have posted up at my Office at Memorial Hall, Lakefield, on the 22nd Day of November, 1952 the list of all persons entitled to Vote in the said Municipality at Municipal Elections, and that such list remains there for inspection.

AND I HEREBY call upon all Voters to take immediate proceedings to have any Errors or Omissions corrected according to law, the Last Day for Appeal being the Sixth Day of December, 1952.

DATED this 22nd Day of November, 1952.

HARRY T. HILL,
Clerk of Lakefield, Ontario.

Notice To Creditors

IN THE MATTER OF THE ESTATE OF MARY ETHEL LAPLANTE, Late of the City of Peterborough, in the County of Peterborough, Widow Deceased.

NOTICE is hereby given that all Creditors and others having any CLAIMS against the Estate of the late MARY ETHEL LAPLANTE, who died on or about the Ninth Day of April, 1952, at the City of Peterborough, in the County of Peterborough, and Province of Ontario are required to send, on or before the First Day of January, A.D. 1953, to the undersigned Solicitor for the Administrator of the Estate of the said Mary Ethel LaPlante their names, addresses, and descriptions, and full particulars in writing of their Claims, a statement of their Accounts and the nature of the Securities, if any, held by them.

AND TAKE NOTICE that after the said the First Day of January, the said Administrator will proceed to distribute the Assets of the said Estate among the persons entitled thereto, having regard only to the Claims of which he shall then have had notice, and that the said Administrator will not be liable for the said Assets, or any part thereof, to any person whose Claim he shall not then have received notice.

DATED at Peterborough, the Fourth Day of December A.D. 1952.

JAMES F. DUNN, B.A.,
Barrister, Etc.,
414 Water Street,
Peterborough, Ontario,
Solicitor for THOMAS O. LAPLANTE, Administrator.

FUN FOR ALL THE FAMILY!
Plus a Chance to Share in the Winning of the Following Wonderful Prizes!

1ST—$2.00 TRADE CERTIFICATE—redeemable at any store whose ad appears in the WANT ADS.
2ND—$1.00 TRADE CERTIFICATE—any store in the Classified Want Ads.
3RD, 4TH, 5TH PRIZE — THEATRE TICKETS.

Awarded Each Day of the Contest Ends December 10th

FOLLOW THESE SIMPLE RULES:
Read the WANT ADS carefully. From them select
One line of type (not just a part of one or more lines)
from 3 or more advertisements. Combine the lines into one humorous paragraph. Cut from the paper the ads from which your CHUCKLE AD is composed, circle each line used in these individual ads. Paste or pin the ads on a sheet of paper, number the lines in order used, then write you "CHUCKLE AD" below the clipped ads. Submit as many entries as you wish. Mail or bring entries to The PETERBOROUGH EXAMINER CHUCKLE AD EDITOR. Winners must call at the EXAMINER WANT AD Department for their prizes not later than 3 days after publication of their names.

250 Canadian Boys, Girls Go To Coronation

LONDON (Reuters) — At least 250 Canadian boys and girls will come to Britain next spring for a six-week Coronation tour, it was announced here today.

The news came from Maj. F. J. Ney, founder and honorary organizer of the Commonwealth youth movement, which is arranging the tours. He has just arrived from Winnipeg to work out final details.

The CYM will pay all the youths' expenses where necessary, Ney said, but cannot guarantee them choice seats for the Coronation procession June 2. He said they will have to take their chances, like other visitors.

The boys and girls, between 15 and 21 years of age, will be selected from Canadian youth organizations, churches and schools in all the provinces.

The advance party of nearly 100 girls will arrive at Greenock, Scotland, in the Empress of Scotland May 22. After a week of sightseeing in Scotland they will come to London via the English lake district.

In the contingent will be the girls' choir from Bishop Strachan School, Toronto, and the Chapel Choir of Appleby College, Oakville, Ont. They will give folk-song concerts.

About 30 boys will represent Canada's private schools, and they will field a cricket eleven against English schools.

Bring Japanese Bride

VANCOUVER — (CP) — Sgt. Earl Farmer, 21, of Halifax and his Japanese war bride, the former Harue Oki, arrived here today by plane from Tokyo. They were expected to leave tonight for his home.

9 Suspended Workers Have Deadline To Reply

UNITED NATIONS, N.Y. (AP)—United Nations officials confirmed that nine suspended United States employees of the world organization had been given until noon today to answer questions about alleged subversive activities or lose their jobs.

As the deadline passed, however, no one would say whether any of the nine had responded to the ultimatum of Secretary - General Trygve Lie.

Press officers said a statement would be forthcoming either later in the day or Friday.

The nine already are under suspension for refusing to tell the McCarran sub-committee whether they are now or ever have been members of the Communist party.

Informed quarters said Lie's ultimatum went to the nine last Monday.

Milk Price War Ends

CORNWALL (CP) — A milk price war that started last June ended today with restoration of the price to 19 cents a quart at all retail outlets and on a home-delivered basis.

It is reported that W. A. Fortin, who sponsored the sale of milk at 15 and 16 cents a quart on a cash-and-carry basis, has gone out of business.

Milk distributors reduced the wholesale price of milk to 15 cents a quart last June to meet competition. This resulted in sale of milk at 15 and 16 cents at retail outlets and 17 cents for home-delivered milk.

Flight Engineers Fired By Airlines

NEW YORK (AP) — Eastern Airlines says it has removed striking flight engineers from its payroll.

Members of the AFL Flight Engineers International Association have been striking against the company for more pay.

The company's action Wednesday against the strikers followed its charge that the strike is illegal. It had warned that the engineers would lose their jobs if they didn't return to work.

But, in reply to the warning, Union President William Kent said the strike which began Monday would continue.

Norwood YPU Meets

NORWOOD (ENS)—The Norwood Young People's Union of the United Church met Sunday night at Cottesloe. Mission and World Outreach convener Harold Stinson had charge of the worship service. The scripture was read by Glenn Kavanagh. Harold Stinson led in prayer.

The group was then divided up into discussion groups. A quartet consisting of Harold Stinson, Glen Kavanagh, Albert Thistlethwaite and Tom Stark sang, with Doreen Brown at the piano.

Appoint Pearce Recruiting Officer

HAMILTON (CP) — Lt.-Cmdr. Bob Pearce, RCN, of Ottawa, former world's professional sculling champion, has been appointed recruiting officer at Hamilton's naval reserve shore establishment HMCS Star, Commander G. H. Parke, CD, RCN, announced today.

A native of Australia, he is the only sculler to have ever won two Olympics, competing successfully at Amsterdam in 1928 and at Los Angeles in 1932. He won the British Empire title here in 1930 and a year later added the Diamond Sculls to his collection.

Turning professional in 1933, he whipped everybody in sight and held the title until he retired in 1938.

Lt.-Cmdr. Pearce made Hamilton his home after moving to Canada. He was transferred by the navy to Ottawa two years ago.

Wants Private Radio Have Chance At TV

MONTREAL (CP) — Richard Lewis, editor of Canadian Broadcaster and Telescreen, calls on the federal government to show "one single reason" why it can't open the gates of television to private radio.

In an excerpt of an address prepared for Rodney fair board, Mr. Lewis said Wednesday night that the government, in letting private stations take over in areas where the CBC has no television outlets "is only letting private enteprise in on the deal where it couldn't possibly make it pay itself."

"I should like to call upon the government of Canada to show one single reason why it cannot open the gates to private radio. . .and permit it to serve the people with television in large centres as well as small."

Flying Saucers Over Montreal

MONTREAL (CP)—Adults might call them flying saucers but children will probably believe it was Santa Claus on a rehearsal visit.

Two adults and a number of children in different parts of the city said they saw "four or five" bright shining objects flitting across the sky Tuesday.

W. F. Garnahm said he was in central Montreal when he saw two young boys looking up at the sky. He looked too, and said "four shiny objects flashed in and out of sight as they turned in the sunlight."

Garnahm said he has 6,000 flying hours.

"I'm sure they weren't planes," Mrs. Donald MacCallum, shopping with her seven-year-old son said she also saw the objects.

Ont. Superhighways Will Be Beautiful

TORONTO (CP) — Ontario's superhighways will be beautiful as well as speedy says the Ontario highways department.

J. D. Millar, deputy-minister, said rambler roses will be planted along the Queen Elizabeth Way, the new Toronto-Barrie highway and the Toronto bypass.

He said the roses will act both as a snow-fence to prevent drifting and a barrier to keep people off the highways.

"We couldn't erect the ordinary ugly snow-fence along the Toronto bypass and the ornamental fences would be too costly."

He said clusters of low pines are also being planted at strategic locations along the four-lane highways to relieve the monotony of driving.

Says Ontario Needs Recreation Area

TORONTO (CP)—Ontario needs an outdoor recreation area midway between a city park and a wilderness, Kenneth Mayhall, head of the wildlife and recreation section of the department of planning and development, says.

He told the Men of the Trees Wednesday night in their ninth lecture at the University of Toronto every city dweller wants to own a cottage where he can relax.

He recommended a long-term project for conservation authorities in acquiring lake shorelines, uncultivated sections of the Niagara escarpment and the Saugeen and Elora river gorges for public use. Meanwhile hundreds of small picnic sites and parking areas should be created.

Name Emil Zatopek No. 1 Athlete Of 1952

LONDON (AP) — Emil Zatopek, Czechoslovakia's wonder runner who won three gold medals in the Helsinki Olympics, today was named the world's No. 1 athlete of 1952 in a poll conducted by World Sports, official magazine of the British Olympic Association.

Leading sports authorities voting in the poll gave Bob Mathias of Tulare, Calif., U.S. Olympic decathlon champion and Stanford University football star, second place. Marjorie Jackson, Australia's sprint champion, was third.

Australia's tennis ace, Frank Sedgman, won fourth place, followed by Maurreen (Little Mo) Connolly of San Diego, Calif., rated the world's best woman tennis player.

Fenella News

Mr. and Mrs. Les Jibb of Coldsprings visited at the home of Mr. and Mrs. Hugh Sherwin.

Philanthropist Dies

MONTREAL (CP) — William Brant Blackader, 92, philanthropist and governor of the Children's Memorial and Montreal General Hospitals, died Wednesday. Born in Brantford, he came to Montreal in 1920 and joined the firm of John Hope and Company. He retired in 1924 as the senior partner in the firm.

TOM HENRY, newly appointed assistant manager of the Bank of Montreal's Peterborough office, who succeeds the late J. H. Willey. Mr. Henry, a banker of more than 20 years' experience, entered the service of the bank at his home town of Lucknow. He later served at various branches in the west and in this province. He received his first appointment as accountant at the bank's Smiths Falls office in 1946, and also served at Oshawa and Belleville in a similar capacity before receiving his new appointment at the local office.

Re-elect Jackson Hamilton Mayor

HAMILTON (CP)—Mayor Lloyd Jackson was re-elected mayor of Hamilton for the fourth time after taking an early lead over former controller Hugh McIntyre.

The vote Wednesday was closer than expected. The latest figures, with eight polls to come, gave Mayor Jackson 27,488; Mr. McIntyre 21,234.

Hamilton ratepayers approved construction of four artificial rinks and three swimming pools at a total cost of $710,000.

Controllers Sam Lawrence and Les Parker led the polls for re-election followed by Ald. John A. MacDonald, 25, the youngest controller ever to serve in the city. Controller Sam Baggs maintained his seat.

OPP Remain On Job

PRESCOTT (CP)—Town council Tuesday night approved renewal of an agreement to have this community 15 miles east of Brockville policed by the Ontario provincial police. They also agreed to have the payments to the officers increased.

Lie Names Legal Aide

UNITED NATIONS, N.Y. (AP) —Secretary-General Trygve Lie of the UN Wednesday appointed Constantin Stavropoulos of Greece as his chief legal counsel to succeed Abraham H. Feller who committed suicide Nov. 13. Stavropoulos has been director of the UN's division of immunities and treaties.

Rheumatic Pain Gone "Feels Years Younger"

Joints, Muscles Free Of Pain and Stiffness, Fatigued Feeling Disappeared, Sleep Better. "Full Credit Goes To Syntona," Says This Man.

MR. WILLIAM KOCH, 73 Allen Street E., Waterloo Ont., is glad to pass this experience along to other people, because he knows what it means to find relief from rheumatic pain and other health troubles after suffering a long time and trying almost everything he heard of without results.

Could Hardly Bend Over

"I had to give up many things I like to do, because my joints and muscles had become so stiff and sore I could hardly bend over without falling. The pain kept me from getting my proper sleep and I always felt fatigued and rundown. My stomach became upset giving me indigestion and sour acid risings after eating and I was subject to bad dizzy spells.

Read About Syntona

"I saw in the paper how Syntona was helping other people, so I tried it with great surprise. Even the men in the shop soon began to notice how much better I was getting around. The soreness and stiffness left my joints and muscles. Now the trouble with my stomach is cleared up, too. I sleep better at night and am free of dizzy spells.

MR. WILLIAM KOTCH

Feel Others Should Try It

"Taking Syntona was without question the best thing that ever happened to me and I now feel that every person who suffers with troubles like I had should try this great medicine and get the same grand relief."

Where To Get It

Why not let this pure Herbal Medicine help you as it has so many other men and women right here in this city? Syntona is sold and recommended in Peterborough at Elliott's Drug Store. (Advt.).

Cost-of-Living Up Tenth of Point During October

OTTAWA (CP)—Living costs as reflected by the new consumer price index, climbed by one-tenth of a point during October to 116.1 from 116.0, the Bureau of Statistics reported today. This was a reversal of the September trend when the new CPI, based on 1949 prices equalling 100, dropped by the same amount—one-tenth of a point. It was the sixth month in a row, the bureau said, that the new CPI has shown changes of only one-tenth of a point.

However, the cost-of-living index, based on 1935-39 prices equalling 100, continued its four-month downward trend, declining by one-fifth of a point during October to 184.8 from 185.0, the bureau said.

Higher food prices provided the main impetus for the advance in the new prices yardstick.

Higher prices were noted for butter, lard, eggs, oranges and fresh vegetables, which countered price drops for grapefruit, beef and lamb.

The food sub-group in the new index increased to 115.7 from 115.1.

However, the old index, which bureau officials do not consider as accurate as the new, the food sub-group showed a decline to 229.0 from 229.3.

In the new index, the clothing sub-group dropped slightly to 109.8 from 109.9, with declines in men's overcoats and boys' parkas offsetting increases for men's oxfords and women's overshoes.

The clothing sub-group also declined in the old cost-of-living gauge to 205.5 from 206.7.

The new index showed a decline in household operations with lower prices for fuel oil, carpets and household textiles dropping the sub-group to 115.9 from 116.2.

In the old yardstick, fuel and light increased to 151.1 from 150.9 and the home furnishings and services sub-group dropped to 195.5 from 195.9.

The sub-group called "other commodities and services" in the new CPI increased to 116.6 from 116.4.

The miscellaneous column in the old index also increased to 148.8 from 148.5.

Elect Reuther CIO President; Bitter Contest

ATLANTIC CITY, N. J. (AP) — The CIO's new president, Walter P. Reuther, today charted a fighting program to keep the labor organization an active factor in North America's industrial life.

Reuther, in a speech accepting the post as successor to the late Philip Murray, said he would strive for the biggest possible gains for workers already organized, and campaign vigorously to organize workers who are now non-union.

WALTER P. REUTHER

Election of the dynamic, 45-year-old Reuther, head of the big CIO Auto Workers Union, came late Thursday as a climax to the CIO's annual convention.

It capped a bitterly-contested fight pitting Reuther against a union old-timer and former coal miner, Allan S. Haywood. Haywood, 64, was re-elected as the CIO's executive vice-president after losing the showdown to Reuther.

The split in CIO ranks over the election apparently was quickly healed, at least on the surface. Reuther told the convention:

NOT DIVIDED

"We are not going to go out of here divided. We are going to go out of here united to carry on this struggle until we win."

The ballot result was announced at 3,079,181 for Reuther, and 2,613,103 for Haywood, giving Reuther a margin of about eight per cent of the CIO's claimed membership.

The new president said he was content to keep living on the $11,250 annual salary he gets as president of the more than 1,000,000-member Auto Workers Union.

I'm in the labor movement not for what they pay me," he told reporters. "I'm in here because I believe in what they're doing."

Ask Ottawa Ease Financial Burden

OTTAWA (CP) — The Canadian Federation of Mayors and Municipalities urged the federal cabinet today to take steps to ease the financial burden of Canada's towns and cities.

A delegation led by Mayor A. J. Mason of Springhill, N. S., federation president, placed before acting prime minister C. D. Howe and a cabinet committee a brief prepared in two days of executive sessions in Montreal.

It repeated requests for three steps long sought by the federation:

1. Exemption of municipal purchases from the 10-per-cent federal sales tax.

2. Full municipal taxation of all federal property or equivalent grants in lieu of taxation.

3. Convening of a federal-provincial-municipal conference to review the functions and responsibilities of the three levels of government.

Three People Hurt In 2-Car Collision

BELLEVILLE — (CP) — Three Oshawa district persons were injured Thursday night in a two-car collision near Bayside, west of this city.

Admitted to hospital were Mr. and Mrs. Allen Ferris of Harmony Road, near Oshawa, and James Seabrook of the same address. Mrs. Ferris suffered a broken leg, while the other two received a shaking up and lacerations.

A car driven by an RCAF officer collided head on with the Ferris vehicle.

Allied Planes Hit Along Central Front

SEOUL (AP) — Allied fighter-bombers plastered Chinese Reds on the central front for the third straight day today.

Other United Nations planes ranged deep into North Korea and attacked Communist supply and troop targets.

Action was virtually nil along the frozen battle front. The Reds threw no more than 40 men into their scattered jabs at the Allied lines.

A UN raiding party shot up a Chinese outpost on the western front Thursday. The raiders withdrew to their own lines after killing an estimated 58 Reds

Gets 18 Months Extra For Jail Escape

OTTAWA (CP) — David Kidd, 25, escapee from Kingston penitentiary recaptured here two weeks ago, today was sentenced to an additional 18 months in penitentiary.

Kidd, who had served one year of his five-year term before escaping, pleaded guilty to five charges of house-breaking and theft committed during his five days of freedom.

Magistrate Glenn Strike said Kidd isn't "the dangerous type." He sentenced him to 18 months concurrent on the five charges, the sentence to be served at the end of his five-year term.

In Serious Condition

OTTAWA (CP) — A Canadian soldier returning from service with the 25th brigade in Europe fell from a train in Maine last Wednesday and is in serious condition in a U. S. Air Force hospital at Bangor, Me.

Army headquarters identified him as Gnr. D. J. Campbell of Hamiltton.

Announce Number Of Seats Available For Coronation

OTTAWA (CP) — The government told Canadians today there is "a substantial number" of seats available on the Coronation route and that, as far as possible, they can be had on a first-come, first-served basis.

At the same time, it was announced that Prime Minister St. Laurent will head a 13-man official Canadian delegation to the June ceremonies in London and that it will include other dignitaries of the cabinet, Parliament, the Supreme Court and the civil service.

An announcement by the Coronation committee told Canadians who want to see the Coronation procession to get their bids in early to Ottawa. The deadline is Jan. 31, 1953.

The statement said in part:

"In addition to the members of the official delegation and four representatives of veterans' organizations, recommendations — based on official precedence — will be made, to the extent of Canada's allotment of seats in the abbey, for invitations to attend the ceremony there.

"Substantial blocks of seats in stands at various points along the procession route will be available for allocation to Canadians who apply to the Coronation Committee of Canada, Department of Secretary of State, West Block, Ottawa.

"A printed application form for these seats will be available within a few days and will be sent by the Coronation committee of Canada to all persons residing in Canada who have already written about seats on the procession route. A number of spaces in the stands are being reserved for purchase by Canadian veterans who may represent their associations at the Coronation."

Wait 7 Hours For General, Feet Frozen

Canadian Soldiers Forced To Stand In Bitter Cold

IN KOREA (CP)—Canadian troops waited for seven hours in bitter cold Thursday for the arrival of U.S. President-elect Eisenhower.

AP correspondent Don Whitehead who accompanied Eisenhower on his Korean Mission said that on his third day's arrival in Korea he reviewed units of combat troops from Allied countries.

"Some cases of frost-bitten feet were reported among troops who had stood for hours waiting for the general's arrival," Whitehead reported.

"One unit—the Canadians—had waited in the cold for seven hours," Whitehead said.

The general obviously wasn't aware the troops had been ordered to assemble so long before his arrival.

A sharp wind from the north sent the temperature skidding to near zero.

The Canadian 25th Brigade is part of the Commonwealth Division in Korea.

Tunisian Leader Shot To Death

TUNIS, Tunisia (AP) — Fehrat Hached, Tunisian trade union official and a nationalist leader, was found shot to death last night near his bullet-riddled automobile on a highway south of Tunis.

French authorities immediately placed a 8 p.m. to 6 a.m. curfew on Tunis and the surrounding area.

The murder came at a time when Tunisia's demands for independence from French colonial rule were being heard at the United Nations sessions in New York. France has boycotted the debate in the UN political committee.

Hached had planned to attend a meeting of the International Confederation of Free Trade Unions leaders in New York, but the French had refused him permission to leave Tunisia. The Tunisian Labor Federation lodged a protest against the action on Tuesday, saying this was the fourth time Hached made political speeches on previous trips out of the country.

Gen. Jean de Hauteclocque, the French president-general in Tunisia, was in Paris at the time of the slaying. He left immediately by plane for Tunis.

He was conferring with Premier Antoine Pinay on new measures for quelling nationalist violence which has claimed at least 116 lives in the past 10 months in the troubled North African protectorate.

Senators Get Fleas Demand Clean-up

BRUSSELS, Belgium (Reuters) —Decontamination squads moved into Belgium's stately Parliament today after senators, scratching furiously, had complained of catching fleas there.

Experts tackling the building with insecticide sprays said the flea epidemic was brought in by a janitor's cats.

HER 100TH BIRTHDAY is the anniversary Mrs. Katherine Todd will celebrate on Saturday. A daughter of Philip Fitzpatrick, one of the original settlers of Dummer township, she has been in a Campbellford nursing home for the past four years. Her hearing is poor, but her mind is still "clear as crystal."—(W. W. Reid Photo)

Of Pioneer Dummer Family Mrs. K. Todd 100 Saturday

CAMPBELLFORD (ENS) — A daughter of one of the original settlers of Dummer township, Mrs. Katherine Todd, will celebrate her 100th birthday Saturday. Still possessed of a mind "as clear as crystal," according to those close to her, Mrs. Todd lives at a nursing home in Campbellford and for the past four years has been confined to her bed.

Her father, Philip Fitzpatrick, was born in Ireland and in 1831 came to Canada and settled in Dummer township. He took 100 acres on lot 8, concession 4, which he cleared, fenced and improved.

He married Elizabeth, or Eliza, Christie, who died in 1865. There were 11 children in the family, and Mrs. Todd is the sole survivor. A brief note of Mr. Fitzpatrick is included in the "History of the County of Peterborough" written by the Rev. C. P. Muivaney of Toronto, with assistance from Charles M. Ryan, also of Toronto and Charles R. Stewart, of Haliburton.

Several branches of the family settled in this district: one near Hastings, another around Douro, and the third in Dummer. The Hastings branch were in Percy township.

Little is known of Mrs. Todd's own life. She is nearly deaf and it is difficult to carry on a conversation with her. Her husband was a farmer in Rawdon township for some years, and died more than 25 years ago.

There were no children born of the marriage, and Mrs. Todd's only living relatives are grandnieces and nephews living in Hastings and Toronto.

DIABETIC DIES—Mary Taylor, 19, of Barrie, died two days after she ceased taking the insulin she had had to use since she was three. A diabetic, she took insulin several times a day but stopped after attending the meetings of a travelling evangelist and put her faith for a cure in a belief of God. With her is a baby sister.

Lie Fires Nine UN Employees

UNITED NATIONS, N.Y. (AP)—UN sources said Secretary-General Trygve Lie fired nine American employees today for refusing to answer McCarran committee questions about Communist affiliations and subversive connections. This brings to 18 the number dismissed in 1952 for this cause.

Lie, in a formal statement, warned his staff of 3,000 they face the same fate if they act similarly.

The new notices of dismissal were contained in letters, the UN sources said, which are expected to be made public later today. The terms and mechanics of the firings are also expected to be announced.

Government Hints Election Next Fall

OTTAWA (CP) — The government just about said it out loud today: the chances of a spring election in 1953 are slim if not non-existent.

The tip came in an announcement by the Coronation committee which said it is proposing that Prime Minister St. Laurent head Canada's delegation to the Coronation of Queen Elizabeth June 2 and that the delegation include five other cabinet minister.

There has been speculation that there might be an election next spring. Today's announcement will swing the odds strongly in favor of next fall.

Traffic Snarled For 4 Miles

TORONTO (CP) — Traffic was snarled for four miles along the Queen Elizabeth Way early today when a car crashed into a boulevard abutment on the western outskirts of the city.

The accident sent off a chain of skids and upsets in the pouring rain. Eight trucks either overturned or became bogged down in mud alongside the highway.

Jan van der Lagemaat of Toronto, who police said was driver of the car which skidded into the abutment, was trapped in the wreckage for 20 minutes before he was freed with the help of a welding torch. His injuries were minor.

Charles van Vliet, of Dixie, Ont., and Gary Koetsier, 24, of Woodstock, described by police as the drivers of the trucks which overturned on the highway, escaped with a shaking-up.

Ten carloads of police were called to clear up the tangle.

Tours Front, Talks To Soldiers

Spends Three Days Inspecting Units, Confers With Rhee

SEOUL —(AP)—U.S. President-elect Eisenhower took a hard look at the Korean war situation for three days, inspected combat units near the front and departed today for the United States.

He indicated that he does not believe in attacking Red China or otherwise spreading the 2½-year-old conflict.

Eisenhower was well guarded and he was in excellent spirits.

Shortly before his departure, Eisenhower visited President Synghman Rhee of South Korea for a hastily-arranged conference.

A source close to Rhee said the two exchanged notes which may be made public tomorrow.

The Eighth Army announced that the general had completed his whirlwind tour of this war-torn home. He left Korea at 8:01 p.m. (6:01 a.m. EST) today.

NO TRICK SOLUTION

His Korean trip fulfilled a promise he made to American voters in the closing days of the successful political campaign he waged to win the presidency.

The general told a press conference before leaving: "We came over here to learn. We have no panaceas, no trick ways of settling any problem."

But he strongly indicated the solution to the Korean conflict does not lie in spreading the war to attack Red China. He said:

"How difficult it seems to be in a war of this kind to work out a plan that would bring a positive and definite victory without possibly running a grave risk of enlarging the war. There are many limitations on a war of this kind, but this much is certain. . .much can be done, in my opinion, to improve our position—much will be done."

He hinted one of the first moves would be a speedup in training South Koreans to take over most of the combat burden now falling on the Americans.

U.S. officers working with the South Koreans feel much can be done—but no one should expect too much too soon despite the startling progress made in two years in building the Republic of Korea forces into effective fighting units.

STUDY DETAILS

Eisenhower added that on his way home he would meet with members of his staff to study "everything we have learned here."

Eisenhower left as secretly and quietly as he came. He arrived Tuesday and left today.

He found Korea raw and cold, heaped with the dead and rubble of war, a waif among nations shivering in its third winter of strife.

If he found a way to stop the slaughter, he did not say so.

TOURS FRONT (Continued on Page 2)

Philip Giving Son Lessons In Swimming

LONDON (Reuters) — Prince Charles, chubby four-year-old heir to the British throne, is learning to swim from his seafaring father.

The young Prince already can swim six breast strokes before floundering.

His father, the Duke of Edinburgh, is himself a good swimmer and high diver. He holds up his son during the lessons with a long pole fitted with a rubber loop.

Evangelist Will Be Subpoenaed To Give Evidence

TORONTO (CP)—An itinerant evangelist will be subpoenaed to testify at the inquest into the death of a 19-year-old girl who died 60 hours after she stopped taking her life-giving insulin. Brown-haired Mary Taylor, 19, a sufferer from diabetes since she was four years old, had attended Pastor W. R. Holmes' healing sermons at Barrie, Ont., and had decided she could be cured by faith. Dr. Smirle Lawson, chief coroner for Ontario, said Thursday night that in view of Pastor Holmes' "expressed willingness to attend an inquest in Barrie we decided to subpoena him and we expect he will attend."

He added that Dec. 22 had been set as the tentative date for the inquest at the Lake Simcoe town 50 miles north of here. He speculated that the jury's verdict might recommend a legal ban on the activities of faith healers. Miss Taylor died Wednesday.

Meanwhile claims of healing through faith and prayer came from more than a score of persons who attended Pastor Holmes' meetings. Against them arose a storm of anti-healer protest from religious and medical circles.

Pastor Holmes, who comes from Tulsa, Okla., said in Tonawanda, N. Y., that he will return to Barrie for the inquest. He added:

"I have prayed for hundreds of persons and they have been cured. This is the first time anything like this has happened."

The Rev. Donald A. Jones, pastor of the Apostolic Church of Pentecost in Orillia, where about 1,400 persons heard Pastor Holmes during a week of preaching, said 27 persons professed salvation and there were "anywhere from 30 to 40 healings." Some of these, he claimed were "invisible healings."

MUST USE JUDGMENT

The Rev. Gordon A. Sisco, general secretary of the United Church of Canada, said: "There is a place for faith healing within the church but only if it is undertaken in close co-operation with the medical fraternity."

Bishop A. R. Beverley of the Anglican diocese of Toronto said that faith begins where medical science leaves off. He said that it would be foolish not to make use of every available medical means but "there is plenty of room for faith after that."

A Roman Catholic spokesman said the church encourages and abets the use of medical knowledge.

Dr. J. A. MacFarlane, dean of medicine at the University of Toronto, said in his experience instances where faith alone could achieve a cure were rare and only of a type where the mind had to be treated.

Cancel Search For Lost Plane

LONDON, Ont. (CP) — Search for two lost aircraft—five men in all—has been called off, RCAF officials said today.

Eleven aircraft from RCAF station Centralia scoured Georgian Bay are in a futile hunt for four Edmonton football fans, missing since last Friday when they disappeared on the last leg of their flight in a single engined plane from their home city to Toronto. Two planes have returned from Bagotville where they took part in a hunt for a lost Sabre jet fighter.

Canada Pleased With Results Of U.K. Parley

LONDON (CP) — Canada was reported today well pleased with results achieved so far in the Commonwealth economic conference.

Leading members of the six-man Canadian delegation, headed by Prime Minister Louis St. Laurent and Finance Minister Douglas Abbott, appear convinced that sterling-area countries represented at the conference are genuinely striving to prepare for the sort of trading conditions Canada has long urged.

The conference, now entering its seventh day, has definitely shown a desire to move away from restrictionism into a situation where the emphasis will be an expansion. A Canadian source said "very real headway" has been made.

It is understood that the Commonwealth goal remains the same —the creation of conditions favorable to convertibility. This is not expected to happen overnight. Whatever decision is taken by the conference on this subject will require support of the free world's two other major trading groups, Western Europe and the United States.

So fundamental a decision as convertibility obviously is conditional on co-operation with other trading areas, a Canadian official said.

It is understood some difference of opinion has been expressed at the conference on the subject of the general agreement on tariffs and trade (GATT).

There are grounds for believing that the British delegation, for instance, considers that the GATT regulation prohibiting any new preferences is too rigid. In the British view, exceptional circumstances might justify an exception being made.

As things stand now, one country might flood British or colonial markets with an article produced under conditions which the United Kingdom would construe as unfair competition. Britain could not slap a tariff on the competing country's article without applying it to all other GATT countries as well.

Canada and the U.S. would resist any fundamental change in GATT but might concede that special circumstances would call for greater flexibility.

CANADA PLEASED (Continued on Page 2)

Suspend Governor Of Hastings Jail

BELLEVILLE (CP) — Robert Scott, governor of Hastings county jail here, was suspended pending an investigation into the escape Tuesday of two prisoners.

The two, John Van Dusen, 16, of Madoc, and Harold Grey, 17, of Marmora, were recaptured the same day and sentenced Thursday to an additional five months in jail.

Van Dusen was serving a year for car theft and Grey six months for armed robbery.

Conserving Fuel

Russians Use Mother Plane Carry Jets

LONDON (AP)—Russia has developed a mother plane which can carry two jet fighters at high altitude until they are needed for combat, Jane's "All The World's Aircraft" says.

The unofficial but authoritative aviation handbook described the flying aircraft carriers as a modified version of the four-engined TU4, a Soviet copy of the United States Air Force B29 Superfortress.

Jane's edition for 1952-53, out today, said the TU4s have been fitted with a girder-type structure on the leading edge of each wing to which MiG15 jet fighters can hook themselves after take-off. The fighters can disengage when enemy planes are sighted.

TO CONSERVE FUEL

The object of the mother plane-fighter combination is to conserve fuel which the short-range jets otherwise would have to burn while climbing into action.

The new method seems to adapt a ferrying idea used in experimental work of other countries in the past. An F84 Thunderjet was dropped last spring from a U.S. Air Force B36. B29s have been used in launching speedy research planes such as the X1 and the Navy Skyrocket.

Jane's said a new Russian jet fighter now in production is believed to be slightly faster than the MiG15, itself in the speed of sound class doing 10 miles or more a minute.

The handbook also passed along a few new reports about the Russian type 31 bomber, a six-engined craft believed by the U.S. Air Force to be capable of flying from Russia to American targets and back.

Jane's said the plane, a swept-wing type driven by either six jet or six turboprop engines, is believed to be in production in a factory in central Russia.

Jane's reported that Russia's production of fighter planes was now about 11,000 a year—half her total plane output.

Cheap Cigarettes Harming Ont. Growers

ST. THOMAS (CP) — J. Fred Thomas, chairman of the Burley Tobacco Marketing Association of Ontario, said Thursday the importation of cheap blended cigarettes from the United States has become injurious to burley tobacco growers in Canada and the whole Canadian tobacco industry.

Mr. Thomas said the outlook for the 1953 burley crop was "very discouraging."

U.S. cigarettes, selling at 33 cents for 20 compared with the 39-cent-for-20 price of standard Canadian brands, first went on sale two weeks ago in some Ontario and Quebec chain grocery stores.

Kent county in this district is the largest producer of burley tobacco in the province. A considerable portion of the burley crop is used with flue-cured tobacco in the production of Canadian blended cigarettes. The balance becomes pipe and chewing tobacco.

Mr. Thomas said a minimum average price of 29½ cents a pound has been established for the 1952 burley crop, which is a drop of one-half cent a pound over last year's price. Higher estimated crop yields are expected to bring a return to the grower equal to that of 1951.

Association members will be charged three-quarters of a cent a pound to meet increased costs of the association, Mr. Thomas said. The present estimate of this year's crop is 2,055,800 pounds.

Dairy Operator Fights Butter Substitute

TORONTO (CP)—Mack Robertson, Belleville dairy operator, says dairymen play into the hands of margarine manufacturers when they refer to the product as a butter substitute.

In a talk before the Ontario Creamery Association Thursday he said:

"If I were a manufacturer of margarine, I would be tickled to death every time it was called a butter substitute."

He said "ersatz" or "pseudo" would describe margarine better.

Every known dairy product can be copied in sight, taste and smell by synthetic producers, M. G. Van Busirk, president of the Illinois Dairy Products Association, said.

He said synthetic dairy products were making such serious inroads into the United States dairy industry that the health of the country would be slowly undermined unless immediate action were taken.

Peterborough Hogs, Grain And Produce

FRIDAY, DECEMBER 5

Hog quotations $25.55 delivered.

Sow quotations $16.60 delivered.

Dressed prices for ungraded eggs: A large 38c; medium 31c; pullets 26c; B 29c; C 26c.

Quaker Oats Company of Canada quotes Ontario winter wheat No. 1, $1.80; No. 2, $1.80; No. 3, $1.77; feed oats, 75c; buckwheat, $1.20; feed barley, $1.40; Ontario yellow corn, basis 15% moisture, $1.40.

The company is not in a position to accept any wheat for storage.

Thieves Crack Safe

WINDSOR, Ont. (CP) — A safe-cracking job was executed in Amherstburg Thursday night as break-in artists smashed open a 1,000-pound safe at Canadian Canners Ltd., and escaped with a sum of money estimated at "not over $100."

TO UNDERMINE THE SOVIET, these Czech actors and actresses broadcast regularly through Radio Free Europe. They do a weekly program called "Cafe de l'Europe" that satirizes the Communists.

Judge Reserves Appeal Ruling

TORONTO (CP) — Steve Suchan and Leonard Jackson, sentenced to be hanged Dec. 16 for the murder of Toronto detective Edmund Tong, will know soon — likely next week — whether they may carry an appeal to the Supreme Court of Canada.

Mr. Justice J. W. Estey reserved decision Thursday on their request for leave to make the appeal. His decision will hinge on whether there was any misdirection of law at their trial in Toronto.

In a two-day hearing, representatives of the crown and defence argued whether the trial judge should have admitted certain evidence that came before the jury.

The evidence dealt with the captures of the two men after gunfights in Montreal and the target practice they carried out on a dummy torso the night before detective Tong was shot on a Toronto street March 6.

Fires In 5 Churches Traced To Girl, 13

POND CREEK, Okla. (AP) Vandalism and fires in five churches were traced today to a 13-year-old school girl who said she resented religion.

The girl admitted setting the fires.

"I did it because my parents made me go to church. I told them if I went to any, I wanted to go to a different one than they belonged to," she said.

The Weather

Peterborough Temperatures:

Today:
Night low...36 Noon...39
Noon barometer.....29.1

Yesterday:
Highest.....37 Lowest...20

One Year Ago:
Highest.....46 Lowest...37

.16 inches rain.

Official forecasts issued by the Dominion public weather office in Toronto at 9:30 a.m.

Synopsis:

A large area of snow and rain covering most of the Great Lakes area this morning is moving northeastward. In southern Ontario the rain ended early this morning in western sections and is expected to move east of the province late this evening.

In northern and central regions the steady snow is expected to become much lighter this afternoon and to end before Saturday morning.

Although westerly and northwesterly winds are expected in most regions tomorrow, the temperatures are expected to be only a little cooler than today.

Regional forecasts valid until midnight Saturday:

Eastern Lake Ontario, Haliburton regions: Cloudy today and Saturday. Occasional rain ending late this afternoon. Little change in temperature. Winds south 20, becoming southwest 15 late this afternoon and west 15 on Saturday. Low tonight and high Saturday at Trenton 32 and 40. Killaloe 30 and 38. Summary for Saturday—Cloudy.

SCATTER RUG . . . SCATTER BRAIN?
If this little lady had listened to good advice about accident insurance, injuries sustained when a scatter rug slid from under her would not have gotten her in debt. YOU think about it, too!

Cheese, Produce And Livestock

TORONTO FRUIT

TORONTO (CP)—Wholesale fruit and vegetable price changes quoted here today were: spinach $1.25-1.50.

Potato prices were unchanged.

TORONTO PRODUCE

TORONTO (CP)— Churning cream and butter print prices were unchanged here today.

All grades were in good supply at the egg market and prices declined slightly. Quotations for graded eggs in fibre cases were: A large 43; A medium 36-37; A small 33; grade B 34-35; grade C 32. Wholesale to retail: A large 48-49; A medium 41-42; A small 37-38; grade B 40-41; grade C 35-37.

Butter solids: First grade 62; no prices established on second or third grade; Western 62 nominal.

BUFFALO LIVESTOCK

BUFFALO, N. Y. (AP) — Cattle 700; demand moderate for dryfed western steers and heifers; market about steady. Three loads of choice western steers and heifers 28.50-29.50; good southern steer 26.00; demand slow for a moderate supply of dairy-type cows and bulls early market not established.

Calves 100; early market not established.

Hogs 850; no rail hogs here; good to choice state hogs 15.00-17.50; sows 13.00-14.50; boars 9.00-11.00.

Sheep and lambs: receipts too few to establish a market.

CHICAGO GRAIN

CHICAGO (AP) — Grains were quite weak at the opening on the board of trade today, continuing the late selloff of the previous session.

Soybeans took the hardest pounding. Selling was based on the pronounced weakness recently in soybean meal.

Wheat opened ⅛-¼ cent lower, December $2.33-2.32⅞; Corn was ⅛ to one cent lower, December $1.66½-¾, and oats were ¼-⅜ lower, December 84 ⅛-½. Soybeans were ½-1¼ cent lower, January $3.04¼-¾.

WINNIPEG GRAIN

WINNIPEG (CP) — Prices of coarse grain futures showed an easier tone in early trade today on the Winnipeg grain exchange. This reflected the U.S. trend, but early losses were reduced or erased as U.S. prices became firmer as trading progressed.

Processing accounts were credited with barley buying, there were shipping orders in oats and some U.S. demand was noted in flax. Commercial demand generally was not aggressive.

11 a.m. grain prices:

Oats: Dec. ⅛ lower 84⅝; May ⅛ lower 83¾; July ⅛ lower 79¾.

Barley: Dec. ½ lower 1.31¼; May ⅝ lower 1.26½; July ⅛ lower 1.20.

Rye: Dec. 1¼ lower 1.77⅝B; May ⅝ lower 1.84¼B; July ¾ lower 1.83⅛B.

Flax: Dec. ½ lower 3.44½B; May 1 lower 3.42¼B; July 1 lower 3.43½.

Mrs. Maud M. Graham

HAVELOCK ENS)—The funeral of Mrs. Maud Minnie Graham, 73, widow of the late Christopher Graham, was held this afternoon from the B. A. Curtis funeral parlor to St. John's Anglican church, where the service was conducted by the Rev. H. E. Peasgood. Burial was in Maple Grove cemetery. Born in Belleville, Mrs. Graham was a daughter of the late Joseph Cataract and Sarah Conkrite. Her death on Wednesday followed an illness of two weeks. She had lived in Havelock for 66 years and was a charter member of Lady McGill L.O.B.A. No. 471, under whose auspices the funeral was held. She was also a member of St. John's Anglican church and the Foresters.

Surviving are three nieces, Mrs. F. J. Lynch of Peterborough, Mrs. Howard Grills of Ottawa, Mrs. Charles Vincent of Rochester, N.Y.; three nephews, Chris Graham the Rev. W. C. McCarney, J. G. McCarney of Peterborough. Other relatives reside in Montreal, Que., and Calgary, Alta.

Bag Two Moose

NORTH BAY (CP) — Lew Depew and his brother William of Brantford bagged two bull moose, weighing half a ton each, within two hours during a recent hunting trip at nearby Gowganda. It took five men 2½ hours to pack the meat out of the bush to the road, a distance of three miles.

Priest Risks Life To Give Miner Last Rites

POTTSVILLE, Pa. (AP) — A priest risked his life to crawl through a 40-foot shaft and administer the last rites of the Roman Catholic Church to a trapped coal miner last night, then doffed his robes for a shovel and helped dig the man out.

Rev. John J. Shellum, curate of Mary Queen of Peace Church, was one of the first men to reach Sylvester Prosper, 50, after he was buried up to his neck by a fall of coal in a shaft dug by him at the bottom of an open stripping coal operation.

Prosper was removed from the shaft, which extended straight down 20 feet and off at an angle for another 20 feet, almost 10 hours after being trapped.

Hospital authorities said he suffered contusions and bruises.

Dr. George Webb Dies In Toronto

Dr. George T. Webb, 87, probably the oldest ordained Baptist minister in Canada, died in hospital in Toronto on Thursday night. He had been a minister for 64 years. Dr. Webb was a brother of the late Rev. J. R. Webb, who for 18 years in the early part of the century, was minister of Murray Street Baptist Church. While his brother was a minister in Peterborough, Dr. Webb visited in the city on several occasions and has more than once occupied the pulpit of the Murray Street Church.

In 1934 he retired from the ministry, but has continued to take an active part in the Baptist Church supplying on Sunday and doing considerable lecturing.

Dr. Webb was born in Montreal and was ordained in 1883. He held pastorates in Niagara Falls, N.Y., London, Ont., and Toronto.

MORE ABOUT—

Tours Front

Continued from Page 1

The first U. S. president-elect to tread a smoking battlefield, Eisenhower talked with generals and soldiers, bunkered against sleet, snow and wind in the razor-edged mountains.

The general talked with troops of the U. S., Korea, Britain, Canada, France, Australia, New Zealand, Thai, the Philippines — the countries whose young men keep the northern watch in Asia against encroaching communism.

BUSY SCHEDULE

Eisenhower appeared hardy and rested as he was whisked from command post to command post in light planes.

He jumped off on a backbreaking inspection tour the first day, talking to Sabre jet pilots, marines and soldiers.

One of his first stops was at the headquarters of the U. S. 1st Corps where he reviewed troops gathered from all 17 United Nations units serving in Korea.

Eisenhower's son, Maj. John Eisenhower, was assigned as his father's aide during his tour of Korea. Young Eisenhower is assistant operations officer of the U. S. 3rd infantry division in Korea.

Also along was a host of brass, including defence secretary-designate Charles E. Wilson, the incoming attorney-general, Herbert Brownell Jr.; the chairman of the joint chiefs of staff, Gen. Omar Bradley the navy's Pacific commander, Admiral Arthur Radford, and the two top Far East commanders, Gen. Mark Clark and Gen. James A. Van Fleet.

Others he talked with were Maj.-Gen. Stephen R. Shoosmith of the British Army and deputy commander to General Clark, and Maj.-Gen. William Chase, head of the United States military mission in Formosa, seat of Nationalist China's government.

VISITS WOUNDED

He watched firing from artillery posts, tramped in the snow and visited freshly-wounded at receiving stations in the field.

Jeeping through the brisk Korean cold Eisenhower wore a fur-hooded air force parka, field boots and wool olive drab trousers. Sometimes he traded his costume for a regular army field jacket and pile cap.

Eisenhower carried no pistol but Van Fleet sported his usual white handled automatic.

To maintain secrecy en route to Korea, Eisenhower did not leave his plane until it reached lonely Iwo Jima in the Pacific. He had remained quietly aboard while the sleek Constellation refueled at Travis Air Force Base, Calif., Hickam Field, Hawaii and Midway.

CARRIED DOUBLE CREW

On the long jaunt from New York, Eisenhower's plane carried a double crew to insure that a rested and alert hand was on the controls at all times. The plane carried two pilots in addition to another veteran pilot as aircraft commander.

A complete news blackout on all the general's movements prevailed from the time he walked from New York's Hotel Commodore as though he were going for a stroll.

A small party accompanied the general while his New York headquarters threw up a news screen by dolling out the names of the general's future cabinet and aides.

The 77-year-old South Korean president, Syngman Rhee, was on hand in battered Seoul, the 500-year-old Korean capital, to talk with Eisenhower.

But the general's movements were so carefully shielded that many Korean school children and admirers missed him.

Aylmer St. Store On End Of Shuffle

The advertisement of Deyell Refrigerating Sales and Service at 338 Aylmer St. refers to sale of that property effective December 31. J. B. Deyell explained today that the transfer of the store which he occupies is in progress of negotiation with Marlow Banks for a bicycle and repair shop. Arrangements for the sale are virtually complete.

The Banks shop at 218 Charlotte St. is owned by Eric Howard, whose Men's Apparel store at 329 George St. is in the block of buildings bought by F. W. Woolworth Co. for the new location of their business which it is understood they intend to proceed with erecting early in 1953.

It was reported that Mr. Howard expects to have the Charlotte St. promises renovated for his retail use about February 1.

Dr. T. W. Taylor Dies In Toronto

TORONTO (CP) — Dr. T. Wardlaw Taylor, 86, for many years clerk of the general assembly of the Presbyterian Church in Canada died here Thursday night.

Son of Sir Thomas and Lady Wardlaw Taylor of Winnipeg, Dr. Taylor was trained as a lawyer before entering the ministry. He was regarded as an outstanding authority on Presbyterian Church law.

He is survived by his widow; one daughter, Edith Wardlaw; one brother, Caven of San Francisco; three sisters, Mrs. F. F. Wesbrook and Mrs. R. M. Thomson of Vancouver and Mrs. J. J. C. Thomson of St. Catharines.

Back Polish Delegate For Lie's Job–Reds

UNITED NATIONS, N.Y. (AP)—Russia's Andrei A. Gromyko said the Soviet Union backs Poland's Foreign Minister Stanislaw Skrzeszewski for the job of UN secretary-general now held by Trygve Lie.

Lie said he is not insisting his recent resignation be accepted forthwith.

"I am not walking out of this post," he told reporters.

Continued from Page 1

On convertibility, with Indian, Pakistani and Ceylonese support, Britain has opposed Canadian, Australian, New Zealand and South African pressure to take quick steps toward freeing the pound.

TEMPORARY COMPROMISE

A temporary compromise, however, seems to have been reached. Britain, wanting to go slow, is reported to have obtained deferments of a decision until the view of the new U. S. Republican administration can be learned early next year.

On industrialization, South Africa's minister of economic affairs, Eric Louw, apparently keynoted the feelings of the expanding young Commonwealth states when he said in an interview his government could no longer look to Britain alone for capital and goods. He made it plain that South Africa in the future wants new investment capital from the United States.

His government, he said, will continue his industrialization program although its first concern will be to consolidate past development rather than set up any new industries.

Louw is known to have criticized Britain indirectly during the conference for not coping effectively with inflation at home and for a lag in delivery of capital goods to South Africa.

BRITISH TROUBLE

Such young countries as South Africa, Canada, New Zealand and Australia seem inclined to see the Commonwealth economic crisis as mainly a British trouble.

This apparent attitude is said to have led to a minor exchange between Britain's foreign secretary, Anthony Eden, and Australian Prime Minister Robert Menzies.

Eden is reported to have suggested the conference should try to wind up about Dec. 10. He is due to attend an economic parley in Paris on Dec. 12.

Menzies, informants said, complained at the suggestion. He said negotiations for nothing bigger than a meat contract usually ran into months and that there was little point in trying to solve all the problems of the Commonwealth in a matter of days.

Hot Lunches

KARACHI, Pakistan — (CP) — Under new government regulations all factories in Karachi employing more than 250 workers will have to maintain a canteen. The canteens will be operated on a non-profit basis y committees on which employer and workers have equal representation.

Short Winter

The first flurry of winter came to an end this morning when men of the city engineer's department, with brooms and a small motor-driven sidewalk sweeper brushed away a thin coating of sand that had been spread over snow which fell this week and was packed and slippery on sidewalks.

Charges Newspaper Edition Sabotaged

TORONTO (CP) — Claude Kewley, managing editor of the weekly Etobicoke Guardian, charged Thursday night this week's issue was "sabotaged" by his two partners who disagreed with him in his choices for an election slate for suburban Etobicoke township.

He told an election meeting he sent the paper to the printers with its contents favoring one group of candidates. When it came off the press, it had a four-page jacket with a slate approved by his partners, Ross Wilson and E. A. Byworth.

Kewley worked all night turning out his own four-page tabloid issue of the weekly. He said it will be delivered today to every home in the township.

Obituary

ROBERT PERCIVAL BORLAND

After a short illness, Robert Percival Borland, of 748 Water St., died today in Peterborough hospital. He was in his 57th year.

Mr. Borland was timekeeper at the Outboard Marine and Manufacturing Co. and he was a veteran of the First World War.

He was born in Hastings, son of the former Bertha Parsons, of Norwood, and the late Thomas Borland. At one time he was on the staff of the Royal Bank, and later with the Stirling Bank.

For the last 20 years he had lived in Peterborough, half of that time as timekeeper at the Outboard Marine and Manufacturing Co. Previously he was an accountant and timekeeper with mining companies in Sudbury and Kirkland Lake.

In the First World War he enlisted with the 39th Battalion Second Division. He served overseas and attained the rank of sergeant in the Royal Canadian Signals Corps. He was a member of the Red Patch Club and Branch 52 of the Canadian Legion.

Left are his mother, the former Bertha Parsons, who now lives with one of his two sisters, Mrs. Wilson Small (Mary), of Norwood; his other sister is Mrs. Fred Leach (Edna), of Peterborough; also a brother, T. Earle Borland, of Peterborough.

Mr. Borland was a member of St. Paul's Presbyterian Church.

The funeral will be at 2 p.m. Monday at the Nisbett funeral home, the Rev. C. G. Boyd, of St. Paul's, officiating. Burial will be in Little Lake cemtery.

Livestock Sales Become Livelier

Livestock sales have been livelier and a little firmer this week in reaction to the grateful announcement of the lifting of the U.S. cattle embargo March 1 next.

The weekly crop review of the Ontario Department of Agriculture quotes many of the counties in expressions of satisfaction with the prospect of renewed trade across the border, especially in dairy cattle.

The recent snow ended "an excellent fall for farmers." Many of them in Wellington took soil samples of their land for testing. Most of the wheat fields in Halton are going into the winter with very little top. Farmers have feed for the extra cattle many of them intend to carry through the winter.

Victoria says: Most of the cattle have been brought in from the ranges during the last few days to locations where more protection is available. "Hog breeding in the last few months has dropped about 30 to 40 per cent. as compared with a year ago."

In Lambton farmers are well stocked with cattle, and "many new houses are being built on farms." Some of the Western Ontario farms were still short of water early this week.

A Grenville comment: "Barns are full of hay, silos with corn, so that feed supplies may be fairly adequate to carry the heavy cattle population."

Will Continue To Discuss Commission

QUEBEC (CP) — The Quebec Legislative Assembly today will continue to discuss a government bill to give a commission set up to study farm marketing problems more time to complete its work.

The assembly approved the bill in principle Thursday by a 77 to 0 vote after the Liberal opposition criticized both the government and the commission for not proceeding with more diligence.

The commission was created by a law adopted last year. Its three members were appointed last April and it held a first public sitting June last.

Judge Georges Heon is chairman and the two members are Abel Marion, president of the Catholic Farmers' Union, and Antoine Larue, Portneuf county prefect.

DISCUSS BAN

In the legislative council, the upper house, margarine legislation which would authorize the crown to share fines with persons who lay charges in court against violators of the ban was discussed.

The bill would also empower the government to confiscate vehicles used to transport margarine into the province and from one point to another in the province.

Debate in the upper house was adjourned until next Tuesday.

Arthur Dupre (L-Vercheres) described the creation of the commission as "an electoral measure" designed to get the farm vote in last summer's general election.

He said Ontario farmers were organized to market their produce and their products flooded the Quebec market.

Prices Continue Weak On Toronto Exchange

TORONTO (CP) — Prices continued weak today in slow early afternoon stock market trading.

Volume for the first three hours totalled 639,000 shares.

Central Explorers led western oils losses with a drop of 35 cents in active trading. Canadian Atlantic, Scurry and Central Leduc also slipped while Canada Southern made a small gain. The oils struck a new low for the year.

Industrials weakened as utilities, steels and retail stores slipped and most other issues mixed. Foods and banks showed some strength. Constructions were mixed although Canada Cement dropped $1.50 in the first three hours.

Senior golds lost strength as Dome and Bulolo slipped. Junior producers recorded a wide majority of small losses and prospects weakened. Conwest and Violamac leading. Holding companies turned downward from a mixed opening.

Higher-priced base metals gained but most others slipped. Anacon, Campbell Chibougama and Pend Oreille traded lower.

U.S. Dollar At Discount

MONTREAL (CP) — The American dollar was at a discount of 2 29-32 per cent in terms of Canadian funds, the Bank of Canada reported at noon today. Thursday's noon rate was 95 5-32 cents. The pound sterling was $2.72 1-16, against $2.72½ on Thursday.

Milverton Man Dies Of Collision Injuries

STRATFORD (CP) — Oscar Schwindt, 47, of Milverton, died Thursday night of injuries suffered in a collision between his motorcycle and an automobile 15 miles north of here.

Police charged motorist John Nafzier, 18, also of Milverton, with leaving the scene of the accident. He will appear in court here today.

Surviving besides Schwindt's mother are three sisters, Mrs. William Fink and Mrs. Alfred Chaston of Toronto and Mrs. R. Aitkens of Milverton.

DR. A. E. ARMSTRONG

A. E. Armstrong To Preach At Trinity

Supply minister for Trinity United Church until the arrival of the Rev. Gordon S. Maxwell will be the Rev. Dr. A. E. Armstrong, veteran mission board member.

Dr. Armstrong, accompanied by his wife, who served on the Presbyterian Church's overseas mission board from 1906 until church union in 1925 and on the United Church's board from then until 1948, returned early this year from a tour of the Orient.

On that tour he visited Japan, Korea, Singapore and India. For the past two months, he has been lecturing throughout the Maritimes on behalf of the church's missionary and maintenance department.

He brought back with him from the Far East the United Church's latest first hand information on the situation there.

He has served congregations in North Bay and Owen Sound as supply minister, and until Feb. 8, when Mr. Maxwell arrives, Dr. and Mrs. Armstrong will live in Trinity manse on Park St.

Recommend Association

SANTIAGO, Chile (AP)—The first world congress of newspaper men adopted a resolution Thursday recommending creation of an international association of newspaper men made up of national, regional and continental units. The organization would be limited to "professional newspaper men free from governmental political racial or religious influences." Delegates from 23 countries are taking part in the congress.

Fog Blankets London

LONDON (Reuters) — Fog and cold made life miserable in London today. Air line traffic was upset by the fog, and many trains were late. Commuters on their way to work, many sniffling with the chronic December cold, bore it stolidly.

ESQUIRE, a six-year-old Dachshund, became too enthusiastic while he was chasing a rabbit. He slipped a disc in his spine, paralizing his back legs. His future looked dark indeed, for the veterinarian said there was no hope for him. Then Esky's master, Billy Bower, 10, and Billy's father designed this walker. Esky took to it with glee. And now the vet is giving him shots that may help him recover. Here Billy adjusts the harness on the sling.

Government Approves Increase For Miners

WASHINGTON (AP) — The government has approved a daily wage boost of about $1.90 for hard-coal miners.

Economic Stabilizer Roger Putnam Thursday directed the wage stabilization board to tell John L. Lewis, United Mine Workers chief, and hard-coal operators that their contract has been approved. It calls for the increase.

Putnam sent a letter to the board saying that President Truman's soft-coal decision "of course would extend to any other similar contract involving coal mining."

Truman Wednesday night approved a $1.90 rise for soft-coal miners, over-ruling a decision by the wage board that $1.50 was all that could be allowed under the anti-inflation program.

Counties Council Bogs Down In Revision Court Problem

COBOURG (ENS)—Efforts of Northumberland and Durham Counties Council to wind up their December session Thursday afternoon became a vain hope when Council got bogged down by a discussion on filling a vacancy on the counties court of revision. The question of procedure in appointing a successor to Frank George, who resigned from the court of revision, and what should be done in regard to Leslie Bowman, who had not been attending the court of revision sittings, developed into so long a discussion that Council got nothing else done before having to leave to take part in the opening ceremonies of the Factory bridge in Cobourg. All of this necessitated a session today.

Yesterday morning's session heard a letter from J. F. George, which contained his resignation from the counties court of revision. As it was near the end of the year, Council felt that a new appointment could be left until the January session. However, at the opening of the afternoon session, George Annis and Leslie Wilson were there to inform Council that they were having a hard time getting a quorum for the hearing of assessment appeals.

Mr. George, said Annis, was a busy man and found it hard to attend all the court of revision sittings. Charles Chapman was a very faithful member of the court of revision, but the other member, Leslie Bowman, was absent frequently. The court of revision had met at Port Hope that morning to hear assessment appeals. There was a good number of taxpayers there, some with their lawyers, but the only ones there from the court of revision were Mr. Annis and Mr. Wilson—not a quorum.

"They had come at some trouble to themselves, and some had their lawyers, who do not work for nothing. We had to make excuses for the fact that there were only two of us there. We are getting rather tired of that, and we would like the Council, if they have the power, to tell these fellows that they have to show up at these court of revision sessions. Many times we only had three, which is a quorum, but lots of times people come up and asked me wasn't it right that there were five on the court of revision," said Mr. Annis.

"It is an embarrassing situation for these two men and we should take steps to correct it," said Warden Harry Campbell.

Council then devoted about an hour trying to decide whether they should "fire" Mr. Bowman, as well as name a successor to Mr. George, and how it should be handled in the appointment by-law. Some wanted to wait and see if Mr. Bowman would resign, as it had been reported that he didn't want the job. The name of Reeve A. B. Billen of Seymour Township was proposed as one of the new members to be appointed. However, he could not sit on the court of revision while a member of Council. Reeve Billen said he would be willing to resign as reeve to take the new post on the court of revision, but this brought up the question of whether he could resign at Counties Council or if he had to hand his resignation to his own township clerk. Council agreed that two should be appointed, but deferred further action until the next day.

Yesterday afternoon the warden and Counties Council, town of Cobourg Council, the mayor and others attended the formal opening of the new Factory Creek bridge, built at a cost of around $25,000. J. D. Millar, deputy-minister of highways, was present in the absence of the minister, the Hon. George Doucett, and cut the silken ribbon across the bridge to formally declare it open.

Grenade Hurled

TEL AVIV, Israel (AP)—A hand grenade was hurled at the Czechoslovak legation Thursday night. No damage or injuries were reported. It was believed the perpetrators were protesting against anti-Semitic and anti-Israel overtones stemming from the treason trial in Prague last week.

MECHANICAL WINDOW DISPLAYS DAY AND EVENING

Bring The Family

P.L. QUIP OF THE WEEK
The banker, who had gone to a doctor for a physical checkup, was told to get out into the open air, so he quit his job at the bank after thirty-five years and bought a filling station. The first morning he was open for business a man drove in and asked for ten gallons of gasoline. "Where are you going?" the former banker asked. "To Iowa City and back," was the answer. The banker looked at him sternly and said, "Don't you think you can get along on five gallons?"

No Malice Toward The Postal Department

Because we have been outspoken in criticism of the Canadian postal system as it operates at present, some of our readers appear to think that we are hostile toward the postal workers, and are moved by some mysterious malice toward them. This is far from being the case; we have a pretty shrewd idea of what some of their problems are, and we appreciate the attempts that are being made to solve them. But we also know that some of the problems of the postal service cannot be solved within the Postmaster General's Department without some preliminary discussion in Parliament, and the only way to draw matters to the attention of Parliament is to make an uproar. Consequently, we have been uproarious.

* * *

The biggest problem facing the Post Office is that Canada has been expanding at a great rate, and the postal service has not been able to expand as quickly. In this it is like several other governmental and private services, all of which are competing for men and materials to fill their needs. Good postal officials are not trained overnight, and part-time help can never be more than that. The many details which must be kept in the head of a Post Office worker on the higher level—details which change from week to week and sometimes from day to day—are not mastered by the kind of people who are looking for casual employment.

* * *

In its attempts to overcome its problems, however, we think that the Postal Department sometimes goes too far. For instance, Canadians sending Christmas parcels to England were urged to do so last month, in order to make sure of delivery in time for Christmas. They did so, and many of them have already received acknowledgements, written in November! This is not a deeply serious matter, but it does appear that the Post Office is doing a better job with overseas mail than it is ready to admit, and might relax its pre-Christmas posting schedules by a week or two. But in the matter of one delivery for residential districts, and two or more for business districts, we are not prepared to retract anything we have said. There is no reason why a four-cent stamp should be of more value to a business firm than to a private citizen who wishes to put one on a letter. It is on this point, more than on any other, that we hope that Parliament may be induced to take some action.

* * *

Nothing is further from our thoughts than to maliciously attack the postal workers, who do the best they can under the orders they are given. In particular we extend this assurance to the workers in the local Post Office who do a remarkable job under circumstances which would test the patience of saints. Relief will shortly come to them, in the form of a commodious and well-equipped building. But the greater postal problems will only be faced when Parliament takes them up, and we hope that will be soon.

More Accidents Here Than In Toronto

Even in this area driving is becoming a full-time job and a pleasure no longer. If you do not take your life in your hands every time you put them on a car wheel, you put your property (your car—now an expensive item—or somebody else's car) in risk. If you are not a fool of a driver, some other driver near you on the street or highway is a fool, a muddle-head or a nit-wit. The figures issued by the Motor Vehicles Branch prove it—*and in this very area.*

There were 1,353 accidents in Durham, Northumberland, Victoria, Peterborough, and Haliburton counties in the first nine months of this year. That is an increase of 13.3 percent. over the accidents in the same counties between January and September last year.

The accident rate in this area is bad and growing worse. The increase for the whole of Ontario during the nine-months' period was 8.4 percent. over last year in the same period. Here in this area the increase was 13.3 percent.

Perhaps people in this district take it for granted that because it is not Toronto and a metropolitan district with dense traffic and ten thousand accidents (actually, 10,333), driving in this area is easy, accidents are few and far between, and we need not be alarmed about the situation. This is a foolhardy notion.

The counties of Ontario, Peel and York, with ten times the population of Peterborough and surrounding counties, and with the great influx of cars from all over the Province into Toronto, had only eight times as many accidents. In other words, according to the population and the car population, the counties of Peterborough, Haliburton, Victoria, Northumberland and Durham had *more* accidents than Ontario, Peel and York counties, including Toronto.

It is time we woke up to this fact: that in comparison with the number of people and number of cars, the Peterborough area has more accidents than the Toronto area.

Toronto drivers may now have learned to be more careful, since they have become conscious of the road hazards. (The increase in accidents in the Toronto area was (January-September) only 4.4 percent., compared with the increase in this area of 13.3 percent. Toronto district drivers may be more skilful. But whatever Toronto drivers are and have become, it is time drivers in this Peterborough area woke up to the accident rate here, and began to drive properly and with proper precautions.

People east of Peterborough, in Hastings county, have no cause for complacency either: the accident rate in Hastings, Lennox and Addington, Frontenac and Prince Edward counties increased 11.5 percent. during the first nine months of this year, compared with the same period last year. In fact, those counties had 1,564 accidents during the period, more than Peterborough and the counties south, north and west of it.

She Did Her Best

More than forty years ago a 25-years-old nurse in the Australian back country telegraphed a description to Dr. A. J. McDonnell of a disease which was afflicting a two-years-old child under her care; he wired in return: "Infantile paralysis; no known treatment; do the best you can." And so Elizabeth Kenney put hot compresses on the child's body and massaged its muscles, and in time the child recovered to walk again. She did her best, and a very good best it proved to be.

Sister Kenney elaborated her method, and had much success with it; she established clinics in which it was practised, and while some medical men opposed her in this work, others were her friends and defenders. She became a controversial world-figure. Hollywood made a film about her, in which the beautiful Rosalind Russell appeared as the very plain Sister Kenney. This remarkable woman died last weekend at the age of 68, in her home in Queensland.

It is certainly not for us to give an opinion on her method. We can only say that it has worked in many cases, half-worked in many cases, and failed in many cases. Certainly many people are living normal lives today who would be crippled if Sister Kenney had not evolved her treatment. The quarrels of the medical world are long and involved, and we have no place in them.

We do not propose, however, to withhold our admiration from a woman who made a remarkable try in the fight against a terrible disease. She was not a scientist, and to her first case of polio she brought nothing but courage and an invincible determination to do everything that she could to help her patient, whether there was precedent for it or not. And that is a spirit which we hope will never be lacking among the men and women of the healing profession.

Mayors And Big Noises

It is not without a common significance that Mayors Lamport of Toronto, Whitton of Ottawa and Reaume of Windsor have all been re-elected. Whatever their individual geniuses and special abilities, they share this in common: a keen sense of publicity. They put on overalls, cowboy hats, elbow their ways into the thickest crowds at fires, ball games and conventions. They can raise tempests in tea-pots. They can bandy kisses as well as words. As a result the public is not allowed to forget them, nor can the newspapers ignore them.

It is said that young Winston Churchill once incurred the wrath of publisher Lord Rothmere because he objected to something a Rothmere papef has said about him. The word went out to all the Rothmere papers that Churchill's name was not to be printed, in any account, for any reason. The silence went on for months. It was more than Churchill could bear. He went back to Rothmere and begged the publisher to remove the ban: 'Print anything you like about me but print me'. Churchill has never been out of the news from that day to this.

Mayors Lamport, Whitton and Reaume know how to make sound and fury, however little or much it signifies.

NOTES AND COMMENT

A poultry expert says that hens should be amused. But how are we to know when a hen is laughing?

An explorer says that cannibals will not eat a man who smokes. Come to think of it, we wouldn't care for a steak that tasted of stale cigar.

A woman living in Italy has been arrested for stealing a bicycle a day for the past two months. Lazybones! A sharp woman ought to be able to manage at least two a day.

Notes And Queries

By ALPHA

Questions are solicited for this column particularly those relating to local lore and tradition.

DEAR ALPHA: A recent correspondent has deplored the condition of the monument in Confederation Park erected to commemorate Capt. Edward T. Brown, and the city and district volunteers who fought in the North-West rebellion.

To what family did Capt. Edward T Brown belong? Are any of his relatives residing here? And who is responsible for the repair and maintenance of this memorial?

ANSWER: Captain Edward T. Brown is commemorated, with other local men who went to the Northwest Territories to fight against the Louis Riel rebellion in 1885, in the monument now standing at the corner of George and McDonnel streets in Confederation Park. He was an uncle of Mr. A. T. Brown, Benson Avenue, and of his brother, Charles Brown, and sister, Miss Helen Brown, who live on the old farm homestead "Goodwood", Douro, east of Nassau.

Captain Brown and Mr. A. T. Brown's father, Stewart Brown, were twin brothers. Captain Brown was a son of Edward Brown and a grandson of the Hon Thomas Alex. Stewart, member of the Privy Council of Upper Canada and husband of Frances Stewart. (The Stewarts were cultural and intellectual leaders in Douro and Peterborough in the middle of the last century.) Captain Brown's mother was a daughter of the Stewarts.

✧ ✧ ✧

IN MARCH 1885, Colonel J. Z. Rogers of the Peterborough Rangers received word from Ottawa to raise a company to go to the Northwest. Ten times the number of men needed volunteered immediately. They were sent off for a little training, and thence to the West. Company G of the Midland Regiment was in action two months later and on July 23rd the men were back in Peterborough, being greeted by George A. Cox, mayor and presented each with a ten dollar gold-piece.

Compared with modern warfare and raising and training of men, this must be a record: enlistment, training, travel, (a month's) fighting and discharge, back home, all in four months. Captain Brown, however, neither went nor came back with these Peterborough men.

✧ ✧ ✧

TED BROWN left Goodwood, the paternal home in Douro as a young man to work for a Toronto firm of booksellers and stationers and before he went west worked for two other Toronto firms. He went to the Northwest in 1879; the Riel Rebellion took place in 1885.

Brown stayed in the Northwest. In 1883, in a published letter which has been preserved by his nephew, Mr. A. T. Brown, he wrote from Shell River, Manitoba, to Catherine Parr Traill, (a friend of himself and family and then an old lady with a reputation as a writer).

In this letter he tells that he went west with his uncle George Stewart on survey of the Riding mountains, (in which his cousin, T. S. Hay also took part), worked for the Hudson's Bay Company for two months, and talked with Major Boulton who was with two young English gentlemen on their way to Shell River, there to take up land (1880).

"The settlers here are of a very superior class, in our immediate neighbourhood the majority are from the Old Country, and a number of them men of means. The majority of them are young and bachelors (like himself). Several weddings have already taken place among our immediate friends, and two or three more are to come off soon. We have a resident Church of England minister at Russell, who visits our part of the settlement the first and third Sundays of the month. We are about eight miles from Russell and four from Shell River. Several balls and large dances have come off and very enjoyable evenings have been spent. Dancing is always kept up till daylight next morning".

✧ ✧ ✧

RUSSELL WAS a settlement founded two years earlier (1881) by Major Boulton. Brown and Walter Stewart (his cousin) worked together.

"One of us goes out for a few months to earn ready money to keep things moving, and the other works at home, and then the other goes out, and so on turn about. In this way we can fulfill our settlement duties by living and working on our places six months out of the year. At first we lived in a little log shanty on my place, and while there built a good log house on Walter's land, in which we are now living. We are now getting out timber for a log house on my place, which I will build next summer. We only put in our first crop last year, and had a very good return, I shall be perfectly satisfied if we have as good every year. The summer season seems very short, yet all kinds of grain come to maturity. When people have good seed it is their own fault if it does not turn out well".

✧ ✧ ✧

THE LETTER IS LONG and has interesting observations on people, life, and recommendations about the best way to farm. "The real reason why a great many run this country down, is that in winter time they are utterly unable, or too lazy, to keep good fires going. If a house or shanty is well plastered, and one keeps lots of good dry wood on hand, and manages to keep the fire going, they can very easily keep warm. It is a noticeable thing here, that a Canadian's house is very seldom cold, and there is always a good fire burning and lots of wood to put on it". This is an oblique criticism of the English settlers.

"Another reason a great many feel the cold is, that they sit in the house all day and every day and when they have to go any distance they feel the cold much more than those who do a few hours' work every day out of doors. There are more grumblers in that respect among the men than the women. Some get very severely frostbitten, and sometimes I think it is their own fault too, and is in a great many cases caused from the reasons I have stated above. People do not do enough active work, and do too much sitting over their stoves".

He writes of his hope that the railway might come through soon, and if it came to Russell, Shell River (four miles from his land) or along the Assiniboine (nine miles from him) "We will be in a very central position". (If the railway had come, Peterborough volunteers would not have had as long and heavy a trip to the Northwest, nor have had to go via the States.)

"A remarkable feature at any large gathering is the predominance of bachelors, about twenty to one. Whenever a young lady comes to this part she scarcely remains single a year, but is picked up at once. Some of the bachelors, I must admit, are excellent housekeepers and can get up some capital dinners, especially if he is an Englishman; they have their cook books to refer to. Sometimes there will be a dinner party at So-and-so's place, and twenty or twenty-five bachelors will be present. It generally comes off about six or seven in the evening, and the remainder of the evening is devoted to singing and telling stories. Sometimes so-and-so gives a dinner party to the ladies, and they always answer the invitation in person. Some of these gatherings are very jolly indeed".

✧ ✧ ✧

ALPHA HAS WANDERED far from the battered and weathered Brown monument in Confederation Park—the monument to the writer of the letter. Edward Brown, bachelor, had only two more years to work and build. (His home was finished, and he had, before his death, thirty acres broken.)

Riel and his half-breeds went on the rampage, and Major Boulton (of Port Hope family) to whom he referred in the letter, raised a troop, which Brown joined as a sergeant. A letter he wrote on April 28th, 1885 from Fish Creek to his mother (his father was then dead), tells of the battle at Fish Creek.

The brigade to which Boulton's horse belonged was under command of Lord Melgund; the brigade to which Company G. (the Peterborough volunteers) belonged was under command of General Middleton. Brown describes the battle and tells of the casualties (one died of wounds in Boulton's company). "I went over the battle field yesterday and it is a wonder that all the troops engaged were not killed. There were sixty or seventy dead horses lying on the field, fifty-five belonged to the half-breeds. A few dead Indians were also found. The half-breeds carried away their dead, but it is pretty well known that they must have lost a lot of men. We expect to have another rap at them this week."

They had "another rap", and Brown—promoted Captain of "A" Troop, Boulton's Horse on the very morning he wrote his last letter to his mother—was killed; at Batoche.

A contemporary newspaper clipping gives this account: "Boulton's Horse acted like the heroes that they have been considered since Fish Creek, never budging and advancing throughout straight to their front, clearing all before them. Captain 'Ted' Brown of No. 1 Troop of this corps was shot while in a little copse surveying the enemy's position preparatory to leading a charge for his men which laid out FIVE REBELS IN TWO PITS". The date was May 12th 1885. Brown was 32.

✧ ✧ ✧

CAPTAIN EDWARD BROWN seems to have been popular and beloved by his men and throughout the Northwest. Officers and men of the 91st Battalion sent a letter of condolence to his brother, Lieutenant R. C. Brown, C. Company, Portage la Prairie, which was published in a Portage paper. News of the capture of Batoche (Riel's headquarters) by General Middleton and of the death of Captain Brown reached Peterborough at about the same time. There was a death-in-victory touch to the story which roused patriotic pride: Brown became a local hero. Another reason for the great Peterborough feeling about Brown may be this; he was, I think, the first Peterborough-bred man ever killed in battle, and it was at the famous battle of Batoche, in which the first Peterborough-raised contingent took part.

✧ ✧ ✧

THIS COLOURED report of Capain Brown's burial appeared, I think in a Manitoba paper:

"As the sunset's crimson flush bathed the green ground of the battle ground the melancholy notes of the Dead March broke forth on the still evening air. The funeral of Captain Edward Brown, of Boulton's Mounted Infantry, was taking place. Following the wagon which carried the remains, came the noble steed which the dead hero rode. Next came Major Boulton and force on foot. Rev. D. M. Gordon, chaplain to the 90th, walked at the head of the cortege. Slowly and sadly they moved along, keeping step with the mournful strains of the march as played by the 90th band. On the banks of the Saskatchewan, not far from where the brave fellow received his death blow, were laid to rest all that was mortal of Capt. Brown. As the rough coffin was lowered into the grave the tears fell thick and fast from the eyes of the brave men who encircled the tomb. The deep voice of the chaplain, as he read the prayers, tended to increase the sadness of the men. They spoke not a word, and as the last shovel of earth was placed upon the grave they retraced their steps with their hearts overflowing with sorrow for the death of their dashing captain".

There is now no space to deal with the third part of the question at the head of this column, nor to tell of the building of the monument. Alpha will keep his revelations about this until next Friday, so, gentle readers, please stay tuned.

✧ ✧ ✧

FOR THE RECORD: Peterborough municipal elections are over and winter has begun. The greatest upset was the defeat of Mr. Gordon Matthews by Mr. Richard Raine in the contest for Utilities Commissioner (a three-year term). Mr. Matthews has been a member of the Commission for 27 consecutive years, and chairman (following his father's retirement) for 25. In all those years Mr. Matthews faced the electorate only twice, in 1926 when he was first elected, and in 1952 when he was defeated. He was elected 27 years ago with 3,550 votes against 1,864 cast for Robert Hicks, a substantial majority and a large vote. For every three-year term between, he was returned by acclamation. His defeat last Monday may mean nothing more than that to-day's electors want a run for their money.

Letter To The Editor

REBUKE TO EXAMINER COURT REPORT ON CEDAR CASE

Sir: I shall give my views of report in same order by paragraph, with that of the Examiner reporter published in Examiner city paper Nov. 28.

Statement, **"Graves of the dead are being decorated with stolen cedar** (and hemlock) **boughs and it is happening all over".** I said, **"All over Canada and being smuggled into the U.S. by big truck loads like cigarettes are smuggled into Canada."** I did say and repeat it, as often as I can, **"It is a racket and not a business".** Dealing in stolen goods by anyone is not a business but a racket.

The Justice of Peace and Crown Attorney Bradshaw were both told more than once the case should read boughs stolen, for the trees were slaughtered and left. I have protested all along, that the charge should not limit the destruction to $25 for at least 1,500 trees ranging in heighth from 3 feet to 25 have been slaughtered leaving trees from 8 ft. to 25 to die or have only shoots from base.

I never hedged at any time over any question but answered so fast, that the magistrate, the police clerk nor the Examiner reporter could write fast enough and several times I was asked to wait until they could catch up. When lawyer Fair asked me, "Did you sneak out through the woods . . .? I said, **"Would you sneak through your own woods?** No: and I did not either. I want you to know, I am not ashamed of how I walk at any time, I walked cautiously, looking for our cattle and found a man cutting branches from a tree." I believe in and practice self-possession.

As for wandering in that court witness box for over 1 hour and a half, although we were victims having over 1,500 trees slaughtered, the Examiner report itself shows who wandered in questioning. As is the case with most lawyers, W. J. Fair was the one who wandered off the subject several times and I was the one telling him three times at least, that does not connect with the subject, for example . . . He asked me, "How many acres have you there? It is just a small lot?" I did say twice, "That is none of your business and nobody elses, excepting Jo Hamilton's and mine. Fair asked questions about the Stony Lake road, one being, "How wide is that road?" I said, "I am in this box to tell the truth, "I don't know, I never measured it." Questions were asked about the ditch. Fair said, "One of four farms joining, the Hamilton farm belongs to Kenneth McClure's father-in-law." I said, "That is not so, a farm some distance away belongs to Hugh Little but does not join ours. You should have learned all about this case before you started the trial." That was when Fair said, "This woman says, I don't know what I am talking about". I said, "You don't when you talk like that." While I would be talking, Fair would sit and talk back when I would be supposed to be telling facts, so why was it not legal to say, "It's a racket:" when Fair would call cedar stealing a business? That was what was done, stealing nearly all branches from most of 1,500 trees on our farm. I stated, "Everybody out our way, know we do not want trespassers because we have signs, **'No trespassing, no hunting, Joseph Hamilton'."** Yet, Fair did tell that he too had been through our timberland after the signs were up and slight comment was made about having signs up. Now I ask, "Was that not snooping through our own woods by W. J. Fair and others with him?" If our signs do not keep a lawyer out, what good are signs?

Somebody wandered from the cedar trial subject when comment was made about my ". . . marching into the witness box wearing a jaunty red beret and a black fur coat. Before long she plopped her hand bag on the edge of the box and doffed her coat." When you consider all having been in that small room, considering the size of the crowd, the air was hot and stale. Why not remove a fur coat considering I was in the box from 11:20 till after 1 p.m. or near that? My beret was bought 12 years ago for $1 at Eaton's in Toronto. My fur coat was bought 17 years ago, being the best of its kind that William Lech and Sons had. That has never had a needle on it during 17 years. My dress, I made myself 16 years ago and is still in style. My pocket-book has no fastener so I could not plop it down but must be carefully done. How did all the above apply to that trial? Who bogged down for lack of facts to report?

No, I do not have my name on our deeds because I never came here for money but for a principal far greater than money, therefore, I never asked for my name to be on deeds. I now advise women to force change in law, so a wife is more than humble worker. It has always been my custom to walk briskly so why report, "She marched . . . she stalked . . . she wheeled in etc." as Examiner reporters have reported? Do such reports apply to the cedar trial or improve any results?

As for me waving the Bible in any disrespectful manner, the one making such comments should be forced to do as a witness, swear to tell the truth and nothing but the truth. If I made laws, I would demand everyone taking part in a trial to use the Bible and tell the truth. Why let some get away with lies and win a case?

(MRS.) JOSEPH HAMILTON

Stony Lake

How Time Flies

DECEMBER 5

1922 Professor E. J. Zavitz, provincial forester, discusses plans here for Armour Hill Memorial Park.

There is a serious shortage of coal in Peterborough, especially nut coal.

Eva Outram is elected president of the two-team Ladies' Hockey League.

1932 Miss Muriel Wilson is appointed to the local public schools staff.

Hugh McCullough and Harold Wilson win upper school Nicholls Scholarships at the Collegiate.

B. M. Frederick is named president of the Bricklayers, Masons and Plasterers Union.

1942 Pte. R. J. Pacey and his two sons, Gnrs. John and Albert Pacey, of this city, are in the armed services.

Vincent Butler, driver of a bread company sleigh, is injured in a runaway on Mark St.

The death occurs of William E. Ball, 70, reeve of Millbrook for the past 10 years.

Bible Message

(From the Authorized Version)

And the Lord God planted a garden eastward in Eden; and there he put the man whom he had formed. And out of the ground made the Lord God to grow every tree that is pleasant to the sight, and good for food; the tree of life also in the midst of the garden, and the tree of knowledge of good and evil.

. . . .

And the Lord God commanded the man, saying, Of every tree of the garden thou mayest freely eat: but of the tree of knowledge of good and evil, thou shalt not eat of it: for in the day that thou eatest thereof thou shalt surely die. (Gen. 2:8, 9, 16, 17.)

✧ ✧ ✧

Thus saith the Lord; Cursed be the man that trusteth in man, and maketh flesh his arm, and whose heart departeth from the Lord. For he shall be like the heath in the desert, and shall not see when good cometh; but shall inhabit the parched places in the wilderness, in a salt land and not inhabited.

Blessed is the man that trusteth in the Lord, and whose hope the Lord is. . . . I the Lord search the heart, I try the reins, even to give every man according to his ways, and according to the fruit of his doings. (Jer. 17:5-7, 10.)

Unconsidered Trifles

He: "Remember, darling? Last night you said there was something about me you could love?"

She: "Yes, but you spent it all."

✧ ✧ ✧

"Mr. Smith, I want to marry your daughter."

"Have you seen my wife?"

"Yes; but I'd still sooner have your daughter."

✧ ✧ ✧

"They tell me that Jenkins had to propose at least five times to Miss Moneybags before she accepted him."

"Well, she certainly gave him a run for her money."

✧ ✧ ✧

A doctor was summoned to a wild district in the Highlands, and after seeing his patient he said to her husband, "You've been trying to do a bit of doctoring yourself, haven't you, William?"

"Aye," said the man, "I gave her a wee bit dose of ipecacuanha."

"Pooh," said the doctor; "you might as well have given her aurora boreallis."

"Aye, I ken. I was going to try that next."

Long Road

(Saskatoon Star-Phoenix)

Some political writers of late have suggested that the next federal election in Canada may see an upsurge by the Social Credit Party. And party faithful are quick to agree. But the cold, hard facts of things like the convention which the Saskatchewan wing of the party held here recently would seem to indicate that in this province the party's road to the top is still a long one.

The convention here voted unanimously to have a Social Credit candidate in each of Saskatchewan's 17 federal ridings for the next election. There were fewer than 40 delegates in the hall when the resolution was passed. Almost one out of every two there could expect to be a candidate for the House of Commons.

Denies Late King Requested New Election

LONDON (Reuters) — Clement Attlee, leader of Britain's Labor party and former prime minister, Thursday denied that the late King George VI urged him to call the 1951 election which brought the Conservatives to power.

The suggestion was made by Allan A. Michie in his recently-published book "The Crown and the People." Michie said that in September, 1951, the ailing king told Attlee he would like to see a more stable administration in case his death brought Princess Elizabeth to the throne.

Attlee then had a majority of only six seats in the House of Commons. An election was held in October and brought Winston Churchill into office. The King died the following February.

DENIES ACCOUNT

Today in a letter to the London press Attlee said his attention had been called to Michie's account purporting "to relate to a private conversation between the late King and myself when I was prime minister."

"It is suggested that King George VI urged me to ask for the dissolution of Parliament (which automatically calls for an election)," Attlee wrote.

"There is no truth whatever in this statement. In justice to His late Majesty, who was a very strict observer of constitutional principles, I think it right to issue this contradiction."

Traditionally, British monarchs never intervene in the affairs of government.

Two Speeding Counts

LONDON (CP)—A lawyer who couldn't find his driving licence when stopped for speeding chased after police when he did find it and was stopped for speeding a second time. He was fined a total of £3.

BOSS TELLS A JOKE — Five Polish envoys laugh with Soviet UN delegate Andrei Vishinksy (left). The humor, not translated, broke out minutes before the Soviet bloc voted against India's compromise Korean peace plan. The plan was accepted anyway by a 53-5 vote.

Ronson Lighter Sales and Repair

We are authorized by Ronson for Repairs and Service.

LENI'S Gift Shop

244 CHARLOTTE ST.
Two Doors West of Aylmer

Up a tree this Christmas? choose a RONSON *For everyone on your gift list!*

RONSON ADONIS
Classic beauty! Crafted in chromium plate with enamel finish and violet floral design. $14.25
Other finishes from $13.50

RONSON STANDARD
Compact design—crafted in chromium plate with tortoise or black enamel finish. $9.60
Other Standards from $8.30

Australians Busy With Plans For 1956 Olympic Games

By TONY SYME

MELBOURNE, Australia (Reuters)—The next Olympic games, slated for Melbourne in 1956, are a long way off, but the Australians are already busy with all out preparations for them.

Major item in planning for Olympics is a stadium where the major events will be held.

The Olympic stadium will be erected at a football field a mile and a half from the centre of Melbourne and workmen on the spot now are busy sinking test holes to determine the soil composition and rock strata of the site.

Soon other workmen will start tearing down the old football stadium to make way for the new one.

After a contest among 115 top-flight Australian architects, the organizing committee selected Frank Heath, winner of this year's town planning medal, to design the stadium.

The plans he submitted will cost an estimated £900,000 to carry out.

The Heath design includes:

Accommodation for 125,000 persons—50,000 seated, 30,000 standing but under shelter, and 45,000 standing in the open.

The problem is to provide more seating accommodation without decreasing the total capacity or skimping exits and entrances. Heath aimed at clearing the whole stadium in 10 minutes.

His design sets the 615-by-490-foot oval several feet below the level of the present football field. The stadium buildings are correspondingly lower.

In two tiers, the highest seats in the stands would be 40 feet above the level of the arena, and 150 feet back from the rim of the field.

After the games, the stadium will be used for football and cricket and will become a "natural" for the big semi-final and final matches in Australian rules football league competition, usually held on Melbourne cricket field, which holds only 80,000.

The site for the Olympic swimming pool has been selected at Fawkner Park on the south side of the Yarra river three miles from the stadium.

Another competition will be held to choose the architect to design the pool.

Where to build an Olympic village of 600 houses has not so far been decided.

The federal government has agreed to put up 50 per cent of the costs of staging the games. The Victorian state government will pay 25 per cent, and the Melbourne city council the remaining 25 per cent. The cost is estimated at $2,925,000.

Awkward Situation In U.S. Eased By Co-Operation

By ARTHUR EDSON

WASHINGTON (AP)—The United States is in a curious period of its history.

Harry S. Truman is president even though 33,000,000 voters have said they want a change, and he will continue to be president, with full authority and responsibility, until Gen. Eisenhower takes over Jan. 20.

It's an awkward situation.

Any cabinet officer or other administrator who makes a decision or issues a statement knows he does so on borrowed time.

Fortunately, Truman and Eisenhower appear to be making the best of it.

At Truman's invitation, Eisenhower has named a couple of go-betweens, and doubtless will name more. The transition should be as painless as possible.

In the past the problem has been more acute.

Herbert Hoover says in his memoirs that he begger Franklin D. Roosevelt to co-operate and that Roosevelt wouldn't.

Undoubtedly the most critical presidential switch came in 1860 when Lincoln took over from Buchanan.

NATION CRUMBLING

The south was seceding, a nation was crumbling. The head of the Army, Gen. Winfield Scott, said tearfully:

"A dog fight now might cause the gutters to run with blood."

Buchanan a man who once described himself as "an old public functionary," thought no state had the right to secede, but also that the government had no right to keep it from seceding.

He therefore did little or nothing.

Lincoln didn't help him. Buchanan had invited Lincoln to come to Washington if he wanted to, but Lincoln stayed home.

Some historians feel this period of indecision may have prolonged the civil war.

Meant for each other!

TB Director Speaks To Bancroft Lions Club

BANCROFT —(ENS) — Allan Ideson, director of the Ontario Tuberculosis Association, addressed a meeting of the Bancroft Lions Club on Monday evening. His address was illustrated by a film dealing with the rehabilitation of patients discharged from sanatoriums. The director stressed public education in methods of prevention as the main factor in combatting the disease. This work is supported by public purchase of Christmas seals.

Reports were heard from the chairmen of committees dealing with various aspects of the club's work. Alex Smith reported the purchase of a wheel chair for an invalid child of the district and other cases under investigation.

Cecil McAlpine announced that the club's annual Santa Claus parade will be held December 13 and promises to be a bigger and better event than ever for the kiddies. Leo Frieburger, on behalf of the Civic Improvement League, outlined a list of projected activities designed to improve the village, one of these the proposed blood typing clinic, the exact date of which will be announced shortly.

Plans are being formulated to provide older persons with Christmas boxes under the direction of Dr. Irwin Fonger. The annual New Year's Dance this year will be under the chairmanship of Jim Schram who has plans under way. The meeting concluded with the usual raffle of a merchandise certificate which was won by Gordon Fresque.

God's Will

LONDON (CP)—During the debate on whether next June's Coronation ceremony should be televised, the illustrated magazine Picture Post received a letter from a reader saying: "It was surely for such a purpose as the Coronation that God created television."

SPORTS SHOW WINDOW

By CEC. PERDUE, Sports Editor

It is quite likely that a lot of hockey fans here haven't been inside the Brock St. Arena since that spot was changed from a rink to a dance hall. Of course it has also been used in the past decade for musical shows, bingos, wrestling bouts, fashion parades, etc., so the place is often well populated. But many puck fans probably haven't been inside its decorated walls. Place looks smart now with its theatre seats, polished floor, colored canopy and fine lighting. Not to mention the remodelled front, snack bars, and so on. But we still recall it as the scene of many stirring hockey matches. The other night we strolled through one of the former dressing rooms upstairs. It is now a storeroom.

* * * * * *

Instead of the wall benches for players, the lockers, the hanging gear and the rest of a hockey dressing room setup, we saw boxes, paint cans, coat racks and hangers, decorations, pictures, lengths of piping, and so forth. Ruminating in the dusty quiet of what was once the "visiting club's room"—it was also used by the home junior OHA team—we thought we saw ghostly figures, too, sitting around on the wall benches behind the accumulated drapery, etc., which clutters any storeroom after a time. Strictly imagination, naturally, but some of the dim figures conjured up took a definite form. The form of players we have known during the '20s and '30s. We never saw the many ice stars here of decades ere that period.

* * * * * *

Those Oldtime Greats

Jack Adams once laced on skates in that room. So did Bill Cook, Lionel Conacher, Dunc Munro, Babe Donnelly, Hooley Smith and many others who scintillated later in the NHL. While at the other end of the hall, pads were being adjusted by Ace Bailey, Bert McLeod, Frankie Collins, Snap Parker, Joe Dwyer and the rest. Harry Watson, who turned down several NHL offers to stick to his medical course, dressed in the room more than once. Many good local juniors, too, used it before games and between periods of hot hockey tilts of other days. Red Sheehan, Ed Foley, Red Legon, Chris Burgoyne, Shrimp McDougall—just to name a few. Later there were Honey Tompkins, Bun Kingdon, Ray Harding and a host more.

* * * * * *

Yes, that dusty storeroom could bring back memories to older folk who would recall Bill Crowley, Rollie Glover, Fred Whitcroft, Jerry Coughlin and many more hockey stars of bygone years. Our memory doesn't go that far back, but as a kid in the late 20s we toted sticks or skates into the Brock for obliging players who saw that we got in free. And in the 30s we covered many a puck melee up under the roof at the northend balcony. Listened to a lot of pep talks in there by Eddie Wright, Frank Buckland, Pick Hines and other coaches, tuned in on the jokes, helped in celebrations and bled quietly in post mortems. But the arena closed its doors to hockey 10 years ago, and that room is now stuffed with old furniture, old ornaments, old paint cans—and old memories.

* * * * * *

Vics and IOOF in Tie

Junior "B" Oddfellows are presently tied with Kingston Vics for second-slot in their six-team group OHA race. That standing deadlock will be broken tonight when these well-matched clubs clash in Civic Arena, and the winner will climb into a first-place tie with Belleville Hawlets. Oshawa is moving up fast, too, owing to a couple of four-point victories—a recent win being 12-2 for them over Cobourg—while Lindsay is in the hunt as well, and the Cobourg entry shows promise, though lodged in the cellar at the moment. The Vics-IOOF fixture here tonight should be a hot one before a good Friday night crowd. Belleville boys are here on Monday p.m.

* * * * * *

A Port Hope item says: "Rumor was busy in Cobourg yesterday about Jim Munroe of the Comets. It seems Munroe was about to become the next victim of the residence rule, waiver rule or what-have-you rule. Munroe was said to be refusing to come to Cobourg from Peterborough to live and would not line up with Cobourg for the rest of the season. However, team sources say this isn't so, and Munroe was to move to Cobourg Dec. 1 and carry on as playing coach. The loss of Munroe at this stage would be a bitter blow to Comet hopes and the Cobourg fans are determined that he will remain here at all costs. Munroe is fast becoming a favorite with home crowds and is admittedly the best rearguard they have. He was in the lineup in the Lindsay game last night and his status is now in the clear, according to Cobourg club heads." Hm, wonder if Cobourg officials like being called club heads.

Taylor Scores 4 Goals As Flyers Trip Bisons

By THE CANADIAN PRESS

Harry Taylor scored all the St. Louis goals as the Flyers defeated Buffalo Bisons 4-2 in an American Hockey League game.

Another oddity of the Thursday night contest was that Lorne Davis got both Buffalo goals. No penalties were called.

Ken Hayden, Taylor's linemate, had assists on all four goals.

Marines And Shamrocks Get Juvenile Wins In Minor Hockey Games

Shamrocks blanked Havelock 3-0 as Marines took a 10-2 win over the Aces in juvenile PMHA play at Civic Arena last night. The midget Aces walloped Norwood 14-1, while the midget Shamrocks squeezed out a 2-1 decision over Otonabee Wolves. In bantam games, Swartz downed the Aces 7-1, while Shamrocks proved too strong for Trojans to take an 11-0 triumph. Bill Lang scored twice and aided R. Pollock on the other one to give the Shamrock juves their win in a speedy tilt which saw but four minor penalties. For the juvenile Marines, Kearns, Cupoli and Dodds scored in the first period; Corbett, McCormick and Kearns counted in the middle heat; and Frizzelle got a pair, and Kearns and Dodds one each in the third. McFadden and Smith tallied for the Aces.

A CLOSE GAME

Flynn and Townsend were the snipers for the midget Shamrocks and B. Heron counted in the third for the Wolves, who made it a stiff scrap all the way, both sides looking good. Six penalties hurt the Wolves' chances, as Shamrocks drew but two.

For midget Aces, Rusaw, Forestell, Kane and Murphy counted in the first frame: Rusaw, Kane, Murphy and McCarthy hitting the twine in the second stanza; and Godfrey rapping in three in the third, Heffernan, Doris and Chambers tallying singles. Hannon got the losers' lone goal in the third. Norwood drew two of three penalties.

Shamrock bantams took a 3-0 lead in the first on goals by Mahoney, Pace and Lonsberry, the latter adding one next heat. In the third, Mahoney and Baker got two each, Lonsberry, Jay and Coombes counting the others. The winners drew all four penalties. For Swartz bantams, Dinsdale dented the hemp in the first chukker, Armstrong hit it twice next period with Hendry and McIlwain also scoring, and in the third Haig and Patterson wrapped it up with two more. Lustic in the second got the only marker for the Aces. The victors drew four of the seven penalties, one being a misconduct to Lustic.

The game were well handled by Referees Bill Romhanyi, Ed Woodcock, Bill Post and Bill Flint.

Says Canadians Require More Competition

OTTAWA (CP)—Canadian Olympic contestants would like to sink their teeth into more good international competition — but want more preparation in Canada for it.

This was reported in an opinion survey on competitive sport in Canada presented Thursday to the second annual meeting of the National Sports Advisory Council.

The 50-page report, compiled by the National Council on Physical Fitness, is to be studied today at the closing session of the two-day meeting.

The survey, which makes no recommendations, polled 224 persons concerned with Olympic activity and found a general plea for more international competition.

NEED COMPETITION

"Lack of competition is the major reason for Canada's poor showing in international competition," one person said. "Money to support this could come from taxes and fees paid by professional sports groups."

Those interviewed also felt Canada can't hope to face international contests until competition on the national level is improved. They suggested competition at all levels in all sports, continual use of talent spotters and a grouping of Canadian championship meets for several sports to cut expenses, attract more spectators and earn more money.

The report kept those interviewed anonymous.

It pointed up the already-known dissatisfaction of many Canadians with the country's Olympic showing but revealed many ideas to correct it.

VERY DISHEARTENING

"It is extremely disheartening and morale-breaking," said one, "to read in the papers that the team is a disgrace, even before we leave."

One part of the report voiced a demand for a proper "send-off" and "welcome home" for the Olympic team, regardless of how well it did.

Maintenance of a national team in each sport was suggested, with selections for international competition made eight months to a year before the event and a training camp set up speedily after the selection is made.

Of those polled, 126 felt Canadians in the Olympics had as much will to win and morale as those who won or placed in the events. Only 25 thought they hadn't.

Port Hope Wallops Trenton Flyers 10-2

PORT HOPE — The Port Hope Redmen romped to a 10-2 win over Trenton RCAF Flyers in a scheduled Lakeshore League intermediate A hockey game here Monday night. Six of the 10 goals were rapped in in the third stanza.

In the first period Jim Freeman scored twice within one minute and Ken Turner added another for the Redmen on a solo effort. In the second the Airmen came back with a pair to Port Hope's single counter. However, after that the game was far from even. Harvey Gordon was a two-goal man to lead the Redmen in that final frame. Mac McPherson and Doug. Bowman scored the Trenton goals.

The game was held up for about 10 minutes in the third period when Trenton goalie, Bill Scott, suffered a severe cut on the top of his head. He returned to finish out the contest.

Last Night's Stars

By THE CANADIAN PRESS

Marty Pavelich, Detroit, who scored two goals Wednesday night as the Red Wings handed New York Rangers a 5-3 National Hockey League defeat.

Ed Sanford, who also scored twice as Boston Bruins defeated Chicago Black Hawks 5-1.

Ron Stewart, whose second-period goal proved the winner as Toronto Maple Leafs edged Montreal Canadiens 2-1.

Additional Sport On Pages 7, 8, 9

POP'S HURT AGAIN—Canadiens' Elmer Lach, probably the most injured hockey player among the modern crop, rests at home, his thumb and wrist in a cast. He was hurt in Saturday's game against the Chicago Black Hawks. Lach's son Ronnie gazes at the cast with a sympathetic smile.

A FREE LESSON FROM A CHAMPION—Ernie McCulloch, the "skier of the half century," was the main guest Thursday night at the Peterborough Ski Club's annual ski night. Canadian and United States champion since 1949, and winner of most major ski competitions, McCulloch (above) takes time out to show Bunny Hutchison, club secretary, Jerry Williams, a club newcomer, and Mollie Craig, women's chairman for both the province and the club, how to place properly their feet in the harness. Ski night is primarily for junior skiers and about $100 was raised for the junior ski school which will be held again this season at Kemp's Hill.—(Examiner Staff Photos).

Writers Pick Horse Of Year

COLUMBUS, O. (AP)—A half-dozen trotters and pacers from three states—New York, Michigan and Kentucky—were named "horses of the year" in harness racing's various age and gait divisions.

The selections by a panel of 100 turf writers were announced Thursday by the United States Trotting Association.

Honored were:

Two-year-old trotter: Lively Lady, owned by Walnut Hall stud of Donerail, Ky., but racing on lease to the Gay Acres stable of Wooster, O.

Two-year-old pacer: Hillsota, owned by Dr. F. R. McNabb, Ithaca, Mich.

Three-year-old trotter: Sharp Note, winner of the $87,500 Hambletonian this year, owned by C. W. Clark of Dearborn, Mich.

Three-year-old pacer: Meadow Rice, winner of the $60,000 "Little Brown Jug," owned by W. G. Reynolds, Louisville, Ky.

Aged trotter: Star's Pride, owned by E. Roland Harriman and L. B. Sheppard of Goshen, N.Y.

Aged pacer: Good Time, owned by Bill Cane of Goshen.

M. Gimblett Leads

Mary Gimblett rolled the season's highest triple to date in the YMCA senior girls' bowling loop this week with a neat 820 effort. High single went to Winnie McCarrell with 303. Tigers topped teams with 3205 pinnage and high game of 1155. Hurricanes took six points from Commandos, as Tigers, Lucky Strikes and Glengarrys took four each from Bombers, Aces and Corvettes.

Good triples included: Shirley Marshall 734, Betty Pogue 726, W. McCarrell 677, Dorothy Martin 656, Shirley Heckman 628, Dorothy Woods 626, Olive Scott 619 and C. Henry 608. Neat singles were: M. Whiteside 296, M. Gimblett 292, S. Marshall 285, B. Pogue 290, C. Henry 279, D. Martin 258 and Mary Flaherty 252.

Big Crowd For "Ski Night" Raise Funds For Youngsters

If the annual ski night is any indication, the Peterborough Ski Club and its affiliation, the junior ski school, will probably enjoy their most successful season this year. More than 800 public school-age children and adult skiers packed the PCVS auditorium Thursday night to hear Canada best-known skier, Ernie McCulloch, and to see three ski films. The purpose of the ski night was primarily to interest the younger boys and girls in skiing and to present the ski program for juniors and seniors. But Thursday night did more than that, it also provided the club with $100 which will be used as part of its share for the junior school Saturday mornings at Kemp's Hill.

Director of the Mont Tremblant ski school, McCulloch briefly told how he became interested in skiing and in competitive skiing.

EARLY WINNER

McCulloch started winning major ski events when he was 17 but first emerged into international ski limelight when he defeated the entire Olympic championship team from France in the Quebec-Kandahar in 1949.

Since then his major victories have been: Canadian open champion, Central Canadian champion, Quebec-Kandahar champion, 1949; United States downhill, slalom and combined champion, 1950; North American championships, United States combined champion, Peruvian Cup hold, Harriman Cup winner, all in 1951; United States combined champion, Harriman Cup winner, 1952.

PICKED AS BEST

But the highlight of his skiing career was when sports writers polled him as the "skier of the half century."

Questions were popped at him during a brief question and answer period. One of the night's best questions, "How do you fall?" was greeted with a good deal of laughter.

"Mont Tremblant Powder" a film featuring McCulloch, was shown, along with movies, "Ski Tips" on how to ski safely and enjoy it; and "High Powder in the Canadian Rockies," skiing at Banff.

Winners of draw prizes were: Parka, Beverley Russell; skiis, Fichard Atkinson; merchandise voucher, Bob Hodgson; goggles, George Green, Raymond Pullyblank; ski sweater, Ellen Duffus; tow tickets, Marsh Weir and Barbara Earle.

Page Leads Way

Elsie Penrose rolled high ladies' single of 249 and Marcelle Lake led in threes with 711 this week in the Mercantile Bowling League. Harold Page topped men bowlers with a 301 single and 711 triple. Neill's showed the way for teams with 2985 pinnage.

East City Market blanked A. & P. No. 2, as 3-1 victories went to Braund's over Prudential, Neill's against A. & P. No. 1 and Utilities over Crowe's. The other was divided 2-2 between Cal Nichols and Austin's.

Oshawa Whips Cobourg 12-2

COBOURG — A big, rugged, fast-moving Oshawa club spoiled Cobourg Junior "Jays" opening home stand in the OHA B group here Wednesday night when they walloped the locals 12-2.

The game was a good one for the first 14 minutes; then, with the score tied at 1-1, Oshawa started to roll and scored three goals in the closing six minutes, added three more in the second and five for good measure as the game closed.

Frank McIvor was the only Cobourg player to bother the winners much, scoring a goal and passing to Dutch Boswell for the other losers' counter.

McDonald led the Oshawa crew with four goals and one assist and Lawrence was next with three markers and two assists. Boneham and Woodenik picked up two counters each and R. Myles got the other Motor City goal.

Two fist fights developed in the game. McIvor of Cobourg and Rorabeck of Oshawa squared off early in the third for a mild go, while McIntosh of the losers and Woodenik of the winners staged a two-rounder just as the game closed.

Leafs Down Canadiens 2-1 As Detroit Wings Defeat N.Y. Rangers 5-3

By THE CANADIAN PRESS

Ted Lindsay, Detroit Red Wings' cracker-jack left winger, is knocking on the door of the National Hockey League's select club of 200-goal scorers. The 27-year-old sharpshooter needs only one more goal to become the 25th player in the NHL's modern history to hit the double century goal mark. Lindsay, now in his ninth season with the Wings after jumping from junior ranks with Toronto St. Michael's College, Thursday night fired his 12th goal this season and his 199th of his pro career as Detroit defeated the last-place New York Rangers 5-3.

The victory brought the Wings to within three points of the leading Chicago Black Hawks, who dropped a 5-1 decision to Boston Bruins while Toronto Maple Leafs invaded Montreal to score a 2-1 win over the Canadiens. The Bruins and Leafs moved into a third-place tie, three points behind the Wings, and the Canadiens fell to fifth place, a point behind Toronto and Boston.

SECOND THIS SEASON

Lindsay, runner-up for league scoring honors last season with 69 points from 30 goals and 39 assists, will be the second player to reach the 200-goal mark this season when he does pull the trigger. Elmer Lach of the Canadiens did it earlier.

Only 9,841 fans—the smallest crowd for a Detroit game this season—saw the Wings outclass the Rangers, only a few hours after the sudden-death in Chicago of owner Jim Norris. The Wings jumped into a 2-0 lead early in the opening period on Lindsay's goal and the first of two markers by Marty Pavelich.

Lindsay scored at 1:04 and his 40-foot shot beat Chuck Rayner cleanly. Pavelich's first goal followed a 150-foot solo dash up the left side.

Less than four minutes remained of the second period when he got his second, deflecting a pass from Glen Skov. That goal came after Reg Sinclair put the Wings in front 4-1, Dea Prentice having scored for the Rangers in the first period.

Nick Mickoski's goal less than two minutes after the start of the third period cut the margin to 4-2. Gordie Howe boosted Detroit's margin before the midway mark, but Allen Stanley reduced it with a goal for the Rangers less than three minutes later.

ONLY NEEDED TWO

Two second-period goals by Rudy Migay and Ron Stewart were all the Maple Leafs needed to beat the Canadiens before 14,198 in Montreal.

The Montrealers caught fire too late, Maurice Richard netting their marker less than four minutes from the end. It was the 329th goal of his NHL career.

The game blew up in the third period with two fights. Bert Olmstead and Tod Sloan drew major penalties for one brawl and minors were handed out later in the period when Olmstead tangled with Kennedy.

The Leafs, with Max Bentley, Howie Meeker and Gordie Hannigan missing from the line-up because of injuries, came through with their first win in eight starts. In their preceding seven games they had lost five and tied two.

Boston's win over the Hawks was their fourth straight. Ed Sandford was the spearhead of the Bruins' attack, netting two goals to help in handing the Hawks their first setback in six games.

The other Boston scorers were Real Chevrefils, Joe Klukay and Dave Creighton.

Chicago's lone goal was counted by former Bruin Pete Babando.

CARDS BUY DUNLAP

PHOENIX, Ariz. (AP)—St. Louis Cardinals Thursday announced the purchase of Grant Dunlap, 1952 batting champion of the Texas League. Dunlap, 29, a first baseman and outfielder, batted .333 for Shreveport.

CONGRATULATIONS—Manager Charlie Dressen, centre, of the Brooklyn Dodgers is congratulated by E. J. Bavasi, left, vice-president and general manager, and Fresco Thompson, right, another Dodger vice-president, after signing a new one-year contract. He is reported getting about $35,000 under the new deal.

Canadians Play Hockey Game Before Duke

LONDON (Reuters)—A red carpet was rolled out on the hockey rink at Wembley Stadium here and the Duke of Edinburgh walked out on it to present medals to 23 Canadian players.

The presentations followed a game Thursday night in which the London All-star team beat Wembley 2-1.

It was the Duke's third look at a hockey game. He saw games at Montreal and Toronto during the royal tour last year.

Ottawa-born Frank Boucher, captain of the losing Wembley Lions, said the Duke told him he had enjoyed the game immensely. Boucher, who comes from a well-known Canadian hockey family, coached the RCAF team which won the 1948 Olympic title.

"I think it was an excellent game," said Boucher. "We all enjoyed it and so apparently did the Duke. His presence was a great boost for the game over here."

The Duke is president of the National Playing Fields Association, in aid of which the game was held. With him was Viscount Alexander, defence secretary and former governor-general of Canada.

The London All-stars—12 of whom are Canadians—were given silver medals as souvenirs of their victory. The losers, with 11 Canadians, got bronze medals.

DEFENDS TITLE—Fernando Gagnon (left), of Quebec, takes a hard right cross to the head in his unsuccessful bid for the North American bantamweight boxing title. Gagnon lost to Henry (Pappy) Gault, of Spartanburg, S.C. Pappy returned to Quebec to give Gagnon a return bout five weeks after winning the title from him. Referee is Ralph McNaughton.

Britain's Boxing Board Backs New York Action

LONDON (AP) — Britain's Boxing Board of Control announced today it will support the action of the New York State Athletic Commission in stripping Sugar Ray Robinson of his world middleweight championship.

Teddy Waltham, secretary of the BBBC, said:

"Our obvious reaction now is we do not mind who is proposed to meet Randy Turpin for the vacant title. So far as we are concerned Turpin is the No. 1 contender and there is no question of him having to go through any eliminators."

Trappers Second

By THE CANADIAN PRESS

North Bay Trappers moved into second place in the Northern Ontario Hockey Association Senior southern group when they routed Sault Ste. Marie, Mich., Indians 13-4.

Minor Leagues Adopting New Bonus Law

By JOE REICHLER

PHOENIX, Ariz. (AP)—The minor leagues wind up their convention today after having adopted a new bonus law, passed the old high school rule, put in a waiver rule designed to hold on to their star players and voted down a proposal that would have revolutionized the entire structure of baseball.

The minors unanimously voted to accept the bonus rule proposed by the executive council that was designed to curb payments of $25,000 to $100,000 to untried youngsters. The rule provides for fines and possible suspension of violators. It must be ratified by the major leagues at their joint meeting next Sunday to become effective.

The rule designates a "bonus player" any free agent who has received in excess of $4,000 from a class A club and up, or $3,000 from a class B club or one of lower classification. The majors are permitted to pay $5,000 in salary and bonuses. A major league bonus player must be kept two years. A minor league bonus player cannot be moved up for a year, at the end of which time he becomes subject to unrestricted draft.

CAN BE FINED $2,000

A major league club violator can be fined $2,000. A minor league violation costs the club $1,000. The individual responsible could also be fined $500.

The high school rule permits scouts to talk to boys but forbids them to be signed until their class graduates.

In an effort to stop major league clubs bringing up promising athletes from their farms in midseason, the minors voted unanimously to prohibit the recall of players after July 31. A player sent out on option must stay with the minor league club for at least 10 days. Only in an extreme emergency, such as a player on the parent team getting hurt, can a big league club request and receive permission to recall a player.

The minors squelched a proposal by Bill Veeck, president of the St. Louis Browns, that would have forbidden major league clubs to sign a player without previous experience, and would have made all minor league players eligible for draft after their first year in professional baseball.

Brother Of Richard Bids Fair To Become As Famous As Maurice

By W. R. WHEATLEY
Canadian Press Staff Writer

MONTREAL (CP)—Richard is up there again with the hockey scoring leaders. This time it isn't the Rocket.

It's the Pocket Rocket, 16-year-old brother of Maurice, and he bids fair to become as famous as his brother.

The appellation Pocket Rocket is bound to stick with Henri Richard. He looks like his brother and skates much like him. Both play for Montreal Canadiens—the big Rocket with the National Hockey League team; the Pocket Rocket with junior Canadiens of the Quebec Junior Amateur Hockey Association.

TOP GOAL SCORER

Henri is the sparkplug centre of his team.

Official averages after 20 games showed Henri leading the league with 19 goals. He also had 20 assists for a point total of 39, tied for the point lead with teammate Guy Rousseau. Big brother Maurice would like to be cutting a two-points-a-game caper himself.

The teams in the JAHA are tough, made up of the cream of junior players in Quebec province. The league this season is playing an interlocking schedule with the Ontario Hockey Association's Junior division, just as tough and fast.

Henri weighs 145 pounds and is five feet, six inches tall. He began skating when he was four years old.

KEEPS EYE ON HENRI

From the time he started school he couldn't be kept from the games in which Maurice played. Now it's the other way round. If Maurice isn't on a road trip when the juniors are playing at home, he's in the Forum watching Henri.

Henri hasn't, yet acquired the dashing, goalward spurts of his big brother but he's a buzzing threat around the nets. Like Maurice, Henri is a quiet, unassuming and likeable fellow who will never be noted for talking.

The little Rocket, of course, wants to play in the NHL some day. And, of course, with the Canadiens. What does Maurice think about that?

"Well, he's just a youngster and still has to grow more and get more experience," said the big Rocket. "Maybe we can tell better in a couple of years.

What does Henri think of the Ontario teams compared with the Quebec teams?

"They're bigger and heavier players. I think the toughest team we met in Ontario was Galt."

Except for Maurice, of course, what player in the NHL does the Pocket Rocket particularly like?

Henri answered in one word: "Kelly."

"Well, what do you know about that!" said Maurice in surprise. "I've always considered Red Kelly of Detroit one of the best hockey players I've ever played against."

POCKET ROCKET — The Pocket Rocket is what fans are calling Henri Richard, 16-year-old brother of famed Maurice Richard, "The Rocket" of the Montreal Canadiens, National Hockey League team. Henri plays for Montreal Canadiens in the Quebec Junior Amateur Hockey Association and led the league with 16 goals and 17 assists in the first 17 games.

Edwards Manager

PHOENIX, Ariz. (P) — Bruce Edwards, former catcher for Brooklyn and Chicago Cubs, Thursday night was named manager of Springfield of the International League. Edwards, 29 years old, hit .245 in 50 games with the Cubs last season.

Ryan And Greenberg Said At Loggerheads

CLEVELAND (AP)—The Cleveland News says President Ellis Ryan and General Manager Hank Greenberg of Cleveland Indians "are at loggerheads and it is a good bet before next season opens" one or the other "will be out."

In a dispatch Thursday from the major league meeting at Phoenix, Ariz., Ed McAuley, baseball writer and columnist, said it appeared "the high command of the Tribe is about to crack wide open."

The story said Ryan, president of the baseball club since a syndicate which he headed purchased Bill Veeck's holdings in 1949, would ask stockholders next month for "full authority to run the Tribesmen as he pleases."

Here and There In Sport

By The Canadian Press

SPLIT HARNESS FEATURE

TORONTO (CP) — Dischord, owned by Luciene Dugre of Sherbrooke, Que., and driven by Jim Larente, and James R. Direct, owned by John Taylor of Toronto, each had a heat victory in the featured BB pace, seventh harness race at Dufferin Park Thursday.

John McKillop, owned by Dr. F. E. Hopkins of Cooksville and driven by Albert Hanna, and Dixie Tass, owned by Floyd Milton of Hamburg, N.Y., and handled by Bob Givens, were the heat winners in the sixth and secondary featured event.

✦ ✦ ✦

MCMASTER WINS

HAMILTON (CP) — McMaster Marauders Thursday night edged Panzer College from East Orange, N.J., 73-71 in an exhibition basketball game. Rookie Don Nelles won the game for Marauders when, with less than 15 seconds of play left, he hit the target from well out.

✦ ✦ ✦

URGES TITLE EVENT

VANCOUVER (CP)—An East-West five pin roll-off, a sort of Grey cup for bowling, is the aim of Charlie Hill, president of the Canadian Bowling Association. Hill visiting here this week on a tour of Canada, says there are some 1,000,000 bowlers in Canada. Any Canadian bowling championship would probably be held in Winnipeg.

✦ ✦ ✦

NO DOPING EVIDENCE

LONDON (AP) — The Jockey Club, Britain's ruling body of horse racing, said Thursday an inquiry failed to show evidence of doping gangs operating on race tracks. The club said 22 cases of alleged doping of race horses were reviewed. The investigation stemmed from newspaper reports alleging horses, particularly some favorites, had been doped.

✦ ✦ ✦

BEST TEAM IN EAST

NEW YORK (AP)—The Orange Bowl-bound Syracuse football team was selected Thursday as the winner of the eastern college football championship. Syracuse, unbeaten by an eastern rival and loser only to U.S. champion Michigan State and a professional-packed Bolling Field team, was chosen by the vote of a committee of eastern sports writers and broadcasters.

✦ ✦ ✦

BOXER PULLS MUSCLE

LONDON (AP)—Harry Matthews of Seattle, Wash., who will fight Johnny Williams, British heavyweight boxing champion, in London next Wednesday, pulled a muscle in his back during a sparring session Thursday. Matthews left the ring after one round but said there was nothing to worry about.

✦ ✦ ✦

TO AID TENNIS PLAYERS

LONDON (AP)—British business men have been asked to help produce Wimbledon champions. Viscount Templewood, president of the Lawn Tennis Association, told the annual general meeting Thursday that the LTA wants employers to "adopt" nominated youngsters so that in addition to their tennis they would have a job to depend on.

Rain Washes Out Tennis Championships

MELBOURNE (AP) — Rain washed out play in the Victorian tennis championships today.

Frank Sedgman and Ken McGregor were to have played Ken Rosewall and Lewis Hoad in the final of the men's doubles. Both these matches were put over to Monday.

Saturday Vic Seixas, playing captain of the U. S. Davis cup team, meets Sedgman in the final of the men's singles.

Place On The Map

EDMONTON (CP)—Mrs. T. H. Field, acting mayor of Edmonton, said Thursday night at a civic dinner for Edmonton Eskimos and Edmonton Wildcats that both teams had assured the city "a place on the football map of the world." The Eskimos lost to Toronto Argonauts in the Grey cup final for the Canadian senior championship and the Wildcats were beaten by Windsor AKO for the junior title.

Lindsay Rink Wins Bonspiel Downs Hamilton By 11-9

HAMILTON (CP)—Percy Skitch and his Lindsay rink won the Seniors' trophy bonspiel, defeating R. A. (Ross) Tarlton's Hamilton Thistles rink 11-9 in the final.

For the Skitch rink it was their fourth victory. They won the trophy in 1948-49 and after missing the 1950 competition came back to win last year.

In Thursday's final Skitch jumped into an early lead only to have Tarlton stage a strong finish to lose by two shots.

The Hudson-Ross trophy final between Ivan Eastman of Hamilton Thistles and A. McCowan of Royal Canadians, Toronto, was not decided until the final rock was played.

The Doolittle trophy saw a battle between two Galt rinks and it took an extra end to decide the issue. I. C. Marritt's four defeated F. G. Light's team 16-15.

Results:

Seniors' trophy, semi-finals: Hamilton Thistles, A. R. Tarlton 11; Hamilton Vics, Dr. A. E. Walkey, 10. Lindsay, Percy Skitch 9; London, Dr. J. A. Wright final: Tarlton 9, Skitch 11.

Hudson—Ross trophy final: Hamilton Thistles, I. D. Eastman 12; Royal Canadians, A. M. McCowan 14.

Doolittle trophy, third round: Galt, I. C. Marritt 7; Hamilton Vics, Dr. C. Gooch 5. Galt, M. Aylesworth 10; Hamilton Thistles, Vic Scanlan 2. Galt, F. C. Light 11; Hamilton Thistles, W. A. Kennedy 5. Semi-finals: I. C. Marritt 11; F. Bell 7. F. G. Light 9, M. Aylesworth 7. Final: F. G. Light 15; I. C. Marritt 16.

New York Athletic Commission Strips Sugar Ray Of Title

NEW YORK (AP) — The New York State Athletic Commission stripped Sugar Ray Robinson of his world middleweight title in a surprise move early today.

The action brought this retort from George Gainford, Robinson's manager: "Somebody is screwy someplace. A title is won in a ring and taken away in a ring."

Robert Christenberry, commission chairman, declared Robinson's title was being vacated because he had not met the rule which requires a champion to defend his title every six months.

"We had given him an extra month to decide whether to continue his boxing or go into a career as an entertainer," said Christenberry. "Up to now we have not had an answer."

To this, Gainford, reached on a train en route to Boston, asserted he had mailed a special delivery letter to Christenberry before he and Robinson left New York.

NEGOTIATING SPORT

"It is our understanding that we were only to notify the commission that negotiations were under way for a fight," Gainford said. "In the letter, which Christenberry should receive today, we explain that we are negotiating with Jack Solomons, the British promoter, for a title fight with Randy Turpin in London next June."

Robinson lost his middleweight title to Turpin in London in July, 1951, but won it back in a return bout the following September at the Polo Grounds, New York.

Robinson now is the featured dancer and master of ceremonies in a night club act that opens in Boston Sunday.

Sugar Ray, 32, regarded as one of the greatest boxers of the current era, last fought June 25 when he failed to lift the lightheavyweight crown from champion Joey Maxim. He lost on a TKO.

Temporary Relief

STOWMARKET, England (CP)—So that tenants will have more spending money, council of this Suffolk town will forego rent collections during the Christmas season. But the money will be collected during the next few months.

Dies In Chicago Jim Norris Red Wing Owner

CHICAGO (CP) — James (Big Jim) Norris, Sr., wealthy grain operator and sports promoter who helped put the National Hockey League back on its feet after the 1929 stock market crash, has died of heart disease. He was 73 years old.

One of the most respected, yet least publicized, figures in professional hockey, Norris was the owner of Detroit Red Wings, four-time winners of the NHL championship. He also was the most influential stockholder in indoor sports arenas in the United States.

Norris entered Passavant Hospital Tuesday for treatment of a heart condition. Doctors said he died Thursday of a heart attack. Funeral services were scheduled for Saturday at the Fourth Presbyterian church in Chicago. Burial will be at Mattituck, Long Island, N.Y.

LONG LOVE FOR HOCKEY

Born in Montreal, Norris developed a love for hockey in his early school years and kept it all his life. To him hockey always was the king of sports.

Big Jim loved the game so much that he built a skating rink in the backyard of his suburban home in Lake Forest, Ill., and one couldn't qualify as the butler or chauffeur unless he could make the private hockey team.

A giant of a man who stood six feet, two inches, and weighed 240 pounds, Norris eventually controlled or had interests in a business colossus worth about $200,000,000. It included a railroad, a fleet of 40 freighters on the Great Lakes and the Norris Cattle Company, operating three of the largest cattle ranches in the U.S.

Norris had been president since 1908 of the Norris Grain Company, one of the Midwest's largest grain concerns. His business interests were all over the world.

GOOD LACROSSE PLAYER

As a student at McGill University he acquired a name as a lacrosse player. A defenceman, he played with Montreal Victorias.

When he branched out into sports promotion, he went about it with the same gusto he showed on the ice.

With real estate selling at 10 cents on the dollar after the stock market crash, Norris bought up vast acres in Indiana, numerous grain elevators, a large interest in the Chicago Furniture Mart and the bankrupt Olympia Stadium in Detroit and the stadium's hockey team, the Red Wings.

He became one of the largest stockholders in New York's Madison Square Garden and when the $6,500,000 Chicago Stadium went bankrupt he bought it at a fraction of the original cost. He also had big interests in arenas at St. Louis and Indianapolis.

He was joined in the arena business by his son, James D., Jr., now president of the International Boxing Club, and together they set out to protect the Norris interests by seeing that the seats were filled.

With Arthur M. Wirtz, the Norrises helped organize Sonja Henie's Hollywood Ice Revue and bought the Cole Brothers Circus.

Norris senior founded the old Chicago Shamrocks of the American Hockey Association in the early 1930s after he was denied a Chicago franchise in the NHL. Norris' chief rival in his early days of sports promoiton was Maj. Frederick McLaughlin, who owned Chicago Black Hawks.

The two waged a colorful feud after McLaughlin refused to approve Norris' bid for a second NHL team in Chicago. Nothing used to please Norris more than to have his Red Wings, which he bought in 1933, defeat the Black Hawks.

Last summer Norris withdrew his controlling interest in the Chicago Stadium and a syndicate composed of Wirtz and Norris' two sons, James D., Jr., and Bruce, took control. James Jr. is chairman of the stadium board.

Although doctors warned Norris several years ago not to attend hockey games or even listen to them on the radio because of a heart condition, he insisted "my heart belongs to hockey."

Members of the Red Wings should always dress like champions, Norris often said, and none should go to dinner on the road without coat and tie and shoes shined.

Norris built a dial phone in his box at Olympia Stadium and often called Adams from his 107-foot ocean-going yacht Osceola anywhere from Miami to Nassau for a play-by-play account of Red Wing games.

CANADIANS IN ENGLAND — The Wembley Lions hockey team which will meet the London All-Stars in a charity match at the Empire Pool, Wembley, London, before the Duke of Edinburgh, in aid of the National Playing Fields Association of which the Duke is president, is seen in this picture taken at Wembley recently. The Wembley Lions are mostly Canadian players coached by F/Sgt. Frank Boucher, RCAF, who coached the Canadian Olympic champions in 1948. They will tour Switzerland shortly for a series of six matches. Back row (left to right): Kenny Barnes, Wembley; Tommy Neesham, assistant trainer, Wembley; Wally Swords, Ottawa; Norman "Lefty" Wilmot, Montreal; Malcolm Davidson, Stoney Mountain, Manitoba; Arthur Green, Wembley; Clarence "Sonny" Rost, Winnipeg; Frank Boucher, trainer; Tommy Barnett, Manchester; George Beach, Regina. Front row (left to right): Hugh "Rip" Riopelle, Ottawa; Ross Tyrell, Ottawa; Bobby Dennison, Ottawa; Bob Cornforth, Montreal; Dave Maguire, Ottawa, and Roy Shepherd, Wembley.

Kitchener Bows To Quebec With 2-1 Loss

By THE CANADIAN PRESS

Kitchener Greenshirts lost the third game of their current Quebec tour when Quebec Citadelles edged them 2-1 in an interlocking-scheduled Quebec-Ontario Junior Hockey League contest at Quebec.

It was the Greenshirts' fourth game of the tour. They lost to Montreal Canadiens and Three Rivers Reds and tied with the last-place Montreal Royals.

The Cits' win Thursday night took them within two points of Montreal Canadiens, leaders of the four-team Quebec loop. Kitchener still is in eighth place in the nine-team Ontario league.

TOOK LEAD

The Greenshirts pushed ahead in the first period and led Quebec 1-0 on a goal by Horne. In the second, Camille Henri notched one and Bertrand Lepage scored the winning goal.

Quebec Goalie Marcel Paille managed to hold the Greenshirts in the final period as they tried to tie the score.

Quebec drew seven of the 12 penalties, but a 10-minute misconduct went to Kitchener.

Hockey World Pays Tribute To Booster Big Jim Norris

By THE CANADIAN PRESS

The hockey world paid deep tribute to James (Big Jim) Norris, Sr., the multi-millionaire owner of the Stanley cup champion Detroit Red Wings, who died Thursday in a Chicago hospital of a heart ailment.

Conn Smythe, president and managing director of Toronto's Maple Leafs, said Norris "was one of the greatest Canadians of all time who had a great love for hockey and was a great contributor to charity."

His death is a terrific loss, Smythe said. "The hockey virus was in Mr. Norris' blood and he spent his own money and fought for his own team, players and manager at all times. . .At least twice he went to the aid of the National Hockey League when things weren't too good and bolstered it to such an extent that the league was put back on its feet again."

GREAT SHOCK

Clarence Campbell, president of the NHL, said the death of the Montreal-born Norris "comes as a great shock to everyone in hockey."

Frank Selke, managing director of Montreal Canadiens, said Norris "has been the most aggressive man in hockey and has contributed more to its success in the last 20 years than any other individual in the sport. . .Canadians mourn his loss."

Art Ross, general manager of Boston Bruins, said: "I have lost a great friend by the Death of old Jim Norris and hockey has lost its greatest booster."

President Walter Brown of the Bruins called Norris "a great sportsman" who was always willing to help other club owners strengthen the NHL.

Bill Tobin, vice-president and general manager of Chicago Black Hawks, said:

"The death of Jim Norris is a great loss not only to the Detroit Red Wings and the National Hockey League but to hockey everywhere it is played. We of the NHL leaned on him heavily."

Remember When—

By THE CANADIAN PRESS

Toronto RCAF Hurricanes coached by Lew Hayman defeated Winnipeg RCAF Bombers in the East-West football final 10 years ago today by the low score of 8-5. The Hurricanes in winning the Grey cup overcame the Westerners' forward-passing attack with a great plunging and running offensive.

Mining Boom

REGINA (CP)—More mineral claims have been recorded so far this year than in any other year in Saskatchewan's history Resources Minister J. H. Brockelbank reported 3,200 claims were recorded up to late in November, and the year's total is expected to approach 3,600.

GIFTS TO KOREA

Hitler's Will Upheld As Valid

DUESSELDORF, (Reuters)—The will Adolf Hitler made in his last days was upheld as valid by a German court.

The ruling came Thursday as the court rejected a Swiss publisher's claim that his rights in Hitler's private utterances had been infringed by the German publication of "Hitler's Table Talk."

The Swiss publisher, Francois Genoud, based his claim on his purchase of copyrights to stenographic records of Hitler's private conversations. He made the purchase from Hitler's sister, Paula.

But the court found Paula was not Hitler's legal heir, and held Genoud's contract invalid

Hitler's private will left his property to the Nazi party, or, if it should cease to exist, to the German state.

Spent Only $206 In U.S. For Printing

OTTAWA (CP)—Justice Minister Garson said of $102,000 spent for printing in Canada's seventh Savings Bond campaign only $206 went to the United States.

Speaking for Finance Minister Abbott, Mr. Garson Thursday told Howard Meeker (PC—Waterloo South) that it is not true that job printing for the campaign has been done in the U.S. The $206 was for the purchase of bulletin blanks. The remainder had been spent in Canada.

MUTUAL SECURITY—Harold E. Stassen (left), incoming Mutual Security Administrator, gets a first-hand look at MSA operations. He is taking over the job now held by Averell Harriman (right) in directing the U.S. foreign aid program from Washington.

Mrs. Lorne Harris Heads Bensfort WA

BAILIEBORO (ENS)—The annual meeting of the Woman's Association of Bensfort United Church was held at the home of Mrs. S. Sweeting on Tuesday afternoon with a large attendance. The devotional was taken by Mrs. Oscar Reid and Mrs. Art Beebe. Readings were given by Mrs. S. Sweeting, Mrs. J. Nurse, Mrs. Herb Perrin, Mrs. Reg. Atcheson. The treasurer's report showed that $745.71 had been raised in 1952 with a balance of $292.93.

The nominating committee, Mrs. L. Harris, Mrs. R. Atcheson, Mrs. A. Bell, presented the slate of officers for 1953:

President, Mrs. Lorne Harris; first vice president, Mrs. Reg. Atcheson; second vice president, Mrs. Willis Patton; recording secretary, Mrs. Stuart Bell; treasurer, Mrs. Charles Barnard; pianist, Mrs. Allen Dawson; leaders: group A, Mrs. Cliff Patton, group B, Mrs. Reg. Atcheson, group C, Mrs. W. Moncrief; WMS, Mrs. L. Harris, Mrs. C. Fisher; treasurer of WMS, Mrs. C. Barnard; sick committee convener, Mrs. O. Reid; silver committee, Mrs. Fred Perrin; decorating, Mrs. A. Dawson, Mrs. R. Perrin, Mrs. C. Patton, Mrs. W. Lackey; tablecloth, Mrs. W. C. Dawson; tea towels, Mrs. John Nurse, Mrs. Reg. Perrin; flower, Mrs. W. C. Dawson, Mrs. Jim Wood; visiting, Mrs. A. Dawson, Mrs. L. Harris, Mrs. A. Vowels, Mrs. R. Crews, Mrs. M. Thompson, Mrs. S. Thompson.

Among those who attended the funeral of Mrs. Wallace Pratt at Plainville on Wednesday were: Mr. Gerald Finnie, Mrs. George Finnie, Mrs. Ken Dawson, Mrs. Stewart Thompson, Mr. H. Nurse, Miss Lulu Nurse, Mrs. Pearl Jewison, Mr. and Mrs. Chas. Barnard, Mr. and Mrs. E. Westington.

Ate Through Stack

OXENHOPE, England (CP)—Betty, a black sow, vanished for eight days and farmers searching for the animal never thought of looking in a haystack. She had nibbled into the stack and came out the other side eight days later.

Total Abstinence Faction Wins Fight At Convention

OTTAWA (CP) — The all-out "total abstinence" faction of the Canadian Temperance Federation lost one major fight but won another at the federation's annual convention.

Its efforts to get total abstinence and the elimination of the liquor traffic written into the stated objectives of the federation constitution were defeated Thursday.

But the group was successful in getting passage of resolutions advocating voluntary total abstinence and the "utmost measure of restriction of the traffic in alcoholic beverages that constitutional powers will warrant and public opinion will sanction and sustain."

The constitutional issue—regarded as the main one—produced a lively clash between the militant total abstinence group and moderates not favoring total abstinence by prohibition.

SLIGHT CHANGES

Eventually, the constitution was affirmed with slight changes, stating objectives in relatively mild terms which observers concluded were calculated not to discourage moderates.

Resolutions adopted at the concluding session of the convention included:

1. No relaxation on civilian laws in connection with sale of liquor to minors in service canteens.

2. Commendation of the CBC for rejecting liquor advertising on television and a decision to explore the possibility of co-operation between the Canadian and United States Councils of Churches on this point.

3. Compulsory chemical tests for drunkenness and drunk driving.

4. Appointment of a commission in each province to investigate liquor problems, such as British Columbia has set up.

THE *Precision* WATCH

Kenner Collegiate To Be Opened Officially Tonight

The city's most modern school, Kenner Collegiate, will be thrown open for public inspection tonight.

Formal opening of the school will be marked by a brief program at which L. S. Beattie, superintendent of secondary education, will officiate. Students will act as guides for the public.

The school, distinctive in design from the outside, is as distinctive inside. From Monaghan Road it appears as a long low block linked by the glassed-in foyer to the taller, shorter block that is the gymnasium.

Inside, the classrooms are bright, the corridor is broad and well-lighted, and all facilities are provided. The gymnasium has an excellent floor and a towering ceiling, and in the same building are showers, lockers and equipment rooms.

EXPENSIVE ROOMS FIRST

With an eye to the future, the planners had the more expensive classrooms built into the present building. Science rooms, the domestic science room and cafeteria, are included in it, and any future extension would include only standard classrooms.

Planning for the school began three years ago. PCVS was becoming more and more crowded, and it became increasingly obvious that a second secondary school was needed.

Two years ago ratepayers voted a debenture issue of $585,000 to build Kenner Collegiate. As building costs mounted, and as it was found there was sand beneath the hard crust of the chosen site, an extra $75,000 was voted for the school. From the actual start of construction until the school opened, contractor Hubert Eastwood took only 11 months to have the building ready.

Board mem ers termed this a remarkable feat, one that saved the board from an embarrassing problem of overcrowding. If the school had not been completed, classes would have to have been staggered at PCVS.

HALF GYM CANCELLED

As a result of the mounting building costs at the time of construction, half the gym was cancelled from present building plans, and this second half, plus an auditorium, will be added in the future.

A room at the northwest corner of the present building, now used as a general store-room, will be made into the opening of a corridor when the accommodation problem again becomes pressing. Since the science rooms and other costly rooms have been built, classrooms in blocks of four or six may be added in this future wing on the north side of the lot.

To the west of the school is a long, flat field, which in time will be made into one of the finest playing fields attached to collegiates in the province. It is sufficiently long and wide for both bleachers and a football field.

The school as it stands can accommodate 500 pupils—there are 322 registered at present— and future addition will make it capable of handling 1,000 pupils. Only Grades 9 and 10 are in Kenner Collegiate now, but Grade 11 will be added next year, and in 1954, Grade 12.

ELIMINATE GLARE

Following the trend set by school planners all over the continent, green blackboards are used in all classrooms. These are well lit by spotlights which eliminate glare from windows and other lights in the room. Yellow chalk, providing better contrast than white on green, is used.

Acoustic tile on the ceilings make for better hearing in the rooms, which are fitted out with posture form desks—seats and desks joined.

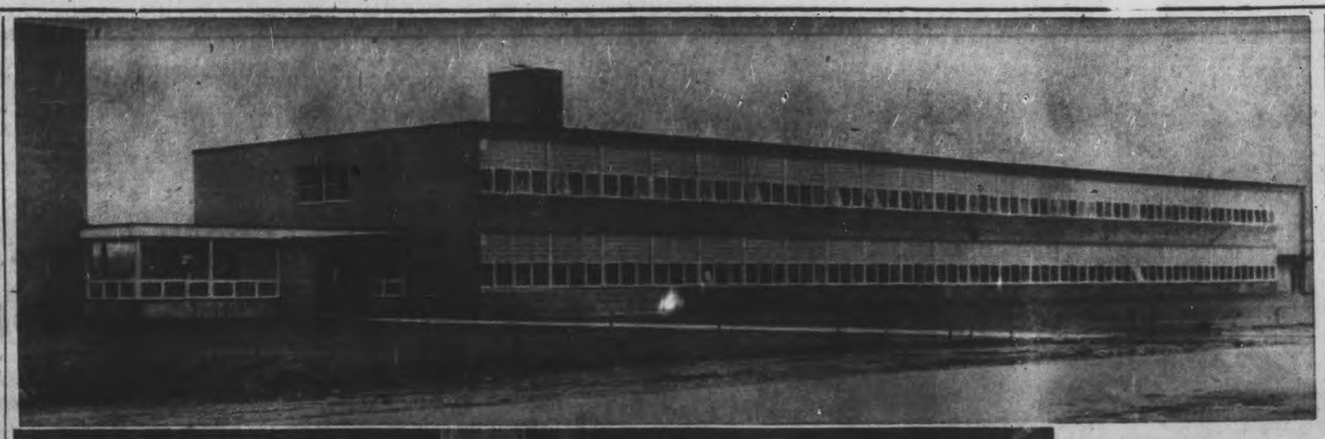
Members of the accommodation committee of the Board of Education during the period of planning and construction of Kenner Collegiate were: G. W. Craw, chairman; Frank Jobbitt, Joseph Collins, S. R. Adamson, W. B. Gordon, Charles Huffman, and Dr. Ralph Honey.

Some of the furniture for the school, notably tables used in the shop room and the domestic science room, was built in the board's own shops at the old South Central School.

Speakers at tonight's ceremony will include Mr. Beattie, the Rev. Scuse of St. George's Anglican Church, Mr. Craw, Mr. Gordon, K. S. Wightman, and the principal of Kenner, Dr. E. P. Ray.

The school was named for Dr. H. R. H. Kenner, principal of PCVS for 35 years and a member of its teaching staff for a half century.

Dr. Ray has told his students of the high ideals of Dr. Kenner and has told them that "it is expected that the students of Kenner Collegiate will try to live up to them".



KENNER COLLEGIATE will be officially opened tonight by L. S. Beattie, superintendent of secondary education in Ontario. Under principal Dr. Eldon P. Ray (bottom), Kenner Collegiate (top photo) is one of the most modernly equipped collegiates in the province. For Grades 9 and 10 students the collegiate, besides ordinary classrooms, has a science laboratory, shops, home economics, gymnasium, library, typing room, and a large spacious cafeteria. Grade 10 girls (second from top) tap lightly on their typewriters while teacher Miss Winifred Barlow keeps a watchful eye on the work. The collegiate also has one Grade 8 class, an overflow from Confederation School. These girls (second from bottom) receive instruction in home economics from teacher Mrs. Alex Sollitt.—(Examiner Staff Photos).

Explains How H-Bomb Material May Be Developed For Peace

By FRANK CAREY

WASHINGTON (AP)—An atomic scientist today supplied the first public explanation of how hydrogen bomb materials might be tamed for peaceful uses such as power.

Electricity discharged through a thin wire might set off a "slowed down" reaction which could be controlled for various purposes, Dr. George Gamow told a reporter.

He said there are other "theoretically possible" techniques that might even be better, but he declined to amplify.

Until recently the general view including that of most top scientists has been that atomic energy could be released from hydrogen only through a terrific explosion.

MAKES COMMENTS

Gamow, an internationally-known theoretical physicist who serves as a consultant to the atomic energy commission, made the comments when asked about a recent statement by Senator Bourke Hickenlooper (Rep. Iowa), a member of the joint congressional atomic committee.

Hickenlooper said: "the hydrogen picture contains some hope, in time, for peaceful and constructive applications."

Hickenlooper's statement — and one made by committee chairman Brien McMahon shortly before his death last July—provided the first indication that atomic officials see a possibility of using hydrogen fusion reactions for something other than projected H-bombs. The AEC has said nothing along that line.

The consensus of most top scientists has been not only that fusion would involve an explosion in itself—but also that it would have to be triggered by an exploding A-bomb.

MORE STARTLING

Hickenlooper's statement was described by the federation of American scientists as "more startling to scientists outside the AEC than the 'news' and rumors of a hydrogen bomb. . .The application would be in power, conversion to electrical energy of energy gained from fusion. . ."

Dr. Gamow told a reporter that it's at least theoretically possible to get a "slowed - down" atomic reaction with hydrogen bomb materials by causing a powerful electric discharge through a thin wire placed in such materials.

The idea of the electric discharge, he said, would be to provide the tremendously high temperatures required to make such materials fuse.

Asked how even small explosions would lend themselves to control for power purposes, Gamow said it's conceivable that a single small explosion might in turn trigger a succession of non-explosive fusion reactions which might be utilized for power and other purposes.

Grand Old Man

PINCHER CREEK, Alta. (CP)—Ludwig Gareau, Pincher Creek's "grand old man," celebrated his 97th birthday a month after he and his 85-year-old wife marked their 68th wedding anniversary. Gareau was born at St. Jacques, Que.

Planes Grounded

TOKYO (AP)—Pan American Airways said today its trans-Pacific planes in Japan and Hawaii were being grounded because of a typhoon roaring toward Wake Island, mid-ocean fueling stop. A typhoon devastated the island Sept. 16 with 160-mile-an-hour winds.

Third Godowill Trip

AMSTERDAM (Reuters)—Prince Bernhard of The Netherlands returned home by air today from his third goodwill trip to Latin America. Away six weeks, he visited Mexico, Colombia, Peru, Ecuador, Washington and New York.

CANADIANS ABROAD—Saskatchewan's Premier T. C. Douglas and his daughter, Shirley, who is studying drama in London, inspect a Vickers-Armstrong Viscount aircraft while visiting the company's plant at Weybridge, England, during Mr. Douglas's trip to the United Kingdom. The turbo-propelled aircraft is similar to those ordered by Trans-Canada Airlines for service in Canada.

Westwood WMS Guests Of Hastings

HASTINGS (ENS)—The thank-offering meeting of St. Andrew's WMS was held in the church parlors. Westwood WMS members were guests.

Mrs. Whitred read the scripture. The secretary, Mrs. J. C. Taylor and treasurer Mrs. A. Sherwin gave their reports. Mrs. Reta Johnson sang a solo. The president introduced the guest speaker, Mrs. Brown, who gave a talk on "Power of Prayer."

Mrs. Renwick, president of the WMS from Westwood, spoke a few words.

The Westwood meeting and annual election of officers will be held at the home of Mrs. Dodd.

The Cascade Mountains of Oregon have extinct volcanic peaks between 4,000 and 10,000 feet high.

Bail Ordered Confiscated Arrest Ordered

LINDSAY (ENS)—Judge J. A. McGibbon will issue a bench warrant for arrest of a man wanted on charges of indecent assault who failed to appear for his trial at the general sessions Thursday. Everett Kelso, of Bobcaygeon, apparently left home on Sunday night or Monday morning according to Chief Wood of Bobsaygeon and did not appear when his name was called for trial.

Judge McGibbon suggested to Crown Counsel Lorne Jordan, QC, that he might proceed with the trial in Kelso's absence, or put the case over until the next sessions in June, 1953, and have a bench warrant issued for his arrest. He advised the latter course because as he put it, "I like to do things in the open." The Crown agreed and asked that the bail of the accused not put up but granted on Kelso's own promise, should be forfeit to the Crown. Kelso is charged with indecent assault of two young boys earlier this year.

Actress Gets Books

BEVERLY HILLS, Calif. (AP)—Marilyn Monroe's figure—$1,335—was the best at an auction of books used by the late Max Reinhardt, noted German theatrical producer. Marilyn beat out the University of Southern California in competitive bidding Thursday night for the 178 manuscript books by Reinhardt.

HERE'S WHY

1. As a Chesterfield, it does not look like a Bed Chesterfield . . . its overall length is 76"—the same as a regular chesterfield. Cleverly built-in arms avoid that tell-tale bed chesterfield look.
2. As a bed . . . it will take care of extra holiday guests . . . It converts to a full double bed in a matter of seconds . . . the arms form part of the sleeping unit; nothing to block your head or feet when sleeping.
3. In order to obtain the best possible price and the largest selection of covers, Cherney's purchased the manufacturer's clearance of odd lines of fine upholstery fabrics and priced them exceptionally low.

GIVE GIFT CERTIFICATES FOR XMAS

Now for your convenience may we suggest Gift Certificates. . . .
A handy, practical solution to all your gift problems. . .avoid having selected the wrong colour, the wrong finish. . . Yes, even duplication. Declares Haig Real Leader Of PC Party

OTTAWA (CP)—The government leader in the Senate suggested—with some sarcasm—that Senator John T. Haig is the leader of the Progressive Conservative party and not George Drew.

Senator Haig heads the eight-member Progressive Conservative membership in the 102-seat upper chamber.

The government leader, Senator Wishart Robertson, on Thursday criticized remarks made last Tuesday by Senator Haig.

He said Senator Haig had appealed for less political debate in the Senate and had charged that Canada spends as much on defence as though she had 300,000 men under arms instead of 100,000

HAD DEEP REASON

Senator Robertson said a "deep reason" prompted the first statement by Senator Haig.

He added:

"With that astuteness which characterizes him, he feels that it would probably be well not to emphasize the political side of the issue hoping that the latent ability of my supporters will show itself by their fighting among themselves."

Senator Haig's remarks on defence closely resembled those made later in a radio address by Progressive Conservative members of Parliament. That led Senator Robertson to think there had been some consultation on the matter.

"I was only thinking a little faster than they were," Senator Haig interjected.

Replied Senator Robertson:

"That simply confirms my view that my honorable friend is the leader of his party and that they will adopt today what he said yesterday."

ENTOMOLOGY AWARD WINNERS—Winners of $300 scholarships in the National 4-H Entomology Award Program are shown above admiring a butterfly collection belonging to Ellsworth P. Christmas, of Chandler, Ind., on display in Chicago, Ill. From left to right are John Mask, Oak Grove, Va.; John Wayman Sowell, Canton, Miss.; Thomas Bucci, North Scituate, R.I.; Christmas; Louise Christensen, Torrington, Wyo., and Martha L. Harris, Hollister, Calif.

Mrs. M. Finney Elected Head Of Bethany WA

BETHANY (ENS) — Women's Association of the United Church met Tuesday at the parsonage. Officers for the coming year were elected as follows: President, Mrs. Mansell Finney; first vice-president, Mrs. Harvey Fallis; second vice-president, Mrs. Herb Coppins; secretary, Mrs. Walter Rowland; treasurer, Mrs. Wellington Fallis; pianist, Mrs. Ross Carr; sick and visiting, Mrs. Harold Sanderson.

The membership is divided into five groups, who will choose their own leaders to be responsible for the monthly meetings. The Rev. James Hampson voiced the thanks of the congregation and Board of Stewards to the ladies for their united efforts throughout the year and led in a prayer of dedication to service for the officers and leaders of 1953.

Mrs. Mansell Finney presided for teh devotional and business session. Mrs. T. J. Jackson read the scripture lesson. Mrs. Harold Sanderson read the lesson thoughts. Mrs. W. Rowland read the minutes of previous meeting the correspondence which included letters of thanks for sunshine boxes from Mrs. Lawrence Wright and Mrs. Ernest Stacey. The sum of $40 was voted to be given to the Missionary and Maintenance Fund and $15 to the board for church extension work. Mrs. Sanderson reported that 66 "Get Well and Sympathy" cards had been mailed throughout the year and 16 sunshine boxes sent to members who were ill. Mrs. T. J. Jackson reported for the parsonage committee, with all necessary repairs having been completed. It was announced that the annual church congregational meeting would be held on January 7 in the Sunday school room and the ladies to be responsible for a pot luck supper.

The program was in charge of Mrs. T. Malcolmson's group. Christmas carols were sung. Mrs. Herb Coppins read "The Message of Bethlehem." Mrs. Harvey Fallis and Mrs. Preston Neals sang a duet and Miss Elsie Richardson recited "The Street Arab's Christmas."

During the social hour, Mrs. M. Finney, Mrs. Harvey Fallis, Mrs. J. J. Clark and Mrs. T. Malcolmson served lunch, with Mrs. T. J. Jackson expressing the thanks of the members to the hostess group for an interesting meeting, and to the Rev. James Hampson for the use of his home.

10-Week Strike Ends At Hamilton Plant

HAMILTON (CP)—Workers at the Cosmos Imperial plant are expected to return to work early next week after a 10-week strike.

This prospect followed the signing Thursday of an agreement between the company and the Textile Workers' Union of America (CIO).

Employees of Cosmos Imperial and Hamilton Cottons walked out under AFL leadership, but the TWUA was made the bargaining agent. Work resumed at Hamilton Cottons three weeks ago when pickets clashed with the first groups of returning workers.

The agreement is similar to the one signed at Hamilton Cottons. Workers will receive an increase of seven cents an hour.

Angry Bull Kills Man

OTTAWA (CP)—An enraged bull dragged and trampled 60-year-old Henry Dodd to death Thursday night on his farm near Ashton, about 25 miles southwest of here. Edgar Dodd, 13, attempted to distract the usually placid bull after it attacked his father in a field. When this failed he ran for help but Mr. Dodd was dead before neighbors arrived.

Find Life Preserver But Not From Plane

SAULT STE. MARIE, Ont (CP)—A cushion-type life preserver was found this week in Lake Superior, but a check with Winnipeg authorities showed it was not the type used on the plane missing between Houghton, Mich., and Toronto with four Alberta football fans aboard.

The life preserver, found by a lighthouse keeper at Parisienne Island, 30 miles west of here, was the type commonly used in aircraft emergency equipment.

The missing single-engine craft was en route from Edmonton to Toronto. Planes Thursday scoured the Wasaga Beach area 80 miles north of Toronto in a continuing search.

Have New Illness Executive Neurosis

CAMBRIDGE, Mass. (CP)—An industrial psychologist described a new illness which causes leaders of business to "crack up."

Dr. Robert N. McMurry called it "executive neurosis."

It attacks many men who rise to top management jobs, Dr. McMurry said Thursday in the latest issue of Harvard Business Review.

Its prevention now is "a major responsibility of those who control the destiny of a business or industrial organization."

Its victims—driven by feelings of insecurity and frustration to more and more overwork—reach a tension point which may end in heart disease, nervous breakdown, or in excessive drinking or other indulgences or escapes.

Tax Violation Fines

GALT (CP)—Three income tax violators Thursday were fined a total of $115 and costs. "No Canadian should be allowed to ride free in these days of heavy expenses," Magistrate J. H. R. Kirkpatrick said in passing sentence.

Homeless After Fire

SARNIA (CP)—Al Tedball, his wife and their 16-month-old twins moved Thursday morning into their cottage at Bright's Grove. Thursday night fire broke out and destroyed the house. The Tedballs escaped with some furniture. Damage was estimated at nearly $6,000.

Doctor Tries Change Law On Advertising

OTTAWA (CP)—A London, Ont., doctor tried to convince a Senate committee that it should change a prohibition against advertising cures or treatments for certain diseases.

Dr. Evan Shute of the Shute Foundation said Thursday the prohibition in the Food and Drugs Act may mean that doctors cannot undertake public educational programs on their work.

The committee took no action on Dr. Shute's suggested changes to the legislation after Dr. C. A. Morrell, director of the health department's food and drug division, said the prohibition will not interfere with Dr. Shute advocating the use of vitamin E for heart disease.

Dr. Morrell said the ban was confined to advertising to the general public by persons directly or indirectly interested in promoting sale of drugs.

Earlier, Dr. Shute said the Canadian Medical Association and the Ontario Medical Association denied him their platforms to explain his treatments with vitamin E. Canadian medical publications also rejected articles on a similar subject.

Urges Canada Grow All Its Own Sugar

OTTAWA (CP)—John Blackmore (SC—Lethbridge) says Canada could become self-sufficient in sugar by expanding her sugar beet industry.

"Canadians could produce all the sugar they need in Alberta alone, south of High River," Mr. Blackmore told the Commons Thursday. He urged that the sugar beet industry be given tariff protection.

Canada now has seven sugar beet factories—three in Alberta, one in Manitoba, two in Ontario and one in Quebec. They produce about 25 per cent of the sugar needs of Canadians.

The industry could be destroyed by imports of cane sugar from other countries.

Millbrook WI Holds Successful Bazaar, Tea

MILLBROOK (ENS)—Millbrook Women's Institute held a successful afternoon tea, bazaar and home baking sale in the waiting-room on Saturday. The guests were greeted at the door by Mrs. J. J. Lunn, the president.

Mrs. Gerald Larmer, the convener of the tea, was assisted by Mrs. Clifford Scott, Miss Marjorie Skitch, Mrs. Henry Blakely and Mrs. J. W. Hilton. Mrs. William A. Armstrong and Mrs. Allie Fallis were in charge of the baking and touch-and-take tables. Miss Mary L. Widdis and Mrs. George Freelove were behind the counter of the country store. At the fancy work table was Mrs. Gordon Davidson. Tickets were sold on a quilt, the draw ta be made at the next meeting.

Members of the Institute welcomed to this tea Mrs. Tom Harkness, a charter member, who has been confined to her home for almost a year with a fractured limb.

Rev. A. A. Chote Plans To Leave Millbrook

MILLBROOK (ENS)—At services held last Sunday in the parish of Cavan, the rector, the Rev. Arthur A. Chote, announced to his parishioners that, after a great deal of prayer and consideration, he felt it was the Lord's will for him to accept the call to the parish of Richmond Hill. The date of transfer will probably be next February 1.

During the three years Mr. Chote has served as rector of the parish of Cavan all three churches of the parish, St. Thomas', Millbrook, St. John's, Ida, and Christ Church, Bailieboro, have been completely redecorated. Mr. Chote was instrumental in bringing the Rev. Gerald Gregson to Millbrook for a most succesful preaching mission last January. All the churches of the various denominations of the village and surounding country joined for this mission which lasted for a week. Mr. Chote also contributed to the success of the school for Anglican theological students in rural sociology held in the parish last spring. He has given instruction in religious education in the local high school and in public schools of the district. In the life of the community as a whole as well as in his own churches he has taken a most active part.

It's the 'KNOW HOW' that Counts!

HANDBALL: THE WRIST-SNAP STROKE

1 Body stands erect for this stroke. Power and control depend mainly on the snap of the wrist. Full stroke is a circular movement, beginning with "cocked" arm at top of swing as illustrated.

2 Ball is hit at a height ranging between the knee and hip. On stroke, forearm passes close to body. Wrist snap and short left step forward give ball speed and hop. This stroke needs much practice for good control.

3 Circular movement of stroke is completed as follow-through brings arm across in front of the waist. Proper body positioning and control of arm movement is essential in this stroke.

Yes, it's "know-how" that counts in handball as in every sport — "know-how" that sets one performer above another. Learn the correct form — the "know-how" — then practise until you have mastered it and you'll get more fun and enjoyment out of your sports and game.

400 Soldiers Return From Korea

SEATTLE, Wash. (CP) — Home and family drew nearer today for 400 Canadian soldiers who watched, waited and fought for more than a year with United Nations forces in Korea.

Trains carrying the men to homes on the Prairies and in Eastern Canada rolled through the night after "welcome back" ceremonies at this Pacific northwest port which included pretty girls, a jazz band and a companion they believed dead.

The returnees constitute the main body of the 1st battalion, Princess Patricia's Canadian Light Infantry. They boast the longest stay in the Korean front lines of any United Nations force — 283 consecutive days.

The 36 British Columbia troops aboard the transport Gen. H. B. Fraeman when she docked here from the Orient are already home. They were taken by bus to Vancouver.

WAVES TO TROOPS

As the troopship docked Pte. Tommy Nelson of Montreal enthusiastically waved one of his two canes to the Canadians along the rails.

Nelson is recuperating from wounds received Nov. 4, 1951, when his D company, on an outpost, was under attack.

"Fifteen of our company got killed or wounded," he explained. "I was evacuated to an American hospital and flown home. I heard my buddies figured I was killed. That's why I wanted to come down from Vancouver to meet them when I got back."

The men who would talk of the war had respect for the Communist artillery and intelligence service. They said the enemy knew of Canadian movements almost as soon as the Canadians did.

READS MESSAGE

Before the troops disembarked, Brig. W. J. Megill, commander of the Army's B. C. area, read a message from the commanding officer of the Commonwealth forces in Korea.

"I say to all ranks well done. . . and may we never forget those gallant members who gave their lives in Korea upholding the proud traditions of the regiment and the cause of world freedom."

ESKIMOS RETURN—A rousing welcome greets Edmonton Eskimos on their return home despite their losing bid in Toronto for the Grey Cup. Seventy thousand cheering fans lined the 20-block route of the Eskimo's home-coming parade. The Edmonton team was defeated 21-11 by Toronto Argonauts for the Dominion football title.

Hastings News

Mrs. William Fleming, Mrs. B. Johnston, Mrs. M. Smith, and Mrs. J. Adams spent a few days in Toronto during the past week.

Mr. J. Linton has returned after spending a few days in Cobourg.

Mrs. Charles Dodd had the misfortune to fall and break her arm. Mrs. Dodd has returned home from Civic Hospital.

Mr. and Mrs. Stewart Buck and son David were Sunday visitors with Mr. and Mrs. Marvyn Preston.

Mr. and Mrs. W. G. Warner spent the weekend in Peterborough with their daughter Miss Jean Warner.

Mr. Wilfred Knight of Peterborough visited with Mr. and Mrs. Clifford Scriver.

Mr. and Mrs. Clayton Drury of Cobourg and Mr. and Mrs. Bert Preston were visitors on Sunday with the latter's sister, Mrs. D. E. Merrells at Warkworth.

Christmas Turkey

GALT, Ont. (CP)—Civic board of works employees will receive the usual Christmas gifts of turkeys this year, but other city employees may accept $10 in lieu of the turkey.

Survey Shows 4 Cases Of TB At Bancroft

BANCROFT (ENS)—The worth of the North Hastings Community mass chest X-ray survey held this summer was amply reflected in the figures received this week by E. G. Thomas, chairman of the T.B. seals committee.

A total of 1,627 X-rays were taken during the survey, divided as follows: Bancroft 559, Maynooth 212, Coe Hill 157, Gilmour 140, Fort Stewart 179 and Whitney 380. These figures show a marked improvement over the last survey which was taken in 1948.

The survey detected four cases of pulmonary tuberculosis and one suspected case. Forty-two cases of other disease and abnormalties were detected. The balance of 1 580 plates were negative. Treatment has been commenced in the cases of those affected.

Mr. Thomas and his committee have received congratulations from the Provincial Department of Health for their outstanding efforts.

The annual sale of T.B. Christmas seals, the proceeds of which support this highly valued service, is under way at the present time.

Bancroft News

Mrs. Walter Robinson and daughter Shari returned to town recently after visiting in Ottawa.

Mr. G. E. Towle spent the weekend in Toronto visiting relatives and friends.

Mr. and Mrs. Ellis Mather and family returned to town recently from a motor trip to Finch.

Mr. John Hutchinson was a delegate to the provincial council meeting of the Civil Service Association held in Toronto.

Mr. and Mrs. Pat La Barge and Mr. Thomas O'Shaughnessy have just returned from a motor trip through Northern Ontario where they visited relatives at Oba.

Mr. Roy Robinson was a business visitor to Toronto on Tuesday.

Mr. George Lloyd visited Toronto on the week-end where he attended the Grey Cup game.

Friends of Mrs. Elvin Reynolds were pleased to learn that she successfully underwent major surgery at the Toronto General Hospital and is recovering well.

Sterling Convertibility Proving Terrific Headache For Delegates

By ALAN HARVEY

LONDON (CP)—Sterling convertibility? Well now, let's see. . .

Convertibility, the economists say, simply means the free exchange of one kind of currency for any other kind. In other words, it's a system whereby payments for goods and services can be made in all countries, regardless of the country of origin.

Sound simple? That's what financial writers thought until prime ministers and financial ministers came to town for the Commonwealth Economic Conference. Now it appears convertibility may mean different things to different people, which rather complicates matters.

Convertibility is known to be one of the great issues of this conference. Last January the Commonwealth pledged itself to work towards this goal, and the current conference is expected to move a stage closer to an ultimate freeing of currencies.

DIFFERENT IDEAS

But—and here's the rub—a Canadian definition of convertibility would imply lifting of trade restrictions. Britain, on the other hand, might feel that it is possible to have currency convertibility plus discriminatory trade—in other words, convertibility within the framework of the present import restrictions.

With Canada pressing for removal of trade restrictions and Britain seemingly convinced that complete convertibility would break the sterling area bank, the Commonwealth delegates may find this difference of opinion one of the big obstacles in their London talks.

If "complete" convertibility were introduced tomorrow, a British spokesman said, every country with a surplus of sterling would start a run on the sterling bank that, because of the great pent-up demand for dollars, might drain the kitty within a few days. In 1947, convertibility lasted just one month and seven days and caused a British financial crisis

LIMITED FORM

Not all other Commonwealth countries agree on the interpretation of convertibility. A spokesman for the Australian delegation said it would be "impossible" to remove all trade restrictions overnight, but said he was convinced the Commonwealth is genuinely working toward some limited form of convertibility.

To South Africa, the cardinal need is an increase in sterling area reserves as a prerequisite to any free exchange of money. In other words, the South Africans say, convertibility should be preceded by an increase in the price of gold, which would automatically enhance the value of the gold and dollar reserves.

Whatever happens, whether convertibility is limited, gradual or complete, it must mean one of three things—free exchange of pounds sterling at a fixed rate, at a fluctuating rate between fairly wide limits or at a "floating" rate, dependent on supply and demand.

Story Of Fight Against TB Told To Kiwanis Club

"It is estimated that there are 50,000 cases of tuberculosis in Canada. Approximately 250 Canadians died of tuberculosis in 1951."

These facts and figures were included in an address by Dr. Eugene Snider of the Gage Institute, Toronto, at the Kiwanis luncheon meeting Friday. Dr. Snider was born and received his early education in Peterborough. After graduating from the University of Toronto and taking post graduate studies abroad, he opened a private practice here in 1938. Four years later he enlisted in the RCAF. Following his discharge in 1945, he was appointed assistant director of the Gage Institute.

Dr. Snider's address Thursday was the story of the work done by the National Sanitorium Association in combating TB in Canada.

PRIVATE DONATIONS

He explained that the Association is a privately endowed association which owns and operates the sanitoria at Weston and Gravenhurst and the Gage Institute.

The speaker placed special stress on the work which has been carried out by the institute since 1945. He explained that in that year special X-ray equipment was developed that made it possible to outfit mobile units that could travel to outside communities. Out of this development has risen three X-ray projects. They are general X-ray surveys in communities, industrial surveys and a program of pre-employment X-rays.

"We have found that the highest rate of TB is in the 20-45 age group," Dr. Snider said. "Also more cases are found in industry, than in any other field. Because of this we have placed special emphasis on our work in industry. When we first started our pre-employment X-ray program in Toronto, 92 firms agreed to co-operate. Now more than 200 have signed up."

The speaker explained that when a firm agrees to carry out this program it makes a chest X-ray a prerequisite of employment.

DEATH RATE FALLING

"Fortunately in Canada, the death rate from tuberculosis is low and is continuing to fall," Dr. Snider said. "However the number of cases is not decreasing."

"There are two ways that you can help in this work," the speaker concluded. "First you can support the annual seal sales in your community. And secondly you can help educate others about this disease. By education, I mean learning a few facts with which you will be able to correct misstatements. Two of the most common mistaken beliefs about tuberculosis is that it is hereditary and that you can't have it when you are old. Both these beliefs are wrong. Tuberculosis is an infectious disease, not a hereditary one and elderly people can suffer from it, often in ignorance."

Dr. Snider was introduced by John Madden and thanked by R. B. Arnold.

Mr. Arnold asked that support be given to the Peterborough County Tuberculosis Association in their present Christmas seal campaign. He explained that the money raised from the annual campaigns finances the mass surveys and pre-employment program in the district and also provides benefits for the 20 people from the county in sanitoria.

Wealthy Vagrant Dies

TORONTO (CP)—Patrick McCarthy, 55, who, police said, is believed to have inherited $30,000 recently, died Thursday night in the Don jail while under arrest as a vagrant. McCarthy came originally from Mitchell and until recently worked for a construction company in Oakville. Police said he had slept in parked cars and trucks and Wednesday night he was arrested on a vagrancy charge.

No Lack Of Demand For Goods Likely To Hamper Economy

By FORBES RHUDE
Canadian Press Business Editor

The growing capacity of North America to produce goods sometimes throws a scare into people who try to read the future.

As H. L. Enman, president of the Bank of Nova Scotia, said at the Bank's annual meeting Tuesday:

"That there is serious discussion of the possibility of a business recession is a tribute to the productive power of North American industry and agriculture, as well as to the bounty of nature in the huge North American crops of this year and, indeed, of the last several years."

But, as Mr. Enman also pointed out, there are many factors operating as counterbalances to those which may threaten to bring about unsalable surpluses.

Raymond C. Firestone, vice-president of the Firestone Tire and Rubber Company, mentioned one of them Monday in an address in Chicago. Speaking to a group of young farm people, and urging care and conservation of the soil he said:

"We have about 465,000,000 acres of productive land in the United States today. But we have already lost 100,000,000 acres that are ruined to the point where they never can be returned to cultivation. An additional 100,000,000 acres are badly damaged.

"Today, we have only three acres left to support each of us. Our population is growing every day. There are 48,000 more mouths to feed in the United States today than there were last Monday—and throughout the world, there are 500,000 more people to feed than there were last week. But how many new acres of land came into production in the last seven days?"

An editorial in the Financial Post, Toronto, recites similar graphic figures about Canada:

ALWAYS SOME DEMAND

"Today, tomorrow and for every day next week, or for every day this year, 1,000 Canadians are born, 340 die. And 400 people immigrate to this country.

"For every day this year there are well over 1,000 new people to feed, clothe, and eventually to buy refrigerators, motor cars and houses.

"Every month there is added to the consumers' market as many people as live in Brantford, Sarnia or Port Arthur; more than live in New Westminster or Moose Jaw, and twice as many as make their homes in Fredericton or Medicine Hat."

These comments are among many which indicate that even though production is increasing, there can scarcely at any foreseeable time be lack of demand.

Unfortunately, there may come periods when the demand will exist but the means to turn it into buying power may be lacking.

That would seem to be the problem for the future — to ensure that need and demand are made effective.

IT MAY BE YOUR LIVER

If life's not worth living it may be your liver!

It's a fact! It takes up to two pints of liver bile a day to keep your digestive tract in top shape! If your liver bile is not flowing freely your food may not digest . . . gas bloats up your stomach . . . you feel constipated and all the fun and sparkle go out of life. That's when you need mild gentle Carter's Little Liver Pills. These famous vegetable pills help stimulate the flow of liver bile. Soon your digestion starts functioning properly and you feel that happy days are here again! Don't ever stay sunk. Always keep Carter's Little Liver Pills on hand. Only 25c at your nearest drugstore.

To All Boys and Girls!

Did you know that at five o'clock this afternoon Santa Claus sent some of his red coated gnomes to Peterborough? These funny little fellows decided to go to work in the show windows at the Peterborough Lumber Company. That's where you'll find them right now!

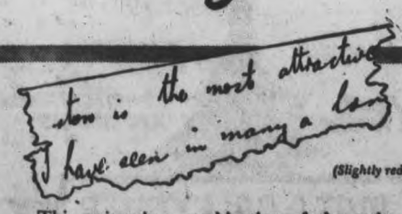
AND, THE PETERBOROUGH LUMBER COMPANY INVITES YOU TO COME, SEE FOR YOURSELF.

We are very sure that mother and dad will have just as much fun as you will.

Come on along — day time or night time.

THE PETERBOROUGH LUMBER COMPANY LIMITED

Free Handwriting Analysis



(Slightly reduced)

This writer is a combination of the artist and business-man. The tall upper loops and heavy pressure reveal his creativeness and imagination and the angular lower formations show his keen, critical mind and mental independence.

He likes to undertake plans and carry them through on his own, having the patience and drive to follow up every detail.

This type of writer can be completely at ease in a one-man business, creating ideas, planning them and putting them into operation successfully.

While he has a forceful and magnetic personality, he can be very inflexible in his attitudes (as shown by the stiffly written capital 'I') making him seem overbearing at times.

A noted professional Graphologist will analyse as many samples as possible of our readers' handwriting received each month.

Keep Grandeur Of Niagara Intact By Altering Flow

NIAGARA FALLS, Ont. (CP)—Visitors to Niagara Falls are due for some surprises in the next few years.

They may find the scenic splendor of the Canadian falls somewhat distorted, but it's only temporary. It's part of the plan evolved by the international joint commission to alter the flow over the Horseshoe falls to keep the grandeur of the falls intact in future years when more water is drawn off upstream for hydro development.

The construction plan calls for a dam blocking off portions of the brink so that crews can work on the river bed above the falls. They will excavate certain sections to produce an even distribution of flow around the horseshoe, providing an unbroken curtain of falling water.

WORK IN SUMMER

Unfortunately for the honeymooners and others who flock to the holiday centre each year, this work can only be done during the summer months. Until it's completed the Canadian falls just won't look the same.

The job, if it gets the go-ahead from the Canadian and U.S. governments, will be started in 1953. It will take four years to finish at an estimated cost of $16,000,000, to be shared equally by the two countries.

No work will be done on the American side of the falls. A proposed control dam 1,550 feet long about a mile upstream will guarantee an even flow over the U.S. side.

In the end, sightseers will get a better look at the mighty cataract. The change will make possible new vantage points on each tip of the horseshoe, with an unobstructed view.

Most of the research on water conditions on the Niagara was done on an ingenious model in a special building at Islington, a Toronto suburb. The model represents every detail of the falls and the river for about two miles upstream.

HELICOPTER HELPED

To obtain data on the contour of the river bottom engineers developed novel solutions.

It was impossible to trace the river bottom near the falls by the conventional method of a boat with a sounding line. So they used a helicopter, which hovered over the river and lowered a line with a marker attached. Surveyors on shore sighted their transits on the marker.

Later, searchlights were used for night work. The lights illuminaetd the water and the depths of the beam were measured by transit.

Better Steers Up $2 During Week

TORONTO (CP)—Better steers were $1-2 higher this week at the Ontario stockyards with cows, heifers, bulls and lambs $1 higher. Included in the fresh supply were 770 westerns. Holdover at the close was 300 stockers.

Cattle receipts totalled 6,695 head. Choice weighty steers sold at $25.50-26.50 with good steers at $24-25 and mediums at $22-24. Common to medium light steers and heifers were at $12.50-22 and good heifers at $23. Good to choice fed yearlings brought $25-26.50 and mediums $19-23. Medium to good stockers closed at $20-23 with plain downward to $14.75. Good cows sold at $14-15.50 with canners and cutters at $10-12. Good heavy bulls brought $14.50-15.50 and common light bulls $12-13.50.

Calves totalled 2,197. Veal calves were unchanged at $26-29 for choice quality and at $14-25 for common to medium. Grassers for slaughter were $12-13.50.

Hog receipts were 4,063. Grade A hogs were steady at $26 with dressed sows at $17.

Sheep and lamb receipts totalled 2,039 head. Good lambs were $1 higher at $25 with bucks and heavies at $23 and culls at $15-20. Medium to good sheep ranged from $8-12 with culls downward to $5.

Wicklow Reeve Begins 22nd Year In Office

BANCROFT (ENS) — An enviable record in municipal politics was lengthened when W. J. "Bill" Davis was acclaimed as reeve of the townships of Wicklow, Bangor and McClure. He will enter his 22nd consecutive term in this office, 17 of which have been by acclamation.

The reeve, councillors and school trustees for 1952 were all returned by acclamation. Members for 1953 are as follows: Councillors, Elmer Franz, Raymond Pritchard, Vern Mayhew and Gideon Jessup. School trustees, Ross Olmstead, William Poot, George Steele, Harry Davis, Howard Barrigar, Samuel Hicks, Walter Watson, George McGregor, Henry Dubblestein and Cecil James.

CALENDAR CHANGE

February was the last month of the year in the Roman Calendar, until it was placed after January in 452 B.C.

Want Canada Have Say In Korean War

OTTAWA (CP)—An army veteran of the Second World War suggests that Canada should have "some part in determining the conduct of the war in Korea."

Lt.-Col. Gordon Churchill, Progressive Conservative member for Winnipeg South Centre, said in the Commons Thursday the Canadian casualty rate is as heavy as the casualty rate at Dieppe.

"The only difference is that at Dieppe the casualty rate of 60 per cent was suffered in a period of nine hours and the casualty rate of 68 per cent in Korea has been spread over 22 months," said Col. Churchill.

Canada has suffered 1,245 casualties so far in Korea, including 233 dead, 899 wounded, 28 missing, 84 injured in action and one captured.

NOT POLICE ACTION

Col. Churchill, commander of the 1st Canadian Armored Carrier Regiment in Europe during the Second World War, said:

"This is not a police action in Korea; it is war, with all its horrors, its suffering and its bloodshed."

Canada, he added, must back her troops there not only with arms and ammunition but by having some say in the conduct of the war.

He noted reports that ammunition was being rationed to Canadian troops in Korea. If the reports were true a full explanation should be given to Parliament.

"In the third year of any war, there should not be a trickle, but a flood of ammunition," he said.

"We have lost the equivalent of the fighting strength of two battalions. We are calling upon our young men to sacrifice their young lives on the field of battle thousands of miles from home. Are we taking every precaution to see that not one of those lives is needlessly lost?"

Col. Churchill was one of several to participate in continued debate on the speech from the throne.

WANT SUGGESTIONS

At the House opening, Defence Minister Claxton, who leaves today for the Atlantic Pact council meeting in Paris, said Canada is willing to consider any suggestions for strengthening Western defence, but he knows of no proposal that Canada increase military commitments in Europe.

In the debate, Mines Minister Prudham criticized the Social Credit government of Alberta and the Social Credit party. The Alberta government was claiming credit for oil developments when it knew the discoveries could not have been made without the assistance of federal surveys and maps.

John Blackmore (SC — Lethbridge) called for tariff protection for the sugar-beet industry. Given such protection, the industry could expand and make Canada self-sufficient in sugar.

Rene Jutras (L—Provencher) said trade has prospered under Liberal government policies. Progressive Conservative policies favoring a return to empire blocs, higher tariff walls and self-sufficiency, would damage the Canadian economy.

SUGGESTS COMMITTEE

David Croll (L—Toronto Spadina), former Ontario welfare minister, urged establishment of a joint parliamentary committee to prepare a "blueprint" for national health insurance in Canada.

He agreed with the government that Canada should not rush into a health plan. But he disagreed that she should wait until all the necessary facilities were available.

E. O. Jones (CCF—Yale) said the government should go ahead now with a national health program, providing funds to increase the number of doctors, dentists and nurses.

Roland Beaudry (L—Montreal St. James) criticized the Progressive Conservatives for attempts to discredit the government's defence expenditures.

John Charlton (PC—Brant) said the government program as outlined in the speech from the throne contained nothing for eastern farmers.

Farm income from an average 100-acre farm would be reduced by $1,000 this year, yet the cost of production continued to rise. Farmers were staggering under a heavy load of municipal taxation; they were being "taxed off the farms."

400 TAKE LAST TRIP

CAMPSEA ASHE, England (CP)—On the final run of the last train from this Suffolk railway station five extra coaches were needed to handle 400 passengers. The line is being closed because on the average it was used by only five passengers daily.

St. Andrew's WA Makes $1,200

MILLBROOK (ENS)—The annual meeting of St. Andrew's United Church Women's Association was held on Tuesday at the home of Mrs. Wilfred Fallis. Following the opening prayer by the president, Mrs. John McKnight, Mrs. Chester Fisher conducted the worship service.

The secretaries of the various groups gave reports for the year. The north group whose leader is Mrs. Aubrey Fallis, raised $145.95; the south group, Mrs. Lawrence Winslow's, $155; and the town group, whose lead is Mrs. Chester Fisher, $457.85. The allocation for the two country groups was $125 each and for the town group $250. All three exceeded their allocation.

As well as their individual projects all three groups joined for the annual bazaar and tea, and for catering to the 500 Bushel Club of Durham county's annual turkey dinner.

Altogether nearly $1,200 was raised in the year. Among other expenses were the installing of a new kitchen at a cost of $620, and the purchase of an electric stove for the kitchen. One hundred dollars had been voted to the official board. After paying all expenses there is a bank balance of $154.33.

The Rev. A. M. Butler took charge for the election of officers. Mrs. John McKnight was returned as president, Mrs. P. I. Bentley as secretary and Mrs. J. T. Crowley as treasurer. Mrs. McKnight and Mrs. Crowley were appointed as a committee to secure a vice-president, who would be willing to step up to president.

The secretary was asked to order topic cards to be used in devotional periods for the coming year.

Mrs. Crowley was appointed to be in charge of Christmas cheer.

Supper hostesses were Mrs. J. H. McKnight, Mrs. Clarence Ball, Mrs. Vertil Kennedy and Mrs. Fred Winslow.

KIDNEY ACIDS Rob your Rest..

Many people never seem to get a good night's rest. They turn and toss—blame it on 'nerves'—when it may be their kidneys. Healthy kidneys filter poisons and excess acids from the blood. If they fail and impurities stay in the system—disturbed rest often follows. If you don't rest well get and use Dodd's Kidney Pills. Dodd's help the kidneys so that you can rest better—and feel better. 136

Dodd's Kidney Pills

Oppose CPA Cargo Bid

MONTREAL (CP) — Trans-Canada Air Lines will oppose an application by Canadian Pacific Airlines to the air transport board for a licence to operate a transcontinental cargo service, it is learned. No date has been set for the board hearing. TCA is awaiting publication of details of the CPA plans regarding type of aircraft to be employed, rates and schedules before making its case against the application.

SKATE ON CHEMONG LAKE

Bridgenorth school children have been skating on the ice at Chemong Lake. The lake became frozen over four days ago. Today the children are anxiously watching to see if the rain will melt the thin ice and spoil their fun.

NOMINATIONS

Sidney Little, former mayor, and M. S. Dale, former deputy-reeve have been nominated to contest the reeveship of Bowmanville. The town's elections take place on Monday.

RAILWAY TIES BURN

Firemen were called out shortly before 5 p.m. Thursday when some old railway ties were reported on fire on the CNR right-of-way, north of the old Auburn Mill. A booster tank was used to put out the flames. There was no other damage.

LORD PROVOST

Rt. Hon. James Miller, Lord Provost of Edinburgh, Scotland, visited his aunt, Mrs. W. P. Hall in Bowmanville, recently. His Lordship is in Canada to take part in annual St. Andrew's Day celebrations in larger Canadian cities. He will also be visiting cities in the United States.

TALK CONTRACT ISSUE

At a membership meeting Thursday night of Local 524, United Electrical, Radio and Machine Workers, the union members put forward their first suggestions for changes in the contract with the Canadian General Electric Co. An election committee was installed and they will conduct the elections for plant stewards to be held some time in December.

HOSPITAL BEDS

The Ancient Mystic Order of Samaritans loaned out hospital beds for a total of 292 days in the eight months period from April 1 to the end of November, it was reported. Local branch of the "playground of the Oddfellows" is Cyzicus Sanctorum No. 24. The beds can be obtained on loan, with the recommendation of a doctor, by asking any member of the AMOS. Chairman of the hospital bed committee is Norman Nesbitt.

Rambling Reporter

MIRACLES CAN HAPPEN

Sandy McManus and David White, two veterans of the Bridgenorth and Ennismore area who enjoy the sport of hunting, went on a fox hunt on Thursday. They chose Ennismore as a suitable place where they might have a good hunt, for on several previous occasions they had considerable success in that township and were able to collect the county bounty. Their hound soon raised a fox and they followed. They came upon a lot of blood on a patch of snow, but no fox, and the only thing they can think of was their dog ate the fox. But that is not all the story. They lost so much time searching for the fox that it was just at dusk when they emerged from the swamp. They were hopelessly lost and did not know which way to go until finally they had to ask a township resident to direct them to Bridgenorth.

Community Fund Adds New Directors

The Peterborough Red Cross and Community Fund has increased the potential membership of its board of directors from 20 to 25.

This potential increase was brought into effect by a motion of amendment to the fund's constitution and bylaws at a general meeting of the fund in the YMCA Thursday night.

Formerly, according to its constitution, the funds board of directors was made up of 10 members representing participating agencies and 10 members representing the contributing public.

The motion passed Thursday night affected an amendment that increased the members representing the contributing public to 15.

WIDER FIELD

Chairman A. L. Elliott explained that the increased membership would allow the fund to embrace a wider field. With the former number of members, the fund didn't have enough scope for expansion.

Three new members were nominated at the meeting. They are Mrs. J. E. Waters, J. E. Girven and R. T. Bogle. The two remaining members to be appointed, will be named by the board at a later date.

A dozen people attended this general meeting of the fund, which had been called to amend the constitution. A notice of motion for the amendment was made at the annual meeting, Nov. 12, by John Corkery, Sr.

The only other business treated at this meeting was a request that the Peterborough Branch of the St. John Ambulance be included as a fund agency. A brief was presented by James Wharry on behalf of Gordon Munro.

The directors nominated a steering committee of three, Mr. Corkery, J. Blake Bell and J. F. Richardson, to investigate the request and report to the board at the next meeting.

Ont. Spent $700,000 Roads Here

Money Paid Out On Development Roads Over Past Six Years

Since 1946 the Department of Highways have spent $700,000 on development roads in the county of Peterborough, Highways Minister George H. Doucett told a gathering of city and county officials on Thursday.

This includes $204,259 on the Buckhorn Road, the largest single project.

Mr. Doucett gave this information at a luncheon meeting on Thursday as the city county and Suburban Area Roads Commission united to try and convince him that the province should give some help on improving the Buckhorn Road.

Mr. Doucett credited the Hon. Harold Scott, minister without portfolio, with having obtained a large amount of money from the Department for roads in the Peterborough riding.

He quoted from a departmental memorandum showing that $487,756.85 had been spent on development road work that is now completed. And another $144,958.28 has been spent on projects still in progress.

(Under the development road scheme the Department take over a municipal road, spend money on improving it (grading, widening, removing bad curves, etc.), and then hand it back to the municipality to maintain.)

Here is a list of the completed development road projects: Buckhorn to Gannon's Narrows $59,266.40, Clarina to Nepheline Mine $92,380.51, Lakefield to Buckhorn (Buckhorn Road) $204,259.39, Hall's Glen to Clarina $61,277.31, Dummer Ninth Line $17,399.32, Buckhorn to Highway 36 $6,355.39, Cedar Lake Road $8,955.93, Clear Lake Road to McCracken's Landing $34,430.48, and the O'Reilly Road in Ennismore township $3,432.12.

Development road projects still in progress: Havelock to Lasswade $96,570.75, Chandos Lake Road $37,334.59, and Church Line in Cavendish township $11,052.94.

The cost of these completed and incomplete projects was $632,715.13. If engineering costs and other miscellaneous items are added it will bring the total expenditure up to about $700,000 since 1946.

Council Awaits Two Reports

Nearing the end of its administration, city council of 1952 is meeting in regular session next Monday night. One or two additional meetings, of which one is scheduled in the fortnightly series, will wind up Mayor H. F. Waddell's first term.

Two outstanding items of business remain. One is the annexation of Smith township property bylaw that has been referred to the Ontario Municipal Board and the other is an arbitration board's report on the fire department salaries for 1952. However, neither of these reports has as yet been received by the city. Time is getting short, especially with the annexation question. Here the Smith township school board which operates the Queen Elizabeth School has only levied for expenditures up until December 31 and should annexation not go through some adjustment will have to be made and extra levies planned for next year.

Library Circulation Continues To Climb

Circulation at the Peterborough Public Library continued its steady increase trend during November. This marked trend started in 1940 and has been consistent for the past 12 years.

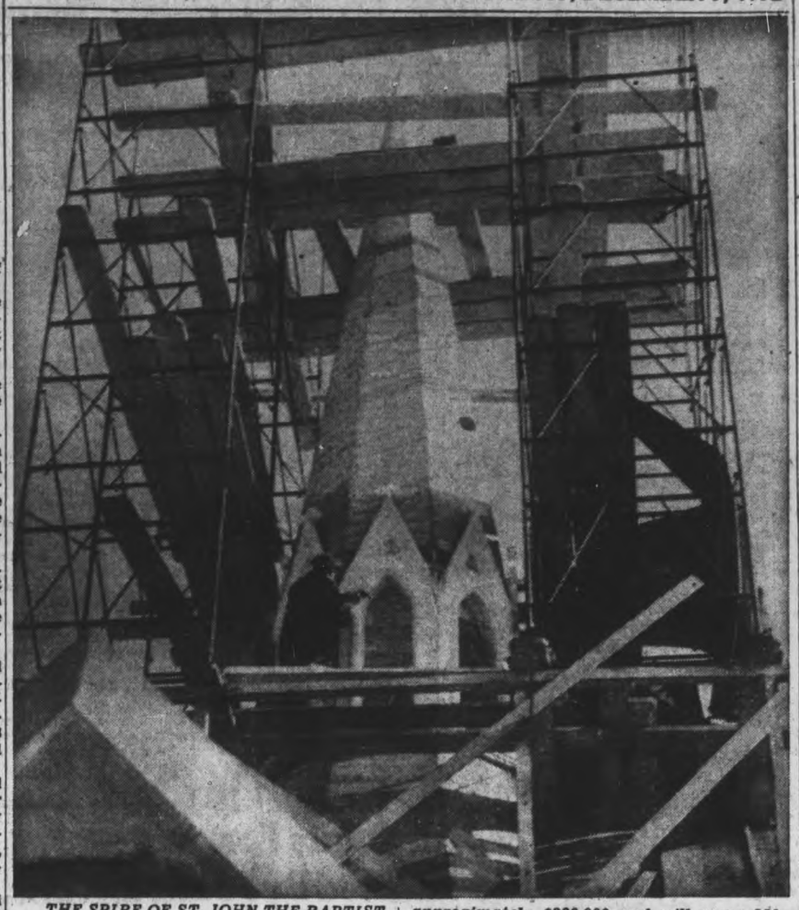
Librarian William Graff in his report at the library board of directors meeting Thursday night said that there had been an increase of 823 in circulation during November as compared to the same month last year.

The total circulation during the month was 23,700. In November, 1951, it was 22,877.

The total circulation to date this year is 232,597 as compared to 204,431 for the same period in 1951—an increase of 28,166.

Eleven organizations and groups used the auditorium during the month and 11 the committee room.

The record circulation during November totalled 2,077.



THE SPIRE OF ST. JOHN THE BAPTIST Church on Wilson Ave., is being readied for copper sheathing. The sandstone limestone-faced building, started in mid-May, may be finished by early spring. It will cost approximately $280,000 and will serve 350 Roman Catholic families in the south end. The rectory is being built by voluntary labor of male parishioners. The parish priest is the Rev. Dr. F. M. Grant.—(Examiner Staff Photo)

Faith Has Place In Healing But Medicine Needed-Clergy

The clergy of Peterborough today reacted to the present furore over faith healing in this way: They felt that faith has its place in healing, but that it and medicine must supplement each other.

Archdeacon W. P. Robertson of St. John's Anglican Church declared he had "no sympathy with these fanatics" but added that he had witnessed the tremendous power of faith in surgical and medical treatment.

All healing was from God, he said, but not all healing was accomplished by faith.

The Rev. Ivan Morgan of Murray St. Baptist Church agreed that faith does play an important part in healing. "My own thought," he said, "is that the skill of doctors is one of God's great gifts to man.

"I don't think there's any doctor who would say faith had no part in healing or any minister who would say medicine played no part."

A minister's job in healing, said Mr. Morgan, was to work with the doctor.

The Rev. C. G. Boyd of St. Paul's Presbyterian Church remarked that:

SOMETIMES CONFUSED

"Sometimes faith is confused with an emotional upset which has little or nothing to do with God. It puts confidence in itself. This faith which is centred in one's own ability or feeling is impotent to accomplish anything.

"The healer is not our faith or anything else that belongs to us—it is God.

"We must not tempt God in expecting Him to help us if we deny common sense or His provision through medical science. God always makes use of some human means or agency. His word still becomes flesh; it is folly to deny the latter.

"It is worse folly to deny the power of his ever-effective, ever-available Word.

"Ministers and doctors know very well that many patients are made better through their faith in God. Let no one think that he can call on faith in God simply to make use of it as a medicine or a commodity. Faith is a much bigger thing than that. Where there is faith, being healed is not the most important thing."

"I think the United Church's stand on faith healing is well-known," said the Rev. Heuston D. McCormack of St. James' United Church. "This incident is deplorable, certainly not in accord with the best Christian proceedings."

Two IOOF Lodges Move Into New Hall

Peterborough's two IOOF lodges have moved into new quarters, the former Pentecostal Church on the east side of Water St. near Simcoe St.

It is almost 69 years to the day since the senior Lodge, Otonabee No. 13 moved into the hall on the second floor of the Braund building, at the southwest corner of Hunter and George Sts.

Otonabee Lodge was first founded in 1846, but lasted only two years, remaining dormant until 1883. W. H. Cluxton was Noble Grand of the '83 lodge, and he had been secretary of the original lodge in 1846. Other officers of the '46 lodge were: G. B. Hall, noble grand; Charles Perry, v.g.; William Cluxton, secretary, and Harry Easton, treasurer.

BEGAN IN 1873

Peterborough Lodge 111 was instituted in 1873 in the old city buildings. Later they moved to the hall over the then Toronto Savings and Loan office on George St. The Labor Hall was used until shortly after the turn of the century, when the two lodges began using the hall at George and Hunter Sts.

Officers of the Peterborough Lodge in 1919 were: Jun. Past Grand Walter Hooper, Noble Grand H. Carter, V.N.G. C. Chapman, Recording Secretary J. M. White, General Secretary W. J. Green, Treasurer W. Madill and Chaplain R. N. Jones.

Otonabee Lodge No. 13 was organized in the court house in 1846. DDGM Murney and Belleville brethren came to the hamlet of Peterborough and instituted the lodge, which then had a membership of eight.

First quarters of the Otonabee lodge were in the home which has since become the Masonic Temple, opposite St. Peter's Cathedral.

The new hall, says trustee board secretary Frank Merett, will give the Oddfellows a place of their own.

Recommend Permit For Service Station

Application of Shell Oil Co. for permission to build a service station at the southwest corner of Parkhill Road and Water Streets was approved by the board of works Monday in a recommendation to the city council. The motion by Ald. H. S. Longhurst was seconded by Mayor Waddell.

This property has been the business location of Percy J. Harrison for the last 19 years.

Exhibition Men Made Directors Of Spring Show

Two directors of the Peterborough Exhibition Board were elected Thursday night to the directorship of the Central Ontario Spring Show. Nine counties are represented in the spring show which will be held in Peterborough, on March 17-20.

The two Peterborough Exhibition Board representatives will be President Norman McConkey and Don Milburn.

It was announced last year — the first year of the fair—that if it was a success it would be held annually in Peterborough. The fair was a success so plans are under way for the second one.

SEED GRAINS

The emphasis is on displaying seed grains. But there will be exhibits of farm machinery and other sales displays of interest to farmers. There will also be agricultural lectures by expert speakers and panel discussions. And there will be an entertainment program.

Three buildings—the drill hall, manufacturers' and horticultural buildings—will be occupied by the four-day fair, one of the largest in Ontario.

ANNUAL EX. BD. MEETING

The annual meeting of the Peterborough Exhibition Board will be Friday, January 16, it was decided Thursday night at a directors' meeting. If possible, the meeting will be held in the City Hall. Don Milburn presided on Thursday night as President Norman McConkey was absent.

District Roads Commission To Get Help From Province To Maintain Buckhorn Road

May Be Able To Pave Part of Road Causeway At Gannon's Narrows Stalled By Lack of Federal Aid For Bridge

Some relief for the financially hard-pressed Suburban Area Roads Commission was promised Thursday by Highways Minister George H. Doucett. As a result the Commission may be able to spend some its funds on paving part of the Buckhorn Road. The Department of Highways will likely take over the grading of a section of the Commission's 72 miles of county roads. This will be done under the development road scheme of the department whereby the improvement is financed by the Department and the road is then handed back to the municipality.

In 1952 the Commission had an appropriation of $80,000 covering the cost of maintenance, construction and overhead on their road system. They look after roads that are main arteries leading from villages or built-up areas to the City of Peterborough.

(They are financed 25 per cent by the city, 25 per cent by the county, and 50 per cent by the Department of Highways.

(Jack Kean, county engineer and road superintendent, has pointed out that they maintain more mileage of roads than any other suburban area roads commission with the exception of two: one linking the County of York to Toronto, and the other linking the rural districts to Ottawa.)

STRONG CRITICISM

This summer the Commission—as well as county and city officials—were strongly criticized for the condition of the Buckhorn road—a 12½ mile stretch that leads from Highway 28, just south of Lakefield, to Buckhorn. Tourists and local residents who travelled the road complained that it was studded with pot holes and thick clouds of dust made it dangerous for driving.

Highways Minister Doucett made a special trip to Peterborough Thursday and, at a noon luncheon with city and county officials and members of the Suburban Area Roads Commission, he discussed specifically the Buckhorn road, the Gannon's Narrows project, and suburban area road problems in general.

Mr. Doucett said bluntly that the Department have no intention of going into the paving business. So the Commission could expect no relief in that way.

However Mr. Doucett offered to take over a section of the present roads system for grading. And this would bring some financial relief.

The Minister had high praise for the co-operation between the city and county in keeping up the road system; and he dropped a hint that other cities in the province that weren't pulling their weight may force the Ontario Government to amend the Highway Improvements Act.

"This is one county and city that co-operate on the county road system," he said. "I think in the days ahead we will have to make some changes in the setup for suburban area roads."

NOW A RELIC

Original legislation setting up the county roads system is now a relic of the "horse and buggy days," he said. And he intimated if some cities did not give more help in keeping up the suburban area roads the situation would have to be remedied by legislation.

Mr. Doucett did not elaborate.

Reeve Gordon Fitzgerald, of Smith township, said that he lives by the Buckhorn Road and knows that it has heavy traffic in the summer . He described it as a connecting link between Highways 28 and 36. And Mr. Fitzgerald pointed out that, because of the load limits on the bridges at Young's Point and Burleigh Falls, heavy trucks use it.

On the Gannon's Narrows project Mr. Doucett could offer no immediate assistance. It has become stalled on the federal level.

"I agree (the floating bridge) . . . has served its purpose and had its day," he said.

The Minister said that he had promised some money-help and the promise still holds good But it is up to the county to decide what is "best and most economical and put it up to the engineers."

(The proposed causeway would link Harvey and Ennismore townships, the same as Ennismore and Smith are linked at Chemong Lake. The snag is that the Department of Transport prefers an overhead bridge rather than a causeway. This would eliminate them having to put in a swing span and pay a man to look after it.

(The Department of Transport offered $99,000 toward the project but county officials feel that this would not be sufficient help if an overhead bridge is to be built. Members of the county council are still negotiating with Senator William Fraser to try to get some action.)

"Well, I haven't much weight in Ottawa," said Mr. Doucett goodhumoredly, "but I feel they owe something. There is a responsibility there, belonging to the government . . . If they are going to tell you what they want in the way of construction they should contribute something to it."

Present at the informal luncheon were Mr. Doucett; Peter Higgins, executive assistant to the chief engineer, Municipal Road Branch of the Department of Highways; Warden Dick Stewart; Mayor Hugh Waddell; the Hon. Harold R. Scott; and Reeve Fitzgerald, Charles Flynn, waterman, and Humphries, and Mrs. J. A. Spurway, county clerk. Also Aldermen James Gillespie and Syd Black; Floyd Curtis and J. A. Middleton of the Suburban Area Roads Commission; City Engineer Chalmers; County Engineer Jack Kean; and District Engineer Ewart Marston.

County Farm Notes

By HARRY THEOBALD

Norwood Fair Promoted to Class B . . . Ranks With Kingston, Belleville and Markham . . . Annual Meeting of Peterborough Plowmen Dec. 10 . . . Crop Improvement Association Dec. 11 . . . Two More Forums Organized.

Norwood Fair has been advanced to class "B" rating, as announced to its board of directors in a letter last week from the federal Department of Agriculture. Its associates in the Central Ontario region are: Kingston, Belleville and Markham.

The official information was received from E. F. Pineau, associate chief of the livestock production branch (fairs, exhibitions and junior clubs). His letter to the president, G. A. Brethen, was: "I am pleased to advise you that authority has been received to classify Norwood Fair as a class "B" fair, effective with the 1953-54 fiscal year."

FAIR BOARD'S THANKS

"Naturally, our directors are happy about this recognition and promotion," Mr. Brethen commented Thursday to The Examiner, "and we know the news will be received with pleasure by everyone who in any way contributed to this worthwhile achievement.

"This is a good time to thank the public for the co-operation they have given us. We also wish to acknowledge the encouragement we have received from the Ontario Department of Agriculture, and the federal department."

To qualify for recognition in class "B", according to the rules agreed upon in Nov., 1945, by the Canadian Association of Fairs and Exhibitions, a fair which has not in the past had such recognition must be recommended by the provincial Department of Agriculture.

It must be able to show that, in the three years prior to the year in which its application is made, the prize money annually distributed by it in classes of livestock, poultry, grain, vegetables, fruits, dairy products and honey, averaged not less than $3,000.

"In other words, financial grants for class A or class B rating is not based on the size of the fair's gate receipts, or upon the amount spent in entertainment features, but is considered by both provincial and federal Departments of Agriculture solely by such fair's contribution to agriculture in the district which it serves," Mr. Brethen said.

PROMPT RECOGNITION

"By these standards, Norwood Fair had no difficulty in getting the required recommendation from the provincial department, as Mr. Lashley, the present superintendent of Ontario Agricultural Societies, in a letter dated Nov. 4, 1952, said: 'I will be pleased to support Norwood Fair's application for a class 'B' rating,' when he was asked for an opinion by Mr. E. F. Pineau of Ottawa.

"And, John A. Carroll, former superintendent, earlier in a bulletin, sent out to all Ontario fairs, expressed it this way: 'Norwood beaver oat project is the highlight of the Ontario fair season; in other words, Norwood is doing those things an agricultural society is organized to do.'

HANDICAPS OVERCOME

Since its re-organization after the war, with its two main buildings gone, and but $112.50 in the treasury, the Norwood Fair has found itself badly handicapped by lack of building accommodation and capital.

"With our present higher grading," Mr. Brethen continued, "and with more substantial grants available from both the federal and provincial departments for capital expenditure on both buildings and grounds, the local society is planning an essential building program for 1953 that should remove the discomforts and inconveniences of the past.

"This improved assistance should provide the necessary livestock accommodation, satisfactory seating arrangement, and a new main building with ample floor space for all regular and commercial exhibits, for a bigger and better Norwood Fair, and be available for all community activities throughout the year."

ENTERPRISING SOCIETY

Peterborough County and district will wish to congratulate Norwood Agricultural Society on achieving their objective of class "B" rating. The enterprise of the directors under the [illegible] and ambitious leadership of G. A. Brethen has carried [illegible] ter in a few years. Their proj[illegible] promoting quality seed [illegible] ine and in improving [illegible] of farms takes them out [illegible] and above the class of agricultural societies that are content with an annual fair and not much else between times.

The board now faces the problem of improving their grounds and exhibition plant. In that prospect they have enlisted a large following of exhibitors and attending public, they have caught the approving attention of the provincial and federal governments, and it may be that they will extend their show from a two to a three-day fair. Especially they have demonstrated what can be accomplished with thought and energy and joint effort.

With a fine flourish of sincere and industrious application they have raised the reputation of Norwood's Fair to a higher level than ever.

At Kawartha Club

A meeting of Zone 4, Ontario Conservation Association, has been arranged for Thursday December 18 beginning at 10 a.m. at the Kawartha Club. The zone comprises the counties from Frontenac to Prince Edward, including Peterborough and Victoria. Ed Youngman of Pontypool is president.

W. H. Porter of London, Ont., his promised to attend. Farmers generally are aware of his long association with conservation projects and groups. Peterborough people interested in this work are invited. There will be lunch at the club, and probably an afternoon session.

+ + +

Hold British Market

"Denmark beats Canada for the British market in bacon, cheese and eggs because the maintenance of this market is vital to the whole economy of the country", Professor George E. Raithby of the Ontario Agricultural College, Guelph, told members of the Welland County Holstein Breeders' Club at their annual dinner held Nov. 26 at Thorold. "Although only twenty-five per cent. of Denmark's population is engaged in agriculture, yet every Dane realizes that the maintenance of export markets for agricultural products is a sink or swim proposition for the entire country since they furnish the foreign exchange to purchase the raw materials for her manufacturing industry in which Denmark herself is deficient. The British bacon, eggs and cheese market is considered by the average Canadian to be only another phase of our economy and consequently efforts to secure this market do not receive the same all out support as it does in Denmark. This, I believe, is the basic reason why the Danes are able to capture these British markets.'"
